Law and Order League

Organized at Register

The citizens of Register assembled together on Tuesday evening, Oct. 13, for the purpose of organizing what is known as a Law and Order League. Dr. H. C. McPherson, elected President, E. P. Register, Vice-President, and D. M. Register, Secretary. The following names were enrolled, who are enrolling promises to proceed to the fullest extent of their power to maintain law and order in our little town. E. P. Register, D. L. Kennedy, J. S. Egge, E. B. Kennedy, J. M. Daugherty, L. O. Rushing, Joseph Gilman, R. N. Williams, J. C. Daugherty, K. E. Watson, J. J. Malloway, J. W. Anderson, J. L. Brown, Willie M. Holloway, J. J. McPherson, I. G. Moore, W. S. Egge, James Raper, R. L. Brown, G. T. Vaughn, H. C. McPherson, Jesse Dean, D. M. Register, E. P. Register.

On several years passed our little town had the good name of being the most law-abiding town in the county, which was not unappreciated; but on last Saturday, a near beer saloon was opened up in the J. G. Groover of Statesboro, and the fruits of the saloon were plainly shown upon the streets at the close of the day, and it was for this purpose the citizens decided upon this course, and it is hoped that no drastic steps will have to be taken against anyone; but the league promises that no leniency will be shown to anyone, regardless how poor, how weak, white, black, big little, man or woman.

While the beer saloon will be closed after Jan. 1st, the league will be a permanent thing, and will at all times to keep down lawlessness. If the class of men, who have no respect for our laws and children cannot come to a better town without using violence and vulgar language in their presence, they will expect to suffer the consequences of their actions.

A BREAK IN THE COTTON MARKET.

Notwithstanding Lowest Government Crop Report on Record.

Notwithstanding the fact that the Government Crop report made public Monday placed the condition of the cotton crop at only fifty-eight and five one hundred per cent. of a crop, the bears were able to hammer the market down fifty-three points or a little more than half a cent. Later in the day yesterday the market advanced again and regained thirteen of the points lost earlier in the day. It closed with a net loss of forty points.

The local buyers have confidence in the market and while they followed the downward tendency in the market giving 12 3/4 cents, yet they believe the reaction will come with today's market. It looks sorter like an effort to get rid of the tenderfoots, who had begun to load up heavily with an expectation of a big rise, which will come eventually; but the fellow who hasn't the grit to stay in will be frozen out.

Will Hold Farmer's Institute.

State Commissioner of Agriculture T. G. Hudson, Congressman Chas. G. Edwards, together with several members of the United States Department of Agriculture, Farm Demonstration Department, will be in Statesboro Nov. 20th for the purpose of conducting a Farmer's Institute.

Prof. J. Walter Hendricks, President of the County Farmers' Union, has been asked to name a place for the meeting, whether at the Agricultural School or in the Court House. This being the regular meeting day of the County Union Prof. Hendricks decided to call the meeting at the Court House, where it is hoped there will be a good turnout.

We will have some of the best talent in the country and it will be our farmers good to come out and hear what the expert farmers from the national department have to say. Remember the day, November 20th.

The Eighth District Convention of the Knights of Pythias met in Statesboro Tuesday. The delegates arrived on the morning trains from all sections of Bulloch and adjoining counties, and a large delegation came in from Savannah.

Mayor H. B. Strange delivered the address of welcome, which was responded to by Sir Knight R. E. Hall, of Savannah. The business sessions were held at the K. of P. hall on North Main street, and the election for officers for another year resulted as follows:

President—S. O. Newsome, of Guyton.
Vice-president—F. E. Wheeler, of Savannah.
Master at Arms—D. F. McCoy, of Statesboro.

Outer Guard—D. O. Beasley, of Register.
Secretary and Treasurer—W. B. Futrell, of Guyton.

The delegates in attendance were named as follows:
Statesboro—D. F. McCoy, O. W. Horne and M. L. Tinsley.

Guyton—W. B. Futrell, C. T. Guyton and G. C. Shearouse.
Claxton—H. A. Tipples, T. W. Rogers and D. A. Outen.

Pulaski—J. Z. Patrick and G. B. Johnson.
Register—D. O. Beasley, J. G. Nevils and J. S. Riggs.

Groveland—W. J. Futch and A. L. Davis.
Savannah—John R. Davis, R. E. Hall, A. C. Oelschlag, Geo. Steljes, F. W. Henges, F. E. Wheeler, W. T. Chapman, J. T. Morrison, M. S. Mingledorf, W. L. Grayson, H. M. Ward and I. Hellman.

Sylvania—F. M. Huff.
A sumptuous banquet was served at the Jaekel hotel. Covers were laid for seventy-five persons and fully that number were present. The banquet was unlike many others that we have seen elsewhere; it was more of a fine supper than it was a banquet—not so much red tape but more real good things to eat. The guests were also saved from the oratory until the evening meal was over and then a number of our citizens were called upon, among them being Mayor H. B. Strange, Col. R. Lee Moore, Col. W. L. Grayson, of Savannah; Dr. A. J. Mooney, J. E. McCroan and others.

The occasion was a happy one and the visitors all left feeling that the trip here was one that they will remember with a great deal of pleasure.

Sylvania was selected as the next meeting place.

If you are in the market for seed oats please call and see our home raised before buying. W. W. Olliff & Co., Route 1, Register, Ga.

Weather is Very Dry.
Complaint is coming from all over this section of the dry weather. A light shower fell here Sunday afternoon, but not sufficient to lay the dust. Livestock is suffering for lack of water in many sections, and the fall crops and gardens are needing water.

HALF OF KEY WEST A MAS OF RUINS.

HURRICANE STRIKES FLA. CITY.

Many Buildings, Wrecked Including 13 Churches, 9 Cigar Factories.

Key West, Fla., Oct. 12.—Half of the city is practically in ruins, over 500 homes have been destroyed and more than a hundred ships wrecked as a result of the hurricane which swept this city yesterday afternoon. Thirty churches and nine of the largest cigar factories in the South also were destroyed. Hundreds of men are now at work cleaning up the streets under the direction of Mayor Fogarty.

One death is reported, that of Frank Gray, a photographer. Tonight hundreds of homeless were roaming the streets. Fortunately the weather is bright and warm and there is little physical suffering.

The war department has instructed the commandant of the coast artillery companies stationed here to aid the city authorities in every way possible and tents and bedding will be distributed by the soldiers.

At this time no estimate can be given of the financial loss as incurred from the storm but it is believed that it will be between \$2,000,000 and \$3,000,000. It will be weeks—in some instances months—before the big tobacco factories will be able to resume operations and business generally will be at a standstill for at least several days.

As soon as darkness fell last night thieves began their raid on the homes and office buildings destroyed by the storm. The police were unable to cope with the situation and Mayor Fogarty immediately called for the Key West Guards, the local military organization and the city was placed under martial law.

In the residence districts the streets in many instances were rendered impassable by the ruins of the houses. Whole buildings were picked up by the gale and hurled across the street and only the advance warnings of the weather bureau prevented a heavy loss of life.

Along the water front the beaches were strewn with the wreckage of small boats of all kinds, and here hardly a building was left standing, while piers and wharves were all swept away. At the time the storm broke yesterday afternoon there were nearly one hundred vessels in the harbor. The majority of these were swept to sea or broken up on the beaches.

SAVANNAH RUN TO BE POPULAR

Entries Are Accumulating for This Contest.

Savannah, Oct. 13.—Indications point to a large popularity for the Savannah-Atlanta run in the state good roads contest, Nov. 8 and 9.

Not only will Savannah have a full complement of cars in the contest, as is forecasted by the entries already made to date, but there will be many from near-by points.

More than that, information comes from points along the "old capital route," which has been chosen for the contest by the executive committee of the Savannah Automobile Club, that they will furnish a number of contestants for this run. It is expected that there will be cars from Sandersville, Milledgeville, Louisville, Easton and other places upon the route, and there will also be some, it is said, from Atlanta.

Chairman Harry Granger, of the executive committee, said to-day: "The entries are continuing to come in now very freely, and there is every indication that we are going to have a full entry at the start."

It is important that all those contemplating entering the contest should do so at the earliest possible moment, as the entries will positively close Friday, November 5, and it will be necessary for the contestants to deliver cars into the hands of the executive committee not later than 10 o'clock Saturday morning, November 6."

Progress of Good Roads.

That Pulloch county is making rapid strides toward good roads cannot be gainsaid. The trees have been dug up by the roots, the right-of-way opened up and the hills cut down and the low places filled up. Now the authorities, under the direction of Superintendent Cox, is having the roads graded. In the course of two or three years more the entire county will be grided by good roads. It is a regular revolution from the old hoe and axe system, when the hoes turned out and cut a few feet and filled up a few holes. The state furnishes the convicts to us free of charge and the only expense we have is the cost of guards and feeding and clothing them. We will soon have a system of highways throughout the county leading to the county site, and to all the other towns and railroad stations, where the heavy travel goes. It takes only a small property tax in addition to the road tax per head to keep the work going, and after we once get the roads all built, the only expense will be to keep them up, which will be done with mules and scrapes, and under that plan one will keep ten miles a day.

Already the good effect of good roads are seen on every hand. Now, you can hardly ever see a man coming into town with one horse of cotton. Under the old plan one big mule did well to pull one bale through the heavy sand. Horseflesh is scarce; wear and tear of vehicles is saved; time is saved; the rural mail carriers bring the mail quicker; the country looks better, and is better. It is progress of the right kind—along the lines of permanent improvements. The low places are filled up; the creeks are embanked with dirt dikes and level bridges; life on the farm will lose a good deal of its isolation. It will bring the telephone; it brings better churches and better school houses; better homes, and better people.

The money being spent now will help the generation to come, and be a better legacy to children than stocks or bonds, lands or cattle.

Don't be a miser. Don't kick. If you can't join the band of progress that is building up the world and the waste places, keep your mouth shut, pull down your vest and behave yourself. Don't kick, for you only make a fool of yourself and become the laughing stock of your neighbors. If you kick a all, kick because there is not enough done in that direction. The world moves, and we must move with it, or we will be left in the sand bars and ditches, and our party will degenerate, our civilization go backward.

Rev. T. J. Cobb Resigns.

The Baptist congregation received a sad message just after the morning service last Sunday, and that message was the resignation of Rev. T. J. Cobb, the pastor, which will take effect at the end of the Association year, November 1st.

Rev. Cobb came to Lyons about a year and a half ago and from the very first he was well liked by his congregation and the people of the city generally. He was a hard worker and a splendid preacher, but this hard work got the best of him. He was not strong to say the best and his nerves gave way, leaving him almost an invalid. His congregation saw that he was breaking down and a month or so ago he went off on a vacation. Since returning home he has been down with carbuncles on his neck, and upon the advice of his physician he has decided to quit the ministry until his health gets better.

Rev. Cobb has a nice farm near Statesboro and he has decided to move to it and devote his time to farming for the next few years, or until he fully regains his health. In the meantime he will not entirely desert his ministerial work, but when his health will permit he will preach to some of his country people at the country churches when called on. He is a Christian gentleman and we are certainly sorry to see him leave our city. We hope his health will begin to improve at once and that he will find time to come and visit us often.—Lyons Progress.

THE SMALL DEPOSITOR IS WELCOMED AT THIS BANK

A hundred small accounts make a bank stronger than a dozen large ones. That is one of our reasons for urging the man of limited means to transact his business with us.

Large accounts are welcomed too, for it is our purpose to serve ALL the people, whether their business be small or large.

MORSE MUST GO TO ATLANTA PRISON

The Court of Appeals Confirmed Verdict of Lower Court Sending former Ice King to Atlanta Federal Prison.

New York.—The United States Circuit Court of Appeals affirmed the decision of the lower federal court sentencing Charles W. Morse, the former banker and steamship capitalist to 15 years imprisonment in the federal prison at Atlanta, Ga.

The decision of the circuit court of appeals is final so far as the direct appeal is concerned.

At the office of the counsel for Morse it was said the case would be taken to the United States supreme court and application for bail would be made. In the meantime Morse will be sent to the Tombs prison or he might be sent to Atlanta to begin his sentence unless the circuit court of appeals

in New York grants a stay in the execution of the sentence.

The courts of appeals in the decisions says:

"We fully realize the consequences to the defendant which follow an affirmation of this judgment, and yet we cannot doubt that he was given a fair trial and the verdict was amply sustained by proof. No unprejudiced person can read the record without being convinced that by the defendants procurement the bank (National Bank of North America) bought its own stock and the stock of the Ice Securities Co. and by his procurement the entries in the bank book and in the reports to comptroller as to these transactions were so arranged as to conceal the truth and to record transactions which in reality never took place."

Notice

To all shareholders who expect to exhibit in Macon Nov. 10, 1909, are hereby notified to have them in Statesboro, Ga., Nov. 1st.

BUYING RIGHT.

An unsatisfactory purchase is dear at any price and buying right is the chief factor in all business transactions. We have just received a 2-car load shipment of the FAMOUS SUMMER'S BARNESVILLE RUGGIES, which was made up to our order and specifications in SIZE, STYLE and COLOR, and is the prettiest line ever shown in this city, and when it comes to Real Construction, Real Mechanical Perfection, Real Quality and Real Satisfactory Service.

We Defy Comparison.

We have the agency for Bulloch county for the SUMMER'S BARNESVILLE and TAYLOR-CANNADY RUGGIES and CHATTANOOGA WAGONS, all three of which have been sold here for ten years, and have won a reputation for themselves as being strictly high class and satisfactory. We sell the AMERICAN STEEL WIRE FENCING, and solicit your business by the role, mile or car-load lots.

We also handle CHATTANOOGA ONE AND TWO-HORSE PLOWS AND PICTURES, TWO, THREE AND FOUR-HORSE EVER-SIBLE DISC PLOWS AND CHATTANOOGA ONE AND TWO-HORSE CANE MILLS, in car-load lots and can make it to your interest to see our lines. Thanking my friends and the public generally for their past patronage and respectfully soliciting your future business, I am yours to serve,

E. M. ANDERSON,
THE BUGGY MAN.

SOUTH'S WORST HAIL STORM.

DID DAMAGE IN THREE STATES.
Denmark, Tenn., May be Entirely Wiped Out by Storm and Fire.

Atlanta, Oct. 14.—The worst hailstorm perhaps that the south has ever experienced, with its accompanying wind and electrical display, assuming, in some sections, cyclonic proportions, left serious damage to crops and property in its wake through North Georgia, North Alabama and Tennessee late this afternoon and claimed several lives in the latter state.

With wire communication badly crippled in every direction and hundreds of towns in the path of the disturbance entirely isolated, it is impossible with the meager reports received to estimate the damage, but it is believed here that the cotton remaining in the fields in the path of the storm is practically a total loss with the damage to other property running into the hundreds of thousands of dollars.

Starting about sixty miles east of Atlanta at 5 o'clock, the storm swept northwest and inside of two hours had traversed a large section of this state, crossed several counties in Tennessee and was last reported moving westward over North Alabama. Hailstones varying in size from one to three inches in diameter, fell all the way from Athens, Ga., to Decatur, Ala., and at point in Tennessee.

Denmark, in Madison county, Tennessee, is practically demolished, the added horror of fire following quickly in the wake of the storm, and at midnight it seems certain that the wrecked town will be in ashes. At this place eighteen of the mere modern buildings were torn from their foundations and wrecked, while the smaller buildings were demolished. Of the fatalities, two occurred at Denmark. Albert Barnes and his child, an infant, were caught among the falling timbers of their home and crushed to death. Mrs. Barnes was injured near Mulberry, in Lincoln county, Tenn., Thomas Helm was killed and Homer Ashby and his wife were injured.

Near Wartrace, Tenn., a negro settlement was blown away.

Registration Books are Open.

The News has just completed the registration books for Bulloch and several adjoining counties, and turned them over to the various tax collectors. The new registration law makes it incumbent on every voter to register six months before any election is held, therefore, in order to vote in next year's primaries you had better get your name on the books as soon as possible. Tax Collector Allen has the books and will take them with him on his rounds for the purpose of registering the names of the voters. Remember you have to register now in order to vote next year. You cannot do as you have done in the past, wait till a few days before the election and register. And you will have to do this in person, there will be no such thing as sending your name in, you will have to subscribe the oath in person.

Better get busy and meet the Collector, who under the law is the registration officer.

SEABOARD AIR LINE TAKES OVER ROADS

Merger of Tributary Lines With Main System is Announced by John Skelton Williams.

Richmond, Va., Oct. 12.—The Atlanta and Birmingham Air Line railway, operating 237 miles, the Florida West Shore railway, operating 70 miles, the Plant City, Arcadia and Gulf railway, operating 20 miles, and the Tallahassee and Southeastern railroad, operating 39 miles, were merged with the Seaboard Air Line railway as of September 29 and 30, 1909, according to statements given out by John Skelton Williams.

This increases the operated mileage by nearly 400 miles, so that the mileage operated or owned by the Seaboard Air Line from October 1, 1909, will be just 3,000 miles.

These several subsidiary roads have been controlled heretofore, but have been operated separately. Their operations hereafter will be included in the operations of the Seaboard system proper.

Following this statement Mr. Williams added:

"I regret to see that some of the newspapers which do not entirely understand the situation and some of our enthusiastic friends are too much disposed to herald the recent action at New York in electing myself and some of my friends to the Seaboard directorate as a Williams victory. This is not a victory or a defeat for anybody and was not so intended. There has been no fight since the reorganization. It was simply a case of those most heavily and directly interested in the Seaboard getting together to harmonize all interests and to insure sure peace and effective working."

Mr. Williams declined to discuss the future presidency of the road.

One Inch of Leopard's

Tail is Worth \$100

Macon, Ga., Oct. 14.—The Rollins animal show has brought suit for \$100 against the Southern Express Company as damages for an injury to the tail of a leopard.

The leopard was expressed from Augusta to Macon while the Rollins show was wintering at Central City Park two years ago. When the animal arrived its tail was found to have been crushed to the extent of one inch, beginning at the tip. Later an operation was performed and the injured part was removed.

Owner Rollins, averring that its tail is one of the chief features of a leopard's makeup, seeks \$100 as recompense for the loss sustained by the member of his menagerie.

The State Treasury Muddle.

The Atlanta papers are having much to say about the condition of the State Treasury, the experts employed by the Governor bring us out in the hole to the tune of \$780,000.00 Jan. 1st, while the estimate of Treasurer Brown makes us two millions to the good.

Now it looks to us like somebody is stretching the case a little. It looks to us like the difference between the two millions to the good will not be forth coming Jan. 1st. If it is hanging around anywhere it looks like the Governor's experts ought to have caught a glimpse of some of it.

SEVERE HAIL STORM DOES MUCH DAMAGE IN CITY OF ATLANTA

Sky Overcast With Yellowish Glow During Outburst of Elements.

Atlanta, Ga., Oct. 14.—With the sky overcast with a yellowish glow, a fierce rain and hailstorm, accompanied by a heavy wind, struck Atlanta at 5:30 this afternoon, doing considerable damage to plate glass, awnings, skylights, wrecking many chimneys and doing other damage of a minor character.

Many telephones were put out of commission and the telegraph companies report numerous wires prostrated. Memphis, Tenn., Oct. 14.—The town of Fenmark, Tenn., has been wrecked, two persons were killed, several are known to have been injured and others are missing, as a result of tonight's storm, according to a dispatch received here late tonight. According to the telegram the ruins of the town are burning.

Both the commercial telegraph companies and the Cumberland Telephone Company report all wires lost to Nashville shortly after 6 o'clock to-night. Cuyington, Tenn., the furthest point north which could be reached,

BOARD TO EXAMINE POLAR RECORDS

Washington.—The National Geographic Society in response to a proposal from the Peary Arctic Club adopted a resolution agreeing to join the American Geographic Society and the American museum of National History, in requesting Dr. Ira Remsen, president of the National Academy of Sciences to appoint a commission to examine the report on the Arctic records, observations and data of Commander Robert E. Peary and Dr. Frederick A. Cook.

Olliff Entertains His Friends at Barbecue.

On Thursday night Mr. Joseph F. Olliff gave a possum supper to his friends in town, he entertained about fifty at a possum barbecue. There were other good eatables served besides possum, but this was the real feature of the occasion. It wasn't a banquet, and no hot air was dispensed, it was the real old fashion possum feast, every fellow just backed his ears and dived in. It was a real great occasion.

reported a heavy windstorm. A few minutes later this point also was lost. How serious was the storm, however, is not yet ascertainable.
