STRANGE BUT TRUE

Several parties were seated around the fire in a well known drug store when a gentleman came in and called for a bottle of Dillingham's Plant Juice. After he had been waited on by the clerk, one of the parties spoke and said it was strange how Col. Dillingham could arouse and create such a demand for his remedies.

A well known druggist said that was easily explained. The first thing was that Col. Dillingham is a liberal advertiser, and the second, that his remedies are just as represented and that Col. Dillingham stuck strictly to the law of nature in the manufacture of Plant Juice medicine.

A druggist said: Col. Dillingham once explained to me how he manufactures his remedies and he was to the letter. He said he watched everything and was sure it was done right, and that it did not vary a hair's breadth. He explained to me if a compass registers a hair's breadth wrong, when a ship is put out to sea, it will carry her a thousand miles out of her way in a few days and wreck her. So it is, said Col. Dillingham, with many medicines; when first put on the market there is some varying and finally there is loss of confidence.

"It is not so with Col. Dillingham's Plant Juice. It is kept up to the standard. That is the reason I can guarantee his remedies to do all he claims for them."

And a druggist added: At this season of the year thousands of people are already showing the ill symptoms that are sure to result from the unusual climate. Heavy food, lack of exercise, overeating and poor ventilation; these spoil sickness and poor health. If the stomach cannot do its work properly, all health is sure to follow. Dillingham's Plant Juice is the one medicine that assures a natural digestion, that strengthens the stomach and soothes and heals all irritation, congestion and irritation in the stomach and bowels. It is this that makes it a certain and guaranteed cure for all stomach troubles.

"If the digestion is impaired the blood is impoverished and becomes filled with poisonous impurities, deranging the whole system and causing sickness and suffering."

"Dillingham's Plant Juice, acting on the stomach and digestive organs, cures sleeplessness, nervous troubles, headaches, backaches and general weakness and debility. If you are weak and ailing the chances are that it is due to a diseased stomach. But you can be cured by using Dillingham's Plant Juice. If it does not help you the price is absolutely nothing."

POPULACE SAW THEM.

Rawlings and Moore were both carried to the window on the west side of the jail overlooking Ashley street, where probably a thousand people stood, and made statements to the waiting crowds. Rawlings spoke for a little more than three minutes. His voice by this time was strong and clear, and almost without a quiver, and he was distinctly heard for a block or more. He told the people that his sons were innocent of any complicity or knowledge of the Carter murder.

"Understand, people that I have only a few minutes more on earth, and I want to tell you, and I want you to hear me and understand, that my boys—Milton Jesse and Leonard—are as innocent of the crime for which they are condemned as any man in this great crowd. This is the truth."

He made no reference to his own innocence or guilt, and his talk was almost entirely in defense of his boys.

MOORE REPEATS STORY.

Alf Moore spoke after Rawlings had finished and talked for ten minutes. He reiterated the story of the killing practically as he told it on the stand. He said he was sorry for both Rawlings and his boys, and seemed especially so for the boys. He said as God was his witness he had told the truth of the crime, that he was as happy as any man on earth and felt like he was going home.

Rawlings, who was sitting within a few feet of the negro and listening attentively, remarked to those near him: "Yes, he's going home all right." Moore repeated the statement made in the trial of the case that Milton killed both of the Carter children.

The men were taken down stairs in the gallows room at six minutes before 11 o'clock, both of them walking upright and firmly and betraying not the slightest nervousness. Prayers were offered for the condemned men by Rev. M. A. Morgan after they had ascended the scaffold and shaken hands with each other.

At the conclusion of Mr. Morgan's prayer Moore asked to be allowed to pray, and then occurred one of the most affecting and dramatic scenes of the morning.

The negro prayed earnestly for Rawlings, devoting more of his time to the white man than to himself.

Rawlings sat like a stoic, his indomitable will and nerve standing him in good stead. The negro was like-wise self-possessed, so there was considerable quiver in his voice. Rawlings told the small crowd in the prison goody with a voice as strong and clear as a bell, the black caps were drawn over their faces, the lever drawn back by Sheriff Passmore and the bodies of the men shot downward. Rawlings' body made not the slightest motion, while a few convulsive moves shook the negro's body.

The men were pronounced dead in 18 1/2 minutes, their bodies hung about 20 minutes before being cut down.

The execution was witnessed only by the physicians, ministers, reporters and guards. Rawlings' body will be taken to his old home in Telfair county for burial, while Moore's will be entered here. Rawlings' neck was broken by the fall and he was dead a few minutes before the negro was.

One of the men went into eternity with a lie on his lips, but which one may never be known.

THE NEW METHODIST MINISTER.

Rev. P. W. Ellis, the new Methodist minister who has been assigned to this city for the ensuing year, is extended a warm welcome not only by the church to which he has been called but by all the church people, regardless of sect, and by the city of Statesboro. He comes from Jeffersonville, Twigg county, where he has been for the past year. He is a young man, being little over thirty. We are glad to have him come among us and we congratulate ourselves that we have secured the services of so distinguished a member of the great field of Methodism, that has given to the world so many great preachers. Let us hope that his stay in the city will be pleasant and his work in the church congenial.

The people of Statesboro regret more than they know the loss of Rev. G. G. N. MacDonell, who goes to Blackshear for another year. He will be here for only one more Sunday. During the time that he has been with us he has made many friends who will regret to see him leave, but he carries with him the love and best wishes of every man and woman in Statesboro who have been delighted and instructed by his able sermons. We hoped that he would be returned here for another year, at least, but it was not to be and we are the losers by the change. The church here never had a more faithful and earnest preacher than the venerable minister who will bid farewell to us Sunday. He has been in active church work for about fifty years and has a record of which we all might feel proud.

With sadness in our hearts we regretfully say farewell to the old, and to the new we say welcome.

A Miraculous Cure

The following statement H. M. Adams, wife, Henrietta, Pa., will interest parents and others: "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Eucalypti, and concluded to try it. Before the second bottle was all taken, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed 50c and \$1.00 at W. H. Ellis' drug store.

J. G. RAWLINGS PAYS PENALTY

He and the Negro, Alf Moore Stretched Hemp in Valdosta Tuesday.

Valdosta, Ga., Dec. 4.—The execution of J. G. Rawlings and the negro, Alf Moore occurred in the county jail here this morning at 11 o'clock, and the last chapter in one of the most famous cases in the history of Georgia is ended, so far as these two defendants were concerned.

Rawlings' wife and two daughters were allowed to go up and bid him goodbye a little after 9 o'clock, and a number of ministers went in and prayed with the condemned men.

The prayers of the ministers appeared to have little effect on Rawlings and his demeanor was such as it has been for many months.

The parting between husband and wife and daughters and father was very affecting, and Rawlings the stoic much more than he had ever before, or than he did in a few minutes after they left the cell. His voice was broken and sobbing and tears streamed from his eyes.

One of the men went into eternity with a lie on his lips, but which one may never be known.

Bank Opening Exercises

at Brooklet Academy.

There was rendered at the Brooklet academy, by the pupils, Monday evening, an interesting program of exercises, participated in by the children of all grades from the primary to the high school department. The Brooklet Banking company offered a prize of \$5 each to the four classes of the school for the best work done in the way of recitations, essays and declamations by the different grades of the school. Two prizes went to the high school department and one, each, to the primary and intermediate grades. The children acquitted themselves in a very satisfactory manner and showed that they had been well drilled and that the teaching is all that it is intended to be. Those who did not receive prizes have no cause to be ashamed of the showing that they have made, for if there had been enough prizes to have gone around each would have been declared a winner, and so they were declared by the hearty applause that was given them.

In the primary department the contest was close, so close that it was impossible to tell who was the winner, and Mr. Shearone moved that each of the three little children be given a prize. They were coached by Dr. Thayer. Three remained standing; the three boys: Griner Waters, who is worthy of special mention; Ruth Beasley and Fithugh DeLoach. Once the little fellows took the teacher down by correcting him on a mistake that he had made. The work in this grade was very fine.

The judges in the other three contests were: Col. R. Lee Moore, Prof. J. H. St. Clair and Mr. R. Miller, of the Statesboro News. The next class to be heard from was the intermediate and the work in this department was very gratifying. All did well and the contest resulted in a tie and the prize was awarded to two young ladies. Those competing and the subject of each are given below: Dan McCormack, "God Save Our Fair Land"; Brantley Parish, "Our Father"; Ben Lane, "Life's Worthwhile Purpose"; Kenton Bland, "Land of Plenty Soon"; Miss Zeta Adams, "Kiss Me Good-night"; Miss Louise Horton, "Four Leaf Clover"; Miss Clara Smith, "The Beggar"; Miss Pearl Lanier, "The Master Callet for Thee"; Miss Effie Shearone, "There, Little Girl, Don't Cry." The prize was awarded to Misses Zeta Adams and Clara Smith. Those receiving honorable mention were: Misses Pearl Lanier and Effie Shearone.

Next was an essay contest, and the work here gave the pupils a chance to show more of personal work and individuality than in anything previous to that time. All the papers were good and showed careful thought.

Miss Sequel Lee wrote interestingly and entertainingly of "William of Normandy"; Miss Jessie B. Martin chose as her subject "The Silk Worm"; and Miss Allie Warnock gave something of "The American Flag," a thing that we all love and to which we all warm at the mention of, while Miss Estelle Lee chose as her theme a subject that was to carry off the prize. She wrote engagingly of "The History of Brooklet School," a subject, no doubt, dear to the hearts of the good people of Brooklet.

The recitation class then delighted the attentive audience with some very good selections: Miss Stella Alderman, "Magnolia and Pine"; Miss Eva Blackburn, "Very Naughty Little Girls";

City Court in Session.

The regular monthly term of city court is in session here this week Judge J. F. Brannen presiding. The court will probably be in session most of the week. There is a good deal of business to be disposed of and if the docket were to be cleared the court would be kept busy until the first of the year. In the summer during the illness of the presiding officer a good deal of business piled up on the court and it will take some time to get the docket clear. The last session of court was an unusually long one but little more than a start was made on the business to be passed upon.

The following cases have been disposed of:

State vs Jim Kitchens, Frazier Bonnett and Willie Bonnett, riotous.

State vs Annie Clary, col., liquor selling unlicensed.

State vs Henry Barnes and Lester Olliff, riot, guilty.

State vs Wilbert Little, col., disturbing divine worship, plea of guilty and sentenced of \$20 and costs.

State vs Ellen Brack, assault and battery, not guilty.

State vs Tom Jones and Walter Sanders, col., larceny, settled.

State vs W. C. Chance, concealed weapon, guilty, \$75 and costs or ten months.

Both of the young people are popular in social circles and are prominent in the county and in the town where they reside.

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and contains nothing injurious. Mr. E. A. Hunt, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa says: "I have used Chamberlain's Cough Remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

Assault on White Lady.

Mrs. J. C. Sapp, living seven miles south of here, on the place of J. H. Alderman, was assaulted Tuesday morning about 9 o'clock, while alone, by a negro man who went to the house and finding her alone choked her into insensibility and then accomplished his purpose, after which he fled.

Mrs. Sapp regained consciousness she gave the alarm and soon her husband was on his way to secure sheriff Kendrick and his bloodhounds. The negro was trailed to the quarters of Field's still where on account of the density of the houses the dogs lost the scent. The hunt was resumed Wednesday morning at Adabelle where the negro was said to have been seen. He has not been caught. News was received from Manassas yesterday from deputy sheriff Albert Kendrick that the negro could not be found. If he is caught a lynching will surely follow. As soon as Sheriff Kendrick gets away from his duties in the court house he says he will hunt the negro fend down.

Long Tennessee Fight

For twenty years W. L. Rawls, of Belle, Tenn., fought nasal catarrh. Notice of Intention to Apply for Railroad Charter.

In accordance with the provisions of the laws of the state of Georgia, the undersigned, after weeks' notice by publication, will file in the office of the secretary of state a petition for incorporation as a railroad company, of which the following is a copy:

State of Georgia, Bulloch County.

To the Honorable Philip Cook, Secretary of State:

The petition of Edward M. Rice, of New York City, and J. A. Brannen, J. G. Blitch, Hinton Booth, R. F. Donelson, Cecil W. Brannen, J. E. Denehon, B. B. Sorrier, J. R. Miller and S. L. Moore, of Bulloch county, Georgia, respectfully shew:

1. That they desire for themselves and such other persons as may be associated with them, to form a railroad corporation pursuant to the laws of the state of Georgia, to be known and called by the name of "The Savannah, Augusta and Northern Railway Company," the same not being the name of any existing railroad corporation in said state; that the length of said road, as near as can be estimated, will be about four hundred and two miles; that said road will run in a general north-westerly direction, from Savannah, Chatham county, Georgia, to Rossville, in Walker county, Georgia, opposite Chattahoochee, Tennessee, within the state of Georgia; that said road will probably run through the counties of Chatham, Effingham, Bryan and Bulloch to Statesboro, Georgia; thence through the counties of Wilkes, Jenkins, Burke and Jefferson to Louisville, Georgia; thence through the counties of Glascock, Warren, McIntosh, Wilkes, Oglethorpe and Clarke to Athens, Georgia; thence through the counties of Jackson, Hall, Forsyth, Forsyth, Cherokee, Pickens, Gilmer, Murray, Gordon, Whitfield, Calhoun and Walker to Rossville, Georgia, and from some point on said line in McDuffie county, through the counties of Columbia and Richmond to Augusta, Georgia.

2. That they desire said corporation to be incorporated for the period of one hundred and one years, with the privilege of renewal at the expiration of that time; that the amount of the proposed capital stock is ten million dollars, of which five million dollars will be common stock and three million dollars will be preferred stock, on which latter dividends to the amount of five per cent shall be paid before the common stock participates in the profits of the corporation; that the principal office of said corporation shall be located in Statesboro, Bulloch county, Georgia; that petitioners do intend in good faith to go forward without delay to secure subscriptions to capital stock, to construct, equip, maintain and operate said railroad; that they have given four weeks' notice of their intention to apply for said charter by the publication of this petition in one of the newspapers in which their advertisements are published, in each of the counties through which said proposed road will probably run, once a week for four weeks before the filing of this petition. Petitioners further desire that the corporation have the right to issue bonds, and in general, to perform such acts and enjoy such rights and privileges as customary in the case of similar corporations.

Wherefore, your petitioners pray that the charter of said railroad corporation may be granted, and that they, their associates, successors and assigns, be incorporated under and by the name of "The Savannah, Augusta and Northern Railway Company," with the laws of the state of Georgia, in such cases made and provided.

This 10th day of November, 1906, J. E. Denehon, B. B. Sorrier, J. R. Miller, S. L. Moore, H. B. Barnes and J. D. Rimes, Attorneys for Petitioners.

A Masonic Lodge

Organized at Pulaski.

Pulaski Lodge, 408, F. & A. M. was organized and put on a working basis Saturday night when a delegation from here went up and installed the officers of that lodge. The following officers were installed and when the election is held in a few days the officers thus chosen will probably be regularly elected: W. J. Williams, W. M. M. T. Ballantine, S. W. M. F. Jones, J. W. J. W. Donaldson, Sec'y, Dr. J. Z. Patrick, Treas'r.

The lodge has a fairly good membership, including the best people of that section and it started out under very bright auspices and will no doubt prosper. There is a good territory in that section from which to draw and the success of the lodge cannot be in doubt when it is remembered that such a set of fine executive officers are at the head of it.

The delegation from Ogeechee Lodge included Dr. Mooney, Messrs. Morris, Turner, Arthur, Prosser and Dornier. They were met at the depot by a committee from the Pulaski lodge, who escorted them to the hotel Pulaski where they were treated to a banquet. The occasion passed pleasantly for all concerned.

Change in Business.

Mr. C. E. Cone last week bought from Mr. Homer Parker his interest in the Statesboro Bottling Works. The business will now be run by Mr. Cone. This is one of the best investments in the city, and it has been built up to the point where it is now profitable to run it winter and summer.

During the winter months gingerale and other cold weather drinks will be manufactured and the plant will not close down at all, but at the opening of spring will be ready to again supply the trade of this whole section as it has been doing for the last several seasons.

Emigration Agent at Work.

Some negro, who call himself "Dr. Solomon", has been here for several days in the interest of an Afro-American emigration society, the exact name of which was not learned. He has stirred up the colored people of this section considerably and has succeeded in getting many to promise to go to Africa with him. It seems that he will take a ship load over about the first of February. The initiation fee of the society is \$1.50 and this entitles the members to free transportation to Africa and at the same to a sick benefit of about \$15 per week. The colored people are promised free transportation to Africa and will be given 20 acres of land upon arrival in that country. That is getting a good deal for a little. He is also agent for a book which he is selling in large numbers, the members buying it in order to acquaint themselves with the land to which they signify their willingness to go. They take the matter seriously and in some instances are preparing to make their departure in the spring.

Kills Large Porker.

Mr. G. A. Jones, of near Register, killed one of the largest hogs this week that we have heard of this season. It tipped the scales at 174 pounds, net. From the hog 17 gallons of lard were obtained. The porker was only three years old and was of the breed known as Berkshire. Mr. Jones is one of the most enterprising farmers of the county and can always be depended upon to raise a good crop and have plenty of hog and hominy.

Box Supper

Sends Cotton Up.

The national ginners report came out yesterday, showing 10,025,485 bales of cotton ginned up to Dec. 1st, as against 8,089,928 last year at the same time. As a result of this, spot cotton advanced two points. The government report comes out today.

Real Estate Deal.

Mr. J. H. Alderman has bought from Mr. E. A. Smith his house on South Main street, the consideration being \$2,750. Real estate in that part of the city is increasing in value every day. If the agricultural college is located in the southern part of the city, as has been planned, another and greater increase in the price of land may be looked for.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by my best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures backache and all forms of kidney and bladder trouble. W. H. Ellis.
