MISS MARY LOUISE RIMES WEDS MR. GEORGE MCLEOD

At an afternoon ceremony Sunday, February 20, in the First Baptist Church, Miss Mary Louise Rimes and Mr. George McLeod were married. The Rev. Leslie S. Williams officiated. A setting of exceptional beauty.

An oval arrangement of white gladioli and white chrysanthemums centered the altar design, flanked by seven-branched candelabra with tall white candles. On each side was a basket of white gladioli. Lovely palms gave background behind the bride and groom.

Mrs. George Sturgis, organist, and Miss Billie Zean Bazemore, vocalist, presented the nuptial music. Miss Bazemore sang "At Dawning" and "O Promise Me" and "The Lord's Prayer."

The bride is the daughter of Mr. and Mrs. Percy Rimes of Statesboro. The groom is the son of Mr. and Mrs. George Bruce McLeod of Reidsville, Ga.

The bride, given in marriage by her brother, Marvin Rimes, wears a gown of white satin, net, and Chantilly-type lace. The gracefully shirred bodice featured a low round neckline, bordered with lace and sequin flower medallions, long sleeves tapering to the hands, and a flared skirt with the back flanked by white satin buttons. The sweeping skirt was fashioned with a princess panel in front and pincettes of Chantilly lace on each side flared over the satin and net. The skirt extended into a chapel train. Her finger-ring veil of illusion net fell from a crown of pearls, and she carried a white satin prayer book topped with a white orchid, showered with white carnations and satin ribbons.

Miss Kathleen Boyd, maid of honor, wore a semi-formal dress of blush rose crystalatle fashioned with empire bodice with pincettes and nylon lace insertion with round neck edged with lace and cap sleeves. The bridesmaids, Miss Betty Jo Woodward and Etta Ann Akins, and Helen Waters, junior bridesmaids, wore dust pink crystalatle dresses fashioned identically to that of the maid of honor. All wore pink carnations in their hair and carried crescent bouquets of pink carnations and blue iris with pinks of blue iris ribbons.

The ushers were Brooks Waters, cousin of the bride, and Joe E. Green of Pulaski. John McLeod served as his brother's best man.

Mrs. Rimes, mother of the bride, wore a navy silk shantung two-piece dress with small white satin hat with sequin trim on the hat and strap veiling. Her accessories were navy and white and her corsage was of white carnations.

Junior Receives Physics Awards

Hamilton Grant, junior Andersonville, is the recipient of the achievement award in physics for colleges provided each year by the Chemical Rubber Publishing Company. It was announced this week.

Miss Mildred Leford, Agricultural Extension Service home industries specialist, said some 18,000 Georgia farm families made useful articles of handicrafts which represented a saving of more than \$13,000 in 1954.

Bulloch County Farm Bureau

Farmers urged to use recommended hybrid corn seeds for best yield

Coker 811 and Dixie 18 are still the best corn varieties to plant here for cribbing, the East, Nevils and Register Farm Bureau groups were advised last week. At least the results of corn tests conducted by the College of Agriculture Experiment Stations showed these two as the top varieties for this section of Georgia.

Georgia 101, Dixie 17, N. C. 27, along with several other ranked tops for grazing with hogs. Actually Georgia 101 ranked first in yield in just about all the tests and it is not too soft for keeping until in the spring if put in the crib. Georgia 101 gave a very good account of itself here in Bulloch county last year.

Other varieties showing well in the tests last year were given as Tennessee 29, Dixie 33, Dixie 11, Coker 911, Georgia 103, Pank 785 and 714 A. Woods S-210, Dixie 82, Dixie 22, and N. C. 36.

The groups were warned not to take hybrid corn from the crib to plant this year. These same tests showed that yield performance of second generation hybrid seed gave a decrease in yield of from 14 to 37 per cent when compared with first generation hybrids. The practice cost corn growers from \$14 to \$34 per acre on their 1954 crops.

ESLA started off the week Tuesday night with one of its largest crops. Every seed was taken. They served an oyster supper.

Carl Her, Jim Futch and Harry Futch joined in on the corn contest. Others will be taken in at the March meeting.

The group voted to work with the Home Demonstration Club in cleaning the building and putting up some curtains. The date set for this job was February 24, at 2 p. m. Mrs. Harry Futch asked the men to help with the work. The Home Demonstration Club officers were named to work out details of the improvements to be made.

Mrs. J. H. Bryant and Brenda Futch Strickland won the door prizes offered by J. H. Futch, the ESla president.

NEVILS Mr. and Mrs. Alvin McLendon were introduced as guests at the Nevils meeting Wednesday night, when president Gordon Hendrix announced that Mrs. McLendon was not actually a guest but a new home economics teacher at Nevils.

V. J. Rowe asked those

present to help get the cotton allotments that were not going to be planted turned back to the ASC office by March 1 so they could be given to someone that would plant the acreage this year.

Mr. Rowe also told the group they could get their cotton and tobacco land measured before planting if they care to.

Mr. Hendrix reviewed the resolutions adopted at the annual county Farm Bureau meeting. After a "short discussion" on possible changes in super plans, the group voted to go on as they now are.

Plans were made to hold a tractor clinic at Nevils, with the group interested in the clinic to meet February 21 to set up a schedule for such a clinic. Nevils served a fried chicken supper.

There are 41 Rural Electric Cooperatives in Georgia. Each is a separate corporation, directed by unpaid local citizens, elected by the members it serves. Each has a substantial payroll, spent locally. These Co-ops—and we are proud to be numbered among them—have invested over \$80,000,000 in facilities to bring electric power to 92 per cent of all rural homes in Georgia.

Our member-owners have spent about four dollars for every one invested by their Co-ops—to wire their homes and buy electrical equipment. This has created an entirely new market of over one-third of a BILLION DOLLARS.

Everyone has profited! Yet—twenty years ago—when only 3 farms out of every hundred had electric power, the great profit—utilities said the farmer didn't want and couldn't pay for it.

They had no faith in the people. WE DID! We are THE PEOPLE! That's why we say . . .

Language that is scuffed and worn can be brightened up easily and quickly with an application of floor wax.

Plans were also made for a tractor clinic at Register. O. E. Gay was to contact some of the group individually as to the time for it. John Wesley Moore, principal at Register, announced that the PTA was sponsoring a shower for the Otis Waters family because of the recent fire that destroyed their home. The shower was set for the afternoon of February 24.

J. L. Dekle, the Register president, reviewed the county Farm Bureau resolutions and election with the group. Register served a barbecue chicken supper.

A short but entertaining motion picture was a part of all these programs last week.

GOOD for GEORGIA

There are 41 Rural Electric Cooperatives in Georgia. Each is a separate corporation, directed by unpaid local citizens, elected by the members it serves. Each has a substantial payroll, spent locally. These Co-ops—and we are proud to be numbered among them—have invested over \$80,000,000 in facilities to bring electric power to 92 per cent of all rural homes in Georgia.

Our member-owners have spent about four dollars for every one invested by their Co-ops—to wire their homes and buy electrical equipment. This has created an entirely new market of over one-third of a BILLION DOLLARS.

Everyone has profited! Yet—twenty years ago—when only 3 farms out of every hundred had electric power, the great profit—utilities said the farmer didn't want and couldn't pay for it.

They had no faith in the people. WE DID! We are THE PEOPLE! That's why we say . . .

OUR HEALTH

By Dr. K. R. HERRING

NERVOUS INDIGESTION

NERVOUS HET

This day and age of speed with its accompanying worry, excitement, and emotional upsets, throws a very heavy burden upon the nervous system. In the brain all the centers of control for the organs, muscles, and all functions of the body. It can readily be understood how upsets in the nervous mechanism can disrupt body functions. As the brain is the main conduit for the nervous system, mechanical interference in the spine can likewise cause trouble.

Nervous indigestion, nervous stomach are the names applied to some of the diseases produced by nerve irritation when an involvement of the nervous system is obvious; however these conditions are forerunners of more serious chronic disorders.

One who acts in time and prevents the development of these disorders may live life to the full and be unlimited in normal activity. When a person has once developed, even under chiropractic care, the patient is necessarily limited in activities so that the strain upon the system is relieved. But with this cooperation from the patient plus the doctor's skill in re-opening the nerve channels of communication to restore the repair process of nature, the heart and stomach conditions will respond to Chiropractic.

Men of Song to be here Tuesday night, March 8

A concert by The Men of Song will be held Tuesday night, 8:15, in the Croan Auditorium at Georgia Teachers College. The group will sing for the Statesboro Community Concert series program for the year.

The third and final attraction of the season offers a regular and versatile singing group, veterans of seven years experience on radio and television. Names as one of the ten best musical attractions in the country by the National Society of Music. The Men of Song have plummeted into nationwide fame. Besides a number of guest appearances on big time shows, the group has been on syndicated radio.

Last year their annual concert tour was highlighted by a special invitation to the White House to sing for President and Mrs. Eisenhower.

The group features John Campbell and Carl Honzak as vocalists. Other members are: Edmond Karlsson as bass, and Charles Touchette as pianist-arranger.

The Statesboro Concert Association presented previously a season a modern dance group and a concert by the Boston Pops Orchestra.

Admission to Tuesday night's program will be by concert association membership card.

MEN OF SONG HERE TUESDAY NIGHT

Red Cross drive is now under way

During the next few days your neighbor will call on you to join the Red Cross. During the month of March some 30 million Americans will join. I feel that it is a privilege for me to have the opportunity to point out to you how important it is that you give your support to your Red Cross.

"Your Red Cross this year will spend over 36 million dollars for service to your sons and daughters who are serving your country. Your Red Cross will spend over 5 million dollars to protect and aid you when disaster strikes and will spend another 14 million dollars to see that blood is available to you when and where it is needed.

"Here in Statesboro and Bulloch county your Red Cross Disaster Committee, made up of many of your neighbors, stands ready at an instant's notice to go into action in the event of war caused or natural caused disaster.

"Should a storm or tornado come to our town today, your Red Cross would be on the job, giving aid to you and to those you love even before the storm had died away.

"You can count on Red Cross to do the job. Can your Red Cross count on you?"

(Signed) W. A. BOWEN,
City of Statesboro.

Letter from Preston

Mr. Max Lockwood, promotion chairman American National Red Cross, Statesboro, Georgia.

Dear Max:

This is in response to your letter of February 19, concerning the annual fund drive of the Red Cross.

It gives me great pleasure to bear witness to the splendid work that the Red Cross accomplishes both at home and overseas among the servicemen. During my overseas service in World War II, I had occasion to witness many times the splendid accomplishments of the Red Cross in providing for our men under arms. Today with our servicemen stationed in all parts of the world, the Red Cross continues to render tremendous service to those who are serving in foreign countries.

You may rely on my continued support of the Red Cross and I trust that the Bulloch County Chapter will go over the top in its 1955 drive for funds to continue this great undertaking.

With kind personal regards and best wishes, I am

Sincerely yours,
PRINCE H. PRESTON, MC.
