Charles Skewis, Director  
Henderson Library  
Georgia Southern University  
Statesboro, Georgia 30460

Dear Mr. Skewis:

During the early 1990s my husband, Edward G. Zachert (SGTC 1938) and I gave Henderson Library a series of books by Georgia private printers for the fine printing collections in Special Collections. Accompanying this letter are 12 more books and 3 pieces of ephemera from some of the same presses. This gift brings to 77 the number of works by Georgia private presses that we have located and given to Henderson Library.

I am also including in this parcel 2 items representing the teaching work of Bernard Solomon who was a member of the Art Department Faculty until his untimely death. Although he gave these items to us, we feel they belong at Georgia Southern University.

If any of these items is a duplicate of material you already have, please dispose of it to the advantage of Henderson Library.

Finally, please sign the attached list of items sent and return it to me in the enclosed stamped, self-addressed envelope.

With all good wishes to you and Henderson Library. We hope to meet you at sometime and again to visit Henderson Library.

Sincerely,

*Martha Jane K. Zachert*  
D.L.S.
