ARE WE DEVELOPING?

Is Georgia, And Georgia Institutions and Men in the Lead?

Is it not true that our Minerals, Forests, Farm Products, Waterways and Waterpowers are before the Is it not so that our greatness is at hand?

Is it not so that our cotton, peaches, agri ultural products, Gold, Metals, Coal, Iron, Marble, Granite, Clays, Lumber, Naval Stoves and Na-

tural Resources places us in the lead of all?

Is it not so that Georgia is a wonder, worth over a billion and a half dollars? (intrinsic value.)

Is it not so that Georgia has 568 banks with a capital of about \$20,000.000, and deposits \$70,000, 000? Nothing in the Union to compare with it. And is it not so that out of 52 Insurance Compa-nies doing business in Georgia during 1908, and writing over \$44,000,000, the Empire Life, our own Georgia Company, wrote \$5,949,135? You can figure what per cent. of the whole is represented in this magnificent showing.
