How Did Grandma Do It?... Beat's Us

My husband's folks spent the week end and helped us celebrate our daughter's birthday Easter Sunday. I zoomed around the place Saturday morning after the breakfast dishes were back in the cupboard—dusting, picking up and sweeping. While part of a ham was baking slowly in the oven, I prepared all the ingredients for Creole salad, skinned some shrimp, washed the diapers, fed a cake, boiled and colored Easter eggs and mixed up two day's formula. I secured the bath-robe, put fresh sheets and pillowcases on the bed, ironed some of Beth's little dresses, washed her shoe strings and poured some cold medicine down her throat. Finally, the apartment was shining like the silver in a jewelry store, but something was missing and, after puzzling for a few minutes, I decided it needed some flowers.

In trees behind our house, Cherokee vines are lush with white roses, with scissors in hand, I flew downstairs. Ever

Cooked a dish of home dried fruit, pressed her husband's Sunday suit; Swept the parlor, made the bed; baked a dozen loaves of bread; Split some firewood and lugged it in; enough to fill the kitchen bin; Cleaned the lamps and put in oil, stewed some apples she thought might spoil; Cooked a supper that was delicious and afterward washed all the dishes; Fed the cat and sprinkled the clothes, mended a basket of black-ribbed hose; Then opened the organ and started to pump, and into each throat there rose a lump As she lifted her voice in that brand-new key: "When You Come to the End of a Perfect Day!"

Have you watched that diesel crank up-for a day of road scraping? Monday morning was a chilly one, and it took the operator about ten minutes to crank it up. Did you know that it takes a separate motor just to get the diesel engine going? This diesel had a tall exhaust pipe and when it started, smoke rings bigger than those that come from the Camel advertisement in Times Square came pouring out. Some folks are self-starters, but I guess most of us (like the diesel) need a little push to get us going, and there are some like the old plug mule that really needs a fire built under him before he'll go at all!

Speech Students to Present One-Act Play in Contest

Mrs. Bernard Morris, director of speech at the Statesboro high school, announced this week the title of the play she will enter in the First District play contest to be held in Clayton April 8.

"Still Stands the House," written by Gwendolyn Phares, will be played by Myra Jo Zetterow, Sara Neville, Mike McDougald, and Don Johnson.

The play was written by a friend of Mrs. J. O. Johnston whom she knew while she was at the University of North Carolina, Chapel Hill.

Class B schools competing in the play contest are Statesboro, Millen, Waynesboro, Swainsboro, Sylvania, Reidsville, E. C. I. Vidalia.

Last year the play presented by the Statesboro high school won the district contest and competed in the state contest at Macon.

VACANCIES LISTED AT FORT McPHERSON, GA.

A spokesman for the local Army and Air Force Recruiting station announced today that Zone of Interior assignments at Fort McPhereson, Georgia, are now available to a limited number of former servicemen.

White personnel can be accommodated for enlistment and assignment to the 256th Army Ground Forces Band which is presently stationed at Fort McPhereson.

Necessary military occupational specialty numbers range from 432 bandsman consecutively to 440 bandsman. Applicants must be proficient in using one of the following instruments: Clarinet, cornet or trumpet, bass drum or cymbals, euphonium or baritone, flute or piccolo, French horn, saxophone or trombone.

Enlistment will be for the Regular Army and for a minimum of three years. A quota has been established for the recruiting station and it was pointed out that every effort will be made to procure personnel for the 256th A.G.F. Band without delay.

Red Cross in Bulloch Short of 1948 Quota; To Extend Its Drive

Bulloch county is approximately \$700 short of its Red Cross quota for 1948.

Mr. H. R. Christian, chairman of the drive in Bulloch, announced this week that the drive will continue through the week, and he expressed the hope that those who have not had an opportunity to contribute will do so.

Mr. Christian asks all the community chairmen to render their reports this week. He urges everyone in the county to make his or her contribution now.

The "One" ratings were awarded in the concert contest, in the sight reading contest and in the marching contest. Carlton Butler, who awarded the ratings, told Mr. Frank Tamburino, director of the band: "Your band is very promising. I enjoyed the concert very much."

The members of the band left Statesboro early on the morning of April 1. They performed in the concert group at 10 o'clock that morning at the Peabody Auditorium and in the marching contest in the evening at the G. M. C. stadium.

In the instrumental group, Lucile Purser won a "One" plus rating on snare drums; Dan Blitch won a "Two-A" rating on the saxophone; and John Barr won a "Two" rating on the trombone.

Lane Johnston won a "One" in piano and a "Two" in voice. Barbara Anne Brannen won a "One" rating in piano. Barbara Ann Jones won a "Two" rating in voice. John F. Brannen won a "Two" rating in voice.

A "One" rating indicates "superior" ability; a "Two" rating indicates "excellent" ability.

Lions Club Wins County Bowling Tournament; \$125

With the final scores in on April 2, the Lions Club was declared the winner of the county bowling tournament with a count of 50,410 pins for 36 points. The prize was \$125. The tournament was held at the Skate-R-Bowl.

The Rushing Hotel team was second place winner with 50,310 pins and \$100. The Georgia Teachers College team was third place winner with 50,110 pins and \$75.00.

Bun Martin Is New VFW Head

Eugene Z. (Bun) Martin, of Statesboro, was installed as the commander of the Bulloch County Post No. 5885, Veterans of Foreign Wars in formal ceremonies at the courthouse here last Thursday night.

James L. Carmichael, of Swainsboro, Georgia Department Quartermaster, officiated at the ceremonies.

Other officers installed are: Clarence W. Brack, senior vice-commander; J. E. Williams, junior vice-commander; A. Francis Trappnell, quartermaster; Sidney Dodd, post advocate; Harrison H. Olliff, Chaplain; Dalton Kennedy, post surgeon; and Claude Clark, trustee for three years.

Each of the new officers addressed the members of the local post of V.F.W. L. D. Collins, retiring commander, made a brief statement.

Mr. Carmichael discussed the sale of "Buddy Poppies" here on Memorial Day in May.

The new commander invites all veterans of foreign wars to investigate the V.F.W. and states that they will find a welcome at the local post.

Military Rites For John Darley

A military funeral for John Fletcher Darley, Jr., Hospital Apprentice 1-C, who died in the invasion of Iwo Jima on February 19, 1945, will be held here Friday afternoon, April 9, at 3:30 at the First Baptist Church, with burial in the East Side Cemetery.

Darley, son of Mr. and Mrs. J. F. Darley, of Statesboro, was born July 10, 1924, graduated from the Statesboro high school in the class of 1942, attended Georgia Teachers College for one year and entered the Navy June 24, 1943. He trained at Great Lakes Naval Station and the Marine Hospital at Quantico, Virginia. He went overseas in February of 1944, served in the invasion of Normandy. He was attached to the U. S. Marines in the fall of 1944, before going to the Pacific. He died in the invasion of Iwo Jima on February 19, 1945. Darley was awarded the Purple Heart and Bronze Star.

Besides his parents, he is survived by three brothers, Fred B. Darley, Ray Darley, and Hugh Darley, all of Statesboro; one sister, Mrs. Alfred Wendell, whose husband was killed in the line of duty in Austria in February of 1945.

THIS IS NO WAY TO FILL THE SWIMMING POOL—Members of the Statesboro Junior Chamber of Commerce illustrate how not to fill the swimming pool for the young people of this community. They are shown here inside the unfinished pool as they organize for "P-Day." In the foreground, in the act of "filling" the pool, are James Eland, city engineer; Horace McDougald, Jaycee president; and Sidney Dodd. In the background, with the sad expressions, are Sam Strauss, Ed Olliff, Paul Sauve, "Dub" Photo, Bill Alderman, Buford Knight, and Mayor J. Gilbert Cone. (Another picture on page 8.)

'P-Day' To Determine Status Of Swimming Pool For Young People

Tomorrow (Friday) is "P-Day" in Statesboro and Bulloch county.

Mayor J. Gilbert Cone has proclaimed tomorrow "P-Day" and has set it aside as a day to be dedicated to the young people of Statesboro and Bulloch county.

"P-Day" is the day the citizens of Statesboro and Bulloch county will be asked to rally around the youth of this community.

"P-Day" is the day the youth of Statesboro and Bulloch county are watching with all their hearts.

For "P-Day" will determine the status of the swimming pool, now dug and unfinished on the city's municipal playground between Fair Road and South Zetterow Avenue.

The clinics will be held by Dr. H. F. Hook, chief rabies inspector for Bulloch county.

According to the announcement all dogs not vaccinated since January 1, 1948, must be inoculated this week that clinics for vaccination will be held at the health department at the time of the vaccination.

Notices will be sent to all rural mail boxes stating the dates and places in the county where the clinics will be held.

Dr. Lindquist says: "There is a law which provides for prosecution as a misdemeanor anyone who has a dog which is vaccinated and who fails or refuses to 'produce' his dog for vaccination, or 'who fails to cooperate' with the rabies inspectors."

The health commissioner points out that cooperation of all dog owners will make it possible to rid the county of rabies and the dangerous attendant to the disease. He adds that they do not wish to make any prosecutions and it is hoped that there will be no violations of the law and the program.

"We only wish to protect our animals—this will protect your neighbor, and your neighbor's children, and all valuable livestock."

Have Your Dog Vaccinated

Dr. W. D. Lindquist, County Health Commissioner, announced this week that clinics for vaccination of dogs, cats, and any other pet animal will be held in the county beginning in May.

The clinics will be held by Dr. H. F. Hook, chief rabies inspector for Bulloch county.

Who shall measure these in terms of dollars?

It is a bitter fact, but it is worth remembering: if this nation "had spent 25 billion dollars in Military Preparedness over a period of years, World War II need never have happened. Neither Germany nor Japan would have dared to fight us, and we would have saved the 700 billion dollars this war will cost us before we finish paying for it.

"But that saving of 700 billions in money is a

small thing compared to the American lives which could also have been saved.

"One hundred and twenty-six thousand Americans died in World War I; two hundred and fifty thousand Americans died in World War II. No one knows the extent of the misery and suffering of the hundreds of thousands of wounded.

"Who shall measure these in terms of dollars?"

On Army Day, April 6—it is well for the American people to pause and resolve that never again will our Army be permitted to chance the weakness that invites war.

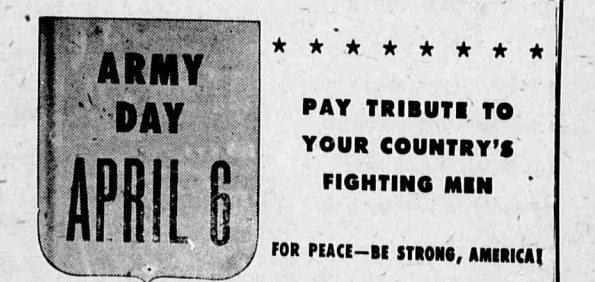

The Regular Army—the National Guard—the Organized Reserve and the Reserve Officers Training Corps are all essential parts of a strong Military Establishment. Learn more about them today—and what you can do to help. Your U. S. Army and U. S. Air Force Recruiting Office will be glad to give you a copy of "A Strong America Is a Peaceful America."

A HOLE IN THE GROUND

Gonna Fill This Hole!

SOMETHING'S GOING TO BE DONE!
That's the promise of the Statesboro Junior Chamber of Commerce.
And they're going to do it on "P" Day.
And "P" Day is tomorrow, Friday, April 9.
And they are going to do it all in one day.
They say "It's Over the Top by Seven O'clock!"
They are going to turn Statesboro upside down to do it!
It's that "Hole in the Ground."
It's going to be filled for the young people of

Statesboro so that they can use it this summer. They are going to see to it that the swimming pool is finished.
Most of them, veterans of World War II, put it as they expressed it just before a D-Day invasion — "THIS IS IT."
The Bulloch Herald applauds their enthusiasm and determination and joins them in their efforts to fill this "hole in the ground!"
Let's help them "Over the Top by Seven O'clock!"

Here's Tangible Evidence

THERE IS A STEADY FLOW of tourist traffic moving through Statesboro—some of it stopping, some of it moving on through.
Tangible evidence of this tourist traffic is presented this week by members of the Statesboro police department. On Sunday of last week 113 cars with out-of-state tags came through Statesboro—99 going north and 14 southbound. That's two cars a minute.
Twenty-one from New York State, 10 from Pennsylvania, 7 from Ohio, 10 from Quebec, and the others from 12 states of the union.
These tourists were clocked through the city between 2:30 and 3:30 o'clock.
Some of those who stopped here expressed their approval of our U.S. Route 301, and asked why it is not more widely advertised. They like it bet-

ter than U.S. 17 and U.S. 1. "We like the country, the open fields, the road better," they say.
Monday of this week a one-minute check showed eight tourist cars moving in a line at one time, followed a little later by seven more out-of-state cars in a line.
And, if we are to prove an attraction to these people who are out to see what the rest of the U.S. looks like, it's up to us... Keep our streets clean and attractive... provide the best eating and sleeping facilities they'll find in their travels... treat them with courtesy... and charge them only fair and reasonable prices for the things for which they spend their money.
Let's not overlook what can become one of the city's better sources of revenue, and one of the city's greatest builders of nationwide goodwill.

"The Most Friendly Town..."

"THE MOST FRIENDLY TOWN I've even been in."
Those are the words of Mr. G. H. Mowz, of Royal Oak, Michigan, near Detroit.
And he was talking about Statesboro—your hometown and our hometown.
Mr. and Mrs. Mowz are visitors here. They are visiting Mrs. Mowz's mother, Mrs. Fred Erb, also of Michigan.
Mrs. Erb is not visiting anyone.
She was in an accident and is a patient at the Bulloch County Hospital.

Congratulations!

CONGRATULATIONS to the Blue Devil Band! Three "One" ratings—"One" in marching, "One" in concert, and "One" in sight reading.
A "One" rating is Superior.
The band participated in the annual music festival held in Milledgeville April 1 and 2 and turned out to be one of the most outstanding bands in the state.

And congratulations to the soloists: Lane Johnston, Barbara Ann Brannen, John F. Brannen, Barbara Ann Jones, Dan Blitch, Lucile Purser and John Barr.
And a "Well Done" to Band Director Frank Tamburino.

THE CITY COUSIN

IT DIDN'T HAPPEN HERE!

Editor's Note: This column is designed to create dissatisfaction with the present status of Statesboro. It will consist of stories of what other communities like ours are doing, with the hope that Statesboro might realize we must be continually alert to maintain the classification of "A Progressive City."

TWO VETERANS' VISION PAFF IN SHIRT FACTORY

BUCHANAN, Ga.—This community of 700 persons reaped a silver dollar shower Friday as the result of the vision of two veterans and the determination of other citizens to keep their young people at home.
As the whole town turned out to celebrate the first anniversary of the establishment of a shirt factory here, the people took stock of what the plant has meant to them in less than a year.

They found:
A payroll of more than \$6,000 weekly, the employment of more than 200 persons, money with

The Editor's Uneasy Chair

The Almanac Says the Weather this Week On...

TODAY, Thursday, April 8, will be cool.
FRIDAY, April 9, will be fair (It's hard to believe.)
SATURDAY, April 10, will be windy and unsettled. (Here we go again.)
SUNDAY, April 11, will be unsettled.
MONDAY, April 12, will be still unsettled.
TUESDAY, April 13, will be no better than yesterday.
WEDNESDAY, April 14, will be still unsettled.

... But Don't Blame Us If the Almanac is Wrong

I love the acquaintance of young people; because, in the first place, I do not like to think of myself growing old. In the next place, young acquaintances must last longest, if they do last; and then, sir, young men have more virtue than old men; they have more generous sentiments in every respect.—DR. JOHNSON.

We glory in the spunk of the members of the Statesboro Junior Chamber of Commerce.
They are all excited about "P" Day.
And they are determined that all Statesboro be excited about "P" Day.

At a meeting Monday morning of this week when the overall plan of operations was presented to the committee numerous screwball promotions were planned. So—anything can happen tomorrow when the Jaycees, together with the help of the Young Women's Business Club, begin climbing for "the top by seven o'clock."

The first act slipped out of the bag at the Rotary Club Monday noon when the members were interrupted by a radio broadcast under the table and Worth McDougald set the ball a-rolling on his daily newscast from WWSN.

At a cat of another color slipped out of the bag Tuesday at a Chamber of Commerce meeting. And tomorrow there is going to be a lot of cats of lots of colors slipping out of the bag.

The members of the committee say they are going to make us take that "hole in the ground" out of our operations column and to your left at the top of the column.

I'll make us perfectly happy to talk it out.
For over a decade we have been screaming for a swimming pool for the young people of Statesboro and Bulloch county.

Right now, we are nearer than we've ever been to securing it, and we believe that by seven o'clock tomorrow evening, the where-withal will be provided to assure the kids of this community a big swimming pool this summer.

It stands almost complete. The concrete shell is complete. The pool proper is complete and ready to receive water. But there is a matter of a filtering system that must be installed to conform with the health department specifications in order to safeguard the health of kids when the pool is being used.

The funds to be raised on "P" Day are to be used for the filtering system and the incidentals needed to make the pool one deserved by the youth of this community.

Do your part... Help over the top by seven o'clock.
"Brownie," the pup that joined the Statesboro police force is no longer with the department. "Mule" Smith, who shared the city beat with "Brownie," reports that word got around that "Brownie" was here. So last week Mr. Woods of Newington came to Statesboro and claimed our newest member of the police force.

Now "Mule" makes the beat by himself.

Veterans at Work
As the plant held open house, visitors found big strapping veterans laundering, ironing and folding shirts at the rate of 60 dozen a day. Their jobs are due in part to two other veterans, Hardy Calman and Dave Evans. When they came home from the war, they saw there wasn't much ahead in Buchanan for returning servicemen and for graduating high school seniors.
They enlisted support, and the townspeople subscribed \$35,000 for the building of a plant. They built it blind, without any guarantee that any company would buy it from them and set up a manufacturing industry. When the building was nearly completed, they sought a customer, but their first two overtures were rejected.
Then Cluett, Peabody & Co., manufacturers of Arrow shirts, accepted and moved in.
Although the majority of workers in its other plants are women, the company made provision for Buchanan veterans. While the women cut out and stitch the shirts, the veterans crease the finished product in the laundry department.
BUT IT DIDN'T HAPPEN HERE!
Thanking you, I am,
Sincerely yours,
W. G. NEVILLE.

"Talk about VALUE," says America "CHEVROLET and ONLY Chevrolet IS FIRST!"

You'll find that new front-end styling—new colors—new and even more luxurious interior—new and even more roomy body—this is the Big-Car beauty of Chevrolet. Bodies by Fisher. They're the world's finest bodies, found only on Chevrolet and higher-priced cars.

You get much better performance from Chevrolet's world-famous Valve-in-Head engine. It has the finest record of dependability of any automotive power plant. Valve-in-Head engines are exclusive to Chevrolet and more expensive automobiles.

Yes, from one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value as in popularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. Your own judgment will tell you that this is because Chevrolet gives more value... because it alone offers BIG-CAR QUALITY AT LOWEST COST!

You and your family will have Big-Car safety, too. For Chevrolet brings you the three-fold protection of Fisher Uniflex body-construction, the Knee-Action Ride, and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and more costly cars.

As you know, public demand for new 1948 Chevrolets is at the highest level in all Chevrolet history. For that reason, we urge you to keep your present car in good running condition, pending delivery of your new Chevrolet. Come in, get skilled, dependable service, now and at regular intervals.

Col. McLendon Is To Be Fatstock Show Auctioneer

Col. R. T. McLendon, Orangeburg, S. C., has been procured as auctioneer for the fat stock show and sale to be held here on April 29. A. C. Bradley, general chairman of the livestock committee in charge of the sale, announces.

Mr. Bradley pointed out that Col. McLendon is one of the best auctioneers in the south and the committee considers itself fortunate in securing his services. The committee had planned to try to secure the best man available to sell these top cattle for the clubsters.

Some individuals have added to the regular list of prizes also. Mr. Bradley reports, Donaldson and Smith made some awards last year but thought that perhaps the boys and girls who have not been able to get their calves to do as well as some of the others had perhaps worked just as hard as any, and deserved some reward for their efforts. They have authorized the addition of \$2 to 10th place winners, and to all entries not placing in the regular list of prizes. This makes certain that every cluster entering the cattle show will be at least a \$2.00 prize. Bradley and Cone Feed and Seed Store will donate two purebred Spotted Poland China male pigs again this year, valued at \$150.00.

The Chamber of Commerce, Sincerely,
J. L. RENFROE.

LITTLE BOBBIE POUND CELEBRATES BIRTHDAY

Bobby Pound, young son of Mr. and Mrs. Bob Pound, has definite ideas about how a fellow four years old should entertain his friends at a party. His attention was focused mainly on the re- freshments. For the benefit of those who might like to know just what a four year old boy would like his hostess to serve at a party for his and his con- temporaries the menu is includ- ed: Home churned ice cream, served in cones, not cups (Daddy must crank the freezer), birth- day cake, cookies, popcorn (this is a must), bubble gum. Bobby's favors were balloons, ready-blown and on a stick.

The party was on Tuesday, March 30, and the guests includ- ed about twenty neighborhood playmates. The hostess was Mrs. Bob Pound, carefully coached in her role by her son.

WYNN-GAY

Miss Ramona Wynn, only daughter of Mr. and Mrs. C. J. Wynn, or Portia, was married to Craig Gay, of Millen, in a quiet ceremony Saturday afternoon, March 28, at 5 o'clock at the home of her parents. Rev. J. W. Hendricks performed the cere- mony before an improvised altar of magnolia leaves and fern with tall baskets of Easter lilies.

The bride wore a navy blue frock with navy and pink acces- sories. Her corsage was of tiny roses. Her only attendant was Miss Amette Gay, who wore a black and pink silk dress with black accessories. Mr. Gay's best man was his brother, Em- ury Gay, Jr., of Millen.

In the dining room, where ar- rangements of white iris were used. The bride's table was cov- ered with a lace cloth and cen- tered with a wedding cake. Mr. and Mrs. Gay left for a short wedding trip, after which they will go to Athens where they will be students at the University of Georgia.

PARSONS-SLAPPEY

Miss Eunice Parsons, daughter of Mr. and Mrs. W. E. Parsons, of Portia, became the bride of Thomas William Slappey, of Sav- annah, in a quiet home wedding Sunday afternoon at 5 o'clock with Rev. Vernon Edwards per- forming the ceremony. Iris and standards of white spirea were at either side.

Jack Mobley, of Sylvania, was Mr. Slappey's best man. Miss Sarah Womack, of Portia, as maid of honor, wore a black and pink printed banyan dress and carried a prayer book topped with yellow and blue iris.

Immediately following the wed- ding a reception was held. The bride's table, covered with a lin- en embroidered cloth, was cen- tered with the wedding cake en- circled with lilies of the valley. White candles burned on the table and buffet.

WILLIAMSON-CREGER

Mr. and Mrs. U. L. Harley, of Statesboro, announce the mar- riage of their daughter, Miss Mar- ian Yulee Williamson, to Ivan Ray Creger, of Boyd, Md., and Atlanta, on March 15 at the East Side Church in Atlanta.

The ceremony was performed by Rev. C. E. Wilson. Mrs. Creger is a graduate of the States- boro high school and the Univer- sity of Georgia School of X-ray.

The couple will make their home in Atlanta, where Mr. Creger is a student at Emory University.

THE WIDE OPEN SECRET

It's a wide open secret now that no other car at any price gives the kind of riding and driving quality that Dodge gives. This is proven with every new Dodge delivery, and the reason is no secret either. Dodge is the first car in history to give you the full combination of Floating Power, Full-Floating Ride, and All-Fluid-Drive. These, with new Super-Cushion tires, mean comfort and performance far beyond all limits of price.

Bulloch County Farm Bureaus

MIDDLEGROUND BUREAU TALKS ABOUT TELEPHONES

The possibilities of procuring rural telephones were discussed by the Middleground Farm Bu- reau Thursday night. There are approximately 24 families in the community who are interested in installing telephones if they can be had at anything like reason- able cost. The probable cost of construction will be worked out in detail by the next meeting, as well as the possibility of getting lines built and phones installed completed.

Opelchee is introducing the free supper plan in its Farm Bu- reau meetings beginning Tuesday night. Efforts will be made to complete enrollment in the cotton and corn demonstrations. The Bureau meets Wednesday night and will also expand the enroll- ment in their contests.

Register has started a corn contest and will make plans to expand the enrollment at their meeting Thursday night. Weather conditions have been such at previous meetings that they have not planned a community corn contest.

Dottie Hargrove Names, News & Nonsense

Next to Charles Dickens, who decorated his characters with such apt titles as Mr. Murd- stone, Mr. Bumble and Mrs. Fez- ziwig, comes Jimmy Hatlo and his comical cartoon creation, "They'll Do It Every Time," with such names as Mr. Big- some, Mr. Lushwell, Little Iodine and Mrs. Poggirdie.

Chester Gould's "Dick Tracy" strip contains fancy monikers like Flat Top, The Mole, Shoul- ders and Mummies, and George McManus, who created "Maggie and Jiggs," gives their friends such names as Mrs. Lotta Nerves, Mr. Curt Speech, Mrs. Huge Fish and Mr. Piney Woods.

Some names just seem to suit some people, but other folks, un- less they're lucky enough to have a nickname like "Slim," "Shorty" or "Red" thrust upon them, have to answer to Mortimer, Percy or Elmer all their lives. When "Where's Elmer" became a popu- lar byword, my uncle decided he preferred to be called John rather than Elmer and has suc- ceeded pretty well except with his own relatives, who still insist on calling him by his childhood name.

Do you get names mixed up? When the Spanish dancers came to Statesboro for their perform- ance several weeks ago, they called and mournfully inquired, "Dr. Nite?" (Spanish pronuncia- tion, I guess). "We are in Dover. How do we get out?"

In a recent Journal, I read that Major George A. Fogg left Ko- rea for the United States, but Mrs. Marion Y. Frost and Jack W. Snow remained there in the military government's welfare bu- reau. They had everybody in the department but rain and sleet, didn't they?

And then there were sisters who celebrated their 80th birth- days a couple of weeks ago—triplets—and their mother had given them middle names of Faith, Hope and Charity.

On the sidewalk of North Main Street, a couple of blocks from the business section of town, I saw a sign that read: "BUNNY wearing specs?"

The Quizz Kids proved on their Easter Sunday program that car- nivals are good for the eyes by asking, "Have you ever seen a BUNNY wearing specs?"

What is it that makes so many good folks say this trim honey's "got it"? Good looks? One has to admit it's nice to ride in a car that is unmistakably itself and not just a slightly modified version of something else.

Size, weight? Well, the polls tell us it's a pretty important factor since, if you like an automobile that does things, there just is no substitute for brawn and solid substance.

CENTRAL GEORGIA RAILWAY

Features All's Fair

A sparkling ring on third finger left hand.

May be followed in June by the familiar gold band.

A LOVELY, turtan-haired home- town girl, pursuing her studies at T. C. is still a bit self-conscious about her new ring. The fortunate young man is popular, is a handsome brunet, and is associat- ed with his father's business. . .

CAROLE (the young five-year- old who wanted to play the "swimmin' game"), we hereby and forthwith extend to you our sincere apologies for giving your parents the wrong surname. It is a very good name, but it doesn't correctly apply to you. However, your close friends probably knew that the Virgil and Becky refer- red to are Mr. and Mrs. Virgil K. Donaldson. Anyway, we think you are a very clever girl for

stumping your parents. And the story is still a good one. As long as the "hole" appears on the edi- torial page it is true that "pool" (an indoor recreation) is about the only swimming game avail- able for our young people. . .

IN NOTING our dressed-up people last week, we naturally didn't get everywhere at once. For instance, there was Cleo Hodges (Mrs. Wilton) looking perfectly wonderful in a class- ical black dress with a round neck- line which emphasized the beauty of her lovely gold costume jewel- ry, a necklace and matching bracelet. Her simply fabulous corsage of cymbidium orchids (bronzes) was tied with gold rib- bon. Her hat set off that "dres- ed to the hilt" look—a large cart wheel affair—the front brim turned back abruptly from her face and lay flat as a pancake on the crown in very stylish and stunning effect.

SPEAKING OF ORCHIDS re- minds me that Lucile Smith (Mrs. Frank) was a proud mother of an Easter, for from far off Ewa, Hawaii, where her son, Kenneth, a Marine, is stationed, came a lovely corsage made up of Panch orchids. They were mailed from Honolulu on Tuesday and were delivered in Statesboro on Thurs- day. When Lucile wore them on Easter Sunday they were fresh and beautiful.

THE ATTRACTIVE STONE being applied to the exterior of Paul and Alfred Merle Sauve's house on North Main Street is fascinating in its composition. In- nocently enough, I enquired if it were fieldstone. Know sumpin'? It is perma-stone, and the ingredi- ents come in containers resem- bling huge salt and pepper shak- ers and they are sifted and mixed right on the premises—probab- ly like mixing dough on a huge

bread tray. What a world we live in where our weatherboarding or its substitute is daubed on like the old mud pack beauty treat- ment. . .

THE GROVER BRANNENS have acquired a nice lot directly across from the Smiths' and are planning to build a love- ly two story home. . . The Wen- dell Olivers have acquired the handsome Brannens' home on South Zetterower. Edna revealed some of the features of her house plan, and beauty, convenience and no waste space seem to dominate her blueprint. . .

AMONG STATESBORO'S beauty spots this spring have been the Tillman homes on South Main Street. Edna (Mrs. Joe) and Mae (Mrs. Julian) cooperate beautifully in planning and plant- ing the huge expanse of pine- studded lawns, giving the effect of one vast landscaping project. The pink Pride of Mobile and the Forsythia with orchid tinge, azale- as, dogwood, wisteria, cran- apple, flowering quince, white iris and daffodils have presented an ever-changing picture of lov- eliness all spring—and I do learn things when I talk to these gar- deners. This time I learned that

replaces both the clutch and first, second and high gears.

But as nearly as we can find out—and we talk to a lot of people—it isn't any one thing that puts Buick at the top of the "it" parade. It's the over-all richness of this honey in all the things you've dreamed of finding wrapped in an automobile.

Ask any friend who drives a Buick—then see your dealer and get a firm order in, with or with- out a car to trade.

It is the wonderful new Dynaflow Drive* that's causing so much talk?

In Roadmaster models that is cer- tainly a big factor. You'll never know how silky smooth a drive can be—what fluent new ease there is to all your going—till you drive the car where liquid

Power? Naturally. You can't sit long behind this big Fireball straight-eight without falling for it plenty hard.

Handling? Ride? Room? They all have their avid fans among Buick owners. Especially now with a completely new kind of en- gine mounting ironing out vibra- tion build-up as never before, and in this Convertible model, with automatic top, door-window and front-seat adjustment.

Size, weight? Well, the polls tell us it's a pretty important factor since, if you like an automobile that does things, there just is no substitute for brawn and solid substance.

wonderful jelly is made from the fruit on the flowering quince.

WE WERE ALL JUSTLY PROUD of the Number One rat- ing won by the High School Band as it competed with other bands in Milledgeville Thursday. We've felt all along that our band was tops. Now it seems our pride is justified. Our band majorities in executing the figure "HELLO" had to kneel in the mud. One girl said to her mother: "You don't know how it feels to kneel on your bare knees in mud and just keep a-sinking." And, honey, you can bet your life mother doesn't want to know how it feels to kneel in mud. . .

As ever,
P.S. Among the attractive Kid Day costumes Monday we noticed that of Shirley Lanier, who was quite fetching in a brief plaid gingham frock and sun- bonnet. She carried a teddy bear.

J. B. Hutson, of Washington, D. C., president of the Tobacco Associates, Incorporated, along with operators of warehouses in Statesboro are urging growers in

War I, Mr. Hutson pointed out, about one-half of the flue-cured tobacco crop was used in cigar- ettes, the other half going into other products. Last year, how- ever, 95 per cent of all flue-cured tobacco used in the United States was manufactured into cigarettes and only five per cent went into other products. Even though the United States flue-cured grown tobacco is generally recognized as superior to that grown elsewhere, Hutson said, only one-half of the flue-cured tobacco used in foreign countries is imported from this country.

It's much the same way with cars as with people.

Some "have it"—some don't. Some you go for, all out—with- out quite being able to lay a finger on why. And those—well, they usually become your firmest friends.

What is it that makes so many good folks say this trim honey's "got it"? Good looks? One has to admit it's nice to ride in a car that is unmistakably itself and not just a slightly modified version of something else.

Size, weight? Well, the polls tell us it's a pretty important factor since, if you like an automobile that does things, there just is no substitute for brawn and solid substance.

Georgia to grow a type of tobacco desirable for domestic cigar- ette purposes.

They stated that most of the tobacco grown in Georgia had a tendency to be too heavy in body and texture from the middle of the stalk to the top for good cigar- ette tobacco. This tobacco, they pointed out, has heretofore been bought by the English trade as a whole. The English buyers were removed from the market last season and in all probability will not be on the market this coming season, which will necessitate the bulk of our tobacco being pur- chased by American manufac- turers. A spokesman stated that there is always a good demand for domestic type tobacco. In or- der to grow this type of tobacco, it was stated, it should be plant- ed thick in the row and highly fertilized, topped high, and kept suckered well. Thick planting and plenty of fertilizer was recom- mended.

Mr. Hutson explained that the Stabilization Corporation holdings are heavily made up of non-cigar- ette grades of tobacco and the demand for non-cigar-ette grades is only one-twentieth of the de- mand for cigarette grades. Cur- rent undesirable grades will be less desirable in the immediate years ahead.

The head of Tobacco Associates stated that the demand for 1948 crop flue-cured tobacco would justify and increase of ten per cent of the yield an acre over an average yield of 1946-47. He urged farmers to increase their yields even more than ten per cent.

Just prior to and during World War I, Mr. Hutson pointed out, about one-half of the flue-cured tobacco crop was used in cigar- ettes, the other half going into other products. Last year, how- ever, 95 per cent of all flue-cured tobacco used in the United States was manufactured into cigarettes and only five per cent went into other products. Even though the United States flue-cured grown tobacco is generally recognized as superior to that grown elsewhere, Hutson said, only one-half

Church News

COUNTY TO RECEIVE WEATHER REPORTS

Bulloch county farmers will
have access to the latest possible
weather report at midday, Mon-
day through Saturday, under the
new program of WWNS.

Through the cooperation of the
United States Department of
Commerce Weather Bureau this
12 noon agricultural weather
forecast is provided the county
agent's office by telephone and
is then relayed to WWNS for
the news program.

The Weather Bureau expressed
the belief that farmers generally
were more interested in the
weather at the present time than
in the past and that the ex-
pense involved would be justifi-
ed for the service.

WWNS agreed to broadcast
this latest forecast during the
news program so as to get it to
all farmers interested as quickly
as possible.
