## CRAP GAME ENDS IN MURDER

Tragedy Occurred in Home of Pearl Lockhart on the L. R. Lanier Farm

A gang of negro gamblers on the farm of Ranoph Lanier, near Aaron, ended up their amusement by murdering Willie Kent last Saturday night. Sheriff Mallard was notified by phone of the affair and immediately started for the place with his deputies and dogs. He rounded up Fary, Ben and Kirk Green, who are now in jail charged with the crime of murder. Along with these the sheriff got Pearl Lockhart, Frank Minson, Pete Minson, Robert Chisel, Henry Harris, Jack Croft and Boykin Taylor, who are in jail charged with gambling, and the Lockhart woman with running a gaming house. No inquest was held over the dead body as there were plenty of eyewitnesses to the affair.

Sheriff Mallard was called upon by Sheriff Scott of Screven county, who was on a man-hunt for six prisoners who broke jail Saturday night at Sylvania. The officers were unsuccessful in rounding up this gang, but Willie Foy was brought from Sylvania by Sheriff Mallard, being wanted here for forgery.

## H. M. JONES

Expected to Announce for Office of City Solicitor

Political gossip had H. M. Jones a candidate for the office of City Solicitor today. Mr. Jones was a caller at the News office when the question was put pointed to him with the answer that he was seriously considering the move and would let it be known within a few days if he concluded to make the race.

## Banker Coleman Painfully Injured in Runaway.

J. L. Coleman, president of the Bank of Statesboro, was painfully injured in a runaway while enroute to visit his mother near Metter last Saturday night and while being taken to her home about eight miles out by his half-brother, R. L. Hodges, who was driving a spirited mule which, in the darkness of the evening, became frightened and dashed off, throwing Mr. Hodges out of the buggy, who, fortunately, was not injured. The unguided and frightened animal soon ran into a group of trees, throwing Mr. Coleman out of the buggy, who was not so fortunate as Mr. Hodges, as he sustained serious sprains in both ankles and several scalp wounds. He was unconscious when Mr. Hodges reached him. A telephone message was sent to Metter from a farm house nearby and a physician soon arrived and dressed Mr. Coleman's wounds, taking the injured man back to Metter, from which point he was brought back to Statesboro, where he was confined to his bed until this Wednesday, since when he has been able to move about on crutches.

## CARRY STOMACH JOY IN YOUR VEST POCKET

Here's a Dyspepsia Remedy That is Really Guaranteed By Your Own Druggist  
One of the greatest successes in the sale of medicine has been achieved by the standard dyspepsia remedy, and its sale is increasing so rapidly that many druggists have had to keep a stock on hand. It is very popular with bankers, ministers, lawyers and others whose business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry or other causes, have found relief in this reliable remedy. Micon comes in tablet form and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case, no matter how long a standing. This remedy has been so uniformly successful that all druggists are authorized to sell Micon under a positive guarantee to refund the money if it should not prove entirely satisfactory. We doubt if any other dyspepsia medicine ever had a large enough per centage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of the remedy. There is no time like the present to do a thing that ought to be done. If anyone has dyspepsia, today is the best time to begin curing it by going along a long leading druggist in this vicinity and buying a box of Micon on this money back guarantee.—Adv.

## HIGH SCHOOL ITEMS

Edited by Miss Susie Mae Caruthers and Morgan And

The debate and box supper was enjoyed very much by all who attended it Friday evening. The program embraced music and the Statesboro Municipal band rendered several selections which were greatly enjoyed.

The M. L. S. & D. L. S. in a debate, resolved that the appointment of judges by the Governor subject to confirmation by the Senate would be better than the present method for Georgia. The Judges decided in favor of the Negative side. The proceeds of the auction sale of boxes netted a handsome sum which will be applied to the publication of the "Criterion."

Mr. J. S. Stewart of University of Georgia was an interesting visitor at our school Thursday.

Miss Lila Blitch recently entered school. We were glad to welcome her.

Friday ends our fifth school month. Although we have done good work in the past, we hope to do much in the next four months.

In the last meeting of the D. S. The officers of the second term were elected. They are as follows: President, Miss Janice Singleton; Vice-President, Miss Edna McDonald; Sec and Treas., Miss Blanche DeLoach.

The boys had a meeting Wednesday morning and elected the Manager and Captain of the Base Ball Team. Mr. Beverly Moore, Mgr. Mr. Barrie Morris, Capt.

## How to Destroy Catarrh

**Germs and End Catarrh Forever**  
Catarrh, according to a noted authority, is a germ disease and the only way to cure it so it will stay cured and never come back is to kill and drive out of your system the catarrhal germs which have found lodgment there. When the germs go the catarrh will stop.

There is nothing better for destroying catarrh germs than treating with your nose and lungs the pleasant, soothing, healing, germ destroying air of Hyomei (pronounced High-mee) made from purest oil of Eucalyptus and combined with other powerful healing, antiseptic and germ destroying ingredients. Hyomei penetrates and cleans the inflamed swollen membranes of your nose and throat, stops the discharges, clears the passages and completely overcomes the disease by destroying the cause. For catarrh germs cannot live in your body after Hyomei reaches them. Good druggists in Statesboro and vicinity have long sold Hyomei on a positive guarantee of successful results or money back and find this generous policy pays.—Adv.

## BARKETT RESTAURANT

And Alderman Billiard Parlor Damaged By Fire

At one o'clock Sunday morning the fire department was called to the Barkett Restaurant on South Main St. which was discovered in flames by Emmett Anderson and R. Olliff who were returning to town from the country. The blaze started from some unknown source in the kitchen of the restaurant and had gained fierce headway by the time the firemen had arrived, having communicated to the pool room adjoining. The department did splendid work in confining the fire to the rear end of both store rooms and subduing it with as little damage as was done. For a few moments it was feared the entire block would go up in flames. It is understood that there was no insurance on the contents of either place, but on the pool room owned by E. M. Anderson there was \$2500 insurance.

## Bad Habits

Those who breakfast at eight o'clock or later, lunch at twelve and have dinner at six are almost certain to be troubled with indigestion. They do not allow time for one meal to digest before taking another. Not less than five hours should elapse between meals. If you are troubled with indigestion correct your habits and take Chamberlain's Tablets, and you may reasonably hope for a quick recovery. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.—Adv.

## BAPTIST YOUNG PEOPLES UNION

A New Organization Numbering Nearly One Hundred

The Baptist Young People's Union, a newly organized society composed of members of the Baptist church, was delightfully entertained at the home of Mrs. Ed. Kennedy, Thursday night, Jan. 20th. There were more than seventy young people present. The object of the Union is to fit the young grown ups for more efficient work in connection with the church. The organization is but three weeks old and is making splendid progress and prospects for a year of fruitful labors are exceedingly bright.

## PACKING PLANT ENTHUSIASM IS TAKING ROOT

Funds Liberally Subscribed for Organization of Campaign

The Statesboro News feels like getting on a high fence and crowing a good, long, hard crow, because we feel now that the thing we have been fighting for, the thing that we began advocating almost with our initial issue—the packing plant—has really been launched forth in formidable movement in the shape of cash money subscribed to defray the expenses of an organization campaign.

This action was brought about at a mass meeting held at the courthouse Tuesday night, following the return from Monticre of the delegation of business men who visited that city and made a thorough inspection of the industry there.

We have at no time had the least skepticism regarding the outcome of the decision of a body of our representative citizens who would visit Monticre and investigate the industry. Personally, we were quite familiar with the great advantage it has been to Monticre and the marvelous growth and improvement that has followed in the wake of that much-talked-of industry.

Those who attended the Tuesday night meeting and listened to the report of the various members of the delegation caught the fever and all are now thoroughly convinced that a meat packing plant is quite as possible here as it is in Monticre. A committee composed of Brooks Simmons, W. G. Raines, S. F. Olliff, W. H. Sharpe and Dr. A. J. Mooney were appointed to canvass for funds to be used in securing the services of John W. Greer who with C. L. Brooks the present manager of the Moultrie plant will visit Statesboro at an early date to look over the situation relative to a desirable location that plans may be drawn out and Mr. Greer who was the organizer of the Moultrie corporation will remain and take up the work of securing the necessary capital stock and definitely organizing a company. It is likely that in the meantime another delegation of from fifteen to twenty farmers and business men may decide to go over to Monticre to become familiar with the project that they may conscientiously advise with their friends and neighbors about offering the movement every assistance.

The committee will call upon you for your share of this preliminary expense and a very commendable part of it is that whatever amount you subscribe to this fund may apply to shares of the capital stock upon final organization. With YOUR help a meat packing plant in Statesboro by next November is a certainty. Its a good thing push it along.

## A STATESBORO PRIZE FIGHT

Pulled Off in Johnsonville.  
Jack Johnson probably would not feel to highly honored if he knew that the town with the handle of its name immortalized from his own cognomen could only hand out \$5.00 gross for a real prize fight. That was the total gate receipts for a go, Marquis of Queensbury rules Monday night at a Statesboro suburb town known as Johnsonville. We understand one of the sports laid down, quite surrendered. Probably \$5.00 dollars did not appear quite large enough to make a beating for.

## CITIZENS VOTE NO BONDS

For Paving Or High School At Present.

After listening to a report given by members of the Board of Trustees of the Statesboro Institute and addresses of several citizens at a meeting which convened at the court house Thursday night to discuss the feasibility of a bond issue for paving and a new High School building a vote was practically unanimous against paving and very closely divided regarding the school building in fact so close that a count of noses was necessary to decide. While it is commonly believed that a decided improvement in the school facilities is urgent and relief must be obtained before another fall term rolls round, it was argued that the time for further and additional bonds was not ripe and neither to remedy the condition a vote was cast authorizing the council and trustees to use their best judgment to secure temporary quarters or to erect an additional department for High School service on the present site of the Institute grounds or for other location if it is no necessary expense. Interesting remarks were made by G. S. Johnson, Dr. F. E. Floyd, J. E. McCran, J. A. McDonald, R. L. Moore, Dr. A. J. Mooney, J. L. Renfree and others.

## LEGISLATIVE FIGHT ON TAX EQUALIZATION

Will Likely Be One Of The Argument Next Session.

Atlanta, Ga. Feb. 3.—It seems to be developing with certainty that a vicious fight will be made at the coming session of the Georgia legislature on the present tax equalization law, which was framed and placed on the statute books by former Governor John M. Slaton and his administration, and which has not only materially increased the revenues of the state, but has in a measure lightened the burden on the small property holder while putting a more just share of it on the shoulders of the big land-owners and rich landlords.

It is said here that the attack will be a renewal of the fight of the big landowners, the man who owns property in large blocks in the country and lives in town, to keep the man with the small, farm paying full valuation on his small land, while the reactionary holder of the big tracts be allowed to still slide out with the customary valuation of \$5. per acre which he paid so long in Georgia.

It is not believed however that the fight will be successful, as it would involve not only the tearing down of the tax equalization law, but would also work severe harm to the school reforms, which are based on tax reforms and from which Georgia is just beginning to benefit.

## MISS RUTHERFORD

Of Athens to Deliver Historical Address at Court House

Friday Night, Feb. 11th  
On Friday night, February 11th at eight o'clock, in the court house Miss Mildred Rutherford of Athens will deliver an historical address. Miss Rutherford is one of Georgia's most brilliant women educators and not only Georgia but the whole of the south owes her a debt of gratitude for the noble work that she has undertaken in giving southern children true history. Statesboro has been very fortunate in securing her and we hope that she will be given a large and representative audience.

The Local Chapter of the U. D. C. are instrumental in bringing Miss Rutherford and there will be no admission charged to hear her.

## WELL KNOWN SINGER TO VISIT STATESBORO

Mrs. John Hopkins, One of Savannah's Leading Soprano

Mrs. John Hopkins, who for a number of years has taught vocal and instrumental music in Savannah and who for some time has been continuing her musical study in New York and recently returned, assuming her work in Savannah, will be the guest of friends in Statesboro the coming week. Mrs. Hopkins' voice is a dramatic soprano of wide range and rare quality and sweet tones. Anti-paving Mrs. Hopkins' visit she has been invited to sing at the local churches and has willingly consented, and will sing next Sunday at the Baptist church morning service and at the Methodist church in the evening.

## SEEK MORE GOVERNMENT AID

Especially in South—"State's Rights" Dying Out

Washington, Feb. 2.—[Special.]—What a wonderful change is observed in the attitude of the sections in regard to state rights! It was not many years ago that the fact that the United States has thus far been able to keep everything that was done in the way of extension of national power and control of matters within the borders of the states. Now all that is changed and the federal government is encouraged to do everything possible for the states and the individuals of communities.

The change has been brought about because it has been found impossible for the states to do all that is necessary for the welfare of their people and because it has been found that state lines are becoming less and less lines of demarcation between peoples.

**The Sectional Shift.**  
About the most marvelous thing in connection with the change is the sectional shift that has occurred. The time was when the northern men were for the initiative in the matter and using the other nations together in a general peace movement.

Strange it is that in nearly all these measures that the vote of force. A "police force" each nation to furnish "enforce" the decrees of the international law is provided in the hills.

## Has Had Trouble Enough.

It would seem that the United States has had trouble enough keeping neutral and trying to protect its own neutrality without entering into any family of American republics solidly united and standing firmly together, and that as a first move the United States should adopt the Colombian treaty providing for the payment of \$25,000,000 to that country because our country wanted to benefit Colombia by building a canal through what was once her territory.

## The "Yellow Peril"

The menace of the Mongol is something real to the people of the Pacific coast, and people acquainted with that section of the country know that during the year 1915 the world famous Congressman Hayes of California has introduced an exclusion bill in congress which shows just what the people fear. It prohibits all races from entering the United States: Chinese, Japanese, Koreans, Tartars, Malays, Afghans, East Indians, Lascars, Hindus and all other persons of Mongolian or Asiatic races.

Many states have their own native laws and of course, but this is no common to the west. Philan of California, Lane of Oregon and Smoot of Utah are notable instances of men representing the western states in which they were born.

## A "Request" Bill.

Generally when the bills "by request" are introduced in the legislature in congress it is assumed that the senate or members is not willing to stand for its provisions. Congressmen think of Massachusetts introduced one of those bills in the house which was evidently intended to protect woodworkers. It prohibits the sale in territory controlled by the United States or the Republic by Indians of any goods in violation of woodcarving. No doubt the initiators have imposed unjustly on the woodworkers, but such a bill as this can hardly get recognition in congress.

## Undisputed Legislation.

"I am supported in this bill absolutely without any price and with very little debate," said Congressman Bonnet of New York, speaking of the water power conservation bill. He went on to say that he would vote for a substitute which would be offered, but as it was evident that any substitute would be defeated he had made up his mind to vote for the bill as the best that could be done. Although the thought that it was rather poor legislation. Like many other members, Bonnet hoped that the undisputed legislation would be perfect in the senate.

## Has Good Sponsors.

The joint resolution which proposes to make prohibition over the entire United States has good sponsors. The bill is introduced in the house by a man who has introduced and others who support such a measure. Among them is Senator Gallinger, the recognized leader of the south and the recognized Republican leader.

**The Swanson Road Plan.**  
Senator Swanson has again introduced his road plan, the one which received the endorsement of the post office committee in the last congress. He proposes to spend \$25,000,000 each year by the federal government, to be paid out of the national debt, and by a ratio of population, rural mileage and the ratio of population which would be used to all other states. Under the bill the severest tax on government expense and really be for the benefit of the communities where they are located.

## U. S. BUSY MINDING OWN BUSINESS

Has No Time to Make Rest of World Quick Fingering.

Washington, Feb. 1.—[Special.]—The predicament of war has warped the minds of men to a great degree, and they do not seem to be able to see straight. Then, again, the fact that the United States has thus far been able to keep out of war has caused many people to think that this nation has the power to stop the war and to prevent future wars. That is what accounts for the introduction of bills and resolutions having for their purpose the formation of a court of nations or for an aggregation of representatives of nations to prevent future wars. The object of all these measures is to have the United States stand against the money machinations of any country that wanted to use money against us.

The United States has been frequently called upon to quell disturbances, to enforce peace at the mouth of a machine gun and to perform other police services in these countries. They are not the kind of countries for allies. They would throw us over at the first opportunity.

## Can't Read "Inspected."

If the real economists in congress could tabulate the expense accounts of the various government travelers during the year 1915 they would find that all the big fellows who were sent out had to go by way of San Francisco, particularly during the period the expedition was open. Reports of traveling expenses have been sent to congress by various departments, but it is doubtful whether they will receive much attention. At all events, congress has never tried to stop the great outlay in this form of expense.

## A Real Progressive Move.

Congressman Emerson of Cleveland, O., a new man in congress, has proposed a real Progressive proposition by introducing a resolution to amend the constitution by having the president elected by direct vote of the people.

Why not? If it is a good thing to have primary of all kinds and the election of senators by direct vote, why not have the president elected by direct vote?

## But Will Never Be Done.

But we will never see the president elected by a direct vote. If anything like that should be done it would require a close federal scrutiny of all elections. As for instance, the state of Mississippi has the first state to have primary of all kinds and the election of senators by direct vote, why not have the president elected by direct vote?

It is this kind of a move that would not center so much upon the pivotal states. There would be efforts to get votes everywhere, and every vote would count in a close election.

## Definition of a Name.

"Nevada—a state or place where some people go to get divorces and California men go to be elected to the senate." Senator Philan of California gave that definition. He has recently found out that Nevada senators are apt to take a great deal of interest in California affairs. It has often been said that California had four senators, the two from Nevada being California men.

## Fame If Successful.

Fame goes with success and oblivion with failure. That is true of filibusters as of everything else. The successful filibuster earns the gratitude of those who believe with him and the respect of those who oppose him. Governor Maryland made more fame by defeating the force bill in a famous filibuster than anything else he ever did in the senate. The men who attempted and failed to defeat the repeal of the silver purchase bill are forgotten, though they carried on a longer filibuster than has ever been known in the history of the senate. But they did not win.

## Want More Money.

Just now there is an active movement spreading information as to the overwork of the American consular officers on account of the European war. Resulting between the lines it is observed that it is simply a move to get more money. There is a demand for increased salaries with every such need of praise.

There is no doubt at all but  
that the port of Savannah  
will be one of the most im-

tiguous feels the benefits of  
Savannah's water rates.  
We could start an endless  
chain of letters urging our  
Senators to fight for this  
improvement.

#### AN EDITOR AND A CUR DOG.

We've got a whole lot of  
respect for a thoroughbred  
dog, in fact we own a  
thoroughbred Bull Terrier  
whom we think a heap  
more of than some cheap  
men we have come in con-  
tact with, and we have  
real pity for a mongrel our  
dog who goes sneaking  
around to pick up a bone.  
We had one of these cur  
dogs stroll in and steal a  
bite off our table.

It has been the custom  
in a great many instances  
of those running for office  
and whose announcements  
are carried in the News, to  
ask that we write their  
card for them and in near-

ly every case the money  
has been paid in advance  
if not, the candidate has  
been a well known that  
there was no question as to  
the pay. Last week we  
were handed a gold brick  
all right all right. A man  
came in the office  
Thursday while we were  
particularly busy, but ex-  
cused himself long enough  
to ask what was wanted  
and he said I want to run an  
announcement for road  
commissioner giving the  
name of Clem DeLoach, we  
recalled that we had the  
name of Clem DeLoach on  
our subscription list and for  
one moment did not ques-  
tion the honesty of the man  
assuming that he was Mr.  
DeLoach as our short res-  
idence in the county has  
not permitted our becom-  
ing widely acquainted.  
The man gave us a few  
notes about his residence in  
the Bay District etc etc and  
when we asked him if he  
wanted a receipt for the  
payment he remarked that  
he would call in next week  
and pay the amount. When  
we read the announcement  
in our proof copy somehow  
we had quite some misgiv-  
ings regarding the honesty  
of this party and were so  
impressed with a fear that  
it was not straight that we  
endeavored late Thursday  
night to get Mr. DeLoach  
over the telephone to ask  
some questions but could  
not get a connection, so de-  
cided to print. Our mis-  
givings were quite borne  
out when DeLoach saw the  
announcement which was  
a pure fake put over by  
some enemy of his or his  
connections. When the  
real Clem DeLoach a big  
whole souled jolly fellow  
came in to see us this Mon-  
day and we compared him  
to the little pusillanimous  
dried up, weazened faced,  
idiotic looking cuss that  
gave us that notice, we are  
frank to say that for once  
our usual intuitiveness and  
ability to judge character  
slipped a cog, and a true  
Shakespearean jester pulled  
off a jest on us and didn't  
pay for the jest, more's the  
pity. What we started out  
to say is, that Clem De-  
Loach is NOT A CANDIDATE  
for road commissioner or  
any other office, and  
whatever purpose this pre-  
viously referred to, little  
pusillanimous, dried up,  
weazened face idiotic look-  
ing cuss hoped to gain by  
his dirty trick will avail  
him naught; it is too early  
in the game to count.  
We've got a pretty good  
memory for faces and will  
adopt the watchful waiting  
policy and some day take a  
punch just for fun, regard-  
less of size

### Slovenly Legislation Responsible For The Activities of Black- mailers

By Judge JOSEPH E. CORRIGAN, New York City

THE system of blackmail as it is practiced by the shyster law-  
yer has refinements of cruelty  
which were never dreamed of by the  
old fashioned blackmailer who  
threatened to burn down your house  
unless you left the money in the  
hollow tree.  
Against threats of that kind  
protective measures could be taken.  
Our shyster's plan is to threaten you  
with "notoriety," and against a  
notoriety which will wreck your ca-  
reer and destroy the happi-  
ness of your family there is NO DEFENSE EX-  
CEPT IN A CRIMINAL ACTION  
IN THE COURTS, WHICH WILL  
TENSELY PRODUCE THE UN-  
CHARITABLE COMMENT YOU  
WISH TO AVOID.

To whatever extent the shyster  
lawyer finds his opportunity in ill  
received or slovenly legislation,  
the fault lies with the public which  
creates such laws, and the remedy  
can only be found along educational  
lines.

FINALLY, I MAY SAY THAT, IN  
MY OPINION, THERE IS NO NO-  
BLESSE PROFESSION THAN THE  
LAW. IT IS THE GUARDIAN OF  
EVERYTHING WHICH SEPARATES  
CIVILIZED MAN FROM THE SAV-  
AGE.

Aw, Gwan!  
A farmer once came to our town.  
For hours, with mouth as open  
He stood outside a big hotel  
To see the first coroner.

**Catarhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach  
the diseased part. The only way to cure  
catarhal deafness, is by the use of the  
Cathartic Deafness Cure, which is a  
cure for the disease. It is a powerful  
cathartic, and when it is used, it  
drives the disease out of the system.

#### Here's New Vigor for Overworked Stomachs

Hundreds of the best druggists who  
have been in the drug business long  
enough to have their own opinion of  
the best way of selling medicines,  
say the plan adopted by Mi-o-na,  
the great dyspepsia remedy, is the  
fairest they ever heard of. The Mi-o-  
na people don't believe that a  
medicine ought to be paid for unless  
it does the user some good. And so  
Mi-o-na is always sold under a positive  
guarantee to relieve dyspepsia or to  
refund the money. You simply leave  
50 cents on deposit with your druggist,  
and if after you have used the box of  
Mi-o-na, you decide that it has done  
you no good, all you have to do is to  
tell him so and he will refund your  
money.

Hundreds of people can tell how  
they have been relieved of stomach  
agony by using this remarkable rem-  
edy. It is not simply a good digestant;  
it is a medicine that puts all the  
digestive organs into normal condition  
and gives ruddy, glowing, vigorous  
health. A change for the better will  
be seen after the first few doses of Mi-  
o-na, and its continued use will soon  
give the power to eat most anything  
at any time and not suffer distress  
afterward.

Mi-o-na is sold under a positive  
guarantee to refund the money if it  
does not stop all stomach distress.  
This is the strongest proof that can be  
offered as to the merit of the medicine.  
Nothing lessens a man's success in  
his work or a woman's fascinating per-  
sonality more than a weak stomach  
with its attending evils. Use Mi-o-na  
and see how much more there is in life.  
Get it from any leading druggist in  
this vicinity.—Adv.

### HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with  
phosphate before breakfast  
washes out poisons.

To see the tinge of healthy bloom  
in your face, to see your skin get  
clear and clearer, to wake up with-  
out a headache, backache, coated  
tongue or a nasty breath, in fact to  
feel your best, day in and day out, just  
try inside-bathing every morning for  
one week.

Before breakfast each day, drink a  
glass of hot water with a teaspoonful  
of Limestone phosphate in it as a  
harmless means of washing from the  
stomach, liver, kidneys and bowels the  
previous day's indigestible waste,  
sour bile and toxins; thus cleansing,  
sweetening and purifying the entire  
alimentary canal before putting more  
food into the stomach. The action of  
hot water and Limestone phosphate on  
an empty stomach is wonderfully in-  
vigorating. It cleans out all the sour  
fermentations, gases and acidity and  
gives one a splendid appetite for break-  
fast.

A quarter pound of Limestone phos-  
phate will cost very little at the drug  
store but is sufficient to demonstrate  
that just as soap and hot water  
cleanses, sweetens and freshens the  
skin, so hot water and Limestone phos-  
phate act on the blood and internal or-  
gans. Those who are subject to con-  
stipation, bilious attacks, acid stomach,  
rheumatic twinges, also those whose  
skin is sallow and complexion pallid,  
are assured that one week of inside-  
bathing will have them both looking  
and feeling better in every way.

RURAL CARRIER EXAMINATION

The United States civil service  
commission has announced an ex-  
amination for the county of Bu-  
lock, Ga., to be held at Statesboro  
on Feb. 26th, 1916, to fill the po-  
sition of rural carrier at Brookline  
and vacancies that may later occur  
in rural routes from other postoffices  
in the above mentioned county.  
The examination will be open only  
to male citizens who are actually  
domiciled in the territory of a post-  
office in the county and who meet  
the other requirements set forth in  
form No. 1077. This form and  
application blanks may be ob-

### AN EASY WAY TO END CATARRH FOREVER

Simple Home Treatment De-  
stroys Germs of This  
Dangerous Disease

The air is always full of catarrh  
germs thrown off by one person  
and absorbed by another and when  
your stomach fails to throw off such  
germs they find permanent lodgment  
in the nose, throat and head and multiply  
rapidly. You must kill these germs  
before you can cure catarrh.

The germs of catarrh can be best  
cured by inhaling the pure medicated  
air of Aiyonel (pronounced Higwee-  
mer). This splendid and powerful  
combination of oil of Eucalyptus  
with other healing agents has a wonderful  
germicidal action. You breathe its air  
into your nose, throat and lungs by  
means of a hard rubber inhaler which  
leading drug stores in Statesboro and  
vicinity supply with every treatment.  
This medicated air is certain to destroy  
the germs of the catarrh and drives  
them completely out of your system  
and when the germs are destroyed the  
catarrh with all of its disagreeable  
symptoms will stop. As Aiyonel is  
always sold by druggists everywhere  
with a positive guarantee of successful  
results or money back, surely no cat-  
arrh sufferer should go long before  
trying this simple home remedy.—Adv.

### Anderson—DeLoach

A pretty home wedding of this  
week was that of Miss Nann And-  
erson to Mr. Bourbon DeLoach.  
The wedding took place at the  
home of the bride's parents' Mr.  
and Mrs. J. E. Anderson. The  
ceremony being performed by the  
Rev. J. F. Singleton.

The house was beautifully de-  
corated for the occasion with potted  
plants and flowers.

The bride was be-comingly gow-  
ned in a traveling suit. The young  
couple leaving very soon after the  
ceremony for Savannah and points  
South. Upon their return, Mr.  
and Mrs. DeLoach will make their  
home here.

### Brooklet Items

(REPORTED BY MISS LULA WARNOCK)

Mr. C. S. Cromley spent last  
Friday in Savannah.

Misses Lorine and Edith Ruth  
Mann of Eureka School spent the  
week end with relatives here.

Dr. C. A. Warnock has bought  
the Warnock Drug Co's stock of  
goods and will move to Statesboro  
in the near future where he will  
open a new drug store.

Dr. H. G. Parrish has bought  
the drug store of Dr. W. C. Rob-  
erts here. Dr. Parrish has been  
in the drug business in Buena  
Vista for several years, and we  
feel sure success awaits him here.

Mrs. Wayne Parrish and Miss  
Ruth Parrish spent last Tuesday  
in Statesboro with Dr. and Mrs.  
C. H. Parrish.

Dr. and Mrs. W. C. Roberts are  
visiting in Summit this week.

Mr. Felix Parrish spent last  
Monday in Savannah.

The Progressive Band Literary  
Society of Brooklet High School is  
preparing a program for Wash-  
ton's birthday. This program is  
public, so everybody go to the  
school auditorium on Feb. 22nd to  
hear it.

The Brooklet High School has  
the largest enrollment in the his-  
tory of the school. This fact alone  
shows that it is progressing, thus  
being a credit to our town.

Col. Chas. Pigue and County  
School Commissioner B. R. Olliff  
were in Brooklet last Monday.

## Making the Little Farm Pay

By C. C. BOWFIELD

More amateurs are engaging in agriculture today than ever before. The back to the soil movement is at its zenith. Farming as a vocation lures city families by its promise of independence, comfort and safety. It is highly profitable now as compared to the condition twenty years ago, and without doubt people who are ordinarily capable can make the business pay. At the same time they have the assurance of a comfortable home in peaceful surroundings. The rural environment is making a strong appeal to many who are tired of the cities.

The desire of those who are thinking on farm problems is that rural communities everywhere shall be whole-

## For the Children

Little Miss Henderson at New York Horse Show.

Photo by American Press Association.

Horses of the highest degree are to be seen at the New York show, held every year in New York city. Animals of various breeds and adapted to many uses are there assembled. From all over the country they gather, and in former years they came from Europe. Work horses, racers, trotters, high stepping carriage animals, ponies, saddle horses and all the rest are on exhibition. There also are to be seen men, women and children, most of them owners or lovers of the beautiful horse. Children take a large part in the show. They come with their parents and are keenly interested in the competition for the ribbons that are awarded by the judges. The little girl in the picture is Miss Helen Henderson of New York. She is the daughter of Mrs. Van Wyck Thorne Henderson. She won a prize for her handsome harness pony, which she drove in the ring.

Fill the blanks with words spelled differently, but pronounced alike. Example: Scene, sent.

1. Do not — for her yet. By — she may be better.  
2. Bruno dashed through the farm — at a sufficiently rapid — to overtake the hurrying tramp.  
3. "It's great fun to —, mother," remarked the little eagle, "but a misadventure makes me — for days after."

4. It made her — to think how tall her friend had —, while she herself was such a "dumpy."  
5. No matter how far you — in Italy, you will find some road that takes you back to —.

6. It — to make haste slowly. Do not set yourself too hard a — at the start.

Answers: 1. mourn, mourn; 2. gate, gate; 3. soar, soar; 4. groan, groan; 5. roam, roam; 6. pace, pace.

**Cutting the Cake.**  
A "cake" should be made by packing a barrel full of flour. Turn the cake out upon a large plate, packing it well into shape, and upon the top lay a gold ring. Let each person present cut the cake in turn, the turns being decided alphabetically or by lot, each one showing a slip of paper on which is written a number—1, 2, 3, etc. No. 1 cuts off a piece of the cake, then No. 2, and so on, each one trying to avoid disturbing the ring. The one who knocks the ring from its resting place must pick it up from wherever it falls on the plate with his or her teeth. The one touching it with the knife should ever happen to his husband the little farm would help me to be independent.

"The garden not only provided us liberally all summer with fresh green vegetables, but is going far toward feeding us now. The idea of canning vegetables never occurred to me until I saw the success of one of my neighbors, and I decided that what she could do I could do too. I sent for the government bulletin and followed its directions, starting with asparagus. It was a success, so I went ahead and canned peas, beans, young carrots, beets, corn and tomatoes. In the fall we stored in jars cabbage, carrots, late cauliflower and turnips. Besides these, we have in the cellar squash, pumpkin and sweetcorn. I have a variety of pickles, the principal articles for which I grew, such as cucumbers, cauliflower, peppers and tomatoes."

**Solutions in Different Countries.**  
The American or English speaking folks say, "How do you do?" "Hello" or "Good morning." The French, "How do you carry yourself?" The German, "How goes it?" The Dutch, "How do you travel?" The Spaniards, "How are you passing it?" The Arabs, "A fine morning to you." The Chinese, "God grant you his blessing." The Egyptians, "How are you prospering?" The Chinese, "How are you digesting?" The Greeks, "How do you like it?" The Italians, "Grow in grace!"

Co-operation's Advantages.  
Co-operation is an important factor in the marketing of all crops by the farmer. Better freight rates can usually be secured when several shippers, together, sacks, hampers and other packages can be purchased at wholesale, as well as supplies, such as fertilizers; market reports by telegraph can be received every morning, carload lots can be shipped, and if the market to which the car is consigned goes to pieces the car can be diverted to another place where prices are better. Where a number of farmers bring their produce to a central place for shipping, the goods may be graded to advantage and better prices obtained.

## THIS OLD SOLDIER IS STILL IN LINE

Goes to Memphis Reunion Marches Three Miles in Big Parade—Gains Seventeen Pounds.

"If it had not been for that Tanlac I couldn't have gone to the Confederate Reunion at Memphis on the 8th of October and marched afoot for nearly three miles in the big parade," said Frank B. Kendrick, who lives at 4800 Charlotte avenue, Nashville. Mr. Kendrick is one of Nashville's oldest and best known citizens.

As a member of company I, Second Kentucky cavalry, Basil Duke's regiment, General John B. Gordon's command, Mr. Kendrick saw service throughout the civil war, and was wounded four different times.

"During the winter," said Mr. Kendrick, I suffered intensely with rheumatism, and when springtime came I went to pieces. I had just about made up my mind that my end was not very far off. It looked like I was on a verge of a general physical decline, and I had about despaired of ever walking again. I am seventy years of age, have fought a good fight and proven my record, and was ready to go. But since I got hold of Tanlac I feel now I believe I will do it. Before I began taking this medicine I was rapidly losing weight, little strength and flesh I had, and was so weak and debilitated it was all I could do to walk from the bed to the chair, and even that required great exertion. I had no appetite at all, couldn't sleep to any good and was awfully nervous. My flesh seemed to dry and I suffered a great deal with headache.

"I doctored, but did not show any sign of improvement. I attributed my failure to get relief to my old age and declining physical powers. But I made a bad guess, because after taking Tanlac two weeks I felt better and younger than I had felt in years. I am now on my ninth bottle, and am actually thirteen pounds heavier than I was before I began taking Tanlac. My clothes were two large—now then are so small, and I guess I will have to buy clothes that will fit me comfortably. To make a long story short—the medicine just seemed to fit me with new life and energy, and put me right on my feet. I have a fine appetite now.

"As I told you before, I can now walk anywhere, and have thrown my cane aside, because I don't need it any more, except for bad eyesight. I spent four days in Memphis at the reunion, and just tramped around all over town with the boys. All around were men who gave out during the parade, but at the end I was right there, and didn't feel the least tired. I just got back a few days ago, and am awfully glad to tell you what Tanlac has done for me. If I had the money I would buy every old soldier a bottle of Tanlac, because I believe it would add years to their lives."

Tanlac is sold exclusively in Statesboro by W. H. Ellis Co., and in Metter by Franklin Drug Co.—Adv.

**Big Round Moon.**  
Great big round moon is a trick game. The leader says, "Great big round moon," describing a circle with her left hand in the air; two eyes, a nose and a mouth," forming them with her left hand. The others try to imitate her. Those who do not do right must pay a forfeit. The trick is in doing it with the left hand.

## Announcements of Candidates

FOR TREASURER

By the request of some of my best friends I hereby announce my candidacy for Treasurer of Bulloch County, subject to the Democratic primary of 1916. And if I should be honored with the nomination it will be my highest ambition to see that the duties of the office be efficiently and faithfully performed to the satisfaction of the people.

Respectfully yours,  
J. H. ST. LAZAR.

FOR COUNTY SCHOOL COMMISSIONER

Having been repeatedly urged by my friends to enter the race for county Superintendent of Schools, I hereby announce my candidacy for same, pledging myself to abide by the result of the approaching Democratic Primary. I am sure that my fifteen years as a student of the public schools and colleges of our country and my 20 years of successful experience as a teacher in both common and higher schools have given me sufficient training to handle the duties of the office with ease, and should the good people of Bulloch honor me with their choice I assure them that I will leave no stone unturned and that I will always show my appreciation to such a degree that they will never regret having given me their support.

I am in the race to win on merits alone and I positively will not indulge in mud-slinging tactics and other unfair schemes against my opponents. I am a friend to all and expect to remain so even if it causes me to lose out. I solicit the support of Bulloch's noblest manhood at the polls on election day, for which I am thanking them in advance.

## MR. J. E. MCGROAN OUT OF THE RACE

Decided Not to Run for Ordinary.

To the Voters of Bulloch County: After thinking over the matter, and discussing it with some of my friends, I have decided to retire from the race for ordinary.

I appreciate the kind support of those who have promised me their votes. I withdraw without malice to any person, and it may be that at some other time I may be a candidate.

I retire in the interest of no other candidate.

Very respectfully,  
J. E. McGroan.

Resolutions

Whereas, Our all wise and heavenly Father has seen fit, in His divine plan, to call to another field of labor, our much beloved pastor, the Reverend W. S. Harden, Whereas, Under his guidance, the Sunday School and Church work having prospered to a marked degree, we realize that in his going, each member of the congregation loses thereby a personal friend, and the church an efficient and able worker, and

Whereas, The community at large loses a worthy power for good and a powerful instrument for the advancement of God's kingdom in the world, and particularly in this community, therefore

Whereas, That, while we bow our heads in humble submission to the will of Him who doeth all things well, we still deplore the fact that we shall lose the sweet companionship of him and his family, and that his services have been denied us when it seemed they were accomplishing the most good;

That we commend him and his family into the keeping of our gracious Father; that we wish them God speed in their future journey, and that wherever God's call may lead them in the years to come, we assure them that the love and prayers of this Church and people shall follow them.

That a copy of these resolutions be furnished to the Reverend W. S. Harden; that a copy be furnished to the Christian Observer, and that these resolutions be spread upon the minutes of this Church.

Done by order of the Presbyterian Church of Statesboro, Georgia, in congregation assembled, this the thirtieth day of January in the year of our Lord, Nineteen Hundred and Sixteen.

Will Not be in the Race for Treasurer

Statesboro, Ga. Feb. 1, 1916  
To the Citizens of Bulloch County: I have decided not to make the race for re-election to the office of County Treasurer, as the people have elected me two terms and there are some objections in the County to a man holding office over four years. I have tried to discharge the duties of the office to the best of my ability, and in retiring from the race, I wish to thank my friends for their loyal support in the past and wish to assure you that I have the best of feeling for every one.

## ATTORNEY H. M. JONES

### Candidate for Solicitor

H. M. Jones one of Statesboro's young and aggressive attorneys announces in this issue for the office of City Solicitor. Mr. Jones enjoys an extensive acquaintance throughout the county and those of his friends who were in his support when he ran the race two years ago will rally again and with a trio of contestants for this office it is anticipated that it will be an interesting race. Mr. Jones enters just about as the books closed and his announcement came as a surprise to some although it had been known to his close friends for sometime that he was considering the matter of becoming one of the contestants which is his official announcement now makes final.

The judges rendered their decision in favor of the affirmative side.

### WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamlike sleep, irritability and unless corrected, leads straight to a breakdown.

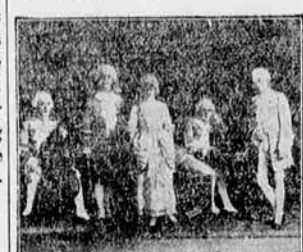

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

## MOZART QUINTETTE

One of the Star Attractions of the Southern Chautauqua

In bringing the great Mozart Quintette into the Southland for these events the Southern System is giving the South the opportunity to hear one of the most brilliant collections of musicians the American platform has offered. The company was organized to supply the demand for the highest grade music, rendered in a manner to appeal to the mixed audiences. Each member is an artist of music of unusual merit.

This is a very unusual company.

Aside from the superb music it offers, the manner in which it is rendered is worthy of note. The company is picturesquely attired in the costume of the time of Louis XV, creating an effect most pleasing to the eye. The stage fittings and light effects are especially pleasing, and their ensemble work is particularly strong. The program moves along with no loss of time between the numbers.

There are many companies of foreign musicians on the American platform, but none that seem to have grasped the demands or understood the tastes of the typically American audience as have the Mozarts. They are presented on the coming festival program for their true musical worth to the community.

REGISTER, GA.

Visited by Disastrous Fire.

Entire Block Destroyed

Fire was discovered this Friday morning at 8.30 in the store of the Register Drug Co. and before it could be placed under control had communicated to adjoining buildings and in a short time four stores, a barber shop and the Nevil Hotel was in ruins. The loss is estimated at not less than \$7000 with but partial insurance. There is no decision as yet regarding rebuilding any of the burned buildings.
