Christmas is meaningful holiday in many countries over the wide world

Roberta Halpern
GSC George-Anne—News Editor

All Christian believing people in the world look forward each December to the most important and meaningful holiday of the year. Christmas, commemorating the birth of Christ, the day is celebrated annually from one end of the world to the other in great cathedrals and churches, and in the hearts and homes of the people.

In Australia, Christmas comes in the hottest season of the year. The bushmen that till the soil and work in the Australian bush are mostly English and celebrate Christmas at home with a large dinner. The children decorate the house with large ferns and palm trees and hang green foliage over the front door. The holiday is spent in visiting, chatting, and eating. Many of the people living in the cities and towns are on their summer vacation during the Yuletide season and observe the holiday in only a half-hearted way. However, there is an attempt to celebrate Christmas in the English fashion by a majority of the families of Australia.

The Feast of Lights or Chanukah, in Israel marks the dedication of the Temple in Jerusalem in the year 164 B.C. when it was captured from the Syrians by the Jews. The holiday is a time of great rejoicing and gift giving.

In some sections of China, Christmas has been celebrated for 400 years, however, the majority of Chinese have never heard of the holiday. In the areas where Christian missionaries have brought Christmas, it is a day of excitement. In China, Santa Claus is known as "Lan Khong-Khong" which translated means nice old father. He is also called Christmas Old Man. For the people who celebrate Christmas, the holiday is ushered in by a display of fireworks. The people enjoy feasting, singing, and entertainment by Chinese jugglers and acrobats.

Christmas in England is the supreme holiday that all classes of people look forward to. Father Christmas brings presents to the English children and is very similar to the American Santa Claus. Early in December groups of musicians travel about the streets playing beloved Christmas carols, reminding the people of the coming Yuletide season. Popular in England for centuries, snappiness is a favorite Christmas sport on Christmas Eve.

The French celebrate Christmas differently in the various provinces. Christmas in the capital city, Paris, is kept for the children and New Year's Day is celebrated by adults. To find

1960 plantings affect future allotments

How recent legislation affects the determination of future cotton allotments for future years was explained today by John F. Bradley, Administrative Officer of the Agricultural Stabilization and Conservation State Office.

For 1961 and future years, according to Bradley, the new law requires that, in determining farm cotton allotments, the farm cotton allotment for the preceding year shall be used as the "base" if at least 15 per cent of the farm allotment for that year was planted to cotton, or regarded as planted to cotton.

Therefore, the acreage planted to cotton or regarded as planted to cotton on a farm for 1960 must be at least 75 per cent of the regular (Choice A) farm allotment to preserve the entire allotment as a base for 1961.

Acreage may be "regarded as planted to cotton" if it was included in the previous year's Conservation Reserve or the Great Plains Program, if the allotment acreage was released to the ASC County Committee for reappropriation to other farms or if the county committee determines that planting was prevented by a natural disaster or illness of a farm operator or producer.

If at least 75 per cent of the previous year's regular farm allotment was not planted (or regarded as planted) to cotton, the base in determining future farm allotments will be reduced to the average of (1) the regular allotment for that year, and (2) the acreage planted or regarded as planted in that year.

Farm cotton allotments for 1960 may not be less than the smaller of 10 acres of the 1958 farm cotton allotment, or the beginning with 1961, the reduction in the farm base—if 75 per cent of the previous year's allotment was not planted or regarded as planted—will apply to all farm cotton allotments regardless of their size. Thus, small cotton farms are guaranteed an allotment equal to 10 acres or the 1958 farm allotment, whichever is less. Each year's planting requirement is met each year.

The Bulloch Herald

Statesboro, Georgia, Thursday, December 17, 1959

Farmers releasing cotton allotment acreage may not date the farm to which the ASC County Committee reapportioned the acreage. Present law, likewise, does not authorize a farmer to sell or lease a cotton allotment to another farmer.

Acreage planted or regarded as planted to cotton on a farm is credited to the State and county for purposes of future State and county allotments.

Miss Audrey Morgan, family life specialist, Agricultural Extension Service, urges parents not to compare one child's development and progress to another. Children naturally develop at different rates, she adds.

The Eternal Christmas Story

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

And this taxing was first made when Cyrenius was governor of Syria.

And all went to be taxed, every one into his own city.

And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David.)

To be taxed with Mary his espoused wife, being great with child.

And so it was, that, while they were there, the days were accomplished that she should be delivered.

And she brought forth her first-born son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to God in the highest, and on earth peace, good will toward men.

—St. Luke 2:1-14

The long journey from Nazareth to Bethlehem . . . a new Star in the sky . . . heavenly music above the hills of Judaea . . . the flutter of angel wings . . . the swift journeyings of the Shepherds . . . Mary and Joseph and the newborn Child . . . the coming of the Wise Men, with their gifts of gold, frankincense and myrrh.

From these inspiring things the Song of Christmas was fashioned more than twenty centuries ago. The years have added new notes of happiness. Carols and song upon the air . . . candles gleaming into the night . . . secret whispering and laughter in the home . . . greetings going from friend to friend . . . deeds of love and mercy done in the name of a Child.

No great symphony or composition can match the Song of Christmas. It rises above the clutter and roar of the city; it throbs through the scattered town and hamlet; it sings through the sunlit islands of wastes of the Northland. In everwidening volume its strains echo around the world.

Before its magic the hosts of darkness take flight. It touches the slumbering chords of memory; it heals old hurts and scars; it blends loved ones in a closer and deeper tie. There are no friendless or forsaken within its sound; under its influence the strong reach out to help the weak. Peace and Love aid joy, these are its loudest notes and they are for all men. For the Song of Christmas is the greatest of all songs because it is understood by every heart.

A dream come true

It was a great day for the members and the friends of the First Methodist Church — the formal opening of their magnificent new sanctuary on South Main Street.

More than 725 people attended the opening service and gloried in the beautiful music of the choir, church ceremony, and the open simple presentation of the ing sermon by the pastor, the Rev. Dan Williams, who preached on the topic, "The Chief Cornerstone" closing with the exhortation that people "Say something good about Jesus!"

The new church is a monument of beauty, representing the fulfillment of a dream, to stand for a long, long time to glorify God.

And it adds to the strength of the community of which it is a part.

December is a busy time — with shopping, parties and other activities, along with bad weather, people driving too fast, the hazards of late shopping hours, pedestrians with large packages, plus drunks on foot and at the wheel! If you have never driven or walked defensively, better start NOW, because you never can tell what the other fellow is about to do, especially during December and the Holiday season.

CHRISTMAS BRINGS a message of hope. In the birth of Christ we see the Eternal love of God for the peoples of the world. The news of his birth will be proclaimed as long as there is life. In this great event even the disappointed find hope; the weak attain strength; the lonely find companionship; those who suffer find courage; the friendless find a friend; the world discovers a Savior.

Christmas is more than turkey and ham, nuts and candy, fruits and decorations, gayly wrapped packages and toys. Henry van Dyke suggests the following rules by which one can live the idea of Christmas. "Are you willing, for example, to forget what you have done for other people, and remember what other people have done for you?"

To ignore what the world owes you, and to think what you owe the world? To put your rights in the background, and your duty in the middle distance, and your chances to do a little more than your duty in the foreground? To see that your fellow-men are just as real as you are, to look behind their faces to their hearts, hungry for joy?

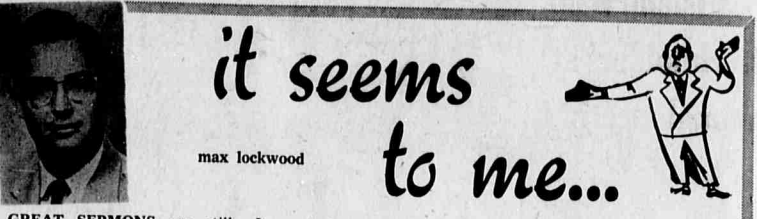

To own that probably the only good reason for your existence is not what you are going to get out of life, but what you are going to give to life? To close your book of complaints against the management of the universe, and look around you for a place where you can grow old?

To stop asking how much your friends love you, and ask yourself whether you love them enough? To trim your lamp so that it will give more light and less smoke and to carry it in front so that your shadow will fall behind you?

Are you willing to do these things even for a day? Then you can keep Christmas. Are you willing to believe that love is the strongest thing in the world—stronger than death—and that the blessed life which began in Bethlehem nineteen hundred years ago is the image and brightness of the Eternal Love? Then you can keep Christmas. And if you keep it for a day, why not always?

Without Christmas, there would have been no Christmas. We might never have known the love God has for us. If we really Christians, we will join that multitude of the heavenly host and praise God and say: "Glory to God in the highest, and on earth peace, good will toward men."

Happy Christmas All.

GREAT SERMONS are still being preached today, just as they were in the days of old. The Christmas Story, which is perhaps the greatest story ever told, will be the basis of many sermons throughout the holiday season.

My pastor, delivering his regular morning message last Sunday, brought a sermon upon the Christmas Story as the scriptural background for his presentation. In a few brief moments and with chosen words he explained away a conflict which had been present in my mind since the days of early childhood.

BRIEFLY, positively, and understandingly he related to his congregation the meaning of the thought, Fear Thy God. All the days of my life I had wondered how one could be so God and yet believe on Him and love Him above all things. Those brief minutes he explained the relationship of fear of God and the thousands of other things which seemingly must always be done at the last moment, there is one other thing which we should do.

Claus, and the thousands of other things which seemingly must always be done at the last moment, there is one other thing which we should do.

Thru the P's of Urgan a Russell

TIS CHRISTMAS time again. For the very young it has been an eternity since the last one, but for us older folks, Christmas was just last week, almost. The changes that take place in the observance of this beautiful season are so gradual that we are hardly aware of them unless we stop and think over all the Christmas days to the first one we can really remember.

A CHILD TODAY can not imagine what pleasure an orange brought to children of my childhood. We lived in a small town in North Georgia and oranges were a rarity. In fact, they were as much a part of Christmas as tinsel was. Today the low-income bracket families buy oranges the season around. The Christmas trees are lit with varying light bulbs but they are all electrified. In my day we lit our trees with candles. Of course, there were stern rules about them and we never had a fire and never heard of a fire caused by them, but there was no radio as we know it today.

THE PLANNING that went on for Christmas was a great deal more than just buying a tree. As I grew older I discovered that my mother's Christmas savings was wrapped in an old corner in the bottom drawer of her dresser, although my father was in the banking business. I really thought she hid the money from him, too. No matter what came, my mother was determined that there'd be a full Christmas for all. She started her savings as soon as January came around. I CAN NOT help wondering if children today felt the magic of Christmas as we felt it. Some-

MISS NEWTON, BRIDE-ELECT OF SUNDAY HONOREE AT MORNING PARTY

Some people are more critical of cars than others, and they are the ones we want specially to drive the solid new Plymouth

This car is built a new solid way by Chrysler Corporation engineers. It simply doesn't have many parts that work loose and need fixing in some cars. We'd like to answer some questions about this car now:

Q. What is this new way of building?

A. Chrysler Corporation's virtually trouble-free version of unit construction. Body and undersides are joined in a single unit of enormous strength, locked by close to 5400 welds. In Dura-Quiet Unibody, there is no frame and no conventional body bolts, struts, braces, etc., to loosen and rattle.

Q. What about power and performance?

A. There's the new 30-D Economy Six, a new "inclined" six that delivers outstanding economy in normal driving. The standard V-8 is the Fury V-800 which three times in a row topped its class in the Mobilgas Economy Run. Or you may choose the extra-cost, SonaTonic Commando V-8.

If you ask us, this is the best built, best performing low-price car of all. Give it a real try soon, won't you?

A Chrysler-engineered product, built a new solid way to give you solid satisfaction.

Christmas
By SARA ADAMS
The strange unexplainable silence that seems to place a soothing and weightless hand on one's very soul at this Christmas season will sit down into consciousness on the 25th of December 1959.

The stars will shine a little brighter. The sky will appear a little more mysterious. The air will carry that silent charm, half sadness and half a suppressed gladness.

We know that there are those who question the age old story—its benediction, its peace, its symbolism of brotherly love. They will question that human concern for the feelings and welfare of our fellow human beings that the beauty of the life of the man from Galilee gave us.

WE BELIEVE

That the pathetic needs of the peoples of lands as yet without the good life, God and plenty will some day know those things.

That this Christmas will bring the peoples of the world to a closer understanding of what peace means to all mankind.

This we believe—that the will and design of the God of our fathers will some day triumph.

White Christmas program is lasting custom at high school

Principal Sharpe says 'Merry Christmas SHS'

To the Students of S.H.S.:
Friday, December 18, 1959—today our train slows for the first stop of the school year, Christmas vacation.

The glamour and the joys of this wonderful season overshadow just about everything else in our lives.

It is like our belief in God and in our churches and in our country, a kind of stereotype that has become an inseparable principle of life with us. We would not have it otherwise.

To you, friends—the boy and girls in Statesboro High, I wish to say "Thank you for your fine spirit, for your cooperation—for what I think has been a wonderfully successful half year."

Well, almost a half year of good work and happy life here in S.H.S.

You have two whole weeks of vacation. Let's make it truly a vacation—one that when we come back on January 4, we shall have no regrets for anything we have said or done.

Let's not wait 'till New Year's to make this resolution! As we closed the latest one of your bounding joyously out the door this afternoon—I realized a sort of unspoken prayer that you would all come back safely back—even if you were slightly more slowly on that return.

I wish for every one of you the happiest Christmas you have ever had.

Drive carefully, walk carefully and live thoughtfully.

Your friend,
James L. Sharpe.

By MARY DEKLE
AND A. JOE MCGLAMERY

Twenty years ago, Mr. S. H. Sherman came to Statesboro High to serve as principal. One of the many lasting customs Mr. Sherman left with the high school was the White Christmas Project.

Each year since then, Statesboro students have brought food and other articles to place in the white box located in each room for the purpose of making Christmas a somewhat happier for needy families throughout the city and county.

In the last assembly program, before the Christmas holidays, the boxes from each home room, along with special boxes from several of the school clubs, are assembled in the auditorium.

To entertain the student body the choir sang "White Christmas" and "Winter Wonderland." The Latin and French classes then sang "Adeste Fideles," "Il Est Ne," "Le Divin Enfant," and "Sainte Nait."

The curtain opened as the choir hummed "Silent Night" and Cheryl Whelchel, narrator, began the "Christmas Story," explaining each selection.

The selections used were: "It Came Upon A Midnight Clear," "There's a Song in the Air," "O Little Town of Bethlehem," and "Joy To the World."

"O Come Let Us Adore Thee" was sung by the choir as the White Christmas boxes were brought to the front of the auditorium and placed in the white box.

The room representatives were: from the senior class; Bobby Conley, Jimmy Bragg, and Joe McGlamery; from the junior class; Arthur Woodrum, and Mike Turner; from the junior class; Danny Bray, Bing Phillips, and Hubert Anderson; from the senior class; Charles Chandler, Wendell Atkins, Charles Haimowitz, Michael Jackson, Johnny Martin, Kenan Kern, Shelton Waters and Danny Robertson.

Miss Dorothy Lorene Knight and Mr. Jerry Daniel Fordham are wed

By MRS. JOHN A. ROBERTSON

BROOKLET—Miss Dorothy Lorene Knight and Jerry Daniel Fordham were united in marriage Friday afternoon, December 18, at the First Baptist Church in Brooklet.

The bride is the daughter of Mrs. Andrew J. Knight and the late Mr. Knight. The groom's parents are Mr. and Mrs. Fred V. Fordham.

The double ring ceremony was performed by the Rev. Kent L. Gilenwater.

Arrangements of four seven-branched wrought-iron candelabra holding lighted tapers among which were placed large palms and poinsettias, with a central arrangement of white mums and gladioli formed the background of the service. Reserved pews were marked by white satin bows.

Mrs. W. D. Lee presented the wedding music and Paul Brien, cello sang "I Love Thee," "Because" and "The Wedding Prayer." Given in marriage by her

uncle, H. Ulmer Knight, the bride chose a gown of imported duchesse satin, with layers of tulle and panels of chantilly lace, with a waist length train. The all lace fitted bodice featured a sweetheart neckline, with long, tapered sleeves, ending in points over the hands, and were fastened with tiny covered buttons.

A crown of iridescent pearls and sequins held her two-tiered length veil. Her only jewelry was a string of pearls, given her by the groom. She carried a cascade of white feathered carnations centered with a white orchid.

Miss Jannel Knight was her sister's maid of honor. She wore a cherry red velvet sheath, fastened with butterfly sleeves, with a scooped white fur neckline, tapering to a point in the back, with a white satin shawl. Her headpiece was a matching bandeau of net and velvet. She carried a white fur muff centered with a velvet

poinsettia, with an array of white net and red and white satin streamers.

The bridesmaids, Miss Carolyn Joyner of Statesboro, and Miss Audrey Strickland of Blackshear, were gownned similar to the maid of honor. The flower girls, La Page Ryals of Savannah and Mitzi Minick, nieces of the bride, were dressed in cherry red velvet, with fitted bodice, scooped white fur neckline, with short, full skirt, and their head bands were of red velvet. They carried red and white baskets filled with white rose petals.

Andrew Roach of Savannah, nephew of the bride dressed in a navy suit, carried the rings on a white satin pillow, with flowing ribbons.

Bobby Fordham of Hinesville served as his brother's best man. Usher-groomsman were Ronald Starling and Dominic Strozo.

Mrs. Knight chose for her daughter's wedding a regatta with blue silk crepe dress with black lace panels and matching blue accessories. Her corsage was of American Beauty roses. Mrs. Fordham's gown was of royal blue silk, with lace overlay, tapering to a point in the back, with a white satin shawl. The social hall of the church was the scene of the reception following by the bride's mother, following the wedding. The

Cases of rabies

still reported

in this district

We are still having cases of rabies occurring in the fox, dog and cat population of Health District No. 7 composed of Bulloch, Candler, Effingham, Evans and Emanuel counties.

Two humans are now taking anti-rabies treatment and three others have taken the treatment this month due to exposure to rabid animals. Two were exposed to a rabid cat, two to a rabid dog and one to a rabid fox.

In order to bring the present outbreak of rabies under control, all farmers with dogs in the areas where we are having rabies in the fox, dog and cat population should immediately have all pets inoculated against rabies and also have their pets inoculated against rabies as soon as possible.

To control the outbreak in the foxes we must rapidly reduce the fox population of our counties and if all farm owners will take an active part in the fox trapping program now being carried on this will be accomplished.

Farmers interested in helping in this program please contact your local Health Department so that we may send our trapper out to assist you in setting up your trap lines.

Thursday, November 24, nine of the Marvin Pittman's FHA girls went to Wilson's Memorial Home. Each of the three grades that were representing the FHA chapter were responsible for planning and carrying out a certain project for the trip. The ninth grade project was to plan reading material for those who were able to listen and enjoy it. The project of the tenth grade was to fix Thanksgiving cups of candy for each patient. For their project the eleventh grade chose to carry cut flowers and pot plants.

After the girls arrived at the home, they divided into their groups; the girls who were to read found patients who wished to be read to; and the girls carrying flowers placed them appropriately. After these projects were finished the girls had time to talk with the patients and sing to them.

SOIL AND WATER CONSERVATION NEWS

By E. T. "Red" MULLIS

Soil Conservation Service

Terracing operations have begun in earnest with co-operation of the Ogeechee River Soil Conservation District in Bulloch County. Three complete water disposal systems have recently been installed by Mr. O. E. Gay of Register, Mr. R. D. Johnson, and Mr. Arthur Brown, both in the Aaron Community west of Port.

Mr. Arthur Brown has completely renovated a 35 acre field on his farm at Aaron. This field had old terraces which had been breaking for years causing severe gullying as well as sheet erosion. The first order of business was to level down the terraces with a motor grader and fill gullies with a bulldozer and pan. Then came the job of constructing and shaping the waterways with a pan that hauled the dirt in the old gullies. The pan was also invaluable in building the terraces across the dews and digging the water channels across the ridges.

Then the Ogeechee River District motor grader constructed new terraces and smoothed out the field. The contractor on the pan work was Mr. Ernest Carter of Port with Mr. Jim Costly, the operator. They did an excellent job.

Mr. O. E. Gay constructed a beautiful parallel terrace and waterway system on his farm near Register on gently sloping land. The entire job was done with the "District's" motor grader. His system will also help dry out a large wet area on the lower side of the field.

Mr. R. D. Johnson completed his water disposal system that was begun last year. He is doing an outstanding job of "balancing back" this farm with good terraces and sodded waterways.
