WHEN YOU THINK OF HARDWARE THINK OF RAINES

LIVE LOCAL NEWS.

S. & S. DEVELOPING NEW SUMMER PARK

Located at Arcola
Superintendent S. T. Grimshaw and Commercial Agent Meyer announce that they are preparing an ideal picnic ground on a site within a short walking distance from Arcola. It is planned to have it in condition within a week to accommodate picnic parties.
A pavilion is being erected, benches put up between trees and a merry-go-round installed. A pump will be driven to insure an ample supply of water and everything is being done to make this a desirable and attractive resort for church and party picnics.
Low excursion rates will be put in effect so that tickets may be sold by organizations on a benefit plan when desired. Those contemplating an outing during the season may now arrange bookings with the railroad.

Whooping Cough
One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S.W. McClintock, Blandon Springs, Ala., writes, "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well." Obtainable everywhere.
If you are troubled with chronic or muscular rheumatism give Chamberlain's Liniment a trial. The relief from pain which it affords is alone worth many times its cost. Obtainable everywhere.

HARNESS REPAIR AND SHOE REPAIR

I am pleased to announce to my friends that I am again in personal charge of my harness and shoe repair and have Willie Barber associated with me, and will be glad to receive a share of your patronage. First class work at reasonable prices.

T. A. Wilson, 19 West Main St.

LOST

Some where a pocket book containing money and valuable papers. Finder will be rewarded if returned to the undersigned.

Come and enjoy yourself, as your coming will help out a good cause. We will assure you a good treat.

Don't forget the date, Friday evening May twenty-six.

COMMITTEE.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.
In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, dizziness, dreamlike sleep, irritability and unrest, leading straight to a breakdown.
To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve cells while the whole system responds to its refreshing tonic force. It is free from alcohol.
Scott & Bower, Bloomfield, N. J.

LITTLE GIRL NOW PLAYS LIKE OTHERS

Capt T. M. Harrell, Says Tan-lac Gave His Child Health

"It wouldn't be doing right not to tell you what your medicine has done for our little girl," said Captain T. M. Harrell, of Atlanta, conductor on the Seaboard Air Line for 25 years and one of the most popular men in the service.

"She's 11 years old," he continued, "and has been a little sufferer all her life—weak, puny, nervous, no appetite, no control over her kidneys and had headaches almost all the time."

"The child never was strong, even from the cradle, and when she got a little older and would try to play with the other children and was too weak to romp and keep up with them, it just didn't seem right, for she seemed to be so anxious to be with them and do as they did. It made me mighty sad thought many a big lump into my throat to see her that way, and some how I never could get use to it."

"There was nothing on earth too good for her, and we did everything we could think of to try and rid her of the pains and weakness and make her like other children; but nothing seemed to do her any good."

"It has always been a great worry to get something for her to eat that would agree with her, and it was a disheartening job, too, for almost everything would give her heartburn or sour stomach or cause her to wake up at night with pains. We'd try first one thing after another, and when everything would fail we would feel disheartened and helpless."

"There is nothing quite so oppressive as the feeling that gets hold of you when a little one of your own flesh and blood is sick and helpless and depending on you and you can't find anything on earth to help them."

"I saw in the paper where Tan-lac was helping so many women and elderly people with delicate vital organs, and who were in weak and run down conditions, and as I studied over the matter I didn't see why it wouldn't help children; so I got the child a bottle, for I believed it was the right thing."

"I just can't tell you how much good it has done her, for she seems like a different child. She's picking up weight and strength right along, has control over her kidneys and sleeps and eats as well as any youngster I ever saw."

"Tan-lac has given my child health and happiness, I do believe, and I don't think there is anything like it in the world. She now plays and romps like the others and is just crazy about her Tan-lac. Just now she phoned me from our home in Ingleside to be sure and get her a new bottle."

"She goes to school now, is jolly and playful and enjoys life."

Tan-lac is sold exclusively in Statesboro by W. H. Ellis Co., and in Metter by Franklin Drug Co., in Brooklet by H. G. Parrish and C. C. Wolfe Co., in Elson, Ga. R. F. D. No. 1.

Field's Realty Specials

Two vacant lots on South Main St. Bargains if taken at present prices.

20 acres just outside the city limits. Will make an ideal small stock farm for the man who wants to live near town. Don't let this one pass you.

F. D. A. & M. CLOSES SUCCESSFUL TERM

Largest Graduating Class in the History of the School

The F. D. A. & M. held their commencement exercises Monday night at the school auditorium with Hon. J. Randolph Anderson Chairman and several members of the Board of Trustees present, including J. W. Clark Darien, C. S. Grice Claxton, J. T. Kent Stillmore, T. J. Morgan Ellabelle and S. L. Moore Statesboro. There were twenty-two graduates equally divided between boys and girls. Medals were presented and won as follows. For General Excellence, boys, given by W. G. Raines of Statesboro, won by Nathan Dugger Pembroke, General Excellence, girls, given by M. E. Grimes of Statesboro won by Miss Celia Wilcox Hawkinsville. Mechanics medal given by Hon. Charles G. Edwards, won by Ethan Proctor of Groveland. Agriculture medal given by the principal Prof. F. M. Rowan won by Daniel Bland of Statesboro. For Landscape gardening given by Prof. C. S. Folk Agriculturalist, won by Miss Louise Gordon English medal given by Prof. J. Gordon Gunter, won by Carlton Purvis of Pembroke.

Much has been accomplished during the year and the faculty are quite satisfied with the results obtained and are hopeful of greater things to be done the coming term.

PAUL G. FRANKLIN
Buys the Street Home
Real Estate Agent J. F. Fields turned a notable deal the past week when he completed the sale of the well known and valuable Street property on North Main Street to Paul G. Franklin for a consideration of \$5000. It is considered that Mr. Franklin has secured a real bargain. Mr. Franklin has not yet decided what he will do as to immediately moving into his new home. He may make decided alterations before moving to it as his residence.

\$1.00 Per Year

UNDEVELOPED MONEY CROP. BIG PROFITS

BULLOCH COUNTY A PRODUCTIVE FIELD

PEANUTS, PEANUT OIL AND CAKE

Will They Pay the Grower and the Manufacturer?

Messrs. J. M. Mallory, Industrial Agent, and J. F. Jackson, should be widely read by farmers and manufacturers. The booklet on Peanuts and their possibilities, which Agricultural Agent, will short-Numerous inquiries have reached the Industrial Department of the Central from South Georgia and South Alabama during the past few weeks, soliciting information concerning the manufacture of peanut oil and cake, and the growing of peanuts as a commercial or money crop. The reason for this interest is that these sections have felt the heavy toll of the boll weevil upon their crop returns, and they are seeking relief from the loss from cotton and cotton seed.

That the growing and crushing of peanuts should have suggested themselves is perfectly natural since the plant itself thrives only in the cotton belt, and its manufactured products satisfactorily supplant the main products of cotton seed, viz. oil and cake or meal.

While Georgia ranks third and Alabama fifth in the production of peanuts, they have been grown principally for hay or hog feed and not as a money crop. There is not a single mill in Georgia at the present time engaged in crushing peanuts but one, recently constructed, in Alabama.

These conditions have afforded no opportunity here to observe the result of the enterprise, but an extended investigation has been conducted by a visit to the peanut section of the Southwest, and by correspondence and interviews with various States Departments of Agriculture, growers, oil and confectionery manufacturers, machinery dealers, etc. Southern farmers have planted peanuts in a limited way similar to the home orchard, for edible purposes, and in some sections, for hog pasturage, but they attained no commercial importance until 1870. Even as late as 1889, there were only 203,946 acres in the whole United States; less than in the State of North Carolina last year.

During the past twenty-five years the crop has increased steadily and enormously. It has been estimated that the crop for 1914 was 39 million bushels. Virginia and North Carolina were first to develop

the industry as a money crop. Peanuts constitute one of the principal commercial or money crops of North Carolina and Virginia, where they rank fourth and sixth places respectively of all crops grown. The yield in North Carolina at the last census was 5,980,919 bushels, valued at \$5,368,826. The average production of the acreage 103.6 per cent, during the past ten years. Two-thirds of the acreage of the State is in a compact group of six counties in the Northwestern part of the state.

The booklet will be replete with interesting tables and statistical data, and should be called for by any person interested.

Lucious Georgia Peaches Going North
Good Prices
Atlanta, Ga., June 1.—The folks up in New York have had a taste of the lucious Georgia peach. The first shipment of the season was made last week from Marshallville. It consisted of two crates and went by express. A few days later a carload went from Bryon, Ga., for the same market. The Marshallville shipment was the Mayflower. The Bryon carload was made up of Uneddas and other early varieties.

The Georgia Fruit Exchange in Atlanta has announced that shipments will go forward more rapidly until the height of the season is reached the latter part of this month. All arrangements have been made for handling the crop through the territory all the way from Canada to New York. And, of course, Georgia peaches bring good prices.

CARRANZA DEMANDS REMOVAL U. S. TROOPS

City of Mexico, May 31.—Claiming that the words and protests of the United States have been entirely in contradiction of their acts, and that, in spite of protests not to intervene in the affairs of Mexico, soldiers of the United States are in Mexico without the consent of the Mexican government and in violation of Mexico's sovereignty; the Mexican government now asks for the immediate withdrawal of those troops. The request is made in a 12,000-word note made public at the foreign office today about noon.

Army Bill Offers Educational Features

Hoke Smith Worked Hard For Its Passage

Atlanta, Ga., June 1.—The Atlanta station in Atlanta believe the general standard of enlisted men in the United States army will be substantially elevated by the opportunities offered to secure educational training, under the provisions of the new army bill which recently passed the House and Senate in Washington and will soon be approved by the president.

"In addition to military training, soldiers while in the active service shall hereafter be given the opportunity to study and receive instruction upon educational lines of such character as to increase their military efficiency and enable them to return to civil life far better equipped for industrial, commercial and general business occupations. Civilian teachers may be employed to aid the army officers in giving such instruction, and a part of this instruction may consist of vocational education on either in agriculture or the mechanic arts."

The provision of the army bill was introduced by United States Senator Hoke Smith of Georgia, and he worked hard until he secured its passage. It was highly endorsed by the House and Senate conferees when the bill went to conference.

Is Your Hat in The Cubanatorial Ring

General Opinion That Books are Closed

Atlanta, Ga., June 1.—Will there be any more candidates for governor?

The general opinion expressed in Atlanta is that the lists have closed, although the rules of the primary still permit other hats to be tossed into the ring if ambitious candidates think there is room to wedge in.

As things now stand, it looks like Governor Harris for reelection against the field, and if local conditions, coupled with reports brought in by visitors to the capital, are to be taken as an indication of the general situation over the state the prohibitionists are rallying to the Confederate veteran

Special Train.

Information from the office of the State Sunday school Association is to the effect that the various counties will have larger delegations at the Convention than ever before. Arrangements have been made to run a special train from Macon over the Central of Georgia road, leaving Macon at 11:20 and arriving in Atlanta at time for the first session of the Convention Tuesday afternoon, June 13.

State Sunday School Convention at Atlanta
June 13th, 14th, 15th. 2000 Delegates Expected

One of the largest religious conventions ever held in Georgia will be the State Sunday School Convention, which meets in the Baptist Tabernacle, in Atlanta, June 13th, 14th, 15th. The Baptist Tabernacle of Atlanta has a seating capacity of 3,500. Atlanta is getting ready for 2,000 out-of-town delegates, and there will probably be 1,000 delegates from the Atlanta and Fulton County Sunday Schools.

A new feature of the Convention this year will be a mammoth Bible Class Parade on the afternoon of Thursday, June 15th.

Speakers.
On the program for the Convention are speakers of national fame. Mr. Marlon Lawrence, of Chicago, General Secretary of the International Sunday School Association, is the foremost Sunday School man of the world. Mr. P. E. Green, of Birmingham, Ala., educational superintendent for the Alabama Synod of the Presbyterian church, U. S. A., is one of the few men in America who has made a special study of Sunday School work with teen age boys and girls. Miss Myra Hatchelder, Montgomery, Ala., elementary superintendent of the Alabama Sunday School Association, is one of the most widely known elementary workers in the South. These with about sixty of the most prominent Sunday School and church workers in the state make an unusually strong program. The music of the convention will be under the direction of Prof. E. O. Excell, of Chicago.

BOYS BULLDOCH PIG CLUB

First National Bank and Statesboro News Offer Youngsters

An Opportunity To Earn Money Independently.

For the sole purpose of instituting a more wide and active interest in the propagation of pure bred registered hogs in Bulloch county and fully anticipating the great need of this, the First National Bank of Statesboro in conjunction with the Statesboro News has decided to inaugurate in Bulloch county, a Boys Pig Club. The plans as formulated tentatively are as follows.

Twenty-five boys, residents of Bulloch county, ranging between the ages of ten and fifteen years, who will agree to observe the rules applying, will be supplied as soon as joining, an eight or ten weeks old registered pig at a cost of approximately \$10.00 which will include a one year subscription to The Statesboro News which will publish the club membership and special communications as to the progress of each of the club members.

Each club member as soon as enrolled will have his name published and will be required to report his progress every short while and personal letters from each member regarding the work will be published from time to time.

At the opening of the Bulloch Packing Plant, the Statesboro Board of Trade will give a prize of \$10.00 in gold to the boy who has raised the largest member and greatest weight from the pig supplied under these conditions.

For full and complete information regarding membership fill in the coupon and mail it to The First National Bank, Statesboro, Ga., marked Pig Club.

First National Bank and Statesboro News.

Gentlemen:—Please enter my name for membership in the Bulloch county pig club subject to the conditions prescribed.

Answer following questions. Can you supply enclosed yard or pasturage? —————

Will you agree not to let pigs run at large. —————

governor with increasing enthusiasm and confidence.

Governor Harris' friends declare he will run a better race with three candidates in the field against him if the opposition were confined either to Joseph E. Pottle, Hugh M. Dorsey or Dr. L. G. Hardman. Governor Harris in his campaign speeches, which he will make throughout the state, will claim re-election as an endorsement of his administration in accordance with long-established precedent.

In this connection his friends have cited the fact that his most recent opponent, Solicitor Pottle, himself declared in a speech at Gray, Ga., on April 27, that Governor Harris was making the best governor since the Civil War, and was entitled to reelection unopposed. Solicitor Pottle, Governor and Hon. Chas. M. Bartlett spoke at Gray on the occasion of a chautauque, and Solicitor Pottle paid a high tribute to the governor.

MRS LAVERY THOUGHT HER TIME HAD COME

Nashville Woman Tells of Remarkable Recovery When they Said She Would Die

"When I lay flat on my back with nervous prostration, the doctor told my neighbors that he could do nothing more for me, and that I would die," said Mrs. Sarah Lavery, of 108 Ohio street, Nashville. "For days I was unconscious, but was determined to live. I held on with all the will power I could summon."

"When I got over the worst of this I found myself confirmed invalid. My stomach was simply torn all to pieces, and was so unstrung I wanted to burst out crying it any body as much as croaking their finger at me. I have been in a bad fix this way for a long time. I would have severe pains upon eating the least little thing, and then would have fearful sick headaches and dizzy spells. My kidneys seemed to be affected, and I began to have rheumatism of the very worst kind. My joints would swell up, and my hands would all puff. On damp days I could hardly stand the pain. Besides, I couldn't sleep, and had no appetite. I fell away until it scared me to weigh. Nothing helped me. I had to quit knitting because my hands were so weak and swollen. I feared I didn't have long for this world."

"I began taking Tanlac, and, sir, I wouldn't take \$10 a bottle for the good it is doing me. I began to improve from the very start. I can eat anything without the least discomfort, my rheumatism is disappearing, and my nerves are as quiet as a lamb. I do my knitting and am in a good humor all the time. I feel as well as I did years ago, and I expect to live to a good old age. I wish every poor woman could know about Tanlac."

"Tanlac is sold exclusively in Statesboro by W. H. Ellis Co., and in Metter by Franklin Drug Co., in Brooklet by H. G. Parrish and C. C. Wolfe Co., in Stilson, Ga. R. F. D. No. 1."

Bowel Complaints in India. In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occurs in this country. Obtainable everywhere.—(Adv.)

I am pleased to announce to my friends that I am again in personal charge of my harness and shoe repair and have Willie Barber associated with me, and will be glad to receive a share of your patronage. First class work at reasonable prices. T. A. Wilson, 19 West Main St.

WHY NOT ELECT A BUSINESS MAN

Why can't we have a business man in the Presidential chair next time?

Government is a business, and a big business.

Seagoing and overland commerce, taxation, tariff, rate regulation, monopoly regulation, the mail and parcel post, conservation of resources, development and maintenance of waterways, the huge payment of government employees, the courts of justice, the national revenue collectors and police, the army and navy—what are all these but pure business problems, demanding the same trained and capable business executive direction that any great business concerns demand?

What board of directors would think of hiring a professor of Sanskrit to be president of a great railroad?

What huge shipbuilding or engineering concern would select a peripatetic stump orator or a dilettante lecturer to direct its activities?

Big business concerns seek big business men with big business brains to be executive chiefs.

Big business concerns look about for men who do things, not men who talk things.

Now, here is a big business corporation in which every one of us, big and little, is a stockholder—the United States of America. It does more business, owns more wealth, collects more revenues, produces more goods and expends more money than all the railroads on earth, or all the corporations, public and private in any country on earth.

It is the BIGGEST BUSINESS CONCERN the world ever saw.

And what do we do every four years by way of selecting a head for this wonderful, gigantic business concern?

Why, we always select a man who has never shown enough business ability to run a one-horse draying concern.

In the fifty years that have elapsed since Abraham Lincoln died, not one of the eleven chief executives of this colossal business corporation called the United States has had the slightest business training or any acquaintance with the complex, varied, ramifying and interrelated problems of finance, production, transportation and world exchange upon which depend the welfare and prosperity of the whole people and of each individual citizen.

Is it any wonder that our national business is one long series of stupid hindrance of prosperity, stupid depression of commerce and trade, stupid opposition to the forward impulse of business co-operation and consolidation and of wasteful and criminally extravagant expenditure of the people's money to the tune of thousands of millions?

Is it any wonder that we spend two hundred millions more annually for governmental BUSINESS service than any well-conducted private corporation would spend for equivalent service?

Is it any wonder that we WASTE each year any amount of money that would fortify our coats, stock our magazines with ammunition, equip our navy properly and SECURE BEYOND ANY POSSIBLE DANGER the safety of our country?

Suppose that just once, by the way of experiment, we gently, but firmly and positively, set the whole lot of professional politicians, horn-blowing orators, briefless lawyers, pretty phrase-makers, theoretical school-masters and all that sort on a shelf in the back wood-shed and put a big brained, capable, experienced business man, who has done big things well all his life, in the chair of the President of the United States? What do you think about this, citizen?

It seems to us that there isn't a chance in the world that the experiment could turn out other than those we have made for many years past.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 30 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Are you Insured? If not, see COME at once. Several fires recently in the country should be a warning.

Good Looks are Easy with Magnolia Balm.

Look as good as your city cuisine. No matter if you do Tan or Freckle Magnolia Balm will surely clear your skin instantly. Heals Sunburn, too. Just put a little on your face and rub it off again before dry. Simple and sure to please. Try a bottle to-day and begin the improvement at once. To the Public. I have been using Chamberlain's Tablets for indigestion for the past six months, and it affords me pleasure to say I have never used a remedy that did me so much good.—Mrs. C. E. Riley, Ellen, N. Y. Chamberlain's Tablets are obtainable everywhere.—(Adv.)

Feminine Chronology. Stella—How old is Mabel? Bella—Old enough to be younger.—New York Sun.

How to Get Rid of a Cold. Summer colds are serious. Read how C. E. Summers, Holdrege, Neb., got rid of his: "I contracted a severe cough and cold and could hardly sleep no elation elation shuddering sleep. I got a bottle of Foley's Honey and Tar and the very first dose relieved me. I took a second dose before going to bed and can truthfully say I did not cough all night. By taking as directed the next two days my cough was entirely cured and I give Foley's Honey and Tar full credit for my speedy recovery." Foley's always soothes and heals. Children love it. Bulloch Drug Co.—(Adv.)

Ebb Tide. Seafaring folk would formerly never marry any time the tide was on the ebb.

Stomach Troubles and Constipation. I will cheerfully say that Chamberlain's Tablets are the most satisfactory remedy for stomach troubles and constipation that I have sold in thirty-four years' drug store experience. writes S. H. Murphy, druggist, Wellsburg, N. Y. Obtainable everywhere.—(Adv.)

And Call It Singing. "Fido howls when a piano is played." "Some human beings do that too!"—Boston Transcript.

Feel languid, weak, run down? Headache? Stomach "off"? A good remedy is Burdock Blood Bitters. Ask your druggist. Price \$1.00.

SHORTAGE OF PAPER MATERIAL

The shortage of material for the manufacture of paper has become alarming and a circular has been issued by the Secretary of Commerce, United States government calling on citizens everywhere to co-operate with manufacturers by a little saving and stopping of waste. The circular follows:

Department of Commerce.

Washington, D. C.

Shortage of Paper Material. Save Your Waste Paper and Rags.

The attention of the Department of Commerce is called, by the president of a large paper manufacturing company, to the fact that there is a serious shortage of raw material for the manufacture of paper, including rags and old papers. He urges that the department should make it known that the collecting and saving of rags and old papers would greatly better existing conditions for American manufacturers.

Something like 15,000 tons of different kinds of paper and paper board are manufactured every day in the United States and a large portion of this, after it has served its purpose, will be used over again in some class of paper. A large part of it, however, is either burned or otherwise wasted.

This, of course, has to be replaced by new materials. In the early history of the paper industry pulping was given to the saving of rags. It is of scarcely less importance now. The Department of Commerce is glad to bring this matter to the attention of the public in the hope that practical results may flow from it. A little attention to the saving of rags and old paper will mean a genuine relief to our paper industry and a diminishing drain upon our sources of supply for new materials.

A list of dealers in paper stocks can be obtained from the local Chamber of Commerce or Board of Trade.

Wm. C. REDFIELD, Sec'y. Cheapest accident insurance—Dr. Thomas' Electric Oil. For burns, scalds, cuts and emergencies. All druggists sell it. 25c and 50c.—(Adv.)

The full dinner pail—the open window—the clean well—make for health?

Forethought. People are taking that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "Do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit, we take it with us." Obtainable everywhere.—(Adv.)

Not a Bite of Breakfast Until You Drink Water. Say a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of decayed food and bacteria, potent-like poisons are formed and sucked into the blood.

Men and women can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic pains, or have a sour, gassy stomach after meals are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make your system feel better and your blood purer. Remember inside bathing is more important than outside bathing, because the pores do not absorb impurities into the blood, causing poor health, while the bowels pores do. Just as coal and hot water cleanses and sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

Will give One Hundred Dollars for case of Catarrh of the Bladder cured by HALL'S CATARRH CURE. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

all-embracing.

THURSDAY, JUNE 1, 1916.

The hyphen seems to be a very popular mark just at present and joins the politicians views admirably. President Wilson and T. R. both make it their key note of song.

They are making a lot of fuss down in Ware county over a cow that gave birth to twin calves. That's nothing neighbor, we've got pigs up here in Bulloch that born the proverbial hakers dozen a couple of times a year.

Savannah is getting ready to pull off another entertaining stunt, for which she is famous. The reputation she gained thru the grand prize auto races and her May Fest, and many other entertainments is known far and wide and she can be depended upon to break her record in connection with the Eagles convention next August. Many novel features are being prepared for the gay old birds who on this joy out- ing may flap their wings and soar about o'er sugar cane plantations, cotton fields, Georgia melon patches or roost in the tall pines just as the whim takes hold of them, and before flying back home to the plains and mountains they can take a dip in the grand old ocean and that ought to satisfy any old eagle.

Pottle has fired his first shot and he makes it plain that he "favors unequivocally and without consideration obedience of the law." Cap'n they're all going to spout that same old rehearsed political dope from the same stump you all get on to talk. What we want is a candidate who will stand up and cry out good and loud, if elected, folks, I am going to run this blooming business of State, in a business manner, and I am going to ENFORCE the laws in spite of — as long as I am your Governor and if you don't like the laws then take them off the slate. Tour the state in an auto and spout this at all the cross roads and country corners and you'll be elected.

The Vidalia Advance is urging concerted effort on the part of her citizens to influence the coming session of the legislature for an enactment authorizing

an agricultural college for the Twelfth district. We are heartily in favor of colleges and educational institutions of any sort, but if the Vidalia Advance will work up a concerted effort on the part of all Georgian citizenry to prod the legislative solons up to a point of taking better care of the agricultural colleges already established any one of which is abundantly able to double the student number they have had this year, we are prone to believe that ar-ater benefit will accrue than by building another college just at this moment.

Now is the time of year when pop begins to scheme on how to turn a \$5 bill into a \$25 graduating dress.—Savannah Press.

If "pop" would send the girls up here to the First District agricultural school they'd be taught how to make their own at a limit of \$7.00. Twelve girls graduating at the F. D. A. & M. this year made their own dresses, the lowest in cost being \$2.67, the highest \$6.85 and any one of them would do credit to Redfern or Mme Lucile.

UNSIGNED NOTICES

We have in the last three issues of the Statesboro News omitted several announcements and communications coming by mail which were unsigned. We again call attention to the fact that under no circumstances will we publish communications of any nature whatsoever coming to us that are unsigned.

END OF A GREAT CAREER

In the death of James J. Hill, one of America's pioneer builders has gone, and the Northwest will feel his departure in many ways. In many respects Mr. Hill was a most remarkable man. Endowed with an energy and business tact, fearless in his undertakings, he developed a section of these great United States that possibly without him might have been many years slower to produce the great wealth that is recorded from the head of the Mississippi to the Pacific ocean and on to the orient. Old age did not seem to dim his activity or energy, for up to within a short time before his death he attended to much detail work in connection with his multitude of holdings and his advice was sought by the world's great financiers. While not a native of the United States he nevertheless made, spent, invested his fortune here and lived and died in the country which gave him his wealth and all America honors and appreciates his wonderful usefulness and bows in sorrow at his going.

Peas

Mixed Peas for hay \$1.25. At Olliff & Smith's.

DOES IT PAY TO AD-
VERTISE?

Foolish question 9999. And yet there are 9999 men doing business who advertise foolishly, and still 9999 and then some, who advertise just a little and they are silly. One has only to turn the pages of the big daily papers or the weekly magazines, the latter exacting and getting from \$1000 to \$6000 a page in advance and you read about the rubber heels you put on your shoes, the collars you wear around your neck, the underclothing you take comfort in, the tire you get for your auto, or the tooth paste you cleanse your teeth with or the shoes you wear, or a thousand and one other things you ask for when you buy, that are advertised every day, every week, every month the year through, and then you ask does it pay to advertise.

NO, it does not pay the average business man to advertise in the manner that the average business man advertises. The successful advertiser is the one who appropriates a fixed sum as an overhead expense and then places a specialist to handle it the same as he engages a competent clerk for some special department of his business.

It is said of John Wanamaker, the great Philadelphia and New York merchant that the opening day of his first mercantile venture his receipts were \$24.50 and that he kept \$4.50 for change and put \$20.00 in advertising the second day. Reference to the following figures on advertising will be of interest:

An Atlanta soft drink concern, with its modest capitalization of \$50,000 increased its assets by \$1,370,000 in its last year, and is now worth \$6,572,657. It has \$3,283,000 in real estate and a \$2,924,895 surplus—all built on advertising. An automobile corporation reports increased sales of over \$13,000,000 last year—due to increased advertising. A cereal company reports a gain in gross earnings of \$1,350,972, or sixty-seven per cent increase in two years. Advertising did it. On the other hand a biscuit company, which reduced its advertising appropriations for last year, shows profits shrunk from \$731,172 to \$422,471. These figures will prove interesting both to advertisers and non-advertisers. When a business man stops advertising, it won't be long until his business will be "advertised for sale."

Do You Know That

Life is a constant struggle against death?

Dirty refrigerators may make sickness?

The U. S. Public Health Service issues free bulletins on rural sanitation?

The defective citizen of today is oftentimes the unhealthy child of yesterday?

Tuberculosis is contagious, preventable, curable?

The full dinner pail—the open window—the clean well—make for health?

Of Interest to Motorists

"Shewy, springy and strong as the muscle-padded foot of the Greyhound, this tough-textured, hard-wearing 'Velvet' rubber of 1916, stretches like a pure rubber band over such small sharp obstacles on the road as might puncture the less elastic, and more brittle, texture of the usual tire tread. "It therefore absorbs most of the small shocks, jars, and jolts, that not only tend to separate Treads from Fabric, in ordinary tires, but that also cause an incessant minor Vibration beyond the capacity of steel springs to neutralize quickly enough.

"It is a new, and altogether different kind of rubber, developed through much research, from materials that give most flexibility and most response to power, in tires with a minimum of friction for maximum traction. While this color-combination now distinguishes the appearance of Diamond Tires, motorists must conclude that all black-treads or all Red-Sided tires are of velvet rubber. "Because, any ordinary rubber can be colored to imitate the appearance of Diamond Treads without in any wise limiting their texture, composition or action of the Velvet rubber in Diamond tires.

Motorists in great numbers are asking for Black-Tread, Red-Side, Diamond tires, having compared their movement, fair list price with what must be paid for ordinary tires as made by other responsible makers.

NOBODY SPARED

Kidney Trouble Attacks Statesboro Men and Women, Old and Young.

Kidney ills seize young and old. Often come with little warning. Children suffer in their early years.

Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. If you have any form of kidney ills.

You must reach the cause—the kidneys. Doan's Kidney Pills are for weak kidneys.

Have brought relief to Statesboro people.

Statesboro testimony proves it. Mrs. Horace Waters, 91 E. Main street, Statesboro, says: "I have given Doan's Kidney Pills to one of my sons who had been bothered by kidney weakness since childhood. He had very little control over the kidney secretions and it was a constant source of annoyance both to him and to me. Doan's Kidney Pills strengthened his kidneys and made him stronger."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Waters recommends. Foster-McMillan Co., Props., Buffalo, N. Y.—(Adv.)

CANDIDATE FOR CONGRESS

To The Voters of Bulloch County:

About ten years ago I was elected by the people of this district to fill the unexpired term in congress caused by the death of H. Rufus E. Lester, and, although the term was short, being only three months, I feel deeply grateful to the people for the honor bestowed upon me. Two years ago I made the race against Mr. Edwards and received a very large vote, for which I expressed my sincere thanks at the close of the campaign.

For the past three months I have been receiving a large number of letters from my friends in different parts of the county, urging me to announce for congress again. I visited a number of places and ascertained for myself that the sentiment was very strong for me to make the race, and in response to this demand several weeks ago I announced through the columns of the Savannah Press that I was again a candidate for Congress. I, therefore, take this method of announcing to my friends in Bulloch county that I am a candidate for Representative from the First Congressional District in the 66th Congress of the United States, subject to the Democratic primary, and respectfully solicit your support and influence.

Very Respectfully,
J. W. OVERSTREET.

ANNOUNCEMENT FOR CONGRESS

I have the honor to announce that I am a candidate for Congress from the First District, subject to the democratic primary to be held on September 12, 1916.

I hope to have the pleasure of addressing the people in all counties of the district before the primary.

Asking the support of my fellow citizens, I am,

Very respectfully,
Peter W. Meldrin.

Banks Closed Saturday

June 3rd

The banks of Statesboro will be closed Saturday, June 3rd, Jefferson Davis birthday.

Call For Meeting of Stockholders

A meeting of the stockholders of the Bulloch Packing Company is hereby called, to be held in the courthouse in Statesboro, Ga., at 10 o'clock a. m. on Saturday June 10th 1916 for the purpose of accepting the charter and perfecting formal organization of the company.

At this meeting By-Laws will be adopted for the regulations of the company's affairs, and a Board of Directors will be elected, and other business of importance transacted.

All the subscribers to stock are expected to attend in person or send in a written proxy, authorizing someone else to vote for you.

By order of the Steering Committee.
Statesboro, Ga.,
June 1st 1916

DAN N. RIGGS,
Secretary.

Lively's Drug Store

W. C. T. U. Silver Tea Friday Night

7:30 To 10:30 On Lawn of Grove Park

Friday night the ladies of the W.C.T.U. will hold a silver tea and concert on the lawn of Grove Park for the benefit of the association. Music of a general nature will be rendered from five until 10:30. At 7:30 the Statesboro Municipal band will render a concert. Very delicious refreshments will be obtainable and the public is cordially invited to attend and to liberally assist in the efforts that are being put forward for funds with which to promote the work in connection with the very worthy W.C.T.U.

Normal Industrial School Close: Successful Term

The Statesboro Normal Industrial school held their commencement exercises last night presenting an interesting program of music and a stirring address by Rev. O. S. Wilkins, A. M. D. D., of Columbus, Ga. The exercises were attended by a great many of Statesboro's citizens who are interested in educational work and the progress of the school.

Statesboro Bakery

Greatly Enlarged and Made Practically
Fly Proof

The popularity of "Staf-life" the Statesboro Bakery's well known bread has grown so in demand that it has become necessary to enlarge the facilities for baking which has just been completed by the addition of a 10 X 20 foot mixing room in which the patented sanitary bread and cake mixer is installed. The entire baking department, including the mixing room, the oven shop, the stock room, has been screened and every possible sanitary precaution adopted. The H. J. Simpson Co. extend a cordial invitation to the public to inspect their bakery, always in operation every night, but for the convenience of the public an attendant will be in waiting Tuesday and Thursday during the day when it is really hoped that the patrons and friends of Statesboro's modern and pure food institution, which has come forward so rapidly will take advantage of the invitation and inspect their own home bake shop.

AN 83 YEAR OLD GIVES BIRTH DAY DINNER

A. D. Proctor of the Famous Bullock Troop Celebrates With Comrades

Mr. A. D. Proctor entertained his former comrades in arms at a birthday dinner at the home of Mr. J. L. Brown of Garfield Tuesday. The host was eighty-three years old. The guest from Bullock were: Geo. R. Beasley, A. W. Stewart, S. J. Williams, E. W. Hodges, J. A. Nevis, T. J. Morris and R. W. DeLoach all of whom are surviving members of the Bullock troop that rendered service to the country more than half a century ago. These present must be most enjoyable occasion, doing justice to a sumptuous dinner and swapping stories of the march, the camp and the battles that taxed to the utmost the courage of the heroes in gray. We understand that the surviving members of the company contemplate a reunion in Statesboro some time in May next year.

HAVE YOU WEAK LUNGS?

Do colds settle on your chest or are you subject to coughs and hoarseness? Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so often follows. Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store. Scott & Bowne, Brockton, N. J.

TRAVELING RAILROAD MEN IN TOWN

Representatives of Ellen N. and Seaboard Looking Up Business

R. M. Williamson, Traveling Freight Agent of the L. and N., and J. E. Felton, Commercial Agent of the Seaboard were in town during the week looking up the forthcoming crop conditions and R. E. business general. They are both sanguine of a bumper crop throughout the south, better watermelon season than last year and his road is preparing to handle the crop under more favorable conditions than has heretofore obtained.

THE CRACKER PROGRESSIVE CLUB OF CHATHAM COUNTY

Will Hold Monster Picnic at
Tybee Saturday June 3rd

One of the big picnics that always attract special attention in counties surrounding Chatham, is the Cracker Progressive Club of Chatham County which has in its membership many members whose home county is another than Chatham, and on these annual events the home folks from Bulloch, Evans, Bryan, Effingham and Liberty join in and take a day at the sea shore. This year there will be \$100 in special prizes for various athletic events of running, jumping, shot put, all of which is open to contestants living in the First Congressional district. All railroads entering Savannah have put on a special rate for this affair and tickets are good from Saturday morning June 3rd to Sunday night midnight. One of the features will be the free dancing at all the pavilions.

BROOKLET.

(REPORTED BY MISS LULA WARREN)

Mrs. J. N. Shearouse and children have returned from a few days visit in Bishopville, S. C.

Mrs. Zack Brown, of Siltson, spent a few days this week with Mrs. J. M. McElveen.

Miss Corine King, of Kingland, is the guest of Misses Marion and Ella Mae Floyd.

Mr. D. E. Thompson, of Pinehurst, is visiting Mr. and Mrs. A. J. Lee.

Miss Martha Johnston will spend this week-end with Miss Ruth Elizabeth Parrish, of Statesboro.

The annual week's meeting of the Primitive Baptist church closed last Sunday night. Baptism was administered to fourteen and one joined by letter.

Mrs. Kate Wannell, of Hagau, is the guest of Mr. and Mrs. W. H. Howell, near Brooklet.

Mr. and Mrs. W. C. Cromley were host and hostess of a very enjoyable picnic given last Tuesday for the Baraca and Philathia classes of the Methodist Sunday School. The picnic was given at the river crossing on the Brinslow road. A special train was made up to accommodate the party who went.

Mrs. S. J. Walter, of Metter, is visiting Mrs. James Bland this week.

Mr. U. Kim, a Korean, who has just graduated at Emory college, is spending several days with Rev. and Mrs. H. J. Graves.

Mrs. C. B. Griner delightfully entertained her Sunday school class Wednesday afternoon from five to six o'clock.

Miss Ora Franklin, of Statesboro, spent last week with Mr. and Mrs. J. C. Prentiss attending the meeting at the primitive church.

Mr. Hazel Alderman, of Savannah, visited relatives here last Sunday.

Mrs. G. O. Floyd and Miss Ella Mae Floyd have returned from a several week's visit in Kingsland.

Mr. G. P. Richardson, of Savannah visited here a few days last week.

ELDER W. H. CROUSE, Pastor.
Services every second Sunday and the Saturday before.

DISASTROUS RUNAWAY

Narrow Escape of Several Pedestrians

A large spirited mule driven by and belonging to Gordon Donaldson became suddenly frightened Wednesday afternoon on East Main street and started on a wild run, taking the sidewalk just before the Rountree hotel, taking the fence pickets in front of the residence of Mr. Holliday and passing the Bulloch Times office barely missing Misses Nannie Melle O'Neil, Marion Fay and Mrs. Melle O'Neil who stepped in the yard of D. B. Turner just in time to prevent being run down by the frightened animal. The buggy was wrecked.

Boys Pig Club Creating Much Interest

FIRST NATIONAL BANK AND STATESBORO NEWS RECEIVES MANY APPLICANTS

BOYS BULLOCH PIG CLUB.

To become a member of the Boys Bulloch Pig Club it is necessary to have the endorsement of a note by your parent or guardian who has sufficient credit to justify the obligation, on the acceptance of which by the First National Bank, a registered pig will be supplied to you for which you are to pay at the rate of 8 per cent interest. When you have realized upon the sale of the offspring to the Bulloch Packing Co. you are then required to pay your note.

RULES GOVERNING.

1. Good clean sanitary quarters.
2. Pig must be kept free from lice or vermin by the use of crude or other oils applied when necessary.

3. Good clean fresh water must be available at all times. (This is essential for health and rapid growth.)

4. If green pasturage is not available some kind of green feed must be supplied such as millet, cabbage leaves or waste from the garden.

5. If cholera is discovered in the immediate community, notify W. F. Whitley, County Farm Demonstration Agent, Statesboro, Ga.

6. Weigh your pig when received and keep a record of weight from time to time and a minute account of all expenditures.

7. When the pig is ready to be bred they should be served by a pure bred boar of the same breed.

At the opening of the Bulloch Packing Plant, the Statesboro Board of Trade will give a prize \$10.00 in gold to the boy who has raised the largest number and greatest weight from the pig supplied under these conditions.

For full and complete information regarding membership fill in the coupon and mail it to the First National Bank, Statesboro, Ga., marked Pig Club.

Insurance Company Leads In Movement

For Better Health Standard

Atlanta, Ga., June 8.—Typhoid, the vacation disease, once more approaches its place on the calendar.

A trip to Europe in normal times, and a two months' normal time of typhoid fever, cost about the same sum.

The number of typhoid carriers is numerous, and not to be investigated by the hurried seeker after pleasure. It is quite possible to drink typhoid germs enough at a single picnic to supply two doctors and three nurses with weeks of profitable employment—and maybe the undertaker, also.

Therefore, typhoid vaccination for those in Statesboro.

First National Bank and Statesboro, Ga.

Gentlemen:—Please enter my name for membership in the Bulloch County Pig Club subject to the conditions prescribed.

Answer following questions.

Can you supply enclosed yard or pasturage? _____

Will you agree not to let pigs run at large? _____

What is your age? _____

Full name of Parent or Guardian? _____

Name _____

Address _____

Date _____ 1916

Here is some interesting data on the earning from one pig that should encourage many boys to enter an application for membership in the Bulloch Boys Pig Club. The statement was written to Mr. Brooks Simmons and the facts have been sworn to.

On March 27th, 1915, I purchased from the Moultrie Packing Company, Moultrie, Ga., one sow cost \$17.05 I have sold to the Moultrie Packing Company pigs from this sow amounting to \$96.40 and have on hand fifteen pigs from this sow. I have to-day sold the sow to the Moultrie Packing Company for \$20.00.

Club membership carries a years subscription to the Statesboro News to which paper you are expected to contribute special reports of your progress in raising your pigs.

Yours very truly,
FIRST NAT. BANK,
and
STATSBORO NEWS

preparation measure for all who are planning a summer outing, long or short.

Plans for improving health standards and general conditions were discussed in Atlanta last week by the life insurance presidents from many southern states. The Southern States Life Insurance Companies of Atlanta, of which Wilmer L. Moore is president, has taken the lead in a movement for the conservation of health, which has been highly commended by the governors and health authorities of several states, including Governor Harris and other state officials of Georgia.

The plan proposed by the Southern States Life is for legislatures to appropriate a sum equal to the state's annual revenue from taxes paid by life insurance companies, this appropriation to be in addition to

GIRL—

whatever amount may now be appropriated for health work. The health campaign started by the insurance companies will, it is shown, be beneficial to the general public as well as the companies.

Georgian Honored With Presidency

Charles R. Porter Head of N. Y. Corporation

Atlanta, Ga., June 8.—With the election of Charles R. Porter, a Georgia man as president, the Consolidated Petroleum Corporation, \$7,000,000 concern of New York City, will shortly announce its final plans of organization.

Southerners, and particularly Georgians, are very much interested in the big Wall Street organization, and which fact organization was the fact that Mr. Porter is its executive head. He has for many years been a resident of Georgia, making his home in Rome, where he was the president of the State Mutual Life Insurance Company.

Mr. Porter was born and reared in Alabama, afterwards going to Rome, Ga. He organized the life insurance company, of which he was made president, during his connection with it, was regarded as the banner company of the south. His wife was formerly Miss Lula Curry, daughter of Dr. D. W. Curry, who has been for many years the leading physician of Rome. His brother-in-law, Dr. Walker Curry, is a prominent surgeon of north Georgia, while another brother-in-law, Walter Griffin, is a well known cotton man of Greenville, S. C. Caldwell Porter, well known machinery dealer of Atlanta is a brother of C. R. Porter.

The big corporation, which Mr. Porter heads, will, it is announced, select other officers and directors from well known operators and business men. The company is taking over several thousand acres of oil lands and leases in Louisiana, Oklahoma, Texas and Mexico.

RAUL FOUNDATION FOR ATLANTA

Will Continue to Furnish Health News

Atlanta, Ga., June 8.—Information on health subjects will continue to be furnished by the W. G. Raul Foundation of Atlanta, which has for the handling of packing and house products is a box and crate enterprise. With such an establishment in view W. C. Zickgraf, of the Zickgraf Lumber Co., of Arcola and Jellico, Tenn., was a Statesboro visitor this week looking into the proposition.

Anticipating further negotiations regarding the matter, possibly through the Board of Trade, a representative of the Statesboro News visited Mr. Zickgraf at his plant at Arcola and sought an interview with Mr. W. C. Zickgraf, who said in part—"yes, with a bit of encouragement we would be willing to establish a modern and up-to-date box and crate factory at Statesboro that at the beginning would employ upwards of thirty people and no doubt rapidly grow to very large proportions, leading into other and more important enterprises. We came to Arcola about a year ago and have gone out after these industries and made concessions that justified the investments necessary to grow to profitable proportions."

A Great Future
"We certainly congratulate Statesboro and Bulloch county on the splendid showing made in the development of this \$150,000 packing plant so near the starting point. It will not alone prove a wonderful help to the farmer as a direct market for his product, but it will prove an incentive for other and kindred institutions to be established in Statesboro and you may say that it will help the stepping stone to a big hustling city that Statesboro is surely destined to grow to. Bulloch county is one of marvelous opportunities for young men with push, energy and a little money. When we came to Arcola five years ago it was no trouble to total up our finances, but we have grown until we have quite a lumber interest in Georgia and at Jellico, Tenn. Yes, you can say that we will go further into the box and crate factory proposition for Statesboro."

The work of the Foundation is not confined strictly to the cure and prevention of tuberculosis, as has been generally thought. Mr. Faulkner, who has offices in the Candler building will answer all inquiries by mail or made in person. It is one of the biggest and best charities which the state affords.

The Dutch Waterstat.
The supreme defense of Holland must be the "water line" through the heart of it from the Zuyder Zee to the Scheldt, created by opening the sluice for her "waterstat," an untranslatable word, which means practically the state of all waters from the field drain in the polders to the Rhine at water level. They are situated in one scheme in an office at The Hague—London, (Pronette).

"We have been approached on the matter of establishing a box and crate factory at Statesboro and in a measure it appeals to us because we have the equipment at hand to engage in the business and we have unlimited faith in the future of Statesboro. There is a wide field in Bulloch county

Statesboro News Will Issue Bulloch County Development Edition

July 6th, Promoting a Dollar Day For
July 10th

The Statesboro News is preparing to issue next July 6th a special Bulloch County and Statesboro Development edition covering the many phases of the great progress that has been made the last few years in this section. There will be 3500 copies distributed to our subscribers and the registered voters of Bulloch county. In this issue the NEWS will conduct a special advertising department promoting another DOLLAR DAY event for Statesboro in which Statesboro merchants have agreed upon as Monday July 10th.

On this date as was done last season special greatly reduced cash bargains will be offered by all the advertisers when your DOLLAR will double its purchasing power. Special and interesting events will occur during the day to make it worth ones while to visit Statesboro. There will be special articles written by several of Statesboro's well known citizens who are endowed with a fund of knowledge in the various channels which they will pursue in their writing. These announcements will be made later. In the meantime our solicitor will call on all merchants who will doubtless remember the splendid business that was done last year on DOLLAR DAY, will get up a little steam and make the special Bulloch County Development Edition July 6th and DOLLAR DAY July 10th a gala day for Statesboro.

A BOX AND CRATE FACTORY Put FOR STATESBORO

The Zickgraf Lumber Company of Arcola Looking for Opportunity to Build

Following in the wake of the advent of the packing plant the next most important enterprise and one necessary for the handling of packing and house products is a box and crate enterprise. With such an establishment in view W. C. Zickgraf, of the Zickgraf Lumber Co., of Arcola and Jellico, Tenn., was a Statesboro visitor this week looking into the proposition.

Anticipating further negotiations regarding the matter, possibly through the Board of Trade, a representative of the Statesboro News visited Mr. Zickgraf at his plant at Arcola and sought an interview with Mr. W. C. Zickgraf, who said in part—"yes, with a bit of encouragement we would be willing to establish a modern and up-to-date box and crate factory at Statesboro that at the beginning would employ upwards of thirty people and no doubt rapidly grow to very large proportions, leading into other and more important enterprises. We came to Arcola about a year ago and have gone out after these industries and made concessions that justified the investments necessary to grow to profitable proportions."

for light lumber manufactured products which if properly put upon the markets would in a few years make your city a very prominent manufacturing and shipping point. Furniture manufacture is an industry entirely lost sight of in this section. Georgia lumber is shipped over in the Carolinas and returns to us made up in tables chairs and the beds we sleep in, and one of the prime reasons that those Carolina towns have developed to such manufacturing degrees, is that they have gone out after these industries and made concessions that justified the investments necessary to grow to profitable proportions."

A Great Future
"We certainly congratulate Statesboro and Bulloch county on the splendid showing made in the development of this \$150,000 packing plant so near the starting point. It will not alone prove a wonderful help to the farmer as a direct market for his product, but it will prove an incentive for other and kindred institutions to be established in Statesboro and you may say that it will help the stepping stone to a big hustling city that Statesboro is surely destined to grow to. The work of the Foundation is not confined strictly to the cure and prevention of tuberculosis, as has been generally thought. Mr. Faulkner, who has offices in the Candler building will answer all inquiries by mail or made in person. It is one of the biggest and best charities which the state affords.

The Dutch Waterstat.
The supreme defense of Holland must be the "water line" through the heart of it from the Zuyder Zee to the Scheldt, created by opening the sluice for her "waterstat," an untranslatable word, which means practically the state of all waters from the field drain in the polders to the Rhine at water level. They are situated in one scheme in an office at The Hague—London, (Pronette).

"We have been approached on the matter of establishing a box and crate factory at Statesboro and in a measure it appeals to us because we have the equipment at hand to engage in the business and we have unlimited faith in the future of Statesboro. There is a wide field in Bulloch county

Toads In Your Garden

They Are Great Insect Destroyers

Atlanta, Ga., June 8.—If you are looking after your garden properly this year, you will certainly keep a toad or two. All successful gardeners know that toads are their best friend, but all of them do not know the value of birds as insect destroyers. By encouraging birds as well as toads to live in your garden, you can reduce his troubles with insects to a minimum.

The foregoing statement is made by our "Garden Editor," who went fishing this morning.

for light lumber manufactured products which if properly put upon the markets would in a few years make your city a very prominent manufacturing and shipping point. Furniture manufacture is an industry entirely lost sight of in this section. Georgia lumber is shipped over in the Carolinas and returns to us made up in tables chairs and the beds we sleep in, and one of the prime reasons that those Carolina towns have developed to such manufacturing degrees, is that they have gone out after these industries and made concessions that justified the investments necessary to grow to profitable proportions."
