Our Citizens Must Be Protected and Flag's Honor Maintained

By JACOB GOULD SCHURMAN, President Central University

THE primary duty of every government in relation to foreign citizens, and if an innocent American life is wantonly destroyed by any belligerent submarine there would, in my opinion, be an outburst of indignation and a demand for satisfaction similar to that which reverberated from one end of the country to the other when our brave American officers and men went down with the Maine in the harbor of Havana.

The thought of the United States being embroiled in this great world conflict is one we cannot contemplate without deep anxiety and painful solicitude.

AT ALL HAZARDS, HOWEVER, AMERICAN CITIZENS MUST BE PROTECTED AND THE POTENCY OF THE AMERICAN FLAG AS A GUARANTEE OF THE SECURITY OF THE LIVES AND PROPERTY OVER WHICH IT WAIVES VINDICATION MAINTAINED.

Railroad Trains of the Future Will Be Luxurious Hotels

If you railroad men are going to overcome the wonderful cooperation against you from ships and from magnificent automobile roads you will have to build your trains very luxuriously for the pleasure of your passengers.

Here is a picture of the railroad train of the future as I have worked it out: The cars will be twenty-five feet wide, fifteen feet high and one hundred feet long.

The sleeping cars will be the most luxurious part of the train. Instead of small berths, as at present, there will be large sleeping rooms, suits with drawing room bedroom and bath.

One of the most important parts of the train will be the entertainment car, devoted exclusively to providing amusement for the passengers. One has to take a long railroad journey alone because of the monotony. ALL THIS WILL BE DONE AWAY WITH, FOR IN THE ENTERTAINMENT CAR THERE WILL BE NATURAL VIBRO-MOTION PICTURES, GRAND OPERA, DANCING AND WHATEVER THE PASSENGERS WANT.

For all this you will have to charge a big price, but that is what the American people want.

Native Ability Has Nothing to Do With Social Origin

By President WOODROW WILSON

A TREE does not derive its strength from its flower or from its fruit. It derives its strength from its roots. And so with a nation. The nation is not fed from the top. It is not fed from the conspicuous people down. IT IS FED FROM THE INCONSPICUOUS PEOPLE UP, AND THEIR INSTINCTS, WHICH GO INTO THE UNEXPLOITED SOILS AND TAP THEIR VIRGIN RESOURCES, ARE THE BEST FEEDERS OF DEMOCRACY.

What America has vindicated above all things else is native ability has nothing to do with social origin. It is very amusing sometimes to see the airs that high society gives itself.

THE WORLD COULD DISPENSE WITH HIGH SOCIETY AND NEVER MISS IT. HIGH SOCIETY IS FOR THOSE WHO HAVE STOPPED WORKING AND NO LONGER HAVE ANYTHING IMPORTANT TO DO.

Americans Drifting Away From the Old Fashioned Home and Its Influence

By IRVING BACHELLER, Famous Author

AMERICAN men and women of today seem to know a lot about what parties, dinner parties, tea parties, luncheon parties, they don't seem to know much about their homes. They don't seem to be acquainted with their children. AND YET OF ALL OF OUR CITIZENS WHO HAVE LEFT THE WORLD IN THEIR DEPTHS I CAN'T FIND ONE THAT WASN'T A HOME MADE, MOTHER MADE MAN.

Think of the old time American home. Its rough wooden walls were first put together by the future husband and father, with the friendly assistance of the neighbors. Kindness had gone into its beams and rafters. Into the rag carpets and homemade curtains were stitched love and conscientious industry. In our city apartments—homes, so called—we have marble and costly carved wood and oriental rugs, but they're all made by hired men, and they look cheap beside the love wrought, toil bought homes of the past.

IN THE OLD TIME AMERICAN HOME THE CHILD LEARNED WHAT IS ONE OF THE MOST VALUABLE LESSONS IN THE WORLD—OBEDIENCE. THE MODERN AMERICAN CHILD DOESN'T KNOW THE MEANING OF THE WORD. THE BOY AND GIRL OF A GENERATION OR TWO AGO LEARNED TO WORK. TODAY THEY ARE TAUGHT THAT WORK IS UNFAISONABLE.

Every Woman Should Have the Ballot as a Weapon of Self Protection

By ALFRED J. BOULTON, President Trade Union Woman's Suffrage League, New York

SLAVERY was considered a good thing, but it has no place in a free country, and as this is a free country the enfranchisement of women politically is necessary to conform to the ideals of a true democracy.

THE BALLOT IS AN INSTRUMENT BY WHICH A FREE PEOPLE MAY REGISTER THEIR VIEWS ON QUESTIONS WHICH AFFECT THE COMMONWEALTH, AND WHEN HALF THE CITIZENSHIP IS DISFRANCHISED THERE CANNOT BE A TRUE REGISTRATION OF PUBLIC OPINION. Two long have we listened to the kind admonitions of those opposed to woman suffrage telling us that woman's place is in the home and then seeing these same persons burdening women with excessive work at a miserable pittance, working children in the factories and workshops until the rental of the tales of drudgery, oppression and immorality caused us to question whether these hypocrites were beasts or men.

WORKINGMEN KNOW THE IMPORTANCE OF THE BALLOT, AND IN KNOWING THE WEAPON IT IS AGAINST WRONG AND INJUSTICE WE WISH TO FURNISH EVERY WOMAN WITH A SIMILAR WEAPON TO PROTECT HERSELF.

Japan Has Never In Her History Given the United States Cause For Offense

By HAMILTON W. MARIE, Author and Editor

IN her entire history, since she came into the modern world, Japan has never departed from her traditional courtesy in her relations with the United States. She has never once given us cause for offense, and yet, then, should we ask how can we keep the peace with Japan? IN VIEW OF JAPAN'S UNBROKEN FRIENDSHIP THIS QUESTION IS A REFLECTION ON OUR INTELLIGENCE AND OUR HONOR. THE DANGER TO PEACE IS NOT IN JAPAN. IT IS HERE IN THE UNITED STATES.

The fear that Japanese will come in great numbers has alarmed the Pacific coast and feeds the agitation against immigration from Japan. There are many reasons why the immigration of people bred under radically different economic conditions should be regulated and limited. The question, however, can be dealt with without friction if it is done in Washington, for it is a national, not a state, matter.

Every movement on the part of Japan, however normal and legitimate, and every anti-Japanese utterance in this country is taken up by the sensational newspapers and exploited and in turn is taken up by the yellow press of Japan, which is just as violent and unscrupulous as its own.

THERE IS DANGER THAT ULTIMATELY THIS STEADY IRRITATION MAY CREATE IN JAPAN A FEELING OF ANTAGONISM WHICH THE GOVERNMENT MAY NOT BE ABLE TO CONTROL.

Chief Object of College Teaching Is to Stimulate the Student's Curiosity

By NICHOLAS MURRAY BUTLER, President of Columbia University

OF the American university student it must be said that in far too many instances he is prevented from getting on as well as he should because he is overtaught. To see—or, rather, to abuse—the academic lecture by making it a medium for the conveyance of mere information is to shut one's eyes to the fact that the art of printing has been discovered. THE PROPER USE OF THE LECTURE IS THE CRITICAL INTERPRETATION BY THE OLDER SCHOLAR OF THE INFORMATION WHICH THE YOUNGER SCHOLAR HAS GAINED FOR HIMSELF.

The chief object of the university's teaching, of its libraries and its laboratories, is, after all, to arouse intellectual interest, to stimulate curiosity and to send out a young man on his voyage of discovery filled with ardent enthusiasm, enriched by close association with wise and noble hearted men and imbued with the high ambition to make the most of himself and of his chosen field of study.

IF EVEN THE MOST NUMEROUSLY ATTENDED UNIVERSITY CAN DO THIS FOR A HUNDRED MEN EACH YEAR AND IF FIVE OF THE HUNDRED BECOME DISTINGUISHED AND ONE OF THE FIVE EMINENT THAT UNIVERSITY HAS BEEN SUCCESSFUL.

DANCE IS DEFENDED BY DEAN ATKINSON ASSAILING FOWLER

Never a Boy, Girl, Man or Woman Ruined by This Art, Says the Dean of St. Philip's Cathedral.

Dean Jno. R. Atkinson called three of his vestrymen into the ante-chamber of St. Philip's cathedral to witness the dedication to a reporter for the Constitution of an answer to the attack made upon him and the art of dancing by Dr. C. Lewis Fowler, president of Cox college.

"I fully realize that this is controversial," he said in introduction, "and I wish to have my words reported correctly. Dr. Fowler's 'facts' are self-contradictory. His statistics are untrue on the face of them. His statements are worthless because they are not based on facts, observation or statistics. He has no first-hand knowledge. His facts, themselves, are self-contradictory. 'Dr. Fowler is not at all familiar with dancing. His remarks are based on nothing. I have had twenty years' experience in social work, and the same sort of social work we have been doing in our dancing classes conducted by the church has had the guidance and control of church people.

"The series of dances which we will begin shortly after Easter in the church house on Washington street next door to the church will be under the competent control and chaperonage of my own people, fathers, mothers, uncles, aunts and friends, so that it is no sense Mr. Atkinson's dancing class, but is that of the church people assembled for the purpose of social pleasure of which dancing is a part.

"I have the sanction not only of my own people, but of my bishop, whose approval I am glad to have. 'Many preachers, teachers and professors go wrong, but not from dancing. For twenty years I have been conducting social work of just this sort, part of which time I was under Dr. Rainford, of St. George's church, New York. 'The largest subscription I have had for my 'house of recreation' was by a reporter for the Constitution at the close of a special sermon delivered to the St. Philip's congregation by Arch-deacon Percy C. Webber, of Boston, on 'The Second Coming of Christ,' a beautiful and impressive address to an appreciative gathering of church folk.

When shown a clipping of the news story of Dr. Fowler's address, Dean Atkinson at once dictated a reply.

Here is Dean Atkinson's answer: 'I have never known of a single girl or boy, man or woman who ever fell or went wrong because of dancing. Dr. Fowler's statistics are untrue on the face of themselves. They are worthless because they are not based on observations or statistics. He has no first-hand knowledge. His facts, themselves, are self-contradictory. 'Dr. Fowler is not at all familiar with dancing. His remarks are based on nothing. I have had twenty years' experience in social work, and the same sort of social work we have been doing in our dancing classes conducted by the church has had the guidance and control of church people.

Webber, of Boston, on 'The Second Coming of Christ,' a beautiful and impressive address to an appreciative gathering of church folk.

When shown a clipping of the news story of Dr. Fowler's address, Dean Atkinson at once dictated a reply.

Here is Dean Atkinson's answer: 'I have never known of a single girl or boy, man or woman who ever fell or went wrong because of dancing. Dr. Fowler's statistics are untrue on the face of themselves. They are worthless because they are not based on observations or statistics. He has no first-hand knowledge. His facts, themselves, are self-contradictory. 'Dr. Fowler is not at all familiar with dancing. His remarks are based on nothing. I have had twenty years' experience in social work, and the same sort of social work we have been doing in our dancing classes conducted by the church has had the guidance and control of church people.

"The series of dances which we will begin shortly after Easter in the church house on Washington street next door to the church will be under the competent control and chaperonage of my own people, fathers, mothers, uncles, aunts and friends, so that it is no sense Mr. Atkinson's dancing class, but is that of the church people assembled for the purpose of social pleasure of which dancing is a part.

"I have the sanction not only of my own people, but of my bishop, whose approval I am glad to have. 'Many preachers, teachers and professors go wrong, but not from dancing. For twenty years I have been conducting social work of just this sort, part of which time I was under Dr. Rainford, of St. George's church, New York. 'The largest subscription I have had for my 'house of recreation' was by a reporter for the Constitution at the close of a special sermon delivered to the St. Philip's congregation by Arch-deacon Percy C. Webber, of Boston, on 'The Second Coming of Christ,' a beautiful and impressive address to an appreciative gathering of church folk.

When shown a clipping of the news story of Dr. Fowler's address, Dean Atkinson at once dictated a reply.

Here is Dean Atkinson's answer: 'I have never known of a single girl or boy, man or woman who ever fell or went wrong because of dancing. Dr. Fowler's statistics are untrue on the face of themselves. THURSDAY, APRIL 1, 1915.

The Allies appear to be getting
down the neck of the Turkey Gobbler.Rah! Rah! Rah! Another Revolution
for Mexico. Huerta has
backed himself as a "Come Back."Miss Georgia extends a cordial
invitation to her house-cleaning
next week. Father will not be home.According to the Chronicle, Miss
Augusta from Richmond, thinks
she's a real society girl now, one
of the select 400 because she is in
the millionaire class.The federal narcotic law doesn't
interfere with that well known
baby remedy, parvoric. This will
be agreeable information to a lot of
papas, who otherwise might be
called upon to do a 2 A. M. mara-
thon night.Try as much as they may, the
lawyers of Chatham to a man can't
hide their antipathy to the senior
Judge of the federal court Eastern
division, even by the closest woven
cloak of legal ethics.The German military authorities
have ordered a war tax of 500,000
rupees placed on the Russian city
of Lodz. They should be a bit
cautious of how they load up the
bear, he may retaliate and heap
some Lodz on the Kaiser that will
be unbearable.The Macon News is conducting
a unique circulation campaign by
sending a whole pulman car load
of prize winners to the California
Panama Exposition. If you
haven't got the price to pay for
an independent trip the Macon
News way is a good way, provid-
ing, as Dan Daily used to say in
his Golf vaudeville monologue,
"If you find the ball, you win."Wonder if we couldn't work up
a little scheme at home in the
Jenny bus trade by promoting a
few lines through Bulloch county
with the hope that some enter-
prising suburban street railroad
corporation would invade the field
in search of a franchise to put
them out of business. A rare
chance for a Col. Mulberry Sellers.A northern exchange says, "Si-
las Jones bought a Ford automo-
bile at public auction in front of
the court house last week, and
after receiving the machine Silas
brought it home on a pair of
bob sleds." We always did know
that a Ford could go thru mud
and fire, but we are astounded to
learn that a little of the beautiful
snow could disable it.Walker Lee Dunson, the cham-
pion boy corn grower of the world
who won the C. of G. Ry. prize of
a Percheron mare in 1913 with
his record yield of 232 bushels, has
again won the 1914 state prize for
Corn Club contest which is another
Percheron. He can soon add (er) to
the industry making it a carner on
his hobby and then drive away
with it.

YOUR FAULTS.

You will find it less easy to up-
root faults than to cloak them by
gaining virtues. Do not think of
your faults, still less of others' faults.
In every person who comes near
you look for what is good and strong.
Honor that, rejoice in it and, as
you can, try to imitate it and your
faults will drop off, like dead leaves,
when their time comes.—Rustin.

Clean-Up Week.

Since his Eccleciacy Gov. Slaton
proclaimed April 5-12 a period of
general house cleaning in Georgia,
many sections of the state have
been able to realize fully the true and
helpful meaning that was carried
in the governor's message.If every citizen in every munici-
pality in this great state of Geor-
gia would co-operate in this move
with a little elbow grease put be-
hind a rake and a shovel just long
enough to put his own "house in
order" regardless of the fact that
he be rented or living in his per-
sonally owned home, Georgia could
advertise to the world that he had
"Spotless Towns" in truth.With the trash and debris that
accumulates, much of it contains
old cans and vessels that have be-
come filled with water from the
winter rains, and these are breed-
ing spots of mosquitoes, germs and
sediment conducive to contagious
diseases.Personal as well as civic pride
should prompt every inhabitant to
co-operate zealously in this com-
mendable work, that if well done,
will put our premises, our streets,
our public grounds in a perfectly
clean and sanitary condition be-
fore the hot weather is upon us.
It is duty we owe ourselves and
our neighbor.The Civic League and the wo-
men of the city can do much to
ward accomplishing splendid re-
sults in this work by personally
superintending and insisting upon
having their own homes, yards and
surrounding alleys thoroughly
cleaned and disinfected, and then
to co-operate in a general superin-
tendency of the work on our public
highways, ground plots etc.There should be no hesitancy of
the fair sex in becoming actively
enlisted in the cause next week.
Some municipalities of the state
are supplying additional trash
wagons and men whose services
will be placed at the disposal of
various women's clubs that have
planned a systematic sanitary
clean-up.We are certain that the mayor
and council would supply extra
trash wagons to be operated under
the special superintendency of the
"Civic League" if the request were
made.Is a public move that will be
operative throughout the entire
state all next week of April 5-12th,
for health's sake. Why not join?The Baptist Missionary Insti-
tute which convenes in Statesboro
next week for three days at the
Baptist church is of no small cal-
iber in the breadth of its commenda-
ble work both foreign and at
home. It is an honor to the com-
munity to have been selected as a
gathering place for these con-
secrated women of the state of Geor-
gia. This division comprises the
counties of Southeast Georgia em-
bracing some seventeen associa-
tions numbered among which are
many of Georgia's leading Chris-
tian workers. Mrs. Neel, of Car-
terville, the State President of
the W. M. U. and Miss Evie
Campbell, of Atlanta, the State
Secretary, will attend the Insti-
tute. It is meet that the citi-
zens of our town should bend their
best efforts in entertaining these
delegates during their sojourn in
our midst that they may take away
with them only encomiums of
praise, for there is no measure of
the material benefits that may
accrue to a community from the
words of praise that the traveler
may register for it.

CHARACTER.

A good character is every thing.
A good heart, benevolent feelings,
and a balanced mind lie at the foun-
dation of character. Other things
may be deemed fortuitous; they
may come and go; but character is
that which lives and abides.—John
Todd.For any itching skin trouble,
piles, eczema, salt rheum, hives,
itch, scald head, herpes, scabies,
Doan's ointment is highly recom-
mended. 5c a box at all stores.
—Adv.STATSBORO AND
BULLOCH COUNTYScholastic Opportunities—
Many and Varied—A
Great Asset to the
Community.About the first question a pros-
pective settler will inquire into, re-
garding a community's offering for
his presence, is—what are the edu-
cational advances, next—are the
health conditions controlled by
modern sewerage system. What
is the moral, social and religious
standing?To all these queries and many
more, Statesboro can render an in-
trepid affirmative answer.First we can boast of a newly
installed sewerage system equal to
a 200 per cent increase in popu-
lation, and that guarantees a high
health average.Next—we can boast, and right-
fully so, of the most modern and
up to the minute public school
system that any American city of
a like population offers a citizen.As a matter of fact, and for the
information of those who have been
passive upon the subject, the
Statesboro High school offers fea-
tures that are not obtainable in
some schools of cities whose popu-
lation exceeds the 100,000 mark.The Statesboro High school
building is situated in a ten acre
area embracing an athletic field
with a 1th mile circle track, ball
park, swings, bars, basket ball
court and various other features
that go to develop the body as well
as the mind. Every convenience
for a student's welfare is embodied
in that school; its various depart-
ments cover all that is necessary
to start one in any walk of life
that may be desired.Prof. Harold D. Meyer A. B.
Principal, who is young in years
but modern in methods, and one
has to be in his society but a mo-
ment to realize that his heart and
soul is in his work; there is appar-
ent at once a cordiality between
pupil and principal that uncon-
sciously becomes of inestimable
value to the pupil.Prof. Meyer very courteously
gave the "News" man the privi-lege of seeing the school in active
study, and pointing out the fea-
tures of special interest, which
were numerous, up-to-date and
varied.A strong backing to the States-
boro High school is the Bulloch
county rural school system so ably
conducted by Prof. B. R. Olliff,
Superintendent. Records disclose
the fact that less than three years
ago a painted school in the
rural district was indeed an oddity.
Today fifty per cent of the rural
school houses are neatly painted
and largely equipped with single
patented desks, which are con-
tinuously being installed where the
community, interest and apprecia-
tion is most apparent.Perhaps the most interesting
feature of Bulloch's rural school
system, is the associated Girls Can-
ning club, and Mothers Club work
of the several sections. Clubs or-
ganize as high as thirty-five to
forty members and in connection
with this work special prizes are
given under district, county and
state supervision thus enabling
practically every competitor to se-
cure recognition for their indi-
vidual efforts.Prof. Duggan of the General
Board of Education of New York
who is familiar with rural school
work for the last twenty-four
years, after having visited many
of the schools in Georgia, and re-
cently in Bulloch county, frankly
admitted that this county leads in
an average per cent of superiority of
educational features over any other
county in the state, and yet there
is room for much improvement.The First District Agricultural
and Mechanical school, Prof. Row-
an, of Georgia Tech., principal,
is another institution of learning
in our midst which the great state
of Georgia is proud, but which
nevertheless is closely allied to
Bulloch's school system and opens
the door to the rural school stu-
dents who elect to avail themselves
of the valuable opportunity of
agricultural knowledge that this
institute offers.Both sexes are cared for at this
school; some three hundred and
twenty acres is the total land of
the school with nearly one half of
it under cultivation. Boys re-
ceive actual experience in practi-
cal farming with a complete re-search of the chemical values of
the foods we grow and consume.
Fertilizer analysis, soil tests and
animal husbandry study are of the
many valuable branches that com-
prise a course at this school.
Girls obtain a thorough knowl-
edge in domestic science from prac-
tical application; a high school
course is available at this institute
if desired; in connection with the
study of the modern home, social
economics, all under a moral dis-
cipline with features of home life in
music, choral and glee club vocalwork, that make for the First Dis-
trict Institute an avenue of knowl-
edge that is a most substantial
asset to the progress and uplift of the
community.We are all too ignorant of the
soil and its wonderful resources; it
offers an independence to be who
will till it. With the opportunity
to acquire the knowledge that is
the stepping stone to such an end,
knocking right at our door, beckon-
ing all to come, pity 'tis that more
Americans do not grasp it.

Order of Eastern Star

Installed in Statesboro
On last Thursday night the
order of the Eastern Star was or-
ganized at the Masonic Lodge by
Mr. Sutton, of Macon, the state
organizer. Twenty-six came in as
charter members. Mrs. J. C. Lane
was elected Worthy Matron and
Mr. A. F. Morris Worthy Patron.Other officers are: Mesdames W.
G. Rains, D. B. Turner, C. G.
Rogers, Perry Kennedy, W. B.
Moore, Geo. DeBrosse, Misses Eva
Martin, Laura Bruce, Irene Ar-
den, Messrs. C. G. Rogers, Geo.
DeBrosse, D. B. Turner, W. B.
Moore and Remer Proctor. After
the installation of officers the meet-
ing adjourned to meet every sec-
ond and fourth Tuesday of each
month.

The Y. W. C. A. Meets.

On Saturday afternoon the Jus-
tice Y. W. C. A. met with Miss
Evelyn Wood at her home, "The
Brooks House." After several
hours spent in amusement delicious
banquets and fruits were served.

Methodist Church

Foreign Mission

Sunday afternoon the Sunday
school at the Methodist church
was dispensed with, and the teach-
ers canvassed the town in interest
of Foreign Missions.The entertainment committee for
the W. M. U. Institute next week
are grateful for the interest made
manifest by those citizens who
have offered their homes in enter-
tainment of their expected guests;
but there are those yet unprovided
for, and if there are any Statesboro
people who may know of friends
that are coming and would like to
entertain them or others who will
offer to assist us in the housing of
strangers we will heartily appre-
ciate the courtesy, and to this end
a phone message to Mrs. Ed H.
Kennedy, Chairman Entertainment
Committee will be appreci-
ated.A meeting of the Civic League
will be held next Tuesday April
6th, three o'clock at the usual
place. Those interested will please
attend.Attar of Roses.

People—Mrs. G. C. Dixon, Sav-
annah.
The Influence of the Home—
Mrs. R. J. Miney, Mclae.
Consecration Service.
SUNDAY EVENING.
Sermon—Rev. W. Harvey
Clark, Japan.

HIGH SCHOOL NOTES

Preparations are being made for
the district meeting at Millen
April 9th and 10th. A special
train will leave Statesboro early
Saturday morning, giving those in
attendance "a spend the day party."
We hope a good number of
citizens will join us and go over on
the "special."Last Friday night at meter the
district debate between Statesboro
and Metter took place. Metter
won the debate and goes to Mil-
len in a final contest for district
winners. Our speakers, George
Sharpe Kimball and Albert Quat-
lebaum, did well, and although
they lost, we are proud of their ef-
fort just the same.The music, expression and voice
contests were held Friday night
also. The winners were: Ex-
pression—Nannie Mel Olliff, mu-
sic—Annie Mae Alderman, Voice
—Kittie Turner, Declamation—
John Zetterer. This makes our
list complete. These contestants
will go to Millen Friday after-
noon.Every morning in chapel a terri-
ble sound passes out from the
auditorium and disturbs the neigh-
borhood. Neighbors are only
practicing our yells for the contest
—it won't last long so please bear
with us until that time—we mean
no harm.Remember the Parent-Teachers
association Friday the second of
April. We are going to have a
clean-up meeting. Drs. Floyd and
Mooney will give us talks along
this line. Come out parents, lets
have a big meeting—time 2:30—
place school auditorium.

SUNDAY SCHOOL NOTES

You are invited to attend the
Baptist Sunday school Sunday
morning 9:45. Subject of lesson
morning "Soul Rejected By the Lord."
Motto Text—"Behold, to Obey
is better Than Sacrifice" (1 sam-
uel, 15-22).The Baraca Class extends a cor-
dial invitation to all young men.
The Philathea Class invites all
young women to meet with them.FOR SALE—Legal blanks of
most any description. States-

fee, roasted and ground, .

BULLOCK FARMER HAS QUADRUPLED FREAK

A Four Legged and Four Winged Chicken

We've heard of 2-in-1 shoe polish, and various other doublets, triplets, quartets, etc., but we must confess that we never saw a four legged and four winged chicken until today when Mr. C. W. Joiner, a prosperous farmer, living on R. F. D. 4 brought in town a newly hatched chicken with a perfectly formed head, but with a double back body having four perfectly developed legs and four wings equally as perfect. Mother hen must have set over time thinking she could develop an offspring that would have double the value of the advertising chick that "Haw! scratched ye!" Unfortunately for the owner, Mr. Joiner, little Miss Chicklet did not live to tango with her four feet, or to vie with Beach the aviator or Glenn Curtis for supremacy in monoplane or biplane dizzy heights as an exhibition or county fair attraction.

Back in Harness

My friends are hereby notified that I am again in harness—ready to make and repair harness and shoes in workmanlike manner. I have with me again Mr. Bland, who was with me before retirement from business last, and who is an expert workman.

I solicit your patronage, and guarantee all work.

T. A. WILSON,
In new brick store next to R. S. Simeon's Warehouse, W. Main St.

Let Rustin take it—Adv.

Mr. Denmark, a well known and highly respected citizen residing near Pembroke Ga. died early this Thursday morning.

Mr. Clark's cash grocery values will appeal to you—Adv.

Quite a number of the "Society Set" are invited to a box supper on next Friday night to be given at Miss Gerlie DeLoach's school about eight miles from town.

A photo made at Rustin's will be a good photo—Adv.

Mrs. Randolph, of Atlanta, and Mrs. Jarrell, of Savannah, were two of the judges in the preliminary contest at the auditorium on Friday evening. While in the city they were the guests of Miss Mamie Hughes.

Read City Grocery Company's special price cash sale bargains. They reduce the high cost of living—Adv.

Messrs. Outland McDougald, Rupert Rackley, Misses Willard, Money Annie Johnston, and Bessie Lee motored over to Millen last Thursday afternoon in Mr. McDougald's car.

THE BUSINESS MEN'S CLUB

WHY STATESBORO NEEDS IT

Many Interests That Would Be Benefitted

Why any city should number among its civic bodies a BUSINESS MEN'S CLUB, cannot be more forcibly set forth than was done by Senator Elihu Root of New York when at a luncheon given by the Merchants' Association of that city last week, "urged business men to organize for the protection of their interests just as wage earners have organized."

STATSBORO is in the very heart of a wonderfully rich producing commonwealth, and whether we want to or not, we will be FORCED sooner or later to become the central market for this ever increasing output of nature's grainery.

The world is bringing to light a new generation of sturdy, aggressive, shrewd men who are enthusiastically seeking just such opportunities as are housed within this very county and they will slip in upon us soon to our regret.

STATSBORO citizens and business men have interests to protect. We want to reach out and grasp that which naturally belongs to us; with increasing population comes increased responsibilities. A BUSINESS MEN'S CLUB is a necessity to grapple with the frequently varying conditions that confront a community.

Events of importance are constantly arising that require discussion upon broad comprehensive lines. A whole-hearted, united citizens organization is the paramount issue.

The News has been heartily endorsed by many of the leading business men for bringing this subject to life and we quote a few more expressions of those who favor a more earnest effort toward real active work.

Mr. J. A. BRANNEN—"We live in the best town, in the best county, in the best state, in the union, and we must not let any advantages escape us. And a league of business men organized to act for the common good of the town is an advantage."

Mr. J. F. FIELDS—"You may put me on the list for any such move as that. It appears to me that it would be a mighty good way for us to get acquainted with ourselves as well as with our neighbors. It would at once become a clearing house for ideas that would certainly be beneficial."

JOE BEN MARTIN—"I would be most willing to co-operate in any manner that would bring about such a civic institute in our midst. I fully believe that it would be the means of a new and fruitful life in our business connections."

STATSBORO has thrown off her infantile clothes and donned the attire of a full grown commercial giant. The citizens who will join unitedly, unreservedly and pull together for one common result, A GREATER STATESBORO will erect a monument to themselves that their prosperity will reverence. A BUSINESS MEN'S CLUB can be the club that will make IDLE MEN, BUSY MEN. Delay is DANGEROUS. Its the opportune moment, RIGHT NOW.

George Williams Alias Walker, Gets Away With Mule And Buggy.

George Williams alias Charlie Walker under pretense of starting to work for a farmer named Miller living in the lower part of the county, borrowed Miller's mule and buggy, stating that he wanted to get his family from some distance away and would shortly return ready for work. Miller after waiting a reasonable time for the man to return, started in pursuit only to discover that Williams had taken a ruse to get possession of the rig with which he was well on his way to parts unknown. D. parties from the sheriff's office and a posse of farmers in the district are in pursuit.

CHILD BURNED TO DEATH

Two Year Old Son of Mr. and Mrs. W. H. Smith

R. F. D. No. 2 Fatally Burned.

Last Friday March 26th Mr. and Mrs. W. H. Smith residing about nine miles from Statesboro on R. F. D. 2 were horrified to discover the clothing of their two year old son in flames which later caused the death of the little fellow.

The parents left him playing alone in the room for but a few moments while attending to affairs of the home in another part of the house and on hearing the crying of the boy who had gotten his playthings near an open fire place where his cloths had caught on fire and by the time his parents reached him he was writhing in a mass of flame.

His mother grabbed him and was herself painfully burned about the hands and arms in her effort to extinguish the flames that was fast consuming the life of her little son.

A physician from Statesboro was telephoned for and after arrival did all within his power to alleviate the terrible suffering of the boy but to no avail, the boy dying in about three hours after the unfortunate accident. Mrs. Smith herself suffering excruciating pain from her injuries is getting along as well as can be expected under the very trying circumstances and nervous shock subsequent to such a catastrophe. The many friends and acquaintances of Mr. and Mrs. Smith in the district offered the parents their heartfelt sympathy in word and deed during their hour of trouble.

For baby's croup, Willie's cuts and bruises, mama's sore throat, grandma's lameness, —Dr. Thomas' Electric Oil—the household remedy. 25c and 50c.—Adv.

Vol. 16 No. 5

GOV. SLATON TO OPEN COLUMBUS HOME COMING CELEBRATION

The C. of G. and Seaboard Railroads Offer Special Rates.

The Columbus Georgia Home Coming, the central feature of which will be the celebration of the anniversary of the last battle of the war between the States, April 14, 15, 16 and 17 will be opened by an address of welcome delivered by Gov. John M. Slaton, of Georgia.

One of the features of the Historic Pageant on April 16th, which is the fiftieth anniversary of the "last battle," will consist of one hundred young ladies and escorts mounted on horses and carrying flags of the States and the Americas. The consuls of North and South American countries have been requested to furnish flags of their countries to be borne by a representative designed by them. This request is receiving attention, and flags are already arriving. After the Pageant these flags will be placed for keeping in the museum of the Historical Society of Columbus, Ga.

Moving pictures of the main events will be taken and sent throughout the United States.

The Semi Annual Pigeon Show of the Dixie Pigeon Association will be held during the week, beginning April 13th, in Columbus.

On April 15th there will be a Farmer's and Business Men's Meeting to discuss marketing, and representatives of the Department of Agricultural, Washington, and the State Agricultural Colleges, will be among the speakers. A national plan for marketing the farm produce of the United States will be considered.

The governors of each state of the union have been requested to ask former residents of Columbus and the soldiers who participated in the last battle of the war between the States at Columbus, Ga. and their relatives, to communicate with the Columbus Chamber of Commerce.

The city will be profusely decorated, the schools closed, and every activity of the city directed toward making the celebration a fitting one to commemorate the end of the historic struggle between the States.

Slaton Offers Reward In Oliver Case

Atlanta, April 6.—Gov. Slaton today offered a reward of \$500 for the apprehension with proof to convict of the person or persons who shot down A. D. Oliver, "captain of finance," on the streets of Leesburg, about a month ago. The shooting was done by three unidentified persons in front of Oliver's bank. The Governor offers \$250 for one of the guilty men or \$500 for two of them.

The Governor took action after hearing from a number of citizens of Lee county, and after writing to Sheriff Moreland of Lee county, from whom he had not heard, as it is usually customary to base reward offers upon requests of these officials.

Sheriff Moreland took offense at the Governor's letter and published his own reply, in which he attacked the Governor in connection with the Oliver matter.

A Freak of the Sea. Like the ribs of a long dead giant so stand the rusty ribs of the U. S. S. Waters, two miles inland, at the foot of the Andes, where the ship was deposited in 1808 by a monster tidal wave. The ship, with practically its entire crew aboard, was swept from land, where it was left on an even keel, almost uninjured.

Darwinian. "I'm looking up my family tree." "What are the monkeys doing?"—Exchange.

WILLARD WINS HIS TALK ON HOW THE FIGHT WENT

His One Hurt Is a Toe—Kaew When Johnson Had Weak Blow Did It—Has No Plans for the Future

Havana, April 5.—Willard said that none of Johnson's blows hurt more than momentarily, except a slash over the heart about the twentieth round which made him gasp for breath during the rest of the round. He declared he was not sore about the body, but one of the toes on his left foot was slightly sprained and swollen from a twist. Johnson must have known this, for constantly during the fight he kept extending his left foot until he could just press down on Willard's left toes.

The new champion said tonight: "I have no immediate plans for fights in future. I am obligated to the syndicate which promoted the fight and would like to rest at home after an exhibition tour, which I understand is projected."

After the final round that won him the victory, Willard said: "The blow that brought the fight to a quick conclusion was a right-hand smash to Johnson's body early in the last round. I felt Johnson grow limp in the next clinch and knew I had the championship within reach. A left to the body and a right smash to the jaw put Johnson down for the count."

Willard will probably take his own time in accepting any challenge. He already has announced that if he won he would fight another round. There is no doubt that today's fight will do the new champion a world of good. Today he was nervous and at first was afraid to go at Johnson.

It can hardly be said at present that Willard is a great fighter, but he is a wonderful specimen of physical manhood, and is likely to develop an aggressiveness and skill that may make him invincible for years to come.

Willard looked clumsy against Johnson. A more skillful man might have knocked Johnson out after the twelfth round, for after that the negro was going on speed and nerve and skill.

Prominent Speakers To be at the Columbus Home Coming April 14-17.

Senator Thos. W. Hardwick, Chairman of the Committee of Expenditures in the Post Office Department, the Georgia Senator who deflected from the Administration on Ship Purchase Bill, will be one of the speakers at Columbus Home Coming, April 14-17th. Mr. Hardwick on the 15th of April will discuss the Ship Purchase Bill.

Congressman W. C. Adams, of Georgia, Chairman of the Interstate and Foreign Commerce Commission will also be one of the speakers. He will deliver his famous lecture, "The Star of Bethlehem," on April 14th.

Congressman Heflin, of Alabama, one of the best tellers of negro dialect stories is also expected to be present and speak on April 16th. On this day will be held the celebration of the fiftieth anniversary of the last battle of the war between the States.

Woodman of the World in Georgia

Meet In Bi-ennial Session at Athens April 13, 14 and 15th Delegates From 850 Camps to Attend.

The head camp of the Woodmen of the World in Georgia will meet in bi-ennial session in Athens, Ga., April 13, 14 and 15. There are about 850 "camps" of this fraternal order in this state, with between twenty-five and thirty thousand members. In every section of the state the order has established camps which are flourishing and growing. The meeting in Athens, therefore, is to be one that will interest many in the state.

The week of the convention is to be the nature of a Spring Festival with many features to attract and entertain the visitors—and it is predicted that there will be from two to three thousand who will go to Athens for the occasion.

The program of the convention proper will have prominent speakers from this state and from nation-at-large, leaders in Woodcraft; there will be a specially interesting gathering of the women's branch of the order, the "Woodman's Circle" and sovereign grand officers of that branch of the fraternal order.

ternity will also be present. The Uniformed Rank of the order will be in Athens on that occasion also, and with these companies will be several bands of music.

A great parade is to be a feature on Tuesday of the convention, in which Woodmen, Uniformed Rank companies, city officials, the University cadet corps with their famous "Georgia band," a string of decorated automobiles, and many other features will be staged.

All the week from the 12th to the 17th there will be attractions under the auspices of the order in Athens. Four of the best college ball games of the season are to be played that week in Athens—Monday and Tuesday and Friday and Saturday—with Alabama, the first series, and with Mississippi for the latter part of the week. The Metropolitan Shows have been engaged for the entire week and will have fifteen street show tents with day and night exhibitions. These shows are all clean and of high order of merit.

Many social events have been planned for the week also, and Athens is to outdo herself in the entertainment of the Woodmen. The railroad is giving specially low round trip rates and the attendance promises to be the largest that any head camp in the South has ever known.

In the sands and clays which filled this downward-sinking ocean basin, salty ocean waters were entrapped and buried, and these waters, now more or less mixed with land-derived waters, were encountered at various depths in the Charleston well; they are referred to in the report as "fossil waters," because they have been for so long locked in the earth and prevented from circulating. Although practically motionless these fossil waters are under heavy hydraulic pressure due to the weight of the waters which have percolated from the landward direction down through the seaward-dipping sand layers. When the sands containing fossil waters are tapped by wells the hydraulic pressure forces the water up through the drill hole to the surface, thus producing flowing artesian wells. The water from the 2,000 foot level at Charleston shows only slight indication of having been mixed with sea water, but the waters from some of the higher levels contain enough of the ancient sea water to give them a distinct salty taste.

It is commonly known fact that the temperature of the earth increases from the surface downward, and this fact is well illustrated by the conditions existing in the Charleston well. The temperature of the water from the 2,000-foot level as it flows out from the mouth of the well is 99½ degrees F., being from 35 to 40 degrees warmer than the waters obtained from wells less than 100 feet deep in the same vicinity.

As all the layers of sand, clay, marl, and limestone which make up the earth to a depth of 2,000 feet or more beneath Charleston, dip oceanward, theoretically they should crop out at the surface to the northwest of Charleston. The layer containing the ancient oyster shell is not expected to appear at the surface somewhere between Sumter and Camden, but its exact out-crop has not yet been determined in South Carolina.

In this connection, however, it is interesting to note that a layer of Cretaceous sand containing the oyster has been discovered on Chattahoochee River and on Upton Creek, 9 or 10 miles south and southwest of Columbus, Ga. This shows that the ancient sea in which the oyster lived did extend
