

Resolution for Recommendation to Establish Tobacco Zones on Campus

Whereas there has been extensive research done on the harmful effects of tobacco and smoking use to both the user and those exposed to second hand smoke, and

There has been a survey of the students, faculty, and staff of Georgia Southern University, and

The Student Government Association has been asked to make its recommendation to the Office of the President on the issue

Be it resolved that we, the Student Government Association of Georgia Southern University, support the implementation of tobacco zones across the entire campus, and

Students from the Student Government Association along with members of the faculty senate and staff council will form a committee that will accept recommendations from all university constituents to aid in the designation of the most appropriate locations for tobacco zones, and

As new constructions are developed over the years, this committee will meet annually to make modifications to the established zones if necessary.
