Mr. Jefferson Davis.

In the Southland, where she was known and loved, the death of the wife of the president of the Confederacy has caused deep and sincere grief. Another link that bound the past to the present has been broken. As far as the South is concerned Mrs. Jefferson Davis was the first lady of the land both by right of birth and by right of the position she held as the wife of the chief executive of the lost cause.

Mrs. Davis was a remarkable woman in many respects. Her life was an eventful one. She was born and reared in the South and her sympathies were naturally with the land of her birth. In the stormy days of the war, when brother was pitted against brother, she was a valuable assistant to her distinguished husband, sharing all the joys of victory and the humiliations of defeat. After the war she was arrested with him and she was largely through her that her husband's name was vindicated. She lived in the North for a number of years before her death, but she remained loyal to the South and its imperishable traditions until the end.

We regard Mrs. Davis as a type of a superior race that is now fast disappearing from the stage of action. The men of the 60's had the courage of their convictions and they fought to maintain their rights as men have never fought before and will probably never fight again. The matchless heroism and bravery of the men of the South in that great struggle finds a parallel only in the splendid sacrifice of the women of the South. But the old days are passing and a new but weaker civilization is taking the place of the old.

As the wife of the first and last president of the Confederacy, and as the mother of Miss Winnie Davis, "The Daughter of the Confederacy," and through her own pure and lovable character Mrs. Jefferson Davis will always hold a warm place in the heart of the South.

Georgia, Bulloch County. Notice is hereby given that the undersigned, as guardian for Mrs. E. E. Overstreet, after four weeks' notice, intends to apply to the Judge of Tattnall county to sell, at public outcry, on the 10th day of November, next, for an order to sell, at private sale, all that tract or parcel of land situated lying and being in the state aforesaid, and in the county of Bulloch, and bounded as follows: North, by lands of Andrew Wilkerson and Rachel Deaton; east, by lands of Sarah Brewster and Jane Bradley; south, by Banoochee river; west, by lands of Wilkerson, containing one hundred and seventy-six acres, more or less, lying in the 4th district, G. M., in the county of Bulloch. Said sale is made for reinvestment in the following described tract of land, to-wit: All that parcel of land situated lying and being in the 1370th G. Kennedy and Hamp Smith and Lee Todd; west, by lands of Hamp Smith and M. V. Overstreet.

2. Your applicant shows that the said tract of land above described in Bulloch county is all woodland land; that its value consists chiefly in the timber thereon and which has been turpintined, which timber is subject to the storms and dries; that the said timber has begun to die and will continue to die, and the value of the property will very much deteriorate; that the timber that dies is almost worthless after it is dead; that the said tract of land is not desirable for farming purposes, though some of the land is fairly well suited for such; that its chief value is in its boxed timber; that there are no issues nor profits from the said land.

LAND FOR SALE.

Will be sold before the court house door, on the first Tuesday in November, 1906, at public outcry, the following property, situated in the county of Bulloch, to-wit: One-half that land known as the Dr. Dan Nichols place, containing 102 acres, with about 80 acres in a high state of cultivation, with good two-story 10 room dwelling and two good barns and outbuildings; also two tenant houses, etc. This farm is located in one of the best farming sections of Bulloch county, and located just ten miles north-west of Statesboro, to the court in his petition, duly filed and entered on record, that he has fully administered Edmund Kennedy, Jr.'s, estate. This is therefore to cite all persons concerned, kindred and creditors, to show cause, if any they can, why said administrator should not be discharged from his administration and receive letters of dismission on the first Monday in November, 1906. ## The Statesboro News

(INCORPORATED)  
J. R. MILLER, Editor and Gen'l. Mgr.  
Statesboro, Ga., Oct. 23, 1906.

Published Tuesdays and Fridays by  
THE STATESBORO NEWS PUBLISHING  
COMPANY.

Entered at Statesboro, Ga., Post Office  
as second class mail matter.

Now for an up-to-date express and  
telegraph office. These are things  
that Statesboro needs very much.

When, Oh, when, is Statesboro  
going to take that park? Will it  
be now or fifty years from now?

The Miller News is one of the  
brightest and best exchange that  
comes to us. Editor Tyler is  
making things hum over his way.

Mr. Leaken has one consolation  
in making the race for congress.  
There will be none of those horrid  
deadlocks for him to think about.

At the present prices most country  
editors would not mind having  
a yard full of the fleecy staple  
that is enriching the farmers of  
the South.

And now they say that even  
north Georgia acknowledges the  
fact that Bulloch county can put  
up a fine exhibit. We know that  
it broke their hearts to say it.  
Poor thing!

### Rally for Edwards.

The congressional election is  
near at hand and it behooves the  
people of Bulloch county, above  
all others, to turn out and see  
that the vote for Hon. Chas. G.  
Edwards is a strong one.

We hope to see old Bulloch give  
to this brilliant young Georgian  
his hearty endorsement. It must  
not go out that our people are  
sore or sulking in the tents for  
reason that Bulloch's favorite son  
was not given the nomination.

Bulloch county stood nobly and  
loyally by her own, but it happens  
that in the progress of human  
events we were deprived of the  
honor from our own county. But  
Charlie Edwards is a native of  
the good old county of Tattnall, representative  
of the best blood that flows  
in this favored section, and he is  
our kind of folks, and has the best  
interests of our people at heart.

He is not responsible for our  
failures. They are facts that we  
tried to land Mr. Brannen, and we  
are sure that no one outside of  
Bulloch would have evinced more  
genuine pleasure than Charlie  
Edwards could have. Bulloch  
must and will do her duty by the  
nominee. Don't let a few trifling  
excuses keep you away from the  
polls, but be sure you go out on  
the first Tuesday in November and  
see to it that Edwards' name is on  
your ticket.

We learn that the republicans  
have named Bill Leakin for the  
place. While we are sure Bulloch  
county people need no advice from  
us to vote against Leakin, yet we  
want to remind you that Edwards  
is not only the democratic nominee,  
but he is the native of a sister  
county—house of our bone,  
flesh of our flesh and is, as stated  
before, our own kind of folks, ca-  
pable, honorable and competent  
and is entitled to every vote in  
Bulloch county as against a  
Yankee republican who stands for  
nothing that we stand for and  
stands for everything practically  
that we are opposed to, politically  
speaking. Let Bulloch county be  
spared the shame of casting any  
considerable number of votes for  
Leakin as against Edwards.

## Bulloch County's Forward Strides.

Needled in a wiry grass jungle  
and covered with fine pine forests,  
watered by rivers and creeks, pos-  
sessing magnificent natural ad-  
vantages, unsurpassed by any sec-  
tion in the whole country Bulloch  
county lies. From a wilderness  
of a few years ago the county is  
making the most rapid strides of  
any county in the state, and there  
are none who may predict the  
bright future that lies out before  
her in the coming years. Just one  
hundred years ago the county was  
first settled and in the intervening  
time she has passed through all  
the stages of development and  
progress that mark an upward  
flight.

It is of the recent growth and  
development of the county that  
we wish to speak. Fifteen years  
ago the first railroad ever run  
in the county was a narrow gauge  
line from here to Dover. From that  
day until this the county has grown  
by leaps and bounds. Unheard of  
a few years ago except by the peo-  
ple in this immediate section, to-  
day Bulloch county occupies a  
position of honor as the leading  
agricultural county in the whole  
state. Her name and her fame  
are now upon the lips of every-  
one, man, woman or child that  
has not heard of Bulloch county  
pass him by for he has been  
s.e.p. It was only yesterday  
that first prize was won by this  
county on the finest display ever  
seen in the Southern states. It  
has been an uphill fight to win  
this recognition. The propensities  
to be overcome have been great;  
but industry and much persever-  
ance has won out.

Bulloch county has come to the  
front and intend to remain in the  
forefront of all the counties in  
the state. People everywhere are  
asking about the lands and the  
people and the industries and  
possibilities of the county. They  
want to know more of a county  
and of a people that can over-  
come such obstacles as this county  
has overcome. They want to  
know more of a county that  
raises the finest and the most  
valuable cotton in the world. They  
are eagerly asking about the town  
that markets more sea island cot-  
ton than any other in the world.  
They want to hear of the county  
that has the finest lands in the  
state and in the South. People  
everywhere are interested in the  
county that has the best common  
and the best school houses in the  
state. They want to hear of the  
county that sends more boys and  
girls to college than any other  
county in the state leaving out  
the counties that have the large  
cities, of course. They do not  
grow tired of hearing of a city that  
does more business according to  
its size than any in state of Georgia.  
These are facts and they can be  
proved. They are facts that we  
tried to land Mr. Brannen, and we  
are sure that no one outside of  
Bulloch would have evinced more  
genuine pleasure than Charlie  
Edwards could have. Bulloch  
must and will do her duty by the  
nominee. Don't let a few trifling  
excuses keep you away from the  
polls, but be sure you go out on  
the first Tuesday in November and  
see to it that Edwards' name is on  
your ticket.

### Death of Miss Alberti

Saturday afternoon Miss Julia  
Alberti died after an illness of  
about a week from throat and  
nervous troubles. The young  
lady had been sick for quite awhile  
but it was only a few days ago  
that her condition became serious.  
The deceased was the daughter  
of Mr. and Mrs. J. A. Alberti  
and was about fourteen or  
fifteen years old. The funeral  
services were held at the Metho-  
dist church Sunday afternoon, be-  
ing conducted by Rev. G. G. N.  
MacDonald. The interment took  
place in East Side cemetery.  
There were many beautiful floral  
tributes.

This is the second daughter  
that Mr. and Mrs. Alberti have  
lost since they came here three  
or four years ago. In their be-  
lief they have the sincere  
sympathy of the whole com-  
munity.

of the disease appears the attack may  
be ward off. For sale by all druggists.

bid for the agricultural college of  
this district. Let the people of  
Bulloch county and of Statesboro  
show them a thing or two about  
raising money.

Hon. Charles G. Edwards is  
making a tour of the district to  
meet his constituents. He will  
find a warm welcome in this  
week of work.

## Hon. Morgan Rawls Dead

Hon. Morgan Rawls, one of the  
most prominent men in this sec-  
tion of the state, died at his home  
at Guyton last week after an ill-  
ness of about two months.

The death of this distinguished  
Georgian at the age of 77 has  
caused deep regret in this county,  
where he was widely known. He  
was a native of Bulloch county,  
having been born here, but for the  
last 50 years he had been a re-  
sident of Effingham county, living  
at Guyton until his death. Many  
of his relatives live in this county.  
Two of his sisters, Mrs. D. D.  
Arden and Mrs. D. D. Rawls,  
all are residents of Statesboro.

Hon. Morgan Rawls held many  
important offices in the gift of his  
party. He served throughout the  
war as captain and as lieutenant  
colonel. He served in the legisla-  
ture for a number of terms, al-  
ways taking a leading part in the  
issues that concerned the common  
welfare. For a short time he was  
a member of the 43rd congress to  
which he was elected but in ac-  
count he was unelected in favor of  
the republican opponent. This  
was a partisan measure purely,  
for he was entitled to the seat to  
which he had been elected. He  
last served in the legislature in  
1902-03-04. He was a loyal demo-  
crat and could be counted upon  
to work for the good and harmony  
of his party. He spent a life of  
service for the good of the state  
and now that he is dead there are  
many to weep for him.

The funeral occurred Friday, at  
Guyton.

### How About the Agri- cultural College?

As we have said before, the  
agricultural college will be won or  
lost this week. We have good  
reasons for making that state-  
ment, and in making it we do not  
mean to say that work will stop  
after this week, for we know that  
it will not. But this is the time  
of all times when the people will  
be together and they can talk the  
matter over and discuss it more  
thoroughly than they will ever be  
able to do again. So many of the  
representative citizens of this  
county as will be here this week  
could not be gotten together again  
no matter how hard one were to try,  
and it is time that some action  
was taken on the matter. The  
people say they want the school,  
and if they do now is the time for  
them to show that they do. Now is  
the time for them to put up the  
money, donate the land and settle  
the matter for all time to come.  
Other towns in the district have  
not been idle, and in fact, have  
raised much more money than we  
have.

This week let the school be  
talked up and at the proper time  
let there be the greatest mass meet-  
ing of the citizens of Statesboro  
and of Bulloch county than has  
ever been held in the county, and  
let the thing be settled. The  
farmers of Bulloch county must  
know that the school, while in-  
tended for all classes, will do them  
the most good. It is for the prac-  
tical education of country boys  
and girls that the schools were  
planned. They must be made to  
know and feel the need of the  
school and they must help bear  
the burden. The people here are  
heart and soul in favor of the col-  
lege, and while it is true that they  
have to, yet the burden would be  
a heavy one and they need help  
from the people of the whole  
county. No better investment  
could be made. In a thousand  
ways the money invested for one  
of the agricultural colleges will  
repay those investing it. In moral  
and spiritual things the good that  
would come from having the  
school could never be told.

The grand jury in session here  
this week could not win the last-  
ing gratitude and love of the peo-  
ple of this county in any better  
way than by endorsing the agri-  
cultural college. This would  
place the whole county behind the  
movement and those now working  
could work with renewed energy,  
for they would have the assurance  
of success. But whether that hon-  
orable body sees it to take such a  
step or not we do not want to see  
any put in for the college this  
week and we want to see that  
mass meeting held. The commit-  
tee appointed some time ago to  
look after the ways and means of  
the college have the best opportu-  
nity that they will ever have to  
raise money. They may be busy  
but they cannot afford to let this  
chance slip by.

How about a great mass meeting  
Wednesday night? It must be  
held some time this week and it  
seems to us that the night suggest-  
ed would suit most people. Some  
able speeches can be made by  
members of the local bar and  
others of the citizens as may feel  
oratorical and men from other  
places who are working shoulder  
with us can be on hand that  
night. Let us hear the opinion of  
the people.

When a horse is so overworked  
that he lies down and in other ways

a man has a horse that would not  
willingly harm a kitten, is guilty  
of cruelty, where his own stomach is  
concerned. Overdriven, overworked,  
when what it needs is something  
that will digest the food eaten and help
