Take it from the experts CHEVY GIVES YOU 7 BIG BESTS!

Take it, not from us, but from the published opinions of outside, independent experts and from on-the-record facts and figures: Chevrolet gives you these 7 big bests over any other car in its field!

BEST ENGINE

Every motor magazine has given Chevy's standard and Corvette V-8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

BEST ECONOMY

No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car.

BEST STYLE

POPULAR SCIENCE magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in styling... It's the only car of the leading low-priced three that's unmistakably '59 in every modern line."

BEST ROOM

Official dimensions reported to A.M.A. make this clear. For example, Chevy front seat hip room is up to 6.7 inches wider than competitive cars.

BEST RIDE

You'll be able to tell this yourself, instantly. But MOTOR TREND magazine expresses it this way: "... the smoothest, most quiet, softest riding car in its price class."

BEST TRADE-IN

Check the figures in any official N.A.D.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

Visit your local authorized Chevrolet dealer and see how much more Chevy has to offer!

Last Friday during Honors Day ceremonies at Statesboro High School, it was announced that Fred Shearouse, son of Mr. and Mrs. F. I. Shearouse, 404 College Blvd., was this year's winner of Rockwell's annual scroll saw award. From projects submitted from Statesboro, Southeast, and Marvin Pittman High Schools, Fred's hi-fi phonograph was judged best of the competition. This phonograph which was on display at the old Fair Store week before last was of modern design in cherry with walnut stain. Approximately thirty-two inches tall with swinging doors over the mechanism and record compartment, it featured a pull out turn-table for easy access. The amplifier was assembled by Fred from a do-it-yourself kit with a minimum of work the phonograph was converted to a stereophonic sound system. The overall appearance was enhanced by a mirror-like polish.

This makes the third year that students of Mr. Albert Murray at Statesboro High School have won the Rockwell Industrial Arts Award. First awarded in 1957 to Marlin Turner, son of Mrs. Alice O. Turner, it was received by James Webb, son of Mr. and Mrs. W. E. Webb in 1958. The award was created to stimulate interest in the industrial arts program within the county schools.

GRADUATES OF STATESBORO HIGH SCHOOL CLASS OF 1939 HOLD REUNION

For many weeks prior to commencement exercises of the Statesboro High School, graduates of twenty years ago were deep in plans for a reunion. They met on several occasions and contacted classmates who were widely scattered, in California, Arizona, and Hawaii.

In 1939 the senior class had dwindled to forty-eight students. Twenty years ago, the theme of the Junior-Senior Banquet was "Transportation." This same theme was used Saturday night, May 23rd at the American Legion Home.

The speaker's table was centered with a well rigged sailboat, the same boat used twenty years before.

Capt. Janice Arundel boarded a plane in Honolulu and landed at the airport in Savannah just two days later, where she was met by her parents, Dr. and Mrs. Hugh Arundel.

Janice is in the Army Medical Specialist and is stationed at Tripler Hospital. Her visit to Statesboro at this time coincided with the twentieth anniversary of her graduating class of Statesboro High School.

With this in mind, Janice brought hundreds of Vanda orchids which were used liberally in the decorations at their banquet, with corsages for the girls.

Dight Olliff, president of the class, gave the welcome address. He called the roll. Mr. Sherman received special recognition.

The Critter had been dedicated to him in 1939 and in this year 1959, the Critter again honored him by dedicating the volume to him. Mr. Sherman responded with a fitting tribute to the contribution this class is making as citizens.

Movies of "Kids Day, 1939" were shown as well as some classroom scenes. A prize for coming the long distance was won by Capt. Janice Arundel of Hawaii.

Carlton Clem (Mary Elizabeth Scott), Rex, Georgia, was the winner for having the most children, five. Dell Pearson, Hinesville, won the prize for having the youngest baby. She was eight days old. Mrs. Ben Moorey (Louise Lamplay), Valdosta, Georgia, received recognition for being the only grandmother.

Other members present were: David Barnes, Statesboro; Mrs. Phil Hamilton (Margaret Brown), Savannah; Mrs. William F.
