# All's Fair

I'm on the spot—not the one marked "X"—But all comfy in a room clearly marked "C-4."

I know doctors and nurses I manage to vex.

But that's not good tactics I've been told before.

Just take things as they come, and never complain—

For there's so many others who have more pain.

Now, by this time you know "B.C.H." is my address.

And I like it here, I must confess.

Supt. Joe Brannen gets around with dignity and calm;

Is everywhere at once and wins the palm.

For her gentle presence insures a sense of well being—

And some of these nurses are really worth seeing.

NOW STAY WHERE YOU ARE boys for most of them are Mrs. S-and-So. Frinstance, there is dainty Jean Coleman, who is supervisor. She looks more like Anne Attaway's twin than June.

Her husband is Don Coleman, of Fitzgerald, and is attending T.C. Another luscious brunette, quite young and attractive, is an X-ray technician. She is Mary Lou Newberry, of Augusta. Mary Lou is charming in uniform, but let her don an off-shoulder, full-skirted formal and the stag line would soon have her dizzy on the dance floor. By the way, she adores dancing.

Escorted by Mrs. Albert Morris, of Brooklet, I visited the nursery, where I met Baby Bowen (remember his arrival on a stretcher, much to the dismay of Jake Smith?) Baby Bowen is known out here as Pee Wee. He enjoys the privacy of an incubator and Mrs. Morris announced proudly that he had gained a whole pound, his present weight being 4 pounds and 3 ounces. The adorable infants had one thing in common when I saw them. Their fists were clinched tightly as if already they knew they were ushered into a fighting world.

I'VE ABOUT DECIDED it's really educational to spend some time in a hospital at intervals. When I was here before, teaspoons had not become extinct.

Now I have learned quickly that most medicine comes in ampules and is measured in c.c.'s and is administered in vicious-looking needles slightly resembling Bob Burns' bazooka. And girls that are tiny and apparently harmless stab you in the back and you realize that the sweet young thing probably pulled wings off flies and caught mice and chopped off their tails during their play period.

## Help Crippled Children...

To Every Sincere Friend of a Child:  
It's your child and mine.

Whenever you see a crippled child it is well to realize that except for the grace of God that child could be your child, your sister or brother, your husband or wife, even YOU!

When you buy Easter Seals you are not making an ordinary contribution—you are helping some crippled child to have an equal chance in life! You are making an investment in human life.

Your purchase of Easter Seals must come from the heart—not the pocketbook.  
"For as much as you have done it unto the least of these... you have done it unto me."

Sincerely,  
KERMIT R. CARR,  
Bulloch County Chairman

**National Guard To Display Radar**

On Saturday of this week the local unit of the National Guard will display a radar unit, together with an aircraft gun director, height finder, and associated equipment. A man will be at the instrument to explain how one of World War II's famous instruments operates.

The equipment will be on the west side of the courthouse and will be part of the National Guard's drive for recruits. The equipment has just been assigned to the 104 Coast Artillery, Anti-aircraft Battalion, with headquarters here.

Lieutenant Colonel Henry Ellis, commanding officer of the unit, states that members of the National Guard here are making plans to attend the summer camp, expected to be held at Camp Stewart during the middle of July.
