Official Democratic Ballot
For Representative in the Six-
teenth Congress of the United
States from the First Con-
gressional District of
Georgia.
CHARLES G. EDWARDS.
For Three Judges of the Court of
Appeals.
BENJAMIN H. HILL.
A. G. Powell.
RICHARD B. RUSSELL

City Enjoined.
At chambers, Saturday, Judge B. T. Rawlings granted a temporary injunction against the city of Statesboro in the case against Mr. J. M. Fordham. The case is the outgrowth of the matter discussed in our Friday's issue, the amount of the closing of Mr. Fordham's store here on an execution for \$25,000 upon the alleged charge that Fordham had been retelling whiskey in the city. The execution is based on an act of the general assembly, authorizing the city of Statesboro to levy a tax of not less than \$25,000 on the sale of whiskey, but it is asserted that the city really has never passed an ordinance putting this act in force; in fact, there is no law on the books of the city whereby the mayor could issue a license for the sale of whiskey at any amount. The city's tax shall not be less than \$25,000, but does not say just what the amount shall be. It is necessary, therefore, that the city pass an ordinance fixing the amount and putting the legislative act in force before they can apply the law in this case.

As stated in our last issue the News believes that the city has acted rather hastily in a matter so grave, and we are not surprised that the authorities have fallen down on their case. The case of the State vs. Fordham, for the sale of whiskey will come up in the city court tomorrow, and just what will be the outcome we are not prepared to state, neither is it our business to forecast. It will be a question of law and evidence. The comments we have made have been from the standpoint of the city, contesting a man's property before he has been convicted at the hands of a jury of his fellow citizens. The act referred to is confiscatory, and against the spirit of justice and equity, and we hope the city will temper it somewhat before they attempt to make it of force again. They should be sure of their ground before they confiscate a man's property.

Illegal Liquor Selling.
Probably one of the worst crimes that can be committed by a man is to engage in the illegal sale of liquor. Statesboro is a dry town, and Bulloch county is a dry county, and the terms of the law, and if a man sells liquor in either he is violating the law. The people have said by more than two-thirds majority that they are opposed to the legal sale of liquor in the town and county, and it is presumed that more than two-thirds are opposed to its illegal sale. When a man sells liquor on the sly he selects his subjects to sell to, and they are usually bad negroes and drinking white men, and so the seller commits a double crime against society, because he is then putting it in the hands of the irresponsible class, who are then encouraged to commit other offenses against the law and order and the good of the state. The man who buys often commits perjury when he is put on the stand to testify, and will shield and protect the rascal who sold him the stuff on the sly. The law should be tight and hard on the man who violates it, and if a man don't violate it he has nothing to fear, but if he has, he is entitled to no sympathy, however hard the law may be. It can't be too hard for the man who will sell liquor to a mean negro at night, and who goes out and gives it to some boy or young man to get drunk on. It is worse to sell it to a mean negro or white man than it is to a good one. It is usually the bad ones who buy it that way, and they are the ones the blind tiger men prefer to sell to, because they are afraid a good man will tell the truth against them in court. Instead of being a misdemeanor it ought to be felony to sell liquor illegally, because if a man can pay a fine, and get out he goes on and sells more. If people mean to have prohibition, have it in such a way that no man will dare to engage in the business of wrecking the trust and boys of the land, and bringing poverty and unhappiness to the women and children of the country, as well as increasing crime in the land.

Water the Streets.
Statesboro has excellent water advantages, with two good Artesian wells, and a system of water pipes over the city affording good water to the people. The town has plenty of hose pipe, and it is an easy matter to water the streets occasionally, but the trouble is that the proper authorities neglect to have it done. Sometimes after the people have suffered with dust for two or three weeks they get watered just the day before it rains. The dust is not only unhealthy with its germs of malaria and pneumonia but it damages the goods in the stores hundreds of dollars annually. There are merchants on the council, and yet they see their goods ruined and fail to lay the hose on the streets on a windy day, and yet streets are full of people doing business. Why don't some man on the council take enough interest in the matter and do this thing? He would confer a blessing on the community and do himself good. No use to wait until the day before it rains.

Fire at Hubert
Mr. B. L. Robertson had the misfortune to lose his barn by fire Saturday. All of the corn, hay, fodder and other things stored in the barn were burned. The loss is a heavy one and at this season when crops had just been harvested makes it still heavier.

Pneumonia Follows a Cold
but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. W. H. Ellis.

The Immigration Movement.

The efforts being made by Savannah and other Georgia cities to secure worthy foreign immigrants to work in factories and in the fields is altogether a good idea and one that deserves to become popular and to meet with success. The movement had its origin in a long felt want of the state for better and more intelligent laborers. For many years the labor conditions in this country have been far from what they ought to have been. The time has been and is yet when men have had to put up with any kind of labor that one could get regardless of whether he wanted it or not. The most unsatisfactory labor by far is the negro. He is with us and we have to use him for the economical growth of the section though he is a very poor laborer. Of course in the cities there are problems which we in the country do not have to reckon with, such as the Chinese and other foreign peoples who at the best are very poor laborers.

We need the best of the foreign peoples and the rest can very well stay at home and we will be the richer for it. They do not add anything to the financial and permanent growth of the country. The South is a great new country. It is yet undeveloped and there are possibilities that are yet practically unknown. Not one-third of the lands are in cultivation and it is for the settlement and cultivation of these fertile lands that the country is so much interested in immigration. We want a class of people that can be a part of us and leave us richer when they have gone. The state needs a class of citizens that will add intelligence and honesty to thrift and industry. The great German races that are covering the world with their ideas of education and idealism, the French, always leaders in the world of ideas and progress; the Irish, most industrious of them all; these and many other European peoples make good citizens and are very desirable immigrants. To this better class the attention of the cities seeking laborers will no doubt be directed. It is this kind of people that has made the great North-west. It is this class of immigrants that can make this state blossom like the proverbial rose. But the Chinese "coolies," the Italians and other of the Latin races are not wanted on this side of the water. They invariably leave the country poorer than when they came here. They are parasites that suck the life blood of the nation and return to their homes and disgorge themselves, adding not one iota to the lasting growth and welfare of the country. From this class of immigrants we ask to be delivered.

The negro is becoming worthless (if indeed, he has not already become so) as a laborer. He is puffed up with false ideas of education that do little more than to make him years for nothing that he never beyond his reach. The better class of the negro race is all right. Some of the best and most law-abiding citizens of the country are to be found in the black race. In a few instances they own their own homes and are independent and prosperous. But the greater part of that race are leaving the farms and going to public works of different kinds. Something must be done to get at the root of the labor problem, and it seems to us that nothing better could be done than to encourage the better element of the disaffected European peoples to come to this country.

Water the Streets.
Statesboro has excellent water advantages, with two good Artesian wells, and a system of water pipes over the city affording good water to the people. The town has plenty of hose pipe, and it is an easy matter to water the streets occasionally, but the trouble is that the proper authorities neglect to have it done. Sometimes after the people have suffered with dust for two or three weeks they get watered just the day before it rains. The dust is not only unhealthy with its germs of malaria and pneumonia but it damages the goods in the stores hundreds of dollars annually. There are merchants on the council, and yet they see their goods ruined and fail to lay the hose on the streets on a windy day, and yet streets are full of people doing business. Why don't some man on the council take enough interest in the matter and do this thing? He would confer a blessing on the community and do himself good. No use to wait until the day before it rains.

Fire at Hubert
Mr. B. L. Robertson had the misfortune to lose his barn by fire Saturday. All of the corn, hay, fodder and other things stored in the barn were burned. The loss is a heavy one and at this season when crops had just been harvested makes it still heavier.

Pneumonia Follows a Cold
but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. W. H. Ellis.

Doings In The Local Field

When You Think Of Hardware, Think Of Raines.

Dr. A. J. Mooney has returned from Macon where he has been in attendance upon the meeting of the Grand Lodge of Masons.

Mr. Tom Jones of Whigham was here last week for a few days.

Miss Addie Glison has returned her home at Eldora, after spending several days with friends here.

Mr. Edmund Kennedy was among those who went up to the Georgia-Carolina fair in Augusta.

Fish is brain food. If you want more brains we have fish every day.

D. Barnes

Miss Idelle Glison of Sardis is again with the Singer Sewing Machine Company.

Mr. H. L. Griner has returned to Swainsboro where he will resume work with the Augusta & Southern.

If you want fish we have them every day. Phone us, No. 18.

D. Barnes

Col. A. M. Deal and Fred Lanier spent two or three days the last of the week at Metter on legal business.

We have a team to haul your cotton at a reasonable price. Phone us and we do the rest.

Bullock Oil Mills

Miss Annie Rawls of Guyton will in the future make her home at Statesboro and at present she is spending some time with Mrs. D. D. Arden on College street.

Street tax are due and be sure that the marshal will get you if you don't watch out.

The Houlets met with Miss Bessie McCoy Friday afternoon.

The Majestic Mfg. Co., of St. Louis, Mo., have a man at Jones & Kennedy's store this week showing the Majestic Range in actual operation, baking and serving biscuits to the large crowds.

Rev. T. J. Cobb and wife spent two or three days last week attending the Tattaloo Baptist Association.

Every one appreciates very much the watering of the streets by the fire department. The dust is getting to be very bad.

Carry your cotton to the oil mill guinery and get the best and quickest work. No delay there.

Get a handsome set of ware worth \$7.50, free. See Jones & Kennedy's advertisement in this paper for particulars.

Mrs. J. E. McCroon who has been spending several days at Watley was joined by Mr. McCroon Saturday and together they returned home Monday.

Messrs W. T. Smith, J. J. Zetterower and F. E. Fields went up to Atlanta Sunday.

Be sure and call at our store one day this week.

Jones & Kennedy.

SELF-KNOWLEDGE OF GREAT IMPORTANCE.

The Knowledge of How the Human Body Is Constructed and Kept in Repair, or Destroyed.

Should Be of Vast Importance to Each Individual

The human system when in perfect health is like a brightly burning candle, but let it once get out of order, stomach deranged, liver stagnant, nerves unstrung, appetite gone, blood becoming poor and thin, circulation diminished, heart weak, and the candle burns at both ends. It then becomes necessary to tone up and clean out the stomach and bowels, stimulate the liver, clear the clogged kidneys, and purify the blood. The best medicine to do it is Dillingham's Plant Juice.

When the stomach is weak, when the kidneys are enfeebled, when the assimilative powers need strengthening, then the process of nutrition is hindered and acid condition of the system is produced. The blood containing an excessive amount of urea and uric acid, soon the result is rheumatism—a dread disease with many forms, and the greatest variety of pains and aches.

It was the antiquated—but now happily exploded—method in the good old times to treat salt-rheum, scrofula, cancer and other troublesome disorders arising from impure blood, with powerful alteratives such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels, hold in its circulation the specific germs of the disease; but in this way every part of the body became more or less diseased. There is only one scientific method for the cure of blood-taint—that is, purification! Every particle of the blood must be removed through the excretory channels, the lungs, kidneys, bowels liver and skin. "First purge, then peaceable."

The great restorative, reconstructive and vitalizer of the blood, Dillingham's Plant Juice, not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other materials, and fills the veins and arteries with the ruby flowing current of vitality. "The blood is life." Good health means pure blood. The old and reliable remedy, Dillingham's Plant Juice, is universally regarded as the greatest blood-purifier ever discovered. The fact is now established beyond question or cavil.

For sale under a positive guarantee by The Simmons Co., Statesboro Ga.

Since seeing the blue print of the Augusta Chronicle we feel constrained to ask has that paper the blues?

Thanksgiving
President Roosevelt has issued a proclamation setting aside Thursday, the 29th day of November as a day of thanksgiving. We have many things for which we should feel thankful. The year just past and now passing has been one of unbounded prosperity and peace and plenty and one filled with the greatest success. For these and many other blessings we will give thanks on the day named above.

This is Worth Remembering
As no one is immune, every person should remember that Foley's Kidney Cure will cure any case of kidney or bladder that is not beyond the reach of medicine.

If the people of this country only knew that talk does not accomplish anything perhaps they would wake up and get to work on that agricultural college. Remember that work is the prayer that is answered.

Ben. met's at night. Friday 9th, Knights Union 8 a. m.; Sifton 10 a. m.; Hubert noon; Jake Finch old place 3 p. m.; Linton Deal's at night. Saturday 10th, 8 a. m.; Warnell's still 10 a. m.; court ground 18th district noon; and Mrs. Lewis Bird's at 2 p. m.

Bilious Attack Quickly Cured
A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man.—H. C. Bailey, Editor of the News, Chapin, S. C. These tablets are for sale by all Druggists.

The lid is on in other places in town and the council had as well make the low dives around town close up too.

Dancing Proves Fatal
Many men and women catch colds at dances which terminate in consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. W. H. Ellis

Odd Fellows to Meet

On Wednesday, the fourteenth of November the Odd fellows of the first district will meet here. Seven lodges from Savannah, one Mill Ray, Ludowici and the local lodge compose the first district. Two delegates from each lodge will be present. A large number of visitors are expected in addition to the regular delegates. The convention will be in session one or two days and will end with a big banquet at the Jaekel. The local lodge is making arrangements to entertain the delegates and visitors and during their stay here a number of things will be given in their honor. Division Deputy Grand Master H. Ward will be one of the distinguished visitors. Speeches will be made by delegates from each of the lodges.

In Time of Peace

In the first months of Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take. A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by all Druggists.

Attention Cotton Growers.

To the Members of the Sea Island Cotton Association and Long Cotton Growers of Georgia and Florida: I call your attention to the important fact of a much greater shortage of the sea island cotton than was estimated at the Valdosta convention and to the fact that the staple is uniformly better this year than it has been for years. Many of the best growers and buyers over the belt think that the extra good staple and show crop will make it worth 30 cents for the best grades if the farmers will hold it and market it sparingly. The association at Valdosta estimated that the crop was 60 per cent of last year's crop, which was 125,000 bales; 60 per cent of which is 75,000 for this year's crop. Since that time the crop has been cut short at least ten per cent. We have no top crop. A fall crop of last year's estimate of 62,000 bales is all that can be safely relied on. This crop is worth the minimum price, which the association set, and being of a better quality with the heavy falling off during the month of September, makes it worth more. Do not sell a pound under the minimum price set by the association. The demand is strong and there for all lines of cotton goods. We believe that 30 cents for best grade of sea island and 14 or 15 cents for short cotton, can be reached if the farmers will only hold their cotton. F. G. Schell, Sec'y Sea Island Cotton Association of Georgia and Florida. Lake Butler, Fla., Oct. 29, 1906.

Sell More of Chamberlain's Cough Remedy than of All Others Put Together

Mr. George, a merchant at Mt. Egin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada and I sell as much of it as I do of all other lines I have on my shelves put together. One of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale by all druggists.

\$10,000 Worth of Shoes
to be sold at Cost.
Work shoes for men, women and children. School shoes of all kinds go in this sale. Come and buy while we can fit you.
These shoes are solid leather, made by the factories for our trade.
Lanier-Fulcher Co.'s

Martin—Rhoden.
Miss Daisy Martin and Mr. J. H. Rhoden were recently married in Atlanta. Miss Martin formerly lived in this county of which she is a native but for the last few years she has made her home in Atlanta. They are now living in Birmingham, the home of the groom.

Croup
A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. For sale by all druggists.
The automobile hazard has struck the town good and hard at last. Several have already bought and others are thinking of buying.

Chapped Hands
Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure if certain. This salve is also unequalled for skin diseases. For sale by all Druggists.

NOTICE

All parties owing us either notes or accounts will please take notice that they must pay promptly. We trust this is sufficient notice. J. G. Blitch Co.

NOTICE OF SALE.

On Tuesday, Oct. 30, 1906, I will sell at my place at Register the following houses, lands and other property: One six room house, good lot buildings with between sixteen and 20 acres of good land. Also one house with four rooms and dining room attached and lot buildings with one-half acre of land. Also one good mule, buggy and wagon, corn, fodder and farming tools and other things too tedious to mention. A. J. LEE, Register, Ga.

THE STATESBORO NEWS.

\$1.00 A YEAR. STATESBORO, GA., FRIDAY, NOVEMBER 9, 1906 VOL. 6 NO. 36

Teach the Child to Save.
Habits are easily acquired in early life. Habits of thrift and saving are going to make better men and women than habits of self-indulgence and extravagance.
It is largely your fault if you raise a spendthrift. A child takes pleasure in adding to a savings account. Open one for the child, today.

The First National Bank
Of Statesboro, Ga.
BROOKS SIMMONS, President.
J. E. McGROAN, Cashier.
Directors: F. P. RIGSTER, M. G. BRANNEN, W. W. WILLIAMS, JAS. B. RUSLING, F. N. GILES, BROOKS SIMMONS, F. E. FIELD.
One Dollar (\$1.00) will open an account with us. Start and make it grow.
We pay four (4) per cent. on time deposits. Interest paid quarterly if you wish.
LAND FOR SALE.
I have six hundred and seventy acres of pine land for sale. Sixty acres in cultivation. Good log buildings and timber on the land is pretty fair. Situated two miles from Ochopee river. Anyone wanting to buy drop me a note at Purcell, Ga.
C. R. Yeomans.
NOTICE
E. N. Rushing is no longer in our employ, and has not been since August 20th. He has no authority to collect money, solicit orders, or in any manner represent us. Nov. 7th, 1906. Thomas & Folger, Savannah, Ga.

Rimes Land Sold.
The land of the Jordan L. Rimes estate was sold Tuesday, that being a day of legal sale for land. It brought pretty fair prices, although some are of opinion that a year ago it would have brought a great deal more than it did at the time when it was sold. Most of the land was bid in by heirs of the estate. The bidding was never very lively with one or two exceptions. The highest price paid for any lot was the sum of thirteen dollars and forty cents an acre, for lot number three, which was bought by Mr. J. A. Wilson. Below is given the numbers of the lots and the number of acres that each contains, with the name of the purchaser of each and the price paid per acre:
Lot No. 1, 235 acres, sold to Harley Rimes at \$10 per acre.
Lot No. 2, 65 acres, sold to A. J. Wilson at \$10.25 per acre.
Lot No. 3, 125 acres, sold to A. J. Wilson at \$13.40 per acre.
Lot No. 4, 150 acres, sold to J. A. Wilson at \$10.30 per acre.
Lot No. 5, 165 acres, sold to W. J. Wilson at \$12.25 per acre.
Lot No. 6, 185 acres, sold to Allen Rimes at \$8.00 per acre.
Lot No. 7, sold to C. C. Ash at \$1 per acre.
This was one of the largest land sales that has taken place in this county for some time, there being 1,001 acres in all.
Scarcity of Houses.
There is a house famine in Statesboro just now and there is not a vacant house in the city. This speaks well for the business of the place and shows that there is a steady growth of population that means much for the city. No better investment could be made, we believe, than the building of good houses for rent. Several families that we have heard of who wanted to move here to take advantage of the school could not do so as they were unable to obtain a house.
FOR SALE
One plug horse cheap. Statesboro Ice Mfg. Co.
FARM FOR RENT
Good one horse farm two miles from Statesboro for rent, good buildings and in high cultivation. For further particulars apply to
F. D. Fletcher, Statesboro, Ga.
Route No. 1.

The Road to Success
is the easiest for those who practice economy and show wisdom by keeping their savings in a **BANK.**
MONEY earns money and is a great factor in achieving success. **START** to saving now by opening an account with the
Sea Island Bank.
A Dollar Will Do It.

Cotton Bringing Fancy Prices
Had you stopped to think that every bale of sea island cotton sold at the present price brings about \$140 per bale? Such is the case, and as a result a great deal of money is coming into the city. The merchants are growing rich off of the business and the farmers are rolling up good bank accounts. The county is prosperous and the people as a rule are out of debt.
TRESPASS NOTICE.
All persons are hereby forewarned under the penalty of the law not to hunt, fish, haul wood or otherwise trespass upon the lands of the undersigned.
This Nov. 7th, 1906.
Ira Dickinson, G. M. Martin.
Crosses on the 13th.
Mr. E. D. Holland has received a letter from Mrs. L. W. Dupont, recording secretary of the Savannah chapter of the Daughters of the Confederacy, saying that the crosses of honor will be bestowed upon the Confederate veterans of this county on the 13th instant. It is important that the veterans arrange to go down in a body. Unless they are there in person or have an excuse signed by three officers of the local camp they will not be given any crosses.
HORSE FOR SALE.
One extra good farm or dry horse and wagon for sale. Apply to
Chas. E. Conner.

MAJESTIC BAKING DEMONSTRATION NOW GOING ON

We heartily invite our friends to call at our store any day during this week where we are demonstrating the superior qualities of the

New Majestic Malleable and Charcoal Iron Ranges.

The Majestic Malleable and steel range as formerly turned out by the Majestic people has been considered throughout the entire country par-excellence, and far ahead of any other range made. But with the new charcoal iron body in place of steel, making it double its value, and the fact that it is the only range in existence made of malleable and charcoal iron, you can readily see that if quality is considered, the Majestic leads by a big margin. We want you to call at our store next week, and let us explain this new feature—CHARCOAL IRON BODIES; let us explain why it is the best material range bodies, and incidentally, why it is not used on other ranges. We want you to call if you intend to buy or not, as the information gained will serve you in the future.

HOT COFFEE and BISCUITS FREE.
Come any day during this week and have buttered hot biscuits and hot coffee. Biscuits baked on the Majestic in three minutes while you wait.

Handsome Set of Ware—FREE
With every range sold during this demonstration we will give absolutely FREE one set of Majestic ware worth every cent of \$7.50. This ware will be on exhibition at our store. Everything useful, ornamental and durable. Come in and see it, and you will agree with us that it can not be bought for a cent less than \$7.50, and it is cheap at that.

Come in any day, you are welcome whether you intend to buy or not

JONES & KENNEDY

Clary's Big Stock Struck by a Hurricane

BADLY DILAPIDATED BY CROWDS OF GREEDY BUYERS, BUT STILL IN THE RUNNING.

THE FIRST DAY of our sale we sold over Three Hundred Dollars worth of goods, and every day since that has witnessed a big increase. The storm of people that have been coming to our store have made a great hole in our stock, but there are many rare bargains yet for those who know a good thing when they see it. We have five clerks in the store and they are insufficient to wait on the great crowds that are coming to the greatest sale in the history of Statesboro, and it is necessary for us to get more help. We have a crowded store all the time and we advise those wishing to buy to come early as my stock will soon be exhausted by such crowds of greedy buyers. We mean business. The goods must go and **THEY ARE GOING** with the rapidity of a swift flowing stream. The goods are all new and first class in every respect, and no such bargains were ever offered to the people of this section. I must make room for a new line and these goods are going at a great sacrifice. Get in the crowd that is headed this way and you will never regret it.

TO SHOW THAT I MEAN BUSINESS I AM GOING TO ADVERTISE MY COST MARK TO THE WORLD. HERE IT IS, READ FOR YOURSELF.
