

Blue Devil Sportscope

BY MIKE McDOUGALD

And from here on out the going gets rough. . . Spring or no Spring. "The Man" got the Blue Devils uniforms out of the moth balls Monday and he's dangling them round and round, and the boys are saying to themselves, "Will there be one for me and 'The Man' says, 'Sure there's a uniform here for you, if you are good enough to earn it.'"

Coach, "The Man" Teel says (here we go again) he believes his boys are in again to begin scrumming. And the "Boys" agree and when they start that rough stuff their theme song will become, "It's been a Long Time."

It's fun to make a record. We will make a recording in your home or place of business. Or we can make the recording at our place at 29 West Main Street. Come in and investigate the possibilities. REASONABLE RATES.

boy, oh boy, will I be glad if it won't be long now. Those two days Mr. Sherman gave us and called Spring Holidays really did things to us. (you're lucky this week, too, to get anything out of your sportscope) ho-hum—think I'll take a little nap—just a short one, Boss).

ONE ACT PLAY GOTTA BE GOOD
The One-Act play is to be presented in about a week. Miss Margaret Garner, speech director is now whipping her cast (sounds like "The Man" at work on his foot-ball) into shape. The cast will include Sammy Tillman (that's Joe's boy), Patty Banks (that's Linton's girl), and Mrs. MacDougald little boy Mike (guess who that's Boss) Sure it's gonna be good. It's gotta be good. A FISH FRY GOODY!

Who's having a fish fry? Oh, the F. F. A. Chapter of Register. Now, where is it going to be? Seems that I was told the Tillman Pond, Oh, Goody! Did you say that all the high school girls are invited? So, that's the reason they've been all up in the air for the past few days.

Say, what are you going to do, besides fry fish? There'll be games, dancing and plenty of fun! Well, you can just bet we'll all be there when that has leaves at 6:30 on Tuesday evening. Who's going to chaperone us? Oh, yes, of course, Mr. Gay who is the F. F. A. sponsor. Thanks a lot boys, for giving us a send-off for a lot of spring treats in just the best of spring style—a fish fry.

THE ATHLETIC CLUB
HONORED
The Athletic Club of Register was given a chicken supper Saturday night at Lakeside near Metter.

It was given in honor of having won the state basketball championship.

Most all these boys are returned veterans having played on the Register High School team before they graduated. They are: Jerry Stevens, Harold Powell, Rufus Jones, Jeff Moore, John W. Moore and B. Johnson and Jack Tillman.

West Side Farm Bureau To Buy Heavy Equipment

The West Side Farm Bureau plans to buy, through a committee of farmers in their organization, ample heavy farm machinery to do any farm jobs their small farm tractors will not do. L. G. Banks, president, reports.

An order for 115 horsepower the largest tractor manufactured today, bulldozer, and a pan that will move from 13.5 to 17.5 cubic yards of dirt per trip along with the related necessary machinery, has been signed and forwarded to the manufacturer. Fred G. Blitch, chairman of the committee, will attend to the details of the program filed the order Saturday after another meeting of the committee.

Mr. Banks stated that, in naming the committee, set up 30 days ago, there were many farm jobs they were not being able to do with their present tractors and that none of the fellows in the community had ample work to warrant anyone individual buying such machinery. He proposed that a committee be set up to study the problem, making a survey of what such equipment would cost, and how much work there was in the community for the machinery after it was purchased. To serve with Mr. Blitch, W. H. Smith, Jr., and Sam L. Brannen were named.

The committee reported back their regular meeting last week. The observation will begin at 3:30 when the Statesboro High School band will parade the streets of Statesboro. A speakers platform will be set up on the court house square and a program has been arranged.

Major Dorman will make the welcome address, and Prince H. Preston City Court judge-elect.

We Need A State Patrol Sub-Station

Last week seven auto drivers were arrested and cases made against them for driving while under the influence of liquor, in Bulloch county.

Two deaths have occurred due to fast driving under the influence of liquor.

There are laws against driving too fast and against driving a vehicle while under the influence of liquor.

But without adequate enforcing authorities, people will continue to violate these laws and our sheriff's office does not have the personnel to be in all parts of the county at one time.

Statesboro and Bulloch county has an opportunity to secure a sub-station of the Georgia State Patrol.

To secure this sub-station we must provide quarters for its personnel of about five men.

We would need a five or six room house that would serve as barracks for the personnel and house their office.

Once before Statesboro had this opportunity and let it slip and the sub-station went to Savannah. Here is the opportunity knocking, the hide while under the influence of liquor.

Let's not let it slip away from us again.

A State Patrol sub-station is a definite advantage to the community in which it is established.

Aside from the restraining influence it exerts on would-be law violators, it would bring five or six men of fine character to live with us.

We would like to see Statesboro secure a sub-station of the state patrol here. We need it.

Good Books Are True Friends

In the best books great men talk to us, give us their most precious thoughts, and pour their souls into ours.—Channing.

What do you know about great men? There are among our great men that we know little about. What a rambling background of history in every field can be derived from interesting biographies and autobiographies.

If you are interested in "history in the making," you will enjoy some of the books which capture the contemporary scene. "THE AMAZING ROOSEVELT" family by Schrieff is a swift paced family chronicle, no dry-as-dust genealogy. It is the absorbing story of the two main branches of the Roosevelt tree, each of which has produced a President.

Also woven into this fascinating story is the stirring history of a great nation. This MAN TRUMAN by Frank McCaughy is the first full authoritative biography of our President—a man whose life follows closely the pattern of the success story. Eisenhower; Man and Soldier by Miller, is the story of the Eisenhower family and background which helped "Iron Ike" to be one of the most powerful generals in all history of civilization. It is the story of a typical American boy from a typical town.

It is the story of developing leadership and military genius.

Musicians should enjoy ENRICO CARUSO by his wife Dorothy. Enrico's fame as a singer was legendary during his lifetime. Today, 25 years after his death, he is still idolized by music lovers all over the world.

To the public Caruso revealed only one side of his personality. He never appeared outside his home without a protective mask—a mask that "laughed, charming young daughter. Being a very friendly person, she would chat with friends whom she chanced to encounter, this soon wearied the young daughter who began

... But Don't Blame Us If the Almanac Is Wrong!

It comes to us as a definite shock. We love the ladies—bless them, but it develops that they are the ones who are keeping the GI veterans—"the wonderful man-courageously for blueberry pie; the hood of our nation who fought so flower of our youth, the saviors of this great nation of ours, your brother, your sweethearts...

... that's what they were called before VE Day and VJ Day. Remember?—in their GI breeches and shirts, and combat jackets, because they could not find a blue suit, or a grey suit, or a pin strip suit.

The revelation is made in a report on confidential Government figures on women and worsted goods.

Briefly here is the story: It boils down to the fact that higher prices, and the most veteran men are being left out in the cold.

If you don't believe it, look at these figures. During the last quarter of 1945 the production of woolens and worsted goods...

There are enough people in Statesboro to support a country club. It will take money to have one—lots of money. But it will pay dividends in the long run.

It would be a family affair, offering recreational facilities for all members of the family from Dad, who will swing, swear, and fall in love with the game-golf, to tiny Junior who will find it fun puddling in the wading pool.

It would take organization. It would take men who know what they want and who are willing to work to see the thing completed. It can be done. And there is the need for a country club in Statesboro.

It would be an asset to Statesboro, and a magnet to hold our young people in our community to grow up and make their home for life.

It can be done... are you interested?

HOME CLUB GETTING READY FOR TEXTILE PAINTING

The Women of Bulloch County Home Demonstration Club are getting ready for the textile painting demonstration for the month of April. This demonstration was originally scheduled for July, but due to the busy season and the hot weather the women decided the change would be better.

For this demonstration, the women must bring their articles finished. This is necessary in order for the design they paint to be in the right place. The women know closely woven, firm material is better for this textile painting.

In this demonstration, the women will mix their own paint so they can get the tints they want. They will use designs already made by Mrs. Spears, Home Demonstration Agent.

World-wide Food Shortage Causes Truman Appeal for Home Food Gardens Again

Because of the world-wide food scarcity, President Truman has called on Victory gardeners to continue in 1946 the home production of vegetables which added so much to the national food supply during the war.

The President's appeal will take many gardeners by surprise, and cause them to change their plans, if they had expected to devote their vegetable plots to flowers this spring. It is recognized that only a serious emergency would have caused the appeal.

Reports of reduced commercial production and higher costs have been widely current, and predictions of a curtailed pack of canned goods have been made. The President's appeal asks for both production and preservation of food by amateurs, just as during the war, in order to increase the country's total supply. Forty per cent of this total in war years was credited to Victory gardens.

Immediate steps to inaugurate a government campaign to back up the President's appeal were taken by Secretary Anderson, who named Paul C. Stark of Missouri director of the National Garden Program and head of a committee to plan the department of agriculture's participation in the campaign.

Mr. Stark will also maintain liaison with other agencies in ment, and can provide a large body of citizens with much needed assistance in home gardening."

HER HEART IS IN THE RIGHT PLACE

Children are alike the world round, unselfish, kind and responsive. The child in mind today is little Maudika, the charming daughter of our own Maude Cobb Bretz. They recently arrived from their home in Hungary to visit Mr. and Mrs. Wallis Cobb and other relatives.

Sunday morning at the Baptist church as the collection plate was being passed, Maudika opened her purse and took out 63 cents to put in. Her mother suggested that she not put in all but save fifty cents and to it add another 50c to send to Hungary as their need is so great. She immediately gave the 50c piece to her mother then intended giving the remainder to the church. In the course of waiting for the plate to be passed to her, somehow one nickel became separated from the other and when she realized this nickel didn't go in too, she held it up to show, with the most surprised expression on her sweet face. Maudika speaks very little English but her willingness to give her all was easily interpreted.

HEARTS HIGH CLUB

Mr. and Mrs. Julian Hodges were hosts to the Hearts High Club Monday evening at the Sewell House.

The spacious social room, where the guests were entertained, was artistically decorated in a wealth of azaleas from shades of deep rose to twilight purple, and vases of roses.

The guest list included: Mr. and Mrs. Jake Smith, Mr. and Mrs. Buford Knight, Mr. and Mrs. Sidney Dold, Mr. and Mrs. Frank Hook, Mr. and Mrs. Paul Sauve, Mr. and Mrs. Gerald Groover, Mr. and Mrs. Charles Olliff, Jr., Miss Mary Sue Akins, and Charlie Joe Mathews.

Prizes for high score were: for ladies a lady Buxton bill fold; for men, handkerchiefs and tie.

After the games delightful party refreshments were served.

KID'S COSTUME PARTY

Monday evening, April 1st, the home of Mr. and Mrs. Logan Hagan on Broad Street was the setting of the merriest party of the season, when Miss Patsy Hagan and Edgar Hagan entertained the members of the senior class.

The guests attended wearing their "Kid's Day" costumes which inspired bursts of rapturous laughter and gleeful mirth.

During this party the dignified seniors forgot their dignity and lived in realm of childish fantasy. Youthful games, bingo, wink, blind man's bluff, fishing for love, fruit-basket-throw-over, were thoroughly enjoyed. Contests were another feature of entertainment, a novelty prize was won by Miss Vivian Bennett for pinning on the donkey's tail. Waldo Floyd also was awarded the prize in a slogan contest. During proms hunkies were enjoyed, and at the conclusion of games and contests, delightful ice box cookies, coca-colas and toasted nuts were served.

Mr. and Mrs. Roy Girardeau of Greenville, S. C. were dinner guests Monday of Elder and Mrs. Henry Waters.

T-Sgt. Eustace L. West, son of Mr. and Mrs. E. W. West, recently discharged from Military service and returned home Thursday morning after serving three years in India, Lido, Ceylon and China. Miss Carmen Cowart and her visitor, Miss Sallie March have returned to Statesboro after spending the spring holidays with Miss Zula Grammage and Mr. and Mrs. H. H. Cowart.

Mrs. Howell Sewell returned Sunday afternoon from a visit to her brother, Nelson Coffin and his family in Cuthbert. Her sister, Esther, and her husband, George Gardner who is president of Delta Air Lines flew up from Jacksonville to join them for the week-end.

HOME AGENT GIVES TIPS ON CHOOSING KITCHEN ARTICLES

Homemakers can begin to satisfy their needs and choices in kitchen utensils now that such items are appearing in stores in considerable quantity, Miss Doris Wheeler, assistant home demonstration agent, said this week.

"Before making purchases," Miss Wheeler declared, "it will be a good idea to visit well-equipped kitchenware departments to study displays and labels. Utensils well constructed of durable materials will give many years of service."

The home demonstration agent advises selecting those that can be used for many purposes, that are convenient to handle and store and which require a minimum amount of care.

"First," she said, "remember that you are looking for something to cook in not just to look smart and colorful on your shelves. Points which make utensils desirable and good tools to work with are good balance, smooth surface flat bottom and straight sides, comfortable, cool handle insulated against heat, close fitting cover, durability, ease of cleaning and care, and attractiveness."

The smoother the utensil, the more durable and the easier it is to clean, she continued. A flat bottom makes for steadiness and increased efficiency in heating. For use on electric stoves a bottom with a dull finish saves fuel since it absorbs heat while a bright finish reflects it. Straight sides save space on the stove and on the storage shelves.

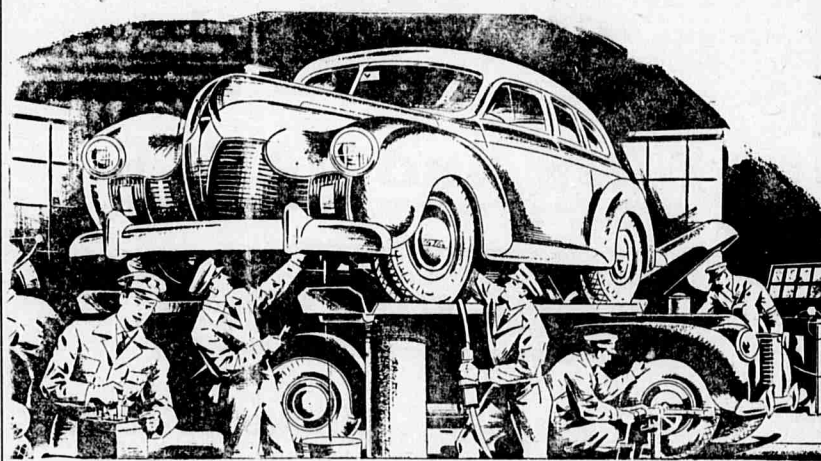

Some good aluminum is returning to the store shelves, Miss Wheeler said. There are two kinds of aluminum—cast which is molded, and stamped which is rolled into sheets of desirable thickness and the utensils are stamped or cut out and then pressed into shape. Stamped aluminum is in three grades—light, medium and heavy. The heavy is a better buy because of its greater durability and it can be mended with aluminum solder."

Stainless steel is coming into greater use for kitchen utensils and it has a nice appearance and some good qualities, she pointed out. Porcelain enamel ware has been more available than most other materials during the war. It comes in different grades, but the best grade is the best buy. It will crack from knocks and quick changes in temperature, and must have careful handling.

Many homemakers still prefer certain utensils made of cast iron and these are ideal for long slow cooking, Miss Wheeler said. "Heat-proof glass makes attractive cooking utensils and glass oven wear has been in use for a number of years and is very satisfactory when properly handled," Miss Wheeler asserted. "Glass

utensils have many points to commend them. Flameware for cooking on top of the stove is highly heat resistant.

A PROCLAMATION

By virtue of the power invested in me as Mayor of the City of Statesboro I proclaim Saturday, April 6, Army Day.

It was on that day in 1917 that the United States joined the Allies in World War.

In 1927 this Army Day was established to commemorate that date. And today we join the Army in observing this anniversary.

With World conditions as they now are this is no time for the United States to display any attitude of weakness nor to permit pacifism or our love for peace to blind our people to the real conditions.

We now have 3,000,000 men in uniform, but we have no army. We remember how the United States went from a strong militarily-prepared nation in 1918 to one of the world's most poorly prepared nations in 1935. We saw the pacifist and the idealist lead us into a position that permitted World War II and forced us to send our sons into battle, unprepared, as we were unprepared and untrained in World War I.

The people of Statesboro and Bulloch county are urged to participate in the Army Day program to be announced.

THIS THE 3rd DAY OF APRIL, 1946
ALFRED DORMAN, Mayor.

To The People of Statesboro and Bulloch County:

On April 6, 1946 the nation joins the U. S. Army in observing ARMY DAY. This day was established to commemorate the date that the United States joined her allies in World War I.

As commanders of the Dexter Allen Post of the American Legion, and of the Bulloch County Post of the Veterans of Foreign Wars, we endorse the observance of this date.

Your sons and our sons, your husbands and loved ones fought and died in both World War I and World War II. Their memories should ever remain bright in our lives. And so we join the nation in commemorating this date.

H. H. OHFF, Commander of the American Legion.
P. H. PRESTON, Commander of the Veterans of Foreign Wars.

Blue Devil Sportscope

BY MIKE McDUGGALD

Kid's Day—April Fool's Day—at the home of the Blue Devils took the spotlight this week away from the Boys in Blue out on the scrimmage field.

To say that Kid's Day went over with a BANG is putting it mildly. Cap pistols, rubber guns, slingshots, all ailments of youngsters were very much in evidence. Wister Upchurch "killed" an army or two, Waldo Floyd "stretch" his skills to include a battalion or two.

The seniors invited the first Graders over to see them—sort of a "see you as others see you" affair. They went down front in the auditorium during the Kid's Day.

Aside to Mike: "You better come 'round to see me after school this afternoon we got a little business to talk over." So then he picked Waldo Floyd as winner for the best boy's costume. He also made Waldo promise to cut him in on his candy prize.

With the prizes all out of the way and his classes cleaned up, Professor Daugherty decided to let his school youngsters off for the day so they all took off for Lake View where they had a picnic.

Mrs. Dedrick Waters has the most unusual pet imaginable, it's a beautiful green frog about thumb size, cozily tucked in the folds of a calla lily leaf. Really its amusing how interested it listens when being talked to. Did you ever think a frog would talk? Well this really is and would attract the lapel of any bright spring suit.

Did you know that a few mornings ago the telephone rang in the office of a young married man who was holding a conference. He answered the phone and thought he was talking to his wife—Oh, brother, did his face turn red when he discovered it was the wife of another who thought she was talking to her husband.

Little Lynda Pender was proudly walking with her attentive father Friday. In her arms she carried her beautiful auburn haired doll. The doll is really the most minute detail in bride attire, the formal and traditional white satin dress the flowering veil and orange blossoms. The bride, wearing a doll bridegroom and best man were waiting at the little church around the corner.
