Clark Willingham of Augusta birdied the first hole in a sudden death playoff with defense champion Duke Renfrow of Statesboro and won the ninth annual Forest Heights South-eastern Golf Tournament here Sunday.

Willingham and Renfrow wound up in a tie for the title with 110 total in the 27-hole meet, but only a double bogey by Savannah's Hobart Manley on the final hole made it possible.

Manley, needing only a par on the 27th hole to win the meet four-putted with three of them from less than two feet away. He wound up with a 112 total and had to settle for third place.

Willingham, just 24 years old and competing in his seventh Southeastern in a row, wound up the 27 holes two over par. Renfrow won the crown last year with a one-under 107.

Savannah's Johnny Skeadus finished in a tie for fourth place in the A Division of the Championship Flight. He had 36-47 for a 113 total, one back of Manley who had 40-36-38. Manley was two-under on the last nine until the disastrous final hole.

Many Civil War events pictured in production of 'John Brown's Body'

Fort Sumter was bombarded for 33 hours in 1861. The Confederacy had 30 guns and 18 mortars trained on Sumter from four points and fired more than 3,000 shells.

Now 100 years later we celebrate the Centenary of the historic event. Stephen Vincent Benet wrote the inspiring book entitled "John Brown's Body," complete with historic facts and the necessary fiction to make it an entertaining book.

Now is has been dramatized and brought to life on the McCran Auditorium stage on May 16. Danny Bray will create the voice of the slave ship Captain with Robert Mallard, his young mate. From this opening scene we move to Connecticut where we find Johnny Johnson creating the character of Jack Ell-yat, his life and chance meet-

"We made 1,266 pounds more peanuts per acre, thanks to aldrin soil insecticide."

Report Reilly and Jack Hanna, Parrott, Georgia

Reilly and Jack Hanna tell it better than we can

"Aldrin fertilizer mix gave us complete insect control this season. We treated for wireworms, rootworms, white grubs, mole crickets and other soil insects. We also got a bonus in really good crop control."

"We could actually tell to the row where our aldrin fertilizer mix treatment ended. The aldrin-treated peanuts had graded zero damage and yielded 2,200 pounds of peanuts per acre. The untreated peanuts had up to 5% damage and yielded 1,234 pounds—a difference of 1,266 pounds per acre."

"From the results we've gotten this year, you can be sure we'll continue to use aldrin from now on."

Mrs. W. L. Zetterower, Home Demonstration Club member from the Upchurch Club, left Saturday to join 37 other women at Athens, Ga. to go on a citizenship tour to Washington, D. C. They left Athens at 12:00 noon, Saturday for this tour. They will return April 22. While in Athens, Mrs. Zetterower appeared on a radio program.

BROILER CROP
Commercial broiler production in Georgia for 1960 set a new record high with a total of 320,250,000 birds. This was the tenth consecutive year that Georgia has led the nation in broiler production. Arkansas was the second ranking state followed in order by Alabama, North Carolina, Mississippi, and Texas, according to the Georgia Crop Reporting Service.

Throughout the story the lives of the people you will come to know and love are given life by these young actors and actresses. Since this is the year centennial the play is being produced for the entire community and the date is only about 1 1/2 to get the three "ready-to-serve" meals on the table.

FOOD COSTS
Three "ready-to-serve" meals costing \$6.70 for a family of four could be prepared in the home kitchen for \$4.50, or \$2.20 less. The homemaker would use about 5 1/2 hours to prepare the three home-cooked meals, but is being produced for the entire community and the date is only about 1 1/2 to get the three "ready-to-serve" meals on the table.

To Beat the Band

By DALE JENSEN

Our BAND-O-RAMA is upon us, and we hope to make our audience very happy with it. All sorts of ideas have been included in this affair. It seems that once something like this gets started, everyone thinks of some way to make it a little bit nicer, and soon it far surpasses the original idea, and becomes an event that just can't fail. Wait 'til you see the decorations, the programs, and the band, and you'll know what I mean. The BAND-O-RAMA won't be forgotten soon!

The all-day meeting and evening banquet were held at the Forest Heights Country Club. Dr. William H. Fulmer, retiring president, announced the following slate of officers for 1961-62:

President, Dr. A. M. Deal, Statesboro; president-elect, Dr. Robert B. Gottschalk, Savannah; vice-president, Dr. L. H. Griffin, Claxton; secretary, Dr. David Robinson, Savannah; treasurer, Dr. L. Frank Lovett, Statesboro; councilman, First District exclusive of Savannah.

school. We, being in education, have some weird ideas about that. We feel that a child's school is his most important task at this time. It is his job. Anything that interferes with his job should be curtailed. We certainly encourage a student to do as much as he can in other areas besides school work, but school work comes first. If this were strictly adhered to, all along the line, perhaps the first man into space might have been an American. What do you think?

The most important thing, though, to the students, is the audience. They have worked hard, preparing their music, as well as all the other work involved in staging a big program. And they want to play for a large audience. With a full house, they will be inspired to give a little bit more in their playing. Like any performer, they react to a crowd. You have seen them in parades. Perhaps your organization has called on them for a parade, or a program at your meeting. Certainly you have seen the town come alive, with a little more bustle, when there is going to be a parade with the Blue Devils Band. Perhaps you were one of our Boosters on Band Day, a few weeks ago. Well, here is the best way to show that you really want to give the band a boost. Come to the BAND-O-RAMA! Your presence will help make it the success it deserves to be.

Some parents have asked about an article we wrote last week about the attitude of responsibility, and how it was necessary to accept and live up to the responsibility of your work, whether a student's class or an adult's job, and have asked what amount of work a student should put into his work. The answer is probably best put by saying, enough to make it perfect. With some students, five minutes is enough time to prepare a lesson. With others, it may be an hour, or more. In some courses, on student may need more time than another. A person has to consider also how many other things a student has to do, and how much time each day can be devoted to study outside of school.

The preliminary report shows that there were 253,200 acres of commercial forest land in Bulloch County, representing 58.6 percent of the county's total land area. There are 591.6 million board feet of sawtimber, of which 372.4 million board feet are in softwoods. In addition there are 2,796,000 cords of growing stock. However, there are also 273,000 cords of cull timber, the report indicated.

The survey is being conducted by the U. S. Forest Service with additional backing of the Research Council, Georgia Forestry Commission, and industry.

Ruark pointed out that commercial forest land in Georgia is the fourth greatest in the United States, and that the state's forest resources are being depleted at a rapid rate.

Building A Better Bulloch County

DEDICATED TO THE PROGRESS OF STATESBORO AND BULLOCH COUNTY

HOUSE NUMBER THREE on the Tour of Homes. This is the home of Mr. and Mrs. Frank Rushing. It was built before the Civil War and is known to be 165 years old. It is located on what was formerly known as "The Riggs Mill," being the oldest frame house in Bulloch County. The first newspaper ever used in the county was used in this home built by Abraham Riggs. All materials were saved by an old-time water-powered saw. The boards were hand planed and grooved. The home is situated on a 350 acre tract and overlooks a large lake of several hundred acres known as Cypress Lake. Mr. Rushing purchased the property in 1949 and started the renovation of the old eight-room home, adding the bath and white columns and the brick to the outside of the original structure. To reach this home just follow the signs along U. S. 301, South, after leaving the home of Mr. and Mrs. Brannen.

JOHNSON'S MINT MART celebrated Grand Opening last weekend by giving away 36 baskets of groceries. Mrs. Grady Johnson announced the following as winners of the grocery baskets: Mrs. W. G. Hill, Mrs. Bobby Clark, A. B. Roberts, Roger Carter, Charles Jones, Harry Kirkland, Brenda Franks, Raydon Anderson, Douglas Nesmith, H. A. Woods, W. H. Goff, Mrs. Stella Carter, Frank P. Spring Flower Show is set for Wed. afternoon, May 10

By Mrs. John A. Robertson

Announcement is made this week that the Spring Flower Show, sponsored by the Brooklet Garden Club, will be presented on Wednesday, May 10 at the Brooklet Methodist Church. Show time is 3:30 to 8:30 o'clock.

Mrs. C. S. Jones, show chairman, said the theme of this year's flower show is "Arranging Flowers for Enjoyment and Beauty."

The rules for the show are as follows:

Class I—Hybrid Tea Roses: Single bloom, a pink, b. red, c. yellow; d. white, e. other colors.

Class II—Floribunda roses, one cluster.

Class III—Climbing roses, one spray.

Class IV—Unnamed roses, one bloom, spray or cluster.

Class V—Annals or plants grown as annuals. One bloom or stalk, if multiple flowers.

Class VI—Perennials and biennials. One bloom, or stalk, if multiple flowers.

Class VII—Bulbous plants, including tulips, crocuses, and tuberos root plants. One bloom, or stalk, if multiple flowers.

Class VIII—Potted plants, African violets; b. foliage plants; c. flowering or fruited plants.

ARRANGEMENTS

Class I—HEART OF THE HOME. Pairs of arrangements suitable for a mantle using fresh material.

Class II—WELCOME. An arrangement, using fresh plant material, suitable for a coffee table to be looked down on and seen all around. (Only for those who have never competed in a Flower Show before).

Class III—ENCHANTMENT. An arrangement featuring weathered wood. May use dried or fresh plant material, or a combination.

Class IV—THE OLD AND NEW. An original Modern Art arrangement using fresh plant material.

Class V—SURPRISE. An arrangement using fresh plant material, suitable for use as intended (use fresh plant material).

Class VI—WITH OUT A ROSA. As all foliage arrangement, using fresh plant material.

Class VII—HYMN OF PRAISE. An arrangement using fresh plant material, suitable for center front (to be as inspiring at night services as morning).

Class VIII—INVITATION CLASS. To other Garden Clubs of Brooklet—An arrangement using fresh plant material, in which reflection is an important part of the whole.

Class IX—FROM A WALK IN THE WOODS. An arrangement using roadside, field or woods flowers and foliage.

Class X—True miniature arrangement not over three inches tall or wide.

ELEMENTARY PUPILS

Class I—Very small arrangement (less than five inches).

To Beat the Band

By DALE JENSEN

What a time we had last Friday! Thanks to our many friends and boosters, our auditorium was packed, and the band responded to their applause with even greater efforts. A very nice circle was established there, for as the band played, their enthusiasm caught the crowd up, and their appreciation came right back around and made the students try even harder to do well.

A program like that is the result of the labors of many people, and we want to give our thanks to all of these students, family and friends alike. We hope that our audience did truly enjoy themselves, and will remember the BAND-ORAMA, and come back next year. The real value in a program like that, of course, is to the students involved. Their talents, acquired and developed at the cost of quite a bit of time, self-discipline, were brought together and focused on this particular endeavor. That it the BAND-ORAMA was a success is pleasing, but the greatest good was done along the way, as each individual found how his abilities could work in harmony with others, to produce good. The work of the band into the program, and the pleasure that resulted was enough to spread to many others in addition to those who worked on the program itself. A valuable lesson is to be found there. This lesson is perhaps one of the best results of having any type of group activity, whether during school days or after. Other things in town, the civic clubs, the recent community Easter Cantata, the garden clubs that help beautify our surroundings, all these and more are further examples of this type of endeavor, and we are pleased and proud of their results. They help make our town a nice place to live.

The Community Concerts is another such group. Through the members of the association, talented professional artists are brought to town to present programs just like those they give in Carnegie Hall in New York. The existence of this type of opportunity in Statesboro is of great value to us, for obvious reasons. The campaign for the association will be next week, May 1st through the 6th. This will be the only campaign for the series that will be given next winter. All past members will be contacted for their membership renewals, and we would like to encourage more new members, too. The campaign headquarters will be in the Statesboro Telephone Company office, in the middle of town, and if you want to make sure that you will be asked to be a member, why not call there during business hours, and tell them your name? A worker will come to you and tell you about the workings of the association, and assist you in becoming a member. Then you can have the satisfaction of knowing not only that you will have some of the finest programs in the world right here at home next year, but that in your group cooperation, you are helping provide others with this fine opportunity.

Seventh eighth grades of Marvin Pittman School off to Camp Labjoy

The seventh and eighth grades from the Marvin Pittman School will leave Thursday, April 27, for a week of "Outdoor Education" at Camp Labjoy near Claxton at the Tattall Methodist Camp Ground.

According to Mr. J. A. Pafford, Principal, the education camp is the only one of its type in this section of Georgia. "It is a classroom with no walls," he said. "We believe that interest is the key to teaching, and that outdoor education catches the child's interest. Everybody achieves out there."

In its tenth year of operation, the camp was founded upon the idea of teaching outside the classroom. Mr. Pafford believes that the children remember those things learned at camp better than any other learning experience. "The camp provides the students with a learning experience requiring the use of all five senses rather than just hearing," he added.

The camp might best be described as a community engaged in education, and run entirely by students. "The children do everything," Mr. Pafford said. "They are divided into groups with Indian names: the Mohawks, the Cherokee, the Apaches, the Kiawees, and the Shawnee. Each group has a counselor-student teacher or regular teacher."

Every student has a chart showing which group is responsible for the various chores, such as preparing the meals, washing dishes, morning walk, cleaning camp, etc. Each student has a checkbook. Each time he makes a purchase, he must write a check in correct form and keep his account balanced.

Total cost of the camp will be financed by the students themselves, costing only \$6.00 per student for the entire week.

PETITION TO AMEND CHARTER
GEORGIA, Bulloch County. To the Superior Court of Bulloch County, Georgia, and the Honorable Walton USHER, Judge thereof:

The petition of SMITH TRADING CO., shows the following facts:

1. The principal office of petitioner is located in Statesboro, Bulloch County, Georgia, and said corporation was incorporated under the Corporation Act of Georgia, Chapter 22-187, for a period of thirty-five years.

2. This petition is brought to amend the charter of said corporation in the particulars hereinafter set out. This proposed amendment has been favorably received on and consented to by all of the stockholders of said corporation at a special meeting called for the purpose, as shown by the certificate of the Secretary of the corporation, attached hereto as Exhibit A and made a part hereof.

3. Petitioner now desires that its charter be amended to empower the corporation to:

(a) To buy, sell and generally deal in cotton including the power to act as agent or broker for others and to do all other acts and things incident to the operation of a complete cotton service.

(b) To manufacture, buy, sell and otherwise deal in machines, tools implements and supplies of all kinds designed or adaptable to and for use in connection with agriculture, and affiliated pursuits, including hardware and building supplies, and to do any and all acts and things necessary or incident to the accomplishment of the foregoing.

(c) To manufacture, buy, sell, apply and deal in all kinds of fertilizer, both liquid and solid, insecticides and pest controls, and the equipment for the distribution and application of the same.

(d) To buy and sell pecans, and to do a complete business in the processing, shelling and storage of the same.

(e) To operate stores and warehouses for the wholesale and retail sale of any of the items, articles or merchandise enumerated above.

(f) To own, operate, lease or rent cotton warehouses, and to hold and store cotton, both for the general public, for the Federal Government, and for the petitioner.

(g) To buy and sell and act as broker for all agricultural products, seed, feed, fertilizers, grain and to do a complete business in supplying the agricultural industry all things, machinery, products, seed, feed, fertilizers, insecticides and other articles incident to or in connection with the agricultural industry, and including storage and processing of the same, both for the general public, for the Federal Government, and for the petitioner.

(h) To operate truck lines and other transportation facilities in connection with the business herein outlined or similar businesses.

(i) To acquire by subscription, purchase, or otherwise, to hold for investment or for resale, to sell, pledge, hypothecate, and in all ways deal with stocks, bonds, debentures, mortgages, notes, trust receipts, certificates of indebtedness, and other obligations and securities of corporations, private, public, quasi-public, or municipal, foreign or domestic. To collect the interest and dividends on its holdings and to exercise all other powers and rights of the holder of the same.

(j) To do all things suitable and proper for the protection, maintenance, and enhancement of the value of stocks, securities, evidences of indebtedness, or other property of the corporation, including the exercise of the right to vote thereon. To bid upon and purchase at public or private sale, at other sales, public or private, real property and rights or interests therein of all kinds.

(k) To have all of the powers and enjoy all of the privileges enumerated in Section 22-187 and 22-187 of the Code of Georgia, and all of the other powers and privileges enumerated in Chapters 22-18 and 22-19 of said Code and all of the powers and privileges enumerated herein are made a part hereof to the same extent as if the same were quoted herein.

4. Petitioner desires further to extend the life of its charter for a period of thirty-five years from the date of its incorporation, as above set out, upon a due compliance with the law in such cases made and provided.

11. We recommend that these presentments be published in the county papers at the usual cost.

Hoke S. BRANNEN, Foreman.
HERMAN E. BRAY, Clerk.

Legion Aux to sell Poppies here Saturday

Volunteer workers from the local American Legion Auxiliary will offer memorial Poppies to the public on Poppy Day, Saturday, April 29. All funds raised by the annual Poppy Day program go directly to disabled veterans or their families.

American Legion Auxiliary poppies help rehabilitate handicapped veterans, educate war orphans, and provide financial assistance for needy children.

The Poppy Chairman of the American Legion Auxiliary, Mrs. A. Courts, urges residents of Statesboro to "wear a poppy on Poppy Day." These veterans made red crepe paper flowers are a memorial to our nation's war dead and an aid to disabled veterans.

The American Legion Auxiliary reports more than a half-million Americans died, and nearly one million were wounded during the two World Wars and the Korean Conflict. Poppy Day, Saturday, April 29, offers every citizen an opportunity to remember our war dead by assisting the living, disabled veteran.

Won't you wear a poppy?

Miss Driggers honored with bridal shower

On Wednesday, April 19, at 4 p.m., Mrs. Ida Williams, Mrs. Harry Daughtry and Mrs. Clayton Driggers honored Miss Naomi Driggers with a miscellaneous shower at Mrs. Ida Williams' home.

The home was beautifully decorated with white roses with green fern background. The dining table was overlaid with a lovely lace cloth and was centered with a three-tiered arrangement of white glads, white lilies, and white roses.

Colors carried out were green and white. Green cakes and green punch, topped with ice cream, were served. Favors were made of green paper balls with white ribbon.

Mrs. Ida Williams met the guests at the door and introduced them to the receiving line, composed of Miss Driggers, her mother, and Mrs. D. H. Lanier, mother of the groom.

Little Vickie Hart carried gifts to the gift room. Mrs. Harry Daughtry was at the bride's register. Miss Wilma Brunson received the guests in the gift room. Mrs. Austin Deal and Miss Judy Hill served. Mrs. Pat Quattlebaum and Sara Driggers were in the kitchen. All wore corsages of white palm-embroidered with green ribbons.

About 40 guests called. Miss Driggers received many useful gifts.

Queen of Hearts Club meets with Mrs. Frank Gettis

Mrs. Frank Gettis was hostess Thursday afternoon to the Queen of Hearts Bridge Club at her home on Easy Street.

Roses, daisies, and flowering dogwood, in lovely spring arrangements, adorned the home. Tilly served her guests strawberry short cake, nuts and coffee, and passed out Coca Cola at progression.

Mrs. Wendell Rockett won a bracelet and matching earrings for club high. Mrs. Thomas Nesworthy, scoring visitor's high, received a waste basket. Mrs. Emmett Scott's prize, for floating, was a jeweled memo-pad.

A double deck of cards, for low, went to Mrs. Ivey Laird. Mrs. Hal Macon Jr., won bath powder for cut.

Others playing were Mrs. Edwin Cook, Mrs. Edward Scott, Mrs. Thurman Lanier, Mrs. Mark Toole, Mrs. J. B. Williams, Mrs. B. B. Martindale and Mrs. Chester Hanberry.

Jazz is topic of Statesboro Music Club program

Jazz was the topic of the Statesboro Music Club program last week. Dale Jensen, the program chairman, brought many examples of jazz, from its earliest beginnings to the present day. Aided by Mrs. Joe Walters at the piano, he brought out the idea that jazz is a synthesis of the music of two different cultures, and combines some of the best of both. The rhythms of Africa and the advanced harmonies and forms of Europe met in America, and resulted in music that captures the fancy of lovers of music the world over—jazz.

Dr. and Mrs. John Jackson were hosts to the Music Club, and the grace and beauty of their home was complemented by tasteful arrangements of many of the spring flowers now in bloom. After the meeting, refreshments were served by Mrs. Jackson, Mrs. George Bean, Mrs. Jack Smith, and Mrs. Herbert Kingery.

The next meeting of the Music Club will be at the home of Dr. and Mrs. Curtis Lane, on May 16th, and the agenda will include the installation of new officers and a program of solo music of the Twentieth Century.

HOME NUMBER TWO on the tour of homes. The home of Mr. and Mrs. W. W. Brannen was built in 1905 by the late Colonel Albert Deal. It is located on a hill and has a winding driveway, bordered with several kinds of shrubbery. Spacious grounds with many azaleas, camellias, dogwood, redbud, magnolias, wisteria set in stately pine and oak trees. The home has ten rooms with four baths and an indoor sun porch. An outstanding feature of the home is the living room which is thirty-seven feet in length with a very high ceiling. One reaches this home by driving from the center of town out South Main Street (U. S. 301, South) to the railroad and keeping to the right fork continue along South Main and 301 beyond the entrance to the College and turning right at the signs.

Mrs. Mack Lester honored as outstanding teacher

Mrs. Mack Lester of Statesboro, a teacher in the School at Bloomingdale, has been honored for her superior services. We quote from a letter of commendation to you (Mrs. Lester) that by a majority vote of the members of the Faculty and the PTA officers of Bloomingdale School, you have been elected as the outstanding teacher in your school for 1960-61 in the teacher recognition program sponsored by the Board of Education with the cooperation of the Chamber of Commerce and local industrial and commercial firms.

On Tuesday morning, Mrs. Gerrard Swarthout hosted the Contract Bridge Club at her home on Jewel Drive.

A profusion of spring flowers decorated the living room. Mrs. Ivey Spivey with high score received a milk glass dish. For second high, Mrs. Lawson Mitchell's prize was kitchen towels; and a dainty linen handkerchief went to Mrs. Hadyn Carmichael for cut. Other players were Mrs. DeWitt Thackston, Mrs. Burton Bogitt, Mrs. Robert Wilson and Mrs. F. B. Martindale.

WE GO PLACES

They brought as their guests an official of the British Overseas Airways, Mr. and Mrs. Charles Carpenter and sons, Michael and Paul, of London, England, who have recently come from Hong Kong, China, and are flying to England this week and on to Air Ways in Africa.

Miss Ardella (Dee) Rushing, daughter of Mr. and Mrs. T. K. Rushing of Register, is one of five National Air Way stewardesses who were together on a vacation trip in South America, where they visited Buenos Aires, Santiago, Lima, and Panama. In Santiago three of the largest newspapers carried pictures of the lovely girls. Dee wrote her mother "We hit S. A. by storm." Dee's next trip will be "Around The World."

Mrs. Mack Lester is honored by Bloomingdale PTA

Mrs. Mack Lester of Statesboro was selected by majority vote of the members of the Parent-Teacher Association of the Bloomingdale School, as the outstanding teacher in the school for 1960-61, in the Teacher Recognition Program sponsored by the Board of Education with the cooperation of the Chamber of Commerce and local industrial and commercial firms.

In presenting the award Supt. D. Leon McCormack stated that the award carries with it the recognition of Mrs. Lester's excellence in personal and professional qualities.

She will be considered for the cash award along with other local winners in her classification.

Join and support the Concert Association

Citizens of Statesboro and Bulloch County will be given an opportunity to hear one of the nation's great musical entertainers when the Tucson Arizona Boys Chorus will appear here sometime this year.

That is, they will if they secure a membership in the Statesboro Community Concert Association. For this great boys' choir is to be included in the concerts which are being scheduled for the 1961 concert season here.

The membership drive in the Concert Association begins Monday, May 1, and will continue through May 6.

Most people no longer doubt that cultural opportunities like those offered through a Concert Association are an important asset to any community.

Only under a program such as this, made possible by memberships in local associations throughout the nation, can communities the size of ours be given the opportunity to hear some of the great artists of our country. Artists to appear on the concert series here will be selected by a full committee in consultation with a representative of the national concert association.

The cost of a membership is small considering the pleasure that it provides for lovers of good music. And as a bonus, membership in the Statesboro Community Concert Association includes admission to all the concerts of the national concert associations presented in this section.

We commend the local organization in its effort to provide our community with the finest music the nation affords. We join them in urging citizens to take advantage of this fine cultural opportunity.

Bulloch still the greatest county

According to the final report of the U.S. Bureau of the Census on population rank of Georgia counties for 1960, Bulloch County now stands in thirty-second place in the state, the place held in 1950 by Decatur County, whose county seat is Bainbridge.

According to the 1960 Census, Bulloch stood in twenty-ninth place. Polk County, whose county seat is Cedartown, now holds that position.

So in ten years our county has dropped from twenty-ninth to thirty-second place in population rank and next year's pop. license plates for the county will show the prefix "32" instead of "29."

But population figures do not change the indisputable fact that Bulloch County still is one of the finest counties in the State of Georgia.

But we can't relax in our steady efforts to achieve greater and more desirable objectives for the people who make up the character of our county.

Go home-touring Wednesday, May 3

The Spring Flower Placement Show scheduled for Wednesday, May 3, will give lovers of beauty a double shot of pleasure.

For the first time the Bulloch

County Council of Federated Garden Clubs are combining a flower show with a home tour.

The three Statesboro and Bulloch County homes included in the tour are colonial-type homes and will include certain segments of the flower show.

Take time out next Wednesday afternoon and visit these homes. You'll enjoy them.

Dr. Jim Whiteside will be missed

Death came suddenly to one of Statesboro and Bulloch County's most beloved citizens on Wednesday afternoon, April 19.

Dr. Jim Whiteside, with members of his family, spent that afternoon fishing in the pond of one of his friends. As they returned home, death struck swiftly, and Bulloch County began counting its loss.

For an unremembered number of years Dr. Jim Whiteside was a leader in the Presbyterian Church. He was active in the building of its new sanctuary on Savannah Avenue, and one of the church's most devoted members.

For thirty-five years he practiced medicine in Statesboro and Bulloch County and was admired and loved by all who came under the spell of his kindness.

As one of the leaders in the community's business affairs he was active in Chamber of Commerce objectives.

As a leader in civic affairs he channeled his efforts through the Statesboro Rotary Club and was its first president in 1937.

Dr. Whiteside lived a full and satisfying life and his death leaves a void in the hearts of those who loved him.

To help Georgia help teach, Georgia

In addition to pointing with pride to our Georgia Southern College, we have plenty reason to be proud of two other branches of our University System—Georgia Tech in Atlanta and the University of Georgia in Athens.

It is an important part of the job of these two units of the University to train people who will help keep Georgia on the road to progress. All signs point to continued progress, granted that we have the leaders who will know how to take advantage of opportunities as they develop.

Many of these leaders will come from these two schools and the quality of their training will depend a great deal on the quality of their instruction.

And this in turn depends upon the abilities of these schools to keep the quality of their teachers at a very high level. We can't lose them to industry or other colleges.

Now comes an appeal to business firms in Georgia to contribute to the joint Tech-Georgia Development Fund. The answer to this appeal will determine, to a large degree the quality of their teachers.

Mr. Charlie Joe Mathews is chairman of the Bulloch County campaign and those who are interested in Georgia's future may contact him.

The Back-Breakers

This Week's Meditation

By Rev. Lawrence E. Houston Jr.

I TOOK ONE look at her and knew something was wrong. She wasn't crying, in fact, she showed no signs of distress at all. But something was wrong!

Normally, the complexion of her skin was as velvety smooth as any pictured in the advertisements. Closer examination proved the suspicion that Deborah was the victim of measles for the second time in her short eight years.

There are many things worse than the measles, but our discovery of her case of Roseola measles caused a momentary crisis in our home. Deborah has had perfect attendance at the Church School for over two years. Her record of attendance at public school is unmarked, not receive a perfect attendance pin next October from her Church school superintendent.

Neither will she receive a perfect attendance certificate in public school. She has the measles, will miss a few days, and must forfeit the award.

AS A PARENT, my heart felt a heaviness as she and I discussed the problem. She loves both Sunday and public school. She did not want to miss, but measles has deprived her of a place in the perfect attendance ranks.

In a way, I'm glad this day has arrived. It always does, sooner or later. Now, I can evaluate a little more clearly the place of certificates and award pins in our success-conscious society.

An automobile manufacturer adds incentive to sales by offering a Caribbean cruise for increased effort and success in selling an insurance company pressures its personnel to "exceed the quota," and win a two-week, all expense-paid vacation.

Under the title, "Next Sunday I'll be at my church," Editor Coleman used the story of a glowing child which was removed from the fire to emphasize the need for fellowship in the church.

IN EXPLAINING and defending the behavior of our children, Max Lockwood actively engaged in shaping the lives of our children, parental influence. He said, "I'm not sure that there are many of us who have set a poor example for our children. In our neighborhood there are those who teach the children a poor lesson in how to live side by side with others in harmony and respect. We have poor personal habits and practice questionable actions which tend to lead them to believe that these things are right."

VIRGINIA RUSSELL, answering the question, "What's wrong with the world?" said bluntly that man is miserable. She implied that man has become

drunk with his own importance and self-sufficiency with these words, "Could it be that we have reached the place where we are saying—'Look what we did! Look what man has done!' Have we elevated man to God's place? Have we forgotten from whence cometh our help?"

"Man has departed from God. Man is so great, so wise, so self-sufficient that he has no need of God, or it would seem that way when we observe man."

She also pointed out another important fact, the difference between religion and belief in God.

FINALLY, LAWRENCE HOUSTON wrote of the spiritual refreshment which comes from a revival. He mentioned the success of the 7:30 a.m. daily service used by some of the churches in their Spring revivals.

He also recalled a revival in Buena Vista. "The morning services were held at ten o'clock and all the business firms closed for a period of one hour."

Putting all this together we can make one general conclusion: "What's wrong with the world?" said bluntly that man is miserable. She implied that man has become

drunk with his own importance and self-sufficiency with these words, "Could it be that we have reached the place where we are saying—'Look what we did! Look what man has done!' Have we elevated man to God's place? Have we forgotten from whence cometh our help?"

the editor's uneasy chair

By HAROLD JOINER

One of Georgia's greatest leaders is about to hang up his presidential robes in official retirement after many years of useful service to his state, but he will never retire from the memories of all who have known him.

To every person who has ever met George P. Donaldson he has become a symbol. But few ever called him by that name. He is Pete to his intimates (and there are many), Mr. Pete or Dr. Pete to hundreds of thousands more.

It has been my privilege to know this man who has guided Abraham Baldwin Agricultural College (ABAC) as president. My life is richer for this experience.

Few people in Georgia have influenced as many as has Pete Donaldson. I remember him as he stood on the stage at Russell Auditorium on the campus of Georgia State College for Women in Milledgeville and with perspiration streaming down his face went through the motions of the song, "Jump Down, Turn Around, Pick a Bale of Cotton" for a group of 4-H Club members.

I remember him sitting on the bench underneath the great trees at the State FFA-FAA Camp on the shores of Lake Jackson. He talked and counseled with many youth who would later walk the campus trails at his beloved ABAC.

It is fine to speak of the fine things in life, but Pete Donaldson has practiced what he preached. He has been the example for hundreds of thousands. Mothers send their children to ABAC with complete ease of mind, knowing that Mr. Pete was there to care for them.

IF HE HAD A CREED it was service to others, above all else. He practiced this always and sometimes at personal sacrifices. But no one ever could see it in his face, for he covered it with one of the finest smiles a man ever possessed.

There are thousands of Georgians in all walks of life who would never be able to hang out a college diploma had it not been for this man. He provided jobs for them to help pay their tuition, books and meals. He would have made it next to impossible for more farm boys and girls to go to college.

There were many at the homecoming festivities, but there were many thousands more who couldn't be there. I'm sure, however, that they join me in saying to you that your monument to society has been carved by your unselfish service to Georgia.

Thank you, Pete Donaldson—a great Georgian.

**INSECTS KILL MORE
THAN SNAKES**
A recent study shows that
more Americans are killed by
stings of bees and wasps than
by snake bites, reports Miss
Lucile Higginbotham, head of
the Extension health depart-
ment. In five years, stings from
wasps, bees, hornets and yellow
jackets killed 86 persons, com-
pared with 71 deaths from snake
bites and 39 from spiders. Rat-
tlesnakes are the most deadly
single species of snake, killing
55. Bees alone took 52 lives.

Soybean growers must hold acreage of conserving crops

By ROY POWELL
County Agent

SOYBEANS

Bulloch County soybean grow-
ers who expect to receive price
supports on soybeans this year
must maintain the same acreage
of conserving crops and idle
land that they had during 1959-
60.

This requirement is designed
to insure that soybean growers
put any additional soybean pro-
duction on acreage that has
been used for crops in abundance
such as wheat, cotton,
corn, grain sorghum and other
feed crops—not on land now in
conserving uses of idle.

The U. S. Department of Agri-
culture wants to avoid increas-
ing soybean acreage at the ex-
pense of acreage now under
conservation practices. Price
supports on the 1961 soybean
crop have been increased to
insure an adequate supply of
soybeans and help meet antici-
pated needs for this crop.

The national average support
price for 1961-crop soybeans will
be \$2.30 a bushel.

**EFFICIENT FERTILIZER
PLACEMENT**

The use of high per acre rates
of relatively high analysis fer-
tilizer on cotton in recent years
makes placement of fertilizer a
very important consideration.

The most efficient placement
of fertilizer for cotton is 2 to
3 inches to one side and 2 to 3
inches below the seed. If fertil-
izer is placed in this manner,
there is little danger of injury
to stands even with the use of
relatively high per acre rates of
high analysis fertilizer.

If you don't have equipment
designed to place fertilizer in
this manner, it may be best to
broadcast all or part of the
fertilizer, particularly when high
acre rates are used.

CATTLE SPRAYER

Let those cattle spray them-
selves for protection from pes-
ty biting flies!

That's right! Automatic spray-
er equipment can be installed to
take much of the trouble, time
and worry out of the control
of biting flies on livestock.

The automatic sprayer is re-
ally very simple. A cow walk-
ing through a chute depresses
a treadle activating the sprayer.
Only one side of the animal is
sprayed when going through so
it is necessary for the round trip
to get both sides.

The use of an automatic
sprayer with the proper insecti-
cide will control horn flies, pro-
tect animals from stable flies,
horse flies and deer flies. It will
usually keep house flies off
cows during milking.

The automatic sprayer is more
suitable for dairy herds than
beef, but can be used for both.
Stop by at my office for addi-
tional information.

OFF FLAVORED MILK

During the next four months
many of the weeds that cause
off-flavored milk become more
frequent in pastures. The most
troublesome weeds are onions,
garlic, and bitterweed. Gener-
ally they can be controlled by a
good pasture and dairy manage-
ment program.

Some suggested practices for
preventing off-flavored milk are:
1. Use only feeds that do not
cause off-flavor.
2. Feed hay before grazing or
during grazing.

Other recognition ceremonies
will honor the volunteer leaders
in Georgia and the rest of the
country.

Mr. Sutton pointed out that
nearly 8,500,000 women, in all
50 states and Puerto Rico, now
use Extension Service home
economics programs to help
them solve home and family liv-
ing problems.

Some of these women live on
farms and in other rural areas,
some live in towns and cities.
They all have one thing in com-
mon: they are trying to manage
their homes more efficiently and
have healthier, happier families,
Mr. Sutton continued.

Home demonstration work is
in better homemaking. Through
its "show how" and "tell how"
says.

Farmers here are having to
plant much of their crops over.
A good many farmers are over-
planting cotton, corn and
tobacco. It seems as if the
months of March and April ex-
changed places. The mild weath-
er we had during the month of
March, with not too much
March winds, seemed like April
weather and everyone got busy
and began to plant tobacco,
corn and cotton.

So the comes April with
cold nights, windy days like
March, with heavy weekend
rains. Crops that were plant-
ed got sanded by the wind
blowing sand in the rows. The
cold nights didn't help the seeds
to sprout and start coming up.
Then the rains came and pack-
ed the sand in the rows, so
that the seeds can't come up to
a stand. And a poor stand is
a waste, not only of land but
time and money and fertilizer.

So all the farmers can do is
plow up and plant over.

That in itself is extra ex-
pense as the cost of seeds are
high and the cost of fertilizer is
high.

Let's hope they don't have to
plant their peanuts over. So far
I have not heard of any pen-
nuts being planted over. Let's
wish the farmers the best of
luck with their planting over.

3. Feed silage after milking—
not before or during milking.
4. Remove cows from weed-
infested pastures four to six
hours before milking.
5. Manage pastures properly.
Do not over-graze. Wait until
pasture is well established be-
fore grazing.
6. Rotate grazing and do not
over-graze.
7. Mow weeds before early
bloom stage.
8. Chemically control weeds
when necessary.

National HD Week is April 30-May 6

National Home Demonstra-
tion Week will be observed
throughout the country April 30
through May 6, Director W. A.
Sutton of the University of
Georgia Cooperative Extension
Service announced.

During this sixteen annual
observance, the work of home
demonstration club members
and county home demonstration
club members and county home
demonstration agents will be
recognized in civic and service
clubs, schools and churches.
Farm organizations and on spec-
ial radio and television pro-
grams in Georgia, Mr. Sutton
said.

Mrs. E. Brannen has bridge party

By MRS. EUBIE RIGGS
MRS. BRANNEN HOSTESS TO BRIDGE CLUB

Mrs. Emory Brannen entertained for the members of the bridge club at her home on Tuesday night.

Red roses and tulips were combined in lovely arrangements.

The hostess served strawberry short cake with whipped cream, toasted nuts and coffee.

High score went to Mrs. Hill Banks, receiving a golf tournament; second high went to Mrs. John Ed Brannen, receiving an ironing board cover, and cut prize went to Mrs. J. B. Johnson, receiving a bon bon dish.

Others playing were Mrs. H. E. Akins, Mrs. Regina Anderson, Mrs. Ottis Holloway, Mrs. L. J. Holloway and Mrs. Emory Brannen.

Mrs. Walden Martin and children returned to their home in Habersham on Monday after a visit with her mother, Mrs. L. A. Anderson, Mrs. Anderson accompanied them home for a visit with the Martin family.

Mr. and Mrs. James Williams and children moved to Jacksonville, Fla., on Monday after a visit with her mother, Mrs. L. A. Anderson, Mrs. Anderson accompanied them home for a visit with the Martin family.

Visiting Mr. and Mrs. W. R. Anderson during the weekend was their son, Mr. Jerome Anderson of Atlanta.

Students receiving the scholarship honors have made an average grade point ratio of 3.5 during the year.

They include: Elizabeth G. Bailey, Milan; Kathleen Barlow, Macon; M. L. Branch, Brunswick; Mary Frances Monroe Brandon, Statesboro; Betty Burkholder, Dublin; Sandra Jean Cox, Lenox; Catherine L. Dixon, McRae; Fannie Sue Ellis, Statesboro.

Barbara Fletcher, Sumner; Glenda Harden, Sifton; Patricia Hiers, Fort Valley; Jayne McCurdy, Glenview; Gail Wright Manning, White Oak; Iva Ann Myrant, Cordeiro, Ida Jane Neely, Register; Stella R. Powell, Claxton; Wendolyn W. Reagin, Hazlehurst; Mary P. Rivenbark, Mettlen; Betty L. Scruggs, Bartow; Janet V. Sikes, Alamo.

Marcia M. Smith, Guyton; Judy A. Strickland, Blackshear; Sandra D. Taylor, Arlington; Gayle Veldink, Gainesville; Flavia W. Walsh, Savannah; Bech; and James S. Woods, Jesup.

In addition to the leadership service and scholarship honors, those students who have earned medals, cups, and awards for participation in college activities during the year will also be honored.

A new award, which will be given for the first time, is Georgia Southern Alumni Association Scholarship Award. This award, an engraved plaque, will be given to the senior with the highest grade average for four years of college work.

The committee for Honors Day is composed of Dr. Ralph K. Tyson, dean of students, chairman; Mr. Jess White of the Health, Physical Education and Recreation Division; Miss Viola Perry, registrar; Mr. Ed Davidson of the business division; Mr. Jack Bruck of the music division; Dr. Jack N. Averitt, chairman of the social science division; and Walter Matheis, of the education division.

Let's take a look at the first. I have seen excellent terraces constructed and the need for the extent that plowing and

driving across outlets rendering them useless for proper functioning of flood water. A terrace which if the outlets are not kept open. A terrace is no stronger than its outlet. I know we all get so busy sometimes that we neglect to go back and open the outlets until it's too late. What is the answer to this situation? Someone tell me if he knows.

On the other hand, I am greatly encouraged by many of our cooperators who love the land enough to properly care for it. I would like to use John Hunnicutt as an example of these truly soil and conservation farmers. John owns a nice farm southeast of Highway 80. He and others have told me that when he first bought the farm, there were deep gullies through the field which were almost impossible to cross. He had the land terraced and has blotted out those scars over the years.

Denmark HD Club hears

Miss Judy Webb

The regular meeting of the Denmark Home Demonstration Club was held at the home of Mrs. Arthur Buncie, April 26, with Mrs. Bill Jones as co-hostess.

Mrs. Jones gave the devotional. The pledge to the flag was given.

The assistant agent, Judy Webb, discussed nutrition with the club and gave out recipes which had been contributed by the different club members.

Final plans were made for the cooking school by the Georgia Power Company to be held at the Recreation Center, Fair Road, Statesboro.

For national Home Demonstration Week the club voted to remember the sick by visits, cards, or flowers.

Mrs. A. G. Ricker won the door prize.

Chamber of Commerce plans Tobacco Festival August 3-5

Mr. Albert R. Gibson Sr., executive manager of the Statesboro and Bulloch County Chamber of Commerce, told members of the Chamber's board of directors at its meeting Tuesday that plans are in the works for a three-day Tobacco Festival to be held in the county on August 3, 4 and 5.

According to Mr. Gibson the Festival will include a parade on August 4. "This is to be a real parade" he said, "complete with bands, beauty contestants and floats." He is stressing the float phase of the parade and is inviting local merchants and businesses to begin thinking and planning to include a float in their festival plans.

Other features of the festival include a Tobacco Queen, a Tobacco Princess, to be under six years of age, and a Coronation Ball. There is to be a beauty pageant in which all the girls in the county will participate.

"This is to be a Tobacco Festival" and is designed to be a tribute to the farmers of our county and surrounding counties," he said.

The course will include the following subjects: Testifying in Court, May 8; Search of Person May 9; Records—Use of and Maintenance—May 10; Use of Firearms—May 11; and Burglary Investigations, May 12.

The Student Council's Outstanding Organization Award was given to Alpha Psi Omega, a national dramatic honor fraternity.

A total of 28 students were cited for Excellent Scholarship, having attained a 3.5 average grade ratio over a period of five consecutive quarters at Georgia Southern.

Seventeen seniors were recognized for leadership and service, an honor reserved for the club and women who have exhibited constructive leadership in the advancement of the college or who have rendered unselfish service in an outstanding manner during their years in college.
