

ARTHUR MURRY SCHOOL OF DANCING TO HAVE TEACHER AT WOMAN'S CLUB MONDAY

On Monday, February 3, instructors from the Savannah Artistic Murry School of Dancing will be in Stabsboro to offer trial lessons in ballroom dancing for adults and teenagers, and tap and ballet dancing for small children.

Doris Hale Garstin, director of the school of dancing, points out that tap dancing and ballet dancing will improve posture, develop coordination and poise in children as well as an appreciation for music. For adults it develops a feeling of confidence and a new sense of pleasure.

She invites those who are interested to be at the Woman's Club on Monday afternoon, February 3 where instruction will be given until 9:00 o'clock in the evening.

EXECUTIVE BOARD OF WOMAN'S MISSIONARY SOCIETY MEET

The executive board of the Woman's Missionary Society of the First Baptist Church which meets on the last Monday of each month, were entertained last Monday afternoon by Mrs. W. H. Aldred, Sr. at her home on North Main Street. The rooms were beautifully decorated in red and white early spring flowers.

HOUSTON GIRL BECOMES TOP FLIGHT SKATING STAR

The dazzling ice spectacle, "Ice Vogues," which comes to the Municipal Auditorium for a week, starting on February 7, boasts of one of the most unusual oddities in all show business. Even more unusual than would be the fact that an Olympic swimming champion would come from Nome, Alaska, is the fact that Eloise Day, one of the highest flying skaters in "Ice Vogues" hails from the warm climes of Houston, Texas. Obviously, this is a case of the attraction of opposites, as Houston is certainly not noted for its icy winters and yet, the charming Eloise is recognized as one of the most talented young skaters yet to be seen on the ice.

Always completely entranced by ice skating, Eloise joined the Tulsa figure skating club at the early age of 13, she was the outstanding performer in this group.

While attaining great fame as a skater, Eloise is not yet satisfied. She admits to the burning ambition to become a real international rink star. With every performance of "Ice Vogues" she proves that such an accomplishment is within her grasp.

A Verse For This Week

Relaxation is a physical and moral necessity. Animals, even to the simplest and dullest, have their games, their sports, their diversions. The totem artesian, stooping and straining over his daily task, which taxes eye, brain and limb, ought to have opportunity and means for an hour or two of relaxation after that task is concluded. —Horace Greeley.

Make It a Living Memorial

The followers and friends of the late Eugene Talmadge want to spend \$100,000 to erect a memorial to him on the Capitol Grounds in Atlanta.

It is natural that "Ole Gene's" friends should want to memorialize him. And in spite of our disagreeing with his methods and ideas we approve and endorse the movement for a memorial.

Eugene Talmadge four times was awarded the governorship of Georgia by the people of this State. Thousands of Georgians will cherish his memory as long as they live. As one of the outstanding governors in our recent history it is only right and proper that a memorial should be set up to him. Because thousands of others hated him and despised his philosophy does not alter the fact.

But we believe that "Ole Gene" would not like the idea of a cold stone or marble statue of him.

We Commend Him

You may not like the man... but he is doing an excellent job. He is doing what the City is paying him to do and he is showing favors to none. The man of whom we are speaking is Mr. Clinton "Tucker" motorcycle policeman, employed by the city to regulate traffic and to keep people from speeding and double parking. Regardless of whom you are and how much "drag" you think you

NEW ORLEANS WOMAN

Hartnett Kane.

The first book for discussion this week is Hartnett Kane's "New Orleans Woman." To tell the truth, I was just a little disappointed with it. From the title, and the publishers releases, I had expected something quite different. It deals with the life of Myra Gaines, who all her life, fought to be recognized as the legal heir of Daniel Clark. She was twenty, when she discovered that she was not the daughter of the people whom she called mother and father. Her real mother is Louisiana Creole who claimed to have been married to Daniel Clark, a millionaire, but due to misunderstandings and the fact that she had contracted a previous marriage to a man later proved a bigamist, the marriage was never announced, or publicized. When Myra went to New Orleans to try to claim her property she was blocked on every side, but due to crookedness of Clark's partner in business, Papers, including the will leaving everything to Myra, disappeared mysteriously. Witnesses were bribed, and they succeeded in ruining Myra's reputation. Her husband was kidnapped, put in jail, and treated in a manner reminiscent of the Nazis.

He died and some time later, after Myra had been reduced to poverty, she met and married General Gaines, who put all his power and wealth into the fight. The unbelievable part of the whole case was that Myra succeeded in having the will in her favor (which never came to light) recognized, and having her

self declared Clark's legitimate child.

This all really happened, and in an epilogue, Mr. Kane relates that the City of New Orleans, which had taken over some of the disputed land, finally paid to her heirs the sum of \$923,78 in full settlement.

THE SECRET — by Margaret Runbeck.

This is an inspirational book containing three short stories. They tell what happens to families who have lost a child, the most heartbreaking loss of all, and how the parents gain some realization of immortality.

MYSTERY OF THE WEEK

The mystery of the week is "The Saigon Singer" by Van Wyck Mason. This one has everything—beautiful spies, jewels, codes, poison, knives in the dark, and the ever fascinating Major North. North is ordered to Saigon, in order to contact the Black Chrysanthemum, who has in her possession a list of names of English and American men who helped the Japanese during the recent war. Who she is, is only one of the mysteries North has to solve. A young lady named Natalie Converse, of the U. S. Consular, conversed things pleasantly. The story has a very colorful background. Saigon in Indo-China, the characters are a fascinating lot. Mr. Mason's mystery books have a literary value as unexpected as it is rare. It is not surprising, when you consider that he has also written such fine favor (which never came to light) recognized, and having her

MORE ABOUT GOLF

Last week we took up the discussion of the instruments used in playing "this game golf." A number of people have wondered if we knew what we were writing about and we were embarrassed to admit that we did not. But it is always the case that the less you know about a subject the better you can write on it. That being so, let us continue with the discussion. This week we will take up some of the terms used by golfers, would-be-golfers and the "dubbers."

THE TEE

Beginning at the beginning there is the "tee"—the tee is a tiny wooden support that you stick up on the TEE and on which you place your ball before swinging at it with one of your clubs or sticks (described last week). The TEE (in caps) is the spot on the golf course on which you stick up your tee as you begin each hole. There are nine TEEES on the Forest Heights Country Club course. You can have a pocket full of tees—and you'll need them all, for in most cases when you hit at the ball you usually hit the tee and it being small you can't find it.

FORE

When you are out on the fair, you or in the rough—the woods are the rough) and you are about to hit the ball and you see someone that might be in the line of the ball's flight you holler FORE. That then absolves you from all responsibility if your ball hits the person. Of course there is nothing to keep him from running you down and tromping you in the dirt—if he be bigger than you.

PAR

"Par" is a mythical figure dreamed up by the devils which plague all golfers. It varies with various courses. It says that a hole can be made in just so many strokes. That's PAR. One hole can be made in three, another in four, another five—PAR never allows for more than five strokes. But there is nothing that says a player must make the course in PAR. As a matter of fact PAR is the exception and not the rule. All players fight "Par" from start to finish.

BIRDIE

A Birdie in golf is not exactly like the birdie you look at when having your photograph made. A Birdie in golf is when you play a hole in one strokeless than PAR. Birdies are rare but much sought after by golfers. When a birdie is made it means the player has backed out of the course tomorrow early looking for another one.

ON THE NON-FICTION SHELF

On the non-fiction shelf, are two books which should be of great value to the athletically minded. One is "Bowling" by Joe Palumbo, and the other is "Golf" by Patty Berg. Both of them are extremely informative, not only telling how to play, but also what equipment to buy, and even what to wear.

PRESTON SPEAKS —

vent a recurrence of the abuse of finances that had occurred during the Reconstruction Era, but the provision for the returns of election of the governor quoted above were carried forward without material change. In 1943 the legislature authorized a commission of 23 members to revise the constitution. This commission's work was submitted to the general assembly for further revision and approval, and on August 7, 1945, the people ratified a new constitution. No change was made in the method of electing the governor, but provision was made for a lieutenant governor, as follows:

"There shall be a lieutenant governor, who shall be elected at the same time, for the same term, and in the same manner as the governor. He shall be president of the senate, and shall receive the sum of \$2,000 per annum. In case of the death, resignation, or disability of the governor, the lieutenant governor shall exercise the executive power and receive the compensation of the governor until the next general election, or if the term will expire within 90 days after the next general election, the lieutenant governor shall exercise the executive power and receive the compensation of the governor for the unexpired term.

The failure to make specific constitutional provision for succession to the office of Chief Executive in case of the death of

things his preacher would not approve of, and then there were to give up the blasted game anyway.

HAZARDS

To a golfer everything in the world is a hazard. The very thought of the game itself becomes a hazard. The risk in playing is a hazard; the ball on the tee in front of him is a hazard; what he had for breakfast and lunch is a hazard and the second he begins the game; The sky above, the ground below him, the trees about him, the grass that grows all are hazards. These are termed mental hazards—but to the golfer they are none-the-less just as real as the traps around the greens. Some days the hazards are absent—then some days they are there with a vengeance.

TRAP

A trap on a golf course is not, in any sense of the word, like the trap used to catch rats, or coons, or rabbits or bears. But its just as disastrous to the golfer as the ordinary trap is to rats, coons, rabbits and bears. The "traps" are usually located around and close to the greens. The closer the golfer approaches the green the more likely he will be caught in a trap. When he tries to hit his ball up on the green he sees his ball, as it is in flight, being attracted and drawn into one of the several traps around the green. He groans, throws his clubs, says

the Chief Executive-elect is not a mystery too deep to be fathomed by men of intelligence. The Constitution of the United States had no specific provision on this matter before the adoption of the twentieth amendment in 1933, and while the National Constitution now provides for succession of the Vice President-elect, much doubt remains as to who would be President in both the President-elect and Vice President-elect should die before inauguration.

That rival claims should be advanced in Georgia in a case where the constitution is not specific is but natural. Supporters of Herman Talmadge controlled the general assembly and elected him governor by a vote of 161 to 96. Melvin E. Thompson, elected lieutenant governor—and his supporters contended that the general assembly was without authority in this matter; that the lieutenant governor legally became the acting governor upon the expiration of the term of Gov. Ellis Arnall. The attorney general of Georgia and retiring Governor Arnall supported Thompson's claim. Governor Talmadge, who was supported by the adjutant general, gained control of the executive offices in the capitol. A suit has been entered in the courts to test the legality of the election of the governor by the general assembly. Talmadge asserts that the courts have no jurisdiction in the matter, but, nonetheless, he has publicly announced that, should he be mistaken in this position, he will abide by the decision of the Supreme Court of Georgia. Moreover, in his first appearance before a joint session of the general assembly he stated that at the end of the present session, limited to 70 days—he would be willing to resign if Thompson would also resign and permit the speaker of the house of representatives to serve until an election by the people could be held. Thompson, insisting that he has the only legal claim to the position of governor, did not agree to this procedure; hence all parties await the decision by the supreme court.

The educational and charitable institutions, and most agencies of the State government are functioning normally in the meantime. There has been no violence or bloodshed. A perfectly natural solution is being made of the situation that could have arisen in many States.

The ridicule of Georgia during the past year has had no justification. Reference to any standard encyclopedia will show that Georgia still remains the largest State east of the Mississippi, that her population is above 3,000,000, and her birth rate—Rousseau's criterion of a healthy state—one of the nine highest in the United States. That in 1946, the year she received the highest honor of the world, she still remains the largest State east of the Mississippi, that her population is above 3,000,000, and her birth rate—Rousseau's criterion of a healthy state—one of the nine highest in the United States. That in 1946, the year she received the highest honor of the world, she still remains the largest State east of the Mississippi, that her population is above 3,000,000, and her birth rate—Rousseau's criterion of a healthy state—one of the nine highest in the United States.

Georgia produced 550,000 bales of cotton, 730,300,000 pounds of peanuts—highest in the nation—44,145,000 bushels of corn, 114,747,000 pounds of tobacco, 6,204,000 bushels of peaches, 7,020,000 bushels of sweetpotatoes, 4,025,000 gallons of sugarcane sirup; and other agricultural products of a total exsive will merit only a small footnote in the history of a great 000, that since 1940 Georgia has

produced 60 percent of the Nation's naval stores; that taking advantage of the recent discovery of her distinguished scientist, Dr. Charles Herty, Georgia is forging ahead in the manufacturing of newsprint from slash pine; that her textile industries are rapidly expanding; that her 4,000 manufacturing establishments employed 255,900 persons in 1946, as compared with 170,000 in 1939; that the annual value of her 27 mineral products—including 80 percent of the Nation's supply of kaolin for the war years—is above \$20,000,000.

Those who criticize Georgia's educational institutions should remember that at the University of Georgia, the oldest chartered state university in America, increased emphasis is being given to research and publication, and that the recently established University Press is already making a distinct contribution to American culture. Newspapers that heralded the fact that approximately 100 students out of an enrollment of 6,314 at the university made an orderly march to the capitol to present their views in the controversy over the governorship, gave little or no notice to the fact that on the same day the regents of the university system of Georgia voted \$1,250,000 for a new library building. The State of Georgia has increased her annual appropriation for educational purposes three-fold in the past 15 years. For the school year ending in June 1946, Georgia had 4,745 elementary schools—1,776 for the white children and 2,969 for Negroes—with an enrollment of 991,150 pupils—372,667 white and 238,503 negroes—and teaching staff of 15,864—9,962 whites and 5,902 Negroes. With a teaching staff of 6,314—5,033 white and 1,281 Negro. In this fall quarter, 1946, there were 22,653 students enrolled in the 18 divisions of the university system of Georgia—including 1,718 in 3 Negro colleges—no say nothing of private educational institutions such as Emory, Mercer, and Agnes Scott. The State of Georgia now ranks first in the Nation in the percentage of total State income devoted to education. Is adverse criticism justified?

The signatures of Lyman Hall, Burton Gwinnett, and George Walton remain on the Declaration of Independence. The statues of Alexander Hamilton and Crawford W. Long remain in the Nation's Hall of Fame. The poems of Sidney Lanier are still admired by all Americans. The golden isles of the Georgia coast and the lakes of the Georgia mountains remain favorite resorts. The people of Georgia still employ the hospitality for which they are renowned. The Cherokee rose will blossom again in the springtime. The year 1947 is likely to see Georgia continue her rapid strides in industrial and agricultural progress. Half Truths Are Dangerous-- More dangerous than false statements Let's look at the other half of the picture --- LET'S PLAY FAIR!

1 Many people, many good people in Bulloch County have signed a petition calling for an election to determine whether or not the County shall continue to have LEGAL CONTROL of Alcoholic Beverages or whether the County shall have so-called "Prohibition". LET'S LOOK AT THE RECORD.

2 If so-called "Prohibition" is brought back, make room, extra room and lots of it, for the Bootlegger. Make no mistake about this. Without fail, whenever a county has voted to try once again to have so-called "prohibition," THE BOOTLEGGERS HAVE MOVED BACK IN!

3 The uncontrolled sale of Alcohol means that all the whiskey sold in Bulloch County will be sold by Bootleggers! (And if you are honest with yourself you will admit that whiskey will be sold! Tell any group of Americans that there is a commodity they CAN'T have, and watch what happens! What happened when coffee was first rationed! People used black market, bribery, any method possible to GET coffee. As soon as coffee was back on the shelves, coffee was bought sparingly, and only when actually needed!) Prohibiting won't work in America. Legal control, Yes. Prohibition? NO!

4 The Controlled Sale of Alcohol means that: Alcoholic Beverages are sold in STORES, not Hideouts: Stores that are operated by responsible Bulloch County Citizens.

THESE STORES PAY—
FEDERAL LICENSE FEES
STATE LICENSE FEES
COUNTY LICENSE FEES
CITY LICENSE FEES
RENT, WHICH ADDS TO COUNTY INCOME
WATER AND LIGHT BILLS.

7 Then there is the item of Revenue derived from the sale of Alcoholic Beverages in Bulloch County. In 1947 an estimated income of \$75,000 will be paid to Bulloch County by the Bulloch County Alcoholic Beverage Stores. This money will be used in and by Bulloch County for City and County improvements, for teachers, for health services. Where else will Bulloch County get \$75,000.00 for Schools, for improvements of all kinds! What will it mean to the County to lose \$75,000.00 a year in revenue? What taxes will have to be levied to take the place of the lost taxes? What will so-called Prohibition in the County cost YOU?

Let's Play Fair!

LET'S PLAY FAIR! LET'S EXAMINE THE WHOLE QUESTION OF LEGAL CONTROL BEFORE WE DECIDE WE WANT "SOMETHING ELSE"—"SOMETHING ELSE" IN THE FORM OF PROHIBITION — THE SAME PROHIBITION THAT PROVED SO DISASTROUS THAT THE AMERICAN PEOPLE REJECTED IT! WE BELIEVE THAT THE FAIRMINDED PEOPLE OF BULLOCH COUNTY WILL LINE UP ON THE SIDE OF LAW AND ORDER—ON THE SIDE OF CONTROL, LEGAL CONTROL—AND NOT ON THE SIDE OF THE BOOTLEGGERS!

International Harvester Announces New Line of Trucks

International Harvester has just announced a new line of motor trucks. The initial showing of these new "KIB" models was in Fort Wayne, Indiana, a few days ago before a gathering of several hundred members of the press from all parts of the United States and officials and department heads of the company. Included in the exhibit were Harvester's recently introduced "Western" models.

At the same time, according to Mr. Aubert J. Brannen, Statesboro Truck and Tractor Co., Statesboro, local International Truck dealer, ceremonies depicting the company's 40 years of progress in the truck industry were conducted.

"International Harvester is introducing new models now for two reasons," said Mr. Brannen. "First, to provide operators with improved truck performance; and second, to provide operators with better looking trucks. Even though new models are being introduced, production has not been slowed down. The old models are rolling off the line right along, side the new ones—without a single moment's assembly line stoppage. Trucks are too badly needed to stop production for a minute."

"This year," continued Mr. Brannen, "has a special meaning for International Harvester, quite aside from the fact that we are building new models. This is Harvester's fortieth anniversary year as a truck manufacturer. Yes, forty years ago Harvester began production of the then impressive schedule of one hundred International Auto Wagons, high-wheeled, low-powered vehicles designed as we then said, 'to pull the farmer out of the mud.'"

"Contrast between the first international and the new 40th anniversary models is marked, I assure you. But as antique-looking as the 1907 International Harvester Auto Wagon is, it was the glamor wagon of its day, and served American businessmen and farmers both profitably and well."

NANCY ATTAWAY HAS PARTY

Nancy Attaway, daughter of Mr. and Mrs. Grady Attaway, entertained forty boys and girls with a lovely birthday party Saturday night, it being her thirteenth birthday.

A buffet supper was served consisting of a variety of heart shaped sandwiches, potato chips, olives, pickles, candy hearts and Coca-Cola. The birthday cake decorated with red hearts and candles, was cut and served to the guests.

HEARTS HIGH ENTERTAINED BY MR. AND MRS. SMITH

The lovely play room of the Attaway home was thrown open and was beautiful with the Valentine idea throughout. Among the interesting games played was heart dice with Deborah Prather and Jimmy Bland winning high scores. Spring flowers were used in the living room. Besides Mr. and Mrs. Smith, these playing were, Mr. and Mrs. Buford Knight, Mr. and Mrs. Sidney Dodd, Mr. and Mrs. Paul Sauve, Mr. and Mrs. Frank Hook, Mary

The Rushing Hotel... Statesboro's Best

This week I assumed ownership of the Rushing Hotel. It is my plan to renovate the Hotel as soon as possible. I want to make it the modern hotel that Statesboro deserves.

For the people of Statesboro I plan to feature a Sunday dinner from 12:30 til 2 at a nominal price—\$1.25 per person, which will make "dining-out" a pleasure.

For the people who stop at the Rushing Hotel I plan to make the rooms as comfortable and clean as it is possible.

I pledge all my efforts to making the Rushing Hotel one of which Statesboro can be proud and one that the traveling public will remember.

TO APPLICANTS FOR ELECTRIC SERVICE

Some Facts You Should Know

As an applicant for electric service, you want to know when you will get service... why there is a delay... and what's being done about it.

It boils down to this: we cannot get enough wire and transformers to meet the demand. Without them we are helpless.

Why Shortages?

There are two reasons we can't get enough materials: 1) manufacturers cannot make fast enough; 2) an unprecedented demand.

To Those Who Plan To Build or Buy

Delays in extending new services are bound to take place until the necessary wire and transformers are available. So we urge you to consult us before building, buying, or planning any move that will require new electric service. See us as far in advance as possible. It's important! It will help.

We Want to Serve You

It's hard to ask you to be patient. But we do ask it, and at the same time we promise to do all we can to serve you as fast as possible. We want you as a customer as much as you want to be one.

GEORGIA POWER COMPANY
A CITIZEN WHEREVER WE SERVE

STATESBORO TELEPHONE CO.

IT'S RIDICULOUS

ON THE FRONT WINDOWS OF TWO LIQUOR STORES THIS WEEK WAS PASTED A PAGE FROM A BREWERY JOURNAL.

Let Their Own Words Convict Them

They say the licensed stores "SELL ONLY TO SOBER ADULTS." Well, it surely is strong branch water they have been selling to the chronic alcoholics of Statesboro.

They say that licensed sales mean "CRIME DECREASES," and "JUVENILE DELINQUENCY DECREASES." Well if that's so, then G-Man Hoover surely has been spreading a false rumor. U. S. Attorney General Clark recently informed a Senate Committee that "there has been a rise of 198% in arrests of girls since 1939."

They say "MODERATION IS ENCOURAGED" by the licensed dealer. Well, they need to put a little more oil on their encourager, because arrests for drunken driving in the Bulloch County Court, which was zero for a certain 3 months in 1932, and 5 for these months in 1938, and 10 for the same months in 1943, shot up during those months last year to 43.

In Throwing Rocks at the bootlegger, they boast that they themselves are "RESPONSIBLE CITIZENS." To what civic, moral, educational, religious, artistic, eleemosynary, philanthropic, progressive or charitable enterprise, movement or organization do they give their leadership or enthusiastic backing? Who made those anonymous, intimidating telephone calls? Surely not "responsible citizens."

As I See It

WORTH McDUGALD

I dare you to think about Statesboro's greatest need. During the past few days I have been asking a large number of Statesboro people what they considered to be the City's greatest need.

The great majority — almost 85 per cent — gave out the same answer: "More recreation and entertainment for our children."

Without any doubt this is true. It doesn't take much research to discover that the young people of our city are sorely lacking in entertainment facilities. We do have good movies, a modern bowling alley, and a skating rink. This helps, but it doesn't completely satisfy the need.

Two steps have already been taken towards improving the situation. Construction is to begin as soon as possible and it appears that we will have a pool by summertime.

A Statesboro baseball team is being organized and a diamond is in the planning stages. This will provide quite a lot of entertainment during the summer and well into the fall.

Both undertakings will fill a great need.

Two pressing needs remain yet unfilled. The first is a community playground with organized and supervised play for the younger children. Such a playground would keep children out of our streets by giving them a place of their own. The cost would not be high.

The results in better child development, greater safety, and less parental worry, would make any cost seem insignificant.

A second need, which is no less important, is the development of a "youth center" similar to those existing in other parts of the nation. For our high school age group we are sorely lacking in a place "to take a date." Youngsters this age don't ask for much. "Take" a date, a place to dance, some soft drinks. Yet, we provide them with no such place.

We are letting them down. Parents tell their children not to go here and not to go there. But when the children say, "Well, where can I go?" the usual answer is "I don't care where you go. Just don't go there."

The son or daughter has only

two choices. Go, and take a chance on being caught, or, don't go anywhere. With the majority the first choice is the usual one. Not that our children are any less moral than those living elsewhere but can you blame them?

Entertainment is pretty important at their age. Most of them don't enjoy going to these "forbidden" spots, for they still have a conscience. They would rather be somewhere else. But there is no other place.

It is time for the parents of Statesboro to wake up and see the situation as it is. The demand has been coming from our young people for some time but most parents have heard it with a deaf ear. After all, a person stays pretty busy these days, and then too, it is much easier not to listen, isn't it? If you don't think that it's important, then just ask your son or daughter.

It will take some work. But it will pay in the long run. It will help us build better citizens. It will show that as a community we are progressive. Better still it will solve a problem more close at hand—the problem of where our children spend their leisure time.

With summer coming—and no school—the problem will be more important. A good time to begin working on such a project is now. Perhaps our local Parent-Teachers Association will take the lead in sponsoring it.

It will take some work. But it will pay in the long run. It will help us build better citizens. It will show that as a community we are progressive. Better still it will solve a problem more close at hand—the problem of where our children spend their leisure time.

16 Blue Devils Get Sweaters

In a special chapel program at the Statesboro High School on February 4 sixteen members of the 1946 football team were awarded sweaters and letters and the two managers were awarded letters.

Superintendent S. H. Sherman and Coach Teel presented the letters and sweaters following an inspirational talk by Den Zach Henderson, of the Teachers College. Principal A. L. McLendon presented Mr. Henderson. Sammy Tillman made a short talk on "The Spirit of the Team," and "Louie Simmons team captain made a toast to Coach Teel.

These receiving sweaters are: Sammy Tillman, Brannen Purser, Donald Holston, Robert Parrish, Louie Simmons, Ashton Cassidy, Fuller Hunslett, George Brannen, Talmadge Brannen, Hal Waters, Gene Ray, Sidney Perkins, Billy Riggs, Earl Alderman, Hal DeLoach and Ben Bolton.

The two managers who received letters are: Umer Swinson and Brannen Richardson.

John Brannen, Jr. To Speak to Vets

American Legion Commander A. S. Dodd, Jr. announced last week that John F. Brannen, Jr., winner of the Legion's 1947 oratorical contest held last Wednesday at the local Legion post.

The oratorical contest was held at the Georgia Teachers College on Wednesday of last week. The other contestant was Don Johnson. The contest is sponsored by the national headquarters of the American Legion to encourage high school students to study the Constitution and Bill of Rights.

Young Brannen will represent the Statesboro High School and Bulloch County in Savannah for First District honors.

Commander Dodd and L. Bates Lovett, Service Officer, announce that they expect Stanley Jones, State Adjutant of the Department of Georgia, to be at the meeting.

POLICE REPORTS TO CITY COUNCIL FINES OF \$900 FOR MONTH JANUARY

According to the police report submitted to the City Council Tuesday night \$900 was paid to the city in fines and forfeitures during January.

During this week I have had the opportunity to use the facilities of the Regional office of the Department of Commerce. A large amount of material concerning Bulloch (as well as the other counties in the South) is available there. Perhaps you would be interested in some of the things that I discovered.

Bulloch is Georgia's second largest county in area, having a total of 477,500 acres or 684 square miles of territory. The latest population estimate is 26,010, which gives us an average of 38 persons living in each square mile. Thirty-eight percent of the population are Negroes. The three major towns are Statesboro,

The pairings for all the teams in the First District was announced by the executive committee C. Cato, Rincorn, President; R. E. Kiehligher, Collins, vice-pres.; W. P. Pickett, Vidalia, vice-pres.; T. N. Oglesby, Glenwood; R. M. Monts, Jr., Millen; and M. P. Campbell, Springfield.

A total of 39 teams, 23 class "C" and 16 class "B" teams are entered in the tournament, with the event being split into four divisions, one each in Pembroke, Sardis, Reidsville and Springfield.

The initial games of the tournament will be played on Wednesday, February 19, and on succeeding nights. Games will be played in places designated by the executive committee.

After first, second and third round games with Effingham and Pembroke and Reidsville division will meet in Reidsville on Saturday night. The winners of the Sardis and Springfield division will meet in Springfield on Saturday night.

The Statesboro High Boys team (class B) will meet Brooklet in Springfield on Wednesday, February 26. Claxton and Millen will meet on Thursday and the winner of these two games will meet in Springfield on Friday. The winner of the Friday's game will play the winner of the Sardis division Friday night in Springfield on Saturday night.

The complete pairings are as follows:

MISS DANIEL NOW ASSISTANT HOME AGENT IN BULLOCH

4-H Clubs to Sponsor Bulloch County Fair

The Bulloch county 4-H Club council voted to sponsor a county fair for this fall, and pledged themselves to making a workable educational exhibit. These clubs at their regular meeting Saturday expressed the feeling that the local air base housing facilities would be ideal for such a project.

The some 40 members of the council present also proposed to hold their annual night program April 5. Nevils, Warnock and Stilson clubs asked to provide the refreshments for the annual program. West Side and Middle Ground asked for the music phase of the event, and Brooklet, Parton and Ledford volunteered to do the decorating. This is the program that selected the representatives from the county for the Tilton show in 1946.

The recreational program for club leaders has been delayed indefinitely. Iris Lee, council president, said she would like to see a director desired not being able to assist until May. The council members present voted also to hold a county camp at Effingham and Seven counties again this year, at Wahsega if possible. If this camp is not available to them, alternate camps were named as Fulton and Spence.
