Camellia show is set at Rec Center Dec. 5

Center Dec. 5

Announcement is made this week that the Mr. and Mrs. Garden Club will hold its second annual fall Camellia Show on Saturday, December 5, at the Fair Road Recreation Center in Statesboro.

The show, according to the sponsors "will be held with the cooperation of the weather and the American Society."

The show will be open to the public from 3 to 9 p.m.

The show theme is "Know, Grow and Show Camellias." All camellia growers in this section are invited to enter their camellias in the show.

The Georgia Teachers College Professors will open their home basketball season next Wednesday, Dec. 2 against the University of Georgia. Gametime is 8 p.m.

Season tickets for the 12-game home schedule are now on sale at the college athletic office for \$15.00. Reserved single game tickets for adults cost \$1.50 and students tickets are priced at \$1.00.

A preliminary game at 6:30 p.m. will match Armstrong College against the GTC "B" team, coached by Roger Parsons.

The Profs return 10 squad members from last year's club that won 19 and lost 12, and reached the third round of the national N. A. I. A. tournament at Kansas City.

Coach J. B. Seacore Jr. is beginning his 13th year as director of GTC basketball fortunes. In that time his teams have won 231 and lost only 92. Additional bleachers, with a capacity of 750, have been added to the GTC gymnasium. The building, completed in 1955 will now seat 2700 for basketball.

Bloodmobile to be here on November 30

The Red Cross Bloodmobile will be in Statesboro on November 30, 1959 at the Recreation Center on Fair Road. The hours will be from 1:00 to 6:00.

This will be the last visit of the Bloodmobile for the year. Mr. Barney Averitt, general chairman of the Bulloch County Red Cross, states that this will be the last opportunity the people of Bulloch County will have to give a pint of blood for this year. "On this visit, we can give a Christmas gift of life to a loved one or a needy citizen," he said. "Anyone whose enrollment card is more than six months old, or anyone who has pledged to give a pint of blood for any reason should make effort to visit the Bloodmobile on next Monday, he added.

"Bulloch County has done a good job during this year in meeting its quotas and needs for blood at this time. The South Atlantic Blood Center is very low on stores of all types of blood. It is from this Center that our needs are met and have been met even at times when Bulloch County did not meet its requirements," Mr. Averitt pointed out.

The Bulloch County Chapter of the Red Cross is counting on a very large response when the Bloodmobile visits Statesboro on Monday, November 30, 1959. The quota for this Holiday Season visit is 125 pints of whole blood.

The votes cast in each militia district was as follows:

The Sinkhole, 44th, 139; Regatta, 45th, 143; Lockhart, 46th, 147; Briar Patch, 47th, 151; Hagin, 48th, 155; Statesboro, 129th, 2,858; Bay, 134th, 147; Brooklet, 135th, 146; Emt, 154th, 110; Blitch, 157th, 150; Portal, 171th, 391; Nevils, 180th, 174.

Richard Medina caught a pass from Wayne Howard and ran it 30 yards for the first touchdown. Then later in the game Jimmy Wiggins scored from 35 yards out to put the Statesboro Varsity team ahead 13-7. However, the Varsity was unable to keep the fired-up Sylvania team from scoring in the second half of the game and the game ended with Statesboro on the short end of a 14-12 game.

Little Ronnie Street was again the leading defender as he made 21 tackles during the night. Street had averaged 13 tackles per game for the nine games that have been played.

Wayne Jackson and Ted Cleary were also strong defenders.

Thursday night November 26, is the big night for all football fans. This is the Second Annual Tobacco Bowl Game which pits Statesboro against Swainsboro. Gametime is set at 7:30 P. M. in Memorial Park Stadium.

Mr. Nath H. Foss owner of the Skat-R-Bowl announced that he will open the Skat-R-Bowl for skating on Friday night of this week. He stated that it will be open on Friday nights and Saturday afternoons.

Mr. Josh Lanier, president of the Statesboro Merchants Association, announced that the train will make three trips from Statesboro to Dover that day. The first will run at 11 a.m., the second at 1 p.m. and the third at 3 p.m.

The Santa Claus Special is being run by the Central of Georgia Railway Company. Santa will arrive at Dover and will be met there and ride into Statesboro with the children and their parents.

Mr. Lanier stated that the County School Board is cooperating with the Merchants Association and will arrange to have the school buses to bring the county school children to the Central of Georgia station in Statesboro in time to catch the 1 p.m. train. The buses will wait for the train to return from Dover and will take them back to school. The teachers will accompany them on the trip.

Pre-school children and adults will take the 11 a.m. train. Buses from the Sallie Zetrower School, the Mattie Livey School and the Marvin Pittman School will bring the children from these schools for the train which will run at 3 p.m.

Mr. Lanier stated that the tickets will be colored blue, green and red. The blue tickets will be for the 11 a.m. train, the green tickets for the 1 p.m. train and the red tickets for the 3 p.m. train. Parents will specify which train they will ride or send their children. Tickets may be purchased now at the Chamber of Commerce office on North Main Street, next to the Franklin Lane-Recall Drug Store. They are 35c for children and 50c adults.

Last year more than 1,100 children and adults rode the Santa Claus Special.

COLEMAN BLUMFIELD, one of the brightest young stars in America's pianistic horizon will appear at the Georgia Teachers College McCroan Auditorium on Monday evening, November 30 at 8 o'clock. He comes to Statesboro as the first of the concert series of the Statesboro Community Concert Association. Admission is by membership cards only.

A runover vote to decide the chairmanship of the Bulloch County Commissioners will not be held on December 2 because Allen R. Lanier withdrew his candidacy leaving Edgar Wynn the incumbent, the winner.

When the final vote count was in on November 18, the day of the Bulloch County primary Mr. Wynn had 2,382 votes, Mr. Lanier had 1,962, and the third candidate, Henry J. Ellis, 536. Because the Democratic Executive Committee had ruled that a runover would be held in the event no candidate received a majority of the votes, it seemed that a runover in this race would be necessary. But Mr. Lanier in a statement on last week-end, announced that he would withdraw from the race.

In the other races Francis Allen was elected judge of the City Court of Statesboro, receiving 2,552 votes for Robert S. Lanier 2,342, W. G. Neville Sr., was elected solicitor of the City Court with 2,894 votes with Robert D. Usery receiving 2,173 votes.

J. Rufus Anderson was elected clerk of the Bulloch Superior Court with 2,467 votes to 1,711 for Joe Olliff Atkins and 621 for Austin D. Rigdon.

Homer McElveen retained his position on the county board of commissioners with 3,091 votes to 1,646 for V. L. Mitchell.

Returned to office unopposed were Superintendent of Schools P. Womack, Commissioner John Paul Ellis, Tax Commissioner Winfield Lee, Sheriff Harold Howell, Ordinary R. P. Mitchell, and Coroner Ed L. Martin.

The votes cast in each militia district was as follows:

The Sinkhole, 44th, 139; Regatta, 45th, 143; Lockhart, 46th, 147; Briar Patch, 47th, 151; Hagin, 48th, 155; Statesboro, 129th, 2,858; Bay, 134th, 147; Brooklet, 135th, 146; Emt, 154th, 110; Blitch, 157th, 150; Portal, 171th, 391; Nevils, 180th, 174.

First Presidential Thanksgiving Proclamation

Today is Thanksgiving Day, 1959.

Let us observe Thanksgiving more as a holiday than as a day on which to give thanks to God for our blessings we believe it will serve a good purpose to be reminded of the true meaning of the observance by reading the First Presidential Thanksgiving Proclamation by George Washington, President of the United States, in 1789.

That first proclamation reads: WHEREAS, It is the duty of all Nations to acknowledge the Providence of Almighty God, to obey his Will, to be grateful for his Benefits, and humbly to implore his Protection and Favour: And WHEREAS both houses of Congress have, by their joint Committee, requested me "To recommend to the People of the UNITED STATES, a Day of PUBLIC THANKSGIVING and PRAYER, to be observed by acknowledging with grateful Hearts the many Signal Favours of Almighty God, especially by affording them an opportunity peaceably to establish a Form of Government for their safety and Happiness."

THEREFORE, I do recommend and assign THURSDAY the Twenty-Sixth Day of November next, to be devoted by the People of the United States to the Service of that great and glorious Being, who is the beneficent Author of all the good that was, that is, or that will be: That we may then unite in rendering unto Him our sincere and humble thanks for His kind Care and Protection of the People of this Country previous to their becoming a Nation; — for the signal and manifold Mercies, and the favourable Interpositions of His Providence in the Course & Conclusion of the late

War;—for the great Degree of Tranquillity, Union, and Plenty, which we have since enjoyed;—for the peaceable and rational Manner in which we have been enabled to establish Constitutions of Government for our Safety and Happiness, and particularly the national one now lately instituted;—for the civil and religious Liberty with which we are blessed, and the means we have of acquiring and diffusing useful knowledge;—and in general, for all the great and various Favours which He hath been pleased to confer upon us.

AND ALSO, that we may then unite in most humbly offering our Prayers and supplications to the great Lord and Ruler of Nations, and beseech Him to pardon our National and other Transgressions;—to enable us all, whether in public or private Stations, to perform our several and relative Duties properly and punctually;—to render our National Government a Blessing to all the people, by constantly being a government of wise, just and Constitutional Laws, directly and faithfully obeyed;—to protect and guide all Sovereigns and nations, (especially unto us) and to bless them with good Government, Peace and Concord;—to promote the knowledge and Practice of true Religion and virtue, and the increase of Science among them and us;—and generally to grant unto all mankind such a Degree of temporal Prosperity as He alone knows to be best.

Given under my Hand at the City of New York, the third day of October, in the Year of our Lord, One Thousand Seven Hundred and Eighty-Nine.

G. WASHINGTON.

Mr. Broucek, Mr. Hooley give fine performance

One of the fine events in our community was on Wednesday night of last week. An event to which many in Statesboro and Bulloch County look forward with eagerness and anticipation. And this year when Jack Broucek and Dan Hooley presented, for the seventh year, a program of duo-piano music their listeners were not disappointed.

Performing with a musicianship which is a high compliment to Georgia Teachers College, these two artists delighted the audience with a program to satisfy the

most fastidious concert critic. They played music which displayed brilliantly their superb technique. They played music which uncovered a warmth of feeling and understanding for their audience. And they played it with assurance of what the composers meant to say through their music.

Their annual performance is for the delight and enjoyment of the people their college serves. It was for free and we hope that our community realizes their wonderful contribution to the cultural sides of our living here.

Augustans appreciate their "Country Cousins"

The Augusta Herald assures Augustans' rural neighbors that Augustans in general appreciate the part they play in the growth and development of that fine city on the Savannah River.

That newspaper assures us in an editorial on Wednesday, November 10, that Augusta is fully aware of the bonds of interdependence between the rural and urban sections of the state. (See the editorial reprinted in the Editor's Uneasy Chair on this page.)

It is heartening to us communities like Statesboro who are not yet cities and whose economy is dependent upon things rural to have such assurance from leaders in cities like Augusta.

It gives us hope that the state politicians will take a second look

at their tendency to play the city against the rural community to further their personal ambitions. A complete understanding and realization of how utterly dependent each is on the other would result in real meaning to rural-urban relations.

For one to blame its problems on the other will only compound these problems.

After all, Georgia is not that big that we are not neighbors to all in it. And neighbors have responsibilities to each other.

THANKFUL THANKSGIVING

This Week's Meditation

Lawrence E. Houston, Jr.

On the subject of Thanksgiving, Will Rogers had this to say: "In the days of its founders people were willing to give thanks for mighty little, for mighty little was all they expected. But now, neither government or nature can give enough, but what we think it is too little."

MORE THAN THE PASSING OF THE YEARS separates us from our Pilgrim fathers. You see, they had something to be thankful for. In search for freedom, they had boarded a little ship called "Mayflower" with a capacity of only one hundred and twenty tons. It took them two months to cross the ocean over uncharted seas. We cross the seas to or from palatial ocean liners or on the fleet wings of trans-oceanic jets.

You see, they were thankful for the Mayflower. We are thankful for the airplane. We are thankful for the ship. We are thankful for the jet. We are thankful for the car. We are thankful for the house. We are thankful for the food. We are thankful for the family. We are thankful for the friends. We are thankful for the future. We are thankful for the past. We are thankful for the present. We are thankful for the Lord.

READ IN ANY NUMBER of different versions the story of the first Thanksgiving and then contrast it with Thanksgiving Day, 1959. This is the month of frost on the pumpkin, of football finals, feasting, and homecomings. Not many of us would argue that we have kept the simple meaning of Thanksgiving. Consider these three suggestions for re-capturing the significance of this holy-day season. First, recognize your dependence upon God. We are told that Abraham Lincoln revised his in-

most fastidious concert critic. They played music which displayed brilliantly their superb technique. They played music which uncovered a warmth of feeling and understanding for their audience. And they played it with assurance of what the composers meant to say through their music.

Their annual performance is for the delight and enjoyment of the people their college serves. It was for free and we hope that our community realizes their wonderful contribution to the cultural sides of our living here.

Story of American Thanksgiving is worth repeating this year of 1959

BY ROBERTA HALPERN
Editor GTC George-Anne

Each year as the pages of the calendar turn to the month of November, schools throughout the nation are decorating their classrooms with scenes of the first Thanksgiving. This distinctive American holiday has a story worth repeating.

The 102 Pilgrims that landed in the Mayflower on Plymouth Rock in 1620, came from a land of religious persecution. Arriving at the onset of Winter, almost half of the small company perished during that first season. The survivors making friends with neighboring Indians, were taught how to plant corn and use fish for fertilizing the soil. Planting barley and peas in addition to the corn, a plentiful harvest was reaped. They had built firm homes and adapting to their new environment, they faced the future with lighter hearts. There was great rejoicing in the colony and Governor Bradford proclaimed a day of Thanksgiving.

Four men were sent on a search of game and because they returned with a majority of turkeys, these fowl are associated as a necessary feature of the holiday. The festival lasting almost a week shared its activities with the neighboring friendly Indians.

In 1789, President Washington issued a proclamation to honor the constitution, assigning Thursday, November 26, "as a day of general thanksgiving for the establishment of a form of government that would make for safety and happiness."

For a short time the holiday was observed on the designated date, but soon the states were celebrating the day at different times. In 1864, President Lincoln issued the second presiden-

tial proclamation making the fourth Thursday in November a day of thanksgiving. Mrs. Sarah Josepha Hale, as editor of Godey's Lady's Book, wrote many editorials over a twenty year period in support of the plan, and the adoption of a uniform date for the observance of Thanksgiving was largely due to her efforts.

Today more than three hundred years after the historic Pilgrim landing, America is called the land of plenty. From the original thirteen colonies of the seventeenth century, we have grown into a recognized world power. Thanksgiving Day, although too often associated today with only family reunions and football games, tends to remind us to count our blessings and give thanks.

Julia Boynton Green reveals the hard secret for giving thanks in her following sonnet entitled, "Summons To Offer."

Never too often can our lips recite
The sweet recurrent blessings of our days
No rigid calendar should fix
The date of our thanksgiving.
Rather the whole round planet should unite
In glad diurnal peans; just the light
The punctual sun-might fill us with amazement
The night's dark splendor; the child's lovely way
June's fragrant charm. These offer us no trite,
No outward pageant nor does summer rain
In silver baptism, nor the scarlet stain
Illuminating Autumn's royal trail
With transient glory, nor the diamond mail
Frost-forged for winter trees. Praise asks no date,
It mounts unsummoned, warm, alive, elate.

NINE LESSONS IN LIVING—We borrow the following from the Good Samaritan, published by the Bethany Home in Vidalia, Ga.

Learn to laugh—A laugh is better than medicine.
Learn to tell a story. A well told story is like a sunbeam in a sick room.
Learn to say kind things. Nobody ever resents them.
Learn to avoid nasty remarks. They give neither the hearer nor the speaker any lasting satisfaction.
Learn to stop grumbling. If you can't see any good in the world, keep the bad to yourself. Learn to be claimed by a smile. Nobody is interested any way.
Learn to keep troubles to yourself. Nobody wants to take them from you.
Above all, learn to smile. It pays.

"LET'S NOT FORGET OUR COUNTRY COUSINS" The Bulloch Herald is wondering how many citizens of Augusta, Atlanta, Savannah, Columbus and other Georgia towns will take time out to think of their country cousins during the November 26-28 period which has been proclaimed by President Eisenhower as National Farm-City Week.

More sort of wondering, too. Most certainly, we feel, it is not an occasion that should be shrugged off as are so many other "special weeks" which, as everyone knows, have become so numerous—and at time so silly-sounding—that the people are inclined to ignore them.

The Statesboro editor also wonders whether the Chambers of Commerce of the larger cities will take time out to let such organizations in rural communities know that they appreciate the fact that Georgia is still a rural state and that they are thankful for the part rural areas play in the progress and development of the state as a whole.

That is something else we don't know. But The Herald wishes it were. For the rural neighbors that Augustans

are so thankful for, they are thankful for the privilege of being of service to Thee. Earnestly we pray for Thy guidance in all that we undertake to do and beg of Thee the strength and the determination which we shall need to live for Thee.

How grateful we are Dear God for our loved ones, our country. How thankful we are for good health, for happiness, for friends—who also place their faith in Thee.

With bowed head, on bended knees we thank Thee, Our Father, realizing but too, Thou Goodness we are as nothing.

Honestly, earnestly we send our love to Thee. In the Name of Your Beloved Son, We pray, Amen.

Those of us who come to Thanksgiving Day well and happy truly have very much for which to be thankful. Most of us have the feeling in our hearts that this should be a time of prayer and each in his own way attempts to talk with his Lord.

Some of the thoughts which have come to my mind while thinking of my Thanksgiving Prayer have given me a feeling of peace and understanding. This is my Thanksgiving Prayer and I hope you will share it with me.

OH, GRACIOUS, ETERNAL GOD, Eternal in all things. Eternal in understanding and in forgiving. Eternal in patience and in kindness, humbly I raise my heart, my hopes and my prayer to Thee.

How grateful we are Our Father, realizing but too, Thou Goodness we are as nothing.

Blue Devils upset Washington County Golden Hawkes 27 to 13

By LINDA CASON
Before 2,000 fans, the Blue Devils of Statesboro High School upset the Washington County Golden Hawkes, 27-13, Friday evening, November 13, in Statesboro. The win put Statesboro in second place and ended the season with a 6-3-1 record.

Washington County tallied the first score on a 64-yard drive. Cohen Archer scored from four yards out.

Statesboro then moved the ball to the 45-yard line in four plays. On the next play Wendell McGlamery, senior halfback, broke through the secondary for 45 yards and a touchdown. Jimmy Scarse booted the extra point and the Blue Devils led 7-0.

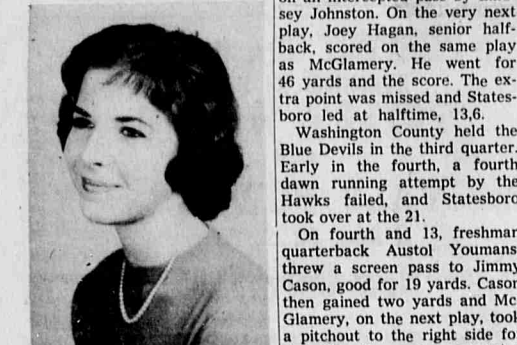

We have had a successful football season - rising a little higher toward success with each successive game-no accidents in the season leave us saddened. The weather, generally speaking, has been the wonderful autumn for which our Southland is famous and our attendance has been excellent.

We watch the repairs going on in our gymnasium, where in the near future our basketball team will be going into a new arena. We most sincerely hope that you as a Statesboro student will do every thing in your power to uphold the good name of our school and the standards for which we stand. Remember anything you do brings either glory or grief to us. What you do as a young citizen of our school will be a part of the record that will go with your name and the name of your school for years to come.

On fourth and 13, freshman quarterback Austel Youmans, threw a screen pass to Jimmy Cason, good for 19 yards. Cason then gained two yards and McGlamery, on the next play, took a pitchout to the right side for the TD. Scarse's conversion was good and Statesboro led 20-6.

Future Teachers meet to talk about teaching

By WANDA CONNER
The Statesboro Future Teachers of America opened their monthly meeting Tuesday afternoon, November 10, with a panel discussion on the teaching profession.

The panel was headed by Martha Faye Hodges, Vice-President. The panel consisted of Mr. Robert Vaughn, Mrs. Joyce Clark, Mrs. Jackie Barfield and Mr. James Johnston, all student teachers at Statesboro High.

Some of the questions asked by the members were: Why they chose to enter the teaching profession. Why they selected Georgia Teachers College. Had they enjoyed student teaching at Statesboro High, and how has it helped them in preparing for the teaching profession.

The contestants were judged according to organization of material, refutation, and delivery. Danny Bray, Mable Tankersley, Johnny Johnston, and Cheryl Welch were the winning debaters with Patricia Griner, Joyce Clark, and Don Lanier as alternates.

Mr. Sharpe's message to the SHS students

Thanksgiving is here with its reminders of those things that we have that might be picked from a fabulous array of blessings such as no other country on earth possesses.

We have had a successful football season - rising a little higher toward success with each successive game-no accidents in the season leave us saddened. The weather, generally speaking, has been the wonderful autumn for which our Southland is famous and our attendance has been excellent.

in nine games.

Youmans hit for five of eight passes, while Washington County completed two out of 14. Hagan gained 127 yards in 15 tries and McGlamery carried 10 times for 89 yards.

Etheridge was offensive and defensive standouts for the point to make the score 27-6.

With eight minutes to go, the Hawks scored on a 33-yard drive. The score came on a 31-yard pass to fullback, Ray Etheridge from Frank Garbutt. Wendell Andrews added the point and the score was 27-13.

Statesboro's senior halfbacks, Joey Hagan and Wendell McGlamery scored two touchdowns each to turn the Hawk defense, that had given up only 20 points

Hi-Owl Editorials That Note I Wrote You!

There's something kind of extra special about a secret-a confidence-and just about everyone feels to some degree this same way about a secret.

It wouldn't hurt to take a look at what could happen to that extra special secret it it happened to be a written one.

A written letter or note becomes a record-permanent and undeniable-and can be extremely distressing when it accidentally turns up long after it has been forgotten by its writer.

Boys and girls have a way of showing notes to others; and one has no way of knowing who he can trust and who he can't. The thing to do it "play safe" and don't write notes-nots that could ever be harmful or embarrassing to anyone.

Sometimes one is not discreet. He releases his feeling on paper meant only for the recipient; but one can't depend on a "burn this" or "tear up" order. This tends to make the letter of greater importance-and one to keep!

Notes can be carelessly stuffed into a pocket and forgotten. The note was perhaps harmless in your hands, but not necessarily when it got into the hands of someone else.

One should never write anything on paper that he would not, in the last analysis, broadcast. "The written word is eternal."

This-I think-is worth a little thought!

Thanksgiving Everyday

By MARJORIE PARKER
A little over three hundred and fifty years ago our forefathers landed in this great America.

These hardy ancestors stepped onto the cold forbidding coast of what is now Massachusetts-and then and there knelt reverently thanked God for their safe passage and landing.

These facts are not new, but they are the enduring reminders to you and me that we are forgetful-even ungrateful so very often for the uncounted blessings that come to us daily.

People seem to go through life with little recognition of their millions of blessings in their daily environment.

We have the blessing of freedom-of religion, in speech, and of freedom from fear. This is a statement almost common place, but if one will read the great dates that inform us about the people of other countries and their pathetically hard lives-if one will look at television and see the unbelievable paths of millions of our fellow human beings I really believe that all of us would be more thankful than we are.

Please let me suggest that those of us in our beautiful and peaceful city stop on Thanksgiving Day for very special thanks for all we have of the good life.

Let us resolve that Thanksgiving here in our land shall never be a forgotten season-that the holiday itself should be revered as sacred in the coming centuries and that American tradition shall make it a day to renew national gratitude in prayers of Thanksgiving in our free and beautiful churches in this free and beautiful land of ours.

Jerry Hagins crowned 'Mr. Ugly' presented to subjects by Miss GTC

"Hip hip hooray for Mr. Ugly!" form of a huge envelope, two feet long, carried by Ross Kelly and Harry Kirkland dressed as little Blue Devils.

Before opening the envelope, Billy introduced Miss Sibbie Hogan, Miss GTC of 1959, who received an enthusiastic welcome from the student body.

The envelope was then opened, and after a few seconds of deliberation, Miss Hogan took the crown and slowly walked in front of each candidate. When she finally placed the crown upon Jerry's head, the applause was tremendous. Jerry was then handed a huge bouquet of roses and received a kiss from the Augusta beauty.

As the band, which was assembled on the stage, stuck up "Hip hip hooray for Mr. Ugly," the cheerleaders led the audience in singing it in Jerry's honor. "Fifteen rabs for Jerry," the cheerleaders advised, "Miss GTC, and a 'court' of the other candidates, paraded up one aisle and down the other to take a seat of honor on the first row. The Statesboro Blue Devil Band, under the direction of Dale Jensen, then played several selections, including "Dixie," "Are you a Devil?" and "Peter Gunn," a great favorite of the students.

Rep. Preston concerned with way Social Security applies to farmers

STATESBORO, Ga.—Congressman Preston has charged that Social Security officials are thwarting the intent of Congress by discriminating against farmers' participation in the program.

In a strongly worded protest to Director Victor Christgau of the Bureau of Old-Age and Survivors Insurance, Mr. Preston said he was "gravely concerned over widespread rejection of applications for Social Security by farmers who, because of age, must operate their farms on a share crop basis."

"I am hearing from applicants from a number of counties in this district," Mr. Preston said, "It is obvious that the strong interpretation is being used by the Savannah and Birmingham offices" of the program on such cases. He called on the director of the program to investigate decisions on this of this nature.

Beginning with 1956, farm rental income has counted toward social security if it can be shown that the farmer "materially participates" in the production or management of the farm. The Congressman noted that the crux of the problem is the interpretation of "material participation" by social security officials.

"It seems that the trouble lies with the method of questioning by your field personnel who ask leading questions, apparently designed to place the applicant in the position of not being eligible for benefits," he told Mr. Christgau.

The Statesboro lawmaker said "Anyone who has the least knowledge of sharecrop operations in Georgia would know to begin with that the landlord is given, by Georgia law, the complete control over the crop operation and of decisions as to how, when and where the crop

shall be planted, cultivated and harvested."

"The sharecropper, in a majority of cases, is an employee receiving one-half of the crop as wages," Mr. Preston stated. "There is not any element of a lender of land ownership pre-rogatives involved."

"The Congressman said that in his considered opinion, Congressional intent is being completely thwarted by these interpretations."

Profs Open On Dec. 3 Against Ga. Bulldogs

For the first time in the athletic history of Georgia Teachers College, the GTC Professors will face both Georgia Tech and the University of Georgia in regular-season basketball games. Following is a pre-season preview of both teams:
At Georgia Tech the question is not, "Are we good, but rather, just how good are we?" The Jackets lost the 50 point-per-game guard tandem of Terry Randall and Buddy Blenker and center Frank Imman, but return an accomplished, veteran core and Coach Chuck Hyder exults over his sophomores.
"We along with Auburn Kentucky and Miss. State and Vanderbilt, are definitely contenders," says Hyder.
Tech is Big
Tech on the mimeographed roster sheets, is perhaps best-manned to contend for the title. They return guard Roger Kaiser, 6-11, the team's No. 2 scorer behind Randall with a 14.7 average last season, the sensational forward Dave Denton, and physically imposing forward Wayne Richards, 6-7.
Starting at center will be impressive sophomore Josh Powell, 6-7, of Stanford, Ky., and at kindred and creditors, to show cause, if any they can, why said Administrator should not be discharged from his administration, and receive letters of dismission, on the first Monday in December 1959.

Two dimes out of every dollar
IT DOESN'T seem to be a consequential sum; but dimes add up — to more than \$26 1/2 million, the Georgia Power Company's tax bill for last year. You see, 20 cents of every dollar the company receives in payment for electric service goes for local, state and federal taxes.
In fact, taxes are our largest single item of expense. In 1958 they exceeded our operating payroll by 80 per cent.
These taxes help to pay for schools for your children, police protection for your family, fire protection for your home, streets and highways, health and welfare programs and many other community services.
Part of being a good citizen is paying taxes. As Georgia's largest taxpayer, we help to carry the load.
