PAPERS CARRYING WHISKY "ADS" CAN'T BE SOLD IN ALA.

Birmingham, Ala., Aug. 16.—Local news dealers and others are aroused over the Fuller prohibition bill, which passed the house of the Alabama legislature last Friday and which will reach the senate this week. The measure has also attracted the attention of newspaper makers all over the country. It is aimed at the men who sell papers with whiskey advertisements, and it is pointed out that many magazines and newspapers will be barred from Alabama. Inquiries have been received here by various publishers as to a general purport of the Fuller bill, [which may become a law at almost any time.

In answer to the various queries, information is being sent out from Birmingham that if no amendments are tacked on the measure in the senate the Fuller bill will prevent the sale in Alabama of all newspapers and magazines which carry whiskey and beer advertisements. The newspaper dealers usually preface what they have to say by saying the law is very drastic, and information is given out that arrangements are being made to test the law in the event the bill is passed.

Publishers outside of the state have been informed that no effort would be made to stop them from sending any and all magazines with whiskey advertisements, but that the news dealers themselves would be prevented from selling such papers and magazines. The news dealers say the bill will work a great hardship upon them. It remains to be seen what the publishers outside of the state will do.

North State Farmers Hold Convention

Calhoun, Ga., Aug. 17.—The Farmers' Co-Operative and Educational Union of America, Cleveland county division, held camp meeting at Cleveland Springs today. The meeting was addressed by Mr. Shuford, vice president, and Mr. Green, state organizer of the North Carolina division. The meeting was also addressed by various members of the local union. The meeting was largely attended and much enthusiasm was shown throughout. The educational feature of the union is proving very successful in this section, and through the influence of this organization the government will establish a demonstrating farm in this section in October.

TALK OF CONTESTS IN SOUTH CAROLINA.

Six Counties Out of Twenty-One Stay Wet.

FLORENCE JOINS WETS.

Counties Voting for Prohibition Begin at Once to Enforce the Law—Believed Results will Stand Until Legislature Meets in 1910.

Complete unofficial returns from county dispensary elections in South Carolina on Tuesday confirm the reports given by the Chronicle on yesterday morning. Fifteen counties have voted out the dispensaries and six have voted to retain them. The following are the results:

Dry—Abbeville, Bamberg, Barn well, Berkeley, Calhoun, Colleton, Dorchester, Fairfield, Hampton, Kershaw, Lee, Lexington, Orangeburg, Sumter and Williamsburg. Wet—Aiken, Beaufort, Charleston, Florence, Georgetown and Richland.

Florence county, which was reported as doubtful yesterday morning—the vote being 734 for and 734 against the dispensary, with five boxes missing, has since lined up on the dispensary side.

The reports given by the Chronicle, assisted by its fine corps of correspondents, were therefore very accurate.

Reports received by the Chronicle yesterday indicate that the counties which went dry are preparing already to enforce the law. In Orangeburg especially the people seem determined. In Springfield, one of the leading towns in that county, the municipal officers got wind of case of whiskey consigned to an assumed name, and the authorities, accompanied by a number of citizens, marched en masse to the express office, secured the liquor and emptied it into the street.

The usual rumors of election contests are repeated from both sides. In Richland the dries claim that they were not represented on the board of election managers and they also charge that irregularities in voting were allowed in favor of the wet.

It is not believed, however, that the contests in any of the counties will amount to much, and that the future of the county dispensary system in South Carolina will be decided by the next session of the legislature.

School Edition Will Be a Whopper.

The appearance of the Agricultural School Edition of the Statesboro News will be delayed slightly on account of the fact that it will be much larger than at first expected. It now looks like it will contain 120 pages—it is certain that it will contain 100 or more, and will be the biggest special edition of its kind ever issued in this section of the state. A large edition like this, illustrated with the best school the town and county has, will show the great advantages of this section.

A NIGHT RIDER'S RAID.
The worst night riders are catamen croton oil or aloes pills. They raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never distress or inconvenience, but always cleanse the system, curing colds, headache, constipation, malaria, etc., at W. H.

DIVORCE SOUGHT BY MRS. HANSON.

SHE ALLEGES CRUEL TREATMENT

Major Hanson's Alleged Infatuation for Mrs. "Jack" Horner.

Atlanta, Aug. 18.—Through her counsel, Mrs. Cora L. Hanson, wife of Maj. J. F. Hanson, president of the Central of Georgia railroad, cotton mill owner and capitalist, filed suit in the superior court here this morning for absolute divorce.

Mrs. Hanson alleges that in 1907 Maj. Hanson became infatuated with a Mrs. "Jack" Horner, a well known Atlanta beauty and former society queen, who is living apart from her husband, and that he insisted upon Mrs. Horner making her home with them in Macon. Upon her positive refusal to do this, Mrs. Hanson states that Maj. Hanson treated her with the utmost cruelty and neglect, causing a breakdown of her health.

While Mrs. Horner is not made a correspondent and no harsh charges are made than cruel treatment and neglect, Mrs. Hanson intimates in her petition filed that she could put her divorce upon stronger grounds if she desired or was forced to do so.

Mrs. Hanson declares that some months ago Major Hanson agreed to furnish her liberal alimony and a separation provided she would sign a statement that the reason of their not living together was incompatibility of temper. This, she says, she declined to do. It seems that there has not been any contention between the pair about money affairs, as Mrs. Hanson does not demand alimony in her petition, but she does ask for attorneys' fees. She states that her husband is worth \$500,000.

In giving details as to her husband's cruel treatment, Mrs. Hanson declares that he called her a liar, shook his finger in her face, so that she had to retreat to the wall and dodge, that he gave the entire management of the household to one of her daughters, Mrs. Garrett, that the servants were ordered to obey Mrs. Garrett, and that, on the protest of another daughter, Mrs. White, of California, Mrs. Garrett threw a glass of water in her face.

Mrs. Hanson further declares that she was in such fear of her husband that she often slept in the bathroom, with only a single cloth as a covering. She repeatedly refused to open her home to Mrs. Horner, she declares, and for that her husband threatened to abandon her entirely and go to Europe.

Major and Mrs. Hanson were married in Pike county in 1865. They lived together, but not without numerous domestic jars, Mrs. Hanson alleges, until the Major's infatuation for Mrs. Horner.

Major Hanson is on his vacation in the far west. Mrs. Hanson is with her daughter, Mrs. White, in Port Loma, Cal. Mrs. Horner, now Mrs. McVickar, is so far as is known here, with her husband, who lives in New York.

ROBERTS HELD ON MURDER CHARGE.

To Answer for the Murder of Corry Daughtry July 1st

Joe Roberts, the negro charged with the murder of Corry Daughtry, also colored, on July 1, near the place of D. C. Finch, in this county, was given a preliminary hearing before Judges Holland and Roundtree Wednesday and bound over to the superior court on a murder charge. The state was represented by Solicitor Fred T. Lanier and for the defendant appeared Cols. Strange and Cobb.

The killing is said to have been over a woman, Maggie Wiggins, to whom both men had been paying attention. It was at the home of this woman that the killing occurred. Although the accused negro has a wife and family it is said that he became jealous of the attentions paid the woman by Daughtry.

On the afternoon of July 1, it is said, Roberts learned that the negro was at the home of the woman. He went home, it was further stated, and got his gun, loaded it with slugs and went to the home of the woman. He called the woman to the front door and enquired: "Where is that 'nigger'?" At that time, it is said, Daughtry came to the door and wanted to know what Roberts wanted with him, whereupon a load of slugs was emptied in the stomach of Daughtry, causing death in about thirty minutes.

It is understood that a purse has been made up by both white and colored people in that part of the county for the prosecution of Roberts.

COTTON IS COMING IN AT RAPID RATE.

125 Bales Arrived in This Market up to Yesterday.

That the cotton season has opened in earnest in this market is shown by the figures at the cotton warehouse. Up to yesterday afternoon 125 bales had been marketed in Statesboro. Thursday forty-one bales were brought to town and yesterday was a shade better, there being forty-four bales marketed. The first bale arrived the early part of the week and since that time the fleecy staple has been coming in at a rapid rate, giving evidence of prosperity ahead.

The banks of the city report that business is picking up very rapidly and the indications are that money will be plentiful in this county in a short time.

Reports from all over the county are to the effect that cotton is opening very fast. This is caused from the extreme hot weather, which causes the bolls to burst. There is considerable complaint heard from all sides about the cotton shedding. This is said to be due to the hot weather following the wet season which this section has experienced for about two weeks. In some places cotton was reported standing in the water for a week at a time and since the extreme hot weather has set in the stalks have been shedding their fruit very rapidly, and it is thought the crop will be materially reduced.

At present the prices are considered very good and the farmers are marketing their cotton as quickly as they can get it ginned.

Bring your cotton to the Oil Mill. No waiting. We can gin 50 bales a day.

Family Reunion That

Was Attended by 579.

One of the most enjoyable occasions that has ever taken place in this section of the country was the reunion of the Rogers family which was held at "Rogers Springs" near Daisy, Jenkins county, a week ago. Rogers Springs is on the Canoochee river and a sumptuous dinner was spread under the shade of the trees on the bank. The occasion was given in honor of Mrs. Maggie Rogers, of Florida, daughter of John Rogers, younger brother of Uriah A. and Erving Rogers. Those in attendance were nine children of Uriah A. Rogers. To him were born eighteen, nine of them being dead. There were also present 168 grandchildren, 217 great-grandchildren and 46 great-great-grandchildren. All of the above are the descendants of Uriah A. Rogers. Those of Erving G. Rogers, who also attended, number eight children, sixty-three grandchildren and eighty-eight great-grandchildren. This is said to be only a small portion of the family connection. The occasion went down in the history of the family as one of the most enjoyable ever held.

Miss Olliff Entertains.

Miss Annie Mae Olliff was hostess at a delightful entertainment given at the home of Dr. and Mrs. J. E. Donohoo last Tuesday evening. Forty-three of the younger social set were present and the evening was a most enjoyable one. Miss Olliff proving herself a charming hostess. During the evening many interesting games were in vogue, delightful refreshments were served and premeditated on the broad verandas and over the beautiful lawns, which were lighted with electricity, all of which were interesting features of the function.

Mrs. Georgia Moore Dead.

Mrs. Georgia Moore, wife of Mr. Math Moore, died at her home near Bragg, ten miles from Statesboro, last Tuesday night after an illness of some length. Mrs. Moore had reached the ripe old age of seventy-five and her death was largely due to her old age. The interment was made in the cemetery at New Hope church Thursday morning in the presence of a large concourse of sorrowing friends and relatives. She had one of the largest family connections of any woman in the county besides a host of beloved friends, all of whom her death is a distinct loss. She leaves her husband who is eighty-six years of age, and several children. Mr. Moore, one of the oldest men in the county, is in such a feeble condition that he was unable to attend the funeral services.

Services at Baptist Church.

There will be services at the Baptist church tomorrow, both morning and evening. The services will be conducted by Rev. J. C. Brewton, of the Mt. Vernon-Alley Institute. Rev. Mr. Mamey will not return before next week. Rev. Mr. Brewton is well and favorably known to a large number of our citizens and he will doubtless have large congregations both morning and evening.

Having just received our large Fall Stock of Summers, Barnesville and Taylor-Canady Buggies and Carriages, Harness, Chattanooga Wagons and Plows and American Steel Wire Fencing, we respectfully invite our friends and the public generally to come in and see our lines.

We are having a number of special jobs made up and we really believe that they are the prettiest and neatest vehicles ever shown in a South Georgia city.

They are the two oldest lines sold here and we recommend and guarantee them to be the best and only true and tried Buggies sold in Statesboro.

Wire fencing of all specifications and the old reliable Chattanooga wagons to haul it home in. See us.

School to Open Sept. 1st.

On Wednesday Sept. 1st the Fall term of the Statesboro Institute will open. Prof. Mulloy has already arrived and ready to take hold of the reins. He comes to us with the highest recommendations, he is not only one of the best teachers and leading educators of the State, but a high tone christian gentleman, a citizen of Sylvania where he taught some years ago made this remark to us: "It is worth a thousand dollars a year to your town to have such a man with you whether he taught a bit or not. This comes from where he has lived and where he is known. Statesboro is indeed fortunate in having such a man take hold of the training of our boys and girls."

Everything looks bright for the school, there is a noticeable absence of any signs of friction or division, the people seem to realize for once and all that the school is the biggest thing in town, it is the institution that moulds to a certain extent their future lives, and now less all stand up squarely to the faculty, let Prof. Mulloy, and others understand that they have the solid backing of the town, if we do then he will be able to do as much more good than he will if we go to dividing and quarreling over small trivial matters.

The catalogue and announcement of the school is already in circulation, and there is none who will not have an opportunity to see what is required of them, the school is our institution, our people are taxed to run it, and it will run whether we all patronize it or not, but again permit us to say to all pull together and give Prof. Mulloy and his assistants that co-operation which they will have a right to expect.

EXCELSIOR NEWS.

As it has rained so much and the cotton has all shedded off we haven't anything to do but have a good time.

The ball game between the town and country boys resulted in such an embarrassing score to the town boys till we won't let it go in print. Excelsior and Mannassas will cross bats at Excelsior on the fifth Saturday, an interesting game is expected.

Misses Gerstle DeLoach, of Daisy, Julia Black, of Atlanta, and Maude Green, of Athens were among the party that took dinner with Miss Janie Brunson, Sunday.

The pinder boiling given at the home of Mr. S. J. Bowen, was largely attended and all report a good time.

Miss Nancy Trappnell, Eula Dekle, of Graymont, Annah Mullin of Undine, are the guest of Miss Bertie Dekle, this week.

Mr. F. L. Dekle has been on the sick list for the past few days.

The Register and Excelsior folks met at J. W. Atwoods pond and had a delightful time on Tuesday evening.

Mr. John Bowen is enjoying his usual good times around here since his return from Brunswick.

The readers of this paper will be pleased to learn that there is at least one dreading disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. The Fall Term of the Statesboro Institute Will Open on Wednesday, Sept. 1, 1909.

With the additions now being made to our School Building and Furnishings, no public school in the State will have better equipment for doing effective teaching. The Building is handsome and commodious, well lighted and ventilated. The faculty is composed of twelve experienced, normal-trained teachers, each an artist in his or her department.

Our aim is to fit our pupils for useful citizenship. We feel that the advantages offered here for a really superior high school education demand the fair consideration and warrant the hearty support of the citizens of Bulloch and surrounding counties. The Catalogue House And Alien Insurance.

THEIR DETERMINED INFLUENCE IN OUR DEVELOPMENT.

It is not infrequently we hear some of the best citizens discussing the plans of development for the city, yet by their action the railways have become but a right-of-way and streak of rust, and the river the drifting place for the barge and tug, carrying down the stream naught but the lone fisherman.

If you would develop and make great your city and your state, you must cut out the catalogue house and alien insurance; you must keep your money working AT HOME. For every dollar's worth of goods you buy from a mail order house is but the rape of our legitimate merchants. It is one of the great sinews holding together your municipality as well as common wealth, and every dollar invested in alien insurance premiums, is depriving your community and state of so much money that could be used therein.

If our Georgia insurance companies had the \$75,000,000 which have been paid in premiums to alien companies in the last 20 years, to lend out in aid of our industrial and internal development, as well as to our bankers, farmers and municipalities, how much would Georgia be advanced?

And if the money sent out of the state to catalogue houses remained within our borders, how much stronger would be our merchants?

If we desire to be great and imposing, we must encourage, as well as aid with our capital, our home institutions, by buying our goods from our merchants and having all of our work done at home, and by insuring with the great Georgia Company. THE EMPIRE LIFE

M'LEOD CONFESSES A FALSE ALARM AT MAYOR'S COURT.

Inhuman Deed Prompted By Insane Jealousy—Says He Loved Woman.

Douglas, Ga. Aug. 20.—Declaring that he had rather see her dead than married to another, William McLeod, a farm hand, today confessed to Sheriff Rickett that he murdered Miss Mattie Graham, a wealthy and refined young woman whose body was yesterday discovered in a swamp near her home at Hokesboro, Coffee county.

Going into every detail, his statement is that he left his work and went to house before dinner. Not seeing her he asked for Mattie and being informed that she had gone to her field for a melen, he followed and found her.

Both started back towards the house side by side. Coming to a branch near the house he left her proceed him. When at her back he caught by the left arm and cut one side of her throat.

She turned and looked him in the face and exclaimed: "Lord have mercy," the only words she ever spoke after the attack. Then he finished cutting her throat and cut her in the side as she fell.

He stamped her in the face, washed the blood from his knife, face and overalls, and when dry went to the house and ate dinner. His only motive for his crime was that he had rather see her dead than see her marry Boyd Mobley.

While he loved her he had never told her and if she was now alive no motive could induce him to harm her. His only fear appears to be of being lynched. He does not show any remorse.

Douglas, Ga., Aug. 20.—Sheriff Dave Rickettson has returned from the scene of the murder of Miss Mattie Graham and looked up Will McLeod, a white man, who has worked for the Graham girls for two years, under a charge of murder according to the rendering of the following verdict by the coroner's jury:

"We, the jury, after hearing the evidence in the case, find that Mattie Graham came to her death by having her throat cut with a knife or other instrument in the hands of Will McLeod and pronounce the same wilful murder."

WON'T SIGN OATH TO BE CONONEL.

G. N. SAUSSY OF SYLVESTER

Atlanta, Aug. 21.—Hon. G. N. Saussy, of Sylvester, has politely but firmly refused to accept an appointment as a member of the military staff of Governor Brown, because he says he is an unconstructed Confederate and cannot subscribe to the required oath.

When Mr. Saussy was appointed lieutenant colonel on the staff there was sent him along with his commission the usual form of oath. Among other things it is required that the appointees shall take oath to support the constitution of the United States.

In signing the oath, Mr. Saussy wrote upon it: "I am a Confederate soldier on parole. I except to the twelfth, fourteenth and fifteenth amendments."

Where the blue uniform was prescribed, Mr. Saussy also scratched out the word "blue" and wrote in the word "gray."

Adj. Gen. A. J. Scott returned the oath to Mr. Saussy and told him it must be accepted in full or not at all. The result was that Gov. Brown received a letter today stating that while the writer keenly appreciated the honor of the appointment, he could not yield his position in the matter and respectfully declined it.

Mr. Saussy always wears the gray uniform and is noted for his allegiance to the lost cause.

No evidence showed that Mr. Arnett was drunk at the time he was arrested, but on the contrary was sick, having been suffering from a severe attack of neuralgia, to which the presiding judge even attested, stating that he had pulled four teeth for Mr. Arnett a while before, and had advised him to take some opiate for his neuralgia. Mr. Arnett claimed that he had taken morphine and was sick at the time he was arrested. He took the stand and explained to the satisfaction of the mayor pro tem the appearance of the knife.

He had borrowed the team of Mr. Bennett, for whom he works, to go out in the country to see a friend, and the little son of Mr. Bennett was sent home to hitch up the rig, and in doing so the little fellow put the same on backward. An attempt was made to make it appear that Mr. Arnett was so drunk that he put the same on in the manner, but when it was explained how it happened that testimony had no weight in the case. It was brought out that as soon as Mr. Arnett went out to the rig he discovered the error and had his knife out fixing it when the marshal arrested him. The marshal, however, did not see the knife at the time and did not until his attention was called to it by a bystander while on the way to the jail.

COTTON COMING IN AT A RAPID RATE.

It is Opening Fast and Farmers Are Selling.

From present indications the upland cotton crop will soon be marketed in this county. Up to yesterday afternoon 283 bales had been put in the cotton warehouse here and more came in during the afternoon.

Saturday was the biggest day of the season so far, there being 92 bales sold on the local market that day. The first day of the season five bales were brought to town. This was last Friday a week ago. On the following day six bales were sold. The first few days of the following week only a few bales arrived until Thursday, when 41 bales came in; on Friday last 44 bales were sold; Saturday 92, and yesterday, up to 8 o'clock, 37 bales had arrived.

Due to the extreme hot weather cotton has been opening faster than it has in many years, and the fact that 253 bales have been sold here already this season is taken to indicate that the farmers are selling their cotton as soon as they can get it ginned. This number for this season of the year is much greater than years heretofore and if it continues to arrive as it has done the short cotton will be marketed by the time the sea island begins to open. The prices are fairly good—around 12 cents—and the farmers are not taking any chances on its reaching a higher price.

Notice.
After September 1st I will change my mill days from Tuesdays and Saturdays to Saturdays only.

Having just received our large Fall Stock of Summers, Barnesville and Taylor-Canady Buggies and Carriages, Harness, Chattanooga Wagons and Plows and American Steel Wire Fencing, we respectfully invite our friends and the public generally to come in and see our lines.

We are having a number of special jobs made up and we really believe that they are the prettiest and neatest vehicles ever shown in a South Georgia city.
They are the two oldest lines sold here and we recommend and guarantee them to be the best and only true and tried Buggies sold in Statesboro.
