SOME BALL

Statesboro-Hagan
You fans who let the hot weather keep you away from the local diamond last Tuesday don't know what you missed; there is ever a lot of glory in defeating as well as glory in being defeated and taking it gloriously and that is what happened with the Statesboro-Hagan game Tuesday. Our local team done themselves proud by holding down that Hagan group of two hundred pounder athletic sports and tucking to their banner a five to three decision. It was a closely contested game from start to finish and good clean ball playing devoid of rowdism and those characteristics that oft times make the great American sport fall to a standard that is not sport.
Neither side succeeded in scoring until the fourth inning when Statesboro made a three run tally that warmed their hearts and sent a wave of gloom to the visitors. There were no further scores until the seventh inning when Hagan scored one on an error. In Statesboro scored two runs while Hagan followed suit in her half of the same inning but to no avail in the final effort.
This was decidedly the best game of the season, the local team showing marked improvement over their former work. If the local fans want good ball playing they must support the game better than the attendance upon this game; it was far too slim to encourage the home boys or any visiting team. We are now getting good clean ball playing so come out and BOOST for the home boys. Next game Friday with either Waynesboro or Graymont.

BALL NEWS

Waynesboro Defeats Statesboro Friday
On last Friday May 21st Waynesboro, defeated Statesboro on the former's diamond in a close and exciting game, the score being 4 to 3 and 8 to 2. These were considered by all the Waynesboro fans as the best game that has been played on their diamond this year. And on next Monday May 31st the deciding game will be played on the Statesboro grounds it now being a tie of two to two. Waynesboro will bring with them the strongest and fastest team that the home boys have faced this year and assure you that the game will be interesting and ask that all local fans will come out and yell for our home boys. Admission 15 and 25 cents. Ladies free.

Horse Kicks Little Girl
Mattie, the little daughter of Mr. and Mrs. S. B. Hedleston, was the victim of a painful if not serious accident Saturday night, in which she came very near losing her life. She accompanied her father to the lot to catch the horse and when they were returning the little one climbed upon the fence and as the horse was led by her she jumped off, frightening the horse, causing it to kick, striking the little girl over the eye. A long gash was cut in her head, requiring several stitches. It is not thought the sight is affected, but the wound is a very painful one.

Adjudged Insane
Peter Williams, son of Richard Williams, a negro, was adjudged a lunatic in the Bulloch county court on ordinary and ordered sent to Milledgeville this week.

WHY YOU ARE NERVOUS
The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamlike sleep, irritability and unless corrected, leads straight to a breakdown.
To correct nervousness, Scott's Emulsion is exactly what you should take. Its rich nutrient gets into the blood and the rich blood feeds the nerves, while the whole system responds to its refreshing tonic force. It is free from alcohol, Scott & Borne, (London, N. Y.).

MAKE WORK EASIER

Statesboro people are pleased to learn how it has been done. It's pretty hard to attend to duties with a constantly aching back; with annoying urinary disorders. Doan's Kidney Pills have made work easier.
So thousands have testified. They're for bad backs. They're for weak kidneys. Statesboro people greatly recommend Doan's.
Daniel E. Riddon, 44 Bulloch St., Statesboro, says: "Whenever I feel that I am in need of a kidney medicine, I use Doan's Kidney Pills and they never fail to remove the aches and pains in my back. At times while at work, I have to do a great deal of stooping and lifting and this is hard with a lame and aching back. Doan's Kidney Pills always strengthen my back and fix me up all right."
Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Riddon had. Foster-Milburn Co., Props., Buffalo, N. Y. Adv.

THE FRANKLIN DRUG CO. IMPROVEMENTS.

New and Up-to-date Soda Fountain and Ice Cream Container Just Installed
The Franklin Drug Co. have anticipated the hot summer season and the requirements of their patrons by a decided improvement in their cold drink department by the installation of a new and, perfectly sanitary soda fountain and ice cream container secured from the famous Robert N. Green & Sons, Philadelphia, Pa. All appliances in connection with this latest development in summer drink dispensers are of the most modern and up-to-the minute in essential detail that is possible to produce. The syrup cups are marble tops with non-rustable metal pumps and are absolutely sanitary in every detail.
The ice box with its eight coolers surrounding the ice cream receptacle and water cooling apparatus is a special patent of Robert N. Green & Sons. These boxes are used exclusively in the Green fountains. The entire system of service is visible thus adding to the pleasure and confidence of the patrons in an assurance of cleanliness and safety first appliances.
The day of harsh physics is gone. People want mild, easy laxatives. Doan's Regula has satisfied thousands. 25c at all drug stores.

Mr. Pickleberry came home from his club one morning about 5 o'clock. He entered his happy home, crept up the stairs softly so as not to awaken his spouse, then felt for the switch to turn on the electric light. He could not find it and in the darkness stumbled over a chair.
"What's that?" came a voice from the bed.
"Where in the deuce are the lights in this house?" snarled Pickleberry, lighting in his bluff to put a bold face on the matter.
"Lights?" cried Mrs. Pickleberry, sitting up. "Put up the blinds!" Judge.

GROWING AND SHIPPING WATERMELONS

The Melon Distributors Association—Rules and Regulations That Were Adopted At the Atlanta Convention April 20th.

In conformity with the rules and regulations adopted by the Melon Distributors Association at their convention in Atlanta April 20th, Supt. S. T. Grimshaw along with all other transportation lines has been supplied with copies which is reprinted in this issue of the News in the following article. To derive the maximum result from this season's crop local growers should be guided by the rules and adhere to them in every detail thus securing a clean way bill for their product and as a natural consequence the highest market price.
Rules adopted by the MELON DISTRIBUTORS' ASSOCIATION defining standard cars and establishing rules to better enable buyer, grower and jobber to intelligently understand each other in transaction on WATERMELONS: RULES.

Standard cars of melons shall be as follows:
FIRST. Cars shall be ventilated on sides and ends. No car shall be deemed standard loaded without such ventilation.
SECOND. Melons should be carefully handled, stacked and packed tightly, four tier high in 36 foot length cars. If less than 36 foot length cars are furnished sufficient melons shall be added on the fifth tier to make up deficiency in count and weight. Melons shall be loaded five tier deep over the entire car where they average 20 pounds or less with enough additional melons to insure proper weight where short length cars may be used.

THIRD. No car shall be deemed standard loaded unless properly padded around the side and ends to the full height of the melons. The floor shall be properly bedded with either pine straw or other suitable bedding. In no event will saw dust or shavings be accepted.

FOURTH. Melons shall be graded as follows:
20 lbs. average, min. wt. 16 lbs., max. 24 lbs.
22 lbs. average, min. wt. 18 lbs., max. 26 lbs.
24 lbs. average, min. wt. 20 lbs., max. 28 lbs.
25 lbs. average, min. wt. 20 lbs., max. 30 lbs.
28 lbs. average, min. wt. 24 lbs., max. 32 lbs.
30 lbs. average, min. wt. 26 lbs., max. 34 lbs.
32 lbs. average, min. wt. 28 lbs., max. 36 lbs.
35 lbs. average, min. wt. 28 lbs., max. 40 lbs.

FIFTH. Melons shall be fresh clipped from vines and loaded into cars within 24 hours from time clipped. No ill shaped, diseased, specked or otherwise imperfect melons to be loaded in standard cars. Melons to be taken from healthy vines only.

SIXTH. It is recommended that loaders haul melons in padded wagons thereby preventing unnecessary bruising. Care is also recommended in the handling of melons from wagons to cars as properly loaded and carefully selected cars always command a premium.

UNCLASSIFIED CARS
All cars not loaded in accordance with rules for loading standard cars shall be known as "UNCLASSIFIED."

APPOPLEXY KILLS JUDGE R. T. DANIELS

One of the Country's Best Known Odd Fellows Dies Suddenly at Fitzgerald Meeting

Fitzgerald, Ga., May 28.—Just as he closed an eloquent address to 1,500 Odd Fellows attending the grand lodge here, Judge Robert T. Daniels, sovereign grand sire of the order in America, was stricken with apoplexy on the platform and died early last night without regaining consciousness.
He was attended immediately by Dr. I. B. Clark, of Atlanta, who is attending the session, and, with the aid of Past Grand Master, J. H. Dozier, was hurried to the Lee Grant Hotel in an ambulance.
Dr. E. J. Dorman was called in and a trained nurse was secured. His family at Griffin was promptly notified, his brother with family physician, with Mrs. Daniel, hastened to his bedside by automobile, reaching Fitzgerald late this afternoon.

His death cast a gloom over the grand lodge proceedings and the news rapidly spread over Fitzgerald. The fifteen hundred delegates attending the grand lodge are leaving the city greatly affected by the death of the leader of American Odd Fellowship.

Judge Daniels was inaugurated grand sire of the sovereign grand lodge last session in Atlantic City, and has since traveled over Canada and the United States, visiting various grand jurisdictions, and had been received everywhere as possibly the most popular and brilliant grand sire who was ever at the head of this the largest fraternity in all America, and its two and a half million members will receive the news of his tragic end with a profound sense of grief and loss.

He was judge of the superior court, and the combined duties as judge and grand sire had overtaken his strength and undermined his vitality. He was sought as a gifted speaker from every section of the country, and had many plans for the sovereign grand lodge in San Francisco in September.

Yesterday morning he spoke of his great work with no pretension of his approaching fate, and at the close of his stirring address to his brethren, he staggered to his chair, stricken and pallid.

While the active head of the sovereign lodge of I. O. O. F., Judge Daniel found time to devote to the work of the Red men, and at the time of his death was past great inexperience, the only Georgian ever to hold this office, the highest in the gift of fraternity.

The Red Men of Georgia were planning special entertainment for him at the state council of Red Men to be held in Atlanta next month.
Judge Daniel had no children but is survived by his widow, one brother, Milton J. Daniels, of Griffin, and one sister. A delegation of Atlanta friends will go to Griffin to attend the funeral services.
Fitzgerald, May 28.—Atlanta will be the next city to entertain the grand lodge of Georgia, I. O. O. F. which closed its seventy-seventh annual convention here.

THE F. D. A. AND M. SCHOOL Closing Commencement Exercises Attended by Much Interest

SENIOR CLASS F. D. A. AND M. SCHOOL

(1) Miss Margaret Lou Moore; (2) Miss Tera Proctor; (3) Howard A. Prather; (4) Miss Willie Ranterson; (5) James Ewell Akin; (6) Miss Mattie Coleman; (7) Frank H. Sharpe; (8) Miss Mattie Irene Sowell; (9) Miss Merle L. Moore; (10) Miss Rosa Phillips; (11) Miss May Belle McElveen.

The commencement exercises of the First Agricultural School were held Monday May 31st at 10:30 A. M. More genuine enthusiasm of students and visitors alike was perhaps in evidence, than has occurred for some several years at this function. Hon. J. Randolph Anderson of Savannah, delivered the Baccalaureate Address which was listened to with marked attention and highly appreciated. Mr. Anderson's address covered every phase of the schools progress and its needs as well. His words in part were:
"To those of us who have watched over the struggles and trials of this institution it is a matter of great pleasure and satisfaction to realize that in spite of all the difficulties it has to contend with from lack of sufficient funds for its support, it has accomplished and is accomplishing a wonderful amount of good for the people of this district and has established itself as one of the leading educational institutions of its kind in the State. This is due in largest measure to the untiring devotion, the noble and sacrificing efforts of the members of the faculty, without which it would have been impossible."

"It is a pleasure and a privilege to take part with you today in the closing exercises of this school and I am sure it warms the hearts of all these older people here as it does my own, to see so many bright young faces of those who are preparing to take their stand and do their part in promoting the welfare and upholding the fair name of Georgia in the years that lie before us."

"Thomas Jefferson in speaking of the need for education said: 'If a nation expects to be ignorant and free in a state of civilization, it expects that never was, and never will be. And again, in speaking of the uplifting of mankind, he said: 'If the education of man is to be progressively ameliorated, as we fondly hope and believe, education must be the chief instrument in effecting it.'"
Jefferson was probably the first man in this country to suggest a plan for the education of the people generally. The system whose adoption he proposed was substantially the following. Elementary Schools, District High Schools (Colleges) and a University at some central and healthy location in the State.

"His idea was that the Elementary Schools should teach reading, writing and arithmetic, geography and history, and that the tuition should be free. He also suggested a plan by which the District High Schools and the University the tuition should be partly free.
"Georgia today is paying out from her state treasury for her common schools a large amount in proportion to her revenues than almost any other State, yet we are not getting as good results as are other States of our rank and wealth. 'Truth is the time has come when we must seriously take stock of our situation and decide what we are to do.'"
"Ways and means must be provided for keeping our people abreast with the enlightenment of the age. The question is, how is this best to be accomplished. The experience and example of other leading States of the Union show us that it should be done through the assistance and co-operation of the Counties and that no unit smaller than the county should exercise the power of taxation for this purpose. All the people of a county should have equal school facilities furnished for their respective neighborhoods and this cannot be done if a county is to be divided up into separate taxing districts."
"In whatever way and from whatever standpoint we may regard the question of education, one thing is of paramount importance to be remembered in a democratic country like our own. We must always bear in mind that we are not giving education to any individual for his own selfish benefit, but that education is given him by the State in order that he may grow up to be an enlightened and responsible citizen of a free country."
Dr. L. R. Avant of Savannah, addressed the graduates and students much much enthusiasm. Dr. Avant was followed by Mr. J. A. Brannen who gave sound and valuable advice on the subject of time or promptness in all matters social or business. Col. Lanier and Mr. Greene Johnston responded to requests for speeches, and Mr. J. W. Williams told the grads about his successful farming interests and his willingness to be one to at once subscribe his share to lift the debt from the First District College. Mr. R. Lee Moore related some interesting information regarding the efforts to secure the college for Statesboro. He advised the grads to follow the plan at least three of the male gender and told them to plant cotton as well as other products saying that if they followed the advice of many diversifying to hog and hominy exclusively, that Swift and Armour would get them. Mr. Moore's remarks created quite some enthusiasm and amusement as well.
Prof F. M. Rowan Principal, in well chosen remarks presented the following resolutions:

ANGER AHEAD FOR THE FARMERS

Unless They Organize Thoroughly to Handle Crops—Grass Is Badly Effecting Crops All Over the State

Douglas, Ga., June 2.—(Special)—Returning to the headquarters of the Georgia State Farmers' Union from an extensive tour of Georgia, President J. J. Brown gave out an interview for the press in which he sounded a strong warning to the farmers.
President Brown is one of those optimistic men who does not believe it right to let optimism overshadow true situations, and who believes that to take hold of an emergency before the emergencies arises is the better part of valor.

President Brown stated that he had never found the cotton fields of Georgia so full of grass as they are at this time. "There are thousands of acres," he said, "that are planted in cotton that are now being plowed up and replanted in peas, sorghum cane and other things, because the grass has gotten ahead of the farmers and they realize that there would not be any yield of the staple to speak of."
Asked to what extent the crop in this state would be cut this year, Mr. Brown said:
"Well, in the first place the acreage was cut, I believe, at least 30 per cent; about 45 per cent less fertilizer was used than last year. The crops on the average throughout the state are in the worst condition they have ever been at this time of the year, and for these reasons, I believe that the crop will yield at least 40 per cent less than did the 1914 crop."

These conditions of bad fields and poor stands were worse in middle and South Georgia, said Mr. Brown. He believes that the grassy condition would in itself reduce the yield 25 per cent this year over last.
The officials of the State Farmers' Union are anxious to enroll fifty to seventy five thousand members before the marketing of the crop and in order to do this, the Union is making very liberal terms for initiation.
One thing stands out at this time that is very encouraging to the work of organization and that is that the business organizations of the state are co-operating in every way possible to aid the Union. This has not been true in years gone by, but both the business people and the farmers have discovered that they must work together. The business interests have learned the lesson that when the farmers farm badly, the business of the state goes to pieces, and on the other hand, the farmers are awake to the fact that their place in the business world is to make and market products, not to sell groceries, do banking, and the Union is now organizing and teaching a new method or methods of bringing into closer relationship all the interests of the state.

Continuing the speaker said that in order to meet the situation and handle it with the least possible injury to all, it would be absolutely necessary that the farmers organize in every malitia district of the state.
"It will be impossible for the State Farmers' Union to supply organizers to do this work all over the state in due time to meet the marketing conditions," said President Brown, "we urge upon every community to have someone to be secretary, Fred Rickerson, Douglas, Ga., for terms and a commission to organize their respective communities."

WHERE WE STAND

Since acquiring this newspaper
some three months ago, and in our
introductory editorial omitting to
give expression to any political
leaning, affiliation, alignment, for
this or that man or faction, appears
to have been weighing to a degree
upon the mind of a few politically
interested people if we are to take
an inference from remarks that
have been passed on to us and some
blunt if not pointed questions that
have been put up to us during the
last fortnight.

The manifest interest in the
policy of this paper and the ad-
vice gratuitously given as to how
we should run it, and what we
should do and not do, and the
reference as to our silence in the
premise we allow, is a natural con-
sequence, and mayhap the growth
of our subscription list has been
stunted through this self same
silence.

We presume that many of our
friends would like to see our politi-
cal banner floating in the balmy
breeze, particularly since several
of our contemporaries in grazing
land adjacent to Bulloch county
have come right out in public and
spoken their little piece in the
First district political school, even
before the regular term actually
begins; some going so far as to
name their preferences for the Dis-
trict Superintendent, and others
admitting, with our scratch

hands and empty purses that they
are eagerly waiting the biennial
fray and the spoils that follow.

Our delay in raising the politi-
cal penon of the News has not been
through fear of unfortunate al-
liances or waiting to see which
way the straws were blowing; but
simply that we've been so "durned
busted" busy getting our house
in order, cleaning up—painting
up—disinfecting, etc., etc., etc.,
and more etc., etc., in our efforts
to make the News the BEST news-
paper that Bulloch county has
ever had, that we positively for-
got politics—and just think of our
losing sight of such an advantage-
ous opportunity; why its sheer
commercial augurage, and we
acknowledge it. Now that we've
been asked point blank "Where
are we at?" in the game, we don't
mind telling. Probably we can't
more tersely express our political
leaning than is done in the
paragraph at the head of the first
column of our editorial page.

However, now that we are on
the subject we may as well write
the first and last chapter 2 in 1
(apologies to the manufacturers of
a certain shoe polish) and end the
story book.

THE NEWS IS POSITIVELY,
ABSOLUTELY, UNEQUIVOCALLY,
INDEPENDENT. The
proprietors and managers of this
paper will not under any circum-
stances lend its exclusiveness or
editorial influence (if such there
ever may be) to any one political
faction or individual. It will, as
its name implies, print the news,
when it is news, of any and all
political factions.

The advertising columns will be
open to all politicians who may
desire to present their claims and
promises to their prospective con-
sistors—PROVIDING, the subject
matter is printable and devoid of
aud-slinging, personalities and
libelous insinuations.

We don't want our friends to
infer from this expressed policy
that we are straddling the "Demo-
cratic Donkey," the "Republican
Elephant" or a Bulloch county
fence. It's a stand of INDE-
PENDENCY—that on an election
day will leave us free as our own
conscience dictates, with the great
conviction imbedded in our minds,
and hearts, that we have not sold,
bartered or traded a principle.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if Kidneys feel like lead
or Bladder bothers you—Meat
forms uric acid.

Most folks forget that the kidneys,
like the bowels, get sluggish and clogged
and need a flushing occasionally, else we
have backache and dull misery in the
kidney region, severe headaches, rheu-
matic twinges, torpid liver, acid stomach,
sleeplessness and all sorts of bladder dis-
orders.

You simply must keep your kidneys
active and clean, and the moment you
feel an ache or pain in the kidney
region, get about four ounces of Jad
Salle from any good drug store here,
take a tablespoonful in a glass of water
before breakfast for a few days and
your kidneys will then act fine. This
famous salt is made from the acid of
grapes and lemon juice, combined with
lithia, and is harmless to flush clogged
kidneys and stimulate them to normal
activity. It also neutralizes the acids
in the urine so it no longer irritates,
thus ending bladder disorders.

Jad Salle is harmless, inexpensive,
makes a delightful effervescent lithia-
water drink which everybody should take
now and then to keep their kidneys clean,
thus avoiding serious complications.

A well-known local druggist says he
will lots of Jad Salle to folks who believe
in overcoming kidney trouble while it is
only trouble.

STATESBORO NEWS' GRAND PRIZE SUBSCRIPTION CONTEST

NOW THE TALK OF THIS ENTIRE COMMUNITY

Never Before in the Contest Manager's Experience Has He Ever Seen so Much Interest Displayed
"Right Off the Bat"

CONTESTANTS GETTING RIGHT DOWN TO BUSINESS—"BOOSTER PERIOD" STARTS TODAY

The Best Time of All Times to Enter the contest is During "Booster Period—Remember, No Losers—Everybody Wins

Today is the beginning of Booster Period in the News' big subscription contest, which means that contestants themselves and friends of contestants can boost their standing by securing subscriptions to the News or soliciting advertising or job printing contracts—SINGLE SUBSCRIPTIONS COUNT NOW—THEY COUNT BIG. "Tis well to make hay while the sun shines."

Why is Booster Period?

What does "Booster Period" mean? It simply means to BOOST, and everyone knows what a BOOSTER is. It means that THIS IS POSITIVELY THE BEST TIME IN THE WHOLE CONTEST FOR THE PEOPLE TO SUBSCRIBE FOR THE NEWS AND BOOST THEIR FAVORITE. BOOSTER PERIOD means that every yearly subscription turned in counts for 16,000 votes. THINK OF IT! This is a bonus of 15,000 votes for just one subscription—add the regular scale to this and you have 16,000 votes. See complete list below. DIG OUT THOSE 5-YEAR "SUBS" NOW. From this scale you will readily see where it is

to your advantage to get up and hustle and to enter if you have not done so already or enter the name of some friend. Get your friends interested right now, while subscriptions count so much, because "BOOSTER PERIOD" will not be with us long. IT ENDS ON JUNE 23, AT 9 P. M. Such a wonderful bonus vote may never happen again in this contest. Study the booster scale well—paste it in your hat—keep it where you can get to it to show your friends and let them see what subscriptions will do for you now.

During "Booster Period" the Following Scale is to Prevail:

	REGULAR VOTES	EXTRA VOTES	TOTAL VOTES
1-Year subscription . .	1,000	15,000	16,000
2-Year subscription . .	3,000	31,000	34,000
3-Year subscription . .	6,000	47,000	53,000
4-Year subscription . .	10,000	64,000	74,000
5-Year subscription . .	15,000	80,000	95,000

Take Your Pencil and Do a Little Figuring; Then Stop and Think of the Valuable Prizes and entertainment for TEN DAYS in New York, and last, but not least a commission on the work that you do if you do not win a prize.

Is the Field Ripe? Well, Rather

Contestants will find it easy picking right now—there are scores and scores of people who are ready to subscribe for the NEWS—who will subscribe for the NEWS—you may get them for two, three, or four years even five years. Every one is a prospective subscriber, everyone wants their home paper. Explain to them what kind of a paper the NEWS is now under the new management. Above all be sure that you always have a copy of the paper with you to show. You can get your share of subscriptions and you should get them during "Booster Period."

Now Mark It! Remember It! It's Important. "Booster Period" Closes June 23rd At 9 P. M.

This is a mighty short time—hustle in your subscriptions and do this promptly. Remember the rules as to turning in the money for subscriptions. This is the GREAT BIG TIME—when votes count up and count up fast. Turn once more to "BOOSTER" scale—hard work now will reap big benefits and give you reward that you may not be able to get later in the game and the field has been canvassed.

Contest Manager Always On The Job

Talk with him whenever you have opportunity and let him give you the benefit of his experience in many contests—it might be just the thing you are needing. His services are FREE and EQUAL to every contestant—he plays no favorites—an equal chance to all.

Decide Today That You're Going In

Write or phone the contest manager or call upon him in person—he will do the rest. You'll find this the most interesting work that you ever got into. IT'S JUST TIME—getting out and meeting people and at the same time learning things that you never knew before. 'Twill do you good—the experience will be worth a lot to you.

Read The Contest News Every Week

Never fail to do this and keep posted on just what's doing—you cannot afford to lose on the job—hustle—then hustle some more and the more you hustle the more you'll feel like hustling.

Rules of the Contest

1. All collections made by contestants must be turned in promptly to the

Contest Manager.

2. Subscribers are cautioned to demand a receipt for all money paid to contestants for subscriptions and return same to Contest Manager to be dated according to books showing date of expiration.

3. Contest Manager's signature must be affixed to the votes before same are of any value in this contest.

4. Votes cannot be bought. The contest will be run on a square basis with equal rights to all. Votes can only be obtained by securing subscriptions, by securing orders for job printing and contracts for advertising, by clipping the vote coupons appearing in each issue of the paper (until further notice), by using the nomination blank at time of entry, and by winning the extra votes offered from time to time and announced in advance. The regular scale of votes that will apply during the contest is published elsewhere in this issue.

5. No employee of the News will be permitted to participate either as a contestant or vote in the contest

6. Contestants will not be restricted

to any territory in securing subscriptions, but may secure them anywhere in the United States.

7. Only one nominating coupon will be credited to a contestant.

8. Votes once issued cannot be transferred to another contestant.

9. Nominators of contestants and contestants must agree to accept all rules and regulations of this great voting contest.

10. The right is reserved to reject the name of any contestant for cause.

11. Any question that may arise between the contestants or their friends will be determined by the Contest Manager and his decision shall be final.

12. The rules, regulations and scale of votes are subject to change without notice should the change be deemed advisable.

13. In case of typographical error correction will be made in following issue after detected and this paper is not responsible for any typographical error.

SUCCESSFUL COMMENCEMENT AT AGRICULTURAL COLLEGE

Splendid Program Rendered the Last Day

Statesboro ought to wake up to her very great opportunities that in a measure lie dormant in more ways than one, and one of these is educational facilities. Pick up your Georgia paper and scan its advertising columns and you can't miss seeing some cleverly written advertisement about the numerous schools and colleges for girls and boys. Right at our door we have what should be one of the most prominent agricultural schools of learning that this southeast section should ever have. There are many Statesboro and Bulloch County citizens who have never visited the F. D. A. & M. school or grounds. It is an institution that could be made vitally important and advantageous to the progress of this city and a general effort toward a more healthy life for this school should become one of the early moves of the entire community.

The exercises preceding the closing day were replete with a varied and interesting character of entertainment embracing a play well acted Friday evening May 28th; on Saturday night Class Night, and on Sunday morning some truly meritorious musical numbers were given in vocal, solo and ensemble, forcefully demonstrating the extremely wide and remarkable avenues of learning that is obtainable at this school.

The closing program of the commencement May 31st follows:

Invocation
Evils of our Overgrown Population, May Bell McEwen, The Woman Who Speaks, Rosa Mae Phillips "Arachne" (Chamade), Zeta Parrish, How My Dress Was Made, Mattie Coleman, "La Ruisseau" (Volunteer), Betty Ricks, Maintaining Soil Fertility, Ewell Aiken, "The Vine Gathers" (Danza), "Kentucky Babe" (Gebel), Girls' Chorus, Baccalaureate Address, Hon. J. Randolph Anderson, Delivery of Medals and Diplomas, F. M. Rowan, Principal.

A paper "How My Dress Was Made" by Mattie Coleman attracted a great amount of attention, the closing paragraphs of which elicited much praise and comment from the Hon. J. Randolph Anderson and is herein given.

"On April 17th my graduating dress was cut; the material used in this was white voile costing the small amount of 25c per yard. The summary of the entire cost of the material for my dress with waist and trimming is as follows:

4 yds. voile at 25c per yard \$1.25

13 1/2 yds lace at 22c per yard \$2.97

Thread..... .05

Clasps..... .10

Ribbon..... .10

Embroidery Thread..... .12

Total..... \$4.51

"This small sum together with a few hours work has produced for me a dress worth twice the cost. It has taught me principles of sewing that will ever be a help to me. I have learned more than this. I have learned to be patient, painstaking, and I have learned to like my work. "I can now make any garment I desire. This fully convinces me of the truth of the old adage: "If you want to get something out of a thing you must put something into it."

A BIT OF ADVICE

First, Don't Delay--Second, Don't Experiment.

If you suffer from backache, headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help. Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Statesboro residents desire more convincing proof of their effectiveness than the statement of a Statesboro citizen who has used them and willingly testifies to their worth?

Mrs. J. B. Burns, 56 W. Main St., Statesboro, says: "A short time ago I used Doan's Kidney Pills and got good results. I can recommend them to others who suffer from kidney trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy--get Doan's Kidney Pills--the same that Mrs. Burns had. Foster-McBarn Co., Props., Buffalo, N. Y. --Advertisement.

JAECKEL HOTEL

Additions and Improvements

A hotel is often referred to as a barometer for a town's condition, facilities, etc. If that may be accepted as authority then Statesboro is making a good showing as a hustling progressive city. The owners of the Jaekel hotel, realizing the demands of the traveling public and the conveniences that are necessary now, more particularly for the commercial agents and those traveling by auto in and out of Statesboro have given Landlord and Mrs. R. L. Paschal a substantial and most accommodating addition to their hostelry, in the shape of a large and commodious building situated on the south-west corner of the hotel lot, comprising two large sections one 16x45 and one 16x32 divided into three compartments each as drummers sample rooms. These rooms are completely equipped, affording every convenience that the knights of the girth may desire; they are brilliantly illuminated allowing a display of goods at night which will be a decided innovation to the agents displaying their goods here as well as an accommodation to many local merchants who will avail themselves of this opportunity. Connected with this same building is a large and roomy garage or auto shed which will conveniently house a dozen or more automobiles. Once this special accommodation becomes known to auting parties Statesboro will be an objective point and stopping place for many pleasure trips by people from other sections.

JEFFERSON DAVIS' BIRTHDAY

Only President of the Confederacy

The one hundredth and seventh birthday of Jefferson Davis was observed in Statesboro to-day by the closing of the local banks and other public institutions. No special exercises of the event had been prepared largely owing to the fact that a number of Cone Camp U. C. V. are attending the reunion at Richmond, Va.

GROWING AND SHIPPING MELONS

(Continued from First Page.)

CLASSIFIED. Such unclassified loading is discouraged and growers, buyers and jobbers are urged to use their influence to the end that melons, so far as possible, be standard loaded.

GENERAL REMARKS

The co-operation of growers, buyers, shippers, distributors and railroad are urged in making these rules effective for the mutual protection of all. By a strict adherence to these rules the grower will get better prices for his melons, the buyer will get better value for his money, the distributor will have less rejections and complaints from jobbers, the railroad will have less claims for damages and the consumer will be better supplied with better quality melons and will therefore naturally increase the demand and in this manner conserve the best interest of the melon industry.

The following named firms comprise the charter membership of the Melon Distributors Association: B. D. Anguish, Chicago; Albany Produce Co., Albany, Ga.; I. Cohn, Chicago; D. H. Gilbert, Monticello, Fla.; Gellende Bros., Verbeum, Ala.; Fuller Grocery, Quitman, Ga.; S. G. Gray, Trenton, Fla.; Frank H. Johnson, Hilton, N. Y.; O. K. Pennington & Co., Evansville, Ind.; Shackelford Brown Co., Albany, Ga.; Vollmer & Winkler, Vincennes, Ind.; Wade & Bell, Trenton, Fla.; Whipple and Mahab, Quitman, Ga.

MEASURES ADOPTED

Getting right down to the meat of the but, no time was lost in arriving at a conclusion to begin in earnest; and a resolution was passed empowering the president to appoint a committee of five of the temporary organization to draft a set of By Laws, map out a plan, and scope of work to be done, suggest some appropriate names for the organization, from which one will be selected. The meeting was adjourned subject to the call of the president when a general invitation will be extended to every interested and progressive citizen of Statesboro and Bulloch county to join in this movement for community advancement. Those who attended the meeting were:

THE RIGHT PLACE FOR RIGHT GOODS AND RIGHT PRICES

Flour--Very high grade and giving the best of satisfaction. In constantly increasing demand from old customers.

Tea and Coffee--Highest grade of both articles, rich in flavor and delicious to the taste.

Canned Goods--"Excellent" is the only verdict of those who use them. They are great winners.

Butter and Eggs--Highest grade creamery or tub butter, and strictly fresh country eggs. Quality guaranteed.

Fresh Vegetables--And when we say "fresh" we mean "FRESH." No stale vegetables are ever sold at this store.

Fruits--Oranges, lemons, bananas, and other fruits in season. The best only.

Smoked and Salt Meats--Our premium hams are especially popular and appetizing. The quality is "away up" and the price is much below. For something equally good try our bacon and salt pork.

Potatoes--We have ransacked the market in order to secure a perfect grade of Irish potatoes, entirely free from water and soginess. There's more in the potato than in the cooking. Our will please you.

Delicacies--Honey, jellies, and other delicacies, of unexcelled purity. Very desirable, and always call for more.

STATSBORO BUSINESS MEN ORGANIZE

An Enthusiastic Meeting of Leading Citizens Held At the Court House

In response to a petition presented to a few of Statesboro's progressive citizens requesting a meeting to effect a temporary organization that would soon, at a general meeting become a permanent civic association, to then be named, and to have its scope, and plans put before all the business men of Statesboro and Bulloch county's leading farmers, who will be invited to join, a most earnest and determined body of men talked in a serious vein and went right to the heart of the vital subject of the necessity of co-operation and organization as a means of advancing the commercial and agricultural interests of this community.

OFFICIALLY ORGANIZE

Mr. Hinton Booth occupied the chair at the opening and called upon Mr. Glenn Bland to act as secretary; after presenting the object of the meeting in detail, Mr. R. F. Donaldson was elected unanimously to the office of temporary president, and Mr. Thomas D. VanOsten to the office of temporary secretary.

INTERESTING DISCUSSION

Several of those present entered into the spirit of the occasion and presented diverse views, plans and suggestions for the building of a substantial business organization that at the outset would hit right from the shoulder, blows that must count in the progress of Bulloch county and the city of Statesboro. Regardless of varying opinions in minor details, there was but one single purpose foremost in the speeches of every man attending the meeting, and that was co-operation with a big C.

MEASURES ADOPTED

CHINK LAUNDERER A "YELLOW PERIL" IN EVERY TOWN

Mr. Fitch Tells Laundrymen Problem Solved By Co-Operation--Old-Time Washerwoman Still "Totes" Clothes

(Savannah Press.)

The Chinaman is not only a "yellow peril" on the Pacific coast, where he competes with domestic labor, but in every community in the country where there is a Chink laundry.

Such are the observations of Mr. W. E. Fitch of LaSalle, Ill., representing the National Launderer's Association, and who is attending the ninth annual convention of the Launderer's Association at the Carolina Hotel, Tybee, Mr. Fitch has made a close study of the laundry situation throughout the country and from every standpoint.

"The day of the Chink laundry has not passed. But it will," he said. "With the co-operation that is being shown by the laundrymen throughout the country, it is only a matter of time before the little hotel with the Celestial work night and day under the most unsanitary conditions will be a thing of the past."

"If the first Chinese exclusion act of 1882 had been enforced there would be none in this country now. There are now over 7,000 Chinese laundries in the United States. If there is to be any legislation it should be directed against the Chinaman. We now have a bill introduced in the senate by Senator Lodge and in the house by Congressman Burnett. It provides for the registration of all Chinese within one year after the passage of the bill. It also provides for a punishment of one year in prison for the violation of the proposed law. If the laundrymen will rally to the support of the bill it will be passed."

Continuing, Mr. Fitch called attention to the fact that municipalities direct ordinances against steam laundries, requiring them to operate under the most sanitary conditions; regulating the hours of workmen and providing, in some states, for workmen's compensation in cases of injury, and forcing them to submit to inspections.

Across the street is the Chinaman, living in a dirty hovel; working twenty-four hours (as long as he can stand it); pays little or no revenue to the support of the community, and sending his earnings across the water, and who is not required to submit to inspection.

"If in the case of a contagious disease a driver for a modern laundry would not call at that house for work, but there is nothing to prevent a member of the family from tucking a bundle under his or her arm and going to Mr. Chink's hovel. And Mr. Chink never asks questions--he takes the package and 'gives' it. This package goes in the wash with all the rest, and the diseases go to the community."

"If a white man tried to operate a laundry in such places and under such conditions he would be run out of town, yet white people will continue to patronize the Chinaman while modern sanitary steam laundries, giving service, are clamoring for work."

Reverting to the community laundry, Mr. Fitch declared they have not been successful. Through lanes of cheering thousands the parade moved to the monuments of General Robert E. Lee, and thence to a spot near the
