### CHURCH QUARREL ENDS SERIOUSLY

R. G. Whidden, Turner County Planter and Church Member, Slays Deacon Lawson. Tragedy is Enacted in Shadow of the Church.

Ashburn, Ga., Aug. 26.—R. G. Whidden, a well-to-do farmer of Turner county and a church deacon living about five miles from this place, shot and killed J. M. Lawson another prosperous farmer and church deacon of that community, today about 11 o'clock a church situated on Whidden's place, then returned to his home and killed himself.

Mr. Whidden had fallen out with his preacher and members of the church and had said that the pastor, Rev. Duncan Massey, should not preach at the church again.

Today being regular preaching day at the church, Whidden armed himself with a shotgun and proceeded to the church.

Rev. Massey had not arrived. Seeing Mr. Lawson, his fellow deacon, Whidden shot him three times, killing him instantly.

Whidden then went home, a short distance away, locked himself in a room and killed himself. Whidden was in Ashburn yesterday and tonight a coffin. Several years ago he built a vault in front of his door to receive his remains when he died.

About seventeen years ago, it is said, Whidden took strychnine with suicidal intent and has never been considered fully at himself since.

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by all dealers.

My school will open Monday, the fourth of September. Will accept pupils from five years through fifth grade. Hours from eight to twelve. Tuition \$1.25 per month.

Respectfully,  
STELLA WILSON.

More people, men and women, are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective remedies for kidney and bladder ailments, the medical science has devised.

### TWO MEN KILLED.

W. A. Creech, of Barnwell, and W. D. Mickey, of Kline, S. C., Killed as Result of Accident.

Washington, Aug. 28.—Word reached the navy department today that two seamen, Wm. A. Creech and Wilson D. Mickey, both of South Carolina, had been killed on board the battleship Ohio as the result of an accident to the anchor gear. The Ohio, which is in Tangier Sound, Chesapeake Bay, preparatory to participating in the target practice of the Atlantic fleet. The official report gave no other details of the accident.

Creech was a native of Barnwell, S. C., was 26 years old and had been in the naval service a little more than four years. His father, Richard R. Creech, is a resident of Kline, S. C.

Mickey, the other victim, was from Mifflin, Pa., was 22 years old and had been connected with the navy eight years. His father, H. B. Mickey, lives in Pittsburgh.

**BROWN TALKS PROHIBITION.**  
Governatorial Candidate Addresses Voters of Calhoun and Early.

Albany, Ga., Aug. 26.—Addressing an audience of Calhoun and Early county voters at Arlington last night, Hon. J. Pope Brown placed himself squarely on the prohibition platform as a candidate for governor.

He said that he was not responsible for injection of the issue into the campaign, but that he did not propose to dodge it.

Declaring that he had always been a prohibitionist, and had voted the prohibition ticket whenever the opportunity was offered him, he said he still held the views to which he had always adhered, and would make the race on that platform.

### A NEGRO RIOT.

Fight at Church Sunday Will Probably Result in Death—Negro Was Captured.

Lexington, S. C., Aug. 28.—In a drunken row at the negro Baptist church in the upper part of town yesterday afternoon, Joe Summers shot and fatally wounded Gregg Jones, both negroes. As soon as Summers shot Jones he made an effort to escape but was soon captured by Sheriff Miller, who was early on the scene.

Jones is shot twice—once in the groin and once in the thigh, the wound in the thigh being considered quite dangerous.

"Big Meeting" started at the church today, and it is said that a considerable amount of blind tiger liquor was in evidence.

A week ago today one negro shot another at a negro church across the river in Dutch Fork. The negro who did the shooting in the latter case mentioned made his escape and has not been arrested.

**METTER HAS FINE WATER.**  
Mr. W. J. Brown of Metter, has just completed an artesian well some four hundred feet deep. The water from this well is said to be of very fine quality, mixed with sulphur and iron. A sample will be sent to the state chemist and his analysis is awaited with much interest.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley's Kidney Pills. They give quick results and stop irregularities with surprising promptness.

**Road Notice.**  
GEORGIA—Bulloch County. W. H. Rogers, W. L. Mitchell and others having applied for the establishment of a change in the old Rebel Road, in the 1340th Dist., by discontinuing that part of the road from near Mill Branch to the Bryan county line; then to begin at Eugene Anderson's place and run south by W. L. Mitchell's, W. H. Rogers and others to county line near Magnolia Springs, a distance of about 4 miles. This is to notify all persons that on and after the 19th day of Sept., 1911, said change will be finally granted, if no good cause is shown to the contrary. This August 22nd, 1911.

### BUILDING BOOM STRIKES METTER.

Our sister town of Metter shows more substantial buildings in course of erection than ever before in her history. Everywhere you turn new residences and stores are going up, warehouses are being erected to take care of the ever increasing business the town is doing.

Metter has developed into one of the best cotton markets in this section and ranks second to Statesboro alone as a trade center in this section. Her stores are all filled with fine stocks of merchandise and her cotton buyers are giving the highest market prices for cotton. A large ginney operated in the town turns out fifty or sixty bales per day, this of course finds a ready market in Metter, to say nothing of the cotton that comes there from other gins. Metter is the distributing point for fertilizers, mules and general merchandise for that section of Tallapoosa across the Camoochee river, and a large territory in the fertile section of lower Emanuel. She of course draws a large trade from the upper section of Bulloch. Situated as she is in a fine territory there is no wonder she is thriving.

A movement is on foot for water works and lights. A large planing mill has just been established and her union warehouse has been doubled in size. Metter is one of Bulloch's substantial cities, and one that is rapidly forging to the front.

**The Cause of Eczema**  
is germ life that burrows under and feeds on the skin. The way to cure ECZEMA is to remove the cause by washing away with a clean, penetrating liquid, the germ life and poisons that cause the trouble.

We have a preparation that will do this. The first application will stop the itching and give prompt relief to an irritated, itching or flamed skin. If you are a sufferer from skin or scalp eruption in any form, try one bottle of this clean scientific preparation, we are confident you will be pleased with the results from the use of this standard preparation for eczema.

Good for infants as well as grown persons. W. H. Ellis Co. Drug Store.

**POPE BROWN HAS FRIENDS AT METTER.**

The strongest Pope Brown sentiment we have struck in this section was that expressed at Metter on Monday of this week. A number of representative citizens expressed their intention of supporting the "Pulaski Farmer" for governor.

**PASSES THROUGH.**  
The scout car for the round state tour to be pulled off later in the fall passed through Statesboro on Saturday. The car was in charge of Fred Lewis of the Atlanta Constitution. The party remained in Statesboro only a short while and proceeded on their homeward journey via Swainsboro, Adrian and Dublin. The car was out for the purpose of locating the route to the south of us, the route having already been established through here.

A photograph of the car and its occupants was taken during the short stay here.

**COTTON OFF 50 PER CENT.**  
Emanuel County Crop Unusually Hard Hit.

Swainsboro, Ga., Aug. 30.—Damage to crops in this county has hardly been estimated. More than half of the cotton was open in the fields at the time the storm began, hence the most of it is now buried in the sand in varying depths. The cotton that still remains in the boll is barely hanging and a rain tonight, which the clouds indicate, doubtless will beat that out.

It is the opinion of conservative farmers that the crop is damaged nearly 50 per cent by the storm. This in addition to the shortage caused by the drought will make the cotton crop "fall off more than half."

Emanuel county increased its acreage ten per cent this year, will help same towards bringing the amount produced back to a figure nearer normal.

### AGRICULTURAL SCHOOL HAS BIG OPENING

In Spite of Bad Weather Yesterday Marked Largest Enrollment in History of School.

Yesterday at noon opening exercises of the First Congressional District Agricultural School were held. The largest body of students ever recorded at an opening day answered the roll call. Just one hundred and eighteen answered at noon, and later arrivals during the day swelled the enrollment until Prof. Dickens informs us that one hundred and forty-two were seated at the supper table.

The exercises were opened with a statement made by Prof. Dickens, stating that owing to the inclemency of the weather, a large number of the students had been detained until later in the week, and perhaps until Monday.

A passage of scripture was read by Rev. L. A. McLaurin, of the Presbyterian church, and prayer was offered by Rev. John E. Eden, of the Baptist church, after which words of welcome were spoken by Revs. McLaurin and Eden; and Hon. J. W. Williams and Col. B. Lee Moore.

The work on the new building is now going up rapidly and it is hoped by the early part of next week several rooms will be ready for occupancy. A large force of men are at work and the building will be completed as early as possible. The full faculty were present with the exception of two members who were delayed by missing connection on some of the railroads.

The student body comes from every county in the First Congressional District. For the first time in the history of the school Chatham is represented, two young ladies from Mainhard are here attending school, which brings in Chatham for representation.

The prospects are that the enrollment will go to two hundred within the next two weeks. Making this by far the largest school of its kind in the state.

**SCHOOL OPENS WEDNESDAY.**  
The Statesboro public school will open Wednesday morning, September 6th, at 8:30 o'clock. Pupils will be required to obtain admission tickets before entering school. This rule will be strictly adhered to.

Rates are the same as heretofore—For resident pupils, 1st, 2nd, 3rd and 4th grades, \$1.00 per term; 5th, 6th and 7th grades \$2.00 per term; 8th, 9th and 10th grades \$3.50 per month.

For boarding and non-resident pupils, 1st, 2nd, 3rd and 4th grades \$1.25 per month; 5th, 6th and 7th grades \$1.75 per month; 8th, 9th and 10th grades \$2.50 per month.

I will issue tickets at my office on Monday and Tuesday and at the school building on Wednesday morning. Pupils are urged to procure tickets Monday or Tuesday, as by doing so the usual confusion and rush Wednesday morning can be avoided.

### MONDAY, SEPT. 4th, LABOR DAY, and Legal Holiday.

Bank of Statesboro, STATSBORO, GA.

The school will be under supervision of Prof. J. L. Newbern, who will be assisted by Misses Gertrude Amett, Minnie Lee, Claudie Richardson, Sammy Robinson and Ruth Parish.

In making these various improvements, we have spared no expense in our efforts to secure the best in every line. We would now add that it is for you and your child that we have thus exerted ourselves in making these preparations. This Brooklet school is not intended as a rival of the town save in the fulfillment of its mission—the education and development of the young.

Remember next Wednesday as the opening day. Remember also that we want every parent to be there. We have arranged a program that will interest you, and we want you to see and examine the new building. All are cordially invited.

## Notice of Election to Determine Question of Issue of School Bonds.

GEORGIA—Bulloch County.

To the qualified voters of Brooklet, Georgia:

Pursuant to the call of the mayor and council, notice is hereby given that an election will be held in the town of Brooklet, at the usual place of holding municipal elections, on the 3rd day of October, 1911, between 9 a. m. and 4 p. m. sun time, to determine the question whether bonds should be issued by said town of Brooklet, in the amount of seven thousand dollars (\$7,000.00), in denominations of \$350.00 each, to be due and payable in five quadrannual installments of \$1,400.00 each, to bear date of December 1st, 1911, and to bear interest at six per cent per annum, payable annually, such bonds to be issued and sold for the purpose of purchasing and paying for the site and the new school building thereon now erected in said town and for completing the erection of the said building and for equipping same for school or educational purposes; the revenue necessary to pay the interest on the said bonds and to pay the principal thereof to be raised by the assessment, levy and collection of an annual ad valorem tax on all the property, real and personal, in said town, the amount to be so raised annually by taxation being such amount as will be sufficient to pay the annual interest and provide the sum of \$350.00 for a sinking fund to be used in the payment of the principal installment due and payable at the end of each quadrannual year.

Of the aforesaid principal fund, \$1,400.00 shall be paid on December 1st of each of the following years: 1916, 1920, 1924, 1928 and 1932; so that the entire debt, principal and interest, shall be fully paid on or before December 1st, 1932.

The clerk of said town will open the registration book of said town thirty days before the date of said election, which he will keep open at the Bank of Brooklet each day except Sundays and legal holidays until five days before the election, when said book will be closed.

In said election, every voter favoring the issue of said bonds without a ballot bearing the words "FOR BONDS," and every voter opposing the issue of said bonds will cast a ballot bearing the words "AGAINST BONDS."

This 31st day of August, 1911.

JOHN I. GANE, Mayor.

PAUL B. LEWIS, Clerk.

## SMALL FARMERS LEFT DESTITUTE

Worse Than in 1893. Ten Thousand Dollars Damage to Government Property at Paris Island.

Savannah, Ga., Aug. 31.—Hundreds of small farmers in the vicinity of Beaufort to Savannah, who were left practically destitute as a result of the hurricane, many of the negroes abandoned their farms and left for Savannah to secure work as laborers.

A trip through the inland water route from Beaufort to Savannah this afternoon showed that the worst result of the storm is the damage to the crops. Several farmers in the Beaufort territory gave estimates on the loss at \$1,000.00 each, to bear date of December 1st, 1911, and to bear interest at six per cent per annum, payable annually, such bonds to be issued and sold for the purpose of purchasing and paying for the site and the new school building thereon now erected in said town and for completing the erection of the said building and for equipping same for school or educational purposes; the revenue necessary to pay the interest on the said bonds and to pay the principal thereof to be raised by the assessment, levy and collection of an annual ad valorem tax on all the property, real and personal, in said town, the amount to be so raised annually by taxation being such amount as will be sufficient to pay the annual interest and provide the sum of \$350.00 for a sinking fund to be used in the payment of the principal installment due and payable at the end of each quadrannual year.

Information obtained at many points on the way to Savannah showed that no lives had been lost on any of the islands in the vicinity of Beaufort.

It is estimated that the damage to crops is greater than was caused by the storm of 1893. A well known farmer of St. Helena Island said this afternoon that it would require seven years for the farmers to get over the damage to the crops.

## WEDDING BALKED, HE KILLED FAMILY

William Lee Confesses. Indiana Boy Tells of Terrible Triple Crime.

Evans, Ind., Aug. 28.—William Lee, 22 years old, confessed late today that he murdered his father, Richard Lee, his mother and younger brother Clarence, and then set fire to the house in the hope of concealing the crime, at Booneville, Ind., early Thursday morning. In verbal and written statements to Sheriff Davis in the jail here Lee said his motive was anger because his parents would not consent to his marriage with Mina Taylor of Newburg, which he had planned for Thursday, and would not give him money with which to begin housekeeping. When the confession was made public, officers started with Lee in an automobile for the state reformatory at Jeffersonville to prevent possible mob violence here.

Lee had made a statement that he had killed his father in self-defense with an axe after his father had murdered his younger son, but Sheriff Davis today pronounced the confession a worded confession and not a true one, and said that Lee had killed his father, mother and brother.

Lee said Wednesday he had called on his fiancée, Mina Taylor, at Booneville, Ind., the day before the wedding. He had had \$50 in his pocket but had spent it all in the afternoon. He had been drinking and was very excited. He had been drinking and was very excited. He had been drinking and was very excited.

Lee said he had been drinking and was very excited. He had been drinking and was very excited. He had been drinking and was very excited. He had been drinking and was very excited. He had been drinking and was very excited.

## LABOR DISPUTES WORRY RAILWAYS

Managers of Many Systems in Conference at Chicago.

Chicago, Aug. 30.—Members of the committee on relations among railroads of the American Railway Association met here today and discussed the employment situation on transportation lines in different parts of the country.

The policy of retrenchment and economical administration adopted by a number of roads which has resulted in the laying off of thousands of employees, was considered, it is said, at the conference. The disputes with union labor which has engaged the attention of railroad officials on a number of lines for several weeks also is said to have been taken up.

William F. Gram, international secretary of the Blacksmiths' Union, issued a statement today replying to Vice President Julius Kruttschnitt's recent interview on the labor dispute on the Harlan lines. His statement is as follows:

"We are not asking for anything more than has already been granted by the railroads involved in the disputes. We are asking for the same treatment as is granted to the conductors and other members of the brotherhood. The real purpose of the federation is to avert strikes and to act as an arbitration commission and an intermediary for the settlement of disputes involving separate groups."

"For illustration, if the blacksmiths fail to settle a grievance with their employers we want them to put the matter up to the federation for adjustment. If we find that the grievance is an illegal or an unjust one, the federation would refuse to consider it and would refer it to the courts. For apprentices, our constitution upholds them and we want them. We are seeking a reduction in the number of apprentices, as for the matter of increase in wages we feel we are entitled to an increase just as well as the brotherhoods of engineers, firemen, and conductors. It is true we are opposed to piece work and the bonus system as it encourages the sweatshop system. We object to the personal record system only so far as to eliminate the danger of a blacklist."

"The present agreement of the individual trades provides for a seniority clause and it is only in this respect that we could be charged with a desire to dictate what shall be laid off. We only ask for just and sufficient cause in the case of discharge of an employee."

One of the heaviest rainfalls we had this year fell here on yesterday afternoon, causing great damage to the cotton crop.

laws. If a member at the session just closed should have voted with the prohibitionists and his county should go for a local option candidate, he would feel authorized to vote in accordance with the expressed views of his people, and there is no doubt in my mind that if a local option candidate should be elected during this campaign that the legislature of 1912 will pass a local option bill in 30 days after it convenes.

"Then, or as soon thereafter as possible, there will be called an election for whiskey or no whiskey in every county in the state where the whiskey people have a chance to win and then there would be a rush to put new names on the registration lists. The temptation will exist to do away with the registration laws, at least to the extent of inducing a free registration of negroes wherever the tax collectors and the registrars can be induced to register them."

"A state-wide election on this subject would be likely to have the same effect. If the question would be carried into state politics, it would not be better to settle it in our primary rather than place it in a state-wide election or even county election."

Land for Sale.

I have 1 track of land containing 122 acres, 40 acres in cultivation, and two good dwelling houses and good out-buildings. A fine place for two small farms. Will sell cheap for quick sale. Come to see me at Portia.

Indications are That Shearwood Railway Will Be a Great Cross-Country Line Soon.

We understand that the plans of the Shearwood Railway people are to build to Cloy or some other point on the Seaboard Air Line Railway, just this side of the Savannah river. While it has not been definitely decided yet, it is more probable the line will go to Claxton on the south. This of course depends on the manner in which the people at Claxton and along the line receive it. It takes cash to buy cross ties and grade railway lines and buy rails, yet they are great developers and no community can afford to allow one to miss them if they can get them in reason.

President Shearouse of the company, stated to a News reporter one day this week that he had determined to touch the Seaboard on the Savannah river; he saw in this cross country route a good line, a short cut to the North. People having business North could run across and catch the Seaboard northbound forty miles north of Savannah and cut out that elbow around by that city.

Mr. Shearouse also recognizes the fact that the time is coming when this country will have to produce something else besides cotton, and he sees in those level lands through Etowah and Bulloch the coming trucking section of the South Atlantic coast, and he knows they will have to have transportation facilities.

The road will traverse one of the finest agricultural sections in Georgia, affording transportation for a people that are suffering along this line.

A meeting will be held at Claxton in a few days and the matter will be put square before them.

DEATH OF MRS. MARSH.

The friends of Mr. and Mrs. Horace Marsh will regret to learn of the death of the latter, which occurred yesterday morning, at the home of her father, Mr. Isaiah Parish. The cause of her death was typhoid fever. Mr. and Mrs. Marsh had both been ill with fever, but Mr. Marsh had so far recovered as to be able to come back to his home in Statesboro on Monday, where they had been living until a few weeks ago, when they went out to Mr. Parish's home.

The funeral and interment will be today at Upper Mill Creek Primitive Baptist church. The grief stricken husband and father have the sympathy of a large number of friends in their sad loss.

SIMMONS-BRADY.

On Sunday afternoon at the home of the bride's parents, Mr. and Mrs. I. V. Simmons, near Macedonia church, Miss Fannie Simmons and Mr. R. E. Brady were united in marriage, Rev. John F. Eden, of the Statesboro Baptist church, officiating. The bride is one of Bulloch's most charming young women, and is popular among a wide circle of friends. The bridegroom is one of Statesboro's popular young business men, who has many friends to wish him joy and happiness along the way. The happy young couple are at home to their friends at the home of the mother of the bridegroom on South Main street.

DID WHOLESALE LIQUOR BUSINESS.

Sheriff Donaldson went to Savannah this week and was accompanied on the return trip by Benjamin Haygood, with whom the sheriff went down to consult on the "local option" question. Ben was considered good authority on "local option" as he is charged with putting it in force at a picnic recently held at Roger's Springs, in the Sink Hole District, in the extreme southern edge of this county.

The warrant charges Mr. Haygood with selling booze on this occasion. He is said to have transported it from the station to the picnic grounds in suit cases, in packages of sufficient dimensions to "suit" the occasion. The case will probably come to trial today.

MOTHER AND SON WANTED FOR SELLING BOOZE.

Warrants have been sworn out for Mrs. Vonie Johnson and her son Lester, during the past few days, charging them with retailing without license. Mrs. Johnson was arrested and has given bond for her appearance at the city court today. She is charged with selling wines contrary to the laws of the state, peace and dignity thereof. Her son, who runs a business just outside the corporate limits of the city has not been arrested yet. He is not to be found at his regular place of business. He is presumably visiting friends and relatives away from home.

## A Farmer's Logic

Two farmers were discussing the advantages of a bank account from a farmer's standpoint. "But," said the first, "I am so far from town it is inconvenient for me to come in to do my banking." "All the more reason," his companion replied, "why you should have an account. When you have a check to deposit simply endorse it over to the bank and mail it to them. They will credit and receipt you. Then when you buy anything, pay by check. That's up-to-date business." Is the argument not logical?
