MIDWAY ATTRACTIONS WILL BE THE FINEST EVER SEEN HERE

Best Shows Selected From All Parts of the World Will Adorn the Midway of the Big Bulloch County Fair Which Opens Next Tuesday Week, Oct. 20th.

Despite the fact that it has been announced time and again that a splendid and high class midway attraction will be presented the Bulloch County Fair, rumors are out that there will be "no carnival here," while it is true no regular carnival company will be allowed to play the grounds, yet a splendid aggregation of high class shows and riding devices will be here for the amusement of the people.

By reason of the fact that the management of the Bulloch County Fair controls the booking of a current of fairs leading up to the big Savannah fair, together with the fact that we are on the executive committee of the Georgia Association of Fairs, which is headed by the big state fair at Macon, makes it possible for us to make our selection of shows for the Statesboro midway.

The merry-go-round, ferris wheel and two small shows come here from Ohio, they play the Dalton, Ga. fair the week before the Bulloch County Fair, coming here direct from Dalton, Buckskin Ben's Wild West Circus and Deep Sea Curio Show, motordrome and several minor attractions come here direct from Coney Island, N. Y., along with it comes Trip to Mars and several other attractions, and it is probable that the Small Village of man eating savages will come with this aggregation. Metcalfe's Big Jungle Show which is now playing the state fairs in the middle west will be here together with several other shows and concessions. Then we have got a show coming here known as the biggest show in the world, weighing over 600 pounds and seven and one half feet tall. In addition to this will be the midway aggregation of the smallest people in the world, then we expect to have Macapapa Horse Show. In addition to this will be a number of others which will fill the midway to overflowing.

These shows carry with them at least three brass bands. There is a negro band of 16 pieces with the Macapapa Horse Show. There is an Italian band of 16 pieces with Dreamland Circus. There is a Woman's band of 12 pieces with Buckskin Ben's Wild West Show. Don't worry about the midway it is going to be here, its going to be high class with plenty amusement to everybody that wants to go.

The Evens Sisters, in monologue of Negro dialect. Prof. Harish Dieder Medley in song of Italian dialect. NIGHTINGALE STUNTS School Auditorium, Friday Night Oct. 16th, 8 O'clock Admission only 10c.

For further information concerning the Night of Stunts see Mr. Meshal Marl Bettebucky at Barretts.

Mr. H. C. Cone came down from Macon last Saturday and spent several days visiting relatives in Statesboro.

Notice of First Meeting.

A Short History of Bulloch County.

(By Rev. B. W. Darsey.)

Something over forty years ago I was induced to move to Bulloch county, and while I found many kind and warm friends, after remaining here a while I became dissatisfied and expressed a desire to move back to Liberty county, from whence I came. The cause of my dissatisfaction was I found that whiskey was being sold at almost every crossroad; a thing that I had never been used to, and I disliked the idea of raising a family under its influence. Statesboro, the county seat, had no church nor school, but two or three grog shops. During court time drinking and revelry were the order of the day, mixed with profanity and an occasional fight. To see a lady outside of her house at such a time was a rare thing. Every living person who was here then knows this to be true.

Very few schools in the county then, and churches were few and far between. At that time and for a few years after, if a man wished to give his son or daughter a fair education he had to send them to another county to school. I know several living here now who obtained their education in another county.

But a brighter day dawned in Bulloch county, for which every good citizen should be thankful. A young Methodist preacher, M. J. Collier by name, came down lecturing on temperance and organizing temperance societies. I went with him when he organized several in the county. One strong hold was at the Lee school house where Miss Naomi Thorne was teaching at that time, she taking an active part and did good work for the cause.

At that time there was a little newspaper published at Knoxville by Rev. W. L. Grier, a Baptist minister, the only one in the county then. I wrote to him and obtained permission to publish a series of articles entitled "Whiskey and Its Evil." I wrote eight or ten and he published them. A lady who now lives at Brooklet wrote one or two on the same line. A few years later a strong temperance sentiment was created over most of the county, so much so, a petition was gotten up asking the legislature to enact some law that would suppress the sale of liquor in Bulloch county. Hon. R. W. Brannan, our legislator at that time, introduced and had passed a bill placing a \$5.00 license upon the sale of liquor in Bulloch county and that practically stopped the sale, and then the county took on new life and she has been growing since. People have moved in from other counties and today she is but little behind the best counties in the state. Schools and churches have multiplied. By the way, Mr. Editor, I wish to correct you a little. Last year, in your "special" you mentioned the names of churches of the different denominations organized in the last ten years, and you mentioned only six Methodist churches organized during these years, which would create the impression that they are behind the other churches. Instead of six they have fourteen organized in the last ten years.

Whiskey will keep down any good cause. It ruins the morals of society, and causes families and individuals. It is the greatest curse the devil has ever introduced to curse the human race.

Make Work Easier.

Statesboro people are pleased to learn how it has been done.

It's pretty hard to attend to duties while constantly aching back with annoying urinary disorders.

Doan's Kidney Pills have made work the easier, so thousands have gratefully testified. They're for bad backs. They're for weak kidneys. Statesboro people gratefully recommend Doan's Kidney Pills. Daniel R. Rigdon, 41 Bulloch street, Statesboro, says: "When I feel that I am in need of a kidney remedy I get Doan's Kidney Pills and they never fail to remove the aches and pains in my back. At times while at work I have to do great deal of stooping and lifting and this is hard to do with a lame and aching back. Doan's Kidney Pills always strengthen my back and give me all right results."

Price 50c at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. Rigdon had. Foster-McBarn Co., Props., Buffalo, N. Y.

Extend the State Road to the Sea

Plan of Sen. Sweat. Would Like to Have it Terminate at St. Marys.

Waycross, Ga., Oct. 2.—It is the opinion of Senator J. L. Sweat, of the Fifth district, that in the event Gov. John M. Slaton calls a special session of the state legislature some action should be taken to protect the Western & Atlantic Railroad against being paralleled by the line proposed from Cartersville to Atlanta by the Louisville & Nashville. He would have the legislature safeguard the state's interest for all time by providing for the extension of the Western & Atlantic from Atlanta to the sea.

That such an extension could be built by the state within a short time is the belief of Senator Sweat. He feels that by the state acquiring the southern line from Atlanta to Fort Valley, and the Atlantic, Waycross & Northern, chartered from St. Marys to Fort Valley, and a part of it built, and using a portion of the able-bodied civilians in the state the remaining link, 175 miles, could be rapidly constructed.

In addition to acquiring and developing the splendid deep water port facilities at St. Marys, Senator Sweat states that the line could be extended to Jacksonville, a distance of 32 miles, giving the state a magnificent trunk line. This road would extend from Chattanooga to Jacksonville, enabling the state forever to dictate freight and passenger rates and port charges, by reason of which, such a property could never be bottled up.

Discussing the revenue from such a trunk line, Senator Sweat said: "Not only would the immense income from the rail maintain our public schools, but would be amply sufficient to support all the public institutions of the state, thereby saving the people from the burdens of taxation. Self preservation would justify the state in absolutely prohibiting the state's land from being paralleled." He said he believed that it was unwise in permitting this to be partly done in the past.

Only a short session of the legislature would, in his opinion, be required for the enactment of the necessary legislation. "The expense for the extra session would be inappreciable to the great loss to be saved to the state," he continued, "and, moreover, while in session the legislature as was deemed best on the cotton question. Opportunity might also be afforded for the adoption of the Torrens land title system for the relief of land owners in better enabling the use of land as security for loans under the new currency laws and proposed rural credit. A ten days' session would suffice for all these purposes."

Waycross, in common with all Georgia cities, is deeply interested in the future of the state road, and it has been felt here for several years that ultimately the road would reach the Atlantic. Senator Sweat has always advocated the extension of the road, and in his fight for such action has received much support from every part of the state. If the legislature is called in extra session and the Western & Atlantic question is brought up as it appears it will be, Senator Sweat will be one of the leaders in the fight to prevent the state losing its valuable holding.

Good Paint

is cheap, and Devoe is not the only good paint; it is one of a dozen, and very likely, the only one in your town—there are hundreds of middling and bad.

You can see what chance there is of another good one there; perhaps one in ten at most.

Had paint is dearest; middling is dearer costs 2 or three times as much as the best; that isn't it; the cost a square foot; the cost a job; better yet, the cost a year.

LaGrange to Pay 10 1-2c for Cotton

LaGrange, Ga., Oct. 2.—The business men of LaGrange seem to think 10 cents is not enough to pay the Group county farmers for cotton and are forming a 10 1-2c club, many bales having been bought at this price, even though the market price is below 8 cents. All of the towns in this section have come to the aid of the farmers and very few bales are being sold for less than 10 cents. West Point, Hogansville, Luthersville, Gay, Concord and Woodbury are all homes of 10 cent clubs.

This is to notify my friends in Statesboro and Bulloch county that I am still with J. G. Eliopoulos & Co., where you will find the best things to eat and drink. First-class waiters and polite service. Come and see us when in the city. Mail orders given prompt attention.

GET READY FOR THE BIG FAIR

Bulloch County's Greatest Fair Will Throw Its Gates Open Next Tuesday Morning October 20th, Agricultural and Live Stock Displays Already Being Installed. The Fair Grounds Show Scenes of Active Preparations.

Made Him Hot

The steer that Jones bought by weight amounted to 440.72. He didn't have the exact change, so his neighbor said: "Oh, just make it even money," so Jones handed over two Twenties and a Ten. He had paid 25 cents too much because he didn't have the exact amount.

The next day his neighbor came over and bought some hogs. When weighed they came to exactly \$40.72 and the neighbor pulled out a check book and wrote a check for the exact amount. Said Jones afterward: "By gosh, that made me hot, but I guess the only way out is to quit carrying around my money and begin to pay by check."

Senatorial Nominees Have Opposition

A dispatch from Atlanta gives the information that both Senators Hoke Smith and Senator-elect Thomas W. Hardwick, who are the two democratic nominees for both the long and short terms in the United States Senate from Georgia, are to have active opposition at the polls in November.

Hon. C. E. McClure, one of Atlanta's most prominent business men, who is one of the wealthiest men in the state, will oppose Hoke Smith, and Hon. G. R. Hutcheson, of Rome, who is the democratic primary, will oppose Hon. Thos. W. Hardwick. These men were nominated in a convention held by the progress party in Macon on Saturday.

While it is to be deeply regretted that the men nominated at the hands of Georgia's democracy should have opposition at the polls in the general election, yet in the light of events surrounding the nomination and convention, little else could be expected.

The Statesboro News is a democratic paper, its editor has never yet sided with or forsaken a nominee of a primary in which he participated. He will not do it this time—he will vote a straight democratic ticket without the scratch of a single nominee. But it would not be surprising that the ticket headed by McClure and Hutcheson will receive the support of thousands of men who participated in the last primary.

The democratic party must live and survive they should benefit by the lessons taught us, and we should turn our backs on the disgraceful scenes and tactics which have been carried over Georgia's labeled "State Democratic Convention." In that convention, where Georgia democrats assembled to place the nominees, their standard bearers, the voices were such that should cause a blush of shame to come to the face of every honest Georgian. The minority of the party had combined the two wings coming to the convention with a determined effort to thwart and defeat the will of the majority of the people of the state as expressed at the ballot box. The hand of a strong man, who had for once in his life become almost a universal representative of the people, was called from Washington to dominate the convention with the big stick and an iron rod.

It was with great difficulty that a man who had been supported for this high office by thousands of Georgia democrats could be heard to protest the use of the gas rule at the hands of this imperial power he could only be heard after prayer had been offered up by a distinguished Georgia minister imploring the howling mob before him to listen to the protests from the other side.

It was with extreme difficulty, and after continued interruption and repeated howls from an infuriated mob, that the name of the man who had received a large plurality of the votes of the people at the polls could be placed in nomination before the convention to the office to which the people had elected him.

The pre-election promises of assistance to the farmers in the way of securing legislation which will enable them to market their cotton crop at twelve and one-half cents per pound, having been ignored and trampled under for since 6 o'clock p. m., August 11.

The Cotton Market

The above caption is one of the hardest headlines that we know of about where to write a story. In fact there is practically no cotton market. While at the present time producers are able to get anywhere from 6 to 7 cents cash and anywhere from seven to ten cents on accounts, the reliability of the man offering the cotton governs more in the latter case than does the grading of the cotton. For instance if a party is considered perfectly good for his contracts he can get seven and a half to eight cents. If, on the other hand, he is considered a little shaky, he is able to get perhaps ten cents in many cases.

With the war still on, and half the world still engaged in battle, and with a fifteen or sixteen million bale crop on, the future for the cotton market is anything but encouraging. In fact it wouldn't be surprising if towards Christmas there should be no market at all. The farmer today is practically in the hands of the speculators, and all hope of better prices this side of January 1st have practically been abandoned.

The Savannah & Statesboro Ry. will give \$25 in cash for the best agricultural display produced by farmers within four miles of its line of road, same to be shown at Bulloch County Fair next week. This is the regular annual cash prize that the railroad gives under the same conditions as heretofore.

Trappnell Mikell Co. will give a \$25 ladies' coat suit, same to be selected from the stock for the largest and best display of canned goods at the fair next week.

D. R. Dekle will give a \$20 ladies' gold watch for the prettiest and best display of needle work exhibited at the Bulloch County Fair next week. Winner to take bracelet, watch or the other.

These premiums will be given on the award of the judges. The Statesboro Mercantile Co. will give a \$25 suit of clothes—Hart-Schaefer & Marx brand—to the farmer who exhibits the best on farm display at the Bulloch County Fair next week.

Cotton At Twelve Cents

Extract from the Savannah Press, Oct. 1st 1914.

The Mureby Music House has formed a combination with the various manufacturers it represents with a view to aiding in the commendable buy-a-bale movement intended to relieve the situation. To this end and for this purpose it offers to take cotton on the basis of good middling and allow 12 cents per pound for same in exchange for pianos, player pianos and organs at their lowest actual cash selling prices. To this house, a strictly honest industry, is due the credit of having been the first house in the line to offer such exchange and the only one here thus far offering such a liberal rate for the fleecy staple.

For a good square deal address the old reliable.

Brought Back on Charge of Cheating and Swindling

Sheriff Donaldson returned from Savannah on Sunday morning having in charge Clifford Doyle, a negro boy who had engaged with Mr. Thomas Waters, near Brooklet, to pick cotton. He secured a loan of \$4.00 from Mr. Waters after which he skipped out. He was arrested in Savannah and brought here on a charge of cheating and swindling.

SAVANNAH GET TOGETHER DAY
The movement now under way to hold a Savannah and country get-together occasion on "Thanksgiving Day" in the city of Savannah is calculated to do great good. No city can hope to thrive and continue expand her trade in commerce with the hearty co-operation of the country surrounding it. Savannah is laboring under two misfortunes in this respect, one is that to the east of her she has no population with which to co-operate. Her splendid harbor and coastwise facilities prevent this as the Atlantic ocean borders her on the east. Second the country for twenty miles or more to the westward is only sparsely settled and that largely with a negro population. Then she must draw her trade from the great agricultural counties like Bulloch, Screven, Tattnall, Jenkins, Emanuel, Toombs, Liberty, Bryan and Effingham counties.

Superintendent's Corner.
It would be a good idea for all the girls of this county to pay a visit to the coming county fair and take a look at the exhibit of the products of the Girls' Canning Club of Bulloch for this year. Let the demonstrators give you the data and instructions as to how to become a member of this work. You will be pleased with the exhibit and will wish to become a member and learn how cheaply and how well you can save the farm and garden products that have in the past largely gone to waste because it has been too expensive to save the surplus garden products. Mothers, come and bring your daughters and allow them to become members. It will mean money saved to you and will mean that you will have fresh garden products all the year round after they learn the new method of saving and canning.

We want as many girls and boys from the country as we can get to attend the fair on the 21st, which is Educational Day. On that day, it is expected that Governor Slaton and Prof. M. L. Britton, state school superintendent will be present. There will be no special program by the school children as the schools are not in session, but you will see and hear things that will give you just the same. Do not fail to visit the exhibition of the Girls' Canning Club products when you come to the fair. Ask Miss Wood to explain the work to you and tell you how to become a member.

LET THIS Hoosier Grain Drill
HELP YOU TURN THE TIDE
THE West shipped into the State of Georgia alone during 1912 hay to the amount of \$23,680,000, oats to the amount of \$39,336,000.
LET'S STOP IT! HOW?
By each farmer preparing himself to produce each year at the least possible expense more hay, oats and corn than he consumes. This can be done most economically by using Hoosier Grain Drills for sowing your oats, rye, wheat, barley and peas, and then by using McCormick Binders and Mowers for harvesting these crops. These machines save both time and labor and insure a greater production to the acre on all hay and grain crops.
Now's the time to put in your fall oats. See us about one of these Drills and get our prices and terms before you plant.

GEORGIANS GREET CONQUEST OF WORST OF MAN'S TROUBLES
Lives Redeemed for Southerners and Fortunes in Health are Recovered.
Most of the problems of health originate in the stomach. Most of these ailments can be cured. Thousands of people right in the state of Georgia are needlessly suffering from stomach troubles, while thousands of others have found health by the use of Mayr's Wonderful Stomach Remedy.
The first dose of this remarkable remedy is proof.
Here are the words of two Georgians who have used it: "I feel like I hardly know my strength—my appetite is fine."
SALISTA THOMAS, 35 LaFrance St., Atlanta.
Letters praising the remedy like this come from hundreds of people in all parts of the United States.
Mayr's Wonderful Stomach Remedy clears the digestive tract of mucus and other harmful matter. It brings swift relief to sufferers from stomach ailments and intestinal disorders. Many declare that it has saved them from dangerous operations; many are sure it has saved their lives.
We want all people who have chronic stomach trouble or constipation, no matter how long standing, to try one dose of Mayr's Wonderful Stomach Remedy. One dose will convince you. This is the medicine so many of our people have been taking with surprising results. The most thorough cleansing we have ever sold.
Mayr's Wonderful Stomach Remedy is now sold here by W. H. Ellis Co. and druggists everywhere.

Made Him Hot
The steer that Jones bought by weight amounted to \$40.72. He didn't have the exact change, so his neighbor said: "Oh, just make it even money." So Jones handed over two twenties and a Ten. He had paid 25 cents too much because he didn't have the exact amount.

Bank of Statesboro
The next day his neighbor came over and bought some hogs. When weighed they came to exactly \$40.72 and the neighbor pulled out a check book and wrote a check for the exact amount. Said Jones, afterward: "By gosh, that made me hot, but I guess the only way out is to quit carrying around my money and begin to pay by check."

Uncle Sam Curtails Post Office Forces
Washington, D. C., Oct. 16.—Sweeping changes in the organization of the postal service are expected to affect practically every assistant postmaster in Georgia. In the smaller cities the postoffice department plans to abolish the office of assistant postmaster, the man holding the job to be demoted to a clerkship in the office. The change is to be made in the interest of both economy and efficiency. The postmaster is to do all the executive work of the office and as little as possible of the detailed duties. He is to have trained men under him to direct the actual work of the office.

Boy, 10, Raises Record Corn Crop on One Acre
Dalton, Oct. 16.—The judging of exhibits of the Boys' Corn Club at the Whitfield County Fair showed seven members each raised more than 100 bushels to the acre. The greatest yield, 140 bushels and 39 pounds, was produced by Dan Callaway, a 10-year-old boy. Willie Morrison was a close second, with 134 bushels and 50 pounds. The other 100 bushel members were Wilson Foster, Hill Anderson, Jud C. Brooker, Marlon Cady and Lester Caldwell.

BIG FAIR OPENED WITH BIG RUSH
Large Crowds and Magnificent Exhibits Line Fair Grounds. Savannah Day Will be Record Breaker.
The third annual Bulloch County Fair opened its gates on Tuesday morning under favorable auspices. The attendance on the first day was about what it was last year and the same was true on Wednesday. It is Thursday that is expected to be the record breaking day of the fair. The people of Savannah will be here in large numbers, a long string of automobiles will leave Savannah this morning for the fair in Statesboro. The Candler county people will be here in great numbers as well as the Evans county contingent. Then there will be large crowds from all other points nearby.

The live stock and poultry display are exceptionally fine, the races are good and the agricultural and canned goods display are the best ever seen here. Owing to a lack of co-operation on the part of those concerned all other features have been called off. The confederate veterans and their wives and widows of Confederate veterans will be admitted to the fair grounds on Friday free of charge, as published. But no co-operation has been given for a program and there will be no other feature to it except the regular order of the fair. The same is true of the program on Saturday.

HOW SAYS U. S. SHOULD OPERATE COTTON MILLS
Move, He Says, Would Furnish Employment to Great Army of Idle
(By Associated Press)
Washington, Oct. 16.—James Eades How, the self-styled "Millionaire Hobo," suggested to a senate committee today that the United States take over the cotton mills of the country and operate them to capacity, thus furnishing work for the "army of unemployed."

Heading a "committee of the unemployed," How urged the committee to report favorably Senator Martine's bill for government operation of public works, such as mines and other industries to give work to every person applying for it. He said 150,000 men were idle in New York and between 70,000 and 100,000 in Philadelphia.

Resolutions of Sympathy
Whereas, it has pleased our Heavenly Father to remove from earth to heaven Mrs. Mary Dixon, beloved mother of our worthy Brother C. A. Dixon and, Whereas, the loss of mother is the loss of one's greatest earthly friend, for there is no one who can take the place of mother, therefore, Resolved, that we, the officers and members of Mill Ray lodge, No. 248, I. O. O. F. do most sincerely extend to Bro. C. A. Dixon and his bereaved family our heartfelt sympathy in their sad loss.

Resolutions of Sympathy
Resolved, second, that these resolutions be published in the Statesboro News and Bulloch Times and recorded in our lodge and a copy be sent to our beloved Brother Dixon.

Lester Johnson Fined
Last Thursday, in the city court, the case against Lester Johnson, charged with criminal libel in circulating a circular reflecting upon Judge H. B. Strayer, who was a candidate for Superior court judge. Judge Strayer being disqualified, Judge T. L. Hill of the city court of Milton presided in the case.

Johnson entered a plea of guilty and Judge Hill imposed a sentence of twelve months on the chain-gang. In passing sentence Judge Hill said: They tell me you have a widowed mother and a helpless sister. This appeals to my heart as a man, and I am going to fine you \$100 and costs of court and suspend sentence on the gang. You are to appear before the sheriff of this county once every month and report your good behavior. I warn you, if you ever get in trouble you need not come to me and say you were forced into it. You will have to go to the gang and serve your twelve months.

There were two other cases on the docket against Johnson, one for carrying concealed weapons and one for carrying a pistol without a license, which were dismissed.

Ginnery Burned
On Saturday night the large ginnery of Mr. George W. Bowen in the 4th district was burned, the building, all machine and several bales of cotton and the seed out of a hundred and fifty bales of cotton were all destroyed. This ginnery was one of the largest in the county and the loss falls heavy on Mr. Bowen. We understand that there was no insurance.
