It's going to be hard to please all

Recently the State Board of Education created a furore when it ruled that children must be six years of age on September 1 of the year they enter school. Despite the fact that the rule does not become effective until 1959, it brought on consternation in the minds of parents with children entertaining kindergarten this fall.

Up until the State Board announced its rule the date on which children become six years old to be admitted in the first grade was set at the discretion of the county boards. In Bulloch County the board has observed the rule that a child must be six on or before December 23, in order to be admitted to the first grade at the beginning of the school year in September.

Many parents reject the new September 1 birthday requirement on the basis that if their child is six after that day they will be cut out of school for another year until they are seven years of age. They feel that they will be separated from their friends who might have been able to enter the first grade because they turned six-years-old only a few days or weeks before the deadline, putting them a grade ahead.

Then there are many whose children are able to do first grade work, even though they may be only five years old. And then there are some who can't do first grade work even though they may be seven or older.

There are those who contend that it is not fair to the bright child who can learn faster than some of his playmates.

The State Board is to meet again September 15 and there are

some who think its members may reconsider or modify its action.

Then there is the possibility that the child, regardless of his age, may be given a readiness test given to determine his or her readiness to enter school. The use of these readiness tests has been proposed.

Some counties are already using these tests but for a different purpose. They furnish the first-grade teacher some indication how ready each child is and helps the teacher in planning her work.

Rufus D. Pulliam is chief of guidance and testing in the division of instruction, State Department of Education. He said that he feels that a trained first-grade teacher could administer the tests.

It seems to us that the December 23 date used in Bulloch County has proven satisfactory. The State Board states it seeks uniformity, but in seeking it, they have taken over a function which we think rightly belongs to the county boards.

Meanwhile the arguments continue as to the wisdom of the new September deadline set by the state board.

The board may stick to its guns and leave the deadline standing to go into effect in 1959. It may soften the blow to benefit those now entering kindergarten and delay the date to 1960.

Then there's the chance it may turn to the readiness tests where parents want under-age children admitted.

Regardless of what is done, it'll be hard to please all — there'll be desenters no matter what's done.

Here we go again

Here we go again. The first of the annual Frantic Fridays is tomorrow night when the Statesboro High School Blue Devils open their 1958 football season against the Savannah High School in Memorial Park Stadium.

Coach Teel and Coach Williams allow as how the Blue Devils are just as good as last year's state Champions but they might run into a tougher season because of the opposition. The boys in Blue will play two AAA teams and one AA and then some of the A teams on the schedule have put on some muscle and will be a little rougher on our Blue Devils.

But win, lose or draw we can always fall back on that oldie, "It's not that you won or lost, but how did you play the game."

Be seeing you on Frantic Fridays.

They get out the vote

The Statesboro Jaycees and the Bulloch County Legionaires did the county a great service in promoting the "Get-Out-The-Vote" project for yesterday's primary.

It seems that it would be unnecessary that citizens should be reminded that they should get out and vote in an election. One would think that the right to vote is

so precious that one would do all within one's power to go to the polls to exercise that right.

But 'tis not always so. Voters have to be jogged into going to the polls. Politicians provide ways and means to get those they think might vote for them to the polls. Civic-minded organizations operate car-pools to provide any voter without transportation a way to the poll with no concern for whom he or she votes.

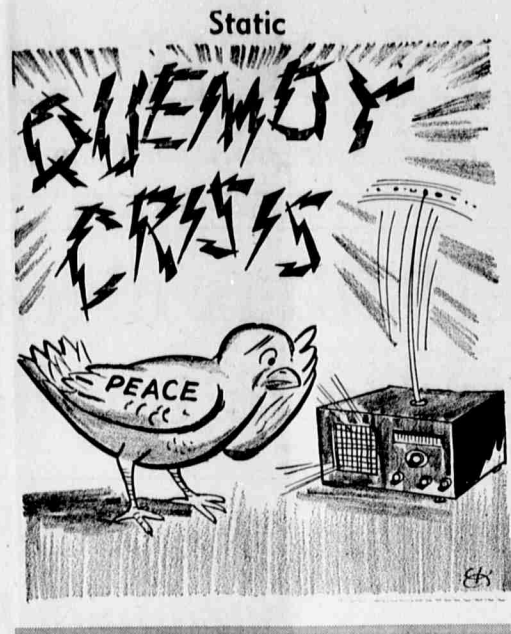

We commend these two organizations for the part they play in reminding us of the important business of voting.

Our Homemaker

This week we throw our hat high into the air for the acclaim given to Mrs. Albert Braswell Jr. upon her having been named the First District Homemaker of 1958 and selected to represent the district in the state competition in Atlanta on October 9.

The basis upon which Mrs. Braswell was selected fills her day with activities which blends making a home for her family with making Statesboro and Bulloch County a better place in which to rear her family.

We wish for her happy competition in Atlanta and may she be named Georgia Homemaker for 1958.

WELL, SHE GOT OFF today! That is, our oldest child started her school year in kindergarten this morning. She has been planning her schedule for several weeks now. Bedtime is eight o'clock in the evening and there is no difficulty in getting her tucked in because she is carried away with the romance of being a school girl. Already she knows the names of those boys and girls who will be her classmates, and she is looking forward to the high adventure of every day's schoolroom opportunity. Her mother and I can only hope that she will always possess this feeling about her education.

ALL ACROSS our land school bells are ringing, children are getting into the swing of the new schedule, and moms and dads are happy. Say what you will, school experience puts a system into everyone's day. While there is a graduation time for students in public schools and colleges, there is a school from which the members of the human family never graduate. It is called the School of Christ and it is in session twenty-four hours of every day, of every week, of every month, of every year. There is no graduation this side of death. The Apostle Paul: "Not that I have already obtained this or am already perfect; but I press

on to make it my own, because Christ Jesus has made me his own."

THERE ARE but two courses in this school. One is entitled, "Loving God," and the other is called "Loving Your Fellow-Man." The text book for these courses is "The Holy Bible," and inspiration for continued study is the Practice of Prayer.

One cannot take one of the courses without the other, else his curriculum will be out of balance. In fact, a person takes the course on "Loving God," and passes the course on "Loving Your Fellow-Man" only as he applies what he has learned in his former studies.

Henry Van Dyke caught the spirit of the School of Christ when he wrote:

"The Lord is my Teacher; I shall not lose the way to wisdom. He leadeth me in the lowly path of learning. He prepareth a lesson for me every day. He findeth the clear foundation of instruction— Little by little he showeth me the beauty of truth."

The world is a great book that he has written. He turneth the leaves for me as I read. They are all inscribed with images and letters— His voice poureth light on the pictures and words.

Then am I glad when I perceive his meaning. He taketh me by the hand to the hill-top of wisdom. In the valley, also, he walketh beside me. And in the dark places he whispereth in my heart.

Yea, though my lesson be hard, it is not hopeless. For the Lord is very patient with his slow scholar. He will wait a while for my weakness— He will help me to read the truth through tears—

Surely thou wilt enlighten me daily by joy and by sorrow. And lead me at last, O Lord, to the perfect knowledge of Thee."

The school bell is ringing— let us be going!

THE PROBLEM of finance in education is a very large one. In a state where more than 50 cents out of every dollar is used to support education, it is not surprising that the additional dollars which are needed go to come from? Are you and I going to be asked to give more personal budgets in order that we can increase our school budgets? Must we depend on the federal government for help and if so, won't we simply be getting money back which we will be paying in the form of additional federal taxes?

On the segregation issue, what

can we do? The white child can receive a better education when he is in a comfortable school with those of his own race. The Negro child can receive a better education when he is in a school system supervised by members of his own race who have his best interests at heart as they work to help him become a leader among his people. Who would be more concerned with the welfare of the Negro child than a member of his own race? Who would work harder to give him better schools, better living conditions, more recognition, a white teacher or a Negro teacher?

DO YOU REALIZE what you are saying when you refer to financing of projects with "federal funds" or "state funds"? Stop and think about it for a second, and analyze it. The way you say it sounds as though you think of "federal funds" or "state funds" as though it were manna from heaven.

Let's be realistic about "federal funds" and "state funds." These funds are our money. It's your money. It's the "taxpayers' funds." A great many people, apparently, don't relate "federal funds" or "state funds" to the state of their own pocketbooks. They don't realize that every cent of "federal funds" or "state funds" is paid by the taxpayers of today and of generations to come. And that term "taxpayers" includes everyone—you, you, you, and you. Even people in so low income bracket that they pay no direct taxes, must pay hidden taxes every time they buy an article or a service.

Let's start the widespread use of the term "your money" or "my money." Keep in mind the next time you read about

MISS LINDA BEAN gave Statesboro football fans a preview of how the Blue Devil Majorettes will look tomorrow night when the Blue Devil Band performs at the first game of the 1958 football season in Memorial Park.

On the night of August 28, as a feature of the Woman's Club Fashion Show, Miss Bean presented Shirley McCord, Dale Renew and Jessica Lane in a special routine which indicated that the majorettes this year will be on the ball. Then Miss Bean presented Sherry Lanier in a feature in which Sherry initiated as a "shadow" everything Miss Bean did, and that's something. And Helen Waters stole the twirling show with a special act to display her dancing and twirling abilities.

And Miss Bean herself, a featured twirler at Florida State University, displayed new line the art of twirling and dance can become.

So tomorrow night don't let your delight in football keep you out from appreciating the art of majoretting.

The Story of Bulloch County

By BROOKS and LEODEL COLEMAN

EDITOR'S NOTE—This week we publish another installment of "The Story of Bulloch County" which we began on August 29, 1957.

Chapter VII - Installment 13

SECESSION SONG

The great political issue on which the South stood from 1845 to 1860 was "Secession." During these years secession came to be generally accepted by the South as the only means of preserving her institutions from the interference of the North. In 1860-1861 the Southern States, individually, seceded from the Federal Government and formed the Confederate States.

The cause of the secession was promoted and fanned into white heat in many ways. One of the methods of exciting Southerners to the cause was by song. On October 10, 1861, Hassie Davis who lived in Bulloch County, wrote a song which she called "Wait for the Wagon" for Miss Elizabeth Waters, the daughter of Mr. and Mrs. Amos V. Waters, and the mother of Mrs. H. A. Deal of RFD 2, Statesboro. The song was subtitled "The Secession Song." Mrs. Deal has the original manuscript and the lyrics are as follows:

Wait for the wagon, the great Secession Wagon
The South is our wagon and we'll all take a ride.
Secession is our watchword, our rights we all demand,
And to defend our firesides we pledge our heads and hands.

Jeff Davis is our president, with Stephens by his side,
Brave Beauregard our general will join us in the ride.
Our Wagon's plenty big enough, the running gear is good,
'Tis stuffed with cotton around the side and made of Southern wood.

Carolina is our driver, with Georgia by her side,
Virginia will hold up the flag and we'll all take a ride.
There is Tennessee and Texas, are also in the cotton,
They would not have a government where cotton is not king.

Alabama too, and Florida have long ago replied,
Mississippi is in the wagon, and anxious for a ride.
Missouri, North Carolina and Arkansas are slow,
They will hurry or we'll leave them and where will they go?

There is Tennessee and Texas, are also in the cotton,
They would not have a government where cotton is not king.

Alabama too, and Florida have long ago replied,
Mississippi is in the wagon, and anxious for a ride.

There is old Kentucky and Maryland will not make up their mind,
So are all I reckon we must take them up behind.

Our cause is just and holy, our men are brave and true,
And to whip the Lincoln cutthroats is all we have to do.

God bless our noble army, in Him we will confide,
So jump into the wagon and we'll all take a ride.

DOGWOOD GARDEN CLUB MEETS

The Dogwood Garden Club met for the first meeting of the season Wednesday, September 3, in the basement of the First Baptist Church with Mrs. Belton Brannen, Mrs. George Bean and Mrs. Earl McElveen as hostesses.

During the social hour the guests were served ice cream, floated in ginger ale with cookies.

Mrs. C. E. Cone, president of the club, opened the meeting with the club prayer.

The minutes were read and approved.

Mrs. Braswell, chairman of the year book committee, distributed the year books, which were most complete, and very attractive. Mrs. I. A. Brannen had painted a dogwood blossom on the book covers.

The secretary was instructed to send Mrs. Albert Braswell Jr. a note congratulating her on the greatly deserved honor she has won for herself and Statesboro as Homemaker of the Year from the First District.

Mrs. Dew Groover introduced Mrs. Lawrence Mallard who had been invited to attend the workshop which formed the program.

Everyone brought flowers and a container and arranged the flowers in the container. Mrs. Mallard criticized them, pointing out good points or the errors. Using great tact, she rearranged some of the flowers, which proved helpful to those just beginning in the distinctive art.

Each one presented had the pleasure of taking their arrangement to a sick friend or to her home for display there.

Those present were Mrs. C. E. Cone, Mrs. Aquilla Warnock, Miss Viola Perry, Mrs. J. W. Ray, Mrs. B. W. Twitty, Mrs. V. C. Cobb, Mrs. J. B. Groover, Mrs. George Bean, Mrs. J. A. Addison, Mrs. J. M. Among the lovely arrangements used in decorating were American Beauty roses in a silver coffee pot and another of white summer chrysanthemums.

The gardeners were served strawberry sundae with assorted cookies.

Mrs. Hotchkiss, president, opened the meeting with prayer, after which the minutes were read, and committee reports were heard.

Mrs. Lonnie Young, in charge of the program, introduced Mrs. Buck Land, who developed the topic, house plants, how to plant, and the care of the many types.

Other members present were Mrs. J. D. Allen, Mrs. Norman Campbell, Mrs. Albert Ellis, Mrs. Bernon Gav, Mrs. Hossy McCorkle, Mrs. G. R. Lee, Mrs.
