DATE: March 28, 2007

SUBJECT: **February 15, 2007, Faculty Senate Recommendation**
Motion to restore a visible link to the library on www.georgiasouthern.edu

Following review of the recommendation adopted by the Faculty Senate at the February 15, 2007, Faculty Senate meeting, as provided in your memo of February 16, 2007, I have approved the motion below presented to the Senate by Dr. David Robinson.

MOTION:

That the Senate petition the university Web master to restore a prominent, visible hyperlink to the Henderson Library on the university home page, www.georgiasouthern.edu.

For future input, the Faculty Technology Advisory Group will be reconstituted for service during the upcoming academic year. This group, last active during AY 2004-2005, was comprised of faculty from across the campus and was chaired by former CIO, Lisa Spence. During that year, this group evaluated approaches or suggested improvements in a number of important areas. These included

- WINGS features
- student remote response devices
- The Wireless Master Plan
- Audio-visual technology support
- Spam/anti-virus software
- Online student evaluations
- Scantron evaluation
- Storage media planning
- Student Technology Fee proposal evaluation processes and communication.
