Asking a Charter For

Splendid New Railroad

Another new railroad from Athens to the sea and from Athens to the coal fields of Tennessee is projected.

A charter has been applied for to the Hon. Philip Cook, Secretary of State, the new road to be known as "The Savannah, Augusta and Northern Railway Company." The incorporators are Edward M. Rice, of New York city and J. A. Braunen, J. G. Blitch, Hinton Booth, R. F. Donaldson, Cecil W. Brannen, J. E. Donahoe, B. B. Sorrier, J. R. Miller and S. L. Moore of Bulloch county.

The road is to run from Savannah to Rossville, which is opposite Chatsanooga, Tenn. It will pass through the counties of Chatham, Effingham, Bryan, Bulloch to Statesboro; thence through the counties of Emanuel, Jenkins, Burke and Jefferson to Louisville, Ga., thence through the counties of Glascock, Warren, McDuffie, Wilkes, Oglethorpe and Clark to Athens; thence through the counties of Jackson, Hall, Dawson, Forsyth, Cherokee, Pickens, Gilmer, Murray, Gordon, Whitfield, Catoosa and Wilkes to Rossville. Also from some point on said line in McDuffie county through the counties of Columbia and Richmond to Augusta, Ga.

The advantage for Athens in this road are incalculable. From here to the sea it will open up a great country and much of the trade of that section will come to Athens. From here to the coal fields has been the dream of the past years with Athens. Cheap coal will double the population of Athens and it will be secured by the construction of this road.

The people of Athens should render every possible assistance to the builders of the road. It will mean more for Athens than anything yet done for the upholding of the city.—Athens Banner.

SALE.
To be sold at my home, one-half mile from Donigold, on the old Savannah river road, at the old homestead of W. G. Campbell, in the 157th district, on January 2nd, 1907, between the hours of 10 o'clock a. m. and 2 p. m. to the highest bidder the following property to-wit: 1 bay mare mule, weight 1100 pounds, age 9 years; 1 sorrel horse mule, weight 1100 pounds, age 12 years; 1 two-horse wagon; 1 Deering mower and rake; 1 sixteen-inch outway harrow; 1 two-horse plow and other farming implements; about 50 head of stock hogs; about 10 head of stock cattle; 1 flock of chickens and geese; 1 buggy and harness; also one lot of household furniture, including roller top desk and one \$150 parlor suite, together with other kitchen and household furniture and many other items too numerous to mention.

Also at the same time and place one bay mare, belonging to the estate of John Campbell, deceased.
Terms: All items under \$5, cash; all items over \$5, Nov. 1, 1907, with two approved securities.
Mrs. Ophelia Campbell.
By Joshua Campbell, Agt.

The council last week refused to allow a circus and pony show to come here during the holidays. The circus will camp just out of the city, it is said, and will run a back line from the show grounds into the city free. They are determined to show any way, it seems.

No Opium in Chamberlain's Cough Remedy.

There is not the least danger in giving Chamberlain's Cough Remedy to small children as it contains no opium or other harmful drug. It has an established reputation of thirty years as the most successful medicine in use for cold, croup and whooping cough. It always cures and is pleasant to take. Children like it. Sold by all druggists.

Booker T. Speaks

to Atlanta Negroes

Atlanta, Dec. 9.—Booker T. Washington, president of Tuskegee College, Alabama, addressed two large gatherings of negroes today in this city, at the invitation of the Civic league.

After reviewing the recent race troubles he said: "An element that has kept the two races from co-operating has been the constant threat of negro domination."

"I do not hesitate to say that the negro has no ambition to mingle socially with the white race, neither has he any ambition to dominate the white man in political matters. What the negro is interested in is that, individually, he and his family shall receive justice."

He was prepared, he said, to assure his race of the sincerity of the friendship of the white man in the South and their intentions for the upbuilding of the colored race.

It is noticeable a cold seldom comes on when the bowels are freely open. Neither can it stay if they are open. Kennedy's Laxative Cough Syrup tastes as pleasant as maple sugar. Free from all opiates. Contains Honey and Tar. Conforms to the national pure food and drug law. Sold by W. H. Ellis.

Money to Lend.
\$100,000.00 to lend on long time, easy payments and low interest, on farm lands in Bulloch county. Call on.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 190. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only Sure Cough and Cold cure. Guaranteed by W. H. Ellis.

The streets are being cleared of some of the paper that has been so offensive to sight for the last several weeks. Probably the city fathers are going to dress the city up at least once a year.

A Miraculous Cure.
The following statement H. M. Adams and wife, Henrietta, Pa., will interest parents and others: "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we notice a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed 50c and \$1.00 at W. H. Ellis's drug store.

Mr. Rodgers Dying.
Reports from the bedside of Mr. W. L. Rodgers are that he is slowly but surely sinking. He is at his old home at Eastman. His family here have been notified of his condition and arrangements have been perfected for his burial, which will take place at Eastman. Mr. Rodgers has been in the saw mill business here for several years, being president of the Nellwood Lumber Co.

Cure for Sore Nipples.
As soon as the child is done nursing apply Chamberlain's Salve. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this with the best results. Put 25 cents per box. For sale by all druggists.

Anti-Dispensary.

To the Readers of the News:

Occasionally we see something in the News for and against the dispensary in Statesboro. For several reasons I do not believe that we need it. We all know that where there's whiskey the drunkard and the drunk drinker will go. The man that deals with whiskey has all kinds of lawlessness in his community. You can always find out immediately after going into a community whether or not they are violating the law of our country. It is also dangerous to go to a place where whiskey is sold. Some negro or even a white man may be drunk and ready and anxious to insult, shoot, kill, or do almost anything that's low and mean.

You say you can't stop it. Is it true there are not enough law-abiding citizens in the county to enforce the law? So, what can we do? Let the jury reviewers leave off every man that will patronize and drink with the whiskey sellers. Then when you prosecute a man for selling whiskey let the grand jury take the oath of the witnesses, and if they swear differently before the lower court prosecute them. I have been on the grand jury and heard witnesses swear that they bought it of the prosecuted and then at the trial they would know now nothing about it. Such men ought to be prosecuted; their oaths are no good.

Now, to the man that will, for a few dollars, sell intoxicants to his neighbors and cause them to get in trouble or lose their lives or sell to a negro who will kill some good man or commit some heinous crime, you may know your sins will find you out. Then can you rest at ease, knowing that you are causing some woman's heart to bleed, and some child's father to go to the gallows or the gallows while you are free and happy? Yours for better citizens, A. A. Turner.

Give Practical Christmas Presents.

The giving of FURNITURE for presents accomplishes two purposes: It shows the good judgement of the giver and also reflects on the good taste of the recipient. Presents that are looked at and then laid away are never appreciated like those that are always in use. We have in our stock many things that, by their beauty and utility, will strongly suggest themselves to the wise present buyer. In buying Furniture you get your money's worth. Other present merchandise is usually sold at extremely high prices. Not only do you get your money's worth, but we sell you better furniture for the same money.

Bed room Suits, Hat Racks, Fancy Lamps, Chiffoniers, Hall Racks, Trunks, Go-carts, Reed Rockers; Office Chairs, Children's high chairs, Children's Rockers, Clocks, Dining Tables, Dining Chairs, Rockers, and many other things.

You cannot be too highly impressed with our line of Pictures, Lace Curtains, Rugs and Art Squares. In these goods we offer you a large assortment at a big saving.

Be Sure to See US.

Christmas is a Time of Home Brightening.

Nothing adds more to a merry Christmas than a few new things for the home. There is where you spend most of your time, and to have things bright and cheerful adds much to your happiness. Even a small sum invested in this way will work wonderful results. New lace curtains, new window shades, a hat rack, a book case, nice pictures, art squares, beautiful rugs and many other articles placed here and there will produce a great change.

Everything sold on a guarantee of satisfaction or money back.

STATESBORO FURNITURE COMPANY.

Record Price for Sea Island.
Even as p-crusts and promises are meant to be broken, so, also, are those peculiar things that we call records. Several records of different kinds have been smashed to smithereens this season in the local markets.

The latest record for sea island cotton is 34 cents. The latest record for a single bale was that made Saturday, when R. H. Warnock, of Brooklet, sold to the J. G. Blich Co. a bale of sea island, weighing 908 pounds, at 34 cents per pound, netting him \$300.07. This will stand for some time, we believe, for it is a rare thing one sees a bale of cotton weighing over 900 pounds. The market is falling off somewhat and the indications are that the crop is about all on the market. Those who have been holding for better prices are quite willing to sell now and a great rush is being made to put the staple on the market.

GOOD healthy action of the Liver and bowels invariably follows the use of Laxative (L. L. L.)
It is a reliable remedy, made by an old reliable firm, and gives greater satisfaction than any other medicine of its kind. It is the medicine that you require in the spring.

G. W. Bartlett, of Holmes, Ga., says: "L. L. L. is one of the best medicines I have used, and it will do all that is claimed for it."
Mrs. W. W. Folson says: "It is worth more than all the other medicines I ever used."

Cabbage Plants FOR SALE.
I am again ready to supply my old, as well as new, customers, with cabbage plants. My stock is grown in the open air near salt water, and will therefore stand severe cold without injury. Experience has taught me to plant only the best seed obtainable, regardless of cost; as by so doing you get a greater number of heads true to type. It is from such seed my stock is grown, and being of the earliest varieties, namely: Harp, Extra Early Large Jersey Wakefields and Thorburn's Old Reliable Jersey Wakefields. These are the best strains for the practical garden plants. They are packed in neat, light baskets, to reduce express. All orders are personally looked after by me. I, therefore, guarantee satisfaction.
\$1.50 per thousand, f. o. b. express; \$1.35 per thousand where cash accompanies order; 5,000 or more at agents rates or \$1 per thousand; under \$1,000 rates or \$1.25 per thousand. All orders shipped C. O. D., when money does not accompany order. In ordering plants give express office, also post office address.
D. W. MAYER, Beaufort, S. C.

NOTICE.
On December 18th, 1906, will be sold at the residence of John Turner, Parish, Ga., the following property: Three or four head of mules; twelve or fifteen head of cattle; one carriage; one McCormick mower and rake; one 16-inch harrow; one good two-horse wagon; harness, and plantation tool of all description; corn; oats; hay; folder, and potatoes; 250 gals of good syrup; one 16-inch cane mill; other things too tedious to mention; terms made known on day of sale. This Dec. 18, 1906.
Jno Turner.

FOR SALE OR RENT
My farm in the 44th G. M. district containing 35 acres of cleared land and good buildings, six hundred and fifty acres of woodland land, will be sold on reasonable terms to right party or if not sold for rent.
J. S. Hagins, Daisy, Ga.

Millions of bottles of Foley's Honey and Tar have been sold without any person having experienced any other than beneficial results from its use for coughs, colds and lung troubles. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiates or other harmful drugs. Guard your health by refusing any but the genuine. W. H. Ellis.

NOTICE FARMERS.
After Dec. 1st I will give short cotton only Mondays, Wednesdays and Fridays; see listed every day, and all who owe me either by note or account will make settlements at once.

Costin—Kingery.
Miss Maude Costin and Mr. G. W. Kingery were married at Exeter Sunday, Rev. T. J. Cobb officiating. The young people live at Pulaski and are prominent in that section and throughout the county. The News wishes for them a long and happy life.

King of All Cough Medicines.
Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. Service for about sixteen years, says: "We have tried many cough medicines for croup, but Chamberlain's Cough Remedy is King of all to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effect." For sale by all druggists.

The Savannah and Statesboro railway is putting in a sidetrack, beginning at the turntable and extending for some distance in the rear of the Jaekel hotel. They are improving their property in other ways and will soon begin the erection of some first-class warehouses near the depot. These are badly needed and will be appreciated by the people of the city.

Food Commissioner's Report.
The Minnesota dairy and food commission's analysis shows that Kennedy's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent purgative. Be sure to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. W. H. Ellis.

BIG RUSH IN XMAS GOODS.

Santa Claus Opens Headquarters in Statesboro.

What will be the greatest rush for Christmas goods ever known in the history of Statesboro and Bulloch county is now on. A News reporter, in making the rounds yesterday, dropped in at the Racket store of Griner & Martin's. We saw what looked to be enough Christmas toys and other goods to supply several counties. Upon the expression of our surprise at such an enormous amount of these goods, Mr. Griner, a member of the firm, said:

"Just come here. Look at these packages that are being packed to send out all over the city and surrounding country, and you will see that we are not overloaded. If that was all that we had we could be out by Wednesday night, but look here at the rush order that is going in for more as fast as Uncle Sam can take it."

This firm is the most extensive dealer in Christmas goods in the city, and carry far the best line. They are crowded now from morning till night with hundreds of eager customers.

Santa Claus gives notice through this issue of the Statesboro News that he will be at the Racket store and ready to see that all the good little boys and girls get something nice for Christmas.

He will operate from this place in this entire section. All will be treated alike. There may have been cause for complaints in the past that the rich and favored few got better presents than the children of the poor parents, but Santa Claus has determined that all shall be treated alike this year and he has selected Messrs Griner & Martin to carry out his plans for him. These presents are marked so low down that even those who are in poor circumstances can get something nice for a small outlay.

See the advertisement of this firm occupying a full page space in this issue.

"Country Girl" a Success.
Decidedly the best offering of the local theatrical season was the popular comedy presented at the opera house, Monday evening, by the Alley & Fremont Co.—the "Country Girl." The play is, on the whole, good. The company played to a packed house. The crowd seemed well pleased with the attraction and the applause was frequent. They will return in the spring and will present "Cinderella."

Notice of Examination.
All persons intending to teach in this county next year, and who have no license, will be required to stand the examination to be held on December 21st and 22d. This is important and all teachers will please take notice.

Messrs J. W. Olliff and H. W. Lee have returned from Tampa where they have been since Thanksgiving.

Parker-Cone.

Miss Matilda Katherine Parker and Mr. Howell Cobb Cone were married at the home of the bride, in East Statesboro, Wednesday morning at seven-forty-five, the ceremony being performed by Rev. M. H. Massey, of the Baptist church. The marriage was a very quiet affair only the immediate members of the family and close friends being present. It had been planned to have a home wedding, in the afternoon, but owing to some unforeseen hindrances this was called off. There were no attendants. The bride wore a traveling dress. Immediately after the ceremony the bride couple left over the Central for Jacksonville and Tampa where they will spend some time. The wedding march was played by Miss Ola Evans. There were many handsome and costly presents to attest the popularity of the young people.

The bride is the daughter of Mr. and Mrs. W. C. Parker and is a young lady of many accomplishments and of rare intelligence. She is a graduate of Brenan College. The groom is one of the most prominent of the younger attorneys of the Statesboro bar and holds the trusted position of solicitor of the city court. He is a graduate of Mercer University of Georgia and of the law department of the University of Georgia. Both of the young people are popular in social circles. They have many friends over the state who will heart of their marriage with interest.

Miss Tara Turner spent Tuesday here with Miss Georgia Turner.

Will Advertise for Bids.

Mr. J. R. Miller, chairman of the First district agricultural college executive committee, returned, yesterday, from Atlanta, where he went to confer with the governor and the other executive committeemen.

Advertisements will be inserted within the next week or ten days asking for sealed bids for the erection of the main college building and the two dormitories for boys and girls. There are eleven buildings in all; the others will be added in a short time, as it was thought best to take on the three largest buildings first.

Prof. Smith, of the United States department of agriculture, arrived in the city last night and will go out with a committee of citizens today and test the soil of the two sites offered. He will make up his report and submit it to the executive committee which will meet here next Wednesday, the 19th instant. The executive committee is made up as follows: J. R. Miller, chairman; J. H. Evans, Geo. M. Brinson, B. F. Alexander and S. W. Palmer. Col. J. Randolph Anderson, chairman of the board of trustees, will also be present.

The governor and the full board of trustees from all the counties of the district will meet here in January and lay off the site for the college.

A meeting of the different chairmen of the several executive committees will be held in Atlanta, on January 21st, when the bids for the construction of the buildings will be opened.

The governor informs us that he has perfected arrangements for the furnishing and equipment of the buildings at a very small outlay of cash. He has many tenders of farm tools and improved machinery for farming machinery free, simply as an advertisement. He will get a good many articles for the inside furnishings absolutely free; also fruit trees, etc.

Arrangements are being perfected to go ahead clearing the land as soon as the site is located. One of the first things to be done is to grade the park, around which the buildings will cluster, put out shade trees, etc. The park will contain about three acres. There will be a border of either sycamores or Carolina poplars set all around the space. The center will be laid off in walks, and lined up on each side of the walks with pyramid arbor vitae, the inside spaces to be set in roses and other flowers. The girls will be required to keep these up and care for them from time to time. The main academic building will be 140 feet long and 56 feet wide, two stories in height. The two dormitories, facing each other on opposite sides of the park, will each be two stories in height and contain forty-two rooms each—one of these buildings will be for the boys and the other for the girls. These will all be built of brick. There will be a workshop on one side where the boys will be taught the different trades and a dining hall facing it on the other side, where the girls will be taught the science of cooking. A contest will be held and a premium awarded to the girl who can prepare the best meal at the least cost. The editor of the News will be a candidate for the place of expert judge of this cooking contest. There will also be several cottages for the students. A modern barn and stables fitted up with a dairy will be one of the features.

The land will all be cleaned and laid off into plots of one acre each and the boys will be required to cultivate one of these plots. A prize will be given to the ones who produce the best results at a given amount of cost. One expert farmer and horticulturist will be employed.

An orchard will be planted and covering several acres in that orchard will be planted all the varieties of fruit trees and this expert will be required to look after them and treat them with an eye to remedy the diseases which they are heir to. A record will be kept of the names and varieties and it will soon be seen which varieties will do best in this section.

The state will keep the school running after it is up; in fact, we begin to draw after January 1st. We will get about \$7,000 from the fees arising from the inspection of fertilizers, oils and cotton seed meal. Then, the new pure food law goes into effect the first of the year and this will also swell our receipts.

The executive committee will have before it the duty of employing the teachers for the school. There will be five to start with. We learn that a noted philanthropist of the north has agreed to pay the expenses of these teachers at a training school for the ensuing year, and we are asked to name them as early as possible so that they can go off and equip themselves for the work that they will enter upon.

There is no small amount of work to be done in building and equipping this college and farm. We believe that it will be a great blessing to the community in which it is located.

Governor Terrell is bending his energies to make them a success. He looks upon them as the crowning features of his administration, and he will leave no stone unturned to bring them up to the standard intended by those who promoted them.

Special Services at the Baptist Church.

Sunday morning at the Baptist church the pastor, the Rev. M. H. Massey, will preach a special sermon to the member of the Carpenters' Union. All mechanics in the city are cordially invited to attend the services. Reserved seats will be kept for all members of the Union. This sermon will be preached at the request of the members of this organization and all the laboring men in the city are urged to be present.

Miss Lillie Olliff entertained a few friends, informally, Tuesday evening.

Work now while you are able. But make your work count. If you burn your wood as fast as you saw it, you will have none left for your winter's supply.

And so in life; if you spend as you earn, you will have nothing to show for life's labor. Start to-day—open an account with us.
