OLDER BUT STRONGER

To be healthy at seventy, prepare at thirty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid scurvy. No alcohol in Scott's.

BULLOCH COUNTY BOYS GRADUATE AT MERGER

Ernest L. Smith, of Statesboro, Homer V. Warnock of Jimps and W. Gesmon Neville of Register.

Bulloch wins three graduates from Mercer University this year in the persons of Ernest L. Smith of Statesboro, Homer V. Warnock, son of J. M. Warnock of Jimps, and W. Gesmon Neville, son of S. L. Neville, of Register. Messrs. Smith and Warnock will receive their Ph. G. degree from the College of Pharmacy. Mr. Neville is a graduate of the law department and will receive the degree of L. S. B.

Mr. Smith will likely follow his profession in Statesboro, his home town where he has many friends and a bright future.

Mr. Warnock is contemplating entering the Georgia Medical College at Augusta in the fall.

Mr. Neville will enter upon the practice of law in Statesboro. Bulloch county is proud of her young men who progress in such manner.

GERMANS DRIVEN TO CERTAIN DEATH

Horrible Butchery at Verdun

Paris, June 6.—In their repeated attacks on Fort Vaux, one of the outlying defenses of Verdun along the front east of the Meuse, the Germans are hurrying forward their infantry in masses so compact that the first ranks are obliged to advance to certain death.

The assaulting columns debouch from the village of Damouville, below the front and separated from it by a ravine which they are obliged to cross to attain the slopes near the fort. For three days this spot has been the scene of carnage which has saturated the ground with blood.

One German column advanced no farther than the bottom of the ravine. The front ranks pushed on by those behind, fell as fast as they reached the dead line swept by the French quick fire.

As they toppled over others came on to take their place and fall in turn.

Returning French officers declare the butchery at Verdun surpasses imagination.

CROPS BEST EVER

Says J. W. Butler, Gen. Agent

Chattanooga Plow Co

J. W. Butler, for twenty-nine years connected with the Chattanooga Plow Co. and for a long time the General Southern Agent, a native of Gwinnett county, Ga., was a Statesboro over Sunday visitor together with his wife who accompanied him in an auto trip from Chattanooga to Savannah, their destination. Mr. Butler has traveled through a dozen counties between Atlanta and Statesboro and says he has never observed crops in as good condition as he finds them at this period, more especially through Washington, Emanuel, Burke, Screven and Bulloch. He states that Bulloch corn and cotton appears to be further advanced than in any of the other counties and that he notes greater diversification in Bulloch than elsewhere in the direct eastern section.

Mrs. Butler said "that every farmer in Bulloch must have anticipated the advent of the packing plant, for that was all she heard after reaching Rockford and about all they encountered in the roads was droves of hogs." Mr. and Mrs. Butler report great road improvement since their last trip through this section a year ago. They departed for Savannah via the Ogeechee bridge and Springfield route.

Railroads Assisting Fruit Growers

Three Thousand and Three Hundred Cars Available for Service

Atlanta, Ga., June 8.—Georgia fruit growers will have every facility this year in train service for getting their products to market. Schedules of the Southern and Central railroads were arranged at a conference in Atlanta between representatives of the Georgia Fruit Exchange, General Manager E. J. Christmas of the fruit Exchange, says the schedules will be all that the growers desire.

The transportation companies estimate the peach crop this year between 200 and 300 cars in excess of the estimate of the fruit exchange, which fixed the number at approximately 3,300 cars. Reports as to the size, quality and condition of the fruit are said to be very flattering.

BOARD OF TRADE MAKES ARRANGEMENTS FOR

Representation In "Facts About Georgia."

THE GEORGIA CHAMBER OF COMMERCE BOOK

Louis N. Geldert, who is touring Georgia compiling data for the Georgia Chamber of Commerce and who will write and edit the book of "Facts About Georgia," was in Statesboro during the week consulting with the executive committee of the Board of Trade who arranged with Mr. Geldert for a double page of advertising space in the forthcoming publication. This work will be a most comprehensive book covering the needs and opportunities of Georgia and is to be distributed in connection with the exhibit cars and motion pictures that will begin a tour of the United States which will embrace a period of several years duration. The work is destined to set forth the special opportunities of each locality, and to be placed in the hands of substantial prospective settlers from the north and west who have for the past two years been coming to the south and for the most part locating in Alabama and Florida. Georgia has been slow to reach out for this influx of experienced systematic farming colony that has done so much to build up Florida and the effort now being made by the Georgia Chamber of Commerce together with the co-operation of local traders will go far toward bringing to Georgia her just deserts.

Stupendous Figures About Telephones

Rural Districts Building Connections With So' Bell

Atlanta, Ga. June 15. "Talk is cheap," says an old adage. Lots of people, however, pay for the privilege of talking and get more for their money than they do in many other expenditures. For instance, there is the telephone and there are some telephones in the country, according to statistics that have just reached Atlanta and will prove interesting to many people who like to deal in figures. There are now twenty-one million miles of wire in the Southern Bell Telephone system. The number of telephone stations are nine million and one hundred and fifty thousand and going to ten million by the end of the year.

The average daily calls are twenty-seven million and eight hundred thousand or nine billion a year. The Bell forces number one hundred and seventy thousand, of which eight thousand are classified as "general"; ten thousand "commercial"; eighty-two thousand "traffic"; fifty thousand "plant" and two thousand and hundred "engineering".

While statistics in Georgia and adjoining states are not yet available, the general reports show unusual growth. This is true not only in towns and cities, but in the rural districts, where farmers are building their own telephone lines and making connections with the Southern Bell lines.

WILSON AND MARSHALL

Renominated By Acclamation

TO LEAD THE DEMOCRATIC PARTY

St. Louis, Mo., June 15.—Woodrow Wilson and Thomas R. Marshall were renominated by acclamation at 11:52 p. m., tonight by the Democratic national convention.

On motion of Senator Hughes of New Jersey, the rules were suspended and no ballots were taken. The delegates simply roared, "Aye," when the names of Wilson and Marshall were called, and Chairman James declared them nominated by acclamation.

Senator Kern, nominating Vice President Marshall, discarded a long prepared speech and simply said:

"I renominate Thomas Riley Marshall."

The renomination of both candidates were completed four minutes before midnight.

Because the platform committee was not ready to report, the Democratic convention at 12:31 a. m. recessed until 11 o'clock Friday.

Washington, D. C., June 15.—President Wilson was notified at 1 o'clock to-night by Secretary Tumulty that he and Vice President Marshall had been renominated by acclamation at the St. Louis convention. His only comment was, "I am very grateful to my generous friends."

Mr. Wilson had gone to bed a few minutes before, after spending the evening with his wife and a party of officials receiving returns from the convention and waiting for the nomination.

Canning Club Rules for State Fair

Bulloch County Girls Will Compete

Every County contesting must furnish County Agents report containing summary of the year's work, written upon a blank furnished by the State Agent, together with all record books and all note books of club members and an exhibit consisting of twelve jars and twelve tins. The tins should consist of six cans of tomatoes and six cans of string beans and must be donated by the clubs of the County for an insurance fund against breakage. The specimens in glass will be sold or returned as desired by the County. The County exhibit may contain any varieties of individual exhibits, or may in addition include peach pickle, strawberry preserves, yellow tomato preserves, grape jelly, baby beets and cucumber pickles. The chief consideration will be to quality and selection of marketable vegetables. Counties entering for first prize must have a canning club entry members.

The Southern Express Co., will transport free, shipments from the Girls' Canning Clubs, and Boys' Corn Clubs, weight not to exceed 25 pounds, and exhibits of poultry not to exceed forty pounds, when shipped by a member of any of the above clubs, organized under the auspices of the United States Department of Agriculture, when forwarded solely for the purpose of exhibition consigned to the Secretary of the Georgia State Fair, Macon, Ga., when shipments are transported wholly within the State of Georgia.

The following score will be used in judging county exhibits:

County Exhibit 40
County summary of results—management, yields and profits as shown in agents reports and members booklets 45

Prem. No. 1, 2, 3, 4
1007.....\$50.00 \$40.00 \$30.00 \$20.00

Prospective exhibitors will take the matter up with Miss Lois P. Dowdlet, or Mrs. B. S. Wood, Assistants in charge of Girls' Club, Athens, Ga.

Individual Entries
Each club member contesting for any of these prizes must have cultivated a tenth-acre under the joint direction of the State College of Agriculture, and submit at the Georgia State Fair, a daily report history of her work, a canning club cap and apron, or a uniform dress, together with an exhibit in one of the classes named below. Only one girl from any county will be allowed to enter any class. No girl may enter for more than one prize. The exact number and kind of specimens required must be exhibited by every contestant. Each specimen must have 4H brand label on its bearing name and address of packer. Each contestant is requested to follow the receipts given in bulletin of the State College

BULLOCH PACKING COMPANY OFFICIALLY ORGANIZED

Elect Board of Directors of Fifteen Members

ENTHUSIASTIC MEETING OF STOCKHOLDERS

Of six hundred and thirty-five subscribers to the stock of the Bulloch Packing Co. more than fifty per cent representing with proxy's in excess of 1200 shares were present at a called meeting last Saturday to receive the charter granted by the superior court and to elect a permanent board of directors. There was no time lost in getting down to business; Hon. J. A. Brannen was made chairman of the meeting to receive the charter. A roll call was begun following which a tabulation of stock represented was made and a nominating committee was appointed by the chair who named the following stockholders as a Board of Directors. Brooks Simmons, M. R. Atkins, J. L. Coleman, D.

It only remains now for these some 635 men and women (for there are several women who are stockholders) to continue on with the same determination and energy in this and other enterprises which in due time will come and the results that may be accomplished are incomputable.

South and thus once more unfurl in a northern city the banner: "Georgia, Always Ahead."

Yaarab Temple will give a unique entertainment in the Atlanta auditorium on the evening of June 22, to which people from all over the state are invited. The proceeds will go to meet the expense attached to carrying to Buffalo the big patrol band and cheerers organizations which reflect credit upon the whole state. Potentate Walter P. Andrews says, "Atlanta and Georgia have made plans for a tremendous hit at Buffalo."

Many Georgia Shriners Will Go to Buffalo

Convention There Early Next July

Atlanta, Ga. June 15. The Imperial council of the Mystic Shrine meets in Buffalo early in July, and Yaarab Temple, Atlanta's splendid organization of Shriners, together with shriners from other parts of the state, are planning to go to Buffalo in numbers and equipment sufficient to properly present the leading city of the

of Agriculture, and to have products of uniform high quality and salable value.

Where pint or special 10-ounce or 12-ounce jars are allowed, preference will be given to the jars of regulation size, adopted for club products, because these can be packed with less expense to the club member, and sold to greater advantage.

NOW ABLE TO WORK FIRST TIME IN YEARS

H. W. Miller Didn't Have Use of Right arm for years—Gained 13 pounds on Tanlac.

"I am 70 years old and hadn't been able to strike a lick of work for over 14 years until I got to taking this Tanlac medicine," said Mr. H. W. Miller, at Jacobs Pharmacy, Saturday.

"Fourteen years ago I had a terrible spell of typhoid fever, and since that time I hadn't been able to use my right arm to do any good. It felt weak and numb and had no strength in it, but I didn't get Tanlac for this trouble, as I had no idea I would ever be able to use it again.

"I bought it for kidney trouble, rheumatism and pains in my back. Well, it relieved me of these troubles alright, but strange to say, it helped my arm, too. Yes, sir, it has actually made my arm as much better than I can now do a lot of work—something I hadn't been able to do in all these years. I don't know how to account for it, but that's what actually happened, and all my neighbors who have known me for years will tell you the same thing.

"Going back to my other trouble, I suffered a great deal from my back and joints, and was so nervous all the time I couldn't sleep much. Some time I would get so nervous and strung-up that the least noise would almost make me jump out of bed before I could control myself.

"My stomach was all out of shape, too, and I couldn't eat to do any good. Nothing seemed to taste right, and I got so finally I would have vomiting spells after trying to eat. To tell you the truth, I was in a mighty bad fix and was just getting weaker and weaker all the time. I don't feel that way now, and after taking only three bottles of this Tanlac, I have gained 13 pounds in weight, besides my stomach feels just like I had a new one put in, and I eat and sleep just like a school boy. The rheumatic pains are all gone, and I am feeling better and stronger in every way.

"It has helped my wife, too. She is now on her second bottle, and it is doing her more good than anything she has tried in years. She was in almost as bad a fix as I was and it has relieved her of all aches and pains for a long time. Both of us think there is nothing too good to say about Tanlac, and I can understand why everybody is talking about it.

Tanlac is sold exclusively in Statesboro by W. H. Ellis Co., and in Metter by Franklin Drug Co., in Brooklet by H. G. Parrish and C. C. Wolfe Co., Stillson, Ga. R. E. D. No. 1.

TO THE BOYS AND GIRLS OF THE SUMMER SCHOOL

(BY JOHN C. LANGSTON)

Here's a health to the class of the boys and girls, Who assemble where knowledge her banner unfurls, And climb mount Parnassus with travel worn feet, Unafraid of all toil, undismayed by defeat. They are bent upon triumph—God grant they may win—These embryo heroes, young women and men.

Ye fathers and mothers, the struggle is theirs, Help them on with your praise, help them on with your prayers; When they falter, encourage them on to the prize, When they stumble, don't scold, but just help them to rise; And the laurels they win, when the battle is done, Will be shared by the parent with daughter and son.

Then again, here's a health to these earnest young souls, As they bravely press on to their separate goals; May they never give up, but when baffled, still try, And their motto keep flying, "To do or to die." With their laughter and mischief, their frolic and noise, God bless them forever—the girls and the boys.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Bowel Complaints in India.
In a lecture at one of the Des Moines, Iowa, churches a missionary from India, who had been in the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occurs in this country. Obtainable everywhere.—(Adv.)

Thursday, June 15, 1916.

With political conventions and June weddings the paragraphs are having plenty of data to work on.

The elephant the Moose, can now return to their stables and chew the cud in peace. The donkey will join them in a day or so with plenty of kick left in him.

Peace, Preparedness and Prosperity, Wilson and Marshall. Prosperity, Preparedness and Peace, Hughes and Fairbanks. Both trains are on the same track and the collision will be this fall.

They say Carranza's government is tottering. If the darn thing would fall over and empty some of the vermin in the Gulf of Mexico 'would be a good spill.

Savannah can be relied upon all ways to pull off a convention, military event, or big celebration in gala style. Her first preparedness parade yesterday was a huge success. Her wonderful soldiery and civilians of men, women children were out in great numbers doing homage to the American flag. On the other side of her civic progress and administrative dealings she can be as backward, and downright stubborn as a Mississippi mule, and if you've ever seen a man trying to put a Mississippi mule on a Mississippi river steamer when a Mississippi mule didn't want to go, you'll readily understand how stubborn a Mississippi mule can be. We're referring to the city fathers holding up the Midland R. R. entry into their city over the banks of that old canal. Savannah would not be doing too much if they paid the Midland people for their work in coming in the city over that property and incidentally enhance the value of property contiguous, as well as probably improving the appearance of the territory and adding life and active interest to it.

COMPULSORY EDUCATION.

The interest which is being made manifest regarding compulsory education is growing in magnitude with an earnestness that bespeaks a better and improved condition soon to obtain in Georgia one of the foremost states in the Union in many worthy accomplishments, but sad to relate firmly in the clutch of illiteracy.

A very concise and valuable treatise on the social values of compulsory education has recently been compiled by Harold D. Meyer who was principal of the Statesboro Institute last year and which has been distributed to every legislator and statesman and many of the leading

newspapers throughout the state as well as prominent educators. Mr. Meyer has made a wide study of illiteracy conditions for the past year and is now enriched with a fund of knowledge on the subject which he is going to present before the legislature at the coming session.

Compulsory education and county-wide school taxes will do more to eliminate the unpardonable illiteracy that grips Georgia's citizenry than any movement that can ever be advanced and it is hoped that Prof. Meyer's appeal will be heeded by our state solons.

STICK TO YOUR STOCK.

That sentence should be the slogan of the Bulloch Packing Co. No better evidence of the realization of strength, agricultural resources and firm financial standing was ever shown than was done in the congregation of more than three hundred of the subscribers to the stock of the Bulloch Packing Co. who came to attend the meeting and elect a permanent board of directors, receive the charter and transact such other business as became necessary. Every man at that meeting was chuck full of enthusiasm, faith and determination to make this enterprise change the present agricultural and commercial method of doing business in Bulloch county.

The resolution offered by Hon. Hinton Booth and adopted by a rising unanimous vote, calling upon every member to, in so far as possible and practicable, hold his stock until the enterprise shall have been placed on a profitable working basis was timely and pertinent. For any stockholder to become impatient, over not receiving dividends the first few months of the operation of this enterprise and dispose of his holdings at a sacrifice would be like a man knocking the pillars out from under his own house. Stick to your stock.

BUYING AT HOME.

The amount of money sent away from county towns to the mail order houses is largely the reason for much individual financial troubles of the small town citizen. He receives one of those voluminous catalogs setting forth the flowery offers and wonderful qualities. A perusal of the terms of sale invariably requires a cash payment to accompany the order and then the sale is nothing more than a consignment, for the contract protects the merchant until the bill is paid in full. Mr. Small town citizen doesn't realize that even before this mail order house will fill an order they investigate the financial as well as the character of each applicant for an order unless they are rated in Dun or Bradstreet. Finally if a purchase is made Mr. Citizen begins a system of weekly or monthly payments to this commercial octopus that does not contribute one penny to the up-build or progress of a community, and every cent that goes to these houses rightfully belongs to the home town merchant even tho he does not have the goods desired, he should be given the business on special order.

If each citizen in a community would practice a loyalty in home trade he could and would be the greatest factor in placing his town on a substantial, independent, live and live basis which in the end redounds to his own credit and profit and in many instances relieve him of much embarrassment. In our connection with the Board of Trade there is not

a week passes but that we receive requests from various houses in large cities inquiring about the personal standing of this or that citizen, with a blank form to fill in stating his employment, his average earning, etc., etc., and all of which is merely information desired on which to base judgment on accepting an order. Many of these large stores maintain a separate agency for this system of inquiry that is misleading in that at first reading one might infer that the information was wanted relative to a person seeking employment. There are tricks in all trades but the biggest trick played on the glib small town citizen is the mail order trick the moral of which is discernible wherever it thrives.

CRISIS FOR ROADS IN THE MOVEMENT FOR HIGHER WAGES

Would Add Millions to Expenses Of Southeastern Lines—Public Viciously Interested.

Washington, D. C.—The railways of the southeast are facing a critical situation in the proposed demands of the engineers, firemen's, conductors' and trainmen's Brotherhoods which have been in a nationwide effort to force the railways of the country to grant further wage concessions, which would add millions of dollars to the payrolls of the railways without serving them to earn a cent more than under present conditions or to in any way give better service to the public," declares a statement given out by the executive committee of the southeastern railways.

"The demands of the Brotherhoods are generally referred to as demands for an eight hour day and time and a half for overtime, but they are in reality for an eight hour day in the sense in which that term is commonly understood," the statement continues. "The employees are not asking that they be relieved from their present duties at the end of eight hours, as they realize that this is not practicable in road service, and the form in which the demands have been made clearly shows this.

"More Pay For Overtime
"Thus the language of their own proposed demands is that on runs of one hundred miles or less overtime will begin at the expiration of eight hours. This simply means that if a freight train requires, as it usually does, at least 10 hours to run 100 miles, the train engine employees shall receive their day's pay for eight hours of work and shall receive time and a half for the two additional hours.

"There is not a line in the proposals concerning road service that in any way limits the number of hours the employees are to work, and their proposition simply resolves itself into fixing the period at which overtime begins to accrue and after which they shall receive time and a half instead of their regular hourly rate.

"In a discussion of the proposed demands in the official journal of the Trainmen's organization, the following explanation of the demands is given by one of the vice-presidents of that Brotherhood:
"There appears to be some difference of opinion as to what such a proposal involves, therefore it may be reasonable to say that there is quite a difference between an eight-hour workday and an eight-hour basic workday.

"The first contemplates that eight hours shall be the maximum working time, and as a rule where the eight-hour workday obtains through contract relations between employer and employees, it is the constant endeavor to prevent working overtime except in cases of necessity. It appears that some of the men in the train service are of the opinion that this is the proposal of the organizations. However, this is not the case. The second, the eight-hour basic workday contemplates that eight hours shall be the basis for a day's work and any time in excess thereof shall be paid for as overtime, consequently under such a provision there is no limit to the hours worked. The latter system is the one proposed by the train service Brotherhoods and is in accord with the action taken by the delegates at the Eleventh Biennial Convention of the Brotherhood of Railroad Trainmen.

"Same Work, More Money
"The proposals of the employees, as in reality formulated and officially explained in the above citation, simply mean that they shall be paid more money than at present for the same work they are now doing. It is, therefore, a question of wages, and consequently of increased cost to the present conditions of work would mean an increase ranging from 12 to 40 per cent in cost, as the roads would be compelled in most cases to continue the present hours of operations since chances to escape the payment of overtime would cause a higher percentage of increase than the figures already given.

Brannen, Marie Bowen, Jessie McDougald, Hannis Quattlebaum, Robert Carruthers, Harry Coon, Fred Coon, Frank Simmons, Clara Lech DeLoach, Pearl Simmons.

Misses Anne Johnston and Bess Lee delightfully entertained at a miscellaneous shower on Friday afternoon in honor of Miss Nan Edith Outland, a bride of this week. The spacious hall, library, living room and dining room where the guests assembled was beautifully decorated in pot plants and yellow and white daisies—yellow and white being the color scheme. In one corner of the dining room banked with yellow and white daisies stood pretty Misses Bell Outland and Hazel Johnston who presided over the punch bowl and served punch and sandwiches to each guest as they entered. The feature of the afternoon was the advice to the bride written by each guest. The prize to the best advice was won by Miss Mary Beth Smith. Then each guest made a sachet bag for the bride. After this came the exciting part of the afternoon when Misses Johnston and Lee brought in the heavily loaded clothes basket, covered with yellow and showered with yellow daisies, with gifts, which, as Miss Outland opened each package, pinned them on a yellow and white line which had been stretched from one side of the hall to the other. The bride elect was charming in grey taffeta with gloves and shoes to match, and her hat was whiteleghorn trimmed in pink and blue ribbons. Miss Johnston wore a white and yellow veil dress trimmed with bands of yellow ribbon. Miss Lee's gown was of white net trimmed in bands of green ribbon. Cream in the shape of hearts was in yellow and white and cake in the shape of a slipper was served. Those present were Misses Annabelle and Pearl Holland, Agnes and Willibelle Parker, Gussie Lee, Roberta Hunter, Ruth Lester, Anna Hughes, Neta Belle Coleman, Nellie and Mary Lee Jones, Irene Arden, Mary Ella Gibson, of Apalachicola, Fla., Mary Beth Smith, Annie Olliff, Ruth Parrish, Kathleen McCroan, Lucy Blitch, Nan Simmons, Lena Belle Smith, Ulma Olliff, Eima Wimberly, Mesdames Neita Keowan, Jim Moore Leffer Deloach, Jim Horn, of Jacksonville, Fla., W. R. Outland and G. S. Johnston.

Outland-Jones

A brilliant and interesting wedding of Wednesday was that of Miss Nan Edith Outland to Mr. Basil B. Jones of Jacksonville, Fla. The marriage took place in the Methodist Episcopal Church which was decorated with palms and flowers in a most effective and beautiful manner.

The bride entered with her father, Mr. W. R. Outland, preceded by her sister, Miss Belle Outland, as maid of honor, who was beautifully gowned in white net and satin, and carried a bouquet of pink roses. Eight bridesmaids attended Miss Outland, the Misses Edith Taylor of Atlanta, Lamar Coleman of Bainbridge, Mary Ella Gibson of Apalachicola, Fla., Willibelle Parker, Anne Johnston, Bess Lee, Ruth Lester and Neta Belle Coleman all gowned in white organdy, wearing large picture hats trimmed with white daisies with yellow centers and carrying shower bouquets of white daisies tied with green ribbon.

The ushers, Carroll Moore, Carl Holland, Rupert Rackley and Remer Brady. The bride groom with his best man, Mr. Herbert Kennedy met the bride at the altar where the ceremony was performed by the Rev. J. B. Thrasher.

The wedding music was artistically rendered by Mrs. Jim Moore who played the bridal chorus from Lohengrin for the professional and the Mendelssohn Wedding March for the recessional. During the prelude songs were rendered delightfully by Miss Roberta Hunter singing "My Dear" and Miss Mildred Edmondson of Goldsboro, N. C., singing "Until." The bride who is a very popular member of the young social set, was dainty and charming in her bridal gown of white voile and lace, and carrying a shower bouquet of bride roses and valley lilies.

Her going-away gown of a chic blue taffeta coat suit with hat and accessories to match. The groom is a son of Mr. and Mrs. J. G. Jones of Statesboro, and a prosperous young business man of Jacksonville, Fla.

A large reception was given by Mr. and Mrs. W. R. Outland Tuesday night at the home of the bride for the members of the bridal party, the family and friends. The many wedding presents of the young couple were displayed in a large room of the home and included numerous beautiful and costly gifts of many kinds cut glass, silver and china, forming a rich array.

After the ceremony Mr. Jones and his bride left for points south returning to make their home in Jacksonville, Fla.

FAREWELL ADMONITION

To Seniors B. H. S.
Dear Seniors of the B. H. S.,
Tonight we part forever.
Our work together has been the best and I hate for you to sever.

But fate, it seems, has thus decreed That we must say farewell,
Oh may your future be happy indeed Remember how Adam fell.

Be true to yourselves and fellowmen, Do noble things that tell,
Escape the snares of pride and sin And in peace and harmony dwell.

I pray that God may open your eyes And show what He has in store
For those who work to win the prize, And always ask for more.

The race isn't always to the swift,
But to him who works in persistence Who tries the true form, the false to lift
And who doesn't require much assistance

Now in conclusion I wish to say I bid you a kind farewell,
I hope to meet you another day In a place where hearts don't swell.

Dear class should we here on this earth meet no more
E're our bodies are decayed beneath the sod,
May the hand of mercy guide us safely to that shore,
Where we will meet face to face with our God.

BACKACHE IS DISCOURAGING MEETING WOMENS MISSIONARY SOCIETY

But Not So Bad If You Know How to Reach the Cause

Nothing more discouraging than a constant backache. Lane when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Statesboro people recommend Doan's Kidney Pills. Read this case:
Daniel R. Rigdon, 44 Bulloch St., Statesboro, says: "Whenever I feel in need of a kidney medicine, I use Doan's Kidney Pills and they never fail to remove the aches and pains in my back. At times while at work, I have to do a great deal of stooping and lifting and this is hard to do with a lame and aching back. Doan's Kidney Pills always strengthen my back and fix me up all right."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rigdon recommends. Foster-McBirn Co., Props., Buffalo, N. Y.—(Adv.)

CANDIDATE FOR CONGRESS

To The Voters of Bulloch County:
About ten years ago I was elected by the people of this district to fill the unexpired term in congress caused by the death of Hon. Rufus E. Lester, and, although the term was short, being only three months, I feel deeply grateful to the people for the honor bestowed upon me. Two years ago I made the race against Mr. Edwards and received a very large vote, for which I expressed my sincere thanks at the close of the campaign.

For the past three months I have been receiving a large number of letters from my friends in different parts of the district, urging me to announce for congress again. I visited a number of places and ascertained for myself that the sentiment was very strong for me to make the race, and in response to this demand several weeks ago I announced through the columns of the Savannah Press that I was again a candidate for Congress. I, therefore, take this method of announcing to my friends in Bulloch county that I am a candidate for Representative from the First Congressional District in the 64th Congress of the United States, subject to the Democratic primary, and respectfully solicit your support and influence.

Very respectfully,
J. W. OVERTRETT.

ANNOUNCEMENT FOR CONGRESS

I have the honor to announce that I am a candidate for congress from the First District, subject to the Democratic primary to be held on September 12, 1916.

I hope to have the pleasure of addressing the people in all counties of the district before the primary. Asking the support of my fellow citizens, I am,

Very respectfully,
Peter W. Meldrum

HAVE ROSY CHEEKS
AND FEEL FRESH AS
A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the things of healthy bloom in your face, to see your skin get clearer and clearer, to wake up with out a headache, lumbago, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try this simple, every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; this cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, excesses of acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, aches, whose skin is sallow and complexion pallid, are assured that one week of invigorating will have them both looking and feeling better in every way.

FOOLING THE BATTER.

Tactics and Tricks Used by the Big League Pitchers.

In the Woman's Home Companion is an article on pitching baseball curves by C. H. Claudy. In it he says:

"Few big league pitchers depend on many varieties of curve to 'fool' the batter. No matter what the effect of a wide and sweeping curve may be upon one of your teammates, a curve ball in the big league is as easy to hit as a straight one, provided the batter knows it is coming. But when a good pitcher gets to work on a batter he doesn't let him know what is coming."

"With three balls and two strikes almost any major league pitcher is entitled to believe that the next pitch will be a 'fast one splitting the plate.' But if the pitcher has his nerve with him it may be entirely inoeluct. Expecting the natural straight ball and finding about a tenth of a second before the ball gets to the plate that it is jumping in toward him, the batter has no time to change his 'set' and strikes out."

"The essence of any 'fooling' delivery, then, is its unexpectedness. To make use of this feature control of the 'fooling' delivery is necessary."

"And the easiest curve to control is the curve which is pitched most naturally."

"That is why the big league pitcher doesn't try to master the curves of every other pitcher, but sticks to those he can do best. The greatest pitcher of the game won fame for his 'fade-away' ball that withers and dies at the plate after starting like a cannon ball. But for every 'fade-away' Matty ever threw he pitched a dozen straight fast or slow balls, and they all came from the same motion. It is not knowing until the last fraction of a second whether the ball will go waist high plump into the catcher's mitt or weakly drop off to one side which makes the 'fade-away' a terror."

Cheap Paints
Cost Too Much!

When you paint, use good paint. Cheap paints don't cost enough to be good. The materials that make good paint are as standard in value as gold. You can't buy gold dollars at 69c. You can't buy good paint at low prices.

There is so much misrepresentation in paints—so much chance to mix materials of inferior quality into so-called "good paint"—that there is just one safe way to buy paint: See that the name of a responsible manufacturer is on the can.

The Maker and We, Too, Guarantee
You Complete Satisfaction in

Lucas Paints

They're made as good as paints can be made. The materials used are proved not only pure, but up to the standard, by most rigid tests. Sixty-four years' experience goes into every Lucas product—made in the largest, best equipped paint factory in the country, under the eyes of men who have been 25 to 40 years in the business. Before being put into cans, each batch of Lucas Paint is proved standard by chemists, practical painters and color experts.

Lucas Paints never vary in quality or color. They always make good—always outlast any other paint you can buy—always are the most economical in the end.

YOUR GROCERItems Concerning
the County Schools

By B. R. OLLIFF, Sup't.

Did you have a good school last term? Was your teacher what you think she or he should have been? Did you do all you could to help the school be a success?

Who shall your teacher be next term? Now this is the one great question that must concern you for the next several weeks—Who will be my teacher? What can that teacher do? What will I have to do to help my teacher make a success of her work. Let us try to get teachers who will do some actual teaching as well as hearing children recite. We should demand that the teachers do some actual teaching, give demonstrations, put solutions on the boards and have the children do their problems on the board instead of the "hand in" method that is getting to be too popular for the amount of good it accomplishes. Who will be your teacher for the next term? Let us begin to plan to settle this question right soon.

The citizens of Bulloch county are going to vote for or against local taxation for school purposes pretty soon. Are you in favor of better education for the children of Bulloch? Are you in favor of putting Bulloch first in the matter of rural education? If you are, begin to advocate the county-wide tax for school and building purposes. It will be given a test before many months. Let us not fail to carry this tax.

Quite a number of teachers will be away in attendance of the several summer schools this summer. Several have already gone. Our teachers are trying to keep abreast with the times by keeping in touch with all the latest methods in teaching.

Why not buy a few good books for your children to read during the long vacation period? They are going to read something and it would be a wise idea to direct the reading your children do. Get them good books and have them read them as well as having them use the old books they have used this term in the school room. There will be many hours of leisure that could be put to good account, if the children are urged to do some study during vacation time. Let us do this this year.

Keep an eye on the citizens of the Tyson Grove school district. Something going to be done that will make other communities jealous. Some sections boast that they are going to stay ahead of anything in the county in the way of school houses and school equipment. When the Tyson Grove school is remodeled and the new rooms added, it may be the best in the county. Let us watch. You know those people are able and willing to do things, and THEY WILL.

SALTS IF BACKACHE
AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat. Backache is a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it out from the blood and you are obliged to seek relief two or three times during the night.

Secure a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from pure sodium and potassium and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys; also to neutralize acids in the urine so it no longer irritates, thus ending bladder troubles.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot be abused, and is a delicious, refreshing lithia-water drink.

BEST FOR BILIOUS HEADACHES

Indigestion quickly develops sick headache, biliousness, bloating, sour stomach, gas on stomach, bad breath or some of the other conditions caused by clogged or irregular bowels. If you have any of these symptoms, take a Foley Cathartic Tablet this evening and you will feel better in the morning. W. B. Vandigrift, Smyrna, Ga., says: "We find these Cathartic Tablets the best we have ever used for bilious headaches and I am praising them up to all my friends." Bulloch Drug Co.—(Adv.)

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound and 8 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. In each box of Barbo Compound, it will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

GENERAL P. W. MELDRIM

To Speak In Statesboro
June 24th

The friends of General Peter W. Meldrim, candidate for congress from the first district, will speak in Statesboro Saturday June 24. It is more than likely that a very large crowd will be in attendance to hear General Meldrim since it will be the first political speech of the present congressional campaign and introduction of General Meldrim who is a stranger to many and yet he numbers his friends and acquaintances by the score. General Meldrim has been meeting with genuine encouragement throughout the district in so far as he has spoken and met the people personally, and in several places they have sought the second appearance when his rallies have been planned. On July 4th at Indianapolis a tremendous rally and real old time patriotic celebration is being arranged for in honor of General Meldrim who will be the principal speaker. An enormous announcement has been made that General Meldrim would speak in Statesboro this week, Saturday, but it is wrong. So far his only appearance in Statesboro will be June 24th next week, Saturday.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.

REV. J. B. THRASHER ATTENDING CONFERENCE AT METTER

Rev. J. B. Thrasher, pastor of the M. E. church of Statesboro, is attending conference in Metter but will fill his pulpit at both services next Sunday. The evening services during the mid summer will be at 8 o'clock p. m. instead 7:30 as heretofore.

BARACA AND PHILATHEA GLASS ENTERTAINS

The Baraca and Philathea classes of the Baptist church will entertain classes from the Methodist and Presbyterian churches, Friday evening at 8 o'clock.

THE AMUSU PRESENTS

Mary Pickford, Supreme Favorite of the Screen, Irresistible in "The Dawn of a Tomorrow."

In the role of the waif of the London slums, in "The Dawn of a Tomorrow," the great dramatic success by Frances Hodgson Burnett, and the five-part photo-adaptation of which will be at the Amusu Saturday night. Mary Pickford, the foremost exponent of the screen, literally is irresistible. Her role and characterization dominate the play and give to this celebrated subject a vitality and appeal which even its inherent strength would not possess without her. This latest production of the Famous Players Film Co. on the Paramount Program will do much to advance its artistic standard and the immense and almost immeasurable popularity of Mary Pickford.

Miss Pickford is particularly well adapted to the part of the unkempt but quick-witted, clear-minded and pure-hearted London waif known as "Glad." With a wealth of opportunity constantly at her command, throughout the entire characterization, the little star makes an impression that will linger as long in the memory as her immortal portrayal as "Tess of the Storm Country."

Although "Little Mary" is the center of all interest in the production, and the plot and its development evolve about her, she is exceptionally supported by a sterling cast, including David Powell, Forrest Robinson, Robert Cain, Margaret Seddon and Blanche Craig.

President of Life Insurance Company

Makes Plea for Commercial Preparedness

Atlanta, Ga., June 22.—The importance of financial, industrial and commercial preparedness was urged by Wilmer L. Moore, of Atlanta, president of the Southern States Life Insurance Company, in a speech before the Huntsville (Ala.) Chamber of Commerce and which has been highly praised by the newspapers throughout the country.

Mr. Moore urged a general line of education in behalf of thrift and frugality. He pointed out that thrift is not penuriousness, but a knowledge of the right way to spend. He argued that the south needs money in such volume and at such cost as will make possible the large use of the real estate loan, which he termed "The Master Builder."

Mr. Moore depreciated the inability of the people of the south to fully take advantage of its wonderful resources. This is due, he pointed out, to a lack of money for constructive and development work and the lack of money is a result of the absence of frugal habits and practice of the citizens as a whole.

To prove this condition, he quoted some figures. He showed of the seven billions of savings of the people of the United States the south has only the meager total of two hundred and thirty millions. While the average savings deposits is \$423.33 in the New England states it is only \$177.02 in the south. The amount of savings per capita of population in New England is \$254.65, in the south \$63.30.

The Nelms' \$1,000 Fee Still A Dorsey Subject

The Dalton Citizen Plays Dorsey Aspirations

Atlanta, Ga., June 22.—The fee of \$1,000 paid by Mrs. John W. Nelms to Solicitor Hugh M. Dorsey of Fulton Superior Court, as compensation for his services in extraditing Victor E. Ennels and his wife from Texas to Fulton county for trial in connection with the mysterious disappearance of Mrs. Nelms' two daughters, continues to be the subject of comment among lawyers and politicians among the Solicitors candidacy for governor.

The real question about this affair is, did Dorsey accept the \$1,000 fee from Mrs. Nelms? He did, and he does not deny it. The Supreme Court says that a solicitor-general can have only the state for a client. Therefore Hugh Dorsey, under the constitution of the state of Georgia, is in a very awkward position with reference to this matter.

A Macon Greek who signs himself by the name of "X. X. Christophilous" has sent to the Dalton Citizen, of Dalton, Ga., a copy of a letter he wrote to the Macon Telegraph in defense of Solicitor Dorsey, and the Citizen has complied with this demand that it publish the same.

But in so doing the Citizen demands that "Christophilous" tell the public who wrote this card, and calls upon him for information as to where he got his profound knowledge of the law.

The Citizen then proceeds to pay its respects to the gentlemanly aspirations of Solicitor Dorsey by denouncing him as "a mob-inciter," on the ground that his newspaper interviews following the commutation of the sentence of Leo M. Frank were calculated "to inflame the public mind and encourage the mob."

Real Drama to Come Back

So Thinks Atlanta Theatrical Manager

Atlanta, Ga., June 22.—Home George, manager of the Atlanta theatre, whom everybody knows and likes, is back from a trip to New York Southerners and Georgians particularly, will be interested in the predictions of Mr. George for a brilliant theatrical season. Greater interest is being shown in theatricals than in several years, according to Mr. George, and it is generally believed around New York that "the spoken drama," which picture shows have crowded off the map, will have a real "come-back" this fall and winter.

"There seems to be a general feeling among the theatrical people that next season will be the best in years," said Mr. George. "I talked with many producers and they are making plans for more and bigger shows than at any time in some years. New York now holds more big hits than at any time in my experience and the managers believe that the people all over America will want to see the big shows this fall. At any rate, the bookings are more promising than in five years, which is saying much."

Legislature Convenes Next Week

Much Unfinished Business to Be Cleared Up.

Atlanta, Ga., June 22.—On next Wednesday, June 28, the general assembly of Georgia will convene in the state capitol for its 1916 session of the usual 50 legislative days, the latter being fixed by the constitution as the maximum length of a regular session.

Owing to the fact that practically all business in the house was blocked last year at the regular session by the fight involving the new prohibition laws, there is a very large accumulation of bills to be disposed of under the head of unfinished business.

Among these bills of general state-wide interest and importance are the bills creating a highway commission, creating the office of state auditor, providing for free text books of all schools, establishing a state cotton warehouse system, exempting college endowments from taxation, allowing women to practice law, allowing women to vote, requiring compulsory education, and providing for a state constitutional convention.

One of the most important matters that will confront the legislature is the urgent necessity for reorganizing the state sanitarium for the insane at Milledgeville.

This institution, which is primarily intended for the treatment of persons who lost their mind, is very much overcrowded by epileptics, paralytics and other unfortunate persons who are deserving of great sympathy, but are not insane, and whose presence at the sanitarium reduces the capacity of that institution for performing its primary functions.

The senate's unfinished business is much smaller in volume than that of the house by reason of the fact that the senate made an exceptionally good record at the regular session last year in the matter of prompt transaction of the bills and resolutions introduced.

BOYS BULLOCK PIG CLUB.

To become a member of the Boys Bullock Pig Club, it is necessary to have the endorsement of a note by your parent or guardian who has sufficient credit to justify the obligation, on acceptance of which by the First National Bank, a registered pig will be supplied to you for which you are to pay at the rate of 8 per cent interest. When you have realized upon the sale of the offspring to the Bulloch Packing Co. you are then required to pay your note.

RULES GOVERNING.

1. Good clean sanitary quarters.
2. Pig must be kept free from lice or vermin by the use of crude or other oils applied when necessary.
3. Good clean fresh water must be available at all times. (This is essential for health and rapid growth.)
4. If green pasturage is not available some kind of green feed must be supplied such as millet, cabbage leaves or waste from the garden.
5. If cholera is discovered in the immediate community, notify W. F. Whatley, County Farm Demonstration Agent, Statesboro, Ga.

6. Weigh your pig when received and keep a record of weight from time to time and a minute account of all expenditures.
7. When the pig is ready to be bred they should be served by a pure bred boar of the same breed.

At the opening of the Bulloch Packing Plant, the Statesboro Board of Trade will give a prize \$10.00 in gold to the boy who has raised the largest number and greatest weight from the pig supplied under these conditions.

Georgia Biggest Noise

At Democratic Convention in St. Louis Last Week

Atlanta, Ga., June 22.—Georgia had the biggest voice in the National Democratic Convention, which met at St. Louis last week. It did not come from anyone delegate or the combined delegation from Georgia; in fact, it was stronger than several delegations. "The Man With the Voice" was Devereaux F. McClatchey, of Atlanta, who served as reading clerk.

This long-legged, leather-lunged, brass-throated Georgian, as is known, has been a star performer in the Georgia legislature for several years. He is now clerk of the Georgia State Senate. He is vouched for by all who have heard him in action as the possessor of the strongest voice east of the Rocky Mountains.

There is said to be a man who lives the life of a recluse somewhere in Yellowstone Park who amuses himself every morning and evening by going out in the valley in front of his cabin and shouting so loud that he shakes off the tops of a few crags and thereby launches a landslide.

But the Rocky Mountain wonder has never strayed away from his native haunts, and consequently is not a competitor of the Georgia fog horn who was selected to keep the Democratic delegates informed as to what transpired on the St. Louis rostrum.

Devereaux McClatchey can read all day long and finish stronger than he was at the start, and then if he's given a real juicy steak and a brief rest spell he can read for the balance of the evening, and still get stronger and stronger.

His voice is like a tug boat whistle. It starts deep and boomy, and the further it gets the louder and clearer it booms, so that no person, no matter how large the convention hall and no matter how remote the persons seat from the rostrum, can fail to catch every syllable—unless he happens to be stone dead.

BANK EMPLOYEES

Urged to Attend Military Training Camp

Atlanta, Ga., June 22.—Captain James W. English, president of the Fourth National Bank, has notified employees of that institution that any who desire to attend the southern military training camp at Ft. Oglethorpe this summer may do so on full pay. Captain English is a staunch believer in military training as a means of fitting a young man for business as well as enabling him to be of service to his country should he be needed.

Captain English said he attributes his health at seventy-nine years of age to the four years he spent under Lee in the Civil War, more than fifty years ago.

What is an Editor?

The editor is the man upon whom we rely to preserve the standard of literature. Without editors, orthography, etymology, syntax and punctuation would soon fail. The beauty about editors is that they are independent and uncompromising. They yield nothing to the rabble for the sake of profits. If they print bold and thundering, nasty love tales and platitudinous essays, it is not to make money, but merely because they know that if the public doesn't get this kind of reading it will find worse mischief elsewhere.—Life

Gathering Dates.
Dates grow at the top of such tall, slender trees that in order to gather them men have to swing themselves up the trunk by degrees by means of a rope, one end of which they fasten around their bodies, while they loop the other end so that it will catch on the notches in the trunk of the tree.—London Telegraph.

Judge W. E. Thomas Valdosta, Ga.

Candidate for Congress from the Eleventh District

Atlanta, Ga., June 22.—Judge W. E. Thomas of Valdosta will not pay his accustomed visit to Fulton county to preside over various divisions of the Fulton Superior court while the regular judges are on vacation.

Judge Thomas is now engaged in a race for congress in the eleventh district, and will give this matter his entire time and attention. He has recently opened headquarters and launched an active campaign that will take him into every county in the district.

10,000 VISITORS

Expected in Savannah Eagles Convention

Savannah, Ga., June 22.—(Special)—Conservative estimates place the numbers of visitors in Savannah for the meeting of the Grand Aerie, Fraternal Order of Eagles August 14-19 at 10,000. Many persons in close touch with the affairs of the Fraternity, declare that there will be at least 15,000 visitors here.

The convention will be one of the most important of the Fraternity and one of the most successful. Changes in laws made by the last Grand Aerie have been in effect one year and it is expected the reports of Grand Aerie Officers will deal with the results, which are said to be very gratifying. These reports will show that the Fraternity has made satisfactory progress along all lines.

The climax of the convention will be reached Thursday, August 17, when a grand parade will take place. More drill teams, marching clubs and other uniformed bodies will take part than ever before in the history of the Fraternity. They will be augmented by members of military and civic organizations of Savannah. There will be many floats in the parade, some of which will be sent by Aeries as far away as the Pacific coast. Merchants of Savannah will enter a number of floats and one section will be devoted to an exhibit of the commercial and industrial South. It is likely that preparedness will be a feature, as Aeries have entered energetically into every demonstration for preparedness. Practically everyone of the 1,000 members of Savannah Aerie will march.

General Chairman Wm. V. Davis, of the Citizens Committee, has been practically assured that a flotilla of torpedoes, boats, submarines and probably a cruiser or two will be sent here. It is expected that sailors and marines from ships, and troops from Ft. Screven and other places will take part in the parade. Most of the larger Aerie will send drum corps and bands with bright uniforms will add to the brilliancy of the procession. Arrangements to take care of the vast number of visitors are being rapidly completed. Thousands of persons will come from the surrounding territory to witness events on the program and take part in the carnival at night.

"Montmorency, can your fiancée cook?"
"No, mother, but she can paint beautifully on china. She can paint the most natural grapes and peaches you ever saw."

"Well, maybe looking at them will appease hunger when there is no dinner ready."—Kansas City Journal.
