ANOTHER NUISANCE FOR STATESBORO.

Editor News:

The good citizens, fathers and mothers of Statesboro, are again pained to see their young boys and even their little baby boys take their hard earned money and feed it into another damnable slot machine and cultivate the desire to get something for nothing. It seems as though there is loadstone in the machine, it just simply pulls them there in crowds. I again ask the good people of Statesboro if they intend to sit idle and let such examples and temptations be put before the young boys while they are young and are easy to be led astray. Now is the time to train them as you want them to go, so that they will be a credit to you, and not a disgraceful gambler, as they will be if such is allowed to be run in town. I haven't a boy, but I feel that it is my duty to call the attention of those that have them, before it is everlastingly too late. Let's everybody that has boys and those that haven't any, that feel an interest in the up-growing generation, get together and see if there can't be some remedy for such nuisances as the slot machine that we have in our midst.

CITY SCHOOL OPENS WITH FINE ENROLLMENT.

On Wednesday morning when Prof. Wright and the other members of the faculty opened the fall term of the Statesboro Institute they met the largest number of pupils who ever enrolled as students on the first day of the Statesboro public schools.

There were somewhere in the neighborhood of three hundred and fifty certificates issued and several more to be issued later.

Revs. McLaurin, Eden and Denis assisted in the opening exercises by reading passages from the Bible and leading in prayer.

They were followed by Messrs. McCroan and Booth of the Board of Trustees. Prof. Wright delivered a short but fine address setting out the plans under which the school would be run during the term which was then open.

After this Hon. Rafe Simmons who was present, arose and delivered one of his characteristic addresses. Mr. Simmons made a good speech and was liberally applauded by the large crowd of patrons and pupils.

The school is now well under way and all the places in the faculty are filled. This bids fair to be the most successful term in the history of the school.

WILD CAT FOUND IN FOWL HOUSE.

Mr. Wiley Waters, living on Mr. N. M. Flake's place, about 2 miles from Brooklet, was awakened by his chickens making a terrible noise. He went out with his gun to the scene and at once discovered a large cat. He shot it and his aim was good. The varment was as large as a good sized dog. Mr. Flake and others knew of the cat being around in the vicinity, as very often young pigs would be missing.

BROOKLET HIGH SCHOOL OPENS.

The fall term of the Brooklet high school opened on Wednesday. There was a large crowd of patrons out to witness the opening exercises, and the enrollment is the largest in the history of the school.

Revs. Carmichael and Richardson conducted the devotional services, while Prof. J. E. Brannon, County School Commissioner, and Prof. J. L. Newbern, principal of the school, delivered addresses.

Brooklet has a state-wide reputation as being a first class educational center, her people taking an active interest in the school. The handsome new school building is now in use for the first time.

TRUSTS WILL OWN FARMERS.

Says President Brooks, If Farmers Don't Co-Operate and Conserve Intests.

Shawnee, Okla., Sept. 5.—That the farmers of America will be owned and controlled by trusts within the next thirty years if they do not co-operate and conserve their efforts was the warning issued today by President L. J. Brooks, of Tennessee in his response to the address of welcome at the opening session of the National Farmers' Union.

United States Senator Thomas P. Gore, who followed Brooks, took up the cudgel for cooperation and his speech was confined mostly to amplifying the statements of Brooks.

"You farmers will be buried deeper in misery than ever if you do not co-operate," declared the blind senator. "More attention must be given to business if you are to be successful."

Former State Senator Campbell Russell in his address of welcome on behalf of the Oklahoma Farmers' Union denied a statement recently made by the secretary of the State Bankers Association that the cotton crop of the state for 1911 will net the planters \$75,000,000. "Every intelligent farmer knows that this year's crop will do well to bring \$45,000,000," said Russell. "That is if the present prices are maintained."

Secretary A. G. Davis of the National Union, is receiving a number of letters and telegrams from farmers in the cotton belt urging the delegates to pass a resolution to hold cotton for 13 to 15 cents.

All of the remaining meetings will be executive. More than 300 delegates are in attendance. Every delegate represents 5,000 farmers. A great number of telegrams from commercial clubs, newspapers, business men and bankers of cotton growing states were received today pledging support to any "holding plan" the national union may adopt. While nothing official has been given out regarding the price that farmers will be asked to place on their cotton, it is said the convention probably will agree on from 13 to 15c.

BROTHER DROWNS RESCUING SISTER

12 Year Old Willie Lee Swims to His Death at Life of Hope.

Savannah, Ga., Sept. 11.—Giving up his life to save his sister, Willie Lee, a 12-year-old boy, Sunday swam to his death in the Isle of Hope river, while the screams of his mother, who witnessed the tragedy from the shore attracted help that rescued the girl.

The girl, Ethel Lee, is 16 years old. She and her brother were bathing in the river in front of Major C. S. Hardee's place near the eastern end of the bluff, when the girl, getting out too far, stepped into the deeper water of the channel and went down. The boy, who was looked upon as an excellent swimmer, immediately went after her.

J. G. Hardee had just come in with a boat, accompanied by his son, J. G. Hardee, Jr., and Julian Baronschley. They were walking up from the water when the mother's scream announced the danger to her children. J. G. Hardee ran out on the wharf, near the end of which the children were struggling in the water, and swam out after them. The girl was fighting desperately to keep her head above the water, and time and again was seen to push her little brother's head up.

SPEAKER CHAMP CLARK VISITS HIS OLD HOME

Louisiana, Mo., Sept. 11.—Speaker Champ Clark, of the house of representatives, is being entertained today by the home folks, all Pike county and the greater part of the population of the Ninth Missouri congressional district joining to make his homecoming from Washington an epoch in Missouri history.

It was here that Mr. Clark landed from a steamboat thirty-six years ago as a young attorney from Kentucky. Republicans as well as Democrats of the district were placed on the various committees for arrangements of the day's affair.

30 AMERICANS IN CENTER OF RIOTS

Fear Is Expressed for Safety of Missionaries. No Word for Three Days. Believed They Are Being Escorted to Safety by Chinese Troops. American Warships Cannot Reach Scene.

Peking, Sept. 9.—For three days no messages have been received from hundreds of foreigners gathered at Chung Tzu province for safety from the mobs which have been running riot in the surrounding districts for some time past. The Chinese viceroy ordered the foreigners to leave the city and it is believed they are now making their way towards the Yang-Tse-Kiang, about 300 miles away, by boat or river, through a country where anti-foreign placards have been posted for many weeks.

It is understood the foreigners are under escort of the Chinese troops but it is considered questionable if these troops would oppose their own people should an attack be made on the foreigners. There are British gunboats on the Yang-Tse-Kiang, and the forces which extend from Ichang to Chung King. The American ships were ordered up river but were unable to proceed above Ichang many hundred miles from Chung Tzu. The Americans among the refugees number 30.

With the exception of a representative of an American tobacco company, most are Baptist missionaries.

The flood situation in China is the most serious in years. From Hankow, come reports that the troops are driving the flood refugees from the cities. The English papers in Shanghai say: "We suppose that half the population of the Yang-Tse valley must be supported through the coming winter or starve. Probably this is the most appalling disaster in the history of China."

41,000 BALES IN SAVANNAH CARGOES

Four British Steamers Loaded With South's Cotton Clear for Foreign Ports.

Savannah, Ga., Sept. 11.—With 41,000 bales of cotton, four steamships flying the British flag cleared Sunday. The valuable cargoes are for Liverpool, Bremen and Manchester.

The four vessels are: Dominion, for Liverpool, about 15,000 bales; Anglo Bolivian, Bremen, approximately, 6,000 bales; Author, Manchester, approximately, 10,000 bales.

The present season in the cotton business, beginning on September 1, has been remarkable for the way the crop has moved, for the fact that the crop is two weeks earlier than usual, and that the foreign exports are unusually heavy for this early.

It is said in shipping circles that the first half of this month will very nearly shatter all records for the unusually large amount of cotton which has been shipped. For the first ten days of the season the movement has been very free, and the great number of bales which leave Sunday will swell the total to a remarkable extent.

"LITTLE JOE" WILL BE SURE CANDIDATE.

Will Announce in Very Few Days, Is Inside Tip. Pressure Too Strong. Unbroken Stream of Letters Urging Him to Run.

Atlanta, Ga., Sept. 9.—It has been stated here today on what is regarded as the best authority that Joseph M. Brown will announce for governor within a few days. While he has not said so himself to newspaper men here, it can be accepted as a fact that he will declare that he is going to enter the race is so pronounced that he cannot decline it. He is receiving still, it is said, an unbroken stream of letters urging him to run. The most of these letters are, of course, from his old friends and former supporters, but many of them come from those who have opposed him in his former races. They urge that he has a good record as governor, and that he is the only governor that has not had a second term. They tell him that he will make a winning race.

HARDMAN MAY RUN FOR GOVERNOR.

As a Prohibitionist, Commerce Statesman Says He Is Considering It.

Atlanta, Sept. 9.—Dr. L. G. Hardman, of Commerce, former member of the senate and several times a member of the house and one of the authors of the present state prohibition law, practically stated in an interview today that he will be in the race for governor.

"You may state that I have the question of entering the race for consideration," he said.

"My ideas are that Georgia needs, above all else, an efficient management in which the interests of all classes of people and all industries, great and small, shall be protected.

BEATTIE A GAY SINGER.

Richmond, Va., Sept. 10.—Between puffs of the perpetual cigarette, Henry Clay Beattie, Jr., who has been sentenced to pay the penalty of wife murder in the electric chair on November 24, tonight was the gayest of the gay of a trio of singers at the Chesterfield county jail. Hearing two of his guards singing in the court house yard, a short distance away, over her boys, and let me join in with you," Beattie's clear tenor rose high above the voices of his companions as the three sang, "Wait Till the Sun Shines, Nellie."

ONE THING SURE.

Sympathetic Mother—I can't understand why you should have so much trouble with your wife. Perhaps she married you only to please her parents.

Son—Not much. She isn't that kind.—Pittsburgh Post.

Mr. Blank's Mistake

"I made a bad mistake today," said Blank to his wife. "I went to pay that subscription to the daily, which was \$5. I found out afterward that I handed the agent a \$10 bill and didn't notice it until he was gone—guess he didn't either. I suppose the fellow is honest and I'll get my money back, but it'll be some trouble." "I've been telling you," said his wife, "that you should deposit your money in the bank and then pay by check. Then you won't be making such mistakes and having so much trouble."

Was she right? She was. We invite one and all to open a checking account at our bank.

DISAPPOINTING TO HIS FRIENDS.

In our last issue, we expressed the belief that Gov. Smith would be able to reimburse the people of the state for his failure to go to the United States senate when he was chosen to the place, by reason of the fact that there was important action knocking at the door of a governor supposed to have the real interest of the state's welfare at heart. We had in mind, of course, the state's contract of lease with the N. C. & St. L. Ry. the terms of which had been annulled by the lessees.

It was our hope that Governor Smith would be able to compel the lessees of the state's property to comply with the terms of the lease.

Ex-Governor Brown having been severely criticized for his failure to do this, we had faith in the ability of Gov. Smith to accomplish what Gov. Brown had failed to do.

It was a source of great disappointment when the friends of Governor Smith read in Sunday's papers the report that he had followed in the foot steps of Governor Brown and returned the papers in the case back to the Railroad Commission without action.

As the state has no authority to compel the performance of the terms of this contract.

If not it is getting time that those who prepare leases by which valuable property and franchise rights are leased away at great profit, were held accountable for it. If the terms of the lease cannot be enforced it seems to us that it will be up to the state to operate the property in its own name when the present lease expires.

BULLOCH SOIL MAP READY.
The first copy of the Bulloch county soil map has reached our desk, and those who have seen it pronounce it a fine piece of work. It will mean the saving of thousands of dollars per annum to the farmers of this county by reason of the fact that the United States Government has laid before their eyes the exact nature of the soil that lies beneath their possessions. If they will now apply business methods, and apply to that soil the exact treatment that scientific agriculture tells them to do, the increase in the productivity of the soil will be enormous.

This map cost the government over four thousand dollars to get it up, and is the first one of the kind ever sent out from any county in the First Congressional District, and one of the few in the state.

The people of Bulloch are indebted to Congressman Chas. G. Edwards for this piece of work. It was due to his efforts that this survey was put on in Bulloch and it was due to his persistence in the work that it was pushed to a successful completion. The department has placed at his disposal about twenty-five hundred copies and he is busy mailing them out to the farmers of the county.

Mr. Edwards has again shown his ability to do things, and again he has secured something of great value to the people of Bulloch county. He has done things that no other congressman would attempt to do, things which his enemies laughed to scorn and which his friends followed from a far away distance. But he has done it. The post office site in States-

boro and the soil survey for the county. This will be followed by the appropriation for \$75,000 post office building, a bill to this effect is already pending before congress.

LOUD KICK GOING UP AGAINST TRAIN SERVICE.

The people living along the line of the Savannah, Augusta & Northern Railway are loud in their protestations against the poor passenger service given them by this road. They say practically all connections with other roads has been cut off. For instance there is no regularity of train service. It is so seldom that the connection is made in Statesboro with either the Savannah & Statesboro Railway or the Central for the out-going morning trains that the people who are living along the line of the S. A. & N. have quit attempting to use the road to get out towards Savannah or anywhere else in the morning.

They say that it is a frequent occurrence that one run per day will be cut out without any notice being given, for instance the train will come down in the morning and not make the return trip until late in the afternoon.

Parties living along the route either drive to Statesboro or to some point on the Central Railroad to get to Savannah.

Representatives of the road say the reason the service cannot be made is the fact that an attempt is run a double daily train service over the line is more than the road can do, and an attempt had been made to discontinue one train, but the people along the line filed objections. They claim they can give a prompt service with one trip each way per day, but cannot make it with a double daily schedule.

SAYS BULLOCH IS LAGGING BEHIND.

For several years past Bulloch county has had her praises sung from the mountains to the sea, she has been heralded far and wide as the most up-to-date, most wide awake agricultural county in the state, and we had persuaded ourselves that this was true.

Mr. Chas. B. Aarons, of Aarons station on the S. A. & N. Ry., who by the way, is one of Bulloch's most progressive farmers and business men, tells us he has recently returned from a week's trip to Dublin and Laurens county. Mr. Aarons says he traveled over a considerable portion of Laurens county, and was surprised to see how much the farmers were ahead of his neighbors in Bulloch. He stated we were away behind in our methods of farming; while our lands were the equal of the Laurens county lands in every respect, yet the farmers up there had walked away from us. He says he saw while in Laurens county some of the best crops he ever saw in his life. He saw plenty of cotton that will make from two to two and a half bales to the acre. While there he visited the twelve acre corn field that the Dublin Chamber of Commerce has been blowing so much about. He would not attempt to estimate the amount of its yield, but said it was unquestionably the best field of corn he had ever laid his eyes upon.

Mr. Aarons visited Capt. W. B. Rice's thousand acre farm near Dublin. He says it looks like a garden spot all over. A Western syndicate had recently offered Mr. Rice one hundred dollars per acre for the entire farm, which would be one hundred thousand dollars for the tract. Mr. Rice refused the offer. Mr. Aarons will put on some new methods as a result of his trip to Laurens county.

Mr. Aaron visited Capt. W. B. Rice's thousand acre farm near Dublin. He says it looks like a garden spot all over. A Western syndicate had recently offered Mr. Rice one hundred dollars per acre for the entire farm, which would be one hundred thousand dollars for the tract. Mr. Rice refused the offer. Mr. Aarons will put on some new methods as a result of his trip to Laurens county.

PORTAL HAS BIG BUILDING BOOM.
Among the important Bulloch county towns is Portal. Less than three years old the town has grown to the extent that its commercial importance is attracting people from a wide territory.

There have been so many new buildings in Portal, that the town has there been so much building in course of construction. Among the new buildings now going up are the following:

A large cotton warehouse, built of brick, size 80x100 feet. The brick are being unloaded for the Farmers' Drug Company. Contractor T. A. Hendricks of Statesboro, has the job and has broken dirt for the building.

Dr. Clifford Miller is preparing to build a nice home, and so are Messrs. A. H. Woods and A. A. Womack. The new Baptist church building is nearing completion, and when finished will be one of the prettiest little church buildings in this section.

Mr. W. T. Womack has leased out his farm and will make his home in Portal.

Mr. E. A. Thompson, for some time connected with the Bank of Portal, left yesterday afternoon for Plains, Ga., where he accepts similar position.

The Cause of Eczema
is germ life that burrows under and feeds on the skin. The way to cure ECZEMA is to remove the cause by washing away with a clean, penetrating liquid, the germ life and poisons that cause the trouble.

We have a preparation that will do this. The first application will stop the itching and give prompt relief to an irritated, itching or flamed skin. If you are a sufferer from skin or scalp eruption in any form, try one bottle of this clean scientific preparation, we are confident you will be pleased with the results from the use of this standard preparation for eczema.

IT TAKES THE RING TO KEEP THE GIRL

The custom of giving an engagement ring at betrothal time, come down to us from traditional times, and has endured because of its pretty and symbolic meaning. It still has a beautiful significance, and whether you wish a diamond or some less costly gem, you will find our store the proper place to make your selection.

This is the one time of all that you must be sure you are getting something reliable, and when it comes from us you can rest assured it is good. Our Spring Stock is being selected up to date. Also, we have added some addition to my optical plant, in the way of new grinding machinery. Proper attention to the examination of the eyes.

"VERY DRY" IS THE NEWS

Early Returns Indicate That Maine Will Stand by Constitutional Prohibition. About 3,000 Majority for Prohibitionists.

Portland, Maine, Sept. 11.—Returns from 533 out of 629 election districts in the state give: For repeal, 57,180. Against repeal, 59,009.

As a majority of the towns yet to be heard from are conceded to be for prohibition, a victory for the retention of constitutional prohibition is indicated by about 3,000.

Portland, Maine, Sept. 11.—Bath, the first place to count the vote in today's special election, favored repeal of the prohibition law 1,138 to 463. In 1884 Bath voted for prohibition, 90 to 414. The city of Rockland today voted for prohibition by a large majority, the city of Saco did likewise.

WINS BATTLE WITH SNAKE.

Dallas, Texas, Sept. 8.—E. W. Copley saved himself from death in the folds of a python by breaking the snake's neck.

The snake was sixteen feet long, weighed 250 pounds and was angry. Copley had had the snake on exhibition in a museum and took it to his home to give it fresh air.

The owner and an assistant started to carry the reptile away in a basket. The assistant stumbled. The snake was aroused, wrung itself around Copley's legs and was preparing to throw coils around the man's body when Copley seized the snake's head above the jaws, snapped it suddenly backward and killed the reptile.

Attack Like Tigers.

In fighting to keep the blood pure the white corporeal attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see the pimples, boils, eczema, salt rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Rudahn, of Tracy, Calif. "I have found 'em' hey make rich, red blood, strong nerves and build up your health. Try them 50c. at W. H. Ellis Co.

TWINS ARE BORN IN DIFFERENT TOWNS.

Springfield, Mass., Sept. 9.—Girl twins were born in different towns to Mrs. Plakor Strenessurn of Agawam. Mrs. Strenessurn left to visit Springfield friends. The first manifestation of the stock was under a strange roof in Agawam, four miles from here. A taxicab brought Mrs. Strenessurn to Springfield. The second twin was born in this city.

Dr. E. C. Collins, the attending physician says the incident has no counterpart in his experience in 3,000 births. Moreover, he is sorely perplexed as to how he is to fill out the birth certificates required by law, but to be on the safe side has practically decided to file certificates of birth in both Agawam and Springfield.

"At that," said Dr. Collins, "the authorities of each will telephone me to ask 'Where is that other twin?'"

"The legislature may have to pass a special act to straighten out this tangle."

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Arise Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for laryngitis, asthma, hay-fever, croup, quins, sore lungs. Price 6c, \$1.00. Trial bottle free. Guaranteed by W. H. Ellis Co.

PUPILS RETURN TO SCHOOL.

This morning a number of college boys and girls returned to their respective schools after a summer vacation spent at home. Those who left this morning were: Clyde Franklin, Grady Franklin, Willie and Edward Proctor, and Basil Jones to Stone Mountain. Herman Proctor, Sharon, Misses Minnie Reid and Janie Bessley, Little Lou Olliff and Mary Beth Smith to Besse Tift, and Miss Nellie Jones to Wesleyan. There was a large number of friends at the depot to bid them good bye.

UNIQUE JAIL IS TO GO.

Oroville, Cal., Sept. 9.—Western Pacific trainmen running from Oroville to Gerlach bring word that that town is to lose its jail, which is said to be the only one of its kind in the country. The jail consisted of chains attached to a telegraph pole. On the post was nailed the sign "Gerlach City Jail." Offenders, after being found guilty, simply had the chain attached to their ankles and were left there to spend their term. Others were kept there awaiting trial in a justice court. Now word has been received that a new portable steel jail is on its way to Gerlach in which prisoners are to be confined in the future.

Gerlach is a division point on the edge of the Nevada desert. Its total population is less than one hundred, but like most new railroad towns, it has a large proportion of undesirable citizens, whose presence made a jail a necessity.

NEGROES HELP TO LYNCH A NEGRO.

He Was on a Rampage. Arkansas Demon Kills Several of Both Colors.

Augusta, Ark., Sept. 9.—After he had slashed the throat of Mrs. Albert Vaughan, daughter of a white farmer, shot and killed one of his own race and assaulted an aged negro, Arthur Dean, a negro, was taken in hand by a mob of white men and negroes today and hanged from a mill shed on the principal street of Augusta.

Dean started on his rampage early yesterday. Gaining entrance to the home of Tom Lignon, a negro farmer, he drove Lignon's children from the building and attacked and aged relative of the farmer. Next he made his way to the dwelling of Dennis Clark and firing from the roadway killed Clark, who was seated at a window.

At the home of J. T. Bostleman, a farmer, he encountered Mrs. Vaughan, and when she resisted his attack drew a razor across her throat. Mrs. Vaughan died several hours later.

The negro then made for the woods, but was captured this morning near Bald Knob and returned to Augusta. A mob was in waiting and the lynching followed.

Seemed to Give Him a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngsters, Editor of The Sun, Laake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by all druggists.

IN TAX RETURNS.

Atlanta, Ga., Sept. 12.—According to figures compiled by Capt. W. H. Harrison in the office of the comptroller general, the tax returns for 1911 show an increase of \$38,299,995 over 1910.

The total returns for 1911 exclusive of the returns from railroads and other corporations amount to \$50,850,117, as against \$32,550,122 for 1910.

In 1910 the gain over 1909 was \$38,211,914, so that the gain for this year is approximately \$88,000 over the gain made last year.

The counties which showed a loss in tax returns this year are as follows: Cherokee, Duval, Gilmer, Glascock, Gordon, Gwinnett, Heard, Jackson, Laurens, Lincoln, Putnam, Quitman, Rockdale, Towns, Walker, Walton and Webster.

NEGRO ENTERS LADY'S HOME

Crouches Under Door Steps and Pulls Mrs. Johnson's Foot--Bloodhounds Fail to Find His Trail.

SEVERE WINDSTORM.

SWEEPS ILLINOIS.

State House Damaged. Property Loss Will Amount to Hundreds of Thousands.

On Tuesday night about 10 o'clock, when Mrs. Vonie Johnson, living about two miles from town, was sitting on her door steps, she noticed a slight shaking of the steps but paid no attention to it, and a few minutes later she thought she felt something touch her foot, and an object of some kind jerk itself back under the steps. Before she could raise an alarm a negro stuck his head out from under the steps and grabbed her by the foot. She then screamed, calling to her son who had retired for the night, and the negro ran out from under the house and escaped through the field. A telephone message brought Sheriff Donaldson and Deputy Sheriff Jones to the scene.

The blood hounds had been called but refused to follow the trail which had grown cold in the meantime. The sign of where the negro had crouched under the steps and crawled under the house and ran off through the field was clearly discernable but the trail being cold the dogs refused to follow it a very great distance.

Springfield, Ill., Sept. 13.—Spreading ruin in its wake, one of the most disastrous wind storms ever experienced in this city held Central Illinois in its grip for three hours this morning. The damage will total hundreds of thousands of dollars.

One death is reported from Taylorville, where Raymond Ives, a lineman, was electrocuted while repairing broken wires. By far the largest single loss was that sustained by the state when he wind carried away a large portion of the new copper roof of the capitol. The loss at the state house is estimated at \$50,000. The wind in this city reached a velocity of nearly 70 miles an hour. Have your prescriptions filled at Register Drug Company's, Register, Ga.

Mr. Blank's Mistake

"I made a bad mistake today," said Blank to his wife. "I went to pay that subscription to the daily, which was \$5. I found out afterward that I handed the agent a \$10 bill and didn't notice it until he was gone—guess he didn't either. I suppose the fellow is honest and I'll get my money back, but it'll be some trouble." "I've been telling you," said his wife, "that you should deposit your money in the bank and then pay by check. Then you won't be making such mistakes and having so much trouble."

Was she right? She was. We invite one and all to open a checking account at our bank.

PULASKI BANK GOES INTO COURT.

On yesterday the Citizens Bank of Pulaski filed suit in the City Court against about thirty parties who were alleged to have been overdrawn in their accounts with the bank before its suspension of active business some time ago. Some of these accounts are disputed by the parties and the matter will have to be settled over the court table.

Including this batch there was the largest number of suits filed on yesterday for the October quarterly term since 1909. The lawyers all worked hard through the day preparing their suits. About sixty in all were filed.
