## SALE UNDER POWER IN SECURITY DEED

Whereas, J. W. Beasley, hereafter executed and delivered to Brooks Simmons Company, a corporation, a deed to secure debt, recorded in Book 74, page 387, in the office of the Clerk of Bulloch Superior Court, conveying a tract of land, lying and being in the 46th District, Bulloch County, Georgia, containing seventy-six acres, more or less, described as then bounded North by lands of Van Beasley and J. L. Beasley, East by lands of D. C. Finch estate and W. W. Beasley, South by lands of John Beasley, and West by the old Louisville Road, and

Whereas, J. W. Beasley thereafter conveyed to W. H. Beasley six acres of said land, which was released by said company from said deed to secure debt, same being recorded in Book 88, page 41, in said Clerk's office; and

Whereas, the charter of Brooks Simmons Company expired in 1940, at which time all of its capital stock was owned by Mrs. Annie B. Simmons, W. D. Anderson and S. Edwin Groover, and by operation of the law the assets of the company thereupon became the individual property of said stockholders, as owners in common, including said deed to secure debt and the indebtedness secured thereby;

Now, therefore, under the au-

thority of the powers of sale and conveyance contained in said deed to secure debt, the undersigned as holders thereof will, on the first Tuesday in January, 1948, within the legal hours of sale, before the court house door in said county, sell at public outcry to the highest bidder, for cash, the above described land, property of the said J. W. Beasley, containing seventy-six acres, more or less, now bounded North by lands of Mrs. Jennie Beasley, Northeast by lands of J. L. Beasley, South by the old Louisville Road, and West by lands of Herman Beasley and public road.

Said sale to be made for the purpose of enforcing payment of the balance of indebtedness there secured, amounting to \$388.52, computed to this date, and the expenses of this proceeding. A deed will be executed to the purchaser as authorized in said deed to secure debt, subject, however, to tax executions against J. W. Beasley for the years 1939 to 1945, inclusive, amounting to \$170.80, computed to this date, and also unpaid taxes for 1946 and 1947, if any.

This December 2nd, 1947.

MRS. ANNIE B. SIMMONS,  
W. D. ANDERSON,  
S. EDWIN GROOVER COBB,  
Administratrix of the Estate  
of S. Edwin Groover.

## ADMINISTRATOR'S SALE

Under authority given in the will of James Bulloch, deceased, probated in the Court of Ordinary of said county, the undersigned, as administrator cum testamento annexo of the estate of said deceased, will, on the first Tuesday in January, 1948, within the legal hours of sale, before the court house door in said county, sell at public outcry to the highest bidder, for cash, the following described property of said estate, located in the town of Brooklet, 1523rd District, Bulloch County, Georgia, sub-divided into four lots as shown on plat recorded in Book 170, page 299, in the office of the Clerk of Bulloch Superior Court, viz.,

Lot Number One—bounded Northeast by lands of Mrs. A. A. Lanier (75 feet), Southeast by a 17 1/2-foot lane (453.7 feet), Southwest by Lane Street (75 feet), and Northwest by Lot Number Two (435.8 feet).

Lot Number Two—bounded Northeast by lands of Mrs. A. A. Lanier (110 feet), Southeast by Lot Number One (435.8 feet), Southwest by Lane Street (110 feet), and Northwest by Lot Number Three (409.5 feet).

Lot Number Three—bounded Northeast by lands of Mrs. A. A. Lanier (118 feet), Southeast by Lot Number Two (409.5 feet), Southwest by Lane Street (120 feet), and Northwest by lands of Mrs. George Grooms, formerly Hiram Lee (352 feet).

This December 2nd, 1947.

HINTON B. CUTH,  
Administrator c.t.a. of the  
Estate of James Bulloch.

## BROOD SOWS

Save some extra brood sows this fall and winter appears to be an appropriate idea for peanut and tobacco growers.

The announcement to the effect that tobacco acreage would be reduced materially in 1948, coupled with the already proposed drastic reduction in peanut acreage for marketing, gives every reason to believe that some extra sows is the hope of the Bulloch county farmer who has been depending largely on these crops for his major cash income.

Bulloch county can still grow lots of peanuts for big feed. Grazed peanuts have proven to be one of the best soil building crops adapted to the county. Meat will probably continue to be high, which should make hogs sell at a favorable price for a few years yet.

From 200 to 400 pounds of extra pork can be gotten on every acre taken out of tobacco or peanuts for market.

If these brood sows are to be had, they must be saved out of the present herd before all the hogs are marketed. Next spring will be too late to get two litters of pigs in 1948.

# Vote FOR The Legal Control Of Alcohol on December 19

Many people, many good people in Bulloch County have signed a petition calling an election to determine whether or not Bulloch County shall continue to operate its alcoholic beverage stores, or whether the county will have so-called prohibition. This election will be held on Friday, December 19.

The December 19 election will not affect beer and wine either way. You will not be voting on beer and wine. The only question on December 19 is whether the legally licensed stores now selling liquor by the bottle shall be closed or stay open.

Legal, controlled, supervised stores are the first step toward true temperance and true moderation, because they put the licensed storekeeper behind these principles, where the bootlegger will never be.

The bootlegger sells when, where, and how he pleases—to children, on Sundays, holidays and election days, and all night as well as all day. The legally licensed dealer can sell only at specified hours and to specified people.

So-called "prohibition" means that all the liquor sold in Bulloch County will be sold by bootleggers. And if you'll be honest with yourself, you'll admit that liquor will be sold! The bootlegger encourages juvenile delinquency, crime, and a complete disregard for the forces of law. He pays no taxes but instead uses the money to finance all sorts of underworld activities.

DO YOU REALIZE that the City of Statesboro, during its 1947 fiscal year, took in nearly \$25,000 in license and excise taxes on alcoholic beverages? Taxes of Statesboro

citizens have already greatly increased in the past few years. Bearing in mind that the total city property tax for 1947 is only about \$85,000, how much more will your taxes go up if your legal liquor stores are closed?

DO YOU REALIZE that Bulloch County during the same period took in nearly \$37,000 in license and excise taxes on alcoholic beverages? What will be the effect on your county taxes if this sum is taken away?

DO YOU REALIZE that four counties adjoining Bulloch will keep their legal liquor stores? Emanuel, Candler, Evans, and Bryan will still be offering liquor to our citizens as well as theirs even if we try "prohibition" again. What will this do to business in our county? Bear in mind that population in Georgia's bootlegger-burdened counties increased only 1% between 1940 and 1947, while the population in Georgia counties having legal liquor stores increased 29% in this same period. Effective buying power per person in 1946 was only \$572 in the "dry" counties but \$913 in the "wet" counties."

Bulloch Countians, whether or not they believe with us that "prohibition" cannot be enforced, have to admit that we're apt to hire a lot of snoopers and spend a lot of money trying to enforce it.

What will "prohibition" cost YOU?

We believe that on December 19 the fairminded people of Bulloch County will line up on the side of law and order... and vote FOR the legal control of the sale of alcoholic beverages.

From where I sit... by Joe Marsh  
**Ed Carey is Sky-High!**

Ed Carey got his pilot's license Saturday—the first farmer in our town to fly his own plane. But as Ed says, getting his license doesn't put him on his own. His plane is subject to a periodic inspection, just as Ed himself is subject to strict flying regulations. And if either plane or pilot violates the rules they're simply "grounded" immediately.

He was talking about it to Andy Botkin, who owns and runs the Garden Tavern. And as Andy says, it's the same with folks who sell beer. Getting a license doesn't put them on their own. The brewers check to see that they and their taverns are a credit to the industry and the community.

So far I haven't heard of many tavern keepers being "grounded." And from where I sit, it's because of that program of "Self Regulation" by which the licensed tavern keeper, just like the licensed pilot, becomes part of a program of healthy control.

### Right up in the FOUR-FRONT

SCATTERED across this nation are some of the earliest automobile buyers the world ever saw. They cut their eyeteeth on a steering wheel, so to speak—they know car values from A to izzard—and you have to be plenty good to step ahead of your price class in the volume of your sales to them.

That's why it's startling—sometimes even to us—to see the double-barreled story of public preference that's written in the sales records and registration figures:

ITEM: Only three cars outsell Buick—and all of these are in the so-called "low-price field."

ITEM: In some localities—and quite often in polls that ask "Which car will you buy next?"—Buick ranks not fourth, but third, actually ahead of one of the lowest-priced three.

Naturally, the smart buyer will ask "How come?"

Well, the most standout style of the season, the style that's the clearest forecast of wonderful things to be, undoubtedly has much to do with it.

But that isn't all. The dollar is still a pretty important measuring stick.

So we don't think Buick could be where it is if it didn't offer a bigger dollar's worth—bigger in size and substance, in lift and life, in soft ride and easy handling, bigger in the all-round happiness you'll get out of your buy.

Which suggests, of course: Why go against the solid judgment of your fellow men? Why not see your Buick dealer now—with or without a car to trade—and place the order that will put you where you belong, right up in the four-front?

Service to the users of Frigidaire electric appliances—stoves, refrigerators, hot water heaters—has been the goal of Akins Appliance Company, operated by E. Ray Akins, since 1939.

During the war years when he closed the business, and while he was serving in the armed forces, he maintained a service man on duty in this area, that Frigidaire users might have a service man available.

With the end of the war, Mr. Akins re-established his business on West Main street and now has a complete line of electrical appliances, in addition to his complete electrical and plumbing contracting business.

In his Frigidaire line he has stoves, hot water heaters, refrigerators, dry and wet beverage boxes, home freezers, ice cream cabinets. He also carries commercial-size appliances.

His stock of merchandise includes fluorescent lighting fixtures, portable electric heaters, fuel oil heaters and floor furnaces.

He also maintains a complete

gun and fishing tackle repair service.

Sportsmen looking for fishing tackle and outdoor motors will find them at Akins Appliance Company at 21 West Main street.

Mr. Akins invites homemakers to see him for their electrical and plumbing needs.

**Concrete**  
for beauty, livability and fire safety at low annual cost

With concrete your new home can be any architectural style, color or size you want—cottage or mansion—adapted to your family's requirements.

Concrete walls and subfloors and a fireproof roof assure positive protection against storms, termites and decay.

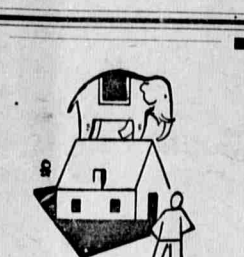

You'll have year 'round comfort, too, in your concrete house—cool dry rooms in summer, low heating bills in winter. And you'll save money in upkeep, because of the sturdy way a concrete house is built—repair bills are few.

You'll love the quiet, sag-proof, dust-tight concrete subfloors—an ideal base for rugs, carpets, linoleum or any floor covering you like.

Our tested concrete block meet the quality requirements of all standard specifications.

Ask us for estimates and information on a concrete house to fit your requirements. No obligation. Telephone 529

# License of Liquor Has Failed

## IT HAS FAILED In Our Nation

### 1. It Has Increased Drinking

4 1/2 times as much as when Prohibition was repealed. In 14 years expenditures increased from \$2 billion per year to \$8.7 billion, and gallonage from 58 million to over 200.

### 2. It Has Increased Drunkenness

Kesley Cure Institutes increased from 3 to over 125 in 14 years. They promised us that liquor license and "control" would teach people to drink moderately.

### 3. It Has Increased Juvenile Delinquency

Increase in arrests of boys under 18 was 100 per cent. Increase in arrests of girls, 198 per cent.

### 4. It Hasn't Stopped Bootlegging

Bootlegging is still about us. Ask our county officers about their recent raids. THE officers now have to watch, and often raid, the wholesalers and retailers, as well as the moonshiners.

## IT HAS FAILED In Bulloch

### 1. It Has Increased Our Own Drinking and Drunkenness

Tax and court figures of Bulloch County both show it.

### 2. It Has Increased Our Drunken Driving

In one three months period (Prohibition) there were no arrests in Bulloch for drunken driving. After 1 year of local license, there were 5 arrests for the same period; after 5 years, there were ten; last year, 43 in this same period.

### 3. It Has Increased the Drain On Our Pocketbook

You have to spend \$25 to produce \$1 in liquor taxes. Bulloch this year is pouring \$1,800,000 down the rat hole to save \$75,000. Watch us prove it next week.

### 4. The Liquor Dealers Disrespect the Law

They sell on Sundays, to confirmed alcoholics and on credit—all against the law. State officers have made raids and revoked Bulloch licenses this year.

## THE REGISTRATION BOOKS ARE STILL OPEN GET READY TO VOTE DECEMBER 19

NO ONE HAS EVER PROMISED THAT WE CAN STOP BOOTLEGGING OR DRINKING IN BULLOCH COUNTY. WE CAN'T. BUT WE CERTAINLY CAN BEAT WHAT WE'VE GOT NOW!

## CARD OF THANKS

To the People of Bulloch County:  
May I extend to you my sin-  
cere appreciation for your sup-  
port in my recent campaign for  
re-election as Sheriff of your  
county. I am grateful for the  
privilege of being elected again  
to this office, and for the con-  
sideration of every one in elect-  
ing me without opposition. I promise  
to you a faithful performance of  
the duties involved in the admin-  
istration of this office.  
Sincerely yours,  
STOTHARD DEAL.

## VOLUME VIII

## City-County Now Have Health Commissioner

The Bulloch County and City  
Board of Health has announced  
the appointment of Dr. Wilbur D.  
Lundquist to the position of Com-  
missioner of Health of the local  
Health Department.

Dr. Lundquist, who has acted  
in this capacity with the Bulloch  
County Board of Health for the last  
eight years, will also be the Di-  
rector of the health departments of Bryan,  
Evans and Effingham counties.  
He will spend three days a week  
in Bulloch and one day a week  
in each of the other counties.

It is anticipated that a sani-  
tarian will be added to the staff of  
the local health department as  
soon as one can be trained at the  
public health sanitarians' school  
in Columbus, Ga., which is op-  
erated by the State Health De-  
partment. After this man has  
been appointed to the Bulloch  
county department, Mr. Jack  
Welch, our Public Health En-  
gineer who has been with us for  
nearly two years, will also divide  
his time with the above-men-  
tioned three counties, just as the  
Health Commissioner is doing at  
present.

The State Health Department  
is also in search of a man who  
will be trained for the position of  
Sanitarian for Bryan, Evans and  
Effingham counties. The addi-  
tional sanitation personnel for the  
four counties will materially aid  
Mr. Welch in increasing the sani-  
tary engineering phase of the gen-  
eral health program.

It is a recognized fact by pub-  
lic health authorities that the  
minimum requirements of any  
community, particularly rural, are  
one health officer for every  
50,000 to 60,000 people, one  
sanitarian for every 20,000, and  
one nurse for every 5,000 popu-  
lation. With this personnel avail-  
able for service to the people, we  
feel that our citizens can have the  
best protection from contag-  
ious diseases, good maternal and  
infant health clinics, venereal  
disease protection, tuberculosis  
prevention, crippled children ser-  
vices, public health education,  
school health programs, and all  
phases of sanitation, including  
food, water, milk, and sewage  
disposal. There are many other  
activities or services rendered by  
the Health Department, services  
to which everyone is entitled. Get  
acquainted with your health de-  
partment and find out what it  
can do for you. Our aim is to  
prevent illness and death. Bul-  
loch county will be a healthier  
place in which to live.
