IT'S SURPRISING

That so Many Statesboro People
Fail to Recognize Kidney
Weakness

Are you a back ache victim?
Suffer twinges, headaches, dizzy
spells?
Go to bed tired—get up
tired!

It's surprising how few suspect
the kidneys.

Kidney trouble needs kidney
treatment.

Doan's Kidney Pills are for the
kidneys only.

Have convinced Statesboro peo-
ple of their merit.

Here's a Statesboro case; States-
boro testimony.

Kidney sufferers hereabouts
should read it.

Miss Bertha Davis, trained
nurse, Statesboro Sanitarium,
Statesboro, says: "Doan's Kidney
Pills have done me a great deal of
good. I have used them when in
need of a kidney medicine for two
years and have always had benefit
from them."

Price, 50c, at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Miss Davis had.

Foster-Milburn Co., Props., Buf-
falo, N. Y.

A MATCH BOX AND MATCHES

Goes Thru a Gin Machine
Without Igniting

Mr. R. M. Murphy, route 2,
Register, while unloading cotton
at the gin of S. L. Nevills had
a box filled with matches drawn
from his pocket by suction pipe
and carried into the gin. Mr.
Murphy, when he discovered it, at
once told Mr. Nevills, but they
kept on ginning and finally the
box was found in the seed without
a match having ignited which was
considered miraculous.

BROOKS HOUSE

Being Repaired And Im-
proved.

The Brooks House on North
Main street is undergoing a needed
and attractive improvement in the
way of a new single roof and a
wide and commodious porch around
the east and south side of the
building. Mrs. F. I. Bryan, the
proprietress of this popular hotel,
is naturally greatly pleased with
the marked improvement that the
owner, Mr. W. B. Rice is giv-
ing his property.

BAPTIST RALLY NEXT THURSDAY

It is State-Wide, Go to Sun-
day School Day

Every Baptist in Georgia should
go to Sunday school next Sunday.
It is state mission day in the
Baptist Sunday Schools all over
the South.

The Baptists of Georgia are
planning to do their full part
and they have two great aims for
next Sunday's work. First, they
aim to break the record on atten-
dance at Sunday-School; and sec-
ondly, they aim to make a great
offering to help reduce their mis-
sion debt.

Every Baptist in Georgia and
every other friend, who is not al-
ready associated with some other
Sunday School, is urged to attend
the Baptist Sunday School next
Sunday.

STATESBOROITES IN SAVANNAH.

The legal fraternity will be
represented in Savannah Tuesday
when upwards of a dozen of States-
boro Attorneys attended a contest
hearing in the bankruptcy case of
M. M. Barrett before Judge A. H.
McDonnell. There were insuffi-
cient funds in the sale of this prop-
erty to cover the indebtedness and
among those representing claimants
were: Hon. H. B. Strangre,

OLDER BUT STRONGER

To be healthy at seventy, prepare
at forty. It sounds advice, because in
the strength of middle life we too often forget
that neglected cells or careless treat-
ment of slight aches and pains, simply
undermine strength and bring chronic
weakness for later years.

To be stronger when older, keep your
blood pure and rich and active with the
strength-building and blood-nourishing
properties of Scott's Emulsion which is
food, a tonic and a medicine to keep your
blood rich, alleviate rheumatism and
avoid sickness. No alcohol in Scott's.

Scott & Bower, Bloomfield, N. J.

DEATH OF CLAUDE M. LEITNER

Contractor of Bridge Build-

ing Brinson R. R.

Mr. Claude M. Leitner, a bridge

contractor in connection with the

Midland R. R., died very sudden-

ly Sunday at Egypt, Ga., while en-

route from Statesboro to Savannah.

Mr. Leitner was in Statesboro Sat-

urday and in the News office where

he purchased a supply of station-

ery and appeared in the best of

health. When the news of his

death reached Statesboro Sunday

afternoon it was some time before

the Brinson Camp could be lo-

located to advise those associated

with him. Mr. Leitner was raised

in Columbia County, Ga., and has

lived in Bulloch off and on for the

last twenty-five years. He had a

brother who lived at Clifton and

died there some five years ago.

The remains of Mr. Leitner were

taken to Augusta by a half brother

for interment.

HIGH SCHOOL ITEMS

(By Miss Meta Kennedy and Clinton
Yeomans.)

Since school started on Septem-
ber 6, the enrollment has steadily
increased until it has reached the
mark of four hundred and ninety-
two, this making it necessary to
employ two new teachers. Miss

Nellie Jones is serving as an as-
sistant in the first grade and Miss
Ruth Proctor as assistant in the
fifth grade.

Patrons, we are in need of a sepa-
rate building for the High School.
We were delighted to have Mr.
Van Osten with us at chapel Mon-
day morning.

The work of the Girl's Literary
society was begun on Friday p. m.,
September 24. At a previous
meeting the officers for the first
term were elected as follows:

President, Miss Nannie Mell Olliff;
vice president, Miss Janice Singlet-
on; secretary and treasurer, Miss
Maggie Mae Mall; historian, Miss
Blanche DeLoach. The society is
composed of seventy-five young
ladies, all students of high school
department, and in this number
there is good material for a spe-
cialized program each meeting. The
program is arranged by a commit-
tee appointed by the president.

Under the supervision of the
high school teachers for the first
meeting was a most interesting
program carried out, consisting of
the following members: Piano
solo, Miss Lucile Parrish; a short
story of D. L. S., Miss Meta Ken-
nedy; vocal solo, Miss Blanche
DeLoach; benefit of a high school
society, Miss Hazel Johnson; rec-
itation, Miss Clara Leck DeLoach;
current events, Miss Susie Mae
Caruthers; journal, Miss Ruby
Parrish; recitation, Miss Willie
Lee Olliff; piano solo.

Misses Emma Wetherbee, Annie
Mae Alderman, Mesdames Quat-
tlebaum Booth, DeLoach and Thig-
pen visited the Dreta Literary so-
ciety Friday. We enjoyed their
visit very much and hope they
will come again soon.

We are always glad to have pa-
trons visit us.

We wonder what the matter
with the basket ball team?

A meeting of the Boy's Literary
society was held Friday, Sept. 24.
At a previous meeting the follow-
ing officers were elected for the
first term: President, Mr. John
F. Brannen Jr.; vice president,
Mr. Morgan Arden; second vice

president, Mr. Joe Zetterower;
secretary and treasurer Mr. Clin-
ton Yeomans; historian, Mr. Wal-
do Floyd. We have as members
of this society fifty young men all
students of the high school.

Up until this time we have dis-
cussed only one argument. Reso-
lved, That submarine warfare
should be abolished. Affirmative:
George Allaben, Barney Anderson,
Elliott Bird, Pette Emmett and
Arnold Anderson. Negative:
Grady Bland, Morgan Arden,
Frank Allaben, Outland Bohler
and Fred Cone. Judges rendered
decision in favor of negative. These
boys seem to take great interest in
this society and if all does as well
as these, we are sure we will get
good results from this society. A
motion was made to enlarge the
program by adding current events,
original jokes declamation. This
motion was by a large majority.

The boys of the High School has
organized a foot ball team. Mor-
gan Arden being manager. The
team has scheduled a game with
the "Culture boys on Oct. 11.
They have not scheduled any
other game yet but have heard
from several places asking for a
game.

At a meeting of the faculty the
following requisite for the honor
roll: A general average of 95 per
cent and an average of not less
than 90 per cent on every subject.
The names of the honor students
will appear in this paper after the
close of the second school month.

Prof. J. C. Langston delivered
a part of his splendid lecture on
the European war Wednesday
morning during chapel. He was
attentively listened to and great-
ly appreciated. Come again Prof.
Langston.

Not Paint
With linseed oil at 50c to \$1,
what sort of oil do you think they
use in "paint" at \$1.50 and \$1.25?
That stuff is counterfeit paint.
You can cheat yourself; you can't
cheat Time and Weather.

Paint is a rubbery coat over
wood and iron to keep out water.
Counterfeit paint may look like
it; counterfeit money may look like
money.

What are all counterfeiters for?
They are all alike. DEVOTE.
A. J. Franklin sells it.

S. L. NEVILLS MAKES IMPROVE-
MENT

On His Ginney Near
Register

Mr. S. L. Nevill, whose place is
some four miles from Register
where he operates in connection
with a large and successful farm,
an expensive ginney is making
some needed and important im-

provements. Two large wells have
been dug each 10x15 ft. into which
a flow of water is supplied and
then pumped to a large galvanized
iron tank thirty feet in height;
from this tank water is supplied
to the engine at his ginney some
several hundred feet distant from
the tank. Mr. Nevills states that
he has ginned over 500 bales thus
far this season. He operates both
a sea island and a system at the
same time. Mr. Nevills is opti-

smistic of the future and believes
that a prosperous era is soon to
trust itself upon the country.

BROOKS SIMMONS CO.

HIGH SCHOOL ITEMS

(Miss Susie Mae Caruthers, H. Stilson Brannen)

October the fourth was the beginning of our second school month, and while we have been doing good work during the first month we expect to do much better the second month. Everyone seems to be in fine spirit and ready to work and our school is making good progress.

We want to say that we have an enrollment of about five hundred pupils and the majority are doing excellent work.

Two more new teachers have re-

cently arrived to enter upon their work in our school, Miss Rolston, of Macon, who is the instructor of the music department and Miss Selma McElveen, from Arcola, who has charge of section B of the fifth grade. Miss Rolston is late coming to us because she has just recovered from typhoid fever.

Col Furse, of Augusta, was a very interesting visitor to our school Monday morning and gave a short interesting talk to chapel.

The officers of the Senior class have been elected as follows: President, Clinton Yeomans; Vice President, Logan DeLoach; Secretary and Treasurer, Beverly Moore,

Historian, H. Stilson Brannen. A Glee Club has been organized under the leadership of H. Stilson Brannen. An interesting event this week was the receiving of report cards. Everyone seemed pleased with their marks.

The first football game of the school will be played at the ball park Monday October 11th at 3:30 o'clock between the S. H. S. and F. D. A. S. Our boys are progressing rapidly in their training. We look forward to the game as one in which great skill shall be used on both sides.

The boys Literary Society in its last meeting passed a motion that

current events, original jokes and declamation be added to the program. This gives us a program consisting of a debate with eight speakers, current events, original jokes, etc.

We shall be proud to have more visitors at our school this month than last month.

Eczema spreads rapidly; itching almost drives you mad. For quick relief, Doan's Ointment is well recommended. 50c at all stores.—Adv.

ETIQUETTE.

A few "don'ts" for both men and women, guests may well come under the head of etiquette, which after all means only good manners and politeness.

A hostess should not feel compelled to watch her guests and check incipient distractions. A girl or man who is engaged, when the fiancee or fiance is absent, should not place his hospitable position of having to caution him against constantly seeking other distractions. Goodwill will follow, unfortunately, and often results are fatal to the future happiness of all concerned from the thoughtless wish to "have a good time" regardless of conventionality.

Those who rail against the laws of social usage called "etiquette" must try to believe that conventionality is the bulwark of society. Without it freedom would develop into license, and great unhappiness would follow. There is no reason for prudishness, but prudence should be the rule.

Amusement is all right unless it falls into the depths of indecency. Then it means inciting to crime. Guests should have the thought of their own responsibility always in mind and carry themselves accordingly.

URIC ACID IN MEAT CLOGS THE KIDNEYS.

Take a glass of Sals if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Sals from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Sals is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.

WEEKLY LETTER TO CANNING CLUB GIRLS

BY MISS POLLY WOOD

Dear Girls:
I know you are very busy with your records, etc., but what about going to the fair? If any of you are anticipating going, please let me know. I ask this so that I can send your name to Miss Dowd, and she in turn will secure you a home. The club girls will be entertained in the Macon homes. If you go, I certainly do want you

to be with the club girls and represent Bulloch county. I hope some of you will go.

Girls, please get your record books and blanks in just as early as possible. I cannot make out any report until I get these, so please be prompt. If your plat failed or you had some misfortune with it, won't you please repair what you did and results. I hope that each one of you have that much county loyalty. Each girl who reports raises the standard. Girls, you can certainly do this much. We are counting on you. Don't forget Oct. 15.

that is not open to public inspection at all times.
Our aim is to be fair and to be true.

THURSDAY, OCT. 7, 1916.

Dollar Day Saturday.

Going up Mr. Cotton? Yes, 14th floor please.

The Trust, Iron and Steel mag-
nates of America are fighting as
big a war of supremacy as are the
nations of the old world.

Lady, will you please tell me
do time o'clock? Pardon me little
boy my watch is not an uneasy
thing to get at on the street. Oh!

The Macon Telegraph risks to
say "what is all without a circus?"
We've seen some falls that no
circus stunt could possibly
equal in point of twists.

Gotham has a horde of Wall
street ransackers. There's
many a man been lost in Wall
streets trying to find the end of the
yellow coin in that guttering bow.

Brother Burkhalter has sent us
a free pass to the Five County
fair and says that there will be a
free barbecue on Thursday. We
opine that Thursday will be the
most convenient day for us to
leave home.

McAdoo says he will vote for
women suffrage. Wonder if his
wife can win her Father over that
easy.

We had the foregoing paragraph
written and set up in type when
along comes the Telegraph news
that the President announces he
will vote for women suffrage in
the New Jersey election. She
wins.

**BUILD A SCHOOL AND PAVE
THE STREETS.**

The paramount issue for States-
boro's progress is a new and modern
High School building, looking
ahead at least twenty years, now
too short a time for the advance-
ment and growth that is destined
to come to our thriving city. The
necessity for more room and better
facilities in our High School is no
more apparent every day, and no
time should be lost in taking this
subject up for consideration and
finally definite action toward a
realization of Statesboro's urgent
need.

The High School building and
City paving are twin subjects
that might very properly go linked
together under a bond issue.
Statesboro has grown out of its
swaddling clothes and is big enough,
prosperous enough, and stylish
enough to dress up.

About the first remark one will
hear from the stranger or travel-
ing man is—great town, but why
don't they pave the streets?

From a sanitary standpoint
alone, the business section of the
city should be paved from Vine to
Hill streets and from Walnut to
the Central R. R. Like Mem-
phis Tenn., the natural drainage
of this section would afford an ex-
cellent cleaning area where-by the

streets could be flushed every night
with the result that visitors would
come and go and call it "Spotless
Town" then capital would begin
to look in upon us and ere long
the tooting of the factory whistles
would be heard and weekly pay
rolls rolling round would make
everybody happy.

Improve the city and its civic
institutions and make the younger
generation pay for it; they will ap-
preciate your work when they are
full grown. Put a bond issue
plank in the next election for the
purpose of building a new High
School and paving the streets.
It's a good thing push it along.

**WHAT THE CATTLE TICK
COST.**

(Savannah Morning News.)

In Georgia the average weight
of beef cattle is 119 pounds, in Wy-
oming 983 pounds. The average
value of beef cattle in Georgia is
\$17, in Wyoming \$64. The cattle
tick is largely to blame for this
great diversity of weights and
values, but back of the cattle tick
stands the people of Georgia, for
the cattle tick cannot exist where
people are wise and progressive
enough to apply the methods that
very easily eradicate it. Georgia
wants more and better cattle,
heavier and hence more valuable
cattle, and she is getting them, be-
cause county after county has
been added to the tick free terri-
tory.

As a matter of fact, the fight upon
the cattle tick in Georgia has been
won in so far as convincing the
people of the necessity of driving
out the destructive little pest is
concerned, and of the fact that it
is a good investment to spend
money for the vats and chemicals
that are used to put it out of busi-
ness. It only remains now to
hasten the spread of tick free ter-
ritory until it covers the state.
No cattle owner can fail to see
that this is the best sort of invest-
ment to free cattle of ticks when
a tick free hide is worth enough
more than a tick-infested hide to
pay for eradicating the tick, to
say nothing of the increased value
of milk and meat.

Through many generations Georgia
cattle have supported innumera-
ble ticks, feeding the farmers dol-
lars, in effect, to the ugly pests. It
is not at all remarkable that the
ordinary beef animal in Georgia
now commands a price a price not
one-third as great as is offered for
the average beef animal in Wyom-
ing. It is impossible for cattle to
flourish when ticks are sucking
their blood. The cattle cannot
protect themselves. Their owners
must protect them, and will do it
if they are men who realize that
putting money into ticks is one
way not to put it into their own
pockets.

**ONE Year's Supply
of Magazines 10c**

DO YOU KNOW that hundreds of
good to send you a free sample copy of their Maga-
zine if they only know your address. **It is your
business** to furnish Publishers with the names
of intelligent magazine readers. If you will write

Superintendent's Talks to Schools

On Subjects of Interest to the
Teachers, Pupils and Patrons

The average school yard in Bul-
loch county is one that is neglected
from the end of the public school
term until the beginning. Weeds
and shrubs are allowed to come up
and grow and choke what flowers
and trees that are planted, so the
growth is retarded. The school
boys and girls ought to make ar-
rangements to meet at the school
house about twice a month and
clean out the yards and make the
school house and yards look at-
tractive to the public all the year
round. It would not take much
time and would be well worth the
time it takes. Too, we would plant
out shade trees this fall where
they are needed.

Girls' remember that the 15th
of Oct., is the day for the contest
among the Canning Club Girls
of this county. Be prepared to
come and be prepared to come and
participate. It will be worth your
while. Parents should attend this
contest too. The contest will be
held in my office.

Quite a number of the rural
schools will begin this year in Oc-
tober and the first of November, as
the cotton crop is a short one, the
work of gathering will soon be
finished. Schools that begin be-
fore the first of January will be
unable to get pay for this work
until the first of 1916, as this fall's
work will be a part of the 1916
school term. Just getting the pie
before it is matured.

So far, we are without any
school appropriation at all for 1916.
The legislature adjourned without
making any appropriation what-
ever for the public schools of this
state. It looks mighty like we
are going to be out short of what
we are expecting in the finance from
the state. Let us hope that the
bill as passed by the house of rep-
resentatives will be approved by
the state senate. That would be
good for the cause of the rural
education of this state.

The citizens of the Pauline
school are contemplating building
an addition to their splendid new
school house. They have been
growing to the extent that they
will have to use three teachers,
and are now in shape to have a
graded high school. This is one
of the most progressive commu-
nities in this county and one that
will show up in the future in the
way of furnishing men and women
with the essential qualifications of
citizenship. They believe in edu-
cating their children and are work-

100 Reward, \$100
The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is malaria or CHILLS & FEVER.
It is caused by a malarial germ, and
influenced by constitutional conditions.
Requires a constitutional treatment.
Hall's Cathartic Cure is taken internally
and acts thru the blood on the malarial
germs. The system thereby de-
stroying the foundation of the disease,
giving the patient strength by building
up the constitution and restoring nat-
ure in doing its work. The proprie-
tors have no selfish ends in the curative
powers of Hall's Cathartic Cure that
they offer One Hundred Dollars for any
case that it fails to cure. Send for list
of testimonials.

**Can you Sell a Piano or Bring in
a Piano Prospect who will Buy**

As you know we have a large music department and sell Pianos. We are selling at present three
standard grade Pianos, The Conway—the Lexington Player Piano and the Hallet & Davis Piano. We
are going to include these in the contest and will make special cash prices on this account.

Please Read Carefully and see what this means to you
A CONWAY HIGH GRADE PIANO, delivered with stool and seat for only \$300.00 cash. This
is a wonderful value as there is not a better Piano for the money than the CONWAY—it will give serv-
ice—is built to withstand all kinds of climatic conditions and the longer used the better the tone. If
you can sell one of these Pianos or bring a prospect who will buy from you will receive for this
600,000 Votes

\$400.00 Hallet & Davis Piano we will sell for \$325.00 in the contest. This is \$75.00 discount for
cash and an instrument that we need say little about—it is known the world over for its beautiful tone
and attractive design. If you can sell one of these Pianos or bring a prospect that will buy you will
receive 650,000 votes.

\$500.00 Lexington Player Piano delivered with bench, stool and seat and one dozen music rolls
we place the value on this Player at \$400.00 as this is the usual price for it the cash price now will be
450.00. This brings a musical instrument into the home that every member of the family can play.
If you can sell one of these Pianos or bring a prospect who will buy you will receive 600,000 votes

These prices are for cash sale. We have based the vote offer on these pianos on basis of double
yearly subscriptions for the News. For instance the vote regular scale for 1 year subscription is 1000
votes. If a piano is sold through a contestant for \$300.00 the contestant will be entitled to 600 times the
1000 votes.

We hold this offer as listed above open until further notice in case pianos are all sold out
or anyone of the above pianos are sold out the offer on that special instrument will be withdrawn.
Everyone interested in the piano offer should come in at once and talk the matter over with the
Campaign Manager and learn all about the offer and more about the pianos and the piano player which
we sell.

Some of the contestants are going to turn a Piano trick before long.—Several have been working
on this big feature and if they do turn a trick and get a customer for a piano or a player they will re-
ceive a handsome reward for it. There is not a contestant in this race that cannot get in on this as the
field is open to everyone. Go out and find someone who wants a piano—you don't actually have to do
the selling of the piano—just bring the prospect and we'll do the rest and if we land the deal thru you
you get the votes.

**Accuracy
in Filling
Prescriptions**

The greatest care is exer-
cised at this drug store in
the filling of doctors' prescriptions.
Every ingredient is checked off to
avoid the slightest error. And the
drugs here are fresh and pure. We
keep a full supply of sick-room ne-
cessities on hand at all times. We call
special attention to

Scot Tissue Towels
and Toilet Paper

The towels are great time and labor
savers. For absorbing grease from
fried foods, absorbing spit liquids,
polishing cut glass, mirrors, use them
as towels and save your good linen
ones. Three-fold—handker, medium
and large size rolls. Scot Tissue Toilet
Paper is soft, remarkably absorbent
and snowy white. Large roll, 18c.

**LIVELY'S
DRUG STORE**

ing successfully to that end.

The citizens of the Olney school
district, after voting unanimously
for local tax, are now on equal
footing with Bryan county which
is a county wide local tax county.
They are now allowed to enter and
attend the full term of the Bryan
county school where they are
forced to attend, and they can do
it without having any tuition to
pay.

Patrons of the Brannen and
Groover school near Statesboro are
now planning to remodel their
school house and to make additions
to it. Mr. Rupert Williams has
been elected principal of this
school. They have grown to the
extent that one teacher cannot
possibly take care of the school
alone. They have an attendance
of about seventy there each year.

The day of harsh physics is gone.
People want mild easy laxatives.
Dana's Regulax have satisfied
thousand. 25c at all drug stores.

About Georgia and Georgians

Items of Interest Concerning People and Things in the State

Atlanta, Ga., Oct. 6.—That there will be absolutely no compromise with the opponents of prohibition is asserted by a number of prohibition members of the legislature who have been in Atlanta during the last few days.

Several stories have been published, notably in the city news papers to the effect that "those who oppose the more drastic prohibition bills," which is merely a polite designation for the anti-prohibitionists, "plan to form a coalition with the conservative prohibitionists," etc., etc.

These reports, say Representative M. J. Yeomans of Terrell, Representative W. H. Ayer of Bibb, Representative H. W. Hopkins of Thomas, are undoubtedly correct so far as the desires and plans of the anti-prohibitionists are concerned, but no compromise would be considered for a moment by the prohibition forces.

"The fact that the anti-prohibitionists are talking compromise shows that they are beaten and have given up all hope," except the possibility of salvaging some remnants of the liquor traffic," declared Representative Yeomans of Terrell, who has been in Atlanta.

The movement to reorganize the rules of the house is evidently gaining strong headway. The above named members predict that the rules will be reorganized at the outset of the extra session. The plan of reorganization is for the house to elect its own standing committees, instead of letting the speaker appoint them, and for the house to strip the committees, including the powerful rules committee, of the arbitrary powers that they now exercise in preventing consideration of bills. The plan is substantially identical with the reorganization of the national house at Washington by the Democratic majority at the outset of the Wilson administration.

Atlanta, Ga., Oct. 6.—Brenau college at Gainesville has announced a renewal of the offer made several years past of twelve scholarships of the value of six hundred dollars each. These scholarships are given upon competitive examination, and the schools in nearly every state in the south have entered the contest. Any member of the graduating class of an accredited high school is eligible to enter for the examination, which is held by the principal of the high school some time in the month of April and May.

The examination is prepared by the faculty of Brenau, and the questions cover the subjects of English, Mathematics and History. The A. B. Course at Brenau has been broadened, and the standards raised in the past several years, and now compare favorably in respect to grade with the standard university courses.

Atlanta, Ga., Oct. 6.—What do you think would be a good name for a baby lion whose father is named Nero and whose mother is named Sultana? Two names are wanted, for the baby lion is a twin, a little boy lion and a little girl lion. They are only a week old, and are being nursed on a bottle in the home of Zoo keeper Boyd of Grant park.

The baby lions are kept in a darkened room, heated to exactly the right temperature, and are fed from the bottle every two hours out of the twenty-four.

It is more trouble to keep a baby lion than a human baby, and they are much more susceptible to colds and other infantile ailments. Zoo keeper Boyd thinks, however, that the twins will live, and he is anxious for an appropriate name that will be in keeping with the royal pride and fierceness of

the names of the father and mother.

Atlanta, Ga., Oct. 6.—The rural telephone as a community developer and a medium through co-operative systems of marketing are being established direct from producer to customer, is today being recognized and used more and more throughout Georgia and the south. It is beginning to be recognized as one of the necessities of progressive farming.

It is through the establishment of a system of rural telephone lines, covering every part of Georgia, that the officials of the Southern Bell hope to bring about a greater development of the natural resources of the state and build up a system of co-operative marketing between the farmer and the city man that will go a long way toward solving the high cost of living. Reports are received by the Southern Bell that new lines in rural sections are being built now as never before, and that in the not far distant future every progressive farmer in Georgia will have telephone connections.

Atlanta, Ga., Oct. 6.—Authentic information on the question of whether rattlesnake bites are fatal is being furnished in interesting quantities, particularly by country doctors, as the result of the statement made by Atlantans that they didn't know of a single case in which death had actually resulted.

As many as a half dozen cases, though not more, are on the positive records in Georgia during the past fifteen years of people actually dying from rattlesnake bite, while on the other hand there are hundreds of cases of recovery from the bite of the rattlesnake. That the rattlesnake can kill has been shown beyond question, but along with this proof comes the rather surprise fact that the bite is not fatal more than one time in twenty, provided proper and immediate attention is given to the patient.

So far as Atlanta and Fulton

county alone are concerned, no one has died of snake bite here since the civil war, though several have been bitten and recovered.

Atlanta, Ga., Oct. 6.—Dope victims, including a few women, in the small towns and rural communities of Georgia, who have their supply of narcotics cut off by the federal law have appealed to Atlanta to treat them in the free camp and clinic established here.

The dope fiends have found themselves in a terrible situation, and in real need of medical relief, since their dope has been entirely cut off. It would be impossible to state wide work in the small Atlanta emergency camp, and it has been suggested that some state wide methods of curing for the victims who cannot take care of themselves by paying for treatment, may be devised.

For group or scar throat, use Dr. Thomas' Electric Oil. Two sizes, 25c and 50c. At all drug stores.—Adv.

Stop and Read

On the first Tuesday in Nov. next, we will sell to the highest bidder on easy terms, our Marble & Granite Plant, including machinery, tools, buildings and stock on hand. Plant located on the C. of Ga. Ry., in the city of Statesboro. Good opportunity for wide-awake party. Our reason for selling owners have other business.

Southern Marble & Granite Co., 9-30 4 C.

PRIZE CONTEST TO CELEBRATE ANNIVERSARY OF ELECTRIC LIGHTING

Local Boys and Girls May Compete In National Prize Contest for \$2500 Ending In Edison Day Oct. 21, 1915

In celebration of the 36th anniversary of Thomas A. Edison's invention of the electric lamp, October 21, 1879, a nation-wide prize contest for boys and girls has been announced. The total prizes amount to \$2,500 and the contest conditions are such that boys and girls of this vicinity may compete and stand an equal chance for winning.

The contest is unique in that it is a part of the annual celebration of Edison Day throughout the country and the prizes are awarded for the replacement of carbon filament electric lamp bulbs by the newer types of Edison Mazda lamps. The contest is backed by the Edison Lamp Works of the General Electric Company and is bonafide in every way.

The Edison Day contest begins at 12:01 a. m. Tuesday, September 21st, and closes at 12:00 o'clock midnight on Thursday, Oct. 21, 1915. The first prize for boys is a \$275 Indian Big-Twin Motorcycle; the first prize for girls is a new type \$200 Edison Diamond Disk phonograph with \$75 cash for records. The second prize for boys is an Evinrude detachable row-boat or canoe motor; for girls an \$80.00 order on any jewelry. The third prize for boys is an Old Town canoe; for girls a paragon ivory toilet set, and so on down through a long list of jewelry, watches, cameras, musical instruments, sporting goods, etc. There are 33 valuable prizes in all and the next two thousand boys and girls, who stand highest on the list will be given an Eveready fountain pen flashlight.

Contestants must secure suitable contest cards from the local lighting company or agent, handing Edison Mazda lamps. These cards are distributed by the contestants to friends and acquaintances who are planning to exchange their old carbon lamps for the new Edison Mazda lamps, or to purchase new lamps. Each new lamp is rated in "watts." That is, on every lamp bulb is a little "sticker" giving the number of watts of current the lamp consumes when burning. A watt counts as one point in the contest. For example: one 10-watt lamp would credit the contestant with ten points in the contest. Four 25-watt lamps give 100 points; six 40-watt lamps 240 points, and so on.

As soon as the contest is over, on Oct. 22nd, the Edison agent turns in all the contest cards to the Edison Lamp Works where they are sorted and the total points entered for each contestant. The boy or girl whose cards total the greatest number of points wins first prize, the next largest wins second and so on down the list. Prizes will be distributed as soon thereafter as possible.

No prize will be awarded to any employee of the Edison Lamp Works or General Electric Company or to any employee of any electric lighting company or lamp agent.

The boy or girl whose cards total the greatest number of points wins first prize, and so on through a list of 33 valuable prizes. The next 2000 boys or girls will each receive an Eveready Fountain Pen Flashlight.

Women loves a clear, rosy complexion. Burdock Blood Bitters is splendid for purifying the blood, clearing the skin, restoring sound digestion. All druggists sell it. Price \$1.00.—Adv.

LANGSTON'S LOGIC

Selfishness.

Of all the faults that sore afflict the race on this terrestrial ball, the blighting sin of selfishness assuredly is the worst of all. We see it on the street, the train, the church, the movies—everywhere, to inconvenience other folks, the most of people do not care. The list of illustrations is too big for any writer to essay, and yet perhaps a few will do to prove the truth of what I say. The man who comes into the train, and lifts the window high and wide upon a cold and rainy day, because he wants to see outside, although the winter wind may blow, and chill his neighbors by his side, and freeze

the marrow in his bones—is selfishness personified. Next comes the selfish man who walks down the street, or other place, and carries his umbrella aimed to punch his neighbor in the face, grasp firmly underneath his arm, with female sticking right behind, he cares not if it punches the eyes and make the man behind him blind. And if you leave the street to him, and go in to the church, and try to see the preacher when he speaks, and look into the speaker's eye, before you sit a sweet female, with hat about four cubits high. And as you wriggle, squirm and bend, and turn about this way and that, you cannot see the preacher for the trills and feathers on that hat. Of course she doesn't mean to be a selfish female—Oh, dear no—but all the same, this careless of the rights of others,

"The Right Way"

THE COUNTRY CHURCH

From the Columbia Record.

One of the graduates of the Columbia Seminary, the Rev. W. H. Mills, of Clemson, is becoming quite a specialist in the field of the country church, its problems, their solutions, methods of advancing the interest of the rural communities and serving the community life. The United States department of agriculture is aiding him in his work.

Mr. Mills has had overtures to give his whole time to this field in the employment of the United States bureau of education. He is already doing very valuable service in this field in his native state of South Carolina. The Columbia Seminary is very fortunate in securing him to deliver a series of lectures, during the next year, covering this field of the country church and rural sociology.

There will be five lectures, which will perhaps treat the subject under the following general heads, with such modification as immediate preparations may lead him to make: First, "The Kingdom of God;" second, "The Church as the Means of the Bringing In of the Kingdom;" third, "The Country Church and Its Problems;" fourth, "The Country Church and Its Solutions of These Problems;" fifth, "The Country Minister as the Centre of the Whole Question of the Relation of the Country Church to the Whole Community."

It is very necessary that students should hear from a specialist in this field this whole subject treated in order that they may be prepared wisely to serve the rural churches of which they themselves become pastors. Perhaps the most important and practical ecclesiastical question that is now confronting the Christian people is the problem of the country church and the preparation of wise and effective ministers to fill these fields.

Seventy-five years ago there were throughout South Carolina hundreds of country churches that were the bed-rock of the civilization of this country. Today their people are scattered, their influence warning. They must be revived.

COMB SAGE TEA IN LIFELESS, GRAY HAIR

Look young! Common garden Sage and Sulphur daisies so naturally nobody can tell.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. When over her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a bottle of this old-time recipe, ready to use, for about 60 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

Feather Beds

For a limited time we will sell one Feather Bed, weighing 36 pounds and one pair of pillows weighing six pounds all for \$10 cash with orders, f. o. b. Covington, Ga. NEW feathers only. Best A. C. FOR A NATIONAL CHILD LABOR LAW

Connecticut Manufacturer Favors a 16-Year Limit.

"We need a national law that will keep all children in school until they are 16," Mr. D. H. Warner, one of the largest manufacturers in Connecticut, told a representative of the Child Labor Committee the other day. Mr. Warner is the head of the Warner Bros. Corset Co., of Bridgeport, who recently put his 4,000 employees on a 48-hour week although the state law permits him to operate 55 hours a week.

"The manufacturer who employs children of 14 or 15 does not benefit himself because children are not good workers; he does not benefit the community because he harms the child, and it is the good of the community, not the individual manufacturer, that must be considered in this question of child labor."

"I never employ children under 16 if I can get older workers because I consider the years between 14 and 16 the most impressionable ones of a child's life and I know that the factory influence is a bad one, no matter how careful the employer may be. Those years should be spent in school and in the open, not in the factory where physical, mental, moral and financial growth is stunted. If we must have men with a college education in the executive positions, it is equally necessary to have a proportionate amount of training throughout the entire force. I find it extremely difficult to get intelligent girls for responsible positions. I have tried to train them but the lack of education makes it impossible for them to go beyond a certain point."

"It is true, of course, that poverty makes it necessary for some children to go to work before they are 16. I think it might be advisable to permit exemptions to 16-year limit for such children who are over 14 and are declared physically fit for work by a physician. Cases of actual poverty are not very numerous, however, many children are sent to work because their parents are not poor but avaricious."

Trustee's Sale.

GEORGIA—Bulloch County. Will be sold, before the court house in said county and state to the highest and best bidder (one-half to be paid cash, and one-half on January 1st, 1915, deferred payment to be properly secured), the following real estate:

That certain lot or parcel of land known as lot no. 34 in the town of Aaron, 1230th G. M. district, Bulloch county, Ga., running westward a depth of 200 feet between parallel lines bounded north by lot 33, situated in said town of Aaron, east by Second Avenue, south by lot no. 35, and west by a 20-foot alley, also

That certain tract of land, situated in the 40th G. M. district, Bulloch county, Georgia, bounded north by lands of Allen Williams, west by lands of J. W. Gay, south by lands of J. R. Gay, containing 882 acres, more or less, also

That certain lot of land in the town of Aaron, 1230th G. M. district, Bulloch county, Ga., nos 136 and 137, having each a front of 70 ft. on South Railroad st. and extending back 325 ft. to South st. said two lots being bounded north by South Railroad st. east by lot no. 135, south by South st. and west by lot no. 138, also

One certain parcel of land, situated, lying and being in the town of Aaron, 1230th G. M. district Bulloch county, Ga., bounded north and east by lands of G. B. Aaron, south by the S. A. & N. railway, and west by the town of Aaron, containing two acres, more or less.

The above tracts are to be sold free from all liens, the bankrupt court to pay same off and deliver the land with title not subject to liens against J. R. Gay, said property being sold as property belonging to the bankrupt estate of said J. R. Gay.

This Department Edited by MISS IRENE ARDEN. Telephone No. 7.

Miss Bonnie Ford is visiting Miss Florence Mays at Sardis, Ga.

Mr. W. G. Surs, of Augusta, spent Sunday with Mr. W. R. Outland.

Miss Josephine Deiter, of Savannah, is the guest of Mrs. Don Braanen.

Mrs. Lee Nevils, of Register, spent Saturday with her sister, Mrs. L. M. Mikell.

Miss Ouida Brannen is spending some time with her sister, Mrs. Fred Brinson, at Orament.

Miss Cleo Lee returned home one day this week from an extended visit to relatives in Florida.

Mrs. F. L. Parrish and children of Aaron, spent several days this week visiting relatives in the city.

On Sunday Mr. W. E. McDougald celebrated his birthday by entertaining his family at a dinner party.

Miss Elma Wimberly left Tuesday for Atlanta where she will spend several weeks visiting friends.

Mrs. M. H. Floyd, of Savannah, formerly Miss Julia Heidt of Guy

Mr. and Mrs. Hinton Booth and Miss Wilhel Parker motored to Augusta on Thursday, returning on Friday afternoon.

Miss Ruth Rolston, of Macon, arrived Monday to assume her duties as one of the music teachers in the High School.

Mr. and Mrs. E. T. Coleman and daughter, Neita Bell, left Saturday for Atlanta where they expect to remain for the winter.

Mr. and Mrs. G. I. Taggart and children motored up from Savannah Sunday and were the guest of her father, Mr. G. S. Johnston.

Mr. Grover Brannen, who is engaged in business in Savannah, spent Sunday and Monday with his parents, Mr. and Mrs. J. A. Brannen.

Mrs. America Blitch and daughter, Miss Lucy, left Sunday night for Seattle, Washington. Before returning home they will visit the exposition at San Francisco, Cal.

ton, will appear in the leading role in the play "Uncle Josh's Folk" which will be presented by the Guyton Dramatic Club at the auditorium here on Friday night Oct. 8th 1915.

Mr. and Mrs. M. T. Phillips, Mrs. P. E. Ansley and Master Dumas Sauntes left Monday for Macon to spend a few days before going to Meridian, Miss., where they will make their future home.

Mrs. L. Jordon of Savannah Ave, left Sunday for points in Alabama where she will enjoy a vacation of two or more weeks.

Her sister, Mrs. O. W. Horne, accompanied her as far as Macon and herself will spend several days at Butler before returning to Statesboro.

Mrs. M. H. Floyd, of Savannah, whose clear soprano voice has been heard with delight in Statesboro, will sing a popular ballad during the second act of the play Miss Edith Shearouse will also sing

several selections between the acts, and there will be some specialties introduced by finished performers.

The cast of Uncle Josh's folk is as follows:

John Vernon, New York millionaire—R. J. Taylor.

Ruth, his daughter—Mrs. M. H. Floyd.

Jack Gordon, Ruth's sweetheart—W. S. Wion.

Mrs. Gordon, Jack's mother—Miss Minnie Morgan.

Uncle Josh, antique Rube—J. H. Shearouse.

Jake, his son, juvenile Rube—J. H. Burke.

Mrs. Brown, companion to Ruth—Mrs. J. H. Burke.

Richard Marlow, villain—C. B. Heidt.

Hilda, a maid in Vernon's home—Miss Cora Shealy.

Officer—B. L. Canady.

Tickets for "Uncle Josh's Folk" can be secured from Liveley's drug store or the Utopia, where we all drink. The prices of admission will be 50 and 25 cents, and 75 cents for reserved seats.

THE FROCK AND ITS TRIMMING

Cape Collars and Chokers

New York, Oct. 5.—Winter fashions have been fully settled upon and it is gratifying to say that for many a season, if ever, they have not been as attractive as they are this year. There is a charming variety. Fabrics are rich both in quality and coloring, trimmings are artistic, and designs are simplicity itself.

The simple serge and gabardine frocks, so much favored for all day time occasions, are trimmed effectively with braid designs in soutache braid, Hercules, and novelty braidings, and the touches that render them distinctive are the various color notes that are being introduced for contrast on many of the smart new models.

Leather As a Trimming.

One of the smart innovations of the season is the three-quarter coat of leather, trimmed with fur and velvet.

On Friday evening Miss Mary Beth Smith entertained the Dramatic Club in her usual loving manner. About fourteen couples were present. After all business was attended to, the game "Auction" was played at which Mr. Dan Arden was auctioneer. Each package contained an article which represented the title of a book. The bidding was lively and created much amusement as the package was received by the bidder and contents opened. At the close of the game a delightful ice course was served.

Two New Store Rooms On Vacant Lots Facing Seibald Street.

The optimistic feeling that seems to obtain in business quarters just now has its noticeable effect in a tone of general improvement and new building projects in many parts of the city. One of the most prominent vacant spaces that is to be filled in with a new building is the lots belonging to the Bank of Statesboro just north of the bank building facing west on Seibald street. The plans call for two one story store rooms occupying the full space fronting west and running back to the east line of the bank building. This will very greatly add to the business activity of that block.

THE WORLD SERIES BASE BALL REPORTS

To Be Reported at Liveley's Drug Store

Druggist Geo. Liveley is arranging to present the reports of the world series' base ball from his store, beginning with the opening game Friday. Special telegraph service from the Western Union Co. will be installed to receive these reports and reliable and authentic news may be had from the windows of Liveley's drug store.

OLDER BUT STRONGER

To be healthy at seventy, prepared at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's, Scott & Bowne, Bloomfield, N. J.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment

If you suffer from backache, headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help. Doan's Pills are especially prepared for kidney trouble. They are recommended by thousands.

Can Statesboro residents desire more convincing proof of their effectiveness than the statement of a Statesboro citizen who has used them and willingly testifies as to their worth?

S. F. Oliff, merchant, Statesboro, says: "I can conscientiously recommend Doan's Kidney Pills to others, who may be in need of a kidney medicine. I have given them a thorough trial and they have done me more good than anything else I ever took for kidney trouble."

Church Notice.

There will not be any preaching at the Primitive Baptist church Saturday or Sunday but there will be preaching Sunday night by Elder Barwick.

Fraud Paint

The worst mistake one is likely to make in painting is wrong paint; it is easy to make.

We all say "Ours is the best;" and there are 1000 of us. One is best; he is a dozen or so near on a level that no one knows, for sure, that his is the one.

The worst paints are the worst liars; they know what they are, put on a bold face, and brazen it out.

Their one true argument is low price; but low-price paint is always, must be, a fraud; it is made to cheat cheatable people.

DEVOE.

A. J. Franklin sells it.

CHAS. E. CONE

Establishes Real Estate Department To His Insurance Business.

Mr. Chas. E. Cone the popular insurance agent whose business has grown very rapidly the last year has concluded the detail arrangements for establishing a real estate, buying, selling, and rental collection agency in connection with his insurance business. Mr. Cone's announcement elsewhere in this paper fully explains his new undertaking the wide range of which is a convenience that is greatly needed in Statesboro. There are many prospective home seekers that want to know the available houses for rent or for sale; some who desire only apartments of a few rooms and if owners want to be relieved of the trouble of advertising their property, of showing prospective tenants about town. Mr. Cone will be pleased to get in touch with you.

several selections between the acts, and there will be some specialties introduced by finished performers.

The cast of Uncle Josh's folk is as follows:

Syrup Barrels, \$1.00 each. Coco-Cola Bottling Co.

Furnished or unfurnished rooms to rent. Nice, large front rooms furnished or unfurnished with bath accommodations can be had at reasonable terms at 19 Savannah Ave.

The Beloved Art of Soothing

There are many types of femininity, but perhaps the most and most appreciated is the girl who soothes. There are so many vivacious girls, types which excite one to mirth or to lively interest, but there is only one girl in a hundred who soothes. She is like the oasis in the desert, restful, refreshing, welcome to one and all. The woman with the keen wit, she of the bubbling mirth, the girl with the languorous manner, all are of interest at times and under certain conditions, but the girl who soothes never fails to attract wherever she may be.

It is she who smooths down your ruffled feelings when circumstances seem to have conspired against your peace of mind. If your dressmaker has failed to deliver your new frock at the promised time or if your maid has just broken your favorite bit of china, you take your troubles to the girl who soothes and come away feeling much better for her cheering words.

To learn this most difficult branch of social diplomacy—namely, the gentle art of soothing—you must have, first of all, a goodly share of intuition. There are times when your ruffled friend may want you to know her very apparent perturbation. At other times she may be just waiting for you to speak a word of sympathy or perhaps to touch upon the upsetting subject in order to burst out with her whole tale of woe. Your intuition will have to tell you.

One of the first things for you to learn in the gentle art of soothing is never to disturb your friend's peace. There is nothing quite so ruffling as to have one's peace detected. If a friend is a chronic invalid (with nothing really the matter) sympathize with her imagined aches and pains just as if they were real.

If a friend has her mind all made up to be a martyr let her be one and don't suggest possible ways out of her martyrdom. She will run on for hours on the subject of all she has to undergo, and it would be futile to try to disturb her in this pose. If she imagines her husband untrue to her just because he has had to consult a woman client on a matter of business, console with her by all means, whether you think her foolish or not.

You must never suggest by any chance that your confidant was in the wrong in a quarrel. If she tells you at length how Bobby and she no longer speak to each other because he is so ridiculously jealous, smooth her down in your most tactful way. Suggest that Bobby would not be so jealous if he did not care for her; never intimate in the faintest way that she would give any one ample cause for jealousy.

If you want to be one of those rare creatures, a girl who soothes, never tell a tired woman shopper that she could have obtained much better bargains at another store. If a friend wears an oversizeable gown, make no comment on it, but tell her that you have never seen her hair look so well. It is strange how far an adroit compliment will go at times toward smoothing a ruffled mind.

There are women, however, who cannot be helped by such methods at all. You must study your friends and their characters in order to learn the art of soothing thoroughly. There is no single way, but rather myriad of ways of calming down a ruffled mind. In fact, each woman seems to need a different treatment.

It is well worth studying the art, however, for the girl who soothes is beloved by all who know her.

DEAL WITH THE "DOLLAR DAY" BOOSTERS AND SAVE MONEY

TIMES DRIFTING TOWARD UNIVERSAL PROHIBITION

President of W. C. T. U.
Makes Stirring Address
at Seattle.

Seattle, Wash., Oct. 11.—There was a ringing note of triumph in the address with which Anna A. Gordon, the president, greeted the first business session of the National Women's Christian Temperance Union here today. Her address came after the report of the executive committee and the appointment of credentials and other committees. It swept the world as affected by the crusade against alcohol, and found therein great cause for rejoicing.

Miss Gordon's address was voluminous. It dealt in detail with all branches of the work—prohibition by constitutional amendment; the situation in Europe; total abstinence; the progress of women's suffrage, in which temperance workers are prominent; the work of the young people; the movement of a Frances L. Willard day in the public schools, and a map showing prohibition territory for the same institutions. She reported a net gain of 29,709 members in 1915.

Declaring that "the world will banish John Barleycorn," Miss Gordon said:

"The extraordinary gain for prohibition in Russia, France, Germany, England, Italy and in all the vast areas involved in the European war, is unprecedented. By one official edict Nicholas II., Czar of Russia, emancipated that nation from the thrall of vodka. Later even the use of wine was proscribed. Russia thus lost an annual vodka revenue of many millions of dollars, but she gained a larger revenue through the morality and the efficiency of her people. The controller of the treasury, Kharitonoff, affirmed: 'Russia without vodka and with the war is better off than Russia with vodka without the war.' There is reason to believe that the czar, on the re-establishment of peace, will continue his prohibition policy.

"As Russia interdicts vodka, so France, as a war measure, has prohibited the manufacture and sale of absinthe. General Joffre, convinced that drinking soldiers endangered the safety of the country, has forbidden the sale within the war zone of all alcoholic liquors.

"In Switzerland, Holland and Belgium the sale of absinthe has been interdicted. In Germany, army recruits are warned by the government against the use of beer, because it is injurious and causes, nearly all army excesses and disturbances.

"Another nation in the throes of a struggle against alcoholic drink declared by eminent men and women to be the country's bitterest enemy, is the Kingdom of Great Britain. In our western hemisphere we have welcomed the glad tidings from Alberta and Saskatchewan, province in Canada that have driven out the liquor traffic, and as loyal Pan-Americans we long to help the drinking millions in South America.

"Last January Iceland outlawed the liquor traffic. The Roumanian government has cut down the number of saloons in its country nearly 50 per cent. The parliament of Italy has passed an act forbidding the sale except within very narrow limits and rigid conditions, of all liquors.

"In Holland the number of saloons has been reduced nearly one-half and campaigns for nation-

WAYCROSS HOTEL BURNS

W. B. Ellington Loses His Life—Loss \$170,000

Waycross, Oct. 10.—The LaGrande Hotel, covering an entire city triangle, was destroyed by fire early this morning. So far as known only one guest lost his life in the flames. Two firemen were injured. W. B. Ellington, real estate man, was killed by leaping from a fourth-floor window. The loss is \$170,000.

The fire originated in the kitchen on the second floor at 2:30 o'clock this morning. The flames spread rapidly and the guests of the hotel had difficulty making their way from the building.

When Ellington awoke he found that the stairway had been cut off. He ran to a window and leaped to the street.

The lower floor of the LaGrande Hotel was occupied by many business concerns and the right wing had been used for business offices. The Western Union was among the offices burned out. Six streets were blocked by falling walls.

THE CENTRAL OF GEORGIA'S RULES

Regarding Bulky Baggage
Passenger Coaches.

"Rule No. 835: Conductors must not allow passengers to carry into passenger cars bulky packages or other articles which obstruct the aisles, seats or the space between the seats to the inconvenience of other passengers. Articles of this description, which are entitled, to be carried as baggage, must be sent to the baggage car and checked. If not entitled to be so carried, they must be forwarded by express or otherwise disposed of by the owner.

Overhead racks are provided in passenger cars for such articles as coats, wraps, hats, umbrellas, etc., and conductors should see that heavy articles, which might, in falling, injure a passenger, are not permitted in racks.

Explosives and highly inflammable articles, such as fireworks, loaded firearms, gasoline and moving picture films may not lawfully be taken into passenger cars.

Under no circumstances should baggage or any other package be permitted to remain in the aisles of passenger coaches, sleeping cars, or parlor cars.

wide prohibition are now being urged in Sweden and Norway, Australia and New Zealand. South America's white ribbons are rapidly gaining total abstinence ground by their heroic endeavors.

"The Wholesale Liquor Dealers Association appropriated \$50,000,000 for the fight against the national prohibition amendment," declared Mrs. Francis P. Parks, corresponding secretary of the National Women's Christian Temperance Union, in her annual report to the forty-second annual convention of that organization today.

The treasurer's annual report showed a balance of \$60,000 on hand.

HIGH SCHOOL ITEMS

(Miss Susie Mae Caruthers, H. Stilson Braunen)

The basket ball team was organized last Wednesday under the leadership of Misses Neal and Bass. We have two teams composed of the eighth, ninth and tenth grade girls. Our purpose in organizing these two teams is to have games every day.

On last Friday afternoon the D. L. S. met for their regular meeting. The following program was carried out: Debate, Resolved that physical culture should be taught in all the schools in Georgia.

AFFIRMATIVE—Misses Ida Mae Braunen and Nellie Lee.

NEGATIVE—Misses Janice Singleton and Annie Mae Strickland.

Piano solo—Miss Sybil Williams. Recitation—Miss Irma Foyd.

Piano solo—Miss Lois Hobbs. Current events—Misses Ida Mae Braunen and Nellie Lee.

Journal—Miss Penne Allen. Chorus—By the girls of the Glee Club.

The judges rendered their decision in favor of the negative side.

Several reclassifications were made at the beginning of the second month. The school now being better organized we expect better work and wish the pupils who were reclassified much success in their new grades.

The foot ball team elected as officers the following: Morgan Arden, manager; Bonnie Morris, captain. The first game of the season was played Monday afternoon at the ball park between the Statesboro Institute and the F. D. Agricultural school. When the F. D. A. S. boys marched down to the park in their uniforms every boy in our team gave a sigh. It was not a sigh of fear but a sigh of anxiety.

They dreaded to take the field against these heavy athletic looking fellows, who looked as if they could manage two teams like ours, but when on the field our team began to "star" we then realized that our boys had a chance against these burly visitors of ours. We found that it took more than avoirdupois to play foot ball.

The game was quite a success. There was a large crowd out and the weather was pleasant. The only point scored was that of a touch down made by Captain Morris of the S. H. S. This gave a score of S. H. S. 1 and F. D. A. S. 0.

Clark's Smith—"One of the best days business we have had for years."

P. G. FRANKLIN—"Our business was extremely good. It was a splendid commercial event for Statesboro."

CITY GROCERY Co.—"An all around big day. Our trade was tremendous."

CLARK'S CROCKERY—"We don't want to be pigskin but we'd like a Dollar Day every day in the week if they would be like last Saturday."

E. C. OLIVER—"A record day for me. We sold twenty-five coat suits before ten o'clock in the morning. Another thing you can say. A man and his wife traded with us Thursday and stated he was going to Savannah Saturday and was so well pleased with Statesboro prices that he would return here to buy his suit before going to Savannah; he lives down below Brooklet. He kept his word, coming up thru Brooklet to go to Savannah and did his trading here. Sparks well for Statesboro merchants.

DOLLAR DAY

Proof of the Pudding Is the Eating On't—The Efficacy of Advertising Proven—Advertising Did It

Something like a deluge of business fairly rained in on our Statesboro merchants last Saturday. Most of the dealers were quite unprepared for the great volume of trade that was showered on them from early morning until late at night.

What They Say

THE STATESBORO MERCANTILE Co.—"What have we to say about Saturday's business? 'We are ashamed to say we could not handle it to our satisfaction. It was like a Panama land slide.'"

J. C. LANE—"The Variety Store was simply swamped. We thought we were ready, but we had not measured the magnitude of the event. The NEWS is due our thanks for the great publicity it so liberally gave the occasion."

BROOKS SIMMONS Co.—"Biggest day's business we've had in five years. Could have done fifty per cent more if we had been prepared. We owe the NEWS a vote of thanks."

W. G. RAINE—"It was a great day. We need these stimulating affairs two or three times a year; makes us acquainted with our neighbor."

"TRAPNELL-MIKEL Co.—"Great days business. Way beyond our expectations. Not half enough clerks to handle the trade. We had nothing to eat from breakfast until the day was done. The Dollar Day publicity of the NEWS brought the people."

OLLIFF & SMITH—"One of the best days business we have had for years."

P. G. FRANKLIN—"Our business was extremely good. It was a splendid commercial event for Statesboro."

CITY GROCERY Co.—"An all around big day. Our trade was tremendous."

CLARK'S CROCKERY—"We don't want to be pigskin but we'd like a Dollar Day every day in the week if they would be like last Saturday."

E. C. OLIVER—"A record day for me. We sold twenty-five coat suits before ten o'clock in the morning. Another thing you can say. A man and his wife traded with us Thursday and stated he was going to Savannah Saturday and was so well pleased with Statesboro prices that he would return here to buy his suit before going to Savannah; he lives down below Brooklet. He kept his word, coming up thru Brooklet to go to Savannah and did his trading here. Sparks well for Statesboro merchants.

STATESBORO CITY COURT

The October Term of the City Court Convened Monday Oct. 11th

The Oct. term of the city court convened Monday Oct. 11th at 9:00 a. m. Hon. Judge Remer, Proctor presiding. Upwards of forty-five cases were disposed of and court adjourned Tuesday until the regular November term.

If you want to know all about Protection vs. Free-Trade send postal card request for free sample copies of the American Economist, 339 Broadway, New York.

F. D. A. S. AND S. H. S. TEAMS

Meet in Ragged Football Game.

The Statesboro Institute defeated the First District A. & M. school Monday afternoon by the margin of one touch down. The game was slow and was marred by much penalizing for offside plays and for roughness. The Institute seemed to be the worst violators of the rules for they were penalized for offside plays eight times to the F. D. A. school one. The Institute was also penalized once for roughness. Statesboro won the coin and chose to defend the west goal, having the wind behind them. Proctor, for the A. M., made a poor kick, the ball being caught and brought back ten yards by the Institute boys. On the first play, an end run around left end with Bonnie Morris carrying the ball the Institute made eighteen yards. On the next play Statesboro center was offside and the Institute was penalized five yards.

Moore attempted a forward pass which was incomplete and on the next play the Institute failed to make their required ten yards and the ball went over to the A. & M.

The last quarter of the second half of the agricultural school team made some nice line plunging and made some substantial gains but they were penalized once for an offside play and one of their men fumbled and the ball was fallen on by Arden. After a series of nice end runs and two off-ides Morris carried the ball over for a touchdown for the Institute. "Brannen" failed to kick goal. On the resume of play the A. & M. kicked off to the Institute and their man was downed in his tracks. After a series of nice rushes the timekeepers called "time up" and the game ended with the score 6 to 0 in favor of the Institute.

Time of quarters—10 minutes. Referee—Brown of Tech, umpire—Quillian of Emory, linesman—Samples and Horn.

Professors Folk and Rowan gave the students a scriptural lecture Saturday night, Oct. 4th. Beautiful color scenes of the school, comprising the buildings, garden, fields, laboratories, domestic science, art exhibits and model. Home and government agricultural slides, giving a series of autumns and husbandry scenes were shown. One of the government slides that attracted special attention was that of the world's record milk cow, Sadie DeKob Burke, she 1.

A Holstein Freisian, having a record of 15 2/3 gallons of milk and 4 3/4 lbs. of butter in one day.

The attendance of the school continues to increase, several students having enrolled the last week.

A bulletin giving list of the

R. G. DUNN & CO

Report of Trades Conditions South Atlantic States October 9th.

ATLANTA.—In most all lines of business improvement continues, with more favorable outlook apparent than has existed for past year. Unseasonable weather conditions and rain the past week, combined with the last cotton reports showing a still further shortage of the crop, have advanced the price of cotton. This, with the ready and increasing demands for the staple, has brought about a more satisfactory situation in the cotton belt, improving the condition of the farmers, enabling them to take care of their debts more satisfactorily and benefiting the supply merchants, as well as stimulating wholesale and retail trade generally. Money continues plentiful and at low rates. Bank clearings and deposits are showing steady increase. Collections, on the whole, are reported satisfactory.

MACON.—General improvement is noted in practically all lines of trade. Bank clearings are showing considerable increase and collections are coming in very well. Orders are more numerous from country merchants, though there is still a tendency on their part to buy only for immediate needs. The upward trend of the cotton market has had a stimulating effect on retail trade, and there seems to be a more optimistic feeling generally in all lines. Weather has been favorable for gathering cotton. Moisture is needed for the preparation of the soil for seeding winter grain and cover crops.

athletic events requisite to win the prize badge given by the Atlanta Constitution has just been received from Prof. Stewart and many of the students have signified their intention of entering these contests.

Misses Marie Alderman, Bertie Cox and Esther Baulerson were replaced in the Model Home the first of October by Misses Ila Bowell, Louise Graham, Ruby Cail and Myrtice Wilkes.

Each Department Will Seek Larger Appropriations.

YET THE DEFICIT IS GROWING

Government Has Too Many Useless and Expensive Bureaus to Support—These Organizations Accomplish Little or Nothing, but Are Expensive—Cabinet Officers "Sweating Blood."

WASHINGTON, Oct. 12.—[Special.]—These are days when cabinet officers are "sweating blood." It is the time of the yearly estimates. Annual reports cause cabinet officers to wear thoughtful frowns and superior air, but annual reports are a pleasure. Annual estimates are another thing and cause the throbbing brow and the cramped hand.

This year the annual estimates are particularly difficult on account of the deficit daily growing larger, with nothing in sight to increase the revenues to a point where they will meet the expenditures. It is the duty of every cabinet member to cut the estimates for his department to the bone, to reduce the outgo if possible, and yet he is met by demands for increases from every bureau and every division. It is a curious fact that decreasing revenues and a growing deficit never discourage the average government official. He asks for increases for his bureau and increases in salaries just the same.

A bulletin giving list of the
