No Service at Methodist Church.

Owing to the sickness of the presiding elder, the quarterly conference has been postponed from next Sunday till some later date. In view of this fact, the pastor has decided to continue his vacation through next Sunday, so there will be no services at all at the Methodist church on that day. There will be regular preaching services, however, on the 5th Sunday in this month.

Joiner Raising a

Mammoth Squash.

Mr. C. B. Joiner bids fair to become the squash king of Georgia. He reports that he has a vine of the mammoth whale variety and that it has on it six large squashes, the largest of which weighs ninety pounds now and is still growing. Its mammoth size attracted Mr. Joiner's attention and he carried a pair of scales out to the field and weighed it was still on the vine.

Mr. Joiner says he has tried several messes of this vine and that they are as fine for table use as any squash he has ever tasted. He will keep an eye on this squash and when he is satisfied that it is fully matured promises to bring it to town and let the folks see what a real squash raiser he has blossomed into.

Big Exposition For Savannah

There is a movement on foot to pull off a big International Exposition in Savannah in 1915 to celebrate the opening of the Panama Canal. The exposition will be along the lines of the one held at St. Louis, Jamestown and Seattle. Savannah can take care of this great enterprise if she will put her shoulder to the wheel.

THE TWO THINGS NECESSARY TO POSSESS A BANK ACCOUNT

The first, is the Desire or Inclination. Everyone has a wish for money—it is human nature, for it takes money to possess the comforts and necessities of life.

The second requirement is One Dollar or more. The first deposit need not be large, and after the first money is deposited, you have a bank account.

The size of your bank account rests with you.

NO APPOINTMENT IS ANNOUNCED

Gov. Brown May Not Name New Railroad Commissioner Until After Thursday Next.

Another day and still no appointment to succeed S. G. McLeaden as railroad commissioner; one more day of delay and anxious waiting for the several would candidates.

It was thought that Governor Brown would make an appointment during the early part of this week. It now seems certain that he will make no appointment until after the next regular meeting of the commission, which takes place today. Some days ago he stated that he would make an appointment in time for the commission to have a full board at the next regular meeting. When he learned, however, that the meeting took place Thursday, he stated that he would not be able to make the appointment in time.

Chief, of course, among the measures which the governor signed were the general tax act and the appropriations bill. The only bill which Governor Brown vetoed was that abolishing the city court of Ashburn. Great pressure was brought upon him to cause him to veto the bill, and comparatively few persons were apparently in favor of the measure.

Among the important measures which are now laws are the em-ployers' liability bill, authorizing cities of a certain size to issue bonds to the amount of \$100,000 in cases of flood.

Bring your cotton to the Oil Mill. No waiting. We can gin 50 bales a day.

Farmers' Institutes

To Be Inaugurated. J. C. Stephens, industrial agent of the Georgia, Southern and Florida, called at the department of agriculture Tuesday in regard to securing a man from the department to co-operate with the railroad in conducting farmers' institutes along the line of the road during November. This is one of the richest agricultural sections of the state and the railroad officials will do everything in their power to develop it. Professor Soule, of the State Agricultural college, will be asked to accompany the special train on its trip. Lectures will be given to the farmers along the route in scientific farming, dairying and cattle raising.

GOVERNOR SIGNS NUMBER OF BILLS

Only a Few Local Measures Are Left Over.

Governor Brown spent the busiest day of his career as chief executive of the state Monday. His work extended far into the night and when it was concluded he had signed all but a few minor bills which had been passed by the general assembly.

Under the law, Governor Brown had five working days from the time of the adjournment of the legislature to sign the bills, but he did not wish to take any chances and worked over time in order to complete the work in five days. The only measure now remaining for his signature are some uncontested local bills and the only reason these were not signed was the fact that he had about exhausted himself in the arduous work of looking over such a vast number of measures.

Chief, of course, among the measures which the governor signed were the general tax act and the appropriations bill.

The only bill which Governor Brown vetoed was that abolishing the city court of Ashburn. Great pressure was brought upon him to cause him to veto the bill, and comparatively few persons were apparently in favor of the measure.

INSURANCE FOR TEETOTALERS ONLY. Will Found Insurance Company to Take "Dry" Risks.

Atlanta, Aug. 17.—Application has been filed with Secretary of State Philip Cook by a number of prominent prohibitionists for a charter for "The Temperance Life Insurance Company of America," with a capital stock of \$20,000, the purpose of which is to accept risks only upon the lives of strict "teetotalers."

The organization is intended as the nucleus of an insurance movement designed to extend throughout the United States.

Among the charter members of the company are W. A. Covington of Moultrie, who was one of the authors of Georgia's present prohibition law; J. P. Andrews, Dr. Marion McP. Hull and James K. Hines of Atlanta, and J. F. Fender of Lowndes county.

The one ironclad rule of the new company will be to accept no "risk" who touch intoxicants in any shape, form or quantity, at any time, or under any circumstances.

It is proposed to open offices in Atlanta and begin at once the work of getting subscriptions to the company's capital stock. This work will be in charge of J. W. Barwick, who states that the company is to be patterned after the old line life insurance companies of the North and East.

The promoters of the company assert that by following their strict rules they will be able greatly to reduce the cost of insurance to policy holders. They based this upon the assertion that the longevity of total abstainers is 25 per cent. more than among those who use alcohol even in moderate quantities. They also say the movement will put the temperance cause upon a substantial business basis.

TWO WHITE MEN HELD FOR ASSAULT ON GIRL.

Sheriff Tells of Confession and Lynching is Threatened.

Cartersville, Ga., Aug. 15.—Two white men, Dink Worthington and his nephew, Jack Worthington, were placed in jail here to-day, charged with criminal assault upon a young white girl. According to the sheriff, both men have confessed.

The assault occurred in the northern part of Bartow county Wednesday. Excitement in the neighborhood of the crime is at fever heat and threats of lynching have reached the sheriff.

Both men were captured after an exciting chase by Sheriff Smith and his deputies. They are held without bail and will be tried next month. Residents of the Euharlie neighborhood make no secret that unless they are legally executed they will be lynched.

It is said the men took the girl for a buggy ride and stopped at the Macedonia Church, where they attacked her repeatedly. They then took her home, threatening death if she told on them. Her story was learned after her physical appearance aroused the suspicions of her family.

DISPENSARY GETS BLACK EYE IN CAROLINA.

The Recent Elections Give the State, Save Five Counties to the Drys. Booze Doomed.

Reports received by the Augusta Chronicle up to 3 o'clock on Tuesday from the dispensary elections in South Carolina indicate almost a complete victory for the prohibitionists. Of the 21 dispensary counties voting on the question of wet or dry at least 15 appear to have declared for the abolition of their dispensary systems, and in one other the result is still much in doubt, Florence county being evenly divided with 734 for and 734 against the dispensary, with 5 boxes to be heard from.

Five of the counties have voted to retain their liquor systems by more or less large majorities. These are Aiken, Beaufort, Charleston, Georgetown and Richland. Charleston gives her dispensary the banner vote of the entire state, the result there being 1,830 wet and 305 dry, with four boxes to be heard from.

The largest majority for prohibition was given by Orangeburg county, there being 1,475 dry to 302 wet. The greatest change in public sentiment seems to have appeared in that county. In Springfield, one of Orangeburg's most thriving towns, the vote was 20 wet and 126 dry. This town has heretofore been considered a dispensary stronghold.

In Aiken county, the result was close, as was expected. A total of 2,500 votes out of a registration of 4,500 was predicted, but that prediction seems to have been discounted by at least 200. It was expected also that Aiken county would vote to retain the dispensary and the very close result causes no surprise.

In all the 21 counties in which elections were held the vote was very light. The elections passed off quietly in all of them so far as could be ascertained. At many points the women and children took part in the day's events, serving refreshments and singing at some of the voting precincts, but such does not appear to have been so general as was expected.

The results in South Carolina yesterday are considered to indicate the doom of the county dispensary systems in the state. If the figures given are declared to be the official results (and of course, some may be found incorrect when the official count is made) it means that but five or six counties out of the forty-two in South Carolina will have dispensaries. This will give an overwhelming prohibition majority in the state. It has been forecasted all along that with such a balance in favor of prohibition South Carolina will line up with the dry states in the South.

Farmer's Union Rally.

A Farmers' Union rally was held yesterday near Lower Mill Creek church, a number of local unions having joined in for this purpose. Col. Alfred Herrington was the orator of the day, a basket dinner and other refreshments were spread. A large crowd was out and though the day was a very warm one everybody reports a pleasant time.

We will gin your green seed for 30cts and your black seed for 85cts. Bulloch Oil Mill.

Barn Burned. On Tuesday morning the barn of Mr. J. W. Forbes was destroyed by fire at their home near Middle-ground Church. It seems that Mrs. Forbes had gone out to the barn to clean up some hen's nest, she stuck fire to one and expected to throw some water on it if it became dangerous, a gush of wind got into it and the flames soon communicated to the barn, setting it afire. A buggy wagon and some feed was destroyed with the barn, the latter being the property of Mr. Chas. Atkins.
NEGRO MUST HANG FOR FEARFUL CRIME. Atlanta, Ga., Aug. 15.—Raymer Merritt, the negro charged with assaulting Miss Maggie McDermet, must hang for his crime, according to the verdict of the jury in the superior court Tuesday afternoon. Merritt was put on trial at 9 o'clock Tuesday morning, the case going to the jury at 8 o'clock. The jury after being out nearly four hours returned a verdict of guilty. Merritt will be sentenced Wednesday morning. His attorneys, Shropshire & Boswell, state they will appeal the case.

Three American Presidents May Meet.

Washington, Aug. 15.—Three Presidents may meet in New Orleans on Mr. Taft's visit there. The three are Jose Domingo Obaldia of Panama, Gen. Jose Miguel Gomez of Cuba, and William Howard Taft of the United States. Should the executives of Panama and Cuba accept invitations the United States may show them the courtesy of placing a man-of-war at their disposal to bring them to this country and take them home. It is deemed eminently appropriate by the officials that such a meeting take place because of the interest this government has manifested in the two republics.

Macon Gets Ready for Coming Fair.

Macon, Ga., Aug. 17.—Although the Georgia State fair is some time distant, the merchants of the city are now rapidly becoming interested in the extensive preparations that are being made, and in a few days they will be called upon to make arrangements to decorate their shop windows and buildings. The fair association has already arranged to decorate the exhibit buildings and the main entrances of the grounds, and a contract for the work will be awarded by Secretary R. W. Jamison this week. Mr. Jamison is very anxious for all the merchants of the city to show an interest in trimming up their places before the fair opens, and if Cherry, Third, Mulberry and Second and Mulberry streets are prepared in this way a splendid showing will be made.

This morning Secretary Jamison received a very interesting letter from Secretary R. H. Plant, of the Macon Financiers' association, which states that there will be several hundred out-of-town birds on exhibit in the poultry building. During the last fair this exhibit was almost solely made up of Bibb county birds, but this year it will be different. The fair association has been asked to make the building a little more snug by adding boards to prevent drafts. If will also be necessary to build some additional coops.

The National Fireworks Manufacturing association has asked Secretary Jamison for a photo of Governor Brown, so that set pieces can be arranged which, when touched off, will show a picture of the governor. A profile is wanted and any one who has one to spare will confer a favor upon the association by communicating with the local secretary. A Taft set piece has already been arranged, and one of the copies will be used when the president reaches Macon on the morning of November 4.

The association at present is being flooded with letters from troupes or individuals who want to sign up for free attractions. Several novel and free acts will be secured for the department of the fair.

UNCLE SAM LOSER ON PROHIBITION.

Decline in Receipts and Increase in Secret Agent Salaries.

Washington, Aug. 16.—The perceptible decline in receipts from the internal revenue taxes which has been noted for the past several years, is due chiefly and principally to prohibition, it was said at the treasury department today. While the falling off in revenue is mostly confined to the states that have prohibition laws, a notable change is marked in adjacent states, where liquor is sold without restriction. The internal revenue has also suffered by a falling off in special licenses in the prohibition states. There has been no material reduction in the cost of collecting internal revenue, but on the contrary the expense has increased. The increase is due to the employment of secret agents in running down the frauds practiced in the prohibition states. The records show that where prohibition is enforced "blind tigers," "bootlegs," "travelers" and various other schemes are used to beat not only Uncle Sam, but in defiance of the state laws.

Just now the prohibition wave is strong in the south and there are indications that as an issue in Texas it will split the state in twain. Fugue obtained by the internal revenue bureau do not show any decrease in drunkenness in the prohibition states.

Farmers Union Rally.

Girl Knocks Down Negro Found in Her Room.

Fitzgerald, Aug. 14.—Miss Daisy Fussell was awakened before day break today by the noise a negro made in entering her room through a window. She leaped out of bed and was caught by the negro who endeavored to choke her into silence, but she managed to knock him down and escape into her brother's room adjoining. While she awakened her brother the negro escaped through the window, but became entangled in a barbed wire fence, which almost caused his capture.

Mr. Fussell, not having any fire arms in the house, dressed before following, and by that time the negro had succeeded in escaping in the darkness.

No arrest has been made yet, but posess are scouring the surrounding country, and a lynching is expected if the negro is caught.

Woman at Mercy of Escaped Convict.

Cordele, Ga., Aug.—A negro convict, a trusty, Seth Odum, went into the home of Mrs. Crumpler about eight miles from Cordele and knocked her down. He then took her by the heels and dragged her out of the house, a distance of fifty feet. Her son, six years of age, seized an axe handle and began beating the negro over the head. The convict said he was going to kill Mrs. Crumpler and as soon as he finished he would kill the boy. The woman's screams attracted a young man who was plowing some distance in the field and came to her assistance. On seeing a man approaching the negro fled. A large posse was formed, dogs were obtained and the negro was caught and lodged in Crisp county jail. Lynching has been talked of.

Ring Edward and Irishman.

King Edward has been ordered by his doctor to take to cycling again, says the London Globe. As Prince of Wales he was an enthusiastic cyclist, and was always on hand at bicycling races. Once when he got a new wheel he gave his old one away to an old Irishman who did odd jobs and ran errands around Sandringham palace. "You'll find the wheel useful when you are in a hurry," the King said.

Card of Thanks.

For kindnesses rendered my brother during his last days, we take this means of expressing, in our feeble way, our thanks and appreciation to the good people of Clito and vicinity. Friends and neighbors of our dear brother and uncle, George Hartzog Nix, in his last illness, for their kindness and faithful attention. Though we were unable to be with him in his far-away home, we feel like he was not among strangers. May God's choicest blessings be with you all in our prayer.

The readers of this paper will be pleased to learn that there is at last one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Big Poultry Show.

The Georgia state poultry show is to be held in Atlanta, in the auditorium-armory, either the second or third week in January. This decision was rendered at a meeting of the charter members of the Georgia Poultry Association recently, at the New Kimball.

Mr. C. O. Harwell, secretary of the association, is already at work on the plans for the exhibit, and hopes to make it the biggest and best that has ever been held south of the Mason and Dixon line.

Loring Brown and M. F. Morris and Dr. R. B. Calhoun, members of the show committee, reported that the armory was available during January, and that the best date for holding the show would be the second or third week of that month, dependent on the dates of the Charleston, Charlotte and Greenville shows. It is the intention to arrange matters so as not to conflict with any of these, and the probability is that the opening date will finally be fixed at January 15, 1910.

The laws governing the American Poultry Association were adopted by the Georgia organization.

It is probable that an American Kennel club bench show will be a feature of the exhibit this year.

The Catalogue House And Alien Insurance.

THEIR DETERRENT INFLUENCE IN OUR DEVELOPMENT.

It is not infrequently we hear some of the best citizens discussing the plans of development for the city, yet by their action the railways have become, but a right-of-way and streak of rust, and the river the drifting place for the barge and tug-out, carrying down the stream naught but the lone fisherman.

If you would develop and make great your city and your state, you must cut out the catalogue house and alien insurance; you must keep your money working AT HOME. For every dollar's worth of goods you buy from a mail order house is but the rape of our legitimate merchant. It is one of the great evils holding together your municipality as well as commonwealth, and every dollar invested in alien insurance premiums is depriving your community and state of so much money that could be used thereon.

If our Georgia insurance companies had the \$75,000,000 which have been paid in premiums to alien companies in the last 20 years, to lend out in aid of our industrial and internal development, as well as to our bankers, farmers and municipalities, how much would Georgia be advanced?

And if the money sent out of the state to catalogue houses remained within our borders, how much stronger would be our merchants?

If we desire to be great and imposing, we must encourage, as well as aid with our capital, our home institutions, by buying our goods from our merchants and having all of our work done at home, and by insuring with the great Georgia Company, THE EMPIRE LIFE

PAPERS CARRYING WHISKEY "ADS" CAN'T BE SOLD IN ALA.

Birmingham, Ala., Aug. 16.—Local news dealers and others are aroused over the Fuller prohibition bill, which passed the house of the Alabama legislature last Friday and which will reach the senate this week. The measure has also attracted the attention of newspaper makers all over the country. It is aimed at the men who sell papers with whiskey advertisements, and it is pointed out that many magazines and newspapers will be barred from Alabama. Inquiries have been received here by various publishers as to a general purport of the Fuller bill, [which may become a law at almost any time.

In answer to the various queries, information is being sent out from Birmingham that if no amendments are tacked on the measure in the senate the Fuller bill will prevent the sale in Alabama of all newspapers and magazines which carry whiskey and beer advertisements. The newspaper dealers usually preface what they have to say by saying the law is very drastic, and information is given out that arrangements are being made to test the law in the event the bill is passed.

Publishers outside of the state have been informed that no effort would be made to stop them from sending any and all magazines with whiskey advertisements, but that the news dealers themselves would be prevented from selling such papers and magazines. The news dealers say the bill will work a great hardship upon them. It remains to be seen what the publishers outside of the state will do.

North State Farmers Hold Convention

Calhoun, Ga., Aug. 17.—The Farmers' Co-Operative and Educational Union of America, Cleveland county division, held camp meeting at Cleveland Springs today. The meeting was addressed by Mr. Shuford, vice president, and Mr. Green, state organizer of the North Carolina division. The meeting was also addressed by various members of the local union. The meeting was largely attended and much enthusiasm was shown throughout. The educational feature of the union is proving very successful in this section, and through the influence of this organization the government will establish a demonstrating farm in this section in October.

TALK OF CONTESTS IN SOUTH CAROLINA.

Six Counties Out of Twenty-One Stay Wet.

FLORENCE JOINS WETS.

Counties Voting for Prohibition Begin at Once to Enforce the Law—Believed Results will Stand Until Legislature Meets in 1910.

Complete unofficial returns from county dispensary elections in South Carolina on Tuesday confirm the reports given by the Chronicle on yesterday morning. Fifteen counties have voted out the dispensaries and six have voted to retain them. The following are the results:

Dry—Abbeville, Bamberg, Barn well, Berkeley, Calhoun, Colleton, Dorchester, Fairfield, Hampton, Kershaw, Lee, Lexington, Orangeburg, Sumter and Williamsburg. Wet—Aiken, Beaufort, Charleston, Florence, Georgetown and Richland.

Florence county, which was reported as doubtful yesterday morning—the vote being 734 for and 734 against the dispensary, with five boxes missing, has since lined up on the dispensary side.

The reports given by the Chronicle, assisted by its fine corps of correspondents, were therefore very accurate.

Reports received by the Chronicle yesterday indicate that the counties which went dry are preparing already to enforce the law. In Orangeburg especially the people seem determined. In Springfield, one of the leading towns in that county, the municipal officers got wind of case of whiskey consigned to an assumed name, and the authorities, accompanied by a number of citizens, marched en masse to the express office, secured the liquor and emptied it into the street.

The usual rumors of election contests are repeated from both sides. In Richland the dries claim that they were not represented on the board of election managers and they also charge that irregularities in voting were allowed in favor of the wet.

It is not believed, however, that the contests in any of the counties will amount to much, and that the future of the county dispensary system in South Carolina will be decided by the next session of the legislature.

School Edition Will Be a Whopper.

The appearance of the Agricultural School Edition of the Statesboro News will be delayed slightly on account of the fact that it will be much larger than at first expected. It now looks like it will contain 120 pages—it is certain that it will contain 100 or more, and will be the biggest special edition of its kind ever issued in this section of the state. A large edition like this, illustrated with the best school the town and county has, will show the great advantages of this section.

A NIGHT RIDER'S RAID.
The worst night riders are catamen croton oil or aloes pills. They raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never distress or inconvenience, but always cleanse the system, curing colds, headache, constipation, malaria, etc., at W. H.

DIVORCE SOUGHT BY MRS. HANSON.

SHE ALLEGES CRUEL TREATMENT

Major Hanson's Alleged Infatuation for Mrs. "Jack" Horner.

Atlanta, Aug. 18.—Through her counsel, Mrs. Cora L. Hanson, wife of Maj. J. F. Hanson, president of the Central of Georgia railroad, cotton mill owner and capitalist, filed suit in the superior court here this morning for absolute divorce.

Mrs. Hanson alleges that in 1907 Maj. Hanson became infatuated with a Mrs. "Jack" Horner, a well known Atlanta beauty and former society queen, who is living apart from her husband, and that he insisted upon Mrs. Horner making her home with them in Macon. Upon her positive refusal to do this, Mrs. Hanson states that Maj. Hanson treated her with the utmost cruelty and neglect, causing a breakdown of her health.

While Mrs. Horner is not made a correspondent and no harsh charges are made than cruel treatment and neglect, Mrs. Hanson intimates in her petition filed that she could put her divorce upon stronger grounds if she desired or was forced to do so.

Mrs. Hanson declares that some months ago Major Hanson agreed to furnish her liberal alimony and a separation provided she would sign a statement that the reason of their not living together was incompatibility of temper. This, she says, she declined to do. It seems that there has not been any contention between the pair about money affairs, as Mrs. Hanson does not demand alimony in her petition, but she does ask for attorneys' fees. She states that her husband is worth \$500,000.

In giving details as to her husband's cruel treatment, Mrs. Hanson declares that he called her a liar, shook his finger in her face, so that she had to retreat to the wall and dodge, that he gave the entire management of the household to one of her daughters, Mrs. Garrett, that the servants were ordered to obey Mrs. Garrett, and that, on the protest of another daughter, Mrs. White, of California, Mrs. Garrett threw a glass of water in her face.

Mrs. Hanson further declares that she was in such fear of her husband that she often slept in the bathroom, with only a single cloth as a covering. She repeatedly refused to open her home to Mrs. Horner, she declares, and for that her husband threatened to abandon her entirely and go to Europe.

Major and Mrs. Hanson were married in Pike county in 1865. They lived together, but not without numerous domestic jars, Mrs. Hanson alleges, until the Major's infatuation for Mrs. Horner.

Major Hanson is on his vacation in the far west. Mrs. Hanson is with her daughter, Mrs. White, in Port Loma, Cal. Mrs. Horner, now Mrs. McVickar, is so far as is known here, with her husband, who lives in New York.

ROBERTS HELD ON MURDER CHARGE.

To Answer for the Murder of Corry Daughtry July 1st

Joe Roberts, the negro charged with the murder of Corry Daughtry, also colored, on July 1, near the place of D. C. Finch, in this county, was given a preliminary hearing before Judges Holland and Roundtree Wednesday and bound over to the superior court on a murder charge. The state was represented by Solicitor Fred T. Lanier and for the defendant appeared Cols. Strange and Cobb.

The killing is said to have been over a woman, Maggie Wiggins, to whom both men had been paying attention. It was at the home of this woman that the killing occurred. Although the accused negro has a wife and family it is said that he became jealous of the attentions paid the woman by Daughtry.

On the afternoon of July 1, it is said, Roberts learned that the negro was at the home of the woman. He went home, it was further stated, and got his gun, loaded it with slugs and went to the home of the woman. He called the woman to the front door and enquired: "Where is that 'nigger'?" At that time, it is said, Daughtry came to the door and wanted to know what Roberts wanted with him, whereupon a load of slugs was emptied in the stomach of Daughtry, causing death in about thirty minutes.

It is understood that a purse has been made up by both white and colored people in that part of the county for the prosecution of Roberts.

COTTON IS COMING IN AT RAPID RATE.

125 Bales Arrived in This Market up to Yesterday.

That the cotton season has opened in earnest in this market is shown by the figures at the cotton warehouse. Up to yesterday afternoon 125 bales had been marketed in Statesboro. Thursday forty-one bales were brought to town and yesterday was a shade better, there being forty-four bales marketed. The first bale arrived the early part of the week and since that time the fleecy staple has been coming in at a rapid rate, giving evidence of prosperity ahead.

The banks of the city report that business is picking up very rapidly and the indications are that money will be plentiful in this county in a short time.

Reports from all over the county are to the effect that cotton is opening very fast. This is caused from the extreme hot weather, which causes the bolls to burst. There is considerable complaint heard from all sides about the cotton shedding. This is said to be due to the hot weather following the wet season which this section has experienced for about two weeks. In some places cotton was reported standing in the water for a week at a time and since the extreme hot weather has set in the stalks have been shedding their fruit very rapidly, and it is thought the crop will be materially reduced.

At present the prices are considered very good and the farmers are marketing their cotton as quickly as they can get it ginned.

Family Reunion That Was Attended by 579.

One of the most enjoyable occasions that has ever taken place in this section of the country was the reunion of the Rogers family which was held at "Rogers Springs" near Daisy, Jenkins county, a week ago. Rogers Springs is on the Canoochee river and a sumptuous dinner was spread under the shade of the trees on the bank. The occasion was given in honor of Mrs. Maggie Rogers, of Florida, daughter of John Rogers, younger brother of Uriah A. and Erving Rogers. Those in attendance were nine children of Uriah A. Rogers. To him were born eighteen, nine of them being dead. There were also present 168 grandchildren, 217 great-grandchildren and 46 great-great-grandchildren. All of the above are the descendants of Uriah A. Rogers. Those of Erving G. Rogers, who also attended, number eight children, sixty-three grandchildren and eighty-eight great-grandchildren. This is said to be only a small portion of the family connection. The occasion went down in the history of the family as one of the most enjoyable ever held.

Miss Olliff Entertains.

Miss Annie Mae Olliff was hostess at a delightful entertainment given at the home of Dr. and Mrs. J. E. Donohoo last Tuesday evening. Forty-three of the younger social set were present and the evening was a most enjoyable one. Miss Olliff proving herself a charming hostess. During the evening many interesting games were in vogue, delightful refreshments were served and premeditated on the broad verandas and over the beautiful lawns, which were lighted with electricity, all of which were interesting features of the function.

Mrs. Georgia Moore Dead.

Mrs. Georgia Moore, wife of Mr. Math Moore, died at her home near Bragg, ten miles from Statesboro, last Tuesday night after an illness of some length. Mrs. Moore had reached the ripe old age of seventy-five and her death was largely due to her old age. The interment was made in the cemetery at New Hope church Thursday morning in the presence of a large concourse of sorrowing friends and relatives. She had one of the largest family connections of any woman in the county besides a host of beloved friends, all of whom her death is a distinct loss. She leaves her husband who is eighty-six years of age, and several children. Mr. Moore, one of the oldest men in the county, is in such a feeble condition that he was unable to attend the funeral services.

Services at Baptist Church.

There will be services at the Baptist church tomorrow, both morning and evening. The services will be conducted by Rev. J. C. Brewton, of the Mt. Vernon-Alley Institute. Rev. Mr. Mamey will not return before next week. Rev. Mr. Brewton is well and favorably known to a large number of our citizens and he will doubtless have large congregations both morning and evening.
