OLDER BUT STRONGER

To be healthy at seventy, preparation is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

BULLOCH COUNTY BOYS GRADUATE AT MERGER

Ernest L. Smith, of Statesboro, Homer V. Warnock of Jimps and W. Gesmon Neville of Register.

Bulloch wins three graduates from Mercer University this year in the persons of Ernest L. Smith of Statesboro, Homer V. Warnock, son of J. M. Warnock of Jimps, and W. Gesmon Neville, son of S. L. Neville, of Register.

Mr. Smith will likely follow his profession in Statesboro, his home town where he has many friends and a bright future.

Mr. Warnock is contemplating entering the Georgia Medical College at Augusta in the fall.

GERMANS DRIVEN TO CERTAIN DEATH

Horrible Butchery at Verdun Paris June 6.—In their repeated attacks on Fort Vaux, one of the outlying defenses of Verdun along the front east of the Meuse, the Germans are hurrying forward their infantry in masses so compact that the first ranks are obliged to advance to certain death.

The assaulting columns debouch from the village of Darnoy, below the front and separated from it by a ravine which they are obliged to cross to attain the slopes near the fort. For three days this spot has been the scene of carnage which has saturated the ground with blood.

Returning French officer declare the butchery at Verdun surpasses imagination.

CROPS BEST EVER

Says J. W. Butler, Gen. Agent Chattanooga Plow Co

J. W. Butler, for twenty-nine years connected with the Chattanooga Plow Co. and for a long time the General Southern Agent, a native of Gwinnett county, Ga., was a Statesboro over Sunday visitor together with his wife who accompanied him in an auto trip from Chattanooga to Savannah, their destination.

Mr. Butler has traveled through a dozen counties between Atlanta and Statesboro and says he has never observed crops in as good condition as he finds them at this period, more especially through Washington, Emanuel, Burk, Screven and Bulloch.

Mrs. Butler said "that every farmer in Bulloch must have anticipated the advent of the packing plant, for that was all she heard after reaching Rockford and about all they encountered in the roads was droves of hogs."

Railroads Assisting Fruit Growers

Three Thousand and Three Hundred Cars Available for Service

Atlanta, Ga., June 8.—Georgia fruit growers will have every facility this year in train service for getting their products to market.

The transportation companies estimate the peach crop this year between 200 and 300 cars in excess of the estimate of the fruit exchange, which fixed the number at approximately 3,300 cars.

Mr. Butler said "that every farmer in Bulloch must have anticipated the advent of the packing plant, for that was all she heard after reaching Rockford and about all they encountered in the roads was droves of hogs."

Stupendous Figures About Telephones

Atlanta, Ga. June 15. "Talk is cheap", says an old adage. Lots of people, however, pay for the privilege of talking and get more for their money than they do in many other expenditures.

Atlanta's Poor People Sleep Out of Doors

Atlanta, Ga. June 15. Hot weather in Atlanta has driven the people in the poor districts of the city to sleep on cots and pallets outdoors under the stars, which is the only place they can rest in comfort.

Bulloch County Girls Will Compete

Bulloch County contesting must furnish County Agents report containing summary of the year's work, written upon a blank furnished by the State Agent, together with all record books and all note books of club members and an exhibit consisting of twelve jars and twelve tins.

Gov. Harris Positively Will Not Withdraw

Atlanta, Ga. June 15. Gov. Nat E. Harris has once more made emphatic denial of the report which had again gained circulation that he would retire from the governor's race.

Chinese Becoming Tobacco Smokers

Atlanta, Ga. June 15. Rigid enforcement of the federal anti-narcotic and anti-opium laws has driven Atlanta Chinese to the use of enormous quantities of Chinese tobacco, which they smoke in long stemmed pipes that are very similar to the pipes of opium.

Enforcement Opium Laws Proving Effective

Atlanta, Ga. June 15. Rigid enforcement of the federal anti-narcotic and anti-opium laws has driven Atlanta Chinese to the use of enormous quantities of Chinese tobacco, which they smoke in long stemmed pipes that are very similar to the pipes of opium.

WILSON AND MARSHALL Renominated By Acclamation TO LEAD THE DEMOCRATIC PARTY

St. Louis, Mo., June 15.—Woodrow Wilson and Thomas R. Marshall were renominated by acclamation at 11:52 p. m., tonight by the Democratic national convention.

On motion of Senator Hughes of New Jersey, the rules were suspended and no ballots were taken. The delegates simply roared, "Aye," when the names of Wilson and Marshall were called, and Chairman James declared them nominated by acclamation.

NOW ABLE TO WORK FIRST TIME IN YEARS

H. W. Miller Didn't Have Use of Right arm for years - Gained 13 pounds on Tanlac.

"I am 70 years old and hadn't been able to strike a lick of work for over 14 years until I got to taking this Tanlac medicine, said Mr. H. W. Miller, at Jacobs Pharmacy, Saturday.

"Fourteen years ago I had a terrible spell of typhoid fever, and since that time I hadn't been able to use my right arm to do any good. It felt weak and numb and had no strength in it, but I didn't get Tanlac for this trouble, as I had no idea I would ever be able to use it again.

"I bought it for kidney trouble, rheumatism and pains in my back. Well, it relieved me of these troubles alright, but strange to say, it helped my arm, too. Yes, sir, I have actually made my arm as much better that I can now do a lot of work—something I hadn't been able to do in all these years. I don't know how to account for it, but that's what actually happened, and all my neighbors who have known me for years will tell you the same thing."

"Going back to my other trouble, I suffered a great deal from my back and joints, and was so nervous all the time I couldn't sleep much. Some time I would get so nervous and strung-up that the least noise would almost make me jump out of bed before I could control myself.

"My stomach was all out of shape, too, and I couldn't eat to do any good. Nothing seemed to taste right, and I got so finally I would have vomiting spells after trying to eat. To tell you the truth, I was in a mighty bad fix and was just getting weaker and weaker all the time. I don't feel that way now, and after taking only three bottles of this Tanlac, I have gained 13 pounds in weight, besides my stomach feels just like I had a new one put in, and I eat and sleep just like a school boy. The rheumatic pains are all gone, and I am feeling better and stronger in every way.

"It has helped my wife, too. She is now on her second bottle, and it is doing her more good than anything she has tried in years. She was in almost as bad a fix as I was and it has relieved her of all pains she has had for a long time. Both of us think there is nothing too good to say about Tanlac, and I can understand why everybody is talking about it."

Tanlac is sold exclusively in Statesboro by W. H. Ellis Co. and in Metter by Franklin Drug Co., in Brooklet by H. G. Parrish and C. C. Wolfe Co., Stilson, Ga. R. E. D. No. 1.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

SUSPENDED ANIMATION.

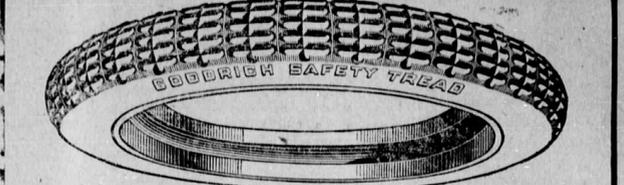

Life That Looks Like Real Death, Yet Revives After Many Months. One of the most extraordinary manifestations of life is a condition quite common among the lower animals and known as anabiosis, or suspended animation.

They took some threadworms, rotifers and microbes and dried them thoroughly, kept them thus for eight months, then locked them in an airtight box from which all oxygen was removed and through which a current of pure hydrogen flowed for two weeks.

When the box was opened, the threadworms, rotifers and microbes revived in fifteen minutes, while those that had merely been dried needed forty minutes.

When Abstinence Was a Novelty. Seventy years ago drinking was so common that, when a total abstainer applied to a London company for a life insurance policy, the board of directors held a special meeting to deal with the unprecedented case.

Progress is the activity of today and the assurance of tomorrow.—Emerson.

Thursday, June 15, 1916.

With political conventions and June weddings the paragraphs are having plenty of data to work on.

The elephant the Moose, can now return to their stables and chew the cud in peace. The donkey will join them in a day or so with plenty of kick left in him.

Peace, Preparedness and Prosperity, Wilson and Marshall. Prosperity, Preparedness and Peace, Hughes and Fairbanks. Both trains are on the same track and the collision will be this fall.

They say Carranza's government is tottering. If the darn thing would fall over and empty some of the vermin in the Gulf of Mexico 'would be a good spill.

Savannah can be relied upon all ways to pull off a convention, military event, or big celebration in gala style. Her first preparedness parade yesterday was a huge success. Her wonderful soldiery and civilians of men, women children were out in great numbers doing homage to the American flag. On the other side of her civic progress and administrative dealings she can be as backward, and downright stubborn as a Mississippi mule, and if you've ever seen a man trying to put a Mississippi mule on a Mississippi river steamer when a Mississippi mule didn't want to go, you'll readily understand how stubborn a Mississippi mule can be. We're referring to the city fathers holding up the Midland R. R. entry into their city over the banks of that old canal. Savannah would not be doing too much if they paid the Midland people for their work in coming in the city over that property and incidentally enhance the value of property contiguous, as well as probably improving the appearance of the territory and adding life and active interest to it.

The amount of money sent away from county towns to the mail order houses is largely the reason for much individual financial troubles of the small town citizen. He receives one of those voluminous catalogs setting forth the flowery offers and wonderful qualities. A perusal of the terms of sale invariably requires a cash payment to accompany the order and then the sale is nothing more than a consignment, for the contract protects the merchant until the bill is paid in full. Mr. Small town citizen doesn't realize that even before this mail order house will fill an order they investigate the financial as well as the character of each applicant for an order unless they are rated in Dun or Bradstreet. Finally if a purchase is made Mr. Citizen begins a system of weekly or monthly payments to this commercial octopus that does not contribute one penny to the up-build or progress of a community, and every cent that goes to these houses rightfully belongs to the home town merchant even though he does not have the goods desired, he should be given the business on special order.

COMPULSORY EDUCATION.

The interest which is being made manifest regarding compulsory education is growing in magnitude with an earnestness that bespeaks a better and improved condition soon to obtain in Georgia one of the foremost states in the Union in many worthy accomplishments, but sad to relate firmly in the clutch of illiteracy.

A very concise and valuable treatise on the social values of compulsory education has recently been compiled by Harold D. Meyer who was principal of the Statesboro Institute last year and which has been distributed to every legislator and statesman and many of the leading

newspapers throughout the state as well as prominent educators. Mr. Meyer has made a wide study of illiteracy conditions for the past year and is now enriched with a fund of knowledge on the subject which he is going to present before the legislature at the coming session.

Compulsory education a county-wide school taxes will do more to eliminate the unpardonable illiteracy that grips Georgia's citizenry than any movement that can ever be advanced and it is hoped that Prof. Meyer's appeal will be heeded by our state solons.

STICK TO YOUR STOCK.

That sentence should be the slogan of the Bulloch Packing Co. No better evidence of the realization of strength, agricultural resources and firm financial standing was ever shown than was done in the congregation of more than three hundred of the subscribers to the stock of the Bulloch Packing Co who came to attend the meeting and elect a permanent board of directors, receive the charter and transact such other business as became necessary. Every man at that meeting was chuck full of enthusiasm, faith and determination to make this enterprise change the present agricultural and commercial method of doing business in Bulloch county.

The resolution offered by Hon. Hinton Booth and adopted by a rising unanimous vote, calling upon every member to, in so far as possible and practicable, hold his stock until the enterprise shall have been placed on a profitable working basis was timely and pertinent. For any stockholder to become impatient, over not receiving dividends the first few months of the operation of this enterprise and dispose of his holdings at a sacrifice would be like a man knocking the pillars out from under his own house. Stick to your stock.

BUYING AT HOME.

The amount of money sent away from county towns to the mail order houses is largely the reason for much individual financial troubles of the small town citizen. He receives one of those voluminous catalogs setting forth the flowery offers and wonderful qualities. A perusal of the terms of sale invariably requires a cash payment to accompany the order and then the sale is nothing more than a consignment, for the contract protects the merchant until the bill is paid in full. Mr. Small town citizen doesn't realize that even before this mail order house will fill an order they investigate the financial as well as the character of each applicant for an order unless they are rated in Dun or Bradstreet. Finally if a purchase is made Mr. Citizen begins a system of weekly or monthly payments to this commercial octopus that does not contribute one penny to the up-build or progress of a community, and every cent that goes to these houses rightfully belongs to the home town merchant even though he does not have the goods desired, he should be given the business on special order.

If each citizen in a community would practice a loyalty in home trade he could and would be the greatest factor in placing his town on a substantial, independent, live and let live basis which in the end redounds to his own credit and profit and in many instances relieve him of much embarrassment. In our connection with the Board of Trade there is not

a week passes but that we receive requests from various houses in large cities inquiring about the personal standing of this or that citizen, with a blank form to fill in stating his employment, his average earning, etc., etc., and all of which is merely information desired on which to base judgment on accepting an order. Many of these large stores maintain a separate agency for this system of inquiry that is misleading in that at first reading one might infer that the information was wanted relative to a person seeking employment. There are tricks in all trades but the biggest trick played on the gulable small town citizen is the mail order trick the moral of which is discernible wherever it thrives.

CRISIS FOR ROADS IN THE MOVEMENT FOR HIGHER WAGES

Washington, D. C.—The railroads of the southeast are facing a critical situation in the proposed demands of the engineers, firemen, conductors and trainmen's Brotherhoods which has led to a nationwide effort to force the railroads of the country to grant further wage concessions, which would add millions of dollars to the payrolls of the railroads without any real gain to the public. The demands of the Brotherhoods are generally referred to as demands for an eight hour day and time and a half for overtime, but they are in reality for an eight hour day in the sense in which that term is commonly understood, the statement continues. "The employees are not asking that they be asked to work at the end of eight hours, as they realize that this is not practicable in road service, and the form in which the demands have been made clearly shows this.

More Pay For Overtime
 "Thus the language of their own proposed demands is that on runs of one hundred miles or less overtime will begin at the end of eight hours. This simply means that if a freight train requires, as it usually does, at least 10 hours to run 100 miles, the train and engine employees shall receive their pay for eight hours of work and shall receive time and a half for the two additional hours.

"There is not a line in the proposals concerning road service that in any way limits the number of hours the employees are to work, and their proposition simply resolves itself into fixing the period of which overtime begins to accrue and after which they shall receive time and a half instead of their regular hourly rate.

"A discussion of the proposed demands in the official journal of the Trainmen's organization, the following explanation of the demands is given by one of the vice-presidents of that Brotherhood:
 "There appears to be some difference of opinion as to what such a proposed move, therefore, it may be reasonable to say that there is quite a difference between an eight-hour workday and an eight-hour basic workday.
 "The first contemplates that eight hours shall be the maximum working time, and as a rule where the eight-hour workday obtains through contract relations between employer and employees, it is the constant endeavor to prevent working overtime except in cases of necessity. It appears that some of the men in the train service are of the opinion that this is the proposal of the organizations. However, this is not the case. The second, the eight-hour basic workday contemplates that eight hours shall be the basis for a day's work and any time in excess thereof shall be paid for as overtime, consequently under such a provision there is no limit to the hours worked. The latter system is the one proposed by the train service Brotherhoods and is in accord with the action taken by the delegates at the Eleventh Biennial Convention of the Brotherhood of Railroad Trainmen.
 "Same Work, More Money
 "The proposals of the employees, as really formulated and officially explained in the above citation imply mean that they shall be paid more money than at present for the same work they are now doing. The matter, therefore, resolves itself primarily into a question of wage and consequently of increased cost to the present conditions of work would mean an increase ranging from 12 to 40 per cent in cost, as the roads would be compelled in most cases to continue the present hours of operations since chances to escape the payment of overtime would cause a higher percentage of increase than the figures already given.

Miss Ruth Berry, of Ashburn, is the guest of Miss Mamie Sou Thrasher.

Misses Bertha and Nannie Bassett, of Ft. Valley, will arrive today to be the guest of Miss Mary Beth Smith.

Miss Willie Lee Olliff has as her guests Misses Helen Dennis, Lenore Baumgardner and Gladys Duke of Sandersville.

Miss Estelle Lester left Thursday for Nashville where she will attend the summer school at Peabody.

Mrs. W. H. Howard and children spent several days with her parents, Mr. and Mrs. J. R. Johnston, at Garfield, this week.

Mrs. J. C. Lane has returned from Rome where she went to attend the Eastern Star Convention. She was elected Grand Organist of the state.

Miss Inez Williams gave an automobile ride Monday afternoon for her Sunday School class. Delightful refreshments were served them at the Utopia.

Miss Janie Beasley has returned home from Sandersville, where she has been at the head of the music department in the high school there.

Master Frank Hunt and Joe Klapp are spending the summer with their aunts, Mrs. Langley and Mrs. Seekinger, at Gainesville.

Miss Mary Ella Gibson, of Apalachicola, Fla., and Miss Lamar Coleman of Bainbridge, are the guests of Mrs. J. P. Williams. The young ladies were bridesmaids at the Outland-Jones wedding.

Miss Rosa Woodberry, of Atlanta, and Misses Mildred and Eleanor Edmondson, of Goldsboro, N. C. are the guests of Mr. J. P. Williams.

Mrs. Hays McMath entertained on Tuesday afternoon with a beautifully arranged party at "Groves Park." The tables were placed among a profusion of black-eyed susans and pot plants while Iook was played. Mrs. W. Williams assisted the dairy hostess in entertaining. Invited were the members of the North Side Club including Miss Kathleen McCroan, Ruth Parrish, Eima Wimberly Lucy Bitch, Mary Beth Smith, Annie Olliff, Mattie Fletcher, Uma Olliff, Lena Belle Smith, Ouida Brannen, Nan Simmons, Anna Coas, Julia Carmichael, Cora Bitch, and Mrs. Balfour.

"Boys Mill" grounds were resplendent with much gaiety Monday night when the young ladies of the North Side Club complimented the young men with a moonlight party. The young ladies carried their guests out in automobiles. A bounteous supper was spread before returning to the city. Those present were Mr. and Mrs. W. E. McDougald, Mr. and Mrs. McMath, Misses Lucy Bitch, Lena Belle Smith, Mary Beth Smith, Annie Olliff, Julia Carmichael, Ema Wimberly, Ruth Parrish, Kathleen McCroan, Messrs. Melvin E. Groover, A. H. Strickland, E. Foy, C. Moore, J. O. Johnston, W. Johnson, W. Brown, J. Bitch, R. H. Kingery, C. Donaldson, F. Lester, Outland McDougald, and Rupert Ruckley.

Miss Hyacinth Fordham left Thursday for Goldsboro, N. C. where she will remain for the summer visiting relatives and friends.

Miss Annie Brooks Grimes delightfully entertained with a "prom" party Monday evening in honor of her cousin, Miss Ivalyn Alter, of Thomaston. All during the evening punch was served by Miss Virginia Grimes. After several hours spent in progressive conversation delicious ice cream was served. Those present were Edith Mae Kennedy, Camilla Akin, Emma Lee Alderman, Willie Lee Olliff, Helen Dennis, Lenora Baumgardner, Gladys Durkes, Mildred Donaldson, Ollie Donaldson, Joe Zetterover, Sibyl Williams, Mamie Sue Thrasher, Sarah Thrasher, Paul Thrasher, Ruby Perry, Waldo Floyd, Eliza Beth Bitch, Lila Bitch, Albert Quattlebaum, Wildred Donaldson, Mary Lee DeLoach, Lester Dekle, Shanton Paschal, Nellie Smith, Louise Foy, J. P. Foy, Morgan Arden, George Parrish, Logan DeLoach, Beverly Moore, Annie Laurie Turner, William Outland, Lucie Parrish, John F. Brannen, Marie Bowen, Jessie McDougald, Hannis Quattlebaum, Robert Carruthers, Harry Cone, Fred Cone, Frank Simmons, Clara Lech DeLoach, Pearl Simmons.

Misses Anne Johnston and Bess Lee delightfully entertained at a miscellaneous shower on Friday afternoon in honor of Miss Nan Edith Outland, a bride of this week. The spacious hall, library, living room and dining room where the guests assembled was beautifully decorated in pot plants and yellow and white daisies—yellow and white being the color scheme. In one corner of the dining room banked with yellow and white daisies stood pretty Misses Bell and Hazel Johnston who presided over the punch bowl and served punch and sandwiches to each guest as they entered. The feature of the afternoon was the advice to the bride written by each guest. The prize to the best advice was won by Miss Mary Beth Smith. Then each guest made a sachet bag for the bride. After this came the exciting part of the afternoon when Misses Johnston and Lee brought in the heavily loaded clothes basket, covered with yellow and showered with yellow daisies, with gifts, which, as Miss Outland opened each package, pinned them on a yellow and white line which had been stretched from one side of the hall to the other. The bride elect was charming in grey tulle with gloves and shoes to match, and her hat was white tulle trimmed in pink and blue ruses, m line and ribbon. Miss Johnston wore a white and yellow vail dress trimmed with bands of yellow ribbon. Miss Lee's gown was of white net trimmed in bands of green ribbon. Cream in the shape of hearts was in yellow and white and cake in the shape of a slipper was served. Those present were Misses Annabelle and Pearl Holland, Agnes and Willihelle Parker, Gussie Lee, Roberta Hunter, Ruth Lester, Anna Hughes, Neta Belle Coleman, Nellie and Mary Lee Jones, Irene Arden, Mary Ella Gibson, of Apalachicola, Fla., Mary Beth Smith, Annie Olliff, Ruth Parrish, Kathleen McCroan, Lucy Bitch, Nan Simmons, Lena Belle Smith, Uma Olliff, Ema Wimberly, Mesdames Neta Keowan, Jim Moore Leffler DeLoach, Jim Horn, of Jacksonville, Fla., W. R. Outland and G. S. Johnston.

Outland-Jones

A brilliant and interesting wedding of Wednesday was that of Miss Nan Edith Outland to Mr. Basil B. Jones of Jacksonville, Fla. The marriage took place in the Methodist Episcopal Church which was decorated with palms and flowers in a most effective and beautiful manner.

The bride entered with her father, Mr. W. R. Outland, preceded by her sister, Miss Belle Outland, as maid of honor, who was beautifully gowned in white net and satin, and carried a bouquet of pink roses. Eight bridesmaids attended Miss Outland, the Misses Edith Taylor of Atlanta, Lamar Coleman of Bainbridge, Mary Ella Gibson of Apalachicola Fla., Willihelle Parker, Anne Johnston, Bess Lee, Ruth Lester and Neta Belle Coleman all gowned in white organza, wearing large picture hats trimmed with white daisies with yellow centers and carrying shower bouquets of white daisies tied with green ribbon.

The ushers, Carroll Moore, Carl Holland, Rupert Ruckley and Remer Brady. The bride groom with his best man, Mr. Herbert Kennedy met the bride at the altar where the ceremony was performed by the Rev. J. B. Thrasher.

The wedding music was artistically rendered by Mrs. Jim Moore who played the bridal chorus from Lohengrin for the professional and the Mendelssohn Wedding March for the recreational. During the prelude songs were rendered delightfully by Miss Roberta Hunter singing "My Dear" and Miss Mildred Edmondson of Goldsboro, N. C., singing "Until."

The bride who is a very popular member of the young social set, was dainty and charming in her bridal gown of white voile and lace, and carrying a shower bouquet of bride roses and valley lilies. Her going-away gown of a chic blue tulle suit with hat and accessories to match.

The groom is a son of Mr. and Mrs. J. G. Jones of Statesboro; and a prosperous young business man of Jacksonville, Fla.

A large reception was given by Mr. and Mrs. W. R. Outland Tuesday night at the home of the bride for the members of the bridal party, the family and friends. The many wedding presents of the young couple were displayed in a large room of the home and included numerous beautiful and costly gifts of many kinds cut glass, silver and china, forming a rich array.

After the ceremony Mr. Jones and his bride left for points south returning to make their home in Jacksonville, Fla.

FAREWELL ADMONITION
 To Seniors B. H. S.
 Dear Seniors of the B. H. S.,
 Tonight we part forever.
 Our work together has been the best and I hate for you to sever.
 But fate, it seems, has thus decreed that we must say farewell, Oh may your future be happy indeed. Remember how Adam fell.
 Be true to yourselves and fellowmen.
 Do noble things that tell,
 Escape the snares of pride and sin
 And in peace and harmony dwell.
 I pray that God may open your eyes
 And show what He has in store
 For those who work to win the prize
 And always ask for more.
 The race isn't always to the swift,
 But to him who works in persistence
 Who tries the true form, the false to lift
 And who doesn't require much assistance
 Now in conclusion I wish to say
 I bid you a kind farewell,
 I hope to meet you another day
 In a place where hearts don't swell.
 Dear class should we here on this earth meet no more
 E're our bodies are decayed beneath the sod,
 May the hand of mercy guide us safely to that shore,
 Where we will meet face to face with our God.
 —W. D. MATHIS

BACKACHE IS DISCOURAGING

But Not So Bad If You Know How to Reach the Cause

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift, it's hard to work or to rest. Backache often indicates bad kidneys. Statesboro people read Doan's Kidney Pills. Read this case:

Daniel R. Rigdon, 44 Bulloch St., Statesboro, says: "Whenever I feel in need of kidney medicine, I use Doan's Kidney Pills and they never fail to remove the aches and pains in my back. At times while at work, I have to do a great deal of stooping and lifting and this is hard to do with a lame and aching back. Doan's Kidney Pills always strengthen my back and fix me up all right."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rigdon recommends. Foster-McBride Co., Props., Buffalo, N. Y.—(Adv.)

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up with out a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try this.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs.

FOOLING THE BATTER.

Tactics and Tricks Used by the Big League Pitchers.

In the Woman's Home Companion is an article on pitching baseball curves by C. H. Clardy. In it he says: "Few big league pitchers depend on many varieties of curve to fool the batter."

"With three balls and two strikes almost any major league batter is inclined to believe that the next pitch will be a fast one splitting the plate."

"The essence of any fooling delivery, then, is its unexpectedness. To make use of this feature control of the timing of delivery is necessary."

"And the easiest curve to control is the curve which is pitched most naturally."

"That is why the big league pitcher doesn't try to master the curves of every other pitcher, but sticks to those he can do best. The greatest pitcher of the game won fame for his 'fade-away' ball that withers and dies at the plate after starting like a cannon ball."

Cheap Paints Cost Too Much!

When you paint, use good paint. Cheap paints don't cost enough to be good. The materials that make good paint are as standard in value as gold.

There is so much misrepresentation in paints—so much chance to mix materials of inferior quality into so-called "good paint"—that there is just one safe way to buy paint: See that the name of a responsible manufacturer is on the can.

The Maker and We, Too, Guarantee You Complete Satisfaction in Lucas Paints

They're made as good as paints can be made. The materials used are proved not only pure, but up to the standard, by most rigid tests.

Lucas Paints never vary in quality or color. They always make good—always outlast any other paint you can buy—always are the most economical in the end.

Items Concerning the County Schools

By B. R. OLLIFF, Super.

Did you have a good school last term? Was your teacher what you think she or he should have been? Did you do all you could to help the school be a success?

Who shall your teacher be next term? Now this is the one great question that must concern you for the next several weeks—Who will be my teacher? What can that teacher do? What will I have to do to help my teacher make a success of her work.

Let us try to get teachers who will do some actual teaching as well as hearing children recite. We should demand that the teachers do some actual teaching, give demonstrations, put solutions on the boards and have the children do their problems on the board instead of the "hand in" method that is getting to be too popular for the amount of good it accomplishes.

Who will be your teacher for the next term? Let us begin to plan to settle this question right soon.

The citizens of Bulloch county are going to vote for or against local taxation for school purposes pretty soon.

Are you in favor of better education for the children of Bulloch? Are you in favor of putting Bulloch first in the matter of rural education? If you are, begin to advocate the county-wide tax for school and building purposes. It will be given a test before many months. Let us not fail to carry this tax.

Quite a number of teachers will be away in attendance of the several summer schools this summer. Several have already gone. Our teachers are trying to keep abreast with the times by keeping in touch with all the latest methods in teaching.

Why not buy a few good books for your children to read during the long vacation period? They are going to read something and it would be a wise idea to direct the reading your children do. Get them good books and have them read them as well as having them use the old books they have used this term in the school room.

There will be many hours of leisure that could be put to good account, if the children are urged to do some study during vacation time. Let us do this this year.

Keep an eye on the citizens of the Tyson Grove school district. Something good to be done there will make other communities get jealous. Some sections boast that they are going to stay ahead of anything in the county in the way of school houses and school equipment. When the Tyson Grove school is remodelled and the new rooms added, it may be the best in the county. Let us watch. You know those people are able and willing to do things, and THEY WILL.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat and not drinking enough water. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, by moving all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The uric acid is cloudy, full of sediment, channels of the body are clogged and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jael Salts; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cure and stimulate sluggish kidneys; also to neutralize acids in the urine so it no longer irritates, thus ending bladder troubles.

Jael Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure your stomach, is delicious, effective lithia-water drink.

HICCHESTER'S PILLS THE DIAMOND BRAND. This is the best medicine for biliousness, headache, indigestion, constipation, etc. It is sold by druggists everywhere.

BEST FOR BILIOUS HEADACHES. Indigestion quickly develops sick headache, biliousness, bloating, sour stomach, gas on stomach, bad breath or some of the other conditions caused by clogged or irregular bowels.

If you have any of these symptoms, take a Foley Cathartic Tablet this evening and you will feel better in the morning. W. B. Vandigrift, Smyrna, Ga., says: "We find Foley's Cathartic Tablets the best we have ever used for bilious headaches and I am praising them up to all my friends." Bulloch Drug Co.—(Adv.)

RECIPE FOR GRAY HAIR. To half pint of water add 1 oz. Bay Rum, a small box of Barbo's Compound, and 1/2 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up for you in each box at home at very little cost.

Full directions for making and use come with each box of Barbo's Compound. It will gradually darken streaked, faded gray hair, and remove dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

GENERAL P. W. MELDRIM

To Speak In Statesboro June 24th

The friends of General Peter W. Meldrim, candidate for congress from the first district, will speak in Statesboro Saturday June 24. It is more than likely that a very large crowd will be in attendance to hear General Meldrim since it will be the first political speech of the present congressional campaign and introduction of General Meldrim who is a stranger to many and yet he numbers his friends and acquaintances by the score. General Meldrim has been meeting with genuine encouragement throughout the district in so far as he has spoken and met the people personally, and in several places they have sought the second appearance when his rallies have been planned. On July 4th at Indianola Springs a tremendous rally and real old time patriotic celebration is being arranged for in honor of General Meldrim who will be the principal speaker. An earnest announcement has been made that General Meldrim would speak in Statesboro this week, Saturday, but it is wrong. So far his only appearance in Statesboro will be June 24th next week, Saturday.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors do little, if any good. To correct catarrh you should treat its cause by enriching your blood with the oil-fool in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it. Scott & Bower, Bloomfield, N. J.

THE AMUSU PRESENTS

Mary Pickford, Supreme Favorite of the Screen, Irresistible in "The Dawn of a Tomorrow."

In the role of the waif of the London slums, in "The Dawn of a Tomorrow," the great dramatic success by Frances Hodgson Burnett, and the five-part photo-adaptation of which will be at the Amusu Saturday night. Mary Pickford, the foremost exponent of the screen, literally is irresistible. Her role and characterization dominate the play and give to this celebrated subject a vitality and appeal which even its inherent strength would not possess without her. This latest production of the Famous Players Film Co. on the Paramount Program will do much to advance its artistic standard and the immense and almost immeasurable popularity of Mary Pickford.

Miss Pickford is particularly well adapted to the part of the unkempt but quick-witted, clear-minded and pure-hearted London waif known as "Glad." With a wealth of opportunity constantly at her command, throughout the entire characterization, the little star makes an impression that will linger as long in the memory as her immortal portrayal as "Tess of the Storm Country."

Although "Little Mary" is the center of all interest in the production, and the plot and its development evolve about her, she is exceptionally supported by a sterling cast, including David Powell, Forrest Robinson, Robert Cain, Margaret Seddon and Blanche Craig.

President of Life Insurance Company

Makes Plea for Commercial Preparedness Atlanta, Ga., June 22.—The importance of financial, industrial and commercial preparedness was urged by Wilmer L. Moore, of Atlanta, president of the Southern States Life Insurance Company, in a speech before the Huntsville (Ala.) Chamber of Commerce and which has been highly praised by the newspapers throughout the country.

Mr. Moore urged a general line of education in behalf of thrift and frugality. He pointed out that thrift is not penuriousness, but a knowledge of the right way to spend. He argued that the south needs money in such volume and at such cost as will make possible the large use of the real estate loan, which he termed "The Master Builder."

Mr. Moore depreciated the inability of the people of the south to fully take advantage of its wonderful resources. This is due, he pointed out to a lack of money for constructing and development work and the lack of money is a result of the absence of frugal habits and practice of the citizens as a whole.

The Nelms' \$1,000 Fee Still A Dorsey Subject

Atlanta, Ga., June 22.—The fee of \$1,000 paid by Mrs. John W. Nelms to Solicitor Hugh M. Dorsey of Fulton Superior Court, as compensation for his services in extraditing Victor E. Enneis and his wife from Texas to Fulton county for trial in connection with the mysterious disappearance of Mrs. Nelms' two daughters, continues to be the subject of comment among lawyers and politicians among the Solicitors candidacy for governor.

The real question about this affair is, did Dorsey accept the \$1,000 fee from Mrs. Nelms? He did, and he does not deny it. The Supreme Court says that a solicitor-general can have only the state for a client. Therefore Hugh Dorsey, under the constitution of the state of Georgia, is in a very awkward position with reference to this matter.

A Macon Greek who signs himself by the name of "N. Christophilous" has sent to the Dalton Citizen, of Dalton, Ga. a copy of a letter he wrote to the Dalton Telegram in defense of Solicitor Dorsey, and the Citizen has complied with this demand that it publish the same.

But in so doing the Citizen demands that "Christophilous" tell the public who wrote this card, and calls upon him for information as to where he got his profound knowledge of the law.

The Citizen then proceeds to pay its respects to the gubernatorial aspirations of Solicitor Dorsey by denouncing him as "a mob-inciter", on the ground that his newspaper interviews following the commutation of the sentence of Leo, M. Frank were calculated "to inflame the public mind and encourage the mob."

Real Drama to Come Back

Atlanta, Ga., June 22.—Home George, manager of the Atlanta theatre, whom everybody knows and likes, is back from a trip to New York Southern and Georgians particularly, will be interested in the predictions of Mr. George for a brilliant theatrical season. Greater interest is being shown in theatricals than in several years, according to Mr. George, and it is generally believed around New York that "the spoken drama," which picture shows have crowded off the map, will have a real "come-back" this fall and winter.

"There seems to be a general feeling among the theatrical people that next season will be the best in years," said Mr. George. "I talked with many producers and they are making plans for more and bigger shows than at any time in some years. New York now holds more big hits than at any time in my experience and the managers believe that the people all over America will want to see the big shows this fall. At any rate, the bookings are more promising than in five years, which is saying much."

Legislature Convenes Next Week

Much Unfinished Business to Be Cleared Up.

Atlanta, Ga., June 22.—On next Wednesday, June 28, the general assembly of Georgia will convene in the state capitol for its 19th session of the usual 50 legislative days, the latter being fixed by the constitution as the maximum length of a regular session.

Owing to the fact that practically all business in the house was blocked last year at the regular session by the fight involving the new prohibition laws, there is a very large accumulation of bills to be disposed of under the head of unfinished business.

Among these bills of general state-wide interest and importance are the bills creating a highway commission, creating the office of state auditor, providing for free text books in the schools, establishing a state cotton warehouse system, exempting college endowments from taxation, allowing women to practice law, allowing women to vote, requiring compulsory education, and providing for a state constitutional convention.

One of the most important matters that will confront the legislature is the urgent necessity for reorganizing the state sanitarium for the insane at Milledgeville. This institution, which is primarily intended for the treatment of persons who lost their mind, is very much overcrowded by epileptics, paralytics and other unfortunate who are deserving of great sympathy, but are not insane, and whose presence at the sanitarium reduces the capacity of that institution for performing its primary functions.

The sanitarium is also greatly over-crowded, and several new buildings must be erected in order to provide the right sort of treatment for the inmates.

The senate's unfinished business is much smaller in volume than that of the house by reason of the fact that the senate made an exceptionally good record at the regular session last year in the matter of prompt transaction of the bills and resolutions introduced.

Georgia Biggest Noise

At Democratic Convention in St. Louis Last Week

Atlanta, Ga., June 22.—Georgia had the biggest voice in the National Democratic Convention, which met at St. Louis last week. It did not come from anyone delegate or the combined delegation from Georgia; in fact, it was stronger than several delegations. "The Man With the Voice" was Devereaux F. McClatchey, of Atlanta, who served as reading clerk.

This long-legged, leather-lunged, brass-throated Georgian, as is known, has been a star performer in the Georgia legislature for several years. He is now clerk of the Georgia State Senate. He is vouched for by all who have heard him in action as the possessor of the strongest voice east of the Rocky Mountains.

There is said to be a man who lives the life of a recluse somewhere in Yellowstone Park who amuses himself every morning and evening by going out in the valley in front of his cabin and shouting so loud that he shakes off the tops of a few crags and thereby launches a landslide.

But the Rocky Mountain wonder has never strayed away from his native haunts, and consequently is not a competitor of the Georgia fog horn who was selected to keep the Democratic delegates informed as to what transpired on the St. Louis rostrum.

Devereaux McClatchey can read all day long and finish stronger than he was at the start, and then if he's given a real juicy steak and a brief rest spell he can read for the balance of the evening, and still get stronger and stronger.

His voice is like a tug boat whistle. It starts deep and boomy, and the further it gets the louder and clearer it booms, so that no person, no matter how large the convention hall and no matter how remote the persons seat from the rostrum, can fail to catch every syllable—unless he happens to be stone dead.

BANK EMPLOYEES Urged to Attend Military Training Camp

Atlanta, Ga., June 22.—Captain James W. English, president of the Fourth National Bank, has notified employees of that institution that any who desire to attend the southern military training camp at Ft. Oglethorpe this summer may do so on full pay.

Captain English is a staunch believer in military training as a means of fitting a young man for business as well as enabling him to be of service to his country should he be needed.

Captain English said he attributes his health at seventy-nine years of age to the four years he spent under Lee in the Civil War, more than fifty years ago.

What is an Editor? The editor is the man upon whom we rely to preserve the standard of literature. Without editors, orthography, etymology, syntax and punctuation would soon fail. The beauty about editors is that they are independent and unemphatic. They yield nothing to the rabble for the sake of profits. If they print bold and thunder stories, nasty love tales and platitudinous essays, it is not to make money, but merely because they know that if the public doesn't get this kind of reading it will find worse mischief elsewhere.—Life

Gathering Dates. Dates grow at the top of such tall, slender trees that in order to gather them men have to swing themselves up the trunk by degrees by means of a rope, one end of which they fasten around their bodies, while they loop the other end so that it will catch on to the notches in the trunk of the tree.—London Telegraph

Judge W. E. Thomas Valdosta, Ga.

Candidate for Congress from the Eleventh District

Atlanta, Ga., June 22.—Judge W. E. Thomas of Valdosta will not pay his accustomed visit to Fulton county to preside over various divisions of the Fulton Superior court while the regular judges are on vacation.

Judge Thomas is now engaged in a race for congress in the eleventh district, and will give this matter his entire time and attention. He has recently opened headquarters and launched an active campaign that will take him into every county in the district.

10,000 VISITORS Expected in Savannah Eagles Convention

Savannah, Ga., June 22.—(Special)—Conservative estimates place the numbers of visitors in Savannah for the meeting of the Grand Aerie, Fraternal Order of Eagles August 14-19 at 10,000. Many persons in close touch with the affairs of the Fraternity, declare that there will be at least 15,000 visitors here.

The convention will be one of the most important of the Fraternity and one of the most successful. Changes in laws made by the last Grand Aerie have been in effect one year and it is expected the reports of Grand Aerie Officers will deal with the results, which are said to be very gratifying.

These reports will show that the Fraternity has made satisfactory progress along all lines.

The climax of the convention will be reached Thursday, August 17, when a grand parade will take place. More than 100 teams, marching clubs and other units will be in the parade, and it is expected that preparedness will be a feature, as Aeries have entered energetically into every demonstration for preparedness. Practically everyone of the 1,000 members of Savannah Aerie will march.

General Chairman Wm. V. Davis, of the Citizens Committee, has been practically assured that a flotilla of torpedo boats, submarines and probably a cruiser or two will be sent here. It is expected that sailors and marines from ships, and troops from Ft. Screven and other places will take part in the parade. Most of the larger Aeries will send drum corps and bands with bright uniforms will add to the brilliancy of the procession.

Arrangements to take care of the vast number of visitors are being rapidly completed. Thousands of persons will come from the surrounding territory to witness events on the program and take part in the carnival at night.

Montmorency, can your fiancée cook? "No, mother, but she can paint beautifully on china. She can paint the most natural grapes and peaches you ever saw."
