Savannah City Council to

Witness Brown Inaugural.

Savannah will be officially represented at the inauguration of Governor-elect Joseph M. Brown on June 26. A resolution to that effect was adopted by the City Council at the meeting yesterday. The text of the resolution is as follows:

"Whereas, The Hon. Joseph M. Brown will, on June 26, be inaugurated Governor of the state of Georgia; and

"Whereas, He has manifested the most cordial interest in Savannah, and, on the occasion of his recent visits to this city has expressed a desire for her proper recognition; and

"Whereas, It is both appropriate and desirable that the city of Savannah be represented at the inauguration ceremonies; therefore, be it

"Resolved, by the Mayor and Aldermen of the city of Savannah in Council assembled, That a delegation consisting of the Mayor as chairman and such other members of the Council as may be able to attend, go to Atlanta to represent Savannah on that occasion; and be it further

"Resolved, That a copy of these resolutions be forwarded to Hon. Joseph M. Brown, Governor-elect, by the clerk of the Council."—Savannah News.

A FIBRILLING RESCUE.

How Bert B. Lean, of Cheno, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For lung trouble, bronchitis, coughs and colds, asthma, croup and whooping cough it's supreme. See and try. Trial bottle free. Guaranteed by W. H. Ellis Co.

Harville School Closing

Was Enjoyable Event.

The school closing exercises at Harville were largely attended and the event was a most enjoyable one, a fitting ending of the most successful term in the history of the school.

After a nicely arranged program was carried out by the pupils, a sumptuous dinner was served under the trees. It was a bounteous feast.

An address on the subject of education was delivered by Prof. J. E. Brannen, who held the undivided attention of the crowd.

Miss Ruth Proctor, who taught the school satisfactorily, is an enthusiast in school work, and the patrons speak in glowing terms of her work.

Prof. Brannen presented Miss Proctor with a beautiful clock—a token from the pupils of the school.

Miss Proctor was re-elected teacher for the next term.

MEN PART FIFTY IN DANGER.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." W. H. Ellis Co.

PROHIBITION WAVE IS NOW RECEDED.

That Is The Claim Of The Brewers In Session at Atlantic City.

Atlantic City, N. J., June 2.—Declaring that "the professional advocates of the anti-saloon league have overshot the mark and that their statements are grossly exaggerated," the Board of Trustees of the United States Brewers' Association which opened its 19th Annual Convention here today, went on record with additional declaration that the so-called "prohibition wave" has reached its height and that "reaction is already beginning to set in."

About 300 delegates were present when Julius Lieberman, of New York, President, delivered his address.

The members of the association are said to control two thirds of the beer output in the United States.

One of the features of the convention, was the public meeting tonight where a political speaker was the Rev. John P. Peters, chairman of the committee of four, which is investigating the liquor question in New York. All the speakers at the public meeting advocating the wiping out of saloons that are not conducted in accordance with law. They also urge a better enforcement of reasonable and fair liquor laws. President Lieberman presided at the public meeting and presented the Rev. Mr. Peters.

In discussing the cause of the prohibition movement Rev. Mr. Peters frankly told the Brewers' Association that the liquor dealers themselves are partly responsible for the agitation in that they have not always conducted their business properly.

Speaking especially of conditions in New York city he said the Brewers, by their methods of transacting business, have shouldered the responsibility for political corruption and other evils and flouted in the face of the people the fact that they do so.

However, he did not charge, he said, that, so far as morals are concerned, that the brewers are any worse than any other business men. He has yet to learn, he said, of brewers who have deliberately falsified weights like certain sugar refiners.

WOMEN WHO ARE ENVIED.

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c., at W. H. Ellis Co's.

Elder Appointments.

Editor Statesboro News:

Claxton, May 24.—Please publish these appointments:

Appointments of Elder S. M. Anderson of the Upper Canoechee Association.

Second Saturday and Sunday in June, Ash Branch.

Monday, Lower Black Creek.

Tuesday, Columbia.

Wednesday, Red Hill.

Thursday, DeLoach.

Friday, Enauv.

Third Saturday and Sunday Ephesus.

H. B. WILKINSON.

NOTICE.

We have moved our Harness and Shoe Shop to the rear of D. Friedman's store and we can now have your work done on short notice. We have a good harness maker and a good shoemaker. We will sell you any part of harness you want or trade new harness for old. Wilson & Brannen.

RIOT IN PHILADELPHIA: MANY CARS BURNED

One Hundred Persons More or Less Seriously Injured.

Philadelphia, Pa., June 2.—One policeman shot and probably fatally injured, nearly a hundred persons bruised and battered, either by policemen or strike sympathizers, and five cars wrecked and then burned, is the result of an attempt on the part of the Rapid Transit Company to operate their cars by imported strike-breakers.

The point at which the most serious rioting occurred is known as Fenington Mill district. In this section of the city there lives nearly every nationality, the foreign element predominating. When the Traction company announced that cars would be run, nearly all the storekeepers in the Kensington district, knowing the temper of the residence there, closed their stores promptly at 6 o'clock.

As one car after another left the barn, crowds stood on the street corners in sullen silence. Finally, a boy cried "scab," and immediately he was pursued by a policeman, who was riding on the car. As the officer started for the youth the crowd closed in upon him, and so quickly was this done he was unable to draw his revolver. The weapon was taken away from him, and is believed to have been the same revolver with which Policeman Levy was shot a few minutes later.

The fire which had been smoldering now burst into a flame of fury. The objective point was Alleghany Avenue, and in less than half an hour seven cars were wrecked, five being completely demolished and burned.

The police officers were powerless at the moment to combat the mob, but a riot had brought half a hundred bluecoats to the scene, and the crowd was driven back. But the damage had been done and there was little need of the preservers of the peace so long as there was no attempt made to run cars from the barn.

While the serious disturbance was in progress in the Northeastern section of the city, there were incendiary riots at the car barns at Sixteenth and Jackson streets, in the downtown district, and at Forty-ninth and Woodland avenue, and Forty-first street and Haverford avenue, in the West Philadelphia district.

The crowd grew menacing when an attempt was made to run cars from the downtown barns, and a policeman who was endeavoring to quell the disturbance, was ducked in a water trough. Twenty-five plain clothes men and policemen were rushed to the scene on a special trolley.

The imported strike-breakers proved to be a disappointment to the company, many of them deserting their cars at the first sign of trouble and leaving them standing in the streets. Several of them applied to the strikers for aid to return to New York, saying that they had been brought here under misapprehension.

Influential political leaders are bending their energies toward a settlement. Sen. Tor McNichol, the recognized Republican leader and Senator Vane, who controls the downtown section, announced that they sympathized with the men and were trying to bring the strike to an end.

Senator McNichol submitted to the company the demands of the men. These, it is understood, were somewhat modified. Twenty-two cents an hour, instead of 25 cents, originally asked by the men, is said to be one of the new demands. These demands when submitted to the Traction company, according to Senator Nichol were assented to with some slight modifications. The modified agreement was returned to the men who will make their final answer today.

An estimate of the daily cost of

COSTS MILLIONS OF DOLLARS TO FEED RATS

The People Pay \$100,000,000 a Year to Keep Them Going

Washington, D. C., June 2.—Even the prince of American millionaires soon would be bankrupt if he had to pay out of his own pocket the rat's annual board bill. It costs the American people \$100,000,000 yearly to feed that worst mammalian pest known to man on grain alone.

This is only one of many interesting facts gleaned from a statement prepared by the expert of the Biological Survey of the Department of Agriculture entitled "The Rat Problem," and just issued. The problem is one of the most serious which has confronted officials of that service and an active campaign to rid the country of the pest is strongly urged.

Untold millions of dollars worth of property are being destroyed every year by the rat, which is also the principal agent in the dissemination of bubonic plague. The Norway rat is the most common and by far the most destructive of the rat family. It has been carried to almost every part of the world on ships and wherever it has landed it has made itself at home.

The rats' bill of fare included almost everything eaten by man and a considerable number of things not included in human dietaries, as, for instance, carrion, mice, kid gloves, ivory and living horses' hoofs. Its most common foods are corn and grain. If fed on grain alone, it is estimated that one rat will eat 60 cents worth in a year, while of oatmeal it will consume \$1.80 worth.

But the damage done is not to be measured by what a rat eats. Through pollution of food products it does as much damage as by eating them. Besides, it does as great damage by digging under buildings and embankments, by gnawing wood, cutting holes in sacks and by cutting up goods and papers to make nests. The killing of young poultry and squabs and the stealing of eggs are among its other destructive habits.

The rapidity with which rats multiply is the main reason why man appears to make so little headway in their destruction. It is calculated that a single pair of rats and their progeny breeding without interruption and suffering no losses, would in three years increase to more than 20,000,000. Ratproof construction of buildings, especially the use of concrete in foundations, is urged. The rats' food supply could be reduced and their numbers thereby decreased by the disposal of garbage and the protection of food supplies, the statement says.

Foley's Honey and Tar is especially recommended for chronic throat and lung troubles and many sufferers from bronchitis, asthma and consumption have found comfort and relief, by using Foley's Honey and Tar. W. H. Ellis & Co.

the strike places the loss in various items at \$100,000 as follows: Loss to Philadelphia Rapid Transit Company in fares and increased cost of operation \$70,000 Loss to amusement parks 10,000 Loss to strikers in wages 10,000 Loss to baseball games 5,000 Loss to city for extra policemen and feeding men held for special duty 3,000 Miscellaneous 2,000 Total \$100,000

Everyone would be benefited by taking Foley's Orino Laxative for constipation, stomach and liver trouble as it sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and a superb, superior to pills and ordinary laxatives. Why not try Foley's Orino Laxative today? W. H. Ellis & Co.

RUNABOUT \$500, TOP EXTRA

This is the Runabout which won the great Economy test in N. Y. Economy not only shows saving of gasoline and oil, but it shows that the engine doesn't kick up a fuss inside itself, waste power, and wear itself out, but goes along about its business, getting you there and back again. Come in and let us prove this to you.

J. E. BOWEN

STATESBORO, GA.

Look at the Difference

6 GALLONS DEVCO 6 GALLONS OTHER PAINT

One-third of the paint-money goes for the paint, two-thirds for the painter. It all goes by the gallon; look out for the gallons. The least-gallons paint is Devco.

Fewer Gallons or No Pay

Paint half of your house with any other paint; paint half with Devco. The other half will take the most gallons; if not, we will make no charge for Devco.

Wears Longer or No Pay

Here's another offer. Paint half of your house with lead-and-oil; the other half with Devco lead-and-zinc. In three years the lead-and-oil half will need repainting, while the Devco half will be about like new. If not, we will give you the paint for the whole house.

A. J. Franklin

LOCAL AND PERSONAL

Miss Anna Hughes entertained last Monday evening complimentary to Miss Janie Bradley of Hagan.

Mr. Parker Hughes, of Ludowiek, spent last week here as the guest of his uncle, Mr. W. T. Hughes. He was accompanied home by his brother Mr. Alvah Hughes, who has been attending the Statesboro Institute.

A play by local talent under the management of Miss Hudt, of Guyton, will be given at the auditorium, Thursday, June 10th, at 8:30 p. m., for the benefit of the monument fund. The play is entitled "Popping the Question." A complete program will be published the early part of next week.

Mr. J. B. Lanier, of Brooklet, gave us a call yesterday, marking up his subscription another year.

WANTED—Country meat, hard, chickens and eggs. Will pay highest market prices for same. A. J. Clary.

Mr. E. A. Smith has bought out the Pulaski Ginney outfit at Pulaski and will operate it at the same site the coming season.

If you smoke patronize our lady cashier. The Utopia.

Considerable property changed hands at the legal sales on Tuesday.

The popular Oxfords are at The Shoe Store.

Mr. H. R. Williams spent a day or two in Savannah this week.

Want right away 200 bushels of good corn; will pay \$1 in trade and 80c in cash. Statesboro Buggy & W. Co.

Mr. James Riggs of Register was a visitor at THE NEWS office this week.

All ladies' \$2.50 and \$3 Oxfords in patent leather, tan and black sizes broken in some lots, for \$1.50 per pair, at Clary's.

Col. R. Lee Moore went up to Millen on Thursday to attend the unveiling ceremonies held there.

Mr. J. E. Anderson of the Sink Hole was in town on yesterday.

All men's Oxfords in patent, tan and Gun Metal, regular \$3.50 and \$4.50 values for \$2.95, at Clary's.

About 100 pairs men's and ladies' low Shoes, sizes broken in this lot, 98c per pair at Clary's.

Mr. and Mrs. F. N. Grimes left on Thursday for White Springs, Fla., where they will spend some time for the benefit of Mr. Grimes' health.

The Ochopee Park picnic drew only a small crowd from Statesboro on yesterday. Only about eight or ten tickets being sold at this place. It was the occasion of a Sunday School picnic.

Mr. and Mrs. J. E. McCroan spent two or three days at Savannah and Tybee this week.

Bring us your chicken and eggs. The Racket Store.

Mesdames D. D. Arden and J. J. Z. terover attended the unveiling ceremonies of the Confederate Veteran's Monument on Thursday. They went as delegates from the Statesboro chapter of the Daughters of the Confederacy.

Mr. D. A. Brannen, one of the solid citizens of the Emmet neighborhood called to see one day this week and instructed us to keep the News coming.

The Spring term of the Agricultural School will close on the 15th inst. The program of the commencement exercises will be published later.

Queen Quality Oxfords fit 'as a' Oxfords should fit. Perry Kennedy.

Messrs. S. L. Moore, S. C. Groover and D. P. Averitt, went over to Millen on Thursday to take in the unveiling ceremonies.

Conley Barnes is sick with the fever out at the road camps. The physician states that his fever was considerably lighter yesterday than the day before.

Rev. Paul W. Ellis returned from McRae on Wednesday afternoon of this week.

The June term of the City Court only held one day this time, most of the cases being postponed on account of the busy season.

Mr. L. W. Armstrong came in from Chicago on Thursday afternoon, and is spending a few days in town. We understand that Mr. Armstrong is prospecting with a view of locating in our beautiful little city.

The regular monthly meeting of the Woman's Home Mission Society will be held Monday, June 7th, at 4 p. m. A full attendance is urged as we have some important business to transact, election of delegates to district meeting, etc.

Mr. Shearouse, our district secretary, will be with us June 14th and will give a talk at 4 p. m. Program will be printed later.

Mr. A. J. Franklin and family moved to Tybee yesterday where they will remain during the summer.

Dr. A. J. Mooney and Mr. A. F. Morris returned home from Capto yesterday where they attended a Masonic meeting.

Miss Bessie Rushing of Claxton, is spending a few days with Miss Edna Brannen.

Miss Mary Mikell is visiting Miss Josie Olliff this week.

You with the blues—take DeWitt's Little Early Risers, the safe, sure, gentle, easy little liver pills. They are the best made. Sold by W. H. Ellis Co.

Miss Ouida Brannen has returned home from school.

Mr. Dent Brannen returned from the State Normal Institute on yesterday where he has been in school.

Mrs. J. L. Matthews and Josie Helen left Thursday morning to spend the summer at Tybee.

Many of our citizens are drifting towards Bright's disease by neglecting symptoms of kidney and bladder trouble which Foley's Kidney Remedy will quickly cure. W. H. Ellis & Co.

Messrs. Jack Riggs and Grady Smith returned home from McRae on yesterday where they went to play ball with McKee. Smith pitched two games against Cochran and won them both by a good score. Riggs played shortstop like a veteran.

Mr. J. L. Wilson of Route No. 6 sent us in a lot of cotton founts out of his field on yesterday. These are the first of the season.

The News force are under obligations to Mr. John P. Jones for a fine lot of ripe tomatoes, presented us one day this week.

Colds that hang on weaken the constitution and develop into consumption. Foley's Honey and Tar cures persistent coughs that refuse to yield to other treatments. Do not experiment with untried remedies as delay may result in your cold settling on your lungs. W. H. Ellis & Co.

Walter Miller Shoots Himself

While on a fishing trip in the Ogeechee river on Thursday night Walter Miller was shot in the arm, by the accidental discharge of a Winchester rifle. The gun was being handled in a boat and went off a 38-calibre bullet piercing his wrist and going out at the elbow. The wounds, though painful, are not thought to be serious.

COULD NOT BE BETTER.

No one could have made a salve, ointment, lotion or balm to compare with Bucklen's Arnica salve. It's the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, eczema, salt rheum. For sore eyes, cold sores, chapped hands it's supreme. Infallible for piles. Only 25c, at W. H. Ellis Co's.

JAMES J. HILL DECLARES PATTEN HAD NO CORNER

"He Merely Took Advantage of an Opportunity." Wheat Scarce.

James J. Hill, chairman of the Great Northern board of directors, visited the Alaska, Yukon Pacific Exposition buildings the other day. Discussing the recent wheat corner, he said:

"It is a mistake to say James A. Patten cornered the wheat market. It is merely a case of a man taking advantage of an opportunity. It has been but a few years since it was estimated that the average consumption of wheat per annum in this country was six bushels, but now the experts agree that it is seven.

"The census of 1910 will show that we have a population of 90,000,000, which will mean that we will require for our own use 630,000,000 bushels hereafter. "We raise now probably 650,000,000 bushels of wheat in the United States with good crop conditions. This will leave us but 20,000,000 bushels as a surplus for export, while in the past we have exported more than 120,000,000 bushels per annum. So one can see that we will need all our wheat to feed our own people.

"It must be remembered that the number of live stock slaughtered last year was 1,000,000 less than the year before. When farmers of Iowa, Minnesota and Nebraska can get 90 cents a bushel for corn at the country station they will not take the risk of hog cholera and the labor incident to hog raising, but will sell all their grain."—New York American.

In sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a stomach nerve, or it may have given strength and support to the heart or kidneys. It was Dr. Shoop who first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the stomach nor to temporarily stimulate the heart or kidneys. That old-fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once, and see! Sold by W. H. Ellis Co.

WANTED "TOO MUCH SUGAR FOR A NICKLE."

New York Man Makes Proposition That Seemed to be "Loaded."

Mr. T. J. Cunningham, a New York capitalist, spent the day in Statesboro yesterday, prospecting for a site on which to erect a wood working plant. He looked over the city and expressed himself as being pleased with the place and intimated that he was ready to begin the erection of his plant provided the city government and the citizens would come across on certain terms.

The mayor and city councilmen held a conference with Mr. Cunningham at the Jaekel hotel and considered his proposition, which was as follows:

Mr. Cunningham agreed to erect a thirty-three thousand dollar wood working plant, provided the citizens and city furnished him a site of ten acres of land on the line of the Savannah & Statesboro railway, exempt him from taxation for five years and subscribe for ten thousand dollars worth of stock in the concern. The stock which he proposed to deliver to Statesboro was not to have any voting power.

The council adjourned and will meet again to consider the proposition, but at the present time there seems to be a feeling that the gentleman from New York wanted "too much sugar for his nickel."

4 and 6 qt. Enamelled Milk and Pudding Pans. Special at 10 cents each. The Racket Store.

One price; plain figures. The Racket Store.

Ladies' Gauze Vest, the best one in town for 10 cents. The Racket Store.

WANTED—Some Shoats; will pay cash for same. Apply at my office. A. E. Temple, Clerk's Office, Statesboro, Ga.

BULLOCK COUNTY'S CENTENARIAN DEAD.
W. A. Kelly Died at 102.—Celebrated His 101st Birthday Last March.

William A. Kelly died at the home of his son-in-law, J. H. Gray, at Clito, Wednesday at the ripe old age of 101 years. Mr. Kelly celebrated his one hundred and first birthday March 10. He was a native of South Carolina, but had resided in Bulloch county eighteen years. He was born, March 10, 1808, in Greenville, on the Saluda river, near the Three Forks. He moved from the place of his nativity at 6 or 8 years of age to Laurens county, near the Saluda, where he remained about five years. Leaving there he went to Edgefield county, near Edgefield Court House, where he grew to manhood, he went to Abbeville, where he spent several years farming.

Mr. Kelly was married at the age of 45 to Miss Amanda Eiten at Edgefield, and to them were born eight children, five boys and three girls—Joseph, John, Lunford, William, Lake, Amanda, Annie and Mary—seven of whom are still living. Joseph, Lunford and Lake Kelly still live at Edgefield; Amanda, wife of Mr. J. H. Gray, with whom Mr. Kelly had lived his home for the last eight years, at Clito; Mrs. Annie Avey, Augusta, and Mrs. Mary Mitchell, Augusta. There are five grand-children and two great-grand-children.

Mr. Kelly's parents were of Irish descent, his mother being an Abney. He comes from a family of longevity, his mother having died about twelve years ago at Edgefield at the ripe old age of nearly six score years, having lived to be 116 years old. Mr. Kelly has a sister still living in Edgefield, Miss Mary Kelly, who is 86 years old. His wife died in 1894 at the age of 64.

Mr. Kelly never enjoyed good health. While he was of Southern birth and was in deep sympathy with the South when the Civil War came on, he was not physically able to participate in the struggle. Even after passing the century mark he was in about the same health as he had been for many years, but since he was stricken with paralysis last July he had been very feeble and was only able to sit around his room, occasionally going out on the veranda. He was a user of tobacco all of his life but was very temperate in the use of whisky.

Tell some deserving rheumatic sufferer, that there is yet one simple way to certain relief. Get Dr. Shoop's Book on Rheumatism and a free trial test. This book will make it entirely clear how rheumatic pains are quickly killed by Dr. Shoop's Rheumatic Remedy—liquid or tablets. Send no money. The test is free. Surprise some disheartened sufferer by first getting for him the book from Dr. Shoop, Racine, Wis. W. H. Ellis Co.

Attention Tax Payers.
The books for the return of the taxes of the City of Statesboro for the year 1900 will be open from June 7th to the 23rd. All parties are requested to come forward and make their returns. The books will be opened at the office of J. B. Lee in the Sea Island Bank Block. This May 26th 1900.

Dr. W. S. Simmons,
Guyton, Ga.

CHAMPION JERSEY.
Jacobus Iren, bred in this country, and Her Wonderful Record.
Some months ago Financial Counties, an imported Jersey owned by C. E. Parfet of Colorado, held the official record for Jerseys with a production of 736.3 pounds of fat. A little later Adelaide of Beechland, bred by Mr. Sweet of New York, but now owned by the Ladd estate of Portland, Ore., where the year's work was accomplished, eclipsed this record by producing under official supervision 840.82 pounds of fat during the preceding twelve months. And now comes Jacobus Iren, owned by A. O. Auten of Illinois, with another eclipsing record of 864.1 pounds, says a writer in *Hoar's Dairyman*.
Jacobus Iren and Adelaide of Beechland are of American breeding for several generations, which suggests that if one's ambition is to discover and disseminate the best representatives of the Jersey breed it is not necessary that he should cross the ocean to find them.
Bred by J. M. Shrader of St. Joseph, Mo., and dropped April 3, 1893, Jacobus Iren commenced her world conquering career for Mr. Auten by freshening twelve months ago in the succeeding twelve months gave 11,301.1 pounds of milk containing 619.9 pounds of fat; average test, 5.44 per cent. She freshened again July 10, 1894, and during the ensuing year gave 14,255.7 pounds of milk containing 792.1 pounds of fat; average test, 5.55 per cent. Thirteen and one-half months later, Jan. 28,

JACOBUS IREN.

1908, she freshened again, and her record for this third year is 17,253.2 pounds of milk containing 851.1 pounds of fat.
It goes without saying that she was well born, but none of her immediate ancestors was especially renowned. The sire of St. Lambert being her great-grandfather. Indeed, so far as can be learned, the others left no records from which one could predicate the fact that she was a descendant of a champion. About all that can be said is that her dam, Poggio Irene II, was less than twenty-three months old when Jacobus was born, that her granddam, Poggio Irene, was three years old when Poggio Irene II was born and that this granddam was a heifer's first calf. It would seem, therefore, that the more or less widely disseminated opinion that a heifer's first calf is of inferior quality has no foundation in fact and that early breeding does not necessarily result in diminished size or impaired constitution.

Anti-acid For Calves.
When calves crave for wood or other unnatural substances it is an indication of an excessive acid condition of the digestive organs. They need an antacid, the same as cows eating bones to neutralize this acid condition. Give them a teaspoonful of bicarbonate of soda in milk twice daily.

Mixed Ration More Profitable.
For wintering cattle it is more profitable to feed a mixed forage ration than to feed any single kind of forage. —Nebraska Experiment Station.

STOCK AND DAIRY.
A close, poorly ventilated stable may be very cold. It takes plenty of pure air to keep cattle warm.

Selecting Range Cows.
In selecting range cows for dairy work the Colorado experiment station reports that grade Shorthorns have usually been found the most satisfactory. The cow should be selected for four dairy points—a good udder, prominent hip bones, a sharp bone at the top of the shoulder and large stomach capacity.

White Specks in Butter.
White specks in butter are sometimes nothing more than fine particles of milk curd caused from lack of care in skimming. Sometimes they are small specks of dried cream due to dry curd having been scraped from the sides of the pan and being too dry to thoroughly soften and mix with the rest.

Selecting Breeding Stock.
In building up a herd of pure bred animals on the farm as much attention should be given to the foundation of that herd as would be given to the foundation of the house or the barn on the farm. The selection of the breeding stock is of prime importance. If you could secure the help of a successful breeder in making the first purchase it would be advantageous. Men of experience are quick to observe certain important points the beginner would overlook. With sound judgment, good care and management you cannot expect to succeed in increasing the fertility of your land, building up a home or establishing a herd of pure breeds.

Millen Will Build a Handsome Church
With a view to building a church in Millen, similar to one of the Statesboro edifices a committee from that city spent yesterday in Statesboro inspecting our churches. Both the Methodist and Baptist churches were inspected, but just which one of the two committees liked the best is not known. It is understood they were deeply impressed with each of them and the decision will be made later. The committee was composed of Judge W. S. Godbee and Rev. I. T. Tyson of Millen, and Architect W. B. Camp of Jacksonville, Fla.

If you have dyspepsia or indigestion or any stomach trouble, you must help the stomach do its work by taking something that can and will digest the food for the stomach. Kodol will do this, and it is the only thing we know that will. Kodol is made of the natural digestive juices. It will digest the food you eat. Every tablespoonful will digest 2-4 pounds of any food that you may ordinarily eat. Kodol is pleasant to take. It is sold by W. H. Ellis Co.

SUMMER EXCURSION RATES
To New York, Boston, Baltimore, Philadelphia and the East, via Savannah and Steamships.

The Central of Georgia railway is now selling summer excursion tickets to New York, Boston, Baltimore and Philadelphia, and resorts in the East, at very low rates for the round trip. Rheumatism
I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn back the clock to youth again. That is impossible. But I can now surely kill the pain and ease of this dreadful disease.
In Germany with a Chemist in the City of Darmstadt I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made. That last ingredient, I successfully extracted from a powerful German prescription. Without this powerful ingredient, the Rheumatic Remedy could not cure all curable cases of this terrible and distressing disease. These made the Rheumatic Remedy, found in Rheumatic blood, seem to disappear and pass away under the action of this powerful remedy. As does sugar when added to water. Truly pain from the system, and the cause of the Rheumatic Remedy, is actually removed and no longer will it return. We sell, and in confidence recommend our help.

Dr. Shoop's Rheumatic Remedy
Sold by W. H. ELLIS Co

A TALE, THE HEBREW, AND THE HOLY CITY.

It is said that no Hebrew will enter Rome through the shattered Arch of Titus for by so doing they are reminded of the destruction of their loved Jerusalem, for in the broken panels of the arch are discernible the spoils of the second Temple, which speak to them not of liberty but of the sorrows of Judah. The intellect of man cannot portray a picture of fealty stronger or more true.
If our people were actuated by such a sentiment, and their impulses were guided by such a love for home, for Greater Georgia, No. 4 thousand times no! Would not Georgia be the Empire State of the Union, and the Empire Life the greatest company in the country? For our money invested in insurance premiums, would aid her industrial resources.

Georgians, when by your actions you show your confidence in home institutions you will have the wealthiest state in the country.
Be as sincere as the Hebrew in his love for Judah, and quail up Georgia, by insuring with the Empire Life.

THE STATESBORO NEWS.

\$1.00 A YEAR. STATESBORO, GA. TUESDAY, JUNE 8, 1909. VOL. 9 NO. 40

BOARD PROBES CHARGES AND DENOUNCES THEM AS FALSE.

Trustees of Agricultural School Make Investigation and Find No Proof.

The Board of Trustees of the First Congressional District Agricultural school, located here, met in Savannah yesterday and went over the evidence submitted to them concerning certain damaging charges made recently.
After sifting all the evidence at hand it was found that the charges were totally without foundation and made for selfish purposes and the party making them absolutely fell down on making good and afterward denied making them. The evidence submitted by various citizens of the town and parties living in the vicinity of the school vindicated the school management.

There was the fullest meeting of the board that has been held since the school was organized, all but two being present. Unfortunately, it was found from examination of the laws that there is no criminal action allowed against a party who shoots off his mouth at the expense of the good name and virtue of innocent women and girls, and as long as it doesn't get into print or writing action only lies for damages, and considering the fact that no amount of money will reestablish a woman's good name, it was decided to bring no damage suit, but a resolution was unanimously passed asking the legislature at its approaching session to make the crime of slander punishable under criminal action.

Two members of the Board are members of the House and Senate, and a bill covering this point will be introduced.
Messrs. J. Randolph Anderson, S. W. Palmer and E. C. J. Dickens of the Board were appointed a committee of three to draft a set of resolutions covering the above lines and publish them over the signature of the entire Board in every paper in the district.

WOMAN'S HOME AND FOREIGN MISSION CONFERENCE.

Elaborate Preparations for Meeting at Brooklet on June 10 to 13.

Brooklet, Ga., June 7.—Elaborate preparations are being made by our people for the entertainment of the Woman's Home and Foreign Missionary Conference of the Savannah district, which convenes here next Thursday, Friday, Saturday and Sunday. An entertainment committee, a reception committee, a committee on music and various other committees were daily appointed some time ago and have been actively engaged in making preliminary arrangements for the entertainment of the conference. Our people will spare no pains in making this session of the conference a most profitable and pleasant one. A splendid program for the conference sessions has been arranged as follows:

THURSDAY EVENING.
8:00—Conference opened with Scripture reading and prayer by Rev. W. A. Brooks; Conference song; Thanksgiving service by Mrs. A. J. Shearouse; Solo by Mr. G. C. Dixon.
FRIDAY MORNING.
9:30—Devotional; Echoes from over the district, "What has Been Wrought by God and Home Mission Workers," a paper by Mrs. Seals; Solo by Mr. G. C. Dixon; Immigration, "The Needs and the Call," by Miss Truslow.
12:00—Quiet Hour, Miss Emma Myers.
FRIDAY AFTERNOON.
3:00—Devotional service; Song; Our Home Mission Schools; Mrs. Loy Warwick; Preventive and Rescue Work; Paper on "Equal Standard of Morals."
5:00—Heart to heart talks, by delegates and workers.
FRIDAY EVENING.
8:00—Devotional service; Report of dist. secretary, Mrs. Kilpatrick; Message to the Conference, by Miss Mattie Perry; Solo by Mr. G. C. Dixon.
SATURDAY MORNING.
9:30—Devotional service by Mrs. J. M. Lovett; Our Pledge—Where it is placed—When and how it should be paid—(a) At close of each quarter, (b) By a free will offering, led by Mrs. J. M. Lovett.
SATURDAY AFTERNOON.
Devotional service; What About Our Young People by Misses Truslow and Myers; Ebenezer service.
SATURDAY EVENING.
8:00—Fruitful Christians, by Miss Mattie Perry.
SUNDAY MORNING.
6:00—Prayer service.
10:45—Song service; Solo.
11:00—Sermon.
SUNDAY AFTERNOON.
4:00—Service for Young People, Misses Truslow and Myers.
SUNDAY EVENING.
7:45—Song service.
8:00—Service, Miss Mattie Perry. Delegates from Springfield and intermediate points had better come via Savannah. Train leaves Savannah for Brooklet over the S. & S. at 7 a. m. and 3 p. m. Parties from Waynesboro and intermediate points coming via Statesboro, reaching there at 9:45 a. m., may catch the S. & S. train for Brooklet at 3:30 p. m. and those reaching Statesboro at 4:54 will be met Thursday p. m. by private conveyances and brought immediately to Brooklet.
Let the names of all visitors and delegates be sent to Miss Myrtle Robertson, Brooklet, Ga.

Washington, Ga., June 7.—Wilkes County furnishes a conspicuous example of what can be accomplished by the judicious mixture of brains with the "old red hills of Georgia" in the person of Benjamin B. Hardin, who has made a fortune in cotton seed.

Fifteen or twenty years ago Mr. Hardin started life upon his own resources, his total assets being a strong body and mind, a resolute purpose and a good yoke of oxen. The first money that he had to commence business on was borrowed from a local bank by giving a bill of sale for his oxen. Today he owns one of the best farms in Wilkes County, consisting of about 800 acres, from which he is annually reaping a golden harvest.

Several years ago Mr. Hardin became convinced that great results would accrue from the careful study of the soil on which cotton is produced, combined with the proper care in selection of seed before planting. To these two phases of culture he has addressed his time and energies, with the result that he has succeeded in producing a variety of cotton seed that is phenomenally prolific and produces a plant that is hardly enough to stand almost any caprice of the weather.

At first he offered his particular variety of cotton seed to his neighbors, but the news of his success has spread beyond his native county and he found himself swamped with orders for cotton seed from almost every section of the cotton belt. The largest order which has been received by Mr. Hardin was that which came to him a few weeks ago from a firm in Mexico for 2,600 bushels. A representative of the firm in Mexico came to Washington a few days ago to inspect the lot of seed before they were loaded in the cars at this point.
