### Denmark Sewing Club elects

#### Mrs. Russell DeLoach as president

By Mrs. H. H. Zetterower

Mrs. G. R. Waters entertained the Denmark Sewing Club Wednesday afternoon at her home with Mrs. F. S. Waters as co-hostess.

Mrs. F. S. Waters gave the devotion. At this meeting, the members quitted a quilt to be donated to Mrs. Nancy Mae Thompson, who had the misfortune of losing her home by fire a few weeks ago.

New officers were elected for another year as follows: president, Mrs. Russell DeLoach; vice president, Mrs. G. R. Waters; secretary, Mrs. R. L. Roberts; treasurer, Mrs. Ernest NeSmith. Secret sisters names were drawn, after which dainty refreshments were served, consisting of home-made pound cake, jello, sandwiches and coffee.

The next meeting will be held at the home of Mrs. Cecil Davis.

## Scouts observing Birthday here this week

Statesboro Scouts and Cub Scouts are celebrating the forty-ninth birthday of Scouting and the thirtieth birthday of Cub Scouting this month.

This week, February 7 through 13, is Boy Scout Week and to emphasize this fact Scouts and Cub Scouts will be seen in uniform throughout the week.

A display of handicraft made by Cub Scouts of Statesboro, Pack 340, has been arranged in the window of Curry Insurance Agency on Courtland Street.

Items shown include bird feeders, key racks, leg seats, and plaques and can be seen throughout Boy Scout Week.

Scout Night will be observed by the First Baptist Church of Statesboro on Sunday night, February 15, at the regular worship service hour. The First Baptist Church is the sponsor of Pack 340 and all Scouts and Cub Scouts of this special service in uniform.

The annual Blue and Gold Banquet will climax the month's celebration with Cub Scouts and their parents attending. Pack 340 will hold its banquet at the Sally Zetterower School at 7 p. m. on Tuesday, February 24. Tickets for the banquet are one dollar each and should be secured from Den Mothers as soon as possible.

Mr. and Mrs. Cecil Davis left during the week to visit relatives in New Orleans. Before returning home, they will also visit relatives in Miami, Fla.

Mr. and Mrs. Ernest NeSmith visited relatives in Brooklet Wednesday night.

Friends will be interested to learn that Mr. Wilbur McElveen has returned from the Hospital in Rome.

JULIAN B. HODGES, new city clerk of the City of Statesboro, is shown here being administered the oath of office by Mr. Joe G. Watson, Mr. Hodges succeeds Mr. Watson, Mr. Watson will continue to serve the city as treasurer.

## Julian B. Hodges is new City Clerk

Mayor W. A. Bowen announced this week the appointment of Julian B. Hodges as City Clerk of the City of Statesboro, to succeed Joe G. Watson, who will continue to serve as city treasurer.

Mr. Watson has served as clerk and treasurer of the City of Statesboro since 1941. Mayor Bowen was high in his praise of Mr. Watson's services to the city over the past seventeen years. He said that Mr. Watson had requested, since the duties of both clerk and treasurer have become increasingly heavy, that the mayor and council appoint a new city clerk, so that he might devote more time to the handling of the financial records of the city.

Mayor Bowen commented that the mayor and council were very pleased with the personnel and management of the city of Statesboro under Mr. Watson's supervision.

Mr. Hodges, a native of Bulloch County, is the son of the late Mr. and Mrs. W. C. Hodges. He is married to the former Sara Reid Bowen of Bulloch County, and they have two children, Carol and Bird. He has been employed by the Darby Lumber Company for the past twenty years.

SENIOR WOMAN'S CLUB TO MEET THURSDAY, FEBRUARY 19, AT 3:30

The Statesboro Senior Woman's Club will meet at the Recreation Center on Thursday afternoon, February 19, at 3:30 o'clock. The speaker will be Mr. Leroy Price of Louisville, Ga., who will talk on "Soil Conservation."

Dr. Deal has served on the State Board of Medical Examiners for the past ten years, having been appointed shortly after entering the practice of medicine in Statesboro. This is the second time during the past five years that the state of Georgia has been represented by Dr. Deal at the "Federation of State Medical Boards of the United States."

Dr. Deal has been active during the past several years in medical affairs and medical education. He also represents the First Congressional District on the legislative committee for the Medical Association of Georgia.

Dr. Deal has been selected for his workshop conference in Chicago "Specialization in Medicine From the Standpoint of Internship, Residency, and Teaching Program."

## Editorials

### Absent at \$40 a day

We sort of felt that \$30 per day was pretty good pay for our representatives in the Georgia General Assembly, even with inflation with us.

Then when our representatives raised their pay to \$40 per day, while on an "economy hayride," we felt uneasy about the sincerity of their objectives.

Then when it was reported that on Friday of last week attendance in the House was so poor that Speaker George Smith had to lecture members on absenteeism we became concerned. Three times that day he tried to round up enough representatives for the 103-vote minimum required for enacting general bills. Ninety was the most he could muster.

It is only fair that our elected representatives should devote their full time to the business of state for which their constituents elected them.

So, it seems to us that those representatives who fail to attend legislative sessions are letting the people down. We have the right to expect them to be present when the House or Senate leadership schedules a normal business day.

And in the light of our paying them \$40 per day we have the perfect right to demand that they report for work every day of the session, except in instances which are legitimate reasons for being absent.

And in fairness to our Bulloch County representatives, though they were not present that Friday, they both have real and legitimate reasons for not being present. We add this to let our people know that our representatives are keenly aware of their responsibilities.

### A fine Homecoming

The people of Statesboro love a parade. And the parade put on by the students of Georgia Teachers College to celebrate their 1959 Homecoming was one to enjoy.

It takes a lot of time, effort, and ingenuity to make up floats pretty enough to put in a parade. And the ones in the parade last Saturday were deserving of praise.

And when beauty is added to a parade there is additional interest and the 1959 Homecoming parade had beauty to spare. "Miss GTC of 1959" was a "living doll" as one observer put it.

The annual Homecoming events at our college are something the community looks forward to as well as the "old grads."

And this year's Homecoming had something new. The announcement of the GTC Hall of Fame touched a responsive chord in the hearts of the sports fans. And to make the Homecoming weekend perfect the Professors defeated Jacksonville University 98 to 92 in a thriller which required four over-times to determine the winner.

It was a fine weekend for GTC and Statesboro.

### God's will

All Bulloch County joins Mr. and Mrs. Josh Smith in their grief at the death of their little daughter, Barbara June.

It was when Barbara June was only three years old that the citizens of Bulloch County opened their hearts and purses and raised

funds to help send her to Johns Hopkins for her first operation.

And when the word went out recently that another operation was necessary members of the Farm Bureau in Georgia helped underwrite the expenses of the operation and contributed blood. And the hearts she won included members of the Maryland Farm Bureau and members of the Coast Guard in Baltimore who also contributed blood for the little 12-year-old girl from Bulloch County.

But all the skill of the doctors, all the love manifested by her family and all the devotion of her wonderful friends were not enough.

There is left only the deep satisfaction that it was God's will of which there is no understanding by the finite minds of men.

### The cost of crime

This is National Crime Prevention Week. Does that mean anything to you? Or is it just another week?

It may be just another week but the facts revealed by Charles W. Brown, special agent in charge of the FBI's Savannah office make it a week to give us reason to shudder.

Nearly 2,800,000 major crimes were committed in the U. S. during 1957, and the 1958 figure not yet released, is expected to be even higher.

An average of 7,500 of these crimes — murders, manslaughter, robberies, burglaries, larcenies, assaults and auto thefts — were committed each day, or 320 each hour.

There was approximately one major crime for every 61 citizens. The 1957 total was more than twice the 1956 total of 1,685,000. In 1946 there was a major crime every 187 seconds. Ten years later there was one every 11.3 seconds.

The nation's crime bill for 1957 was \$20,000,000. The figure for 1958 will probably exceed \$22,000,000.

For every dollar given to churches, \$12 went to defray the expenses of maintaining courts, police forces, prisons and federal law enforcement agencies as well as to pay for damages and losses resulting from crimes.

For every dollar spent on education in 1957, \$1.29 went to cover the cost of lawlessness.

The average crime bill share per family was \$467.

And here's what should make us angry—the average share per person in the cost of crime was \$119—that means you and us.

Think National Crime Prevention Week means something?

It had better or our crime problem is going to get worse.

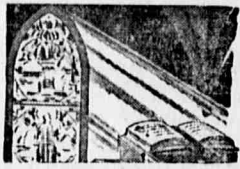

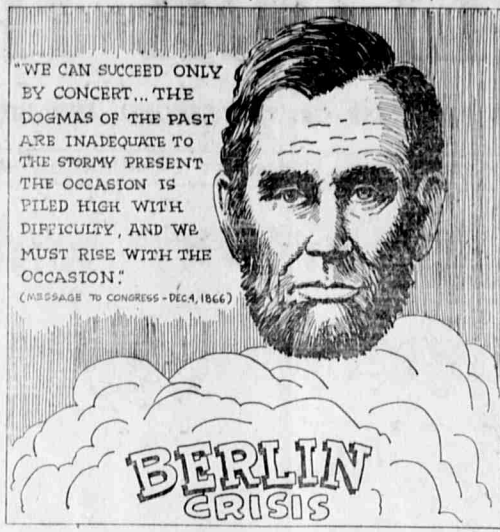

### Happy birthday!

This is the big week for Boy Scouts and Explorer Scouts, for it was forty-nine years ago that this great boy's organization was organized and came into being.

Statesboro Scouts, Cubs and Explorers are participating in the great celebration of their birthday. Events have been going on the first part of this week and will continue through this weekend.

We say "congratulations" to these boys on their birthday.

## LISTEN, IVAN ...

### This Week's Meditation

By The Rev. L. E. Houston Jr.

"YOU SHOULD NOT HAVE GROWN UP"

The hands of the clock told me it was 1:45 Sunday afternoon, so I regretfully removed myself from the bed. It was time to leave the house and go to the First Baptist Church for tabulation of the community religious census. My Sunday afternoon rest period had amounted to only twenty minutes, and I wasn't the happiest man alive.

AS I DRESSED, I attempted to console my elder daughter, who was squirming under the restriction of nap-time. I finally said to her: "Deborah, Daddy wishes he could stay in bed for a two-hour nap." Her rapid-fire answer was: "Daddy, you should never have grown up!"

To be perfectly honest, dear reader, the wisdom of children these days is downright disturbing. This is true, of course, because children have the uncanny insight and the forthrightness to see and describe a situation just as it is. Too often, adults have taught us the art of closing our eyes to truth.

CONSIDER this matter of growing up. There is much more involved in this process than mere physical development. With few exceptions, all of us arrive at physical maturity in a normal manner. However, in other areas of personality development, it is not quite so simple. When a person fails to develop in his emotional life, for instance, we call it emotional immaturity. It is this condition

that most often signals the failure of a person to grow up. A young bride sat in my study several years ago distressed with the fact that her handsome, happy-go-lucky husband had no conception of his responsibility as a provider. He purchased a new car every six months over her protest; he thought nothing of losing a hundred dollars in a poker game; he never distributed him that he was behind with the house rent. He had simply refused to grow up!

THE PROCESS of maturity is never an easy one. This is because a child or youth has been sheltered by parents from those things which their young minds could not comprehend. But, there comes a time, when childhood ideas and thinking have to give way to a more mature understanding of life and its purpose.

Immaturity, or the failure to grow up, is never more clearly seen than in the area of spiritual living. St. Paul recognized this when he wrote, in substance, to an early Christian church: "You are but babes in Christ... you must be fed on the milk of the word... you are not yet ready for the strong meat of the Gospel."

In this space-conscious age, experiencing also a social revolution, it is high time that we who profess to love God begin to mature so that we might be nourished on the Gospel of Christ, and thereby add the Christian leaven to the affairs of our needy world.

So completely did the lay leaders in our communities, interested in recreational growth, believe in the impossibility that any such action could be taken by the Legislature that many of them, vitally interested in the commission, failed to take any action to help save it.

Still unanswered is the question, Why? To say simply that the commission was abolished in the name of economy is not enough, I do not believe that any service being requested by communities all over this state and costing only \$56,000 could be abolished in the name of economy.

We have been told confidentially that a source in the Capitol placed the Commission through the bill which would have abolished it.

There is no excuse for printing press money and the one and only valid reason for deficit spending is the requirements of national defense. Otherwise the only sound and sensible fiscal policy for any country is to determine accurately and realistically what its income will be

## The Editor's Uneasy Chair

YOU CAN DREAM, can't you?

While observing the Georgia Teachers College Homecoming parade last Saturday afternoon we overheard two men talking. One was young-to-middle-aged. The other was middle-aged, that is, he was on the shady side of fifty. The beautiful float on which "Miss GTC for 1959" was riding was passing by.

The young to middle-aged man: "Boy, she's a living doll!"

The middle-aged man: "She sure is, and I was born thirty years too soon."

FASHION NOTE for the men: The next suit you buy may have a vest. We picked this little item out of the newspapers recently. It's been a long time since a vest was considered a part of your suit. Well, there was the Ivy League boys who wore fancy vests, but that was for color and not considered as part of their suit. But the trend is back to the vest made of the same material as the rest of the suit. That puts that old suit you own, with the vest, right back in style.

And while in this little business men's fashion, have you ever before seen men's nightshirts are coming back. And Barney Avertt proves that derbies are coming back. Now we're looking for the detachable collars, suspenders, spats and walking sticks to come back.

Baron has served on the Official Board almost his entire membership at Glenn and for a

mission staff nor any member of the commission was consulted as to the work being carried on.

Even to this very hour there is no member of the Senate Watchdog Committee who is willing to give any explanation as to why the commission was recommended for abolishment. The only explanation made to date has been the completely false statement made by Mr. William Trotter of LaGrange saying that the commission had spent fifty thousand dollars during its first three months of operation. The record of expenditures for the commission are on file in the State Auditor's office and show that the commission has actually spent less than \$18,000 during its first seven months of its existence.

MR. VANDIVER told me personally, in a conference held in his office, that this statement certainly should be corrected if such a statement was made. Mr. Trotter has made no comment even though in a personal letter to him I respectfully requested that he make the record clear.

Still unanswered is the question, Why? To say simply that the commission was abolished in the name of economy is not enough, I do not believe that any service being requested by communities all over this state and costing only \$56,000 could be abolished in the name of economy.

We have been told confidentially that a source in the Capitol placed the Commission through the bill which would have abolished it.

### MAGNOLIA GARDEN CLUB MEETS

The regular meeting of the Magnolia Garden Club was held on Thursday afternoon, February 5, at 3:30 p. m. at the home of Mrs. Huey McCormick on South Edgewood Avenue with Mrs. Bernon Gay as co-hostess.

The rooms were decorated with camellias and flowering quince. A beautiful arrangement of red camellias in a silver bowl in a valentine motif done by Mrs. Gay made a lovely centerpiece for the dining table.

Mrs. Lamar Hotchkiss, president, conducted a short business meeting. Mrs. J. D. Allen read the club prayer. Mrs. Pete Tankersley, chairman of the nominating committee presented the slate of officers for the ensuing club year.

These submitted and duly selected were: president, Mrs. W. H. Woodcock; vice president, Mrs. H. T. Hotchkiss; recording secretary, Mrs. Bernon Gay; corresponding secretary, Mrs. Foy Wilson; treasurer, Mrs. Hoke Tyson; program, Mrs. Albert Ellis and Mrs. Bernon Gay; membership, Mrs. Pete Tankersley; project chairmen, Mrs. Hugh Turner and Mrs. Kermit Carr; scrap book, Mrs. Huey McCormick.

Mrs. Carl Boyd was welcomed as a new member of the club. Plans were made for the regular March meeting which will be a covered dish luncheon at the home of Mrs. Lonnie Young. Installation ceremonies of the new officers will highlight the program.

Representatives from the Magnolia Garden Club will attend the Executive Board meeting of the Southeast Georgia Associated Garden Clubs of Glenview, Ga., February 25.

Mrs. Norman Campbell, chairman for the Spring Flower Show, assigned each member specific duties for the show.

The guests were served chicken salad, crackers, brownies and coffee.

### After refreshments, Mrs. Lorie Young, program chairman, introduced, Mrs. Gertrude Gear, Bulloch Home Demonstration agent, who gave a very interesting demonstration on how to make pictures, using artificial fruits and flowers. Mrs. Gear was presented a matching set of pearls; the necklace and matching ear bobs.

Others present were Mrs. John Meyers, Mrs. Lawson Mitchell, and Mrs. Strick Holloway.

Lane E. Irvin, son-in-law of Mrs. B. H. Ramsey Sr., who is one of the supervisors of the PDB-Camp Division of Atlanta, came down Friday night and brought two of his associates and hunted on the farms of Mrs. Ramsey, Mrs. Carl Lanier and John Crowley. They had breakfast and supper with Mrs. Ramsey and returned to Atlanta Saturday night.

### Emphasis was placed on March as Garden Center month. It was announced that the work shop has been called off due to the illness of Bill Landrum, Florist of Miller, who was to have been the instructor.

The state officers selected for the new club year was announced and accepted. They will be installed at the next meeting.

Myrtle

Be cool and chic in this no-iron delight!

Myrtle's contribution to the summer fashion scene... our bare-arm sheath coördress impeccably tailored of Dan River's little or no-iron woven cotton enriched with luxurious tufts. And like every Myrtle, this chambray will, without costly alterations, choose from cool summer hues, in sizes 12½ to 22½, and 10 to 20.

Others present were Mrs. John Meyers, Mrs. Lawson Mitchell, and Mrs. Strick Holloway.

Lane E. Irvin, son-in-law of Mrs. B. H. Ramsey Sr., who is one of the supervisors of the PDB-Camp Division of Atlanta, came down Friday night and brought two of his associates and hunted on the farms of Mrs. Ramsey, Mrs. Carl Lanier and John Crowley. They had breakfast and supper with Mrs. Ramsey and returned to Atlanta Saturday night.

Emphasis was placed on March as Garden Center month. It was announced that the work shop has been called off due to the illness of Bill Landrum, Florist of Miller, who was to have been the instructor.

The state officers selected for the new club year was announced and accepted. They will be installed at the next meeting.

Swine growers who enter pigs in spring test contact Dr. McCormick

By ROY POWELL County Agent

### SWINE TESTING

Attention all swine growers: Those of you who wish to enter pigs in the Spring test at the Georgia Swine Testing Station, Coastal Plain Experiment Station, Tifton, should contact Dr. W. C. McCormick at the station for nomination forms immediately. Remember that nominations must be made within 10 days following farrowing.

Certain changes in the rules and regulations of the Swine Testing Station have been made.

Members of the Georgia Balcock and Cotton Club for 1958, held their annual banquet, Tuesday night, January 28, at the Mattie Lively School Cafeteria, 150 club members, parsonage leaders and friends attended this banquet, which was sponsored by the Bulloch County Home Demonstration Council.

The breakdown on production cost per acre was as follows: Land preparation, planting, weeding, hoeing and cultivation, \$22.00; Fertilizer, 88 pounds N, at 6 cents, 88 pounds P, at 6 cents, 111 pounds K, at 6 cents, per pound, \$24.72; poison, 10 seven-pound applications at 10 cents per pound, \$15.00; picking, 2,280 pounds at \$2.00 per pound, \$45.60; seed cotton, \$80.66; Ginning, \$1.74 bales at \$12.00 per bale, \$20.88; land rent, \$20.00, and interest on operating capital and miscellaneous costs, \$8.00.

The 221 farms reporting on a total of 5,102.8 acres of cotton had an average net profit per acre of \$158.43 from sales of both lint and seed. The average gross return was \$359.69 per acre at an average total cost per pound of lint was 20.8 per pound.

The 221 members of the Balcock and Cotton Club had an average lint yield of 870 pounds per acre. They used an average of 85 pounds nitrogen, 88 pounds of phosphorus and 111 pounds of potash. Ten applications of nitrogen were made.

When proper fertilized. It is good to take soil samples in fall or winter to determine lime and fertilizer needs. If you are in a good time to apply it in the spring and winter.

Soil sources of sprigs should be determined so that time will be saved next spring. One of the best ways to have good planting stock is to establish a small nursery on the farm.

Coastal Bermuda does best when planted on well prepared soil in spring because moisture conditions are more favorable than in the fall. Prepare the land and wait for a rain. Plant immediately when the ground is very moist.

Planting in rows and cultivating to control crabgrass and weeds is best. Sprigs should be spaced no further apart than the feet in the row. One of the best ways to get the sprigs at the desired intervals and push them in the soil with a stick in the same manner as planting sweet potatoes. Another method is to drop the sprigs in a shallow furrow, cover and firm by rolling. There are a number of mechanical planters on the market that are being used with success when properly operated.

On soils low in fertility, apply 400 to 500 pounds of 4-12-12 in the row prior to planting. On good land it may be best to wait until the runners are meeting in the middle before applying any fertilizer.

When runners have made about six inches of growth, apply 300 pounds of nitrogen per acre as a top dressing close to the plants.

General fertilizer recommendations for Coastal Bermuda are 500 pounds of 5-10-15 or 4-12-12 and 100 to 200 pounds of nitrogen per acre each year. This practice will make for high production at economical costs.

## What shape is your land?

By E. T. MULLIS

Mr. Farmer, Mr. Landowner—in making your inventory at this season of the year what about the condition of your land? Do you have a Soil and Capability map of your farm? Are you putting all of your land to its best use? Are your fields becoming more productive to resist erosion from the rains, winds, and storms that are sure to come? Are you getting the most out of your woodland? What pasture grasses are best adapted to your different soils? Does any of your land need drainage for increased production? Do you have a suitable site for a farm pond?

The director pointed out that self-employed farmers may figure their earnings for social security in several ways.

1. If your gross income from agricultural self-employment is not more than \$1,800, you may count as your net farm earnings either your actual net or two-thirds of your farm gross income.

2. If your gross farm income is more than \$1,800, and your net farm earnings are \$1,200 or more, you must use the actual amount of your net earnings.

The director added that use of the option enables farmers with gross income as low as \$600 to obtain social security protection for themselves in their old age and for their survivors in case of death. However, he emphasized that regardless of the way in

### Farmers have alternate way to figure SS

Self-employed farmers may use an alternate method for figuring their earnings from their farm J. W. Overstreet, Jr., district manager of the local Social Security Administration office, and the District Director of Internal Revenue, reminded farm operators today.

The director pointed out that self-employed farmers may figure their earnings for social security in several ways.

1. If your gross income from agricultural self-employment is not more than \$1,800, you may count as your net farm earnings either your actual net or two-thirds of your farm gross income.

2. If your gross farm income is more than \$1,800, and your net farm earnings are \$1,200 or more, you must use the actual amount of your net earnings.

The director added that use of the option enables farmers with gross income as low as \$600 to obtain social security protection for themselves in their old age and for their survivors in case of death. However, he emphasized that regardless of the way in
