A PUBLIC HEALTH PROBLEM IN STATESBORO.

Dear J. P.: I have just received and looked oveer your paper and I want to say "tthat's going some" for a town like Statesboro, an 8 pagee paper, full of news and boosting, twice a As the subject of a sewerage system in the city of Statesboro is now being agitated, I have been asked by the editor of the News for a statement. Although I don't feel equal to the week. If you can keep the paper up to the standard of this one occasion, I am proud of the opportunity to say a few words in copy, I must say that you will be going some tooo, but I know reference to a subject which would be such a glorious blessing you and know you can do it. I knew it was in you, but some people didn't, and I am simply elated to see you proving your ability and wish you all the success possible. In view of the present active crusade for increased efficien-Keep pegging kid, and make people sit up and take notice,

cy in all lines I feel it pardonable to bring to your attention at this time some matters pertaining to local health conditions. Not that I can add to your knowledge of the subject, but only by frequent iteration is it possible to impress on the public mind the the importance of these questions.

\$1.00 PER YEAR.

I am in a position to know that our city has reached a point in progress and population that it is absolutely necessary to establish a modern sewerage system or our citizens will before many autumns be doomed with the peril of dreaded diseases.

The Bulloch County Medical Society has been discussing hygienie measures as to disposal of waste, etc., for two years but as the medical profession can do nothing without the aid of the citizens, their interest and efforts for the betterment of health conditions have availed but little.

I feel sure that any citizen who will intelligently investiwill inform himself on the subject of sanitation and the expense of disease he will learn that every modern means of sanitation is less expensive than the horrible diseases caused by lack of sanitation. Any well informed man who will fight such a movement has a heart like an animal and no regard for suffering ment has a heart like an animal and no regard for suffering

I feel that the future holds many promises for the betterment of sanitary conditions in Statesboro, that will improve the health and happiness of our citizens, and I trust that these few remarks will inspire some one who is more able to express the needs of better sanitation, with special reference to sewerage and in a more simple way than I can, and will make it plain to those who are in favor of such movements, that a sewerage system can be put in Statesboro without the aid of the few "pull-heads" who are always looking for something to butt.

been conducting here for the past cess for the new company, and ten years to Mr. C. A. Anderson.

We are informed that Mr. Anderson to our progressive little city, and son has purchased an interest in may your business grow by leaps to may be the probable transparence of the prohibition sentiment of this State, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, it is well of the prohibition sentiment of this state, and it is the prohibition sentiment of this state, and it is the prohibition sentim and L. THE MASTER'S WORK.

It is the Master's work we do, Within our lives he stands; He walks with our swift-hurrying feet, And plies our busy bands.

His love it is within our hearts His wisdom makes us wise; His deathless passion in our souls; His cross before our eyes.

Our weakness and our faithfulness, Our sins are all our own; But all the good and true in us Belongs to Him alone,

O Master, we would live to Thee! Make us a living word, Till every heart-beat is Thine own, And love our sovereign Lord.
