Society Out of Town

BROOKLET

Mr. Cecil Waters and sister, Miss Lucy, have returned home after spending several days in Atlanta.

Miss Eva Belle Dorris delightedly entertained the younger set of boys and girls at her home last Friday evening.

Cards are out announcing the approaching marriage of Mr. Fred Hodges of Halcynandale and Miss Amy Williams of Eatonton. Mr. Hodges and Miss Williams are well known in Brooklet and their announcement was read with interest here.

Among the Savannah visitors this week from Brooklet are Mr. and Mrs. C. S. Cromley, Mrs. A. J. Lee, Mr. N. J. Wilson, Miss Stella Wilson and Mrs. B. C. Warnock.

Mrs. W. S. Saffold is visiting relatives in Savannah this week.

Mr. R. H. Warnock went to Savannah last Tuesday to get his new car.

The play, "Dot, the Miner's Daughter," will be given by the Brooklet Dramatic Club Friday evening, November 3rd. The proceeds will be used for painting and kalamining the interior of the school building.

The cast of characters is as follows:

David Mason.....A Farmer
Herbert Mason.....David's Wife
Mrs. Mason.....David's Son from College
George Clifton, returned Californian
Lewis Wynn
Mrs. Clifton's Deserter
Winnifred Clifton.....Mrs. Clifton's Daughter
DOT.....The Miner's Daughter
Brewster.....Police Officer
Frank Hughes
Arthur Floyd.....A Villain
Bill Torry.....A Boatman and a Friend to Floyd
Ebonny.....A Colored Individual

Mr. Willie Hodges and Miss Donie Brannen attended the sing at Upper Creek last Sunday and reported a very fine time.

ROUTE SEVEN

Mrs. S. W. Newton of Pineora was the guest of her sister, Miss Mattie Perkins, last Friday night.

Miss Eddie Porter and Miss Inez Quattlebaum spent last week in Savannah.

Mr. Otis McCorkle is at home now. Mr. J. C. Quattlebaum spent last Saturday in Statesboro.

Rev. T. H. Tinsley made a business trip to town one day last week.

How Catarrh is Contracted

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

NEWS FROM THE F. D. A. S.

The students are enjoying the bracing fall weather, and this is a time of great activity. The literary societies are well organized and are making out programs for the fall term. The joint meeting held recently was pronounced a great success, for an excellent program was rendered. The subject debated was "Resolved: that Congress was right in passing the Adamson Eight Hour Bill." The negative won. The Oglethorpe Society held an interesting meeting on Monday evening.

On next Saturday evening there will be a Halloween party. The seniors will have charge of the entertainment, and we are looking forward to a good time. Each student pays fifteen cents to the Committee on Refreshments.

Mr. Thrasher paid a visit last week and he is always a welcome guest. His talks to us are so helpful.

ATHLETICS

On October 30th we will play Louisville in Louisville; on the 6th of November we will play Lyons High in Statesboro, and on the 11th we will play Benedict College.

FARM NOTES

The seed cotton from Toole's Profit has been selected and ginned. We have been selecting seed corn from Whaley's Profit and Newton's Corn.

We are preparing to sow Fulghum and Apple oats. We are sowing Abuzzi and Georgia rye. The pea vine hay has been baled and housed.

The dipping vat has been in pretty constant use the last week. Many Bulloch county farmers having used it.

The chicken yard has been raided often in the last two weeks by possums. One large one has been caught.

CLITO

Mr. Jones Quattlebaum and family of Cornor were among friends and relatives Sunday.

Mr. and Mrs. Ira Perkins spent last Sunday with Mrs. Perkins' parents, Mr. and Mrs. C. H. Harrington. Mrs. S. H. Manes spent last Friday with her father, Mr. Isaac Lindsey. Miss Sate Lindsey is spending a few days with Mrs. C. F. Lindsey. Mr. Jean Lindsey is spending some time with his friends and relatives.

NO MORE BACKACHE FOR HER
Mrs. J. M. Gaskill, Etta Green, Ind., writes: "I suffered from severe backache, and sharp pains shooting through my back until I could not stoop over and get up without aid. Urinary trouble seemed to be the cause of it all. A single box of Foley Kidney Pills gave me such relief that I cannot praise them too highly." This standard remedy for kidney and bladder ailments can be taken with safety for backache, swollen ankles, and rheumatic pains. For sale by the Bulloch Drug Co.

Amazingly Comfortable

They like its power—it's the world's most powerful low priced car.

Everybody concedes its beauty.

It wins on economy.

But its roomy seats, deep upholstery and easy riding cantilever springs—

These things make it so amazingly comfortable that people can hardly believe their senses.

You wouldn't think that a small, light, economical, low priced car could be so comfortable.

But come in and let us prove it to you.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up the air passages through every part of the head, soothes the inflamed or swollen mucus membrane and relief comes instantly.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every part of the head, soothes the inflamed or swollen mucus membrane and relief comes instantly.

It's just fine. Don't stay stuffy with a cold or nasty catarrh.

Prince Albert gives smokers such delight, because

- its flavor is so different and so delightfully good;
- it can't bite your tongue;
- it can't parch your throat;
- you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read:

"PROCESS PATENTED JULY 30th, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT
the national joy smoke

YOU'LL find a cherry cigarette on top of each of the packs of Prince Albert. It's the only cigarette that has a cherry taste. It's the only cigarette that has a cherry taste. It's the only cigarette that has a cherry taste.

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

RESTA GETS A MORTGAGE

ON \$10,000 GOODRICH PRIZE

His Silverton Peugeot Wins Hood to Hood Duel at Chicago Grand American

Chicago, October 14.—(Special) Dario Resta, in his Silverton-tired Peugeot beat of speed sorted horse to his eighth consecutive victory on the Chicago Speedway Saturday, after noosing out Johnny Aitken forty miles from the 250 mile finish line, and outlasting the field of 15 starters.

Hood to hood the two Mercurians thrashed and made the race one of the most interesting ever witnessed. Resta's victorious time of 103.9 miles per hour, owing to the Chicago track being slower, would have set a new world's record, had the event been on the Sheepshead Bay track, it was stated. His time, however, for this race breaks all records for the Chicago Speedway.

Silvertons on Most Cars
Resta, two laps after Aitken had stopped for a tire change, evened his race again by slowing down for a change himself. Most of the ten cars finishing were Silverton-tired. Resta's dependence on the Goodrich cords netted him \$6,000 for first place and jumped his A. A. standing to the top of the list.

Goodrich 1916 Racing Championship prize to 3200 points against Aitken's 2800. Resta's 2210 and the Palma's 1780, giving the speedy Italian pilot what amounts to a first mortgage on the golden plum.

Resta's early wins in a trial package containing Foley's Honey and Tar Compound, for bronchial coughs, colds and croup; Foley's Kidney Pills for lame back, weak kidneys, rheumatism, bladder troubles, and Foley's Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headache and sluggish bowels. For sale by Bulloch Drug Co.

NOVEL FARM DEMONSTRATION

SELLS OVERLAND MODEL 75-B

Here is an unusual demonstration of the new Overland Model 75-B which resulted in the sale of a car.

As a rule when a prospect is interested in a certain make of car, he likes to try out the car, by a ride or two, basing his decision on the action of the car on the road.

But this sale was recorded somewhat differently. The Overland and Willys-Knight dealer called upon a prospect who lived 45 miles away. On reaching his farm he found the farmer busy cutting corn and fodder for his silo.

The farmer absolutely refused to talk car.

After watching the farmer and his hands at work for a while the Overland dealer suggested a novel demonstration, to wit, the farmer at length consented.

The cutter and feeder were hooked to the rear wheels of the Model 75-B which was jacked up and placed on stumps. The corn and fodder were cut and transferred to the silo for five hours, without a skip or miss of any kind.

Need we say that the demonstration was enough to sell this car.

I Have Now Thrown My Crutches Aside Says Mrs. Bishop

Mother of Nine Children Suffered for Twenty-Two Years—Was Badly Crippled with Rheumatism.

"When a medicine gets you over your troubles you've had for twenty-two years and takes you off of your crutches, there's nothing in the world too good to say about it, and that's what Tanlac has done for me, and I certainly ought to be willing to testify to the truth and let everybody know about it."

This unusual statement was made by Mrs. N. A. Bishop, of Roswell, Ga., who is the mother of nine children, and has a great many friends and acquaintances in that section. Mrs. Bishop was talking to Mr. R. S. McDermott, of the G. T. Lyon Drug Co., of that place, who had heard of this remarkable case and driven five miles out in the country to the Bishop home to investigate the report.

"Yes," continued Mrs. Bishop, "I've been a cripple with rheumatism for a long time and for three years I've been using crutches and hadn't been able to do anything about the house for a good many years back. That's the plain fact and my folks and all the neighbors know of my helpless condition, and will tell you the same thing any time you ask me."

"I would have severe pains in the hips and small of my back even when I wasn't trying to get about, and besides that, I was not in a very good general condition. It may have started because I couldn't get about and take exercise, but I lost my appetite and things didn't taste good no more with me after I had eaten. I was contented a good deal, too."

"I saw where Tanlac was helping a great many people and I thought maybe it would make me feel a little better even if it failed to help my pains; but I am happy to say it has done a hundred times more than I expected, for I have laid aside the old crutches and am now actually doing all my house work."

"I have taken five bottles and can walk anywhere I want to without crutches, and my rheumatism pains have left me. My appetite is good and I can eat anything I want without it bothering me in the least, and I believe if I continue to take it a while longer it will make me entirely well for good and all."

"I want everybody to know about this great medicine for it certainly is wonderful—my case ought to prove that to anybody. I want to tell you that has such troubles to get it and stop wasting their money on quack medicines."

Tanlac is sold by leading druggists in all principal towns of the south. Tanlac is sold exclusively in Statesboro by W. H. Ellis Co., and in Meridian by Franklin Drug Co., in Brooklet by H. G. Parrish and C. G. Wolfe Co., in Siltan, Ga., by R. F. D. No. 1 Family Pharmacy, Pembroke, Ga., Warnock's Drug Store, Register, Ga., Pineson Drug Co., Pineson, Ga., Lanier Drug Co., Lanier, Ga.

GUS SCHULTZ BURNED OUT

House Owned by E. A. Smith. A six-room dwelling house owned by E. A. Smith, and occupied by Gus Schultz, the candy kitchen man at 16 Jones street, was destroyed by fire Monday about 1:15 p. m. Neighbors discovered the building in flames before the family knew of it. The home was totally destroyed together with the household contents upon which there was no insurance. The owner, however, carried \$600 on the building. Property adjoining caught fire but was extinguished with but slight damage.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body, and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building food; never alcohol or any harmful stimulants. Scott's Emulsion, N. Y. C.

A Saving Man. If the fame of all great men were sung one member of our community would be known far beyond the circle of family and friends. We believe that in one regard he has few equals. Give him something to save for, something not too far off and not too vague, and he will keep the money in his pockets until it is black with pocket wear.

He has saved money for several yards of finely bound books, one or two volumes of which he has actually read. He has saved money with which to join secret orders and uniforms thereof. By frugal attention to pennies and nickels, saving an expense here, making a rigid self denial there, he has saved the price of an automobile. In March he begins to save for vacation, and about August he begins saving for Christmas.

But our friend cannot save for a rainy day. He cannot save for investment. There has never been a serious thought in his mind about old age, impairment of working and earning powers, sickness and unemployment.—Toledo Blade

During a Thunderstorm. Do not use the telephone. The telephone wires may receive a heavy electric shock.

Keep away from stoves, radiators and the like. They are large metallic masses, likely to become heavily charged with electricity.

Avoid screen doors or other metallic bodies connecting with the exterior of the building. Keep away from chimneys and open screened windows.

Out of doors the most dangerous places are under isolated trees and near wire fences in open fields. Small sheds and other shelters are dangerous if isolated from larger buildings.

Stick timber is undoubtedly the safest place to seek out of doors, since a single tree in a forest is not so likely to receive a stroke as a single person or an object in an open place of equal area.—Country Gentleman.

He Who Shirks His Work. The man who shirks his work, who treats the service of labor with indifference, who sacrifices his efficiency on the altar of self indulgence, loses on his job and plans to see how little he can do and not be caught, is to be the most pitiful man on the face of the earth.

He thinks he is cheating his employer. But the employer is while the man he is cheating. Far from it. He is cheating himself. More than that, he is cheating his family. For by his idleness, he is robbing his family of the means of support. He is robbing his family of the means of support. He is robbing his family of the means of support.

Why Coins Are Milled. Did you ever look at the edge of a dime or quarter? They are different from pennies and nickels. They are different from pennies and nickels. They are different from pennies and nickels.

Two New York Streets. The following information as to the wider and narrower streets from curb to curb and from property line to property line is for the old city of New York, now the borough of Manhattan. Rachel lane, near Grand street, between Goerck and Mott streets, is one of the narrowest streets, having a width of ten feet between property lines and is the widest street. Rachel lane has no sidewalks. Delancey street has a width of 100 feet between curbs.—New York Times.

Almost Given Away. There is nothing that will give you more pleasure for so long a time for so little money as the four monthly magazines we send our subscribers. Are you getting these magazines? If not, write or telephone us.

AMUSU THEATRE. WEEK BEGINNING MONDAY OCTOBER 30TH. MONDAY—Jessie L. Lasky presents America's most versatile playhouse star, Zannie Ward in "For the Defense," a story of great suspense from beginning to end.

TUESDAY—Lillian Gish in "Sold for Marriage," formerly with the great Sarah Bernhardt. This is a Triangle Fine Arts Play and with it goes a Keystone Comedy.

WEDNESDAY—Vivian Martin in "Little Mademoiselle," a Shubert Feature showing this captivating little star in a captivating play.

THURSDAY—The ever-popular Blanche Sweet in "The Sowers," a story of political Russia.

FRIDAY—DeWolf Hopper and Fay Tincher in "Sunshine Dad," another Triangle play with an added All Star Keystone Comedy.

SATURDAY—"The Builder of Bridges" with a notable cast of stars.

ARGIA'S COTTON CROP

from the State Department of Agriculture, State Capitol, Atlanta.

arguing that his estimate of the cotton crop made in August was not only as accurate as it is possible for any one to make, but also that it was in line with the available facilities, expressing the belief that, if things, his figures were too high, the cotton crop would be less than that of 1911.

Observations and recent reports indicate me that, if anything, my estimate of Georgia's cotton crop, made in August, was not only as accurate as it is possible for any one to make, but also that it was in line with the available facilities, expressing the belief that, if things, his figures were too high, the cotton crop would be less than that of 1911.

I am well aware of the fact that the cotton crop in Georgia is not only as accurate as it is possible for any one to make, but also that it was in line with the available facilities, expressing the belief that, if things, his figures were too high, the cotton crop would be less than that of 1911.

While the recent government report shows more cotton than that of 1911, the fact is that the cotton crop in Georgia is not only as accurate as it is possible for any one to make, but also that it was in line with the available facilities, expressing the belief that, if things, his figures were too high, the cotton crop would be less than that of 1911.

Reports from the various states show similar conditions, and my own prediction is that the South will not have a cotton crop in excess of 11,000,000 bales. Should this prove correct, unquestionably the price will range still higher.

Notwithstanding the good price cotton is bringing, I feel I must warn the farmers, especially in those sections not yet infected by the boll weevil, that they should begin now to prepare for the coming of that pest another season. The boll weevil has invaded many counties this year and even where it did comparatively little damage, it will be more numerous and more destructive another season. It has been reported at this office, that the boll weevil has reached New and Jasper counties in the middle and eastern sections of the state, which means that it will have spread all over Georgia by the larger portion of it by the next year.

"Let me urge you again to give more attention to the raising of live stock and feed and grain crops. This is your best opportunity to beat out the weevil. I sincerely hope that every farmer in Georgia who could possibly do so has taken advantage of the opportunity to visit the South-eastern Fair in Atlanta and will attend the State fair in Macon at which there will be some of the most remarkable displays of live stock of different breeds ever shown in the South, and it will afford splendid opportunity for you to see the kind of stock you want and as to the best suited to your location, and circumstances."

"This Department is still furnishing nitrogen setting bacteria for all kinds of leguminous crops at a cost of 25c per acre.

"No special service which this Department has rendered in recent years has been of more importance than the delivery of the Georgia cotton to the farmers of Georgia than the opportunity given them to secure at this price the important product for their own use, and of charging anywhere from \$1.50 to \$2.00.

In conclusion, I want to call attention of farmers of Georgia to the fact that they have the right under the law to have all fertilizers for grains or any other crops analyzed by this Department. All they have to do is to write the Department or call on the nearest inspector, who will gladly take samples and send same to the State Chemist for analysis."

On Monday morning, Oct. ninth, an Auto-car delivery truck, laden with Wilson & Company's "Maestros" ham, bacon, and other pure food products, left the City Hall of Chicago, and started for a cross-country delivery trip to New York.

This is the first time a delivery truck has actually undertaken a route of this length to make deliveries of pure food products.

At eleven o'clock Mayor Thompson and Chief of Police Healy of Chicago, presented Mr. Thomas E. Wilson, President of Wilson & Co., let- ters of delivery by the crew of the touring truck to the mayors of the fifty cities visited along the way.

ELECTRICAL NOTES

A patent has been granted for an "electrically illuminated keyhole."

A hotel heated from cellar to roof with electricity has been built in Rupert, Idaho.

Club women of Glendale, Oregon, raised funds to purchase Mazda lamps and standards.

The maximum electric rate to residence consumers in St. Louis has been voluntarily reduced from 9 to 8.5 cents per kilowatt-hour.

Electricity passed through freshly cut timber renders it more resistant against decay and fungus growth according to English scientists.

An electric welding outfit used to weld the ends of fire tubes in locomotive boilers has recently been perfected by electrical engineers of the General Electric Company.

Semaphore signal arms will be replaced on the 440-mile electrified stretch of the Chicago, Milwaukee & St. Paul railroad with electrically illuminated signals for use both day and night.

The new electric clock on Boston's new custom house is one of the largest of all electric installations in the country. The dial is 2 1/2 feet in diameter and the longest hand is 13 feet 6 inches long.

An electric fare box now in use on "one-man cars" receives no tickets, dimes or quarters, automatically registers the correct number of fares for each coin and requires no attention from the motorman.

Stapless double-deck street cars which have proved so popular in New York, Pittsburgh, Columbus and Washington are now appearing for the first time abroad on the Vienna Municipal Tramways.

EVEN PENNSYLVANIA

That supposedly impenetrable stronghold of liquorism, the state of Pennsylvania, is, like every other state of the Union, giving way before advancing prohibition sentiment. Five years ago it had two dry counties; today it has eleven. In 1911 there was one saloon for every 681 persons; today there are only 737. In 1911, 60,000 people of the state lived in no-license territory; today there are 1,500,000, nearly one-third of the total population. It is stated that of the 1,700 saloons in Philadelphia, 200 are on the market.

One broker advises that he has 100 for sale.

IN HONOR OF BRIDE-TO-BE
One of the many interesting social
affairs given in honor of Miss Lena
Belle Smith just previous to her mar-
riage on October 25th to Mr. Inman
Foy, was that given for her on
Monday afternoon by Miss Kathleen
McCroan.

Miss McCroan entertained at rock,
and the details of score cards, re-
freshments and decorations were very
effectively carried out in the color
scheme of the approaching wedding.

The guests included: Miss Lena
Belle Smith, Addie Knight of Dublin,
Nellie Smith, Marion Foy, Mary Lee
Jones, Jessie Olliff, Mattie Fletcher,
Annie Olliff, Ullma Olliff, Nan Sim-

MISS MARY LEE JONES
ENTERTAINS BRIDAL PARTY
The party given this week by Miss
Mary Lee Jones in honor of the
Smith-Foy bridal party was one of
the most beautiful of the fall.
The pink and green color scheme was
carried out in all details. As the
guests entered a dainty booklet was
passed in which a wish to the bride
was to be written. The porch was
decorated with the Bride's Garden and the
palm trees and many potted plants
artistically arranged made a lovely
background. Pink and green ribbon was
hung from a swing basket in the
center of the room and extended to
all parts of the garden. At the end
of each ribbon was a beautiful rose
in which was a receipt. The bride-
to-be was given a pink and green basket
and told to gather her flowers.

Punch and a delicious salad course
was served. The color scheme being
attractively carried out in both.
Those present were: Misses Kath-
leen McCroan, Lucy Blitch, Annie
Olliff, Mrs. C. P. Olliff, Nan Simmons,
Nellie Smith, Mrs. W. F. Whitley, Nel-
lie Jones, Mattie Fletcher, Marion
Foy, Jessie Olliff, Lena Belle Smith,
and Ullma Olliff.

SMITH-FOY

Quite the most notable wedding
that has taken place in Statesboro in
years was that of Miss Lena Belle
Smith, daughter of Mr. and Mrs. W.
T. Smith, of North Main street to
Mr. Inman Foy, son of Mr. J. E.
Donohoe, of Savannah.

The wedding was celebrated Wednesday
at 6:30 p. m. at the First Methodist
church in the presence of hundreds
of friends and acquaintances who
had been invited to witness the cere-
monies of the nuptials.

The church was most beautifully
decorated, the altar being entirely
screened with a mass of ferns and
flowers immediately in front of
which was a huge arch, suspended
from which was a bell significant of
the given name by which the bride
was so familiarly known by her
chums. Directly underneath this
arch and bell, the marriage cere-
mony was performed by Rev. J. B.
Thrasher, pastor of the church, as-
sisted by Rev. F. J. Singleton of the
Baptist church. During the ceremony
the lights were extinguished except-
ing the single light shining from a
froed electric bulb suspended from
the bell and the effect was rather
solemn.

On arrival of the bridal party to
the church an orchestra screened
back of the embankment of ferns
with Mrs. C. P. Olliff as pianist, Miss
Mattie Fletcher, violinist, began a
music prelude followed by a beau-
tiful song solo entitled "All For You,"
sung charmingly by Miss Nan Sim-
mons and immediately following this
the Lohengrin Wedding March was
played and sung by Miss Mattie
Fletcher with the entire of the bride's attend-
ants which were Gordon Simmons,
Outland McDougald, Walter Johnson,
son, R. H. Kingery, ushers. Mrs.
Sidney Smith, Matron of honor
gowning in ivory, gray georgette
crepe and blue charmesse.

The bride's maids were Nellie
Smith and Marian Foy wearing
gowns of pink charmesse trim-
med with georgette crepe. Ullma Olliff
and Kathleen McCroan wearing
dresses of blue charmesse with
trimmings of georgette crepe. Jessie
Olliff and Mary Lee Jones gowning in
yellow charmesse with georgette
crepe. Annie Olliff with georgette
crepe. The bridesmaids were all
wearing black picture hats.

The pages were Edgar McCroan
and Edwin McDougald, flower girls
were Misses Mary Beth Smith and
Lena Belle Smith.

The first child of October
have brought out many smart suits
and top coats. For top coats, the
full length reaching the bottom of
the dress is generally favored. Coats
of suits, too, are mostly long, the
three-quarter length being decidedly
the most popular. Collars are high,
as high as the neck and even higher,
if not higher, and some are very large
extending almost to the dimensions

of the neck. The line is de-
fined by two rows of braid, and this
trimming is again repeated with the
purpose of outlining the plastron ef-
fect in front of the dress. To the
majority of women this is a becom-
ing mode and a pleasing departure
from the plain, straight hanging
lines of the loose, chemise dress
which has been holding sway for so
long. Black braid is an effective
trimming and very pleasing on a
rich dress of costume. The rich dark
greens and wine shades continue to
be highly favored, as well as purple
and royal blue.

fect in front of the dress. To the
majority of women this is a becom-
ing mode and a pleasing departure
from the plain, straight hanging
lines of the loose, chemise dress
which has been holding sway for so
long. Black braid is an effective
trimming and very pleasing on a
rich dress of costume. The rich dark
greens and wine shades continue to
be highly favored, as well as purple
and royal blue.

The trend of costume and
the first child of October
have brought out many smart suits
and top coats. For top coats, the
full length reaching the bottom of
the dress is generally favored. Coats
of suits, too, are mostly long, the
three-quarter length being decidedly
the most popular. Collars are high,
as high as the neck and even higher,
if not higher, and some are very large
extending almost to the dimensions

of the neck. The line is de-
fined by two rows of braid, and this
trimming is again repeated with the
purpose of outlining the plastron ef-
fect in front of the dress. To the
