THE CONTEST LARGELY ATTENDED

Sharp Competition Between High Schools of the First Congressional District—Many Visitors Attended.

Statesboro won the game of ball from Swainsboro by a score of 6 to 0. It was a fine game and few errors were made on either side.

After the contests were over the visitors spent the balance of the day looking over the city, many of whom had never visited before. Automobile rides were given over the city, and over good roads leading out in all directions. The Statesboro Automobile Company did a rushing business.

The crowd were all in a good humor and left late in the afternoon, expressing themselves as having enjoyed the day with us. The following are the winners for the day:

Saturday was a red letter day for Statesboro, early in the morning the people began to pour into town from all sections of the First Congressional District. Two car loads arrived from Hagan-Claxton and Swainsboro on the Central at eight o'clock. This was followed by a large delegation, a full car load from Vidalia, which arrived via the Savannah, Augusta and Northern Railway via Garfield at 10 o'clock.

The medals were warmly contested for and interest in the outcome was keen from the start. All the schools won some of the medals, and the honors went off about even.

Declaration, Mr. Matthews, of Vidalia.

Expression, Miss Brown, of Swainsboro.

Music, Miss Williams, of Statesboro.

Ready writers, boys, A. S. McQueen, Vidalia.

Ready writers, girls, Miss Louise Hughes, Statesboro.

TRACK ATHLETICS.

Standing broad jumps, Lee Smith, Claxton.

Running broad jumps, Hubert Jones, Statesboro.

Standing high jumps, Lee Smith, Claxton.

Running high jumps, a tie between Hubert Jones, of Statesboro and Turner Bruton, Claxton.

100 yard dash, Dan Arden, Statesboro.

Gold medals will be given the successful contestants in the literary subjects and silver medals to the successful ones in track

athletics.

After the exercises a short business session was held and the following officers elected for another year. E. L. Ray, of Vidalia, Pres; J. W. Hendrix, Statesboro, Vice President; J. L. Renfro, Statesboro, Secretary and Treasurer.

Commencement Exercises

Prove Attractive.

The commencement exercises of the Statesboro Institute are now being held. The commencement sermon was delivered Sunday by Dr. H. Conelson of Nashville Tenn. in the presence of a house packed to its standing capacity.

EFFORT TO SET DAY FOR TARIFF VOTE IN SENATE FAILED.

Senator Aldrich Wanted it Voted on June Second.

Washington, May 22.—Senator Aldrich endeavored to get a day named for taking the final vote on the tariff bill, naming June second as his preference. Objections were made on both sides of the chamber. Senator Daniel recorded his objection. Being unable to secure unanimous consent to the naming of a day, Senator Aldrich submitted.

Senator Bailey during the consideration of business in senate insisted on the presence of a quorum. He said he had promised Senator Aldrich to aid in having a quorum and declined to permit the senate to proceed when the necessary number was not present.

"The iniquitous system known as the protective tariff, under which has grown up a policy of extortion," was the basis of a speech in the senate by Senator McLaughlin.

He contended the constitution gives authority only for customs duties for revenue purposes. He declared the United States should "throw of the burden of the Philippine Islands and thus save a hundred million dollars of military expenditures." He disapproved of the passage of private pension bills on the ground that all ex-soldiers should be placed on an equal basis by being required to depend upon the pension law to determine their rights to the bounty of the government.

The senator advocated an income tax and head tax upon immigrants, saying that such a course would permit among other things a removal of the duty now levied upon bagging and ties used by the cotton planters of the South. He spoke against a differential duty on refined sugar, arguing that it only enriched the already "opulent sugar barons."

Will Sell 25 Bales of Cotton

Mr. D. E. Bird was in town yesterday arranging for a car to bring his cotton to market. Mr. Bird has twenty-eight bales on hand now and will market it within the next few days.

He is one of the best farmers in the county, and one that holds his cotton till the market gets to be somewhat to his liking.

Simmons Unloads 400 Bales.

Mr. R. Simmons sold a big block of cotton Saturday, unloading 400 bales of short cotton at 11 cents, all around. This netted him a fair profit, some of which had been held for many months and was purchased at a much lower price.

The deal is said to have netted him five thousand dollars.

NEW ROAD PROJECTED FROM SAVANNAH TO FORT GAINES.

To be Known as Savannah & Southwestern—Charter Asked for.

A charter has been applied for by the organizers of the Savannah and Southwestern Railway which will extend from this city westward, eventually, if the plans are carried out, to Fort Gaines.

Plans for the line are yet in rather embryonic shape, the original scheme being for the stock company which is being formed to take over twelve miles of track which the Perkins Lumber Company has constructed out from Itasca.

Mr. W. C. Perkins, president of the Perkins Lumber Company, stated last night that the new line may be built into Savannah, or it may make connection with the Coast Line at Ways station or the Seaboard at Cuyler, the junction point of the Savannah and Statesboro railroad.

The lumber company laid twelve miles of track out from Hagan as a means of shipping its product to a trunk line. Believing that this short line is a nucleus for a railroad with paying possibilities Mr. Perkins has associated with him a number of gentlemen who have confidence in the enterprise.

Application has been made to the secretary of state for a charter. The promoters intend to begin operations with \$1,000,000 capital stock. None of the money has been raised yet, but they claim to have enough money in sight to begin road building just as soon as the charter is granted. A gang is now at work extending the short line, but work will begin in earnest as soon as the organization has been effected. It is quite likely that Mr. Perkins will be elected president of the company, he being the individual most interested in the enterprise. The incorporators are: F. W. Durden and E. M. Frank, of Chatham county; W. T. Kiehl, of Bryan county; and C. S. Grice, N. A. Thaggard, W. G. Warnell, G. W. DeLoach, D. M. Bradley, J. H. Perkins, W. C. Perkins, C. W. Smith, J. V. Kelley, S. T. Ellis, M. A. Smith and P. M. Anderson, of Tattnall county.

According to the charter petition the length of the road when completed will be 275 miles.

The counties through which the road will probably run are: Chatham, Bryan, Liberty, Tattnall, Toombs, Montgomery, Telfair, Ben Hill, Irwin, Turner, Worth, Dougherty, Calhoun and Clay, and names of the principal places from which and to which it is to be constructed are from Savannah to Fort Gaines.

The amount of the proposed capital stock is \$1,000,000, in shares of \$100 each, all of which is to be common stock of equal dignity. The right to increase the stock to \$2,500,000 is reserved by the petitioners. They desire to obtain a charter for a term of 101 years. The headquarters of the proposed railroad will be in Savannah.—Savannah News.

Notice.

I take this method of inviting my friends and the public generally to call at my place of business in West Statesboro and inspect my goods and get my prices before buying elsewhere. I have determined to name as close a cash rate as can be made. I sell strictly for the cash and save my customers the difference between cash and credit. I have to have the cash down at the prices I am quoting and to that end I believe I can save you some money.

GROOVER PETITION REFUSED

Council Renders Adverse Decision on Near Beer Application.

The City Council and Mayor held a long meeting yesterday afternoon to consider the application of Mr. J. B. Groover, who presented a petition endorsed by twenty-three citizens asking for a permit to sell near beer under the ordinance recently enacted.

After receiving the petition the Mayor and Council went into executive session to consider the application. After discussing it in all its phases it was the unanimous decision of the Mayor and all five Councilmen present that the petition of Mr. Groover be turned down. The reasons of this action are reported to be as follows:

Under the recent ruling of the court of appeals, it was decided that the towns and cities could pass reasonable regulations and require Confederate veterans to comply with them, but could not pass prohibitive restrictions. Among the regulations which the court of appeals passed upon as those being reasonable was that a certificate of good moral character could be required, and that after the certificate was received the Mayor and Council could then pass on it. On this ground Mr. Groover's petition was rejected. The objections have been reduced to writing and spread upon the minutes, based on these charges:

First, Mr. Groover has been convicted and fined for violating the State prohibition laws, several years ago. An indictment for a similar offense is now hanging over him. He has been a violator of the ordinance since he applied for a permit, it being alleged that he did business on Saturdays and other days recently. These are among the reasons for declining the application for a permit.

It is expected that Mr. Groover will open today and then the matter will go to the courts for settlement.

PATTEN'S MAY WHEAT

CORNER CLOSES \$1.34

Showed Mercy in the Wind Up—Made \$7,300,000.

Chicago, May 30.—The great James A. Patten May wheat deal closed Saturday quietly and passed out of existence at the price of \$1.34, 11-16, lower than the record price for the deal.

The wheat king made his millions and was willing to end his deal without forcing the shorts into bidding the price up to \$1.30 into a bushel. Despite the fact that he had previously declared there would be no private selling, that is just what happened. He gave the shorts a chance and they seized upon it. The end of this, the second successful corner since 1887, was a surprise to many.

The public galleries of the Board of Trade were thronged with speculators, who fully expected to witness a scene of excitement that would stir the blood. There was also a feeling of tenseness on the floor right up to the stroke of the going at noon. Then came the sigh of relief. The Patten deal stalked quietly and with dignity, there being no excitement in the pit.

May wheat opened at \$1.34, one cent higher than Friday's close,

Pathfinder's Car This Way.

On Sunday the Atlanta Constitution's pathfinder's car went through Statesboro enroute to Savannah.

Mr. R. V. Conneratt and Mr. Lewis of the Constitution staff were in the car. It was a Buick six cylinder car and was making a fast run. They were going down to join the Savannah-Augusta endurance run yesterday.

Mr. Conneratt said the roads through Bulloch were among the best he had seen. He favored changing the run through this way, but the plan had already

been arranged to go through Screven county, and this was adhered to on the trip up, but the run on the way back will come through Statesboro. About a dozen cars are expected through here sometime during the day today.

Mr. Percy Averitt is in the race with one of the cars of the Statesboro Automobile Co.

Rural Carriers Had Big Day

The First Congressional District Rural Carriers' Convention met in Statesboro on yesterday, with a good attendance. The convention was called to order in the Court House at 11 o'clock with Mr. T. A. Jones of Manasses, in the chair. Hon. J. J. E. Anderson, Alf. Herrington, R. Lee Moore, R. Simmons and J. W. Williams addressed the meeting. Herrington was the principal speaker of the occasion and got off one of his characteristic side splitters. He told of his experience in launching a good roads movement in Emanuel county years ago when the people foolish enough to send him to the Legislature. He secured the passage of a bill to work the roads of his county by local taxation, provided it was ratified by a vote of the people. The bill was submitted and received just six votes at the ballot box, he stated that he didn't get turned out of the church for using language appropriate to the occasion when the returns came in, for the reason that he didn't belong to any church. It laid him out politically for ten years, but now he was proud to say that these very methods were being put into force by the people of Emanuel. He favored good roads, good automobiles, good eating and good looking women, and all the other things that were glorious and great in this world.

Col. Moore made a short, but forcible speech, he, too, advocated good roads, as did Col. Anderson.

Hon. R. Simmons was called on and delivered an enthusiastic talk. He said he had become converted to the automobile and to the good roads movement. He would pay fifty dollars a mile for a road to be run through his lands for a distance of two miles like they are building now. He would personally go down in his pocket and pay part of the expenses for working two roads, one of which was the Enal road and the other the Lotts Creek church road. At the conclusion of Mr. Simmons' speech Mr. J. W. Williams delivered a short but interesting talk. He favored good roads and was ready to submit to any reasonable taxes to obtain them, he thought the people who were opposed to good roads were standing in their own light.

There were twenty-five members of the Rural Carriers present from this and adjoining counties. The enthusiasm displayed was encouraging to the boys. The day was a National holiday, it being Decoration Day. The post office observed Sunday hours and the rural routes were all stopped for the day.

The visitors were shown around town by the local carriers and citizens, and went away expressing themselves as having enjoyed the day.
