Idle Money

There is idle money in every community—money not in use, not even safely deposited in a reliable bank. It is hid away, carried on the person, liable to loss by fire, theft, and many other causes. Idle money makes no one a cent. Its the money in circulation that stimulates business. The more money in circulation, the higher the prices and the lower the rates of interest. Bring your idle money to this bank, where it will be safe, and always subject to your check. It will help you, it will help us, it will help the community. Idle money is as useless to business as an idle man.

MORSE IS SET FREE DEATH SOON TO FOLLOW

The Banker-Convict's Sentence of 15 Years Commuted by President Taft, Who Orders Liberty for Disease-Racked Man. "Ice King's" Wife Fought Valiantly to Open Prison Doors. Surgeon General Gives Morse 6 Months to Live.

Washington, D. C., Jan. 18.—President Taft tonight commuted to expire immediately the 15-year sentence for violation of the national banking laws, under which Charles W. Morse, the New York banker and "ice king," served two years in the federal penitentiary at Atlanta.

The commutation of sentence, which gives Morse his complete freedom, but which, unlike a pardon, does not restore his civil rights, was granted upon recommendation of Attorney General Wickersham and Surgeon General Torney, U. S. A. According to the Surgeon General's report to the President on his condition, Morse could not live one month longer in confinement and even at liberty probably would not live six months.

The White House statement granting freedom to Morse follows:

"The President this afternoon commuted the sentence of Charles W. Morse to expire at once. This action was taken upon the recommendation of the Attorney General, based upon the following report of Surgeon General Torney:

Hasn't Long to Live.

"A careful review of these reports makes it clear to my mind that he is suffering from a combination of diseases due to degenerative changes which are incurable and progressive. The reports show that both the condition of the kidneys and the heart are growing worse. I regard the attack of cardiac dyspnea, or heart-block, from which he suffered on the morning of the 15th inst. as an ominous occurrence. In my opinion the prisoner's duration of life will be in all probability less than one month if kept in confinement, and in the event of his release under commutation of sentence, it is not probable that he will live as long as 6 months."

Mrs. Morse, who arrived today from New York, was informed late this afternoon of the President's clemency to her husband. She left tonight for Atlanta to join her husband. While here she was the guest of friends and refused to be seen.

Designated as a special messenger by the Attorney General's office Mrs. Morse left Washington tonight for Atlanta bearing her husband's commutation papers.

"I thank God," declared Mrs. Morse in speaking of her husband's case before departing for Atlanta. "I could not have lived longer under the strain. My heart was breaking. Mr. Morse's life is almost ended. No human being can know the suffering I have endured since my husband's imprisonment. I tried every means to bring about his release. President Taft's act was one of simple justice. If my husband did any wrong he has more than paid the penalty. His life has been forfeited. I have always believed and always will believe that he was an innocent man, the scapegoat of others. I have no hope that my husband will live more than two months even though we can get him to Carlsbad,

FIVE KILLED IN CENTRAL WRECK

Smash-Up At Jonesboro. South Atlantic Limited Crashes Into Freight.

Atlanta, Jan. 18.—Five persons, Engineer William Clark, of Macon, a negro porter and three negro passengers, two women, were killed in a wreck at Jonesboro, 20 miles south of Atlanta, at an early hour this morning when the South Atlantic Limited, handled by the Central of Georgia Railroad between here and Macon, collided with a freight train.

Baggage Master J. E. Puckett of College Park, was injured.

Reports from the wreck are to the effect that none of the white passengers were seriously injured, though a number sustained cuts and bruises.

The South Atlantic Limited is operated between Cincinnati and Jacksonville, Fla., by the Louisville and Nashville Railroad, and at Atlanta, cars of the Central are added to the train when it takes the Central of Georgia trunks to Macon.

An official report of the wreck shows that the accident was due to the overlooking or disregard of train orders, for the freight train which left Macon for Atlanta last night, to wait in the siding at Jonesboro for the passenger train to pass, moving from Atlanta to Macon. The freight was in charge of Conductor Watson and Engineer Clark and had left the east siding at Jonesboro less than ten minutes when the passenger train in charge of Conductor Harris and Engineer Collins, dashed head on into it.

Investigation showed Engineer Clark of the freight was killed outright; Mack Clayton, colored porter of the passenger train, was dead; Baggage Master Puckett of the passenger, who lives at College Park, seriously injured internally; Ed McWhorter of Macon, colored fireman, slightly hurt. Of the passengers, all colored, who had been riding in the combination baggage and day coach, two women and one man were killed, though their names were not given in the report. This coach left the rails and turned over, but the coaches in which the white passengers were riding remained on the rails. The passengers were severely shaken up. No white passengers were killed.

where he will have the benefit of the baths. I have no criticism to make against any one who know all the officers acted according to a sense of duty. But it is hard to think that my husband's life has been taken from him and that he is paying the forfeit with his life. The judge never intended to sentence him to death."

The Attorney General immediately following the President's action, telegraphed to Warden Moyer of the Atlanta penitentiary, who technically was in charge of Morse, even though he had been removed to the Fort McPherson hospital, to release the prisoner. The army surgeons at Fort McPherson were instructed similarly. Morse will be freed by telegraphic orders. Efforts made for a complete pardon were unavailing.

WILL SIGN WARRANTS FOR TEACHERS' SALARIES

Atlanta, Jan. 17.—Governor Slaton will sign warrants today for between \$1,000,000 and \$1,500,000, to be paid on the salaries of the public school teachers, still due for their work in 1911. The state still owes the teachers about 59 per cent of the total, and this remaining per cent is about covered by \$1,500,000. If it turns out that the whole sum cannot be drawn now, about two-thirds of it will be paid, and the remainder within a week or two.

The poor in Atlanta are suffering terribly from the cold, but thus far no death has been reported.

Charles Durham, Lovington, Ill., has succeeded in finding a positive cure for bed wetting.

"My little boy wet the bed every night clear through on the floor. I tried several kind of kidney medicines and I was in the drug store looking for something different to help him when I heard of Foley Kidney Pills. After he had taken them two days we could see a change and when he had taken two thirds of a bottle he was cured. That is about six weeks ago and he has not wet in bed since."

FOLEY KIDNEY PILLS

"WAR IN CHRIST'S NAME"

Atlanta, Jan. 17.—"War in Christ's Name," is what a group of Atlanta business men have named a campaign they have just undertaken on the social and religious evils of the day.

What methods they will use has not been divulged, but it is understood they are going to wage a determined and active fight on all forms of vice in Atlanta. They are going to try to clean out the red light district, and help prosecute the blind tigers, and see that the clubs are regulated, and make Atlanta as nearly a Christian city as is possible, so they say.

FOR STATE SENATOR.

December 14th, 1911.

To the Citizens of Bulloch County:

Having a laudible ambition to represent my county and district in the Georgia State Senate, and my friends requesting that I make the race; I hereby announce as a candidate for the office of Senator from this, the 17th Senatorial District to be voted for in the next Democratic Primary to be held in 1912, and I shall appreciate the support of the citizens of my county, and if elected I shall perform the duties of this office to the best of my ability.

Respectfully,
C. H. PARRISH.

Lost Note.

I have lost a note, made by the undersigned, payable to Mrs. Lena Martin, for the amount of one hundred and fifty dollars, dated about February the first, 1911, and due January 1st, 1912. Will give reward to finder of same.

AN OLD COUPLE MARRIED IN SOUTH CAROLINA.

Atlanta, Jan. 17.—Mr. and Mrs. William Green, the oldest bride and groom in this part of the country, are going to spend part of their honeymoon in Atlanta, if their friends can persuade them. They were married yesterday at Ellenton, S. C. The bride was 62 and the groom was 72.

A romantic feature of the marriage was the fact that two weeks before the day was set the groom fell seriously ill, and his bride-to-be nursed him back to health. Every inhabitant of the town brought the bride a present, and an old-fashioned linen shower occurred a day or two before the wedding. Both of the happy old folks are well known in Georgia. They have relatives here.

A Big, Fine, Five-Passenger Touring Car for Only \$900

HERE is an automobile. The very car you have been wanting at a price that does not make you dig too deep. Just the size you want, too—big and roomy enough for the whole family. Powerful enough to do anything you want it to and more speed than you will ever care to use. It is the sort of car you expected to pay around \$1250 for.

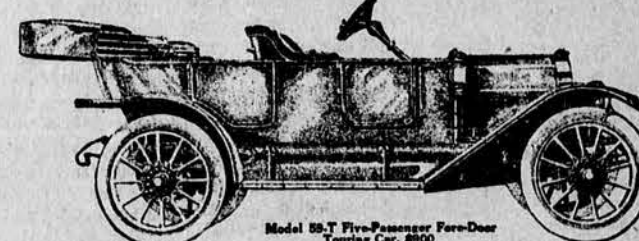

And this car is so well made. Heavy drop-forgings, staunch pressed steel frame, F. & S. annular ball bearings in the transmission (the kind used on the highest priced cars in the world)—frax-covers, with all handles and levers inside—a magnificent body, trimmed with good leather and hair—in fact, all that you want in a car. The car is good and nice all the way through.

It is fact that no other maker can produce this car to sell at this price without losing money. This year the Overland Car Company will sell over 20,000 cars. This enormous production (which is the greatest of its kind in the world) makes this low price possible.

Let us show you this car at once. We want to take you for a ride. See how silent and comfortable it runs. No careful buyer would think of making an automobile investment without first considering what we know to be the greatest value on the market today.

Catalogue is ready. It is bigger, better and handsomer than ever. Stop in and get a copy today.

LITTLE GIRL IN ATLANTA KILLED BY SNOW-BALL.

Atlanta, Jan. 17.—Little girls who came to school this morning in the seventh grade at the public school reported that one of their number, named Mable Elder, of O'Fields, had been accidentally killed by a snow-ball, which had struck her a day or two ago directly over the temple.

The facts are a little vague, as the sister of the girl who was killed is said to be named Vera Elder. The story was made public this morning for the first time, and will be duly investigated at once.

One version is that she was struck in the temple, accidentally by an ice-ball thrown by some boys who were battling with each other. Another story is that the snowball which struck her had a stone inside it.

Idle Money

There is idle money in every community—money not in use, not even safely deposited in a reliable bank. It is hid away, carried on the person, liable to loss by fire, theft, and many other causes. Idle money makes no one a cent. Its money in circulation that stimulates business. The more money in circulation, the higher the prices and the lower the rates of interest. Bring your idle money to this bank, where it will be safe, and always subject to your check. It will help you, it will help us, it will help the community. Idle money is as useless to business as an idle man.

FOUR PEOPLE KILLED IN COLLISION ON CENTRAL RY.

Trains Came Together on Straight Track in a Dense Fog; Both Engines Ruined. No Passengers Hurt.

Macon, Ga., Jan. 26.—Four persons were killed at 3:45 o'clock this morning at Leesburg, eighty-five miles from Macon, in a collision on the Central of Georgia railroad between eastbound train No. 8 between Albany and Macon, and westbound extra freight, No. 1362 between Smithville and Albany.

The dead: J. T. Taylor, engineer, Macon. G. W. Gasset, conductor, Fort Valley. G. O. Lindsey, engineer, Eufaula, Ala.

Alex Edwards, negro fireman in a dense fog on a straight track about two miles from the Leesburg station. Both engines were demolished, mail, baggage, and several freight cars overturned and wrecked.

L. G. Simmons, a mail clerk, was injured, but it is not believed any passengers were seriously hurt.

The collision is thought to have resulted from misunderstanding of orders by the freight crew. The freight train with instructor the passenger was running 20 minutes late. It is thought the crew mistook this to mean No. 8 was late, which would give them time to meet the passenger at Leesburg instead of Adams station, where they should have passed.

Engineer Taylor of the passenger did not see the freight until too late. He applied the emergency brakes, but the distance was so close that the engines met with terrific force. Lindsay and Gasset were of the freight crew.

CHILD CREMATED IN BURNING BUILDING WEDNESDAY

Dwelling Burns in Upper Part of County, and Life of Nine-Month-Old Boy Goes With It.

On Wednesday afternoon, while Mr. Pearly Harralson was away from home and Mrs. Harralson had gone out in the fields, leaving their nine-month-old boy baby asleep in the house, it caught fire and was consumed. Mrs. Harralson saw the building ablaze, and realizing that her baby was asleep in the house ran to the building in a frantic effort to save her child. When she reached it the blaze was licking its fiery tongue around the bed on which the little fellow lay, she saw her child through the raging flames and attempted to dash into it, and would have done so had not some one caught her and prevented her from doing so. In her efforts to rescue the child her hair was singed off and her clothing ignited in several places.

The building was an old fashioned log structure, and carried no insurance. The blaze from the burning dwelling set the barn and other outbuildings afire and they too were destroyed, together with their contents, including about two hundred bushels of corn. The origin of the fire is supposed to have been caused from a defective stove flue. The parents are prostrated with grief over the horrible affair in which they lost their child and home.

EDWARD A. ENGLISH PASSES AWAY.

Atlanta, Jan. 25.—Edward A. English died yesterday of the palsy wound he inflicted on himself the day before. He was shot through and through the body from the left side, just below the heart, and at no time was there any chance of his recovery.

His father, Captain J. W. English, Sr., and other members of the family, confirm the fact that the suicide was caused by despondency due to ill health.

Mr. English was about 30 years old, and was prominent in the business and social world. He was married several years ago to Miss Pauline Lewis, of Montezuma, who subsequently secured a divorce from him.

He is survived by his father, by his brothers, J. W. English, Jr., and Harry English, and by numerous other relatives. The funeral will be held from the family residence this afternoon at 3 o'clock.

WANTS ELECTROCUTION IN PLACE OF HANGING.

Atlanta, Jan. 25.—Representative Ollie Adams, of Hall county, announces that he is going to introduce a bill to electrocute condemned criminals instead of hanging them. The measure will be presented at the regular session of the Georgia legislature.

Chairman Bob Davison, of the prison commission figures that it cost about \$4,000 to equip four chairs in different parts of the state.

Another idea would be to have only one chair, at the state prison farm, to cost about \$1,000.

When given as soon as the croupy cough appears Chamberlain's Cough Remedy will ward off an attack of croup and prevent all danger and cause of anxiety. Thousands of mothers use it successfully. Sold by all druggists.

FORSDHAM IN BED AGAIN.

For several days Mr. Joseph M. Forsdham has been confined to his bed. It will be remembered a few weeks ago his leg was operated on and healed nicely. But severe troubles seem to continue, and the attending physicians think amputation will be necessary. His friends extend their sympathy to him and hope a speedy recovery.

INFANT'S DEATH.

On Wednesday morning last the infant son of Mr. and Mrs. W. H. Goff, who live on South Main street, passed away.

The little one was only about four months old, and had been in delicate health all of its life.

The funeral services were conducted at the house, by Elder Frank Donaldson. The interment was made in East Side cemetery.

ALBERT M. DEAL WILL RUN FOR COMMISSIONER OF AGRICULTURE

Bulloch County Citizen Will Make the Race. Has Strong Friends all Over the State Who Will Rally to His Support.

The statement is authorized that Col. Albert M. Deal, of this place, will make the race for Commissioner of Agriculture in the approaching primary. Col. Deal, who is one of the most enterprising farmers in this section of the state in addition to being some lawyer as well, was seen by a News reporter this morning and asked if there was anything in the report that he might make the race. He replied: "Yes, I have the matter under consideration, and have made up my mind to enter the race. I have strong friends all over Georgia who will give me their support. The best efforts of my life have been devoted to the agricultural interests of Georgia and I believe I can serve the interests of my people in the office of Commissioner of Agriculture."

That the candidacy of Col. Deal will be received in Bulloch and other counties in this section of the state with favor goes without question. He is one of the best farmers in Bulloch and is a campaigner whose ability is unquestioned. He is perhaps the best stump speaker in Southeast Georgia, and when Deal gets on the stump he will make the welkin ring. Bulloch county will go out and give her favorite son an unselfish support, and to this end she appeals to her neighboring counties to come to her assistance.

WILLIAMS-BROWN.

On Thursday afternoon at the residence of Rev. L. A. McLaurin, Miss Ruby Williams and Mr. Rufus J. Brown were united in marriage, Rev. Mr. McLaurin officiating. The wedding was a quiet affair, only a few of the intimate friends of the contracting parties being present.

After the marriage ceremony the happy young couple left in an automobile for Brooklet, where they are spending a few days with Mrs. and Mr. J. M. McElvea. Mrs. McElvea is a sister of the bridegroom.

The bride is one of Statesboro's pretty and most accomplished young women. She has many admirers among the young people of the city. She is a daughter of Mr. and Mrs. H. R. Williams. The groom is one of Statesboro's most enterprising and successful young business men, being a member of the firm of the Statesboro Buggy and Wagon Co. He numbers his friends by the number of his acquaintances. The News joins their many friends in extending congratulations.

FINE ATTRACTION AT AUDITORIUM.

The third attraction for the season under the auspices of the lecture bureau will be Prof. Rene B. Welbourne, who will give his "Experimental Lectures on the Marvels of Modern Science."

This is his eleventh season, and if the endorsements of noted men and the press count for anything the people of Statesboro have a genuine treat in store for them at the Auditorium Tuesday evening, January the 30th, at 7:30 o'clock.

The following are some of the endorsements which will give an idea of what we may expect: Sam Jones—You give it to the people in the most interesting way.

Captain Richmond P. Hobson—That was a great lecture. The audience liked it, too.

Henry Watterson—You certainly demonstrate the value of your work.

William J. Bryan—Upon such as you rests the future of the Chatauque movement.

Atlanta Constitution—Mr. Welbourne held his audience rapt from the opening sentence to his last word.

Augusta Chronicle—The experiments were all worked out in a most wonderful manner. The largest audience of the season heard the lecture, and their appreciation of the effort was expressed in repeated and spontaneous applause.
