## NOO-RAY FOR THE FOURTH OF JULY

Statesboro Civic League Preparing to Conduct a Patriotic Entertainment July 4th

The Statesboro Civic League which gave Statesboro such an enjoyable affair in the May Day Fest May 21st on the court house grounds are preparing in an appropriate manner to celebrate the ever glorious July 4th. Advance arrangements were planned at a special meeting this Tuesday which will include some interesting features for that day. A program was practically prepared that will embody some appropriate chorale work by the combined vocal talent of the city including a large children's chorus. Some vocal solos and National airs with orchestra accompaniment will be a part of the music feature. Several short addresses will be made and the Declaration of Independence will be read. The League will serve refreshments throughout the day and early evening, the revenue from which will be applied to a fund to be used toward improvement of public parks and other civic work that has been heretofore under consideration.

Drink Coca Cola in bottles at Bulloch Drug Store.

**BRICK**  
Lime and Cement on hand every day in the year. R. H. Warnock, Brooklet, Ga.

## BROOKLET'S BUILDING BOOMERS

Several New and Attractive Buildings Going Up

Brooklet citizens appear to have become affected with the building fever; a half dozen or more new buildings are in course of construction or planned for immediate beginning.

Mr. R. H. Warnock who is erecting a substantial brick store reports that it will be completed within the next month and ready for occupancy.

Dr. McElveen will have ready for service in a short time a two story brick building that will be used as his office and for store purposes.

The Bank of Brooklet will have an added one story brick that will be used as a private store room.

We are informed that plans are being considered for several residential buildings which will add greatly to that part of the city now so rapidly forging ahead.

Bulloch County Cotton in Blossom

The News has received during the week several letters containing full bloom cotton blossoms; two of these are especially interesting. Mr. John Powell, route 1 from Register, states that he has seventy-five acres well in bloom. Mr. Raymond Warnock, Statesboro route 4, hands us an upland blossom of Russells Improved Double Jointed variety that is a pretty specimen. Experts have given an opinion that this variety will be advisable to plant in the event of the coming of the boll weevil.

Mr. Cecil C. Wilson, of Statesboro route 3, sends in two blue blossoms and believes that if his acreage was sufficient that he would be able to bring in the first bale.

**OLDER BUT STRONGER**  
To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building, and blood-nourishing properties of Scott's Emulsion which is a tonic and a medicine to keep your blood rich, alkaline, and clean, and avoid sickness. No alcohol in Scott's. Scott & Borne, Bloomfield, N. J.

## DARK DAYS

Are Days of Suffering—They Are Becoming Brighter for Some Statesboro People

Many "dark days" from kidney ills. Backache, headache—tired days. Urinary trouble makes you gloomy.

Doan's Kidney Pills have proven their worth. Have been tested by many kidney sufferers. They are endorsed by Statesboro people.

Mrs. J. G. Mitchell, College St., Statesboro, says: "For many years I was a constant sufferer from kidney trouble. I had about all the symptoms that accompany that complaint. Dropsical swellings caused me a lot of misery and the kidney secretions were unnatural. I had pains in my back and my bladder was affected. I used Doan's Kidney Pills and they brought me good results. I have taken them off and on ever since and they have never failed to act just as represented."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mrs. Mitchell had. Foster-Milburn Co., Props., Buffalo, N. Y.

**Wire Fence**  
We have just received 25 miles of the American Fence. Can fill your wants for any height. R. H. Warnock, Brooklet, Ga.

Call for Coca Cola at your Drug Store.

**Mr. Bloom Evans, of Cameron, Suffering With Blood Poison**

Mr. Bloom Evans, son of J. A. Evans, a prominent resident of Cameron is seriously affected with blood poison as a result of being pricked in the calf of his leg by a cat fish fin while fishing last Thursday in the Ogeechee river. Mr. Evans and a party were enjoying an outing and had a good sized cat in their boat and in some manner while kneeling in his boat the fin of one of the fish that was in a bag came in contact with his leg leaving a sharp scratch which for the moment he gave no attention. Upon returning to his home the leg began swelling and physicians were immediately called and he has been given every attention but fears are entertained that amputation will be necessary to save the young man's life.

**Brooklet**  
(Special to the News.)

Mrs. D. E. Thompson, of Brooklet, is visiting her parents, Mr. and Mrs. A. J. Lee.

Mr. Wilkie Rabie, of Savannah, is the guest of Mr. Harold Geiger.

Dr. and Mrs. W. C. R. berts are attending the commencement exercises at Graymont-Summit this week.

Miss Ruby Pledger, a member of Brooklet High School, left Tuesday for Asheville, N. C., to visit her sister, Mr. Marvin Hulm.

Misses Ruby Lanier and Mildred Richardson, who have been at G. N. & L. C. and Mr. Walter Balford, who has been at Emory, have returned for their summer vacation.

Mr. Tilton Blackburn left last Saturday for New Mexico.

Miss Ruth Parrish, who has had charge of the music class at Seville, Fla., has returned.

Mrs. G. O. Floyd is visiting her daughter, Mrs. Chester King at Kingsland.

We regret to learn that Mrs. Fred Manz was called home on account of the death of her mother at Cincinnati.

Mothers' Day was observed by the Baptist Sunday school Sunday night. An interesting program was rendered.

Mrs. Robert Edwards, of Mel-drim, is visiting her parents, Mr. and Mrs. H. M. Geiger.

Mrs. J. W. Robertson delightedly entertained the sewing club last Wednesday.

## PEACE WITH GERMANY EXPECTED IN WASHINGTON

Reply to Note Is Not Due for Two Weeks

By THEODORE TILLEY.  
(Special Correspondent International News Service.)

Washington, D. C.—The United States and Germany are on the way toward an amicable and honorable settlement of their grave differences. This was the accepted view today in official and diplomatic Washington.

Unofficial but creditable reports have reached the capital that the second American note has been well received in Berlin, where the firmness of its tone was not overlooked, but it was noted that the document is not bombastic in tenor and shows the disposition of this government to come to a reasonable basis of agreement.

The reply of the German Foreign Office to the American note transmitted two days ago is not expected for about two weeks, but there is a noticeable increase today in the optimism of Government officials and the observant Washington public.

This more hopeful feeling regarding the controversy, however, was mixed with some concern as to the interpretation Germany and other foreign countries may put upon the propaganda sponsored by the retired Secretary of State, William Jennings Bryan.

The former Premier has issued another statement explaining his position, his latest appeal being addressed to German-Americans, who are asked their influence upon the German Government to persuade it not to take any steps which may lead to war.

Because of his recent utterance at a critical period in the nation's history, Mr. Bryan has not escaped severe criticism, and it is understood his activities at this time are not wholly understood by or pleasing to official Washington.

While Germany considers the second American note, it became known in official quarters that this government will send to Great Britain and her allies a note expressing a change in the conduct of the "bread blockade" now conducted by them. It will be urged that such a blockade should be conducted along the recognized principles of international law, which forbids interference with noncontraband articles in transit to or from a belligerent country through contiguous neutral territory, or destined to neutral ports.

If headway can be made with Great Britain, it will relieve greatly the German situation, although it is still the purpose of the Administration not to complicate the two issues—one with Germany regarding the neutrality of the seas and the safety of Americans, the other with Great Britain concerning her detention of noncontraband shipments.

**Short Stories.**

Two Chinese daily papers are printed in Manila.

The area in Poland devastated by the war approximates 91,000 square miles equal to the states of New York and Pennsylvania.

The profitable shrimp fisheries in some parts of Mexico are being destroyed by the crude oil on the surface of the water, which comes down the rivers.

Postal parcels may now be exchanged between the United States and Gibraltar. The postage rate from the United States is 12 cents per pound or fraction thereof and the limit of weight eleven pounds.

**Wind and Storms.**  
The wind always blows from a region of fair weather toward a region where a storm is forming.

# The Statesboro News.

LOOKS A GOOD DEAL LIKE THE "GOOSE STEP."

## EMANUEL COUNTY WANTS DIXIE HIGHWAY

Will Hold Big Mass Meeting at Swainsboro Wednesday, June 23rd.

The Bulloch County Board are recipients of another invitation to attend a mass meeting at Swainsboro June 23rd to join in with them in their efforts to route the Dixie Highway thru Dublin, Laurens county, and Emanuel county. The occasion will be made joyous with a big barbecue, picnic and auto festival.

Chairman Smith of Emanuel county's commissioners was appointed a special committee to invite W. T. Anderson and Clark Howell members of the commission from Georgia, to lay their plans before them, and show them the hindrances they can offer in the way of a connecting link in the National Highway.

The Bulloch county commissioners have signified their intention to attend this meeting, and thus far several citizens have expressed their views in favor of it. The NEWS believes that this is our opportunity; we should go to Swainsboro ONE HUNDRED strong, with this slogan—Dublin and the three routes—Swainsboro, Statesboro, Savannah—the BEST way for the Dixie Highway.

As the crow flies its shortest way by upwards of forty miles; there are many advantages in favor of this route other than the short mileage. It pierces the richest farming land of Georgia populated by progressive farmers who own, live upon, and work their own farms. Another reason—at no time enroute from Dublin to Savannah via Swainsboro and Statesboro would a tourist party be more than a mile or so from telephone service, and very very free.

Offers Some Good Sound Advice to Growers—Pointers on Loading and Shipping Watermelons

The man who deliberately takes a team and a wagon to the melon field alone, throws the melons into the wagon without assistance—then drives to the car and throws the melons from the wagon to the car floor without assistance is throwing away money.

Don't try to grow melons unless you handle them as they should be. Watermelons are perishable, tender, easily bruised; yet some people seem to think they should stand as rough handling as pig iron or cord wood.

Unless more care is taken in the handling and loading of watermelons, buyers will desert the territory and go to more careful loaders.

It will pay to use springs on your wagons; also bagging and straw to pad your wagon box, sides, ends and bottoms.

Have a man in your wagon to receive the melons and stack them in carefully.

Have plenty of help at cars so they are laid down gently and without bruising them.

All cars should be lined with Carey's acid proof paper, and the floor heavily padded with straw.

For best results, grade your melons. The buyers recommend gradings as follows:

20 lbs. average, min. wt. 16 lbs., max 24 lbs.

22 lbs. average, min. wt. 18 lbs., max 25 lbs.

24 lbs. average, min. wt. 20 lbs., max 28 lbs.

25 lbs. average, min. wt. 20 lbs., max 30 lbs.

28 lbs. average, min. wt. 24 lbs., max 32 lbs.

(Continued on Page Twelve.)

### Policy of Japan Not Opposed to American Interests In China

By AKIRO SHITO, Department of Commerce, Japan

THE commercial policy of Japan in the Orient offers no danger whatever to the open door policy which the United States has desired for China. Commercially we do not ask for any advantages in China that we are not willing to see extended to the United States and to all of the rest of the world.

WE ARE READY TO HOLD OUR OWN BY COMPETITION. RECOGNIZING THAT WE AKIRO SHITO HAVE CERTAIN ADVANTAGES OF GEOGRAPHICAL POSITION AND CHEAPNESS OF LABOR WHICH OUR COMPETITORS CANNOT OVERCOME.

Japan's vested rights in China fall in another category. Around their maintenance centers practically all of the present discussion. I do not believe it is presumptuous for me to express the opinion that the United States has absolutely nothing to fear, politically or commercially, from the policies which the Imperial Government may contemplate.

### Women More Conscientious Jurors Than Are the Men

By C. S. ALBERT, Attorney for Great Northern Railway

OVER three years ago, when living in Minnesota—not a suffrage state—I thought that the idea of women serving on juries was a ridiculous proposition. I have had about twenty years' active experience in the practice of the law since that time, and the last three of which have been in the state of Washington, where suffrage exists and women act as jurors.

I have come to the conclusion that as a general class women are more conscientious in their regard for the charge of the court, are less inclined to shirk their duties when in the jury room and have a keener sense of the value of money than the men.

Before leaving Minneapolis I was under the impression that suffrage would have a great tendency toward destroying the home life and would result in neglect of family and children. AFTER A CLOSE STUDY OF CONDITIONS IN WASHINGTON FOR THREE YEARS THERE CERTAINLY IS NO EVIDENCE THAT SUCH A RESULT HAS ENSUED.

### Strong Women of This Country Actuated by Religious Motives

By HELEN CHRISTINE BENNETT, Author

THE prominent women in this country today are working not for fame nor glory nor for the joy of personal expression, BUT BECAUSE THEY BELIEVE THEY ARE DIRECT AGENTS OF GOD AND MUST MINISTER TO HIS PEOPLE.

As I am neither a religious nor a sentimental person, the knowledge of this belief, forced upon me after many interviews and visits with prominent women, has had a profound effect.

I have often noticed the difference between the attitude of men who have done things and women who have done things. Men are never willing to ascribe their achievements to any power but their own.

### WILSON LUCKY IN HAVING LANSING

President Found Trained Legal Mind in Acting Secretary.

### WILL GET PERMANENT PLACE

Counselor of State Department Was Only Nonmember Who Had Been Asked to Attend Cabinet Meetings Since the Spanish-American War.

By ARTHUR W. DUNN, Washington, June 15.—[Special.]—The Wilson administration was extremely fortunate in having such a man as Robert Lansing as the counselor to the state department at the time Mr. Bryan submitted his resignation. Mr. Lansing automatically became acting secretary of state, and the position prevailed in Washington that the president would name Mr. Bryan's former adviser to the secretaryship of state.

The president had turned to Mr. Lansing for the only expert advice he sought since the international situation had become so serious. Mr. Lansing, the only nonmember who had been invited to attend the cabinet sessions and discuss questions of national or international policy, was a Spanish-American war veteran, when President McKinley came to rely on William R. Day, then assistant secretary of state, during the illness of Secretary John Sherman.

In Mr. Lansing the president found a trained legal mind, comprehensive of the details as well as of the general principles of international jurisprudence and with clearness of judgment.

The Lake Mohonk conference is one of those institutions which is so much in character and seems to have for its purpose the instruction of officials as to what they should or should not do. For many years it has continued its efforts mainly to the Indians. Every body could tell what to do with the Indians and could yet if more important subjects had not come into the picture. Of late years the Lake Mohonk conference has taken up the peace side of the question as to whether or not the United States should make preparation for war or possible war. Consequently it was with some degree of pleasure that advocates of better preparation saw a bomb thrown into the Lake Mohonk conference by a college professor. Those who believe that big guns and big fleets are the best guarantee of peace enjoyed the job given by the conference.

The Government stands. Counting couples throughout the country will be glad to know that a federal judge in the District of Columbia has ruled that such couples can spend in the parks. This is the federal government committed on an important matter. It is believed that the federal judiciary, even up to the supreme court, will sustain the judge.

How Did He Do It? Senator Charles Curtis has been in Washington several days attending to business before the departments. The question asked him by Republicans has been, "How did you do it?" referring to his success in Kansas last fall. Jonathan Bourne, who is at the head of the Republican Publicity Association, asserts that the victory of Curtis last fall was the result of a combination of things in the campaign, and he among others asked the Kansas how he did it.

Saved From Waste. The geological survey reports that the value of \$72,780,000 was recovered last year from what has heretofore been called waste. This is one form of conservation. The geological survey has given attention to economies of the kind and issued a number of bulletins showing how materials could be saved which have been going to the scrap heap. It was the proclivity of Americans with materials which caused the movement for conservation. That movement has gone so far now that it covers nearly everything in the way of natural resources, and, although it is not wholly perfect, a great deal of good is being accomplished.

Constantly at Work. While it is no doubt true that all departments of the government are at work earnestly trying to improve such public interests as are under their charge, it is a fact that the agricultural department is always at work and in all localities. Here comes a report from the Philippines showing what the department has been doing made in agriculture in those islands by the introduction of modern methods by the agricultural department. Besides, the department is working in every land where the flag flies.

Canada Full of Fight. "Canada stands ready to furnish 300,000 men to help Great Britain fight the war," said John P. Ryan, a resident of Montreal, who was in Washington. It is rather strange that the offer has not been utilized, for it is certain that Great Britain has need of troops. Ryan says that many Americans are going into Canada and getting naturalized in order to enlist and go to the war. If they don't look out the peace people will get after our government and insist that Americans should not be allowed to leave this country for any such purpose.

THE WOMEN, ON THE OTHER HAND, VIEW THEIR WORK WITH HUMILITY. THEY GIVE GOD THE CREDIT FOR IT AND ARE CONTENT THAT HE CHOSE THEM AS AN INSTRUMENT.

### OUR PUBLIC FORUM

I—Introductory

Through the Press Service of Agriculture and Commerce, the master minds of this nation will be invited to the public forum and asked to live a message to civilization. Men who achieve seldom talk, and men who talk seldom achieve. There is no such thing as a noisy thinker, and brevity is always a close companion to truth.

It will be a great privilege to stand by the side of men who can roll in place the cornerstone of industry, to associate with men who can look at the world and see to the bottom of it; to commune with men who can hear the roar of civilization a few centuries away.

Too often we listen to the rabble element of our day that cries out against every man who achieves. "Crucify him," mankind never has and probably never will produce a generation that appreciates the genius of its day. There never will be a crown without a cross, progress without sacrifice or an achievement without a challenge.

This is an age of service, and that man is greatest who serves the largest number. The present generation has done more to improve the condition of mankind than any civilization since human motives began their upward flight. The Greeks gave human life inspiration, but while her orators were speaking with the tongues of angels, her farmers were plowing with forked sticks; while her philosophers were emancipating human thought from bondage, her traffic

moved on two-wheeled carts driven, and oftentimes drawn, by slaves; while her artists were painting divine dramas on canvas, the streets of proud Athens were lighted by fire-brands dipped in tallow.

The genius of past ages sought to arouse the intellect and stir the soul; but the master minds of today are seeking to serve. Civilization has assigned to America the greatest task of the greatest age, and the greatest men of the present day are seeking to solve it. Their achievements have outdone the whole world and we challenge every age and nation to name men or products that can approach in creative genius or masterful skill in organization, the marvelous achievements of the tremendous men of the present day. Edison can press a button and turn a light on millions of homes; Vail can take down the receiver and talk with fifty millions of people; McCormick's reaper can harvest the world's crop, and Fulton's steam engine moves the commerce of land and sea.

The greatest thing a human being can do is to serve his fellow men; Christ did it; Kings decree it, and wise men teach it. It is the glory of this practical age that Edison could find no higher calling than to become the janitor to civilization; Vail the hired hand to agriculture, and Fulton the teamster to industry, and blessed is the age that has such masters for its servants.

It is cheaper to PAINT Than It is to BUILD

An unpainted house soon rots away, hence it is the part of wisdom to keep your house well painted.

Our supply of Wall Paper, Paints and Varnishes is unsurpassed. Let us pass them on to you.

STATESBORO, GA.

Back in Harness

My friends are hereby notified that I am again in harness—ready to make any repair, harness and shoes in workmanlike manner. I have with me again Mr. Bland, who was with me before retirement from business last, and who is an expert workman.

I solicit your patronage, and guarantee all work.

T. A. WILSON, In new brick storehouse, W. Main St.

Announcement.

Garfield, Ga., May 15.—I wish to inform my former patrons and friends of the fact that I will resume my regular weekly appointments at Portals office. You will continue to find a neat and sanitary office for your accommodation. I guarantee all my repairs to be satisfactory, and give special attention to, and apply modern methods in the treatment of loose, spongy and bleeding gums.

Respectfully, E. N. BROWN, D. D. S.

LAND! LAND! LAND! If you are going to sell land this fall list with me NOW

J. F. FIELDS.

TO LOAN. We have two clients who desire to lend money on improved Statesboro property, or farm property close in, at 8 per cent. interest. HUNTER & JONES.

Low Fares to Athens—Account of Summer School.

The Central of Georgia will sell round trip tickets to Athens on June 26, 27, 28, also July 8, 9, 11, 12, 13 and 14, final limit the fifteenth day following, but not including date of sale. Extension of final limit to September 30th may be secured by depositing ticket with Jos. Richardson, special Agent, 181 College Ave., Athens, not later than fifteen days after date of sale and upon payment of a small fee. For full information, ask any Ticket Agent.

### SALTS OF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Most forms of meat which overwork the kidneys in their effort to filter it from the blood and they become sore of purged and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist a couple of ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it is no longer irritating, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithium-water drink.

THEMISTOCLES

When Themistocles was asked by his host at a dinner party to entertain the guests by playing the lute, he replied that he could not play the lute, but that he could make a small town a great city. We have in this nation many politicians who are good "lute-players," but they cannot make a small town a great city. We are over-run with orators who play upon the passions of the people, but they cannot put brick and mortar together. We need builders.

Let those who hunger and thirst for power understand that the highest glory of a statesman is to construct, not to demolish. It is better for a man that he should be a good builder than that he should be a good demolisher. Let those who pick political plums by raising rows and who flash swords dripping in the blood of industry understand that they cannot turn the public forum into a political arena and by a clash of personal aspirations and that their quarrels must be settled in the back alleys of civilization.

DARIUS

The neigh of a horse made Darius King of Persia, the six centuries ago. The powers of the throne agreeing among themselves that the one whose horse should neigh first should possess the kingdom. This is the method of settling disputes among politicians can be revived with profit today. If our partisan factions and petty politicians could only settle their disputes by the neigh of a horse, the bark of a dog or the bray of a donkey, it would be a great blessing and would give our citizens a better opportunity to pursue the vociferous of industry free from political strife.

Let those who pick political plums by raising rows and who flash swords dripping in the blood of industry understand that they cannot turn the public forum into a political arena and by a clash of personal aspirations and that their quarrels must be settled in the back alleys of civilization.

### WHY SHOULD WOMEN VOTE?

WOMAN'S SUFFRAGE FROM THE VIEWPOINT OF LEADING FARMERS.

Why should women vote? That is the question that is ringing from ocean to ocean and reverberating from the Canadian boundary to the Mexican border. It is the mission of a newspaper to give the news and the action of the Texas Farmers' Union in opposing woman's suffrage when that question was recently before the Texas legislature is significant as representing the attitude of the organized plowmen. We reproduce in part the argument presented by Hon. W. D. Lewis, president of the Texas Farmers' Union, in opposing the bill.

"It is gratifying to note that it is not the farmer who is making unprecedented demands for the products of farm and factory. In transportation facilities on land we lead the world but our port facilities are inadequate, and our flag is seldom seen in foreign ports. If our government would only divert the energy we have displayed in conquering the railroads to mastering the commerce of the sea, a foreign port would be unknown on the ocean's highways."

This article will be confined to a discussion of our ports for the production of the farm must pass over our wharves before reaching the water. We have in this nation 51 ports, of which 41 are on the Atlantic and 10 are on the Pacific Coast. The Sixty-second Congress appropriated over \$51,000,000 for improving our Rivers and Harbors and private enterprise levies a toll of approximately \$50,000,000 annually in wharfage and charges for what no tangible service is rendered. The latter item should be lifted off the backs of the farmer of this nation and the same should be used for the improvement of our ports.

From many standpoints, perhaps a woman has as much right to vote as a man. So has she as much right to play as a man; she has as much right to work in a factory as a man; she has as much right to shoulder a musket as a man, but we would rather she would not do so from choice and we regret the necessity of a law which compels her to earn a living by engaging in gainful occupations. We do not consider mistreatment a qualification for suffrage or a business accident a reason for granting franchise. We are opposed to woman at the ballot box the same as we are opposed to woman in the field, in the factory or in the army and in the self-same reasons. We had rather see her plant flowers than sow wheat; gather bouquets than pick cotton; rear children than rear political issues, although she may have as much right to do one as the other.

Opposed to Unsexing Humanity. "Sex qualification for suffrage may have its apparent incentives. No general rule adjusts itself perfectly to all conditions. It is a favorite argument advanced by the proponents of woman's suffrage that educated and noble women are far more capable of intelligently exercising sovereignty than a worthless negro, but the South never had a negro political issue, although she may have as much right to do one as the other."

### POLITICAL AGITATORS

NEGLECT OF AGRICULTURAL AND INDUSTRIAL OPPORTUNITIES A NATIONAL CRIME.

By Peter Radford. There never was a time in the history of this nation when we needed a practical co-operation less than at the present moment. The opportunities now afforded us on land and sea demand the best there is in statecraft and the possibilities that are confronting us call for national issues that unite the people, build industry and expand trade. The agricultural and industrial development of this nation has suffered severely at the hands of agitators who have sent torpedoes crashing into the port side of business and whose neglect of the interests of the farmer makes them little less than political criminals. We want no more of these evil spirits to predominate in government. Too long have the agitators been a shiver down the spine of the nation. Too long have the political agitators capitalized strife, pillaged progress and murdered opportunity. An industrial and agricultural program in government is no longer a dream. It is a reality. The agitators who have sent torpedoes crashing into the port side of business and whose neglect of the interests of the farmer makes them little less than political criminals. We want no more of these evil spirits to predominate in government. Too long have the agitators been a shiver down the spine of the nation. Too long have the political agitators capitalized strife, pillaged progress and murdered opportunity. An industrial and agricultural program in government is no longer a dream. It is a reality.

THURSDAY, JUNE 17, 1926.

"It never rains but it pours"

has been truthfully fulfilled these

last few days.

There's a "man of many bur-

dens" in Washington, and the

burdens are exceeding heavy to

bear.

"Cupid never worries about re-

sults," follows an exchange. Of

course not. The bride usually

does not—a few years after brid-

ing.

Why not group all European

countries into one great federation

and elect the devil as emperor?

"Would be a fitting finale to the

present assignee conflict.

A house divided against itself

cannot survive, and a house with

an open door cannot keep out the

intruder. Let the three Americas

strut together and close the door.

There is some consolation in the

thought that "conscience makes

cowards of us all." When an

irate subscriber threatens to sweep

up the office with us we just set

him down as a man without a con-

science, and jog serenely on.

Our staff correspondent at the

front sends us a wireless to the

effect that "the war may end next

week, and then again it may not."

For downright reliability, accuracy,

and truthfulness, that corres-

pondent is second only to himself.

He's a bird.

It is the easiest thing in the

world for this community to be-

come exceedingly prosperous in

every way. Produce to the limit,

sell all of the surplus to outsiders,

buy goods from home merchants,

and keep surplus funds working to

increasing the yearly output. It's

easy to do and ought to be done.

An editor once wrote an editor-

ial entitled "The Naked Truth."

The office devil lifted the T and

made it read "The Naked But,"

but it happened in high society

and was only an incident of the day.

And this just reminds us that

down among normal human beings

clothing makes the man, and lack

of it makes him stare.

Atlanta air dispensers sent out a

dispatch Thursday that snow fell

there, that the sheriff and his

deputies actually pinched them-

selves to be assured that they

were not dreaming. They have

just got the temperature, twisted

that's all; someone switched them

off on the cold air circuit in-

stead of the hot air they are so ac-

customed to.

GETTING READY TO PUSH.

It is gratifying that in the midst

of pessimism, war talk and what

not, that we are about to loom

upon the commercial horizon with

a local Board of Trade, an organiza-

tion that we have been sorely in

need of for many moons. It can

easily become a clearing house of

the community builders and sup-

ply company. There are hundreds

of thousands of dollars in the rich

soil around us and this should be

garnered by our home markets.

There are numberless opportuni-

ties waiting development that this

local organization can get behind

and push to realization.

The scores and plans are so wild

that every member will be called

upon to do a little in one way

and another towards making

Statesboro step into the place na-

ture has been for her.

Once this body gets into active

motion and comes in touch

with our sister communities

some of which have outstepped

us in diverse points, it will

become enthused with the idea

of city and county competition;

it will be a source of personal local

pride to be referred to as that Bul-

loch county city that is forging

ahead. That old rut that we

have been jogging along in is

oblivious to our great possibilities

will have the folks and rough-

edges taken out of it by the oil of

energy and soon excellent results

will obtain.

We are going to give the old

town a shove to the front—a

BOOST that will mean greater

prosperity for the future. By ad-

vancing our own material inter-

ests is like eating the leaves and

fishes to the hungry multitudes.

There will be departmental work

which will employ a membership

of a hundred or more who will

be divided into committees cover-

ing fully twenty vital subjects closely

identified with community prog-

ress in all that the word implies.

It is a move in the right direction

and should have the earnest sup-

port of every citizen who has the

welfare of himself and his neigh-

bor foremost in his mind.

THE LOUISVILLE AND DIXIE

HIGHWAY RALLY

At Louisville June 11th—An

Interesting Meet

About the biggest thing in con-

nection with the rally at Louisville

last Friday, except of course, the

commissioner, Hon. W. T. Ander-

son, was the Statesboro and Bul-

loch county delegation who were

there sixty strong. Along with

the county board of Jones Bal-

win, Washington, Burke and Jen-

kins, Bulloch county was tendered

an invitation to attend the rally

and to bring along as many of our

representative citizens as possible,

so the invite read, "to discuss

plans for locating the eastern

branch of the Dixie Highway."

To a man without glasses, it

seemed that the Bulloch guests,

the duly invited, had possibly

come a little stronger than was

anticipated, bringing father and all

the boys and preparations had not

been made for so large a family

from Bulloch to be heard from; so

after making the trip with our

sixty Boosters we had to be so rude

as to "BUTT" in without formal

introduction in order to "discuss"

as the invite had stated; we had

become so extremely enthused and

warmed up to the subject enroute,

that it was just necessary that the

sentiment of those sixty pilgrims

should become known to the na-

tives of our adjoining counties.

Our bustling and progressive

citizen, Mr. R. Lee Moore, got a

voice in the proceedings prior to

an official adjournment, being put

thru, and he most vigorously pre-

sented Statesboro's and Bulloch

county's claim and made it known

that we were on the job to produce

results. Well anyhow it was an

educational and instructive meet-

ing, and served to awaken lively

interest and new energy in the

subject of the hour.

Hon. W. T. Anderson, one of

the commissioners for the Dixie

Highway appointed by the gov-

ernor, made an address that should

go straight to the heart of every

county official and every citizen of

our great commonwealth who has

within his make up the interest of

good roads building and commu-

nity uplift. Concluding his re-

marks, Mr. Anderson suggested

that a committee of one from each

county be named, except those

counties which have competing

routes in which each route is en-

titled to representation, to urge

upon the counties the construction

of new roads and the rebuild-

ing and repair of existing roads

ever necessary in order to meet the

requirements of the commission.

No committees were named from

Bibb or Chatham counties, the

terminals of the route, nor from

Jones county, which was not rep-

resented. The committee is com-

posed of T. A. Dutton, of Effing-

ham; J. A. McDougald, of Bulloch;

S. F. Cooper, of Jenkins; J. P.

Applewhite, of Sevier; J. J.

Reynolds, of the Warehous route;

and J. W. Sandford of the middle

route in Burke county; W. W.

Adams, of Johnson county; Dan

Harris, of Washington county;

and O. F. Moran, of Baldwin coun-

ty. J. P. Applewhite was named

chairman and after a lengthy dis-

cussion in which the representa-

tives of the competing routes

threw out their claims, the com-

mittee adjourned subject to the

call of Commissioner Anderson.

Savannah and Chatham county

were represented by Mr. Frank C.

Battery, Mr. Mills B. Lane and G.

A. Gregory, Judge W. L. Phillips,

of Louisville, a well known good

roads man president, and Mr. J. H.

Phillips making the welcoming ad-

resses telling the delegates of the

great progress of his home town in

point of population it being 1040

in nineteen hundred and 1089 in

nineteen hundred and ten. A bar-

becue was served on the court

house grounds at which it was

stated two thousand people did

full justice.

Burdette and Riley.

Here is a gentle little story which

Brickhead Gilliam told. It concerns the

late Robert J. Burdette and James

Whitcomb Riley and happened during

Burdette's last summer on earth.

Somebody said to Riley:

"There's one thing about Bob Bur-

dette that particularly impresses me.

When he says, 'God bless you,' he

means it."

"Yes," replied Riley, "and God does

mean it when Bob says it."—Cleveland Plain

Dealer.

# WONDERFUL ADVANTAGES OF- FERED CONTESTANTS DURING THE "BOOSTER PERIOD"

Folks! Now is the Time to Write or 'Phone  
That You Want to Enter the Race.

"BOOSTER PERIOD" CLOSES 9 P. M., JUNE 23RD.

Contestants are Gathering the Harvest While the Sun  
Shines. The NEWS' GREAT PRIZE SUBSCRIP-  
TION CONTEST IS Growing in Popularity Every  
Day. It's Fairness meets with Unanimous Ap-  
proval. Many people interested in some Candidate's  
chances have come to the Campaign Manager and  
made Personal Investigation as to the methods em-  
ployed and they have left perfectly satisfied that the  
Contest is Fair and Square for Everybody and that  
The Best Worker Will Win.

"I didn't know until to day that anyone had nomi-  
nated me in the BIG AUTO-  
MOBILE CONTEST, and  
didn't know until just a  
few minutes ago who that  
person was, but now that I  
am a real contestant I am  
going after that automo-  
bile, it's certainly a most  
liberal offer." This young  
lady came rushing into the  
manager's office and asked  
for receipt books and other  
information as to prizes,  
value of votes, etc. The  
manager asked her if she  
didn't think, as a whole lot  
of people were thinking,  
that it was too late to enter  
the race—TOO LATE!  
MERCY NO! IT'S JUST  
STARTING! Just in a few  
minutes I have been figur-  
ing what I can do with that  
scale of votes that you are  
offering, WELL I SHOULD  
SAY IT WAS NOT TOO  
LATE—in my opinion this  
is just the time to get in.  
This young lady will pro-  
duce results—she is m de  
of the right kind of timber  
to get results. She never  
asked a single question as  
to who was in the race or  
as to how "so and so" were  
doing—did not seem to care  
about that. She just seemed  
to consider that she was the

only one in the race so far  
as she was concerned.  
**Interest Continues to  
Spread—Everyone a  
Winner Makes the  
Candidates Work  
Eagerly**  
Five short days and then  
GOODBYE TO BOOSTER  
PERIOD—GONE FOR-  
EVER.  
Hesitation now is expen-  
sive—STOP! THINK! CON-  
SIDER!—you should make  
every minute count—every  
second—work day and  
night—work all the time,  
and when you are working,  
be planning and figuring  
what you are going to do  
next. Don't let one minute  
be wasted in this great bat-  
tle of ballots. "BOOSTER  
PERIOD" comes early in  
the contest so that everyone  
may have a fair show. Re-  
member its subscriptions,  
advertising and printing  
contracts that count. It's  
thru subscriptions, adver-  
tising and printing that you  
can win—no other way pos-  
sible. These count for  
votes and votes win.  
**Don't Be Bluffed**  
"Timid," forget it—why  
fear another contestant—  
pass over these wild rumors  
that you hear—cut 'em in

## DAMES AND DAUGHTERS.

Miss Sarah Purser has been appointed  
governor and guardian of the Na-  
tional Art gallery of Ireland.  
Mrs. John King Van Rensselaer, one  
of New York's most famous hostesses,  
says society is divided into three parts  
—brains, stomach and feet—and she en-  
tertains accordingly.  
Miss Anne Morgan, daughter of the  
late J. P. Morgan, seldom wears jew-  
els, but when she took out an insur-  
ance policy on her personal gems she  
valued them at \$7,000,000. The policy  
was the largest ever issued to a woman.  
Miss Constance Caulcutt of Philadel-  
phia, although only yet in her teens,  
has been elected a member of the Na-  
tional Horse society, a distinction that  
rarely falls to one of her sex. She is  
noted for her abilities as a horse show  
exhibitor and has hundreds of ribbons  
and prizes won by her horses, of which  
she has many.

## Bits of Byplay

By Luke McLuke

Copyright, 1915, the Cincinnati  
Enquirer

**Fact.**  
Old opportunity won't bluff.  
He takes your chance and frees it;  
And he is wise who knows enough  
To seize it when he sees it.

**Muhl.**  
"I'm sick and tired of this stuff that  
you cook every meal," growled Mr.  
Gabb as he sat down to the dinner ta-  
ble. "My doctor tells me that I should  
eat more fish and other brain building  
foods."

"Very well," sweetly responded Mrs.  
Gabb. "I'll order a dozen of whisks  
tomorrow."

**Paw Knows Everything.**  
Willie—Paw, what is a critic?  
Paw—A critic is a man who can  
show you how you could have done a  
thing differently without showing you  
how you could have done it better, my  
son.

**Wuff!**  
The cow said: "What have you for sale?"  
What is that stuff so blue and pale?  
"Why, that is milk," the milkman said,  
And then the poor old cow dropped dead.

**The Byplay Minstrels.**  
"Mr. Interlocutor, can you tell me  
why a bald head always reminds you  
of heaven?"  
"No, Mr. Bones, I cannot. Will you  
tell us why?"  
"Because it is a bright and shining  
spot and there's no parting there."

**Woops.**  
There was an old fellow named Wynne  
Who drank too much bitters and gins.  
He took a delight  
In getting so tight  
That he could observe the world spynne.

**Well, What's the Difference?**  
Editor Rountree of Texas announces  
that the Temple badger farm is as  
black and bald as Judd Mortimer Lew-  
is' head. Indeed, it must be a cold,  
black and bald place then—Luke Mc-  
Lukie in Cincinnati Enquirer.

We can't figure out whether Lee said  
that because we came to Texas or  
Luke said it because we left Ohio, but  
we don't care. They're gettin' us con-  
founded with Roddy McPhue—Judd  
Lewis in Houston Post.

**Another Fatal Flash.**  
Here's another "fatal flash" for Luke  
McLukie:  
Didn't hide  
Tablets bichloride.  
Slow ride.

**There Are Too Many Germs in Water.**  
Dear Luke—You have this to say:  
EXODUS IS PLENTY.  
Lives of great men are remind us  
Of this warning, "Safety first."  
This fair warning, "Safety first."  
But it should read as follows:  
Lives of great men should remind us  
Of this warning, "Safety first."  
Will Luke arrive and some time help us  
Cultivate a "Safety first"?  
—Cleveland, O.

**Names Is Names.**  
Miss Ima Hyden lives at Rich-  
mond, Va.

**Things to Worry About.**  
John D. Rockefeller's income is \$10 a  
minute.

**Our Daily Special.**  
With some men cleanliness is next to  
impossible.

**Luke McLukie Says:**  
It often happens that a man has no  
peace of mind because his wife is al-  
ways giving him a piece of hers.  
A man would rather spend ten  
minutes telling about his troubles than  
spend ten hours in getting rid of them.  
It is easy to get a reputation for be-  
ing a wise man. Just wear a tall hat  
and a frock coat and keep your mouth  
shut.

He expects her to provide for the fu-  
ture man, but he kicks when she asks  
him to provide for the outer woman.  
If we would work as hard as we  
worry we would all be wealthy.

When a man is bragging that his dog  
has more sense than he has he thinks  
you won't believe it.  
Wealth doesn't always bring beauty.  
Some of the heaviest look as though  
they had been born with silver soup  
spoons in their mouths.

A woman isn't always arranging for  
friend husband's funeral when she is  
going into a gun store win-  
dow. Maybe she is only admiring her  
reflection in the window pane.  
Tell a girl how pretty she is looking  
and the moment your back is turned  
she will open her hand bag and powder  
her nose.

Too many of the men who are wait-  
ing for their ships to come in do their  
waiting where they can see the school-  
ers crossing the bar.

You do not have to go to Europe to  
see real death. Just go home with  
a man who isn't notified his wife that  
he is bringing a stranger to dinner.

Some men are so strong in their be-  
lief that they should profit by their  
mistakes that they are always short-  
ening other people.

There are all sorts of people in the  
world, including the man who has time  
to sit down and worry because oratory  
is on the decline in this country.

your stationery servant. We're well trained and  
can "deliver the goods" at right prices.

## VanOsten & Kessler

### Constantinople.

Constantinople is built upon seven  
low hills.  
It has suffered twenty-six sieges and  
has been captured eight times so far.  
Constantinople is 1,585 years old. It  
was founded by the Roman Constantine  
the Great A. D. 325.

The Turks have been masters of Con-  
stantinople since 1453. They routed the  
Greeks from it then.

Constantinople teems with beggars,  
not of the tramp class, but rather gen-  
tlemen down on their luck and not  
above asking for alms.

A healthy man is a king in his  
own right; an unhealthy man an  
unhappy slave. For impure  
blood and sluggish liver, use Bur-  
dock Blood Bitters. On the  
market 35 years. \$1.00 a bottle.

—Adv.

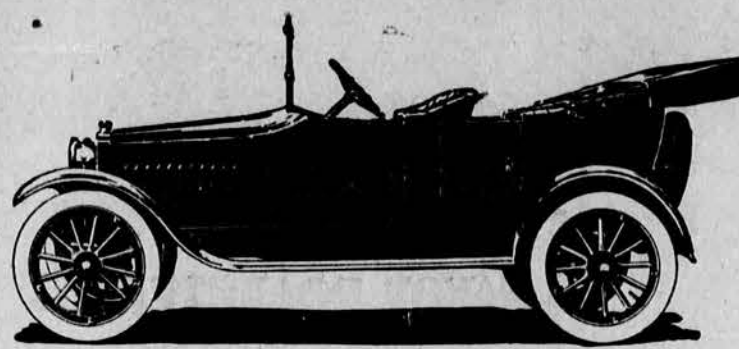

### "MONEY"

## ANNOYING KIDNEYS ILLS.

Make Life Miserable for Many Statesboro People.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day, the sufferer is tormented and aches with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Kidney Pills have given peace and comfort to many Statesboro people. Profit by this Statesboro resident's experience. Daniel R. Rigdon, 44 Bulloch St., Statesboro, says: "Whenever I feel in need of a kidney medicine, I use Doan's Kidney Pills, and they never fail to remove the aches and pains in my back. At times while at work, I have to do a great deal of stooping and lifting and this is hard to do with a lame and aching back. Doan's Kidney Pills always strengthen my back and fix me up all right." Price 50c, at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mr. Rigdon had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

We are specializing in wire fencing and have just received two car loads of this material in all sizes and the prices are just right. Statesboro Buggy & Wagon Co.

REDUCED PRICES ON National Mazda Sunbeam Lamps. A. J. Franklin, Builder's Supplies.

### Brooklet.

Mr. R. H. Warnock was a visitor in Savannah Monday.

Miss Helen Manning of Savannah, a well known pianist and music teacher is visiting Mrs. E. C. Watkins.

Mr. R. U. Cox will be a week end visitor with friends at Swainsboro.

Miss Annie Laura Cook of Vidalia, is visiting friends and relatives in Brooklet.

The first car load of potatoes was shipped from here last Tuesday.

Mrs. E. C. Watkins will entertain with a linen shower Friday afternoon at her home in honor of Miss Estelle Lee whose marriage to Mr. C. S. Cronley will be solemnized Wednesday, June 23rd.

Mrs. H. M. Robertson Jr. has recently entertained the sewing club Thursday afternoon.

The Sunday school class of Miss Lorine Mann enjoyed an outing at Mill Creek landing Wednesday.

Messrs. C. B. Quinn, J. N. Shearhouse and E. B. Hagin motored to Clyo during the week.

Mr. and Mrs. George W. Mann announce the engagement of their daughter Aquilla, to Mr. Harbour Cone Warnock, the wedding to take place in July. Miss Mann is one of Brooklet's most charming young ladies and was a member of the faculty of Brooklet High school for two years. Mr. Warnock is one of Brooklet's model young men and is Postmaster of Brooklet.

Protracted meeting will begin at the Primitive Baptist church next Sunday continuing through the fourth Sunday night.

Mrs. Dan Martin of Stillson, is the guest of Mrs. H. W. Geiger.

Mrs. R. H. Warnock is visiting her parents, Mr. and Mrs. W. F. Hardeu in Conyers.

Mr. Chas. Pigue who have been attending the law school at Athens returned Friday. Mr. Pigue finished this year and will locate in Statesboro.

Rev. A. W. Quillman of Eureka, visited friends in Brooklet Tuesday and Wednesday.

## WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-ford in Scott's Emulsion which is a medicinal food and a blood purifier. It is a natural and powerful blood tonic and a powerful blood purifier. It is a natural and powerful blood tonic and a powerful blood purifier.

Scott & Bowne, Bloomfield, N. J.

### Statesboro-Brooklet.

Rain prevented a finish game of the Brooklet-Statesboro teams Wednesday June 16th. However, a snappy and interesting game was played while it lasted; it was called in the fifth inning owing to rain and the condition of the ground; the score at this time was eight to nothing in favor of Brooklet. The batteries were Brooklet, Howard and Shearhouse, Statesboro, Olliff and Brown.

### Wanted Place as Companion or Housekeeper

Respectable middle aged lady would like position in nice home as companion or helper to lady or couple. Address Miss E. O. B., Box 54, R. F. D. Route 2, Statesboro, Ga.

We have on hand a large quantity of all kinds of seed pens. R. H. Warnock, Brooklet, Ga.

### REDUCED PRICES ON National Mazda Sunbeam Lamps.

A. J. Franklin, Builder's Supplies.

### THE TRIP TO LOUISVILLE

(Continued from Page One.)

by way of Swainsboro and Dublin; which is about forty miles shorter than the proposed route through Waynesboro and Sylvania, and Dublin could build on to Macon and we would have a chance for the people who would travel between those cities. Then let us build a highway from the Seveven line to the Evans county line, north and south, and then gradually build connecting highways over the county.

Let us help ourselves and recognize ourselves and then we will force recognition from people who are inclined to overlook us.

Bulloch is an empire within itself, and if we will build our own highway, people from other sections will find them and come our way.

VISITOR.

### EMANUEL COUNTY WANTS DIXIE HIGHWAY.

(Continued from Page One.)

quently within hail of a garage and auto repair depots.

Our commissioners are authority for the statement that their Bulloch county roads via this route can be put in perfect condition well within the prescribed period of ninety days allowed by the National Commissioners. Furthermore—that the contract for the steel bridge at Pineora will be signed very shortly.

Bulloch is ready to join with those counties that offer the most advantages and the best roads to the commission who are to decide upon this route. But—regardless of whatever way is chosen it is up to the citizens of Bulloch county to put our own roads in first class condition. Self preservation is the first law of nature; if we have the most desirable roads, regardless of an official route, we will attract the tourist our way. The NEWS says that—lets boost for Dublin and the three S—route; Swainsboro, Statesboro, Savannah.

### MR. S. T. GRIMSHAW SUP'T., S. & S. RAILWAY.

## SAXON ROADSTER \$395

AUTO REPAIR BILLS RUN HIGH when you neglect your car

The only safe way is to bring it to us at the first sign of a defect. Better still, prevent the first break by bringing it to us frequently for inspection. Small repairs are less expensive in the run of a year than big ones.

We sell all kinds of tires and accessories—everything for the car. IT COSTS LESS TO BUY FROM US THAN IT DOES TO SEND AWAY FOR THEM.

## GUARD INCREASED AT STATE PRISON FARM.

Frank is Convict No. 965—Will Be Put to Work in Cotton or Corn Field.

Milledgeville, Ga., June 21.—It is positively learned to-night that the guard at the state prison farm has been increased since the arrival of L. M. Frank. State officials are silent on the matter, however. The military companies have not been called upon for assistance.

Frank arrived here at 4:30 o'clock this morning. He was exhausted after his exciting ride from Atlanta to Macon and then to this city, the last leg of the trip being made in an automobile that Frank himself picked in Macon.

Frank was assigned to cell 965 and will be known as convict No. 965.

"I am innocent and time will vindicate me before the world," said Frank.

Frank was dressed in prison garb, ate his first ration in nearly three days and to-morrow will start on his first work inside the institution.

Warden Smith said to-night that Frank probably would be assigned to work in the cotton or corn field.

All is quiet at the prison to-night. The prison is peculiarly built and one could get lost within the walls of the institution.

Frank today again protested his innocence of the murder of Mary Phagan and express a "conviction that the day is not far distant when I will be exonerated."

Frank said that he had had no intimation of what was going to happen last night when officers went to his cell in Atlanta, to get him for the trip here. He expressed gratitude towards Gov. Slaton and said he felt intuitive that he would at least commute his sentence.

Sheriff S. L. Perry communicated with Gov. Slaton late to-night in regard to the calling out of troops in Baldwin county to protect L. M. Frank. This was at the request of citizens of Milledgeville.

Late to-night Sheriff Perry stated: "Gov. Slaton told me to call him again in case the situation became serious. Frank is perfectly safe in the prison at the state farm. I look for no more trouble."

## BULLDOCK LAND AND DEVELOPMENT COMPANY

Successful Experiment in Growing Sudan Grass

The Bulloch Land and Development Co. controlling some several thousand acres of land about two miles below Brooklet seventeen hundred of which is in pasture and two hundred and fifty under cultivation a few acres being devoted to an experiment in growing Sudan Grass have just made the first cutting. Every indication of this new industry is that it will prove a most valuable diversification in Bulloch farming. The sample cut now on display at the Sea Island Bank is attracting much attention; it stands about eight feet in height and is strong and richly developed. The expectation is that there will be three crops of this in one season. The first harvest will be ready to gather in about one week.

The Brazilian cotton crop is increasing in quantity and quality.

## GOVERNOR SLATON GIVES HIS REASONS

For Commuting The Sentence Of Leo Frank To A Life Term.

Atlanta, Ga., June 22nd.—Saturday, April 26, 1913, was Memorial Day in Georgia, and a general holiday. At that time Mary Phagan, a white girl of about 14 years of age, was in the employ of the National Pencil Company, located near the corner of Forsyth and Hunter streets, in the city of Atlanta. She came to the pencil factory a little after noon to obtain the money due her for her work on the preceding Monday, and L. M. Frank, the defendant, paid her \$1.20, the amount due her, and this was the last time she was seen alive.

Was Found Guilty.

Frank was tried for the offense and found guilty the succeeding August Application is now made to me for clemency.

This case has been the subject of extensive comments through the newspapers of the United States and has occasioned the transmission of over 100,000 letters from various states requesting clemency. Many communications have been received from citizens of this state advocating or opposing interference with the court.

I desire to say in this connection that the people of the state of Georgia desire the esteem and good will of the people of every state in the Union. Every citizen wishes the approbation of his fellows and a state or nation is not excepted. In the preamble to the declaration of independence Thomas Jefferson wrote that "when in the course of human events it becomes necessary for one people to dissolve the political bonds which have connected them with another, and to assume among the powers of the earth the separate and equal station to which the laws of nature and of nature's God entitle them a decent respect to the opinion of mankind requires that they should declare the causes which impel them to the separation."

Outside Criticism.

Many newspapers and multitudes of people have attacked the state of Georgia because the conviction of L. M. Frank and his declaration the conviction to have been through the domination of a mob and with no evidence to support the verdict. This opinion has been formed to a great extent to those who have not read the evidence and who are unacquainted with the judicial procedure in our state.

Would Be a Murderer.

"Feeling as I do about this case I would be a murderer if I allowed this man to hang. It may mean that I must live in obscurity the rest of my days, but I would rather be plowing in a field than to feel for the rest of my life that I had that man's blood on my hands."

A Famous London Church.

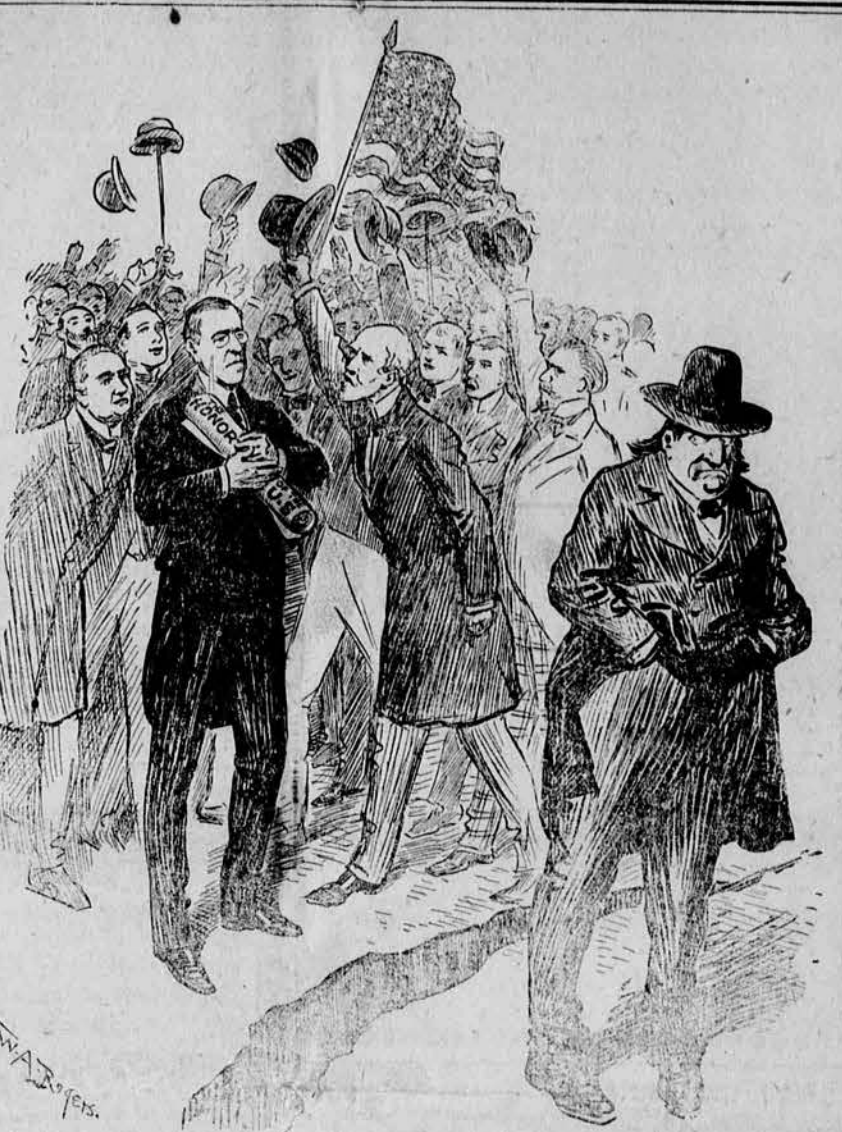

St. Martin-in-the-Fields is probably the only London church that can boast of having had a king for church wardens. George I. held that office for a number of years and marked his tenure of it by presenting the church with an organ. The greater part of Buckingham palace is situated within the parish of St. Martin's, and in consequence the births of all royal children, both male and female, are registered there. Among celebrities who were buried at St. Martin's are Nell Gwynn, Robert Boyle, Sir John Ferganher, Hon. William Pitt, the Earl of Sandwich, the sculptor, and Hunter, the surgeon. Hunter's remains were afterwards transferred to Westminster abbey.—London Globe.

The Laurens county representatives strenuously objected to the treatment that was being given, and after antidotes of various sorts had been administered, the patient and physicians recovered sufficiently to take a short walk and partake of such nourishment as barbecued pig, veal, mutton, etc., served by some mighty hands some Emanuel county nurses under the shady boughs of a lot of tall and stately pines. This treatment seemed to revive everybody connected with the case and they re-assembled at the hospital for further consultation, but in some manner, not intended by the barbecued and stately pines, the patient, this pig had upset the stomachs of the legging doctors and

THAT SPLIT IN THE DEMOCRATIC PARTY.

## ANOTHER PREPARED DIXIE HI-WAY DINNER AT SWAINSBORO

Again Bulloch county was the big feature at a Dixie Highway dinner at Swainsboro Wednesday June 23rd; as was the case at Louisville trip some forty per cent, but again like Louisville we got into an already baked pie, but it was a mince pie and after it was cut and eaten it did not digest as readily as had been prescribed by the doctors. A highway physician from Washington county, named, we believe, Dr. Beck Chambliss, who had been in at attendance upon the Emanuel county patients since the Louisville post mortem, was very prominent as a diagnostician of the case at Swainsboro, and the more the doctor diagnosed, the more feeble the patient became, until it was necessary to call for help, but then only under a guarantee that the medicine would pass the pure food and drug act and positively cure.

The Laurens county representatives strenuously objected to the treatment that was being given, and after antidotes of various sorts had been administered, the patient and physicians recovered sufficiently to take a short walk and partake of such nourishment as barbecued pig, veal, mutton, etc., served by some mighty hands some Emanuel county nurses under the shady boughs of a lot of tall and stately pines. This treatment seemed to revive everybody connected with the case and they re-assembled at the hospital for further consultation, but in some manner, not intended by the barbecued and stately pines, the patient, this pig had upset the stomachs of the legging doctors and

some of the hosts, and it became necessary to again prescribe antidotes, and these followed one upon the other so rapidly, prescribed by the various physicians, that the drugist got them so mixed that the whole medical faculty became faint, and in the tumult that followed, some physicians fearing that the patient would become seriously ill, hurriedly called for an adjournment and a rush for fresh air was made by the more timid ones.

Right at this collapse was where the big Bulloch county delegation of experts came to the rescue. A call was made for volunteers to remain, Bulloch's distinguished did splendid service in handling all of the Laurens life savers together with some of the braver ones from Emanuel. Mr. J. A. Brannen, a captain from Bulloch, was called upon to preside, but declined and nominated Judge Frank Mitchell who accepted. In a very few moments order was brought out of chaos. Emanuel's representatives voted unanimously to continue in session. Hon. J. A. Brannen offered his original motion to endorse the Macon
