The crowd yesterday was one of the scrappiest and noisiest aggregations seen here in a long time. It reminded one of Christmas. Quite a number of the crowd had quite much of the politicians' booze, and personal difficulties were not infrequent.

Ohio Democrats Want Local Option

Columbus, Aug. 21.—County local option has the center of the stage, preliminary to the meeting of the Democratic state convention tonight, and the prospects seem to be very good for a fight on the convention over the subject. The decision will probably rest with county delegates, who began to appear today, and their position is unknown.

## Negro Was Saved By Appeal of The Mayor.

Tampa, Fla., Aug. 20.—Will Lawrence, a negro 22 years old, was brought here tonight by Marshal Logan of Lakeland and placed in Hillsborough county jail for safe keeping, it being feared that he would be lynched by a mob at Lakeland.

Lawrence is accused of attempting to assault a 13-year-old daughter of the Section Foreman Davis of the Atlantic Coast Line near her home, one mile from Lakeland, this afternoon.

When the negro advanced upon the girl she screamed and he ran. A posse caught him shortly afterwards and the girl identified him. A crowd of 100 men gathered and took the negro away from the officers, but Mayor Cox of Lakeland, and appealed to the mob to let the law take its course. The negro was then delivered to the officers and placed in Lakeland jail. Later, it being reported that an effort would be made to lynch him tonight, he was spirited to the depot and put aboard the Coast Line train for Tampa, but a number of men assembled upon learning that the prisoner was being taken away and trouble was threatened at the depot. This was avoided and the negro was brought safely to Tampa.

May Contest Clerk's Race.

We are informed that it is very probable that there will be a new contest demanded on the clerk's race. Mr. R. F. Lester is a winner on the face of the returns by a plurality of 9 votes over Mr. A. E. Temple. It is reported that friends of Mr. Temple claim that there was a mistake in the returns from the 46th district, in which Lester is given ten votes more than he was entitled to. If this should prove true and a recount be made it would give the nomination to Temple on a plurality of one vote. Just what will be done remains to be seen.

Ohio Democrats

Indorse Bryan.

Columbus, O., Aug. 22.—The Ohio Democratic convention adjourned early this afternoon. The efforts of A. L. Finley and others to force into the platform a county local option plank met with defeat on the floor of the convention by a two-thirds vote. The platform favors local home rule, more railroad and franchise taxes, no passes, the referendum, condemn bonds, bosses and machines, urges a bank inspection law, praises the late Governor Pattison, declares state levy should be abolished, direct vote for United States senators and indorse Bryan for president.

State Chairman Garber and his friends remain in control of the party machinery having defeated Tom L. Johnson for control.

## Cotton Crop Outlook In Bulloch County.

The outlook for the cotton crop in this county is far from bright. The season has just opened and, of course, nothing definite can be predicted as to prices later on, but at the present they are by no means satisfactory.

A conservative estimate places the crop in Bulloch county at one-half. The local crop, of course, can affect prices but little.

From Texas comes the report that the crop is unusually large, and this news no doubt tends to keep prices down.

The people here planted more cotton than usual, but even with this increase in acreage the crop is about half what it is most years. Two heavy rains in June and July ruined the crop. It is ailing badly, and by the last of September the crop will have been marketed. Up to date about twenty or thirty bales have been sold in the local market. Only one bale of sea island is included in this number.

Quick Trial For Negro Friend

Gainesville, Ga., Aug. 22.—Speedy justice by hanging await Bob Moore, a negro, who criminally assaulted the little daughter of J. C. Hood in Nacooches Valley, injuring the child dreadfully. The crime was committed last Friday.

The fiend was caught Saturday and brought to Gainesville for safe keeping Sunday. He was returned to Cleveland yesterday and found guilty in quick order. He was sentenced to be hanged.

Lynching is avoided, as the enraged citizens will wait patiently till the negro is executed September 10.

Heat Killed Scavenger

Chicago, Aug. 22.—Seven people are dead and twenty prostrated as a result of the intense humidity is the record for the 24 hours ending at 2 a. m. today. The thermometer only reached 91 yesterday, but the humidity stood at 83 for the day, and was the chief cause for the suffering and discomfort. Thousands sought relief from the intense heat at the various lake beaches and swimming pools in the city, and the police estimate that 25,000 people bathed by electric light last night.

There is no end to the extortion of the coal trust and the price has been regularly raised ten cent a ton, each month since Spring and yet the Administration has made no serious effort to punish the trust magnates, who in combination with the railroads are plundering the people.

Stomach Troubles and Constipation

## Boll Weevil in Texas

Houston, Texas, August 20.—In central Texas the chief matter of moment is the boll weevil damage which is becoming heavier than had been anticipated. There are also more boll worms than are reported in any other section of the state.

The lack of pickers is also worrying the farmers to some extent. In north Texas the crop has done only moderately well during the week due to the continued showers. Boll weevil reports from that section are not so numerous nor yet so full of damage as those from more southern points, but neither is the crop so far advanced and the possibility of damage is much greater.

In eastern Texas the weevil and the worm are both working, but the crop is doing as well as had been anticipated and picking is now well started.

## THREE WOMEN ARE DROWNED.

Griffin, Ga., Aug. 25.—Three young and beautiful women were drowned this afternoon while bathing in a small branch in the northern suburbs of Griffin, and their tragic death has shocked the entire community. Those meeting their untimely death were Mrs. A. R. Spangler, a bride of a few months, aged 15 years; Miss Bessie Hancock, aged 16, and Miss Pearl Ramsey of Columbus, Ga., aged 18. The only eyewitness to the affair was a 4-year-old sister of Miss Hancock, and the little tot is so badly frightened that she can give only very meagre particulars.

About 2 o'clock in the afternoon Mrs. Spangler called at the Hancock home and asked Miss Hancock and her guest Miss Ramsey to accompany her to the branch only a few hundred yards distant, to get white clay. The girls readily consented and set off in the biggest glee, with nothing to mar their happiness and no premonition of the horrible death awaiting them. Reaching the branch, they found in a secluded spot a pool about twelve feet wide and twenty feet long and some one suggested a bath. They disrobed and a negro woman working in a field near by saw Mrs. Spangler jump from the bank into the water, several feet below, and in a few moments the young ladies followed, and soon the woman's attention was attracted by the cries of Miss Hancock, who screamed that her sister was drowning. The woman ran to the rescue, but nothing was seen but the placid surface of the pool. The terrified child ran home, giving the alarm in that direction, while the negro woman summoned help near by. Mr. Telfair Thurman was the first white person on the scene and without a moment's delay plunged into the pool at a depth of ten feet and recovered the three bodies. Physicians were in attendance, but the young women were past human help and the lifeless forms were placed on stretchers and carried to the public road, where they were met by the undertaker's wagons. The body of Mrs. Spangler was carried to her home on Chappell street and the two other bodies were carried to the home of Miss Hancock on Broad street, where loving father and mother are crushed beneath their heart-breaking sorrow. Miss Ramsey's parents in Columbus were immediately notified and her remains will be forwarded to that city tomorrow. The other victims will be buried here tomorrow.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sun will melt by and by and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept on hand, as immediate treatment is necessary, and delay may prove fatal. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by all druggists.

Unnecessary Expense.

Acute attack of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's services in such cases. Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by all druggists.

### BRANNEN MUST WIN.

While it is true that the congressional convention which meets here on Thursday is tied when it comes to delegates, be it remembered that a very large majority of the voters of these twelve counties have cast their vote for Mr. Brannen and, according to democratic usage, he is the man who has won. The convention is tied on a technicality. Mr. Brannen has a clear majority of 1500 in the district and will, in all probability, be the nominee.

The total vote of the district is not before us, but it is approximately 12,500 votes. Of this number Mr. Brannen received at least 7000 to 8000, or nearly two-thirds. It would therefore be unfair for the majority to go over to the minority. This, we presume, will be the view of the majority of the delegates will take of the matter, and after a few complimentary ballots for Mr. Sheppard we expect to see his delegation make the nomination of Mr. Brannen unanimous.

When it was known that the convention was to be a tie by counties some one asked Mr. Brannen if there should be a tie in the convention what would be his policy. He replied that he would want to see what the popular vote was; if it turned out that Mr. Sheppard had been a choice of a majority of the sovereign voters of the twelve counties making up the First district, he would ask his friends to give to Mr. Sheppard, inasmuch as he believed in the majority rule. He himself would not accept the nomination with a majority of the votes cast for another man.

We presume that this will be the view that Mr. Sheppard will take of the situation, though we have heard nothing from him.

The convention meets here on Thursday. The delegates from Bulloch have been chosen and are as follows:

R. Lee Moore, J. R. Miller alternate.

R. Simmons, Remer Proctor alternate.

A. M. Deal, G. S. Johnston alternate.

J. G. Blitch, S. L. Moore alternate.

The convention meets in the superior court room and will be called together by Col. E. P. Miller, of Liberty, who is the present chairman of the Congressional Executive committee.

Just how the different factions are going to agree on permanent and temporary officers of the convention is hard to foresee, as they are tied in every respect.

We believe that those matters will be arranged and that there will be little or no hitch along this line.

The city will entertain the convention. It was invited here some time ago and the invitation was unanimously accepted. The headquarters of the delegation will be at the Jaekel, where arrangements have been made for their entertainment. Statesboro is large enough and broad enough to entertain this convention in her recognized style, whether they nominate Mr. Brannen or not. There will be no differences shown between the delegates as far as the hospitality of our citizens are concerned. Statesboro has got into the habit of making folks feel glad that they had been with us, and we are going to live up to it this time. The convention may draw out to more than one day, or it may accomplish its work on Thursday, this no one can tell. In the meantime the Jaekel ho-

tel will be the Kimball of the First congressional district. From all indications the politicians of the district will be here in force, and there will be something doing.

### Dark Horses Being Groomed.

We can already hear the neighing of the dark horses that are tied out just in the edge of the stall timbers.

Since it is known that there is a tie in the congressional convention there have appeared on the scene the entries of a number of gentlemen who are willing for congressional lightning to strike them. Among these are Col. J. Randolph Anderson of Savannah, Col. T. S. Morgan of Savannah, and Judge J. W. Overstreet of Savannah; and something has also been said about Col. Bill Davis of Burke.

These gentlemen, some of whom have been here to say that if it should be necessary to break away from either of the gentlemen whose names have been balloted for they are willing to serve the "dark people" of the First district.

We observe by the Morning News of Sunday that there seem to be more interest in Chatham in the dark horse proposition than there is in Laurens. The man they have cast their ballots for it seems that there is a clash over the appointment of the delegates. The friends of certain possibilities have interfered with Mr. Sheppard in the selection of his delegates, and the list named by him have been turned down. A meeting was held yesterday to straighten the matter out. Just what they did we are unable to say, but it is clear that Savannah has given up hope of Sheppard and is now engaged in grooming another man; in fact the acting chairman of the executive committee practically said as much.

Mr. Brannen has no such troubles; the men who voted for him did it because they wanted him, not for the purpose of dead locking a convention so that a dark horse could win. They are going to stand by him to the bitter end. They will know no name save that of J. A. Brannen in that convention. The majority of the voters have registered their choice and they are going to see that their votes are respected and not traded off to a man who has not even gone to the trouble to go before them and ask for them. If the popular vote was tied or any way near it, as the delegates are, then it would be the duty of the delegates to choose between Brannen and Sheppard on equal terms—throw heads and tails, or draw straws, if necessary—but in this case a large majority—nearly two-thirds—of the popular vote is on one side, and it would be unfair to put on the district a man who had received a minority, and sacrifice a man who received nearly two-thirds of the popular vote. It would also be unfair to put on a man who had not received a single vote. How do we know who the voters want, except by their votes. They have said by a large majority they want Mr. Brannen and his friends are going to see that their wishes are adhered to.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockton, Pastor of the first M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

### The Nomination of Mr. Smith.

In our republican country there is but one king, but one czar: the ballot box. It is all powerful, and through it the voter speaks his convictions.

The ballot is the expression of a man's civic conscience.

The people of Georgia have spoken. They gave their verdict Wednesday. We do not believe that the great masses of the commonwealth of Georgia are entirely wrong. The state of Georgia is wiser than any one man in it. We shall not put ourselves against the honest manhood of Georgia. They said then that they wanted Hoke Smith for governor. We accept their decision with good grace.

This is an age of reforms and revolutions. Evolution, which accomplishes its ends, but in a different way, what revolution accomplishes in weeks, is forcing itself upon us. Accept it or reject it, still it goes on. We are living in a period of stress and change. A restless spirit, full of forebodings, is with us. Let a man cry reform and people by the thousands will flock to his standard. That corruption in politics exists we have no doubt. It was only a few months ago that Governor Folk had the moral courage to stand up against the swindlers and bosses of St. Louis and by a magnificent fight purified the politics of Missouri. The same thing happened in Philadelphia and in Delaware, where one strong man broke up machine politics.

On a platform of reform La Follette was elected governor of Wisconsin.

That Hoke Smith is an able man cannot be gainsaid, but his platform was stronger than he. A brilliant man of magnetic personality is Hoke Smith, and the best campaigner Georgia has seen in a long time. He is one of the strongest men in public life today.

The people of Georgia hate the negro with all the deep, inborn hatred of the purest branch of the Anglo-Saxon race. He has been and is a thorn in our side, a hindrance to prosperity and a menace to our institutions. He has outraged our women, but in doing so has met the fate that men of honor give to brutes who dare stain the womanhood of the south. The people of Georgia want to eliminate the negro from politics. They want to eliminate him from our civilization. To accomplish this they will go to any length and take any risk.

Now, take the matter of railway rates. The railroads have it in for the people and the people know it. The people demand better freight rates, better service and less risk of life from railroad accidents.

These are the things in Mr. Smith's platform that won for him the nomination as governor. Let us hope that he is sincere and that he can do all that he claims. The eyes of the people are upon him. They expect much from the man who made the most sensational campaign ever seen in Georgia.

Can he do all that he claims he can? Let us hope so. Time will tell.

Can he do all that he claims he can? Let us hope so. Time will tell.

Rheumatism Can be Cured by Plant Juice," Says a Druggist

A prominent citizen of Statesboro was asked what he considered the best remedy for rheumatism. He replied: "Dillingham's Plant Juice has proven itself to be the most reliable and perfect cure for rheumatism ever put before the public, and has given the most entire satisfaction of any remedy I have ever sold. The demand for Dillingham's remedies has proven their popularity."

Rheumatism, as has recently been ascertained, is due to the poisonous matter in the blood. The only way to cure the disease is to get rid of the blood impurities, and the only way to do that positively, efficiently and permanently is to take Dillingham's Plant Juice, that true, tried old remedy. Thousands of people who were chronic sufferers from rheumatism have found in this medicine an immediate help and permanent cure.

Don't trifle with a painful and dangerous disease like rheumatism; get it out of your system in the only scientific manner—cleanse the blood and the disease will go. Neuralgia is a shock but rheumatism is a goon. Dillingham's Plant Juice puts laughter in the place of the one and exclamations of joy in the place of the other.

Rheumatism, according to recent investigation is caused by excess of uric acid in the blood. This acid attacks the fibrous tissues, particularly in the joints, and causes the manifestations of the disease—pains and aches in the back and shoulders and in the joints at the knee, ankles, hips and wrists.

Thousands of people have been positively and permanently cured by Dillingham's Plant Juice. The medicine neutralizes the acidity of the blood and also builds up the whole body.

The prevalence of this distressing complaint is indeed wonderful. What an army it would make in large towns one could muster all the rheumatics together! What a display of stiff joints and swollen limbs and obdurate muscles, of limp and unsteady steps, and painful movements!

What a vast amount of wealth is lost every year to the world through the incapacities produced by rheumatism! The great number of useful men and women who are prevented from contributing to the world's riches through mental and physical labor by the bondage of rheumatism is astonishing. But it is even more astounding when an almost complete specific lies at their very doors—the infallible anti-rheumatic remedy, Dillingham's Plant Juice—Sold by Simmons Co., Statesboro Ga.

**Uncle Sam as a Lover.**  
Secretary Root continues his  
oratorical exercises in South  
America and in order to hold rank  
among the exquisites of that class  
he very astutely varies his theme.  
Versatility is an essential to the  
orator as well as the politician and  
as a matter of course Elihu Root  
is ardently impressed with the  
truth of the fact. It is well  
known that he has an eye single  
to a certain object in his present  
visit, the strengthening of Uncle  
Sam in the affections of the  
swarthy residents of the environ-  
ments of the topics, but he quite  
deftly aims at his accomplish-  
ment by ways various and by  
means oblique.  
Speaking the other day at Bu-  
enos Aires, the charming capital of  
Argentina, the able secretary  
assured his auditory that the  
love of Uncle Sam bore the  
Argentinians is somewhat  
akin to that which surpasseth all  
understanding. He depicted  
Uncle Sam as wilting away whose  
heart-strings were swollen with  
the burden of his affection for his  
dulcinea. The venerable aspect  
of our national personification is  
at last changed from one of keen  
calculation and shrewd foresight  
to one of ecstatic reverie and  
glowing emotion which finds ex-  
pression in the soft ejaculations,  
"O mia amorata!"  
Our cartoonists must now get to  
work on a new wardrobe. Uncle  
Sam must be decked out in the  
togs of a swell bent on havoc  
among the senoritas.—Augusta  
Herald.

**Horrible Murder**  
In North Carolina.  
Charlotte, N. C. July 14.—  
Lylerly, his wife, daughter and  
son, were murdered in their home,  
one mile east of Barbers Junction,  
between 3 and 4 o'clock this  
morning by unknown parties,  
who afterward robbed the house  
and then set fire to the bed on  
which Mr. and Mrs. Lylerly were  
killed.  
The two older daughters, who  
were awoken and rushed down  
just in time to extinguish the  
flames and to save the home from  
destruction.  
It is thought the robbers killed  
their victims with clubs.  
Lylerly was a wealthy merchant  
and a farmer and the family is  
recognized as one of the best in  
that section.  
As soon as the news of the  
murder and robbery were received  
by Deputy Sheriff Hutchins went  
to the scene with bloodhounds.  
A later report received says  
that two negroes were arrested.  
One is quoted as saying that a few  
days ago after him to cut his  
wheat, "that the old man may  
out his grain, but he'll never live  
to eat it."  
Governor Glenn received a mes-  
sage from Barbers Junction ap-  
pealing to him for help. There  
were no bloodhounds to be sent  
from the penitentiary. The  
governor issued a proclamation  
offering a reward of \$500 for the  
arrest of the murderers.

afforded them to purchase tickets  
but who have neglected to avail them-  
selves of such privilege, from

**People's Party will Not Meet**  
The convention of Georgia  
populists, which was to have been  
held in Atlanta on Tuesday next  
August 28, for the purpose of  
considering the matter of putting  
out a state ticket, has practically  
been called off.  
While Chairman J. J. Holloway  
is not officially called off the  
convention, Secretary J. E.  
Bodenhamer, of the populist ex-  
ecutive committee, has written to  
him requesting that he do so, ad-  
vising that under the present cir-  
cumstances it would be practical-  
ly a waste of time to hold the  
meeting.  
Speaking of the matter yester-  
day, Secretary Bodenhamer said:  
"In the light of the primary  
Wednesday and the overwhelming  
victory of Hoke Smith, I believe  
it would be a useless waste of  
time and energy for the populists  
to meet or attempt to place a  
ticket in the field.  
"As a matter of fact, a very  
large percentage of populists vot-  
ed for Mr. Smith, because his  
platform embraced the ideas for  
which we have been fighting for  
years. If he carries out his plat-  
form and pledges we will have no  
complaint.—Atlanta Constitution.

**Congressional Con-  
vention Now in Session.**  
The congressional convention is  
now on. In addition to the dele-  
gates who came on the afternoon  
trains Wednesday quite a number  
of delegates and visitors arrived  
this a. m. The delegates are  
here thirty-six strong, and quite a  
number of the alternates came  
along also, and in case any regu-  
lar delegate is incapacitated for  
duty the alternates are on hand to  
take place.  
The town is pretty well crowded  
with people who came in to see  
what was going on and to watch  
the proceedings. At the Jackson  
hotel, where the delegates are  
stopping, there is a scene of bustle  
and activity. The house is beau-  
tifully decorated with small  
United States flags, while from  
the top of the building a large  
flag can be seen flying to the  
breezes.  
The convention met in the  
court house and was called to or-  
der at 11:30 o'clock by Col. E. P.  
Miller, who was elected temporary  
chairman. Col. W. G. Warrell  
was elected secretary of the con-  
vention. A credential committee,  
consisting of M. A. O'Byrne and  
W. H. McClaus, for Sheppard,  
and E. K. Overstreet and R. Lee  
Moore, for Brannen, was appoint-  
ed by the chairman, after which  
the meeting adjourned till 1:30  
o'clock.  
At the afternoon session of the  
convention J. W. Overstreet was  
nominated for the short term,  
being presented by Col. Wm.  
Clifton. Short talks were then  
made by Gordon Saussey and E. K.  
Overstreet and then a committee  
of three was appointed to inform  
Judge Overstreet of his nomina-  
tion and to present him to the  
convention. This was done and  
he was presented to the con-  
vention by Col. Clifton, after  
which in a few well chosen words  
Judge Overstreet expressed his  
thanks to his friends for their  
support in the recent election.  
The temporary officers of the  
convention were then elected as  
permanent officers, and the work  
of nominating the candidates for  
the regular term was taken up.  
The vote stood Brannen 18,  
Sheppard 18. The convention  
adjourned until 8 o'clock this  
morning.

**The Vote for Governor.**  
Atlanta, Ga., Aug. 20.—The  
popular vote for Governor, which  
was completed by receipt of the  
last of the returns to-day, the  
Journal says, shows that Hoke  
Smith received 25,043 more votes  
than all of the other candidates  
combined.  
The total vote cast was 100,971  
of which Hoke Smith received  
94,497. Judge R. B. Russell re-  
ceived 25,290; Clark Howell, 21,  
720; J. H. Estill, 14,214, and  
James M. Smith, 8,244.

**Dead of His Wounds.**  
Macon, Aug. 29.—John New-

ing, and Joe Curtis, the man al-  
leged to have used the pistol, is  
lying in the city hospital.  
Curtis was taken from the  
operating table shortly after noon.  
Three-fourths of his skull has  
been removed and attending phy-  
sicians say there is no chance for  
his recovery.

**Suit against City Settled.**  
Sometime last year, while out  
driving Mr. and Mrs. D. C. Mone  
were thrown from the buggy and  
were hurled against a post stand-  
ing in the street, placed there by  
a contractor who was moving a  
house. The injuries seem to have  
been severe, and a heavy bill was  
incurred for the services of a  
physician. A suit for about four  
hundred dollars damage was filed  
against the city of Statesboro by  
Mr. Mone. Wednesday afternoon  
the city council met and took the  
matter under consideration and  
it was decided to settle the suit  
outside of court.  
The matter was amicably ar-  
ranged by the city of Statesboro  
agreeing to pay Mr. Mone the  
sum of two hundred dollars.

**Farmers Growing Rich.**  
Commenting on the statement  
that Col. "Jim" Smith, known as  
the "farmer candidate" in the  
recent campaign in Georgia, "is  
reputed to be one of the richest  
men in the whole south," the  
Charlotte News and Courier says:  
"The number of farmers grow-  
ing rich in South Carolina is  
greater than the number of per-  
sons in any other calling. Scat-  
tered throughout the state are  
cotton planters, who have for the  
last four or five years enjoyed  
princely incomes. We do not  
pretend to say that their incomes  
compare with those of a New York  
captain of industry, but they are  
so large that they would be re-  
spectable anywhere.  
"The time is not far distant  
when the wealthy planters will  
constitute a most influential class  
in the society and politics of South  
Carolina, just as they did before  
negro slavery ceased to exist."  
It so—and no doubt it will be  
so in all the Southern states—that  
will be a far better time than the  
era "before the war" with its  
planter aristocracy enriched by  
slave labor, one of the worst re-  
sults of which system was the  
deadly competition it put upon  
the artisan and laboring class of  
white men. It is true that the  
same classes of whites are still  
monopolized by the competition of  
negro labor, but the conditions  
are freer, and large employers are  
not responsible in the way that  
the slaveholders were.  
No one can rise and accuse the  
southern planter of our day, and  
no method of acquiring wealth is  
more honorable and legitimate  
than his. The charge of "tainted  
money," so often brought against  
captains of industry in other  
fields, cannot be laid at his door.

**Populists Fail to Meet.**  
No Populist convention was  
held in Atlanta Tuesday, and no  
Populist ticket will be placed in  
the field this year.  
At noon in the hall of repre-  
sentatives Chairman J. J. Holloway,  
Secretary J. E. Bodenhamer,  
Committeeman C. T. Parker, of  
the Fifth district, and six other  
Populists from the immediate vic-  
inity gathered, and after inform-  
ally discussing matters dispersed  
without calling the meeting to or-  
der. Chairman Holloway said:  
"I communicated with the state  
executive committee relative to  
calling the meeting off, but as the  
expressions for so doing were not  
unanimous I could do nothing  
more than let affairs take their  
course."  
"As has been well understood  
for some time we have no inten-  
tion of placing a ticket in the  
field. Fully 90 per cent of the  
Populists voted for Hoke Smith.  
They felt that he stood for many  
things we have advocated for  
years, and since we could not se-  
cure these reforms through our  
own party the bulk of the party  
felt that we must trust to get  
them through some one else. To  
a large measure Smith's adminis-  
tration will be on trial. If he se-  
cures the reforms advocated both  
by himself and by us, we will be  
satisfied."  
Chairman Holloway said that  
the party organization would be  
preserved, and that the present  
state executive committee would  
remain in force until another was  
named.—Atlanta Georgian.

**Taggart-Johnston.**  
Saturday afternoon, September  
8th, at 2 o'clock, Mr. G. I. Trig-  
gart, of Savannah, and Miss Mar-  
jorie Johnston, of Statesboro, will  
be married at the Methodist  
church in this city; Rev. G. G.  
N. MacDonald, assisted by Rev.  
Dr. John D. Jordan, of Savannah,  
officiating. The marriage, on ac-  
count of the prominence of the  
families, will be one of unusual  
interest.  
Why not have the best high  
school of the best town of the  
best county in Georgia? Are you  
interested? We can do it.

**up Sunday Excursion.**  
The reports from Savannah last  
Sunday were to the effect that the  
travel by way of the Sunday ex-  
cursion was less than half of what  
it had been on previous Sundays  
during the season. The cause as-  
signed for this is the Sunday clos-  
ing of the saloons. The average  
"hayseed" cares very little for a  
trip to the city on Sunday if,  
after he gets there, nothing is doing  
in the way of slaking his thirst.  
We hope that the Sunday laws  
will continue to be rigidly enforced  
in Savannah, and that the Sunday  
cheap excursion is now a thing of  
the past.

**Crazed By Fear**  
Mrs. Augusta Zeiter Unable to Stand Strain of  
Guarding Savings.  
**AFRAID OF BURGLARS**  
Had \$2,880 Concealed About Her Clothing and  
Constant Fear of Robbery Resulted  
in Mental Wreck.

Chicago, Ill.—Driven to a state border-  
ing on insanity by the fear of burglars,  
Mrs. Augusta Zeiter, 57 years old, of 1831  
North Ave., was taken to the city  
hospital in a demented condition.  
The sum of \$2,880 was found hidden in  
various parts of her clothing, which she  
defended with the zeal of a Mexican du-  
enna, fighting off hospital attendants who  
endeavored to relieve her of her wealth.  
Mrs. Zeiter began acting strangely  
several days ago. She believed that per-  
sons were pursuing her. Finally she be-  
came so violent that neighbors reported  
her condition to the police, and the un-  
fortunate woman was removed to the  
hospital.  
When received at the institution, Mrs.  
Zeiter refused to allow Miss Moraghan,  
the night matron, to search her. When  
Mrs. Zeiter, the day matron, came on  
watch, it was decided to place Mrs. Zeiter  
in hospital garb. As her clothes were re-  
moved the money was found. There was  
\$200 in gold. In a bundle was found  
\$2,100 in greenbacks. There was a note  
for \$100 and various papers believed to be  
of value.  
After being relieved of her money, Mrs.  
Zeiter called for her son, J. Zeiter. He  
was sent for and told the hospital au-  
thorities that his mother had complained  
of a fear of burglars for sometime past.  
He was not aware that his mother had so  
much wealth about her person.  
It is said that Mrs. Zeiter formerly  
kept her money in bank, where, knowing  
of its safety, it caused her no uneasiness  
of mind. But recently she had drawn the  
money for a business investment, and the  
responsibility of its safe-keeping preyed  
so heavily upon her mind as to result in  
mental collapse.

This ought to be a solemn warning to people  
who carry money concealed to their persons or  
in their homes. Beware, Oh, beware! Deposit  
your money in THE BANK OF METTER  
where it is insured and is safe.
