What Other Papers Say and Other Towns Are Doing.

So many candidates running the fellow who howl, "fraud!" after the primary will find plenty to join in the chorus.—Milan News

The last word hadn't been said in the Lusitania matter after all. It looked yesterday, from the press reports, that the whole thing would "da capo," as the music writers say—in a D. C. for short manner—when they mean for you to go back to the beginning and play the tune all over again.—Athens Banner.

There would be very little, though some need of the courts and the police if every Georgian continuously kept his head, was continuously in direct charge of his emotions. In that happy condition, there would be no lynchings, no murders, no willings to "shoot out" trivial disputes, no drunken men, and Georgia would be far happier and far more prosperous in a material way. "Personal prohibition" should be practiced by everybody in so far as drunkenness, lynchings and quarrels that lead to tragedies are concerned. Nothing else is so much needed in Georgia as this.—Savannah Morning News.

Col. Naylor Colquhoun, of Savannah, is the latest to be mentioned as a probable opponent of Hon. Chas. G. Edwards for Congressional honors. Col. Colquhoun is a man of ability and a man well known, but we hardly think he will allow the use of his name—Springfield Herald.

The great question of preparedness now confronting the people of the United States is a serious and difficult one. The vast and inhuman conflict in which the nations of Europe are engaged has aroused the world to a sense of insecurity as regards peace treaties and tribunals, and has brought the majority of people in this country, we believe, to the conclusion that future safety can only be guaranteed by preparedness.—Sylvania Telephone.

A matter that in our minds is settled and settled well is the prohibition question so far as legislation is concerned. All needed is a law enforcement and that matter is done with. There is no further demand for injecting it into another state campaign. Any man who is at all gubernatorial timber may see this law as it stands on the statute books, together with other laws in common, strictly enforced. Then will some one point out just why two candidates already are agitating the thing again!—Savannah Forest Blade.

We hope that all the talk against lynching will not die out until the next outrage is pulled off. Keep up the talk until the people are thoroughly aroused over this disrespect of law and decency in Georgia.—Darwin Gazette.

Not a day passes hardly but we read of some terrible automobile wreck somewhere. There must be some remedy for this evil. The three new taxes automobiles from three to five dollars and some of this money should be used to hire constables to enforce a state speed law. It is understood that there is such a law but if there is it is disregarded about like some other state laws. Give us a speed law and officers to enforce it.—Telfair Enterprise.

What Pincora needs and needs badly is a Civic League, an association for the beautifying and boosting of Pincora, and incidentally being the most effective means of bringing the people closer together for the betterment of the town. With an association of this kind the little differences that now

SAYS ACID STOMACH CAUSES INDIGESTION

Excess of hydrochloric acid causes the food and forms gases.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sour in the stomach much like garbage sour in a can, forming acid fluids and gases which irritate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, headache, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy a box of J. D. Lee's Acid-Neutralizing Tablets, and take a tablespoonful in a glass of water before breakfast and drink while it is effective, and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive fluids.

Georgia Moonshiners Cleverest In The World.

Atlanta, Ga., Feb. 23rd.—Moonshiners of the North Georgia Mountains, said to be the cleverest in the world, can take a lesson from Marvin McGee, of Atlanta, who has been arrested by the federal authorities following the discovery of a hidden still which they declare was the most intelligently concealed they have ever known.

McGee has a home on the Adamsville Road, in a thickly settled suburban neighborhood, where he operated the still unknown to his nearest neighbors and most intimate friends.

He had a secret room immediately beneath the fireplace of the house, and in it the still was concealed. It was so arranged that a flue connected it with the fireplace and chimney above, so that the heat and smoke passed out of the chimney.

If McGee hadn't taken up beer as a side-line he might never have been caught, but he made the mistake of storing fifteen barrels of beer in his house, and this led to suspicions and a thorough search.

A healthy man is a king in his own right; no unhealthy man is an unhappy slave. For impure blood and sluggish liver, use Burdock Blood Bitters. On the market 35 years. \$1 a bottle.—Adv.

exist would be greatly remedied, and make boosters out of knuckers, who have come to flourish here like the proverbial Bay tree. Let us not wait until this insidious and most loathsome disease known to towns and cities, is buried too deep into the arteries of our beloved and prosperous town. Get busy and help root out this evil. Only in harmony can a home, business, town or association prosper.—Effingham County News.

Cut Your Store Bills Down One Half

Tens of thousands of farmers as well as towns and city folks cut down their store bills one-half last year and saved money in spite of generally short crops and reduced wages.

Absolutely millions of dollars were saved and countless families lived better than ever before in the face of the cotton crisis and general business depression.

How were these burdensome store bills cut down? By the money-saving power of good home gardens, rightly planted and kept planted and tended through the season.

Hastings 1916 Seed Catalogue tells how to cut store bills down, tells about garden and farm seeds of kinds and a quality that cannot be bought from your merchant or druggist. It's full of garden and farm information. It's free if you ask for it. Write for it now. H. G. HASTINGS CO., Atlanta, Ga.—(Adv.)

SOUTHERN BELL ISSUES FIRST AID KITS.

To Employees of this Great 'Phone System—Safety First Campaign

Atlanta, Ga., Feb. 23rd.—First aid kits for the injured are being sent to its exchanges all over the south by the Southern Bell in line with its safety first campaign among employees. These kits contain antiseptics, gauze, bandage, splints and other first aid materials. The proper use of these appliances will be explained by the company's expert when the kits are put in use.

Each gang of men on repair and construction work will carry a large kit. Smaller kits are provided for bicycle men, individual linemen and trouble men. The first aid appliances will not only be used for injured telephone employees, but instructions have been given to use them for the benefit of any individual who is injured in any vicinity.

Cotton.

PEARCE & BATTIE, the reliable and substantial Cotton Factors, of Savannah, are in position to finance, in accordance with good policy, practically any quantity of cotton placed with them, whether for prompt sale or to be held.

Georgia Wild Cat Killed By 12 Year Old Lad.

Atlanta, Ga., Feb. 23rd.—The largest wild cat ever seen in Georgia, weighing more than forty pounds has been killed by Dan Sweet age 12 and his brother Charles age 9, near Waycross. The wildcat got into the barnyard and attacked a dog belonging to the boys. It was so large that they thought it was another dog and seeing their dog getting the worst of it they mixed in with a couple of clubs. The cat clawed them a time or two, but they succeeded in killing it, after an exciting fight.

THURSDAY, FEBRUARY 24, 1916

Fifteen days more and the pri-
mary will be up in us.

The knowing ones confidently
assert that Gov Harris will not be
particularly disturbed in his race
for re-election.

Interest in the Bulloch county
packing plant truly is at fever
heat and it won't be but a
short time until we know to what
extent the people will support it.

Uncle Samuel is still carrying a
chip on his shoulder about the
Louisiana matter, which Kaiser
William is trying mightily hard to
swim around. A couple more
bumps of a submarine and there
will be something doing.

What a wonderful country
America would be if municipal
governments could be managed
under corporation systems instead
of political choosing. Bond the
manager and the woman he failed
to make good, fire him. There
wouldn't then be as many aspir-
ants for mayoralty jobs as we now
have.

John Barleycorn, who, notwith-
standing the eight years of Georgia
drought, has managed to maintain
a residence in three or four promi-
nent cities of the Empire state and
who has recently been served with
a dispossession notice, is having a
— of a time to break up house-
keeping by May 1st.

WE SHOULD WORRY

Times are hard—money is
scarce—things going to the
dogs—a packing plant impos-
sible—so say the croakers, yet
old Bulloch plods along getting
a little enjoyment out of life
and when the necessity arises
to raise a little coin, its dug up
from some source we know not
where. Statesborites contrib-
uted nearly \$500 in twenty-
four hours soliciting for a one-
man flying machine exhibition
not long ago. The Birth of the
Nation, sensational motion pic-
ture show at Savannah took at
least \$300 ducats in a total ex-
pense from Bulloch county; we
just secured \$500 for the pre-
liminary expense attached to
the packing plant organiza-
tion. Within the last four days
we have contributed upwards
of \$700 for a Chautauque en-
tertainment not speaking of a
recently compiled table of sta-
tistics showing an average of
one automobile sold every day
in Bulloch county which at a
fair cost average would send
the figure in excess of \$200,000
a year. The 1915 bank reports
gave over \$600,000 on deposit.
Couple this with the value of
the meat that is lost in Bulloch
for lack of curing and preserv-
ing facilities the citizens of this
county could build three pack-
ing plants worth \$100,000 each
and then have some change
left for a little amusement now
and then. We should worry.

SAVANNAH'S MISFORTUNE.

It is deplorable that Savan-
nah should just at this moment
be in the throes of a personal
political war, the gathering of
the clans of this and that fac-
tion, and flooding the nation
with literature pro and con, at
a time when the city beautiful
is about to entertain thousands
of tourists and delegates to one
of the biggest conventions the
country assembles, and bidding
as she is for new manufactur-
ing enterprises, would seem
that if her citizens really had
the welfare and progress of

their city truly uppermost in
their minds and hearts, they
might at least defer their fight
until the Mayor's term would
expire as now on their statute
books, and unanimously ob-
serve the liquor law that goes
in effect May 1st and then get
behind the administration and
push for a greater Savannah.
If we are correct in our belief
Mr. Pierpont, as councilman,
polled the greatest number of
votes of that body by which
custom made him Chairman of
council and acting mayor when
the occasion required. Upon
the death of Mayor Davant he
was unanimously chosen by
council to fill out the remain-
der of the mayor's term under
the law that the people had
conferred upon council; so this
plea that the people have not
had an opportunity to pass
upon Mayor Pierpont's fitness
for office, their choice, etc.,
doesn't listen good and clean
to the outsider. Looks too
much like petty politics and not
becoming big men in a big
town.

The Bulloch county political
caravan is moving along serenely
with scarcely a ripple on
what has been a tumultuous
rough sea in former political
sailings. There have been no
recriminations hurled thru the
air, and to all purposes the res-
olutions adopted by the voters
and executive committee when
the date of the primary was de-
cided upon will be more than
religiously lived up to. There
isn't going to be any "licker" or
money used and in fact it is a
real brotherly and sportsman-
like contest; the fellow who
wins will be the best fellow;
the public will place their con-
fidence in their officers and all
get behind them and BOOST
old Bulloch and Statesboro
right up in the very front seat
in the first row of the best
towns in Georgia. That's what
we are, and when you're away
from home don't forget to talk
it that way son.

CATARH GERMES
EASILY KILLED

By Breathing Into Throat,
Nose and Lungs a Pure
Antiseptic Air.

If you have catarrh and want to get
rid of it you must kill the germs which
cause the disease.

The best known way of destroying
catarrh germs is to breathe into the air
passage of your nose and throat and
lungs the pleasant, penetrating air of
Hyomei (pronounced High-o-mey). Hy-
omei is made from the purest oil of
eucalyptus combined with other pow-
erful, healing and germicidal ingredi-
ents. You breathe it through a little
sterilized inhaler which leading druggists
and Statesboro and vicinity are furnishing
with every complete treatment
sold. Every time you inhale the sweet,
fragrant air of Hyomei through this
little device you are drawing into your
swollen, inflamed, germ-laden mem-
branes a medicinal air which will not
only reduce all the swelling and in-
flammation and open your clogged nose
and stopped-up air passages, but will
positively destroy every trace of cat-
tarrh germ life it reaches. Druggists
are so sure of the success of Hyomei
that they sell it invariably on the
positive guarantee that money
paid will be refunded if success-
ful results are not secured from its use.—

Frank Lowden's Opinion.

Frank Lowden of Illinois, who was
quite a long time a member of the
house, was in Washington a short
time ago and met a number of his
old friends. One of them was John
W. Dwight of New York, also a former
member, but now a business man, op-
erating largely in southern states.
Lowden was asked about his prospects
for the governorship of Illinois, and
Dwight asked him why he didn't stay
out of politics.

"You are a blamed fool, John," was
Lowden's reply. "Here you are stack-
ing up money in business, and the
Democrats are going to come along
and take it away from you with an
income tax."

It was just after the announcement
that the war preparedness would be
paid for out of increased taxes on in-
comes.

A Tiny Bird.

It is said that a humming bird, when
stripped of its feathers, is no larger
than a humbug.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach
the diseased portion of the ear. There
is only one way to cure catarrhal deafness,
and that is by a constitutional method.
Catarrhal Deafness is caused by an in-
flamed condition of the mucous lining of
the Eustachian Tube. When this tube is
inflamed you have a running nose or
throat, and when it is entirely
cured, deafness is the result. After the
cause of the inflammation is removed, the
tube returns to its normal condition, hearing
is restored and the disease is cured. No
doubt, catarrhal deafness is the most com-
mon cause of deafness. Write for the
book, "Cure of Catarrhal Deafness," which
will give you the full story of the disease
and how to cure it. It is free of charge.

Military Training of the Unemployed Would Create Large Re- serve Army

By MAJOR GENERAL WOOD, United States Army

A PLAN I would suggest to accomplish the double good of enlarging
the reserve army and relieving the cities of the burden of unem-
ployment would be the establishment of suburban camps placed
near the cities, where any man WHO IS OUT OF WORK COULD
APPLY AND, ON BEING ADMITTED, RECEIVE THREE
MONTHS OF MILITARY TRAINING, HIS BOARD, LODGING
AND UNIFORM AND SIX DOLLARS A MONTH BESIDES.

I do not refer necessarily to those who are too lazy and inefficient to
work, but to the thousands of men who are ready and willing to do what-
ever they can. They have become one of the great municipal problems,
and if every little town in the country, to say nothing of the cities, could
mobilize its unemployed we would have an army of more than one mil-
lion men, in addition to the reservists we already have.

Three months under military supervision would give these men health,
morale, knowledge of how to take care of themselves and self respect, so
at the end of that time they would be three times as capable of finding
a position and of holding it as they were before.

TO SAY NOTHING OF THE MILITARY VALUE TO THE COUNTRY
DERIVED FROM SUCH A LARGE NUMBER OF RESERVISTS, THE AD-
VANTAGES TO THE CITIES OF ORGANIZING AND EQUIPPING THESE
MEN WOULD BE ALMOST TOO GREAT TO BE MEASURED.

RESTRICTION ON RAILROAD RATES A DETRIMENT
TO NATION'S BUSINESS

By Former PRESIDENT WILLIAM HOWARD TAFT

THE close and absolute supervision over the management of railroads
and the restriction upon the rates charged by them in interstate
commerce and in commerce within states, together with the in-
crease in cost of maintenance and of wages through the efforts of labor
unions, has ground the railroads between the upper and nether mill-
stones.

ALL THIS IS TO THE DETRIMENT OF THE BUSINESS OF THE
COUNTRY, AND ESPECIALLY TO THE COMFORT AND HAPPINESS OF
THE WAGE EARNERS DEPENDENT ON NORMAL BUSINESS AND
NORMAL DEMAND FOR LABOR.

We are all in the same boat. The prosperity of one class is dependent
on the prosperity of all. This is no reason why we should not repress in-
justice and punish abuse of power. But it is a reason why we should not
indulge in excess.

We must promptly grant increased rates to the railroads when con-
ditions require it. We must not allow the outrageous injustice to con-
tinue by which we inaugurate the real reform OF PARCEL POST
AND DO IT AT THE COST OF THE RAILROADS BY COM-
PELLING THEM TO CARRY THE ENORMOUS INCREASE OF
TRAFFIC FOR NOTHING.

Two Nice Old Gentlemen.

ing the munition manufacturers and
talked about "blood money." Minority Leader
Mann told the house one day, "and yet

dig at Congressman William L. La Fol-
lette, a semi-Progressive of Washing-

Items Concerning the County Schools

By R. R. OLLIFF, Supt.

In the several schools of the county, through the medium of social entertainments, box suppers and such like, an average of about \$200 is being raised each week with which to add equipment that is badly needed. At the present rate, pretty soon every school will be well equipped, and in such a way that no one will miss the mites contributed. A spirit of rivalry is so prevalent throughout the county that every section is determined to have the best school. Before long we will have schools that will put us ahead of any county in our state. We now have the best farms and farm homes, why not let us have the best schools and school houses? We are entitled to and I believe we will have them.

At the Ewell Park school on the night of the 12th, with a box supper, they succeeded in raising \$50 to be applied to the purchase of equipment. They have already painted their beautiful building. The school has a large yard, school garden, flowers and other things that will make for the good of its pupils. Prof. I. L. Tyson is the teacher there this year.

The Middle Ground school has appropriately placed its name on a board in front of the building so that strangers who pass that way may know what school it is. These people believe in their school and are flying their colors. Let us put the name of every school where it can be seen before the term ends. It will be worth the while.

The Purvis school is being taught this term by Miss Elizabeth Andrews, who was first assistant at the Pauline school last year. She has a splendid school and is doing some really good work. Her patrons are planning to build a new house this summer. Let us keep the good work going.

Prof. Claude Harmon, teacher of the Hedy Branch school, has resigned his position on account of bad health and will go to Atlanta for several months. There is an enrollment of about 70 pupils in this school. When the new addition is completed, this will be one among the good schools of the county. It is now a beautiful school, well painted and pretty well equipped.

When you pass along the Statesboro and Swainsboro public road, stop by the Bird school and take a look at that building. If the school happens to be in session, go in and see its inside arrangements. Notice the splendid plan, its up-to-date equipment, the beautiful color design, in which the just painting has been finished. This house has just been painted inside and out; and, too, they have one of the best school yards in the county. Misses Gladys Bird and Ouida Bland are the teachers for this term. They have a splendid school.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Look years younger! Try Grandma's recipe of Sage and Sulphur and nobody will know.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because one can possibly tell that you doctored your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more headache, sniffling, blowing, no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what suffers from head colds and catarrh need. It's a delight.

PRICE ADVANCED BY SIAL TRUST
The Story is a Sial Shell.

A concise story of the sial trust which may be used in any paper with or without credit to Farm Implement News.

A complete monopoly of the sial fibre output of Yucatan, Mexico, has been obtained by the Comision Reguladora del Mercado de Bienes (committee to regulate the sial fibre market), a body created by Yucatan law.

A big advance in the price of binder twine will be one of the results. The Comision Reguladora is now composed of supporters of Gen. Carranza, head of the de facto government of Mexico. To finance the monopoly the Comision has enlisted the aid of New Orleans bankers, who in turn have prevailed on banks in New York, Chicago and St. Louis to take part of the large loan required, and which will be secured by warehouse receipts on the fibre stored in New Orleans and elsewhere. A company composed of American bankers and members of the Comision has been formed and will receive a large commission on all fibre sales in addition to the interest paid the banks on loans.

The Comision Reguladora was created three years ago to buy surplus stocks of sial fibre to prevent them from being dumped on the market and thereby driving down the price. The Comision fixed a certain price for the one required by planters to make their crop profitable, but was unable to get sufficient financial backing in Mexico to carry out its plan. With the power to drive out the fibre dealers and no Yucatan sial can be purchased through any agency other than the Comision.

Having a complete monopoly the Comision can dictate the price at all times. The price it is now demanding is 2 cents higher than the price it pronounced profitable to the planters in the beginning. It is 2 cents higher than the price which prevailed a year ago. It is 15 cents higher than the average price paid for sial by binder twine manufacturers last season; hence, if no farther advance is made, the price of twine is sure to be increased that much over the price of 1915. And there is no telling how high the price will be raised by the Comision before the required amount of fibre for next season's twine supply has been purchased, and in the succeeding years.

In advancing the price the Comision has ignored the law of supply and demand; for last year, notwithstanding the consumption of sial fibre was the largest in the history of the trade, there was a large surplus in Yucatan. Under normal conditions of competition, such as existed before the Comision seized the market, the price would have declined from last year's figure. The price is therefore arbitrary and unfair.

Thus the American farmer is to be forced to pay tribute to a fibre trust financed with American capital, to furnish such time as other fibres suitable for binder twine can be obtained in sufficient quantities, the farmer must depend on sial for the greater part of his twine supply. Conditions make it impossible to obtain an adequate supply of manila fibre at this time. For every cent added to the price of twine through the operations of the sial monopoly, \$2,500,000 will be added to the binder twine bill of the American farmer.

Is this monopoly amenable to the anti-trust laws of the United States? If it were purely a Mexican affair, or if the financial backing were obtained from other countries, the United States would be powerless to interfere. But since the capital is contributed by American banks from deposits of American depositors, the combination should be amenable to American law. Justice to the farmer requires that the government take such steps as may be taken lawfully to prevent the financing of the monopoly with American money.

"Silent Smith"
wins the fight against noise.

(Producing power of both typist and executive is increased by this 100 per cent efficient machine.)

In eliminating the clatter that up to this time has characterized typewriters, the L. C. Smith & Bros. Typewriter Company has taken the longest stride ahead since the introduction of "visible" writing.

Model 8—The "Silent Smith"

—runs so quietly and so smoothly that it is a relief to the nerve racked office worker.

There are many other new features worthy of consideration, including the decimal tabulator and the variable line spacer. Both are part of the regular equipment. A left hand carriage return is furnished if desired, in place of the regular right hand lever.

An illustrated catalog of Model 8 may be had for the asking. Drop a card now to

For the Bride And Groom

Here is a string of inexpensive recipes for you people.

Ma's Doughnuts—One cupful milk, small cup, one cupful sugar, salt, cinnamon and teaspoonful of baking powder. Flour to make as soft as you can roll out. Fry in hot fat as usual. Makes twenty-four big doughnuts.

Meat Pudding—One pound round steak. Cut up small one onion. Now rub one cupful of fine chopped suet into two cupfuls flour, salt and a little water to roll out as pie crust. Put meat and onion with salt and pepper in, and draw up crust around it. Roll in pudding cloth two hours (put a lid cover on bottom of kettle you boil it in to prevent it sticking).

Delicious Gingerbread—Cupful molasses, salt, ginger, tablespoonful milk, cupful hot water, teaspoonful soda, flour to make real soft. Bake in moderate oven about half an hour.

Onion Soup—Four onions cut up very small, boiled in water, season with cupful milk, salt and pepper. Serve with toasted crackers. Very easy to make.

Beef Stew—Cut up a cupful of lean meat, one onion, one carrot, three potatoes, salt and pepper. Boil all together till tender.

Bean Soup—Cupful cold baked beans, one onion, cupful soup stock, two potatoes cut up. Boil one hour.

Mock Roast Beef—One cupful fine chopped meat, one egg, one cupful breadcrumbs, salt, pepper, a little soup stock. Form in a loaf and serve with mashed potatoes and spinach.

Mock Chicken Salad—Put one can tuna fish (10 cents) on lettuce leaves and pour homemade dressing over it.

Rice Pudding For Two—One spoonful washed rice, one big cupful milk, a small handful raisins, salt, spoonful sugar, dash nutmeg, teaspoonful butter. Bake till rice is nicely done.

Apple Pudding For Two—Put two apples, pared and cut up, in dish, with a little sugar, salt and spice; one slice bread, one egg, one cupful milk. Stir a little sugar on top. Bake in moderate oven.

Boiled Fruit Pudding For Two—One cupful raisins, one cupful flour, spoonful sugar, salt, one cupful milk. Put in small pudding bowl or baking powder can and boil one hour.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache, headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Statesboro residents desire more convincing proof of their effectiveness than the statement of a Statesboro citizen who has used them and willingly testifies to their worth?

S. F. Olliff, merchant, Statesboro, says: "I can conscientiously recommend Doan's Kidney Pills to others who may be in need of a kidney medicine. I have given them a fair trial and they have done me more good than anything else I ever took for kidney trouble."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Olliff had.

Birthday Dinner

The family and friends of Mr. A. W. Stewart met at his residence Sunday, the 20th inst., and gave him a happy time.

All brought well filled baskets. At about 2 o'clock the dinner was spread; and such a dinner. Those present, consisting of about two hundred persons, assembled around the table in the yard and feasted on the good things. After the feast enough was left to have fed the crowd again.

Mr. Stewart is 79 years old, and as each mile post is reached they assemble and give a happy greeting. He received a number of presents from his children and friends.

Keeping Tires on the Road

Within the past week repairs in every part of the country have been notified by the B. F. Goodrich Company of an improved method of tire repair which will save car owners thousands of dollars.

This is the result of more than a year of study and scientific investigation by the repair department of the largest rubber factory in the world.

Two principal difficulties have been found with repairs made heretofore. The repairman often has not taken the injury out of the tire. Piles of fabric have been heaped upon the injured parts but the injury itself remained. The patch was no more than a patch—a makeshift—often the patch was as stiff as a piece of armor plate. The stiff patch and the resilient tire body parted and the tire "shuffled off" before its time.

Again, in some cases repair materials have been used which were not designed to harmonize. As a result, part of the tire was either over-cured or under-cured.

Under the new method the same tools and equipment are used, the repair costs practically the same as heretofore, but the tire goes back on the road nearly as strong as before injury.

The Goodrich Company's latest improvement has caused a great deal of comment both among the trade and also among car owners, many of whom heretofore felt that it was impossible to repair a badly blown-out tire effectively. Instructions are furnished to repairmen without charge.

Many of Ga.'s Lawmakers From the Rural District.

Atlanta, Ga., Feb. 23rd.—The prosperity of Georgia and her substantial credit everywhere are due to the fact that Georgia's lawmakers have come largely from the rural districts, was the interesting statement made by former Governor Slaton before the famous Rockefeller Bible Class in New York.

After praising Georgia's constitution, and telling the story of the successful bond issue which put Georgia's credit to the test and showed it to be 100 per cent good, the former governor said:

"Georgia's lawmakers have come largely from the farm where the old farmer, in viewing after his day's toil the acres where repose his loved ones, respects the rights of property, and has learned in his nearby church the eternal laws to which must yield the petty contrivances of all legislatures and parliaments.

Referring to the solidarity of Georgia's constitution, he said: "It was Robert Toomb, an old fashioned Georgian, pronounced in conviction, positive in speech, but wise in statesmanship, who shaped the constitution of our state."

Atlanta, Ga., Feb. 23—John K. Ottley, of Atlanta, vice president of the Fourth National Bank, and one of the South's leading figures in the banking world, has been appointed vice president for Georgia of the National Bankers' Association.

The honor is a distinguished one, and one which will be learned of with pleasure by Mr. Ottley's hundreds of friends throughout the southeast.

MAY EAT MUSKRATS AND HORSE MEAT IF WAR CONTINUES

As Sweet As Possum or Chicken.

Atlanta, Ga., Feb. 23—If the war keeps up long enough we may be eating muskrats as well as horse meat. While Georgians have long pursued and trapped the little muskrat in certain streams of the state for the sake of its fur, there is no case on record where anybody has eaten one, but word comes from Virginia that somebody made the attempt and found out that the meat is sweeter and more delicious than that of the Possum or chicken.

They say that muskrats are already being offered for sale regularly in some markets, just like rabbits. The muskrat after all is not really a rat at all, but a member of the beaver family, one of the cleanest animals known. When they go into a field to pull up a stalk of celery or asparagus, they carry it to a stream and carefully wash it before they begin their meal.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbos Compound, and 1/2 oz. glycerine. Apply to hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbos Compound. It will gradually darken streaked, faded gray hair, and remove dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp. It is not sticky or greasy, and does not rub off.

GEO. M. BRINSON

Brings Party of Savannahians
As His Guests. They Re-
turn Over The
Midland

A party of Savannah business men arrived in Statesboro Tuesday in a dozen automobiles and were entertained at dinner at the Hotel Jaekel by Geo. M. Brinson. The automobiles were sent back to Pineora and Mr. Brinson's guests returned to that point in a special train over the Midland R. R.

From Pineora the party returned back to Savannah. Mr. Brinson's guests complimented him highly for what he had accomplished in railroad promotion. Nearly all of the party were officials of the National Bank of Savannah and the Oglethorpe Savings and Trust Co. and several were stockholders in the Brinson road. Among the guests were Mr. and Mrs. Jacob S. Collins, Miss Helen Collins, Mr. and Mrs. J. A. Logan, J. E. Jaudon, Walter Collins, Mr. and Mrs. Carl Esby, Grover Paulsen, G. M. Brinson, Thomas Nugent, W. F. Lynes, Col. and Mrs. Sigo Myers, R. R. Withington, H. M. Edel, P. A. Waring, E. A. M. Schroder, E. F. O'Connor, John Oshiek, Mr. and Mrs. Carl Mendel, Selig Mendel, Carl Hermann, A. A. Solomons, D. A. Byck, Maj. G. H. Richter and Maj. E. S. Elliott.

Dr. Mooney was here Wednesday in behalf of the Chautauqua.

Notice

To the People of Bulloch County:
It has been brought to my attention that a rumor is being circulated to the effect that some time recently I stopped to spend the night with someone, whose name has not been given, and that while there I criticized one of my opponents for the reason that he is a tenant.

This report places me in a false light before the public, and I desire to say that any such statement is without foundation, and I challenge anyone who circulates that rumor to give the name of the party to whom it is said I made such a statement.

Respectfully,
MALLIE DENMARK.

Principals of District Schools Meet in Atlanta.

Prof. Rowan has just returned from Atlanta, where he attended a meeting of the principals of the District Agricultural Schools of Georgia. Nine of the eleven principals and Dr. Soule, of the State College of Agriculture, were present.

A very interesting meeting in regard to establishing a uniform school system and business methods was had. After the business meeting Dr. Soule outlined the coming Agricultural School contest in Athens on April 28th and 29th as follows:

One prize for the best girl's essay on a Domestic Science or Art subject, one prize for best recitation; one prize for best bread making, sewing and poultry judging by one girl; one prize piano; one prize each of the following for boys, declamation, essay on agricultural subject, stock judging including cows, horses and hogs, plowing, growing a horse and milking and debate. "Reserved."

That the boys will prove beneficial to the agricultural interests of Georgia. In athletics the following events will be had: 100 yd.; 220 yd.; and 880 yd. dashes; pole vault, 120 yd. hurdle; 12 lb. shot put, running high jump and running broad jump. There is no age limit and the time limit on essay, recitation, declamation and piano will be the same as it is in the District High School contests. It will be understood that this contest is only for the agricultural schools of Georgia. All the medals will be of gold and the designs will be the state seal of Georgia.

What Catarrh Is

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body, and local treatments in the form of snuffs and vapors do little, if any good.

F. D. A. S. LOCALS

Chautauqua and examinations are the amusements for this week.

Prof. F. M. Rowan was away the week-end in Atlanta on business.

Prof. J. Gordon Gunter was away Saturday and Sunday at one of his churches in Screven.

Mrs. Lula E. Bell visited her sister, Mrs. S. L. Moore, Friday last.

Miss Estelle Bozeman left Monday morning to visit her mother in Hawkinsville.

Miss Peacock and Mrs. Bell were on the sick list Sunday. The students and faculty are glad to know they are up again.

Mrs. Horn was out here Friday to find out the number of tickets to the chautauqua that were wanted by the students. Quite a number of them got season tickets.

Mr. B. R. Olliff, the county school commissioner, was with us at chapel Wednesday of last week and made us an interesting speech.

Dr. Mooney was here Wednesday in behalf of the Chautauqua.

Notice

We respectfully ask the farmers of Bulloch county to read the following letter from Mr. R. L. Morgan, of Ellabelle, Ga., which speaks for itself:

Ellabelle, Ga., Feb. 22d, '16. The Chatham Material Co., Savannah, Ga.

Gentlemen:—

It having come to my attention that a report has been circulated throughout the county to the effect that in using the compost that you are selling that my lands became inoculated with nut grass and other weeds, I write you to say that these reports are not true. I used this compost last year with the best results, and am using it again this season, which I merely mention as an evidence of my faith and belief in it.

Respectfully yours,
[Signed] RYAN L. MORGAN.

Write the Chatham Materials Co., of Savannah, Ga., at once and purchase some of this fine compost before it is too late; supply is limited.—Adv.
