WHAT HEAD COACH BRIAN DUNLEAVY SAID

"It's very rare to absolutely dominate the majority of the game and still lose three nothing. We've got to find a way to start games better than we are, we gave the best player in the conference time and space to finish her chances. Kaylee Davis is a clinical finisher, and she was the difference. Texas state had five shots on goal and scored three. We had five shots on goal and couldn't score. In the second half Texas State crosses midfield three times, they couldn't get on the ball, we dictated the tempo and tore them apart but didn't finish our chances. There were two clear cut penalties that weren't called, and after watching film I'm at a loss as to why they weren't called. Nevertheless, it's on us to start games properly, finish our chances, and win games. Because the only thing that actually matters is the scoreboard and we were clearly on the wrong side of that today."
