John T. Brannen Lands FOR SALE AT BARGAIN PRICES

Located Six Miles West of Statesboro, on Clayed Public Road. 570 Acres Finest Pebble Land. Will Cut in Tracts to suit Purchasers,

Practically no waste land on this entire tract. Every acre can be utilized and made to bring returns on the investment. One hundred and fifty to two hundred acres cleared. Balance can be cleared with little trouble or expense. Four settlements, with barns, outhouses, etc. Lot of saw mill timber. Two public roads running right through property.

We have a contract on this property, running for several months, that enables us to offer it at a price much below its market value. However, at the prices which we are in position to make, we know that these lands cannot remain on the market long, and we expect to close them out at once.

Parties desiring all or part of these Lands should see us at once,

As we expect to close the proposition up at the earliest possible date.

TERMS: One-third cash; balance in one, two and three years, with 8 per cent. interest from January 1st, 1912. However, we can make arrangements with responsible purchasers to give them until January 1st, to raise the greater part of the one-third cash, if desired.

MAY FIGURE ON SEWERAGE SYSTEM

Mr. Arthur Pew, of Atlanta, arrived in the city yesterday afternoon for the purpose of going before the city council on a proposition to put in a sewerage system for the city. He was informed that the reason the matter was dropped, it was found that the present city charter did not authorize a sufficient bond issue to meet the requirements of the sewerage expense. The present charter only allows about \$30,000 additional to what we already have. Mr. Pew states that he has just completed a contract for the city of Eastman at an expense of two thousand dollars per mile, and that nine and a half miles were laid. He thinks this would be sufficient for Statesboro, and the entire plant cost the city \$19,000. Of course this sheds a new light on the question and the city council may take the matter up again. If a system can be put in at Eastman for \$19,000 it is interesting to Statesboro.

FOR HIS THRONE ALFONSO FIGHTS

Drastic Measures to Stop Spread of the Revolution. Arrest of Workmen's Committees and Political Agitators Ordered. In Some Cities Riots Fired Public Buildings. Madrid, Sept. 20.—The government has ordered the arrest of workmen's committees and political agitators in the disturbed districts. Three hundred persons were imprisoned here last night. The general strike in this city called for today was prevented by the action of the authorities. The railways were running as usual. Thirty thousand men in the building trades received an order this afternoon to strike and it is believed that they may go out. Troops are stationed at the principal points of the city. Arrests were made during the night in several provincial cities. At Barcelona 158 persons were apprehended and many were taken into custody at Bilbao, Seville, Valencia and Saragossa. There have been disorders in small industrial centers. At Jativa and Carcagete riots set fire to the public buildings and tore up the railway tracks.

THE UPTOWN CHURCH

will resume its regular services next Sunday, Pastor Eden having returned from his brief vacation. We are very anxious to inaugurate a vigorous campaign, beginning Sunday morning. With this in view, the pastor's subject for the 11 o'clock hour will be "Building Up the Church," and the evening subject "The Greater Here." The Sunday School is marching on to victory, may have to raise the roof and put a second story on its annex. The prayer meetings are well attended and are delightfully interesting. Come and let us work together and as we let the Lord use us in being of blessing to others we shall ourselves be richly blessed.

GREAT SHIP TO BE LAUNCHED

Philadelphia, Pa., Sept. 20.—The Delaware will be the scene of the launching of one of the greatest ships in the world Saturday, when the giant battleship Moreno, built for the Argentine Republic by the New York Ship Building Company at Camden, N. J., will leave the ways. The Moreno is a sister ship of the Argentine battleship Rivadavia, launched last month by the Fore River Ship Building Company at Quincy, Mass.

SEVEN-YEAR-OLD 'BEATS' HIS WAY IN ORDER TO JOIN HIS 'DADDY.'

Louisville, Ky., Sept. 20.—Badly burned by cinders and almost exhausted, seven-year-old Albert Kettler was taken from the "blind baggage" of a passenger train here yesterday, after "tramping" all the way from Seattle. He came in on a fast train from which he once had been thrown off but which he boarded again as the train pulled out of the station. The child left his mother in St. Louis to come out here to his father from whom he was separated when his parents were divorced and custody of the children was given the mother. After the child was revived somewhat at the station he demanded that he be taken to his father. He declared he had come to stay and it is evident efforts to keep him away from his father must be extraordinary.

Mr. Blank's Mistake

"I made a bad mistake today," said Blank to his wife. "I went to pay that subscription to the daily, which was \$6. I found out afterward that I handed the agent a \$10 bill and didn't notice it until he was gone—guess he didn't either. I suppose the fellow is honest, and I'll get my money back, but it'll be some trouble." "I've been telling you," said his wife, "that you should deposit your money in the bank and then pay by check. Then you wouldn't be making such mistakes and having so much trouble."

**HOKE IS MAKING 'EM COME
ACROSS.**

Now that Governor Smith has
announced the lessees of the State
Road to show up before him next
week to appear upon what authori-
ty they have violated their con-
tract with the state on the lease
of the Western & Atlantic rail-
way, there is a stillness that per-
vades the camps of the opposition
newspapers equally as noticeable
as was the house-top acclama-
tions when the governor sent the
case back to the Railroad Commis-
sion about two weeks ago and
asked for more detailed informa-
tion upon which to act. At that
time he was likened unto
Governor Brown, whom it was
said did likewise. The editorial in
this paper deprecating the fact
that this case could not be pushed
to an immediate conclusion was
seized upon by the Anti-Smith pa-
pers and the editor in every issue
demanded the governor for his
action, which was not true, how-
ever.

Now that Governor Smith is
straight on the trail of this crowd
the folk are expecting something
to happen. The action of Gov.
Smith in sending the case back to
the Railroad Commission cannot be
compared with that of Gov. Brown in
the least. In the case of Governor
Smith, he sent it back immediately
and asked for an early reply with
further data on which to proceed.
In the case of Governor Brown
the case was pigeon-holed for at
least a year, until just before he
went out of office, and was then
sent back to the commission. In
the case of Smith it shows that
his acts tend to show that his
sympathies are with the people,
and in the case of Brown it looks
like he was running with the
railroads. That's the difference.
But we will wait and see what is
going to be done about it.

**BULLOCH SHOULD
HAVE MODEL FARM.**

Why is it that Bulloch county
doesn't make an effort to secure
the location of one of the Central
of Georgia Model Farms, fifteen
of which are to be located on
their lines?

Bulloch county lies broadside
of not only the main line from
Savannah to Atlanta, but the Do-
ver-Dublin branch splits the
county wide open, traversing
about thirty-five miles of her ter-
ritory. Laurens county, located
at the very uppermost end of the
Central's branch line, has secured
one of the farms, and while Bul-
loch county, contributing more to
this system than any other rural
county perhaps in the state,
seems to be making no effort
whatever to get one of the farms.
The Central of Georgia is going
to spend thousands of dollars an-
nually developing agriculture
along its line.

There is no county in the state
that can produce a larger variety
of farm products than Bulloch.
We are inclined to think that the
authorities of the road would
look with favor on the establish-
ment of one of their farms in this
county, and would probably do so
if the proper effort was made to
secure one.

Why don't some progressive
Bulloch county farmer, who has
a good farm, take it up with the
Industrial Department of the
Central Railroad?

Parties who bought fertilizer
of the undersigned, will find their
notes at Sorrier & Brannen's of-
fice.

**STATESBORO NEWS WILL
HAVE NEW OWNERS.**

Yesterday afternoon at a meet-
ing of stockholders, whose pur-
pose is to reorganize the States-
boro News, was held, and a propo-
sition from the present owners
looking to the sale of the plant,
was accepted.

This deal has been on for several
weeks, and came to a close yes-
terday afternoon. All parties
who held stock in the old com-
pany will hold a small amount in
the new company, but there will
be no large blocks of stock held
by any one man or syndicate. The
stock in the re-organized com-
pany will be widely distributed,
there being more than fifty stock-
holders when the company is fully
organized and placed on its feet.

The additional stockholders are
made up of the solid, progressive
men of the town and county, ev-
ery town almost in the county
contributing its share of stock.
Among the towns represented in
the new company are Statesboro,
Silson, Metter, Brooklet, Regis-
ter and other sections of the
county. In addition to this there
are several stockholders living
outside of the county, the object
of the re-organization is to give
to the people of the county a pa-
per equipped in every respect to
meet the demands of a wide-
awake, progressive community.
Some new improvements will be
added and the new business will
start out without a single dollar
indebtedness. It will be run on a
cash basis and such methods will
be adopted that will insure to the
people of the county a first class
news service. A meeting of
stockholders is called for Tues-
day afternoon in the court house
for the purpose of electing offi-
cers, at which time, of course, an
editor and business manager will
be selected. Mr. J. R. Miller has
been running the paper tempo-
rarily for the past few weeks, pen-
ning the consummation of the
present deal. During all this time
there has been no name carried at
the mast head as editor, but it
was generally known, of course,
who was running the paper. A
notice of meeting of stockholders
appears in this issue.

Stockholders Meeting.
All stockholders in the States-
boro News will meet in the court
house on Tuesday afternoon next,
Sept. 26th at four p. m., for the

may come before the meeting.
This September 22nd.

ternoon at four o'clock, Sept. 26,
1911, for the purpose of organi-
zation and election of officers of

fore the meeting. This Sept. 22,

FAIR TREATMENT and PROMPT RETURNS

Local and Personal

Mr. J. N. Shearouse, of Brooklet, was in town yesterday.

Rev. John F. Eden returned Wednesday afternoon from a ten days' trip to Atlanta and other points in North Georgia.

The regular monthly meeting of the Board of County Commissioners was held here this week. There was nothing doing except the regular routine.

It is currently reported here that the Register & Glennville passenger train made connection with the eastbound Central at Register one morning during the week.

Mr. Grady Johnston left this morning for Emory College, where he will spend the fall and winter at school.

Mrs. John F. Eden has returned from a two months' visit to relatives in the upper part of the state.

Mr. and Mrs. L. A. Russell, of Augusta, spent a day or two in town during the week.

Mr. C. D. Kashing, of the Forty-fourth district, was in town on yesterday.

A large percentage of the ladies of the town and nearby territory have been in attendance on the different millinery openings this week. Gussie Diddy and Hubbie will learn something about those tips later, when the bill for the winter hat comes around.

A large crowd is expected in town today to visit the show. We trust everybody will come who wants to come, but that they will all tell the truth about it. P. S.—We desire to warn you all not to stick your finger in the monkey's mouth unless you want to be bitten.

Mr. B. L. Robertson, of Hubert, was among those who came to town during the week.

Mr. W. T. Brantley, of Porton, came in yesterday and gave us a check for one and a half and marked 'em up to January, 1913. Thirteen is said to be an unlucky number, but we would be pleased to risk a few more such as the one yesterday.

Mr. J. M. Donaldson, of the Bay District, was in town yesterday and enrolled his name with us for the next twelve months.

Mr. Eugene K. DeLoach has gone to Atlanta, where he will take up the study of medicine at the Atlanta School of Physicians and Surgeons. CANADA REJECTS RECIPROCITY

By Veritable Landslide the Liberal Majority of 43 Is Swept Away.

**SEVEN MINISTERS LOSE;
CONSERVATIVES BY 50.**

R. L. Borden Soon to Become Prime Minister of the Canadian Dominion.

President Taft Is Disappointed.

Kalamazoo, Mich., Sept. 21.—President Taft heard the results from the Canadian election here tonight while attending a banquet tendered him by the citizens of the city.

"I am greatly disappointed," he said. Further than this, Mr. Taft declined to discuss the subject tonight.

Montreal, Sept. 21.—The Laurier government and reciprocity suffered an overwhelming defeat in the Canadian elections today.

By a veritable political landslide the liberal majority of forty-three was swept away and the conservative party secured one of the heaviest majorities—upwards of fifty—that any Canadian party has ever had. Seven cabinet ministers who have served with Premier Laurier were among the defeated candidates.

The liberals lost ground on practically every province of the dominion, while in the towns their majorities were small. Where the conservatives won their majorities were tremendous. Ontario, the leading province of Canada, declared almost unanimously against the admission and reciprocity.

Robert L. Borden, leader of the conservative party, will shortly become prime minister of Canada. He will be supported in parliament by a working majority far more than ample for his purpose.

The government defeat means that the Fielding-Knox reciprocity ratified by the American congress will not be adopted when parliament assembles next month, and that a revised basis of trade with the United States, looking to closer commercial relations, will not be possible in the immediate future. The conservatives are committed to a policy of trade expansion within the empire and a closed door against the United States.

Retires Sir Wilfred.
Although re-elected in two constituencies in Quebec, the defeat of the liberal party also means the retirement from public life of Sir Wilfred Laurier, who for nearly two decades has directed the destinies of the dominion. Several times during the bitter campaign which preceded

Attention, Farmers!

In order to induce you to allow us to use the oil in your cotton seed, we have decided to make you the following unprecedented offer:

There has never been such a liberal offer made before,

WE ARE CUTTING THE

John T. Brannen Lands

Into Five Smaller Tracts.

One tract of Fifty-Six Acres—One tract of One Hundred Acres—One Tract of One Hundred and Twenty-Five Acres, and two tracts of One Hundred and Fifty Acres each.

(Above is approximate acreage—exact acreage to be determined by survey.)

TRACT No. 1.

Fifty-six acres, lying on both sides of public road.

Practically all fine pebble land. Plenty of timber for all farm purposes. Beautiful building site. This is an opportunity to get a small body of the finest Bulloch county land.

TRACT No. 2.

One hundred acres, lying on both sides of public road.

Every foot of this tract is as fine pebble land as there is in Bulloch County. Fifty acres cleared and under high state of cultivation; almost no trouble to clear balance.

Good small house. Here's your chance to get one hundred acres of the finest Bulloch county land without a foot of waste land on it.

Tract No. 5 (Home Tract) 150 acres on both sides of public road; 140 acres of the very finest pebble land with nearly 100 acres under cultivation. Balance can be cleared with but little trouble. Nice large dwelling with an abundance of barns, sheds, buggy and wagon houses, and other outbuildings. Also one good tenant house with barn and outbuilding. Plenty of timber for plantation purposes and some good saw mill timber.

There is no farm land in Bulloch County that is better than this property, and but very little that is as good. It is simply the very best.

See us at once, as we expect to close the entire proposition out at the earliest possible date. Prices much less than other lands of similar quality can be bought for.

GOV. BROWN A CANDIDATE; MAKES THREE-CORNERED FIGHT

"Little Joe" Responds to the "Calls of Thousands" and Comes Out for Place Smith Will Vacate. Opposes Pope Brown and Dick Russell.

MAKES ONLY BARE ANNOUNCEMENT NOW.

Formal Statement Later. Expect He Will Take Conservative Prohibition Stand.

Atlanta, Sept. 23.—Former Gov. Jos. M. Brown today issued his announcement for governor, following a conference with his friends held here.

Gov. Brown's announcement is brief, merely stating the fact that he has decided to get into the race, on account of the insistence of many friends, in addition to many who were formerly opposed to him.

Gov. Brown has decided to make no extended statement at this time and it may be two or

three, I now feel it my duty to respond to the calls of thousands of my friends, and of many of our other fellow citizens in every part of the state, who have formally opposed me, and hereby announce that I have determined to be a candidate in the pending Democratic primary for Governor of Georgia.

Terrell vs. Smith.

Gov. Brown's announcement was not given out until late this afternoon but the rumor got out that it was coming, and in forecasting it the Journal stated that an interesting feature of the meeting of Gov. Brown's friends was that former Senator Jos. M. Terrell should offer for the senate in opposition to Hoke Smith, in the event of Gov. Brown's election.

It is also stated that Dr. L. G. Hardman of Commerce, one of the authors of the state prohibition law, is still a probability in the race, and that if he enters he will

that direction in whatever he has to say on this subject.

What he will do to counterbalance the absence of the strong Hoke Smith sentiment, the presence of which has heretofore been the source of his greatest strength, remains to be developed.

A strange and somewhat mysterious feature of the situation is the fact that some of Governor Brown's former strong political friends have recently been indulging in the "gentle art of knocking," not calculated to help much in a political campaign, assuming this attitude because they have not as close to the ex-governor as they used to be, or whether they are not in his confidence because they have been assuming this attitude, is a question nobody seems prepared to answer.

Anent the "Knockers."
It is also strange that these unpleasant and perhaps ungenerous remarks are always accompanied by the statement, "Still, I am for Joe Brown and will support him if he runs."

Mr. Brown's real friends consider that those who are circulating remarks of this kind, have turned against him for a purpose; there is a reason, it is charged, why they did not want him to enter the race. Some of them, it is alleged, had an eye on other candidates; or there may be other reasons.

The former governor, it is stated, has decided to enter the race only after very careful consideration. He and his friends have gone over the situation as it appears in every section of the state. Every county has been considered, and conferences have been held with men from nearly every one of them.

Fight of His Life.

From these conferences the former governor and his friends have concluded that he can win and he is going into it for the fight of his life. They realize that he might have had easier sailing if he had gotten into the fight earlier, when the agitation against Hoke Smith for failing to hustle off to the United States senate was at its height. But Mr. Brown was opposed to a long campaign. He did not believe the people of the state wanted it, and he thought things would be more favorable for him if he held back at that time, and waited until it was definitely known when Governor Smith would leave the executive office. The soundness of that political opinion may now be put to test.

Joe Brown's announcement means that several others who have been hanging on the edge, looking for an opportunity to get into the race, may now keep out of it. Others may stay out.

Among these are Murphy Candler, railroad commissioner, who recently stated that he would not make the race with Joe Brown in it, but that he might run if Joe Brown did not; Dr. L. G. Hardman of Commerce, former legislator and one of the authors of the state prohibition bill, who was all ready to lift his banner to the breeze, and was merely waiting for something positive and emphatic from the ex-governor, and finally, President John M. Siston of the state senate who will be governor ad interim when Governor Smith resigns, and who said he would give \$1000 to Joe Brown's campaign, but that if Joe Brown did not run, he would run himself.

Judge Russell in Lead.
Up to date Judge R. B. Russell

appears to have had the best of the running. As between himself and Pope Brown, he has stirred up considerably more enthusiasm wherever he has been, and had it been left to the two of them there would probably have been little question as to the outcome.

Judge Russell spoke to an enthusiastic crowd of his followers in Atlanta last night, following Judge Spencer R. Atkinson, his campaign manager. His friends are now predicting that he will carry Fulton county regardless of the entrance of Joe Brown into the race. An enrollment of 2,500 Russell voters in Fulton county is claimed at his headquarters. This is about one-sixth of the county's voting strength with a full registration.

INFANT'S DEATH.
The infant of Dr. and Mrs. James Brannen of Savannah, died at the home of Judge and Mrs. H. B. Strange on South Main street, this morning. Mrs. Brannen had been visiting Mrs. Strange, her sister, for several weeks. The interment was here yesterday afternoon in Eastside Cemetery.

DEATH OF MISS ROBINSON.
On Sunday afternoon the angel of death entered the home of Mr. and Mrs. W. T. Robinson, living out on the Ogeechee river side, and bore away their 22-year-old daughter, Miss Laura. She deceased was a victim of typhoid fever, and had been ill for the past two or three weeks. Her condition was thought to be as favorable as could be hoped for until a short time before her death when a severe hemorrhage set in, resulting in her death. The bereaved parents have the sympathy of all their friends in the loss of their daughter.

Seeks Office for Third Time, Before the People of Georgia.

two or three weeks before he issues a formal statement of his attitude on questions before the people. His entry at least makes the race a three-cornered one, with the possibility that still others may enter into it.

Gov. Brown's announcement is as follows:
A Formal Announcement.
"Believing, as I always have, that your highest office should be protected in the dignity that inherently attaches to it, I have till this date declined to make any statement as to my candidacy to fill any part of a term for which you have elected another. But as Gov. Smith has made definite declaration of his intention to re-

make it as a straight prohibitionist. While Governor Brown and his friends consider that this is all the announcement that is necessary at this time, so far in advance of Gov. Hoke Smith's resignation, there will, perhaps, be some little disappointment that he did not indicate his attitude on the more important questions before the people, particularly the prohibition question.

Regarded a Local Optionist.
As far as can be learned Gov. Brown will probably take a conservative attitude on the prohibition situation. He is considered a local optionist, and it is thought he will more than likely lean in
