TO: Dr. Richard Flynn, Chair, Senate Executive Committee

FROM: Jaimie Hebert, Ph.D., President 

DATE: March 7, 2017

SUBJECT: **Faculty Senate Recommendation:
SEC Motion to Discharge the ad hoc Committee on Student Ratings of
Instruction**

I am pleased to report that the Senate recommends approval of the motion presented at the March 6, 2017, Faculty Senate meeting.

MOTION

The SEC moves that now that the ad hoc Committee on Student Ratings of Instruction has completed its charge "to draft or recommend for purchase a new Student Rating of Instruction designed to measure teaching effectiveness" and has presented its report to the Senate, the committee be dissolved with our thanks.

RATIONALE

Procedures and instruments for the evaluation of faculty and the faculty handbook will be revised by an Operational Working Group under Faculty Affairs during the Georgia Southern-Armstrong Consolidation. It would be premature to implement the recommendations of the ad hoc committee.
