SHEARWOOD RAILWAY POINTS TOWARD CLAXTON.

At a public meeting held in White's Hall, at Claxton on Thursday, a large number of property owners met and discussed plans for bringing the Shearwood Railway to Claxton. Mr. C. S. Grier was chairman of the meeting and Mr. C. T. Tippins was made secretary.

President J. N. Shearwood, of the Shearwood Railway, was present and made a statement, saying that his road was going to some point on the Seaboard and also to a point on the Central, and put it up to Claxton to come across and take some stock in order to get the Seaboard Air Line end of the road.

Col. J. A. Brannen, attorney for the road was present and delivered a speech to the large crowd present, and states that it looks like Claxton means business. Her property owners and moneyed interest was keen for the road. They realize that a road tapping that rich section of Bulloch of the Sink Hole and through the upper section of the Bay District, means a great deal for Claxton. They agreed to take it up among themselves and begin a campaign for stock subscriptions.

Meetings will be held in the Sink Hole district and Bay District in a short time and stock subscriptions will be asked for from the farmers through the section which the road will run.

COMMENCEMENT SERMON

Of the City Schools, May 28th.

Prof. Mulloy has secured Rev. W. A. Taliaferro, pastor of the First Baptist church, of Dublin, to preach the commencement sermon of the city schools this year. Mr. Taliaferro is a man of elegant address and is a fluent, forceful speaker. You will be delighted with him. The patrons and friends of the schools are cordially invited to attend this service and the other commencement exercises May 28-30.

NEW BOTTLING WORKS.

Statesboro is to have a new bottling Works plant in the near future. The name of the new firm will be John Sellers & Co. It is understood that part of the machinery for the new plant has already arrived in Statesboro and the remainder is expected in a few days. Just what location the new plant will have has not been definitely settled as yet. Mr. Sellers has had quite a long experience in bottling soda water and it goes without saying that the product of his firm will be first class in every respect.

See Me to See Right

Dr. C. R. Coulton

OF COURSE, There is nothing too good for your EYES

Between old-fashioned spectacle fitting and optical service there is a very wide difference, and this difference counts preservation of sight. Failing or imperfect vision may be due to any of a large number of causes. These causes can be determined only by very delicate, scientific tests, and each eye being tested separately according to correction needed. I provide modern optical service. I learn just what the trouble is and correct it, having lenses specially ground when necessary. My charges for fitting glasses are reasonable. Call and see my new up-to-date optical parlor.

HAVING FINE MEETING AT REGISTER.

Rev. J. B. Dixon, of Register, was in town one day during the latter part of the week and informs us that one of the greatest revivals ever known in the Register Baptist church is in progress there. Rev. Mr. Dixon, the pastor, is being assisted by Rev. B. G. Smith, of Atlanta, the music is being led by Prof. A. A. Lyon, also of Atlanta, the latter being well known in Statesboro, where he did fine work two weeks ago. The services are well attended, larger crowds than ever known at the church before, and the interest more manifest. The meeting will continue during the next week.

THE LINES ARE GROWING THIN.

We present to our readers today the muster roll of the old Bulloch Troops, that left this county and went to the front in the early sixties. This is the third muster roll we have printed within the past month. A glance at this one, as well as the others, will show you that most of them have answered the last roll call. As far as we know there are only about twenty of this company left on this side of the great divide. The roll given you today gives the names of a great many who were prominent in the affairs of the county since the war.

HONOR FOR A STATESBORO GIRL.

Gainesville, Ga., May 4.—On last Tuesday afternoon Mr. John Townsend Sennett, of Bremen College, presented Miss Ouida Brannen in her senior pianoforte recital. Miss Brannen's playing was very brilliant and showed quite unusual and remarkable technique.

She has been a most conscientious worker and the rendition of her programme demonstrated great improvement.

The friends of Mr. J. D. Blitch will be pleased to learn that he is now in Atlanta and his general condition is slowly improving.

Mrs. L. V. Miney, of the Blitch neighborhood, was in town one day during the week with a load of cotton which she sold at fifteen cents a pound.

Capt. W. B. Rice, of Dublin, was in the city yesterday for a short time.

I have on hand a new shipment of North Carolina Seed Peanuts. Will fill all orders prompt.

L. W. CLARK, Portal, Ga.

The Bulloch county peach crop seems to have gone through the cold snap unhurt. The trees are well loaded and if the worms don't eat 'em up we will have as many peaches as we generally do around here.

Mr. J. L. Coleman went down to Savannah on a business trip yesterday.

When in town don't forget to call and look over our line of Buggies and Wagons. We have the latest styles in the best makes, and will make the price right. Statesboro Buggy and Wagon Company.

The protracted meeting which has been in progress at the Methodist church during the past two weeks will come to a close on Sunday of this week. The meeting was full of interest from beginning to end, and has been well attended.

The regular annual week's meeting at the Primitive Baptist church will be held next week. Services will begin on Sunday and will last throughout the week following.

I want a car of each kind of cotton seed by the 15th. Bring in your small lots. Will find me at Green Lee Company factory.

E. A. SMITH.

Messrs. F. E. Field, W. W. DeLoach and W. H. Simmons went up to the Kennedy pond in Emanuel county this week on a fishing trip.

Dr. R. F. Anderson has bought the office furniture and leased the dental offices from Dr. R. L. Durence in the building up stairs over the Bank of Statesboro. Dr. Durence will take a rest for some time.

Mr. A. Walpert came over from Claxton and spent a day or two in town during the week. He tells us that they have secured Wm. Jennings Bryan as a lecture attraction at Claxton on June 12th.

A slight mistake occurred in our account of the purchase of bottling plant of the Statesboro Ice Manufacturing Company last week. Mr. A. B. Green is the sole purchaser of the plant.

CAME NEAR THE FROST LINE.

What we missed last night approaching the frost line wasn't much. The temperature fell to a degree near frost during the night and some fears were entertained that the growing crops would be nipped, but as far as could be learned this morning no frost had been seen. Of course the fellow who always sees frost will show up soon, but it is safe now that the danger point has been passed. The cold wave felt here has covered the entire South. The forecast is for warmer weather from this on.

Several cars went through to Savannah today to start on the big race Tuesday. They are coming through via the best route.

FALLS 1,000 FEET AND IS UNHURT

Asheville, N. C., May 19.—Floretta Lorenz, a triple parachute performer, associated with a visiting show, had a narrow escape from death yesterday afternoon when after accidentally cutting the wrong parachute rope she fell at a rapid rate from a height of nearly 1,000 feet. Had not her parachute caught in the street car and electric light wires in the heart of the city, she would undoubtedly have been killed. In the last half of her descent Miss Lorenz was virtually hanging to one cord of the parachute.

The young woman was carried into a store in a fainting condition but she was otherwise unhurt. She later stated that she carried three parachutes with her and on reaching up to release the balloon wherein she ascended, accidentally cut the ropes of the second and third parachutes which, however, did not open. The unusual weight of the two unopened parachutes added to her own caused her to descend at a rapid rate, and the hundreds of people who gathered in the center of the city saw that the young woman was in danger of alighting on the roof of the postoffice. A sudden gust of wind, however, carried her over the network of trolley and illuminating wires which cross and recross Patton avenue and there were loud cheers from the anxious hundreds when the swinging ropes and then the parachute itself caught in the wires and were firmly held, allowing the thoroughly frightened young woman to drop safely to the street below.

LEE NOT GUILTY OF MURDER OF HILTON

Screven County Jury Consider Case But Two Hours After Long Argument of Counsel.

Sylvania, Ga., May 18.—After being out but two hours, the jury in the case of C. E. Lee brought in a verdict of not guilty late Thursday evening.

The plea of self-defense, which he offered to combat the charge that he murdered L. H. Hilton during their fatal meeting on the street in Sylvania on April 10, evidently won his freedom.

The argument of attorneys consumed much more time than did the taking of evidence. The argument extended until after ten o'clock Wednesday night from early in the afternoon and resumed Thursday morning, continuing until mid-afternoon.

While the jury was out the general impression seemed to prevail that a verdict would be reached quickly and that it would be favorable to the accused, whose story alone was offered in evidence by the defense.

The court room was crowded during the day and when the verdict was announced, Judge Rawlings had warned the big crowd that there must be no demonstration, whatever the verdict. There was silence as the jury filed into the court room and when the clerk read the verdict freeing Lee.

During the hours of argument a crowd followed the speeches of the attorneys. Judge H. D. D. Twigg and W. W. Osborne of Savannah were among state's counsel, while E. K. Overstreet and Hollingsworth & Thompson represented Lee.

Lee, who is 26 years old, is charged with killing Essie Schwarz of Savannah, on the night of April 1, this year, in a house in this city.

The evidence of the state alleges that Ray brought the girl here with him on the day of the shooting from Montgomery, Ala., and upon her refusal to return to Montgomery with him he shot her.

The defense is insanity and a number of witnesses, including two physicians testified that they consider the defendant mentally irresponsible. The defendant, with sunken eyes and a deathly pallor, sat immovable by his mother's side throughout the entire trial and never for an instant displayed the slightest interest in the development of the state's case, nor did he show any emotion during the prayer of his mother when the entire room so visibly was impressed.

Solicitor S. W. E. Wooten handled the state's case in a masterly manner. Judge S. W. M. Harrell represented the defense.

When court adjourned for the day argument had begun. Six of the array of attorneys have yet to speak, though it is believed the case will reach the stage where Judge Rawlings will charge the jury at noon tomorrow. A verdict is expected by nightfall.

The jury that has Lee's fate in its hands is composed of Messrs. Joe Roberts, Homer Hand, M. N. Anderson, J. F. Herrington, J. N. Williams, U. N. Reddick, R. R. Rountree, I. H. Norman, Lawrence Brant, J. O. Peppers, George C. Smith and Thomas E. Billings.

The case attracted to Sylvania a large crowd of men who had known Hilton or Lee. The court room was crowded and the testimony followed closely. Judge H. D. D.

PROBE OF COTTON BUYER "COMBINE"

Is Demanded by Edwards. Wants Fish Hatchery in Georgia and Longer Day in House.

Washington, D. C., May 16.—Congressman Edwards of Georgia today introduced the following resolution, which he asked to have immediate consideration:

"The Secretary of Commerce and Labor is requested to institute a thorough and immediate investigation of the combination of cotton speculators in the United States, organized to control prices, with a view to discovering how far an agreement between the various cotton buyers operates to fix the price of cotton produced in the United States, with special reference to Sea Island cotton; the cost to the cotton producers resulting from said cotton buyer combination and with suggestions as to remedies, also with a view to criminally prosecuting parties combined to control and manipulate the cotton market; and the price of raw cotton."

He also introduced the following:

"That \$25,000, or so much thereof as may be necessary, be appropriated for the establishment of a fish hatchery and fish cultural station for the hatching and propagation of shad, including purchase of site, construction of buildings and ponds, and equipment at some suitable point."

I have on hand a limited supply of famous Patapsco Guano. If you need any for second application, would be glad to furnish you.

The Banking Habit

is universally conceded to be a good habit, and a good habit has been defined by someone as

"Yesterday's Achievements Taking the Sting from Today's Toil."

This definition states the exact truth, based upon the experience of thousands of depositors throughout the world.

While you are forming this exceptionally good habit, you are accumulating a fund for future use. Life is worth living when you have money in bank—it gets monotonous when you are broke.

TO QUIT OFFICE BEFORE MONTH

All of Insurrectos' Demands Are Agreed to and Madero and de la Barra Will Be "Joint Regents" in Mexico.

Mexico City, May 17.—President Diaz and Vice President Corral will resign before June 1. Minister of Foreign Relations will become president and interior.

Francisco I. Madero, the revolutionary leader, will be called to the City of Mexico to act as de la Barra's chief advisor and as the greatest guarantee possible that every pledge made by the government will be carried out.

As viewed by the public, it will be virtually a joint presidency, pending the calling of a new presidential election.

The cabinet will be reorganized. The Minister of War will be named by de la Barra. The foreign office will be in charge of a sub-secretary named by de la Barra. Other cabinet members will be chosen by de la Barra and Madero, acting jointly.

Diaz's Surrender Complete. A new election will be called within six months.

Political amnesty will be recommended to the Chamber of Deputies.

These are the conditions upon which President Diaz will continue. Virtually, they are admitted in high quarters to be a complete surrender to the revolutionists.

The resignation of Diaz and the "joint regency" of de la Barra and Madero are said to constitute a guarantee so complete that the original insurrectos demanded for fourteen governors no longer needs to be considered.

Treaty of Peace Next. The cabinet was in almost continuous session for two days, despite the severe illness of President Diaz. The president's entire face is infected from an ulcerated tooth. He speaks with the greatest difficulty, but while he is in severe pain his condition is not regarded as calling for alarm at this time, despite his advanced age.

The government conditions were telegraphed to Judge Carbajal this afternoon with instructions to submit them to Gen. Madero. If they are accepted, which is regarded as certain, an armistice covering the entire republic of Mexico will be signed inasmuch as the government believes it has made every concession that the revolutionists have requested, it is finally believed that a treaty of peace will follow.

Without abating one jot their admiration for the man who has made modern Mexico the public received the announcement of his intended resignation with profound satisfaction. Since the battle of Juarez they have believed that the President's resignation alone could bring about peace. Business throughout the republic has suffered severely and the people generally were eager for an honorable peace.

One condition over which a quibble may occur is that regarding the selection of the minister of war. The selection of this member of the cabinet is left entirely to de la Barra. He must be, according to the agreement of the ministers and the president, "a general who has the good will and respect of the army."

Reyes Not the Man. Many people see in this an intimation that Gen. Bernardo Reyes will be the choice. At the time Gen. Reyes left Mexico there was no man in the army to whom this description applied better than to him.

In his absence of almost two years Madero has come to occupy the position in the hearts of the people which was his. In view of

Madero's open opposition to him, it is reasonable to assume that he will not be acceptable.

Gen. Jose Gonzalez Salazar also has been suggested as minister of war. He has the "good will and respect" of the army as well as of the administration.

The reservation made regarding the Foreign Office probably will be acceptable to the revolutionists. At no time has de la Barra incurred the personal antagonism of the revolutionists; but he has done everything in his power to bring the two factions together.

Hard to Stop Fighting. Madero may insist on appointing without suggestion or interference from a member of the present government a portion of the remaining members of the cabinet; but, officially and unofficially, it is not believed that his opposition will go that far.

It is not expected that the armistice will result in immediate cessation of hostilities. Although the government will place at the disposition of Madero the telegraph and railroads to facilitate the transmission to rebel armies of the news that an agreement has been reached and of his orders to cease fighting, many of the rebel bands are far from the telegraph stations and Madero will have no easy task in stopping hostilities.

That the reputable chiefs of Madero, such as Ambrosio Figueroa in the south and Luis Moya in the north, will obey the order of Madero to cease hostilities is not questioned. On the other hand, there may be cases of brigandage by bands who call themselves "Maderists."

Will Stick to Mexico. The scene wherein Diaz renounced the sceptre he has wielded so many years would have been pathetic had it not been for the heroic character of the man who was in central figure.

In agony of pain, relieved only by narcotics, able to utter only a few words with difficulty, recumbent on his bed, still quivering with power, he was still the dominant figure of the council.

It is said on authority that President Diaz has no wish or intention to leave Mexico following his resignation. He is an old man and now scenes and faces have no attraction. He has no fear of remaining among his countrymen. There is no enmity to him personally. His integrity has never been questioned. He feels that the people over whom he has ruled are his friends. Among them he wishes to end his days.

While the present ministry is not completely convinced that tranquility could not be more speedily restored with Diaz in power for a few months after the signing of a peace pact, the public at large feels little apprehension on that point.

Upon receipt of official advice from Judge Carbajal that the armistice had been signed, the government sent to every city and town in the republic which could be reached by telegraph a bulletin announcing the fact. Press dispatches received late tonight state that in almost every case the news was received with rejoicing.

Saved Child From Death. "After our child had suffered from severe bronchial troubles for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. Colonel and the Cards. Col. Cecil Lyon, the Republican national committeeman from Texas, was induced one evening to sit in a poker game in New York, says the Popular Magazine. The play had been in progress for about an hour when a newcomer, rather the worse for strong drink, bought a stack of chips.

On the next hand dealt, the colonel had three aces "pat." This newcomer drew three cards, and the colonel said, in a nonchalant, bored manner, he guessed he would take one. Then the betting began, and grew fiercer and fiercer. Every time the colonel raised the stranger raised him back again. Finally Lyon called.

The other man spread out an ace-high straight. He had held the king and ace and drawn the ten, jack and queen.

The colonel, looking like a man at the funeral of a dear relative, remarked, in shrill tones: "Down in my state, when a man draws cards like that some body else draws a gun."

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigard Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

"My husband asked me to try Cardui. I felt better after the first bottle, and now I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

"I am sick and miserable, and suffer from all of the pains due to womanly trouble—try Cardui. Cardui is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution."

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

DEAD ONES FOR SALE.

Old Mummies on the Block in Lady Meux Mansion Sale. London, May 1.—Collectors from all over Europe and America are in attendance at the opening of the sale of the contents of the mansion of the late Lady Meux, the offerings including several mummies and other Egyptian antiquities and an immensely valuable collection of Stuart silver.

Among the mummies are Nes Ansu, a prophet of the gods Ansu and Khonsu, who will be sold with his coffin, and a Heru high priest who lived at Thebes 2,600 B. C. The auction will continue eight days.

MACON WINS OLD VETERANS

Little Rock, Ark., May 17.—Macon, Ga., was chosen today by the United Confederate Veterans as the next city for the annual reunion of the old soldiers. The following officers were re-elected:

Commander-in-Chief—Gen. Geo. W. Jordan, Memphis, Tenn. Department Commander—Army of Northern Virginia, Lieut. Gen. C. Irvine Walker, Charleston, S. C.; Army of Tennessee, Lieut. Gen. Bennett H. Young, Louisville, Ky.; Trans-Mississippi Department, Lieut. Gen. K. M. Van Zandt, Fort Worth, Tex.

Seven cities sought the reunion next year. Adj. Gen. William K. Mickle read invitations from Macon, Houston, Jacksonville, Louisville, Chattanooga, Fresno, Cal., and Atlantic City, N. J.

When the vote was announced, Macon had a long lead with Houston second. The court showed, however, that Macon had only a plurality of the votes cast. Gen. Van Zandt ruled that a majority vote was necessary and on the second ballot Macon won. A motion by Col. B. B. Paddeco, of Fort Worth, that the election be made unanimous carried.

With the election of officers and the selection of the next encampment city the business sessions of the veterans ended.

Tomorrow the parade will take place, followed in the evening by the last scheduled event of this reunion, the Confederate ball, which will be held at the auditorium.

Today the veterans put the stamp of their approval on the telegram sent earlier to President Taft in response to his greeting to the gathering. Through Adj. Gen. Mickle the message was made official. It was formulated by a committee composed of Gen. Gordon, Gen. Van Zandt, Gen. Bennett H. Young, Gen. T. W. Castelman, Gen. Irvine Walker and Gen. J. F. Smith.

The telegram said in part: "The United Confederate Veterans' Association, assembled at Little Rock, Ark., in annual convention, representing the Confederate survivors of the war between the states, desire to express their appreciation of the kindly telegram sent by you."

"Viewed from either a personal or an official standpoint, it brings to the association greatest pleasure. It speaks volumes for the breadth and generosity of the sentiments the American people now hold of the gigantic conflict of 1861-65 and the universal recognition that the men of the South fought for what they esteemed a great principle and which they backed by unflinching courage."

"As Confederates we cannot forget the splendid sentiments which prompted you while Secretary of War to set aside in Arlington Cemetery a lot for the burial of our deceased comrades who died in prison or fell in the vicinity of Washington, nor can we fail to think gratefully of your appointment of many of our distinguished sons to high offices. In your association with the Southern people you have always manifested a spirit which has won our esteem and which assures you of a welcome in the Southland of the most cordial kind. You can rest assured that the spirit and sentiment of your message are fully appreciated by every living Confederate."

CLARK BOOM FOR PRESIDENT LAUNCHED. Washington, May 17.—Prolonged cheers and applause followed a statement in the house today by Republican Leader Mann that Speaker Clark was being considered by the Democratic party for the presidency in 1912. The demonstration started on the floor, the galleries soon joined in. The speaker, his face red from embarrassment, pounded vigorously with his gavel for two minutes before he could command any semblance of order.

HIGH PRICED FOXES. (From Consular Report.) The pet of the pure black fox is the highest priced fur on the market. The sum of \$2,200 has been paid to a breeder of black foxes in Prince Edward Island for one medium-sized flawless skin of exceptional beauty and luster. The average prices per pelt, according to color and quality, run from \$300 to \$500.

The business of domesticating and breeding foxes has been carried on in this island for about twenty years; it is now past the experimental stages and promises to develop into a paying industry. In more than one instance the proceeds of the sale of a pure black fox skin has paid off a farm mortgage.

THE OIL DECISION. IN A NUTSHELL. (Atlanta Constitution.) The supreme court holds—That the Standard Oil Company is a monopoly in restraint of trade.

That this giant corporation must be dissolved within six months.

Corporations whose contracts are "not unreasonably restrictive of competition" are not affected. Other great corporations whose acts may be called into question will be dealt with according to the merits of their particular cases.

The court was unanimous as to the main features of the decision, Justice Harlan dissenting only as to a limitation of the application of the Sherman anti-trust law.

SAVED \$5,000,000 FOR THE FARMERS

Atlanta, Ga., May 17.—Officials and stockholders to the number of about 300 of the Union Phosphate Company, are in annual meeting here in the Senate chamber of the Capitol.

As is the case with all meetings of the Farmers' Union or its allied enterprises this meeting is behind closed doors, and will probably occupy two days. Besides reports of officers, the question of expansion and other important matters will come up, including the election of officers for another year.

The Union Phosphate Company is one of the really important enterprises of the Farmers' Union. Started five years ago, it now has a capital stock of \$200,000, some 4,000 stockholders, and conservative estimates place the saving to farmers of Georgia and adjoining states for the years at \$5,000,000.

Only stockholders can buy the product of the plant, but the general effect is to keep the price of fertilizer down. It is asserted by union members, without contradiction, that this plant has prevented the fertilizer trust from constantly boosting prices. So the effect to the general farmer, even when he does not secure his fertilizers from this company, is to secure goods at reasonable prices from other concerns.

The company owns its phosphate beds in Florida and is absolutely independent of any one else. The organization and promotion of this enterprise and its success, is due, in a large measure to the devotion, persistence and hard work of one man—J. G. Eubanks. He is its president, and he has managed it with singular ability. No money profit accrues to the stockholders. There is a minimum of expense in the conduct of the institution, for there are not many salaried officers. So the farmer gets the full benefit of the enterprise.

Not every pun is as good as one credited to a Dublin gentleman of long ago by the author of a recent book entitled "In Many Lands," says the Aberdeen Register. George IV on his visit to Dublin in 1821 met at a reception Sir Phillip Crampton, Ireland's great surgeon.

The gentleman to whom the question was put was too polite to hint that the King was mistaken in supposing that the distinguished surgeon was a naval or military officer.

VARSTY STUDENTS ARE BADLY BURNED.

Celebrating Big Victory After Baseball Game. Gasoline Barrel Explodes.

Athens, Ga., May 16.—The celebrations of the Georgia victory in capturing the Southern and the state college baseball championships was cut short tonight when a barrel of gasoline exploded on Herty Field, where a bonfire was in progress, severely burning one freshman and painfully burning several others.

The detonation was heavier than a cannon's and the shock broke out scores of windows in half a dozen buildings of the college.

Frank Meyer of Athens, a freshman, touched the light to a barrel partially filled with gasoline. He was fearfully burned about the upper half of the body, but may recover. Tom Fielder, of Odeatown and R. L. Moss, Jr., were burned considerably and R. B. Troutman, a senior, in putting out the flames on the clothing of young boys was painfully burned and had his hair singed off and the cap burned from his head.

BAPTIST REPORTS MAKE FINE SHOW

Home and Foreign Missions, Sunday School Board and Statistical Reports to Jacksonville indicate healthfulness.

Jacksonville, May 17.—The following reports of the committees on Home and Foreign Missions, Sunday School Board and Statistics, were read before the Southern Baptist convention in session here today.

The preaching of the gospel all over the South, among the negroes, the Indians, the Mexicans in Texas and among the immigrants arriving at Southern ports, has been fruitful during the past church year, according to the report of the Home Mission Board to the Southern Baptist Convention in session here.

This board also looks after the work in Cuba, the Isle of Pines and in the Canal Zone of Panama.

During the last year a general evangelist and 28 assistants have been employed to hold meetings among the churches. In addition to this there have been 1,240 white missionaries and 35 negroes employed, a total of 1,302 missionaries. There have been 3,860 professions of conversion under the preaching of the evangelists. There have been 3,082 received for baptism into the churches and 21,142 have been baptized by the white missionaries and 2,642 by the negro missionaries, a total of 23,864.

In the meetings held by the evangelists there have been received into the churches 4,577. The white missionaries have taken in 40,047 and the negroes 4,673, a total of 44,720. One new church has been organized by evangelists and 244 by the white missionaries. Two hundred and eighty-nine houses of worship have been built and 731 Sunday schools have been started.

In Georgia the special work consisted in the support of a Theological Institute at the Rome High School.

Foreign Missions. The contributions during the year have been larger than for any other year in the history of the work. The total given by per member per year is given by Southern Baptists for foreign mission work, about 600 out of ten contributed to the work; nine-tenths are giving nothing at all. Of every dollar contributed 8 cents goes to the missionaries. The remaining 12 cents defrays all expenses in this country. The amount given for the work last year was \$510,008. Georgia led all states with a contribution of \$74,940. Virginia came next with \$61,703. Texas third with \$59,705.

The Woman's Missionary Union raised for foreign missions from May, 1910, to May 1, 1911, \$127,500, of which Georgia gave \$23,725. Virginia \$18,463, and North Carolina \$19,790.

The board calls attention to need of homes for missionaries in China. Chapels also are needed to better carry on the work.

There are 12 male medical missionaries in the field and during the past year they treated 40,719 patients. Through a legacy left by J. C. Bush, of Mobile, Ala., \$10,000 has been added to the endowment of the board.

Sunday School Board. All the profits made by the Sunday School Board of the Southern Baptist Convention go into the mission work of the denomination. The annual report of the board shows that during the past year it has given in cash to the different departments of the work the sum of \$60,821, and in gifts of periodicals and books \$8,821 additional. Of this amount \$2,500 was given to the Home Mission Board, \$2,500 to the For-

CONVICT LEASING GETS HARD BLOW

Florida House 45 to 18, Votes for Abolishing the Whole System.

Tallahassee, Fla., May 17.—The House today, abolishing the convict lease system passed the house by a vote of 45 to 18 today.

Speaker Jennings took the floor in an effort to have the bill amended so as to provide for the lease of one-third of the able-bodied convicts while placing two-thirds on the roads after establishing a prison farm for women and incur men prisoners.

The house considered the amendment and the original bill, as a committee of the whole, but reported without recommendation. The Jennings amendment finally was lost by a vote of 42 to 20. Speaker Jennings voted against the bill on its final passage.

An hour was spent by the House at the morning session in getting the Journal corrected. At that Representative Aereo of Osceola might get his name from the record in a vote taken yesterday on the bill to increase the salary of the attorney general. Mr. Aereo said that he did not vote, which changes the result of the bill. The vote was 33 to 32. The reason for this move is said to be the fact that Representative West of Santa Rosa intends running for attorney general and there is a constitutional provision against any member of the legislature holding such position.

A large delegation is here from St. Augustine to urge an appropriation for the next celebration

of Ponce de Leon week in that city. An appropriation also will be sought from Congress. It is intended to make the celebration one of national importance.

The House and Senate will adjourn Friday to permit members to visit Pensacola upon the invitation of the Business Men's Association there to see the battle ships and other attractions.

A Burglar's Awful Deed may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women.

FEAR RAVAGES OF COW PEA BUG.

Washington, D. C., May 17.—Fearing that the cotton crop may be damaged seriously if not entirely ruined by the ravages of the cow pea curculio, which has recently made its appearance on cotton stalks in certain portions of Georgia, W. H. Ward and others of Ochopee, Tombs county, Ga., have forwarded to Congressmen Edwards a jar of the parasites which have been turned over to Dr. L. O. Howard, entomologist of the Department of Agriculture, for examination.

These bugs have never before been known to eat cotton stalks, always confining their destruction to the pea vine. It is believed that unless something is done quickly cotton growers will suffer greatly when the parasites spread from section to section.

SENTENCES LADS TO ATTEND SUNDAY SCHOOL.

Claxton's Mayor Punishes Mischievous Boys.

Claxton, Ga., May 16.—Mayor Freeman had an even dozen of Claxton boys, ranging in age from 10 to 14, before him Saturday for malicious mischief. He fined each \$5 or ten days' work on the streets, but after giving them a good lecture, suspended sentence, giving the boys the alternative of attending both Sunday school and preaching at some one of the churches for ten consecutive Sundays.

Not having the necessary \$5 the boys accepted the Sunday sentence, each church and Sunday school has been furnished with a register and the boys are required to register their names.

FOLEY'S ORINOLAXATIVE FOR STOMACH TROUBLE AND CONSTIPATION

IN SACRED MEMORY

Will the monument you erect to perpetuate the memory of loved ones, soon become decomposed, stained and unsightly and crumble away, or will you use

GEORGIA MARBLE

and have a monument in reality? A monument that will defy the test of time and weather, that will remain beautiful and unmarred for centuries to come. There is no material half so beautiful as Georgia Marble. It is the perfect material for all monuments. Ask to see samples of "Cherokee," "Crescent," "Excelsior" and "Kennesaw" Georgia Marble—their likeless monumental material.
