SHOT DOWN BY POSSE

Marion Chance, Bold, Bad Negro Gets His Own While Attempting to Terrorize Mr. and Mrs. Mitchell Hendricks.

Early this morning Marion Chance, a negro from Rocky Ford, entered the home of Mr. Mitchell Hendricks in the Lockhart district, and taking Mr. Hendricks' shotgun from the rack, pointed it at Mrs. Hendricks, cursing her, and told her he was going to kill her. Mrs. Hendricks jumped through the window and escaped, while the negro ransacked the house afterwards. The negro in the meantime had walked out into the yard with the shotgun in his hand. Mr. Hendricks slipped in to the house, where fortunately he had another shotgun. The negro saw Mr. Hendricks also armed with a gun, he fled into an out-house on the premises and shut the door behind him, swearing he would kill any one who attempted to enter the house. Mr. Hendricks stepped to the telephone in his home and called up a number of his neighbors and informed them of what had happened. In a very short while a dozen determined men armed with shotguns and Winchester rifles, arrived on the scene, and the little house was surrounded. When commanded to come out the negro walked out with the gun in his hand, saying he would shoot the first man who showed his head. The posse had taken stands, protecting themselves behind trees, etc. One man was squatted behind the well curb, the negro began walking in this direction, when some one from another direction fired on him, striking him in the leg. He turned to return the fire when a dozen guns emptied their contents into his body, killing him almost instantly.

In the meantime a telephone message had been sent to Sheriff Donaldson, and Deputy Sheriffs Jones and Harper left for the scene in an automobile. They arrived on the scene of the battle a few minutes after the negro had been killed. He was still lying in the yard where he was shot down. The parties present had sent word to Rocky Ford that if anybody over there wanted a dead negro, they could get one by applying at the home of Mr. Hendricks.

The above shows the great necessity for rural telephones in the homes.

JAUREZ IS SURROUNDED BY MADERO'S MEN

Insurrecto Leader Meets Peace Commissioners in His Camp, Delivers His Final Ultimatum That Diaz Resign and Gives Federal Until This Afternoon to Surrender.

WANTS CITY OF JUAREZ BEFORE AN ARMISTICE.

Madero Is Quoted as Saying He Does Not Want the Presidency and Would Be Satisfied to Have One of Diaz's Cabinet Take the Leadership—In Event of Attack on Juarez the City of El Paso Is in Danger Only From the Bullets of Men Stationed at Banche.

El Paso, Tex., April 20.—The rebels made an attack on the rebel army that has threatened to assault Juarez, Francisco I. Madero, Jr., says there will be no assault on Juarez until after 4 o'clock Friday afternoon. It is that time he has not received assurance from Porfirio Diaz that he will retire from the presidency. Madero declares that the attack on Juarez will take place at once. "All that the federalists want is time to bring up reinforcements," he said today, when asked if he would consider an armistice. "I will give Diaz twenty-four hours to resign," he said to a delegation of El Paso and Mexican citizens that called on him in his camp in the hills near Juarez and asked him to consider peace terms.

This assertion was also a reply to Gonzales Garza, secretary-general of the revolutionary junta, who carried a message from Dr. Gomez in Washington asking for a delay in the attack.

Diaz Must Give Up Juarez.

"Diaz must surrender the presidency," this he said was his final reply to all attempts to bring about peace or a truce of arms.

An Associated Press correspondent was in the camp when Madero met the peace commissioners. After the conference Madero dictated the following:

"The peace commission came unofficially and asked under what terms I would make peace. 'I said I would agree that, in the interest of peace, I would resign as provisional President of Mexico, but only if I considered that the will of the people has been satisfied; otherwise the revolution will continue, notwithstanding any peace negotiations. 'I know all the people want the retirement of General Diaz, and no re-election. For that purpose I will accept as provisional president any one of the members of the present cabinet who will call a new election. 'In case this condition is agreed upon, we want Juarez to be delivered to us and then an armistice will be signed. 'I will wait until tomorrow evening to hear the result of the peace negotiations, which are being directed by Dr. Vasquez Gomez. If tomorrow night no answer comes, I will commence hostilities.'

VERDICT IS RETURNED AGAINST CAPT. SEARS.

Master of Foundered Steamer Iroquois Is Convicted of Manslaughter.

Victoria, B. C., April 19.—A verdict of manslaughter was returned yesterday by a coroner's jury against Capt. A. A. Sears, master of the steamer Iroquois, which foundered off Sidney last week, with a loss of 20 lives. Captain Sears is already under indictment on manslaughter charges, a warrant having been issued before the coroner completed his investigation. The evidence at the inquest was to the effect that Captain Sears, the first man to reach shore, deserted the ship while passengers were aboard and that he did not make any effort to rescue those struggling in the water.

Albany, N. SAYS STOVALL IN SENATORIAL FIGHT

South Georgia Claims Savannah Editor Will Shortly Establish Headquarters.

Atlanta, Ga., April 18.—A South Georgia man is here today, bringing the positive assertion that P. A. Stovall, editor of the Savannah Press, is in the race for United States senator.

The visitor would not allow the use of his name, but is positive in his assertion that Mr. Stovall is a candidate, and that he will shortly open up campaign headquarters in the Kimball house here. It is intimated that two large rooms have already been looked over and found available for the purpose.

While Mr. Stovall some time ago gave out a statement to a South Carolina paper that he was not a candidate, it is a fact that he has been "feeling out" the situation. His friends, it is said, have written many members of the next assembly, and have also had ambassadors out in certain sections of the state canvassing the vote and the situation.

The South Georgia man declares that Mr. Stovall will have about the solid support of the southern part of the state, and that he will also have adherents in Middle and North Georgia.

GOVERNMENT TO WORK COAL MINING PLANT.

In Order to Secure Scientific Data About Accidents.

Washington, April 18.—A government-operated mine to be run not for profit, but to obtain scientific data, will begin operations about May 1, when the new experimental coal mining plant at Bruceton, Pa., near Pittsburgh, is opened. Scientific men and mining experts will experiment under actual mining conditions to obtain for the United States bureau of mines information which they hope will be useful in the prevention of such terrible loss of life as occurred in the Hancock mine at Throop, Pa., the Banner mine at Littlestown, Ala., and in the disaster at Cherry, Ill.

To combat statements of coal operators that conditions surrounding the tests made in the exterior gallery of the bureau of mines testing plant at Pittsburgh were not the same that would occur in actual mining operations was one of the reasons for establishing this experimental mine.

SOUTH GEORGIA PLACE FOR HOMES.

Safe Michigan Homeseeker. He Will Tell of His Find to Friends in Michigan.

Waycross, Ga., April 18.—Georgia, and especially South Georgia, offers to the prospective homeseeker better advantages in climate and soil than can be found in any other section of the country, according to the report made here by William H. Fancett of Calumet, Michigan.

He came here to investigate after receiving reports from relatives of his who located in Ware county several months ago. He has been in nearly all the farming sections of the country, and is so well pleased that he will recommend to a number of parties in his state now planning to move South that they investigate South Georgia.

GOVERNMENT RESCINDS ITS WHISKY ORDER

No Countervailing Duty to Be Levied on British Spirits.

Washington, April 19.—After several months of negotiation, this government has decided to rescind the order imposing a duty on British spirits. The British government made representations that distillers of English whiskeys did not receive a bounty within the meaning of the Payne-Aldrich law.

In reaching a conclusion the treasury department was influenced by the fact that Great Britain has a fiscal policy not only of free trade, but also a lack of artificial stimulus to trade, such as is produced by bounties. Imports of Scotch and Irish whiskeys amounting to several million dollars a year, are affected by the decision.

MACON PREACHERS AFTER THE TIGERS

In Eight Churches Next Sunday Probi Sermons Will Be Preached.

Macon, Ga., April 19.—In eight of the churches of Macon Sunday, the pastors will preach sermons on the prohibition question applicable to the local situation. A determined effort is being made here to arouse a sentiment against a wide-open city, such as Macon is declared to be.

Rev. W. L. Collins, prohibition leader of Macon, will fill the pulpit at the Mulberry Methodist church.

SEABOARD AWARDS \$2,500,000 CONTRACTS.

Norfolk, Va., April 18.—The Seaboard Air Line Railroad received bids today for equipment totalling something like \$2,500,000, including 1,000 box cars, 200 all steel phosphate cars, 300 cabooses and nine passenger coaches. More than three score representatives of railway manufacturers were present.

RAILROAD WINS FIGHT FOR HIGHER RATES.

Washington, April 18.—Advances in rates on lumber made by the Vicksburg, Shreveport and Pacific Railroad, which were suspended by order of the interstate commerce commission, today were permitted to become effective, the commission vacating the order of suspension.

DIES FOLLOWING HIS BATTLE IN THE RING.

Waterbury, Conn., April 18.—Wm. Luke, of this city, who took part in a boxing exhibition here last night, died this morning. His death was due, it is said, to injuries received during his fight with Joe Clancy, also a local man.

TEXAS WOMAN GETS RESULTS

When the Doctor Failed to Help Mrs. Moncrief, She Helped Herself With Cardui.

Belton, Tex.—In a letter written from this place, Mrs. Ethel Moncrief says: "I suffered with womanly troubles ever since I first entered womanhood. The doctors failed to help, so I began with Cardui. From the first, I could see good results, and I kept on taking it. I was relieved of all my dreadful suffering. Cardui has built up my system, and my friends are all surprised to see the good results I obtained. Cardui is as good a doctor as any woman needs. It can't be beat. I cannot praise Cardui too highly."

For more than half a century, Cardui has been used successfully to prevent unnecessary pain caused by womanly troubles, such as headache, backache, side ache, dragging sensations, etc. It also acts as a general tonic for the weak, tired, worn-out womanly system. Whether seriously sick or simply weak and ailing, take Cardui. It helped a million others. It will help you, too.

FIRE HOSE TO CONTROL UNRULY MAN AT DALTON.

Shackles around his ankles, Bob Soggy, a rascal, was out on Hamilton street, the main business thoroughfare, all Monday afternoon, refusing to work, but afraid to sit down for if he had.

Police Finch would have turned the fire hose on him. Saturday night, Soggy was arrested at a show for being drunk, and was fined by the city recorder. Instead of paying his fine, he said he "thought" he would just cut it out at the county jail, and he was placed behind the bars.

Today the officers placed him on the streets to work, but he declined to take hold of a shovel. His ankles were chained together, and while no one could induce him to perform labor he will not be allowed to sit down during work hours, and he was told that if he does venture a rest, the water will be turned on him.

FUTS THREE BULLETS IN HIS BROTHER IN DISPUTE.

Dublin, Ga., April 18.—In the lower part of this county Andrew Miller was shot three times by his brother George yesterday, two shots striking him in the right arm and the third in the right side. The wounds are not thought to be serious.

The men have been in dispute for some time over timber. Geo. Miller and Cadwell Beacham leased some timber from Andrew Miller. The lease is said to be conflicting, one clause stating that the lease covered all timber, "standing, dead or down," and another clause stated that the lease covered the hill timber. The lessees were cutting some slash timber and an injunction was secured.

The men met yesterday afternoon and began cursing each other. Finally George Miller pulled his pistol and began shooting at his brother. Several gentlemen were standing near, and Andrew Miller ran behind them and the shooting ceased. No warrant will be sworn out by the wounded man, as he stated that he can manage things without the aid of a court.

HE IS HELD FOR ROBBING PREACHER AND WOMAN.

In the highway robbery case he is alleged to have taken \$5 from the Rev. H. Stevens, a North Highlands minister, and in the other case a lady is the alleged victim.

BRONZE TABLET TO THE NAMELESS

French Soldiers and Sailors Who Died for American Independence.

Annals, Md., April 18.—On the campus of St. John's college, there was unveiled here today a bronze tablet erected by the General Society of the Sons of the Revolution to the memory of the nameless French soldiers and sailors who, in 1781 laid down their lives in the cause of American independence. President Taft and Ambassador Jussaraud both made formal addresses.

The midshipmen of the national academy did not turn out in honor of those who prevented the capture and probable sacking of Annapolis, but representatives of the Sons of the Revolution from all parts of the country, the Sons of the American Revolution, the Society of the Cincinnati, the Maryland Historical Society and the Daughters of the American Revolution were in attendance.

The dedication services were in charge of the General Society of the Sons of the Revolution, which is meeting in triennial session at Washington this week.

Following the presentation of the monument to St. John's college, as custodian, by Edmund Wilmore, acting president of the General Society of the Sons of the Revolution, the memorial was unveiled by Miss Amelia de Pau Fowler, of Baltimore, a descendant of Admiral Count de Grass, commander of the French fleet at Yorktown. In a brief speech Dr. Thomas Fell, president of St. John's, accepted the monument on behalf of the college. The addresses of President Taft and Ambassador Jussaraud followed.

To the battalion of St. John's college cadets was given the honor of acting as the military escort to the president. It was largely through the fact that the college cadets asked to be assigned to this position that the midshipmen were precluded from participating in the ceremonies at the college, as they give precedence only to the West Point army cadets in such affairs.

HE WAS MADE CRAZY BY "WHISKY SPIDER."

Hanson Had Delirium Tremens From Bite of the Insect.

San Bernardino, Cal., April 18.—Sentenced to the county jail for intoxication, Louis Hanson, a minor, is now believed to have been bitten by a "whisky spider," a rare pest that infests the water holes of the desert. The bite of the insect produces the effects of delirium tremens.

Hanson was found on the desert lying on the sand. He had every appearance of being in the last stages of a protracted spree. The justice of the peace gave him a ten days' sentence. Yesterday he was treated at the hospital and recovered. Hanson claims he has not touched liquor in months.

MUST DIE IN CHAIR FOR CONFESSED MURDER.

Freehold, N. J., April 18.—Frank E. Heilmann, a German laborer, was found guilty by a jury here this afternoon of brutally murdering twelve-year old Marie Smith near Asbury Park in November last and was sentenced to die in the electric chair at Trenton during the week beginning May 22.

The prisoner staggered as the sentence was pronounced and with difficulty kept himself from falling to the floor.

Convicted mainly on his own cold-blooded confession, the jury deliberated less than three hours before returning a verdict of murder in the first degree.

COURT NEXT WEEK.

The spring term of Bulloch superior court will convene here on Monday, Judge B. T. Rawlings presiding.

The civil docket is said to be a very light one, in fact the lightest in many years. This is partly owing to the fact that the city court takes care of a great deal of this business, and also to the fact that we have had a long area of good times, and most of the old claims have been settled.

The criminal docket will be taken up Wednesday morning, as usual and the court will wrestle with a number of important criminal cases. There are several murder cases to be tried and a number of others of a serious nature.

The grand jury will have on its hands the hearing of the troubles of those who have been troubled by the wrong doers and then they will have to take the regular semi-annual overlook of the county's affairs, etc.

It is probable that the court will last the greater part of the week.

THE LIVING HONOR THE DEAD

Impressive Ceremonies at Foot of Confederate Monument. School Children March and Sing, and Decorate the Shaft to the Confederate Dead.

On Wednesday afternoon at 3 o'clock four hundred school children marched through the Court House square to the Confederate Monument and covered it with flowers. The ceremonies were conducted under the auspices of the Daughters of the Confederacy. Rev. John F. Eden, pastor of the Baptist church, opened the services with prayer, after which the children and large crowd present all joined in singing Dixie. Rev. M. K. Dennis was the orator of the day. His address was a very fine one, going at length into the details that brought on the war between the states, and the incidents happening through the bloody period of four years that followed its outbreak. He held the undivided attention of the large crowd of people for about forty minutes, after which the services were closed with prayer by Rev. L. A. McLauren, of the Presbyterian church.

The veterans and speakers were the guests of the Daughters at the Utopia, where cold drinks and ice cream was served. Superior court adjourned for an hour in honor of the occasion, and the banks and schools all observed a holiday.

JOE WOODS IS FOUND GUILTY

For Fourth Time Jury Returns Verdict of Guilty Against Slayer of Wink Mikell. Sentenced to Life Term. Will Ask for Another Trial.

For the fourth time, on yesterday at noon the jury in the case of the State vs. Joe Woods, charged with the murder of Wink Mikell, returned a verdict of guilty with a recommendation that he be confined in the penitentiary during the balance of his natural life. The case was, perhaps, the hardest fought this time of any of the four trials Woods has had. Every inch of ground was contested and the evidence sifted thoroughly by attorneys for the opposing sides. Solicitor General Alfred Herrington was assisted by Cols. H. B. Strange and E. T. Lanier. The defense was represented by Cols. R. Lee Moore, A. M. Deal and J. E. Anderson. They were assisted by Col. John R. Cooper, of Macon, and Judge J. K. Hines, of Atlanta.

The case was called early on Wednesday morning, when, after discussion over the matter of absent witnesses an agreement was reached to go to trial. A panel of 144 jurors was called and exhausted in securing the jury, the twelve names being secured just before the last of the long list was reached. The jury trying the case this time were:

J. C. Lanier, L. L. Mitchell, D. R. Lee, J. F. Brown Richard Lanier, T. C. Pennington, Arthur McCormick, John G. Trappell, J. G. Anderson, Remer Barnes, J. C. Wright and John Crumley.

The array of witnesses were about the same as on the previous trials, only one or two new ones being brought up. The state made about the same case they have been making all the while, which in the minds of the jury withstood the strong and determined assault made on it by the attorneys for the defense. The defendant was surrounded during the trial by his father and mother, sister and children, and a little white headed boy sitting by his knee and a little girl sitting by his side.

During the long trial the court room was crowded to its full capacity; men who had heard the other trials listened eagerly to hear what was coming this time. After the jury was empaneled, a rumor was set afloat that there were two relatives on the jury, and it is not asserted that this is true, and this may form the basis for another trial. One of the attorneys for the defense stated yesterday afternoon that there would be another effort for another trial; he was satisfied sufficient grounds were in hand to ask for one and this would be done.

It is understood that on the first ballot the jury stood ten for conviction to two for acquittal; the second ballot revealed a unanimous verdict for conviction with a recommendation for life imprisonment.

Public opinion is divided on Woods, there being a large num-

ber of people who believe Woods did not intend to murder Mikell, that it was a drunken row and that the shooting of Mikell was not intentional on the part of Woods.

When the verdict was announced, Woods being still in the court room, Judge Rawlings called on him to stand and receive the sentence of the court, which was to serve the balance of his natural life in the penitentiary. After the trial was over his parents, who have expended every dollar they have in the world trying to save him from the penitentiary, started for home, bent under the load of sorrow added to that of their advanced age. It was a sad picture, and there were many who expressed themselves ready to sign a petition for a pardon after Woods had served a while in the penitentiary.

It is now charged that there were two men on the jury related to Mikell, which in itself would be grounds for a new trial.

It is also rumored that the next trial will be held in Washington county. Judge Rawlings believing that the jury list is about exhausted on the case.

JOE HENRY WEAVER CONVICTED

Other Two Weavers Acquitted. Jury Returns Verdict After Being Out Short Time.

The jury in the case of the State vs. Joe, Oscar, and Joe Henry Weaver charged with the murder of Monroe Walker in the quarters at McDougald's Still at Clito last November, returned a verdict yesterday of guilty of manslaughter in the case of Joe Henry Weaver and the other two defendants were acquitted.

It seems that there was a row at the house of Malinda Owens that night; that Monroe Walker had had a difficulty with one of the Weaver boys. This was reported back and old Joe and the two boys returned to the Owens shanty and demanded that Monroe come out. No answer being made Joe told him he had just as well come out, as he knew he was in the house. The evidence was that Monroe and Jim Burns, another negro, went to the door and as soon as the door was opened Joe Henry Weaver opened fire with a shot gun, killing Walker at once.

COOK'S GUILTY OF VOLUNTARY MANSLAUGHTER

Slayers of Sam Waters at Everett's Store Go Up for Long Term.

This afternoon the jury in the case of the State vs. John and Jim Cook, charged with the murder of Sam Waters, returned a verdict of voluntary manslaughter, the penalty on which is in the penitentiary from one to twenty years.

The jury was out only a short time and found very little trouble in reaching a verdict. The case consumed about twelve hours of the time of the court, and was warmly contested. Solicitor General Herrington and Col. H. B. Strange represented the state, while Messrs. Johnston & Cone and J. J. E. Anderson represented the defendants.

The killing of Sam Waters on the 24th day of December last, at the store of Mr. Joshua Everett, will be remembered by our readers, the circumstances having been published at the time.

It seems from the evidence that whites and blacks alike were engaged in a shooting match, shooting at a spot on the head of a barrel, the prize being a sum of money. Waters was acting as judge, and his decision on one shot was disputed by "Big Jerry Ellis," who jerked the score board out of the hand of Mr. Waters. This was resented by Waters, who knocked Ellis with his fist and then drew his knife. Ellis ran, and Waters turned towards the store. Jim Cook, son of John Cook was standing between Waters and store with a gun in his hand. Cook threw up the gun upon Waters' approach. Waters went on in the store and John Cook came running from behind the store with a pistol in his hand saying that "the poor white people in that community had been running over the negroes every Christmas and he was tired of it." He started in the store after Waters, followed by his son. He was stopped, and Waters soon appeared at the door with a gun in his hand, when the shooting started. Waters fell a victim to the wounds inflicted by a gunshot in the hands of Jim Cook, and a pistol wound at the hands of John Cook. The witnesses were not certain whether Waters shot or not, but when his gun was examined there was an empty shell in it.

Judge Rawlings sentenced John Cook to fifteen years and gave Jim Cook twelve years.

The grand jury will conclude their labors some time during tomorrow (Saturday) morning, and will make their presentments.

Hon. W. F. Slater, of Eldora, is in the city.
