VOLUME VII 1948 Cotton Loan Program Set Up

Details of the Commodity Credit Corporation's loan program covering upland cotton produced in 1948 were released this week by Doris R. Cason, administrative officer of the Bulloch County Agricultural Conservation Association.

Under provisions of the program, the average loan rate for seven-eighths-inch middling cotton, gross weight, will be 28.70 cents per pound in Bulloch county. Mr. Cason said. This average loan rate is based on 92 1/2 percent of parity on August 1.

The average loan rate for fifteen - sixteenth-inch middling cotton will be 1.95 cents per pound higher, the administrative officer said. The average rate for Bulloch county will be 31.27 cents per pound.

Mr. Cason pointed out that the rate varies slightly in different areas of Georgia due to differences in freight rates to various mill areas.

Premiums and discounts for grade and staple in the 1948 loan program will be calculated in relation to the loan rate on fifteen-sixteenth-inch middling cotton, the administrative officer said.

Producers eligible to participate in the program, according to Mr. Mason, are those producing cotton in 1948 as a landowner, landlord, tenant and sharecropper. If the eligible cotton produced on a farm has been divided among the producers entitled to share in the cotton, each landlord, tenant and sharecropper may obtain a loan on his share. If the cotton has not been divided the landlord and one or more of the share tenants or sharecroppers may obtain a joint loan.

Loans will be made on cotton receipts issued by warehouses approved by the Commodity Credit Corporation. Cotton producers' notes will bear interest at the rate of three percent per annum and will mature July 31, 1949, but will be callable on demand. Loans will be available until May 1, 1949.

Loans will be made direct by the Commodity Credit Corporation or through lending agencies approved by the corporation. Mr. Cason said. A special form of loan agreement will be available to cotton cooperative marketing associations whereby the association may obtain a loan on cotton on which such associations have made loans to their producers.

The county agricultural conservation association committee will designate persons as clerks to assist producers in preparing and executing loan papers. Mr. Cason pointed out that the production credit associations chartered by the Farm Credit Administration, of banks and other agencies approved by the CCC as lending agencies, of warehouses approved for storage of loan cotton and county agricultural conservation association employees will be designated as clerks.

SMITH-TILLMAN MORTUARY INSTALLS OXYGEN OUTFIT IN NEW AMBULANCE

Jake Smith, of the Smith-Tillman Mortuary, announced this week that a complete oxygen outfit has been installed in their new ambulance to take care of emergencies while transporting people involved in accidents or in need of special treatment.

He asked the question of the Rotarians present: "Will your children be crowded out?" He added that children are going to have a hard time if present conditions continue.

He told why teachers are leaving Georgia. "Georgia pays a teacher a starting salary of \$1,622. South Carolina starts teachers at \$2,000. North Carolina starts her teachers at \$2,100. Alabama, \$2,200. Florida at \$2,400. We are losing our teachers to our neighbors."

President Henderson then stated: "Most of us have not been inside our school houses in ten years—and then only for some special occasion."

He explained that Georgia is working on a Minimum Foundation for Education which would provide \$3,000,000 for education in the state. He gave figures showing that Georgia spent \$42,000,000 for beer in 1947; \$2,000,000 for wine; \$64,000,000 for liquor; \$53,000,000 for cigarettes and cosmetics "in the same year that Georgia was paying out of taxes \$4,000,000 for education."

"Can Georgia afford to spend \$181,000,000 for beer, wine, liquor, cigarettes and cosmetics, and then say we can't spend \$83,000,000 for our schools?" he asked.

He concluded with, "Our teachers mold our nation's future."

Fair Committee Named for Bulloch

A committee of 14 men, women, boys and girls was named Saturday to serve as leaders for the Bulloch County Fair this year and to formulate plans for the county's exhibit at the Southeastern Fair in Atlanta early in October.

Members of the committee were selected by a group which met in the court house to make plans for these two fairs. The committee members will represent almost all organizations in the county that will be interested in promoting a fair.

Those named were Mrs. A. L. Roughton, Mrs. R. L. Lanier, Mrs. Cecil Kennedy, Mrs. J. B. Fields, Mrs. Rufus G. Brannen, R. P. Mikell, Mrs. Leroy Atkins, Mrs. C. P. Brannon, Mrs. E. V. Hughes, Robert E. Young, Chas. C. Cates, Murray Mobley and Hazel Crenshaw.

The group voted unanimously to put on a county exhibit in Atlanta, especially so since the county had been invited to display the agricultural products of this section of the state and expenses for the operation were assured.

Rufus G. Brannen, secretary of the local fair organization, reported that \$1,372 were in the treasury to start the fair with this year. The Bulloch County Fair is scheduled for October 25 to 30.

On the Port highway, were held Monday afternoon at the Upper Mill Creek Primitive Baptist Church, with Elder J. B. Jarrell, assisted by Rev. T. E. C. Tillman, in charge of the services. Burial was in the church cemetery.

Rites Held For Jim Coleman Monday

The funeral of James F. (Jim) Coleman, 37-year-old advertising director of The Bulloch Herald and director of public relations for Acting Governor Thompson's campaign, was held Monday, August 16, at 1:30 p. m. at the First Baptist Church, Statesboro.

Mr. Coleman died Saturday night in a Dublin hospital as the result of injuries received Tuesday night, August 10, in an automobile accident near that city. The accident also claimed the life of H. W. Averitt Jr., of Millen, and resulted in serious injuries to Mr. Averitt's bride of two months, and to his father.

Following the funeral services at Statesboro, the body of Mr. Coleman was moved to Fayetteville, where burial was held at 8:30 Monday afternoon in the Fayetteville cemetery.

Mr. Coleman is survived by his wife, the former Miss Mary Dan Ingram, of Fayetteville; two daughters, Linda, 4 1/2 years old, and Mary Ellen, 7 months; his mother, Mrs. G. C. Coleman Sr.; and two brothers, Leode Coleman and G. C. Coleman Jr., both of Statesboro.

Mr. Coleman was a veteran of World War II, serving as public relations officer for the Army Air Force. He was discharged with the rank of lieutenant colonel. He and his brothers closed The Bulloch Herald for the duration of the war and reopened it in 1946 after being discharged from the service.

In Atlanta, Acting Governor Thompson issued the following statement:

"I am profoundly grieved by the death of my friend, Jim Coleman."

"The tragedy near Dublin last Tuesday night had already claimed the life of another of my friends, Mr. H. W. Averitt Jr., and I am doubly shocked that the injuries from that accident have proven fatal to Mr. Coleman."

"Mr. Coleman was an outstanding young Georgian, a brilliant editor and distinguished citizen. The field of journalism and the entire State as well as suffered a great loss which I feel deeply—officially and personally."

Governor Thompson, together with Mr. "Tiny" Groves, his aide, attended the funeral services here.

An incomplete list of out-of-town people who attended the funeral of James F. Coleman here Monday afternoon includes:

Governor M. E. Thompson, "Tiny" Groves, Elliot Hagan and George Goodwin, of Atlanta; Miss Alma Gladwin, McIntyre; Mr. and Mrs. B. E. Fordham, Metter; Dekle Goff, Savannah; Ed Kennedy, Rockingham, N. C.; Bealy Smith, Atlanta; Edwin Beasley, Charleston, S. C.; Mr. and Mrs. Kenneth R. Powell, of Silver Springs, Md.; Mrs. Cleon

It is thought that the increase in polio in northern South Carolina and Georgia is due, in part, to spread from the highly epidemic areas of North Carolina. The Georgia State Department of Public Health has formulated the following policy:

1. All local health departments are advised to impose a "voluntary" quarantine as follows: (a) Citizens are discouraged from traveling in to North Carolina or northern South Carolina, or any area where people from these areas are likely to be; (b) all persons should submit to a voluntary two week's quarantine on their return from epidemic areas. (All North Carolina should be considered an epidemic area); (c) entrance to this area of visitors from polio areas, unless their business is essential, should be prohibited.

2. It is also suggested that non-essential gatherings, especially of children, be restricted since the disease is apparently spread mainly by carriers by droplet transmission emanating from the nose and throat.

3. It is assumed that there are 100 to 200 carriers of polio virus for every case that develops paralysis. Carriers are assumed to be infectious and contagious for two weeks, hence it is important to prevent exposure to or with the general population, those thought to be well, in an area where cases are found.

James F. Coleman

GEORGIA HAS NOT HAD a more untimely death than that of James F. Coleman, of Statesboro, who died Saturday night in a Dublin hospital of injuries sustained in an automobile wreck near that South Georgia city last Tuesday night. He was one of the most desirable of citizens. He was devoted to his State and willing always to give of his time and his talent in the various issues confronting his State. When the recent war came on, he and his brother, Leodel, closed up their prospering and influential newspaper at Statesboro and went to war, Jim in the Air Corps and Leodel in the Marine Corps. In the service

for almost four years, they reopened their newspaper after being discharged from duty. At the time of the accident, Jim was on leave from his business working in the campaign of M. E. Thompson, to whom he had given his support. For a time, Jim Coleman was on the advertising staff of The Atlanta Constitution. He had many friends here and throughout the state. He was a fine and promising young man of talent, character and courage. The Constitution joins hundreds of Georgians in extending their sympathies to his wife, brothers and other members of the family. —The Atlanta Constitution.

She's Still No Lady

Last week we wrote on "Rumor is no Lady".

This week we continue on the same subject, but briefly. Between the time Jim Coleman and Mr. Harold Averitt and his family were involved in an automobile accident near Dublin on Tuesday night of last week and the time this is being written (Thursday night of last week) Dame Rumor had told more versions of what had happened than an accident insurance company has accident versions in its files.

All these versions we regret. People just seem to get facts fouled up in retelling. It's a weakness

in man and woman for which there is no known treatment.

It's not just this accident that Dame Rumor fouls up the facts... every activity involving human beings is her meat.

And you can only quiet her by not repeating what she brings to you—wait until you get the facts, then listen carefully, and if you must retell it, repeat it slowly and with concentration, resisting all temptation to embellish it just to make it a little more interesting.

And always keep in mind, Dame Rumor is no lady!

We Salute "Miss America"

THE BULLOCH HERALD and Statesboro and Bulloch County salute "Miss Georgia".

For "Miss Georgia" who was, until Thursday night August 5, "Miss Bulloch County", is our own Gwen West, daughter of Mr. and Mrs. W. E. West of Statesboro.

Our "Miss Georgia" was declared "Miss Bulloch County" with her sister, Elaine, as runner-up in

the beauty revue sponsored by the local Junior Chamber of Commerce.

Miss West went to Columbus, Georgia, and was selected to represent Georgia in the national competition to select "Miss America".

Miss West was selected, not for her beauty alone, but for her talents and her poise.

We congratulate her, and are proud of her.

The Almanac Says the Weather this Week On...

THURSDAY, August 19, will be stormy.
FRIDAY, August 20, will bring fair weather.
SATURDAY, August 21, will be hot.
SUNDAY, August 22, will bring pleasant weather.
MONDAY, August 23, will bring thunder storms.
TUESDAY, August 24, will continue with thunder storms.
WEDNESDAY, August 25—weather still unsettled.

... But Don't Blame Us If the Almanac is Wrong

LEAD, kindly Light, amid the encircling gloom,
Lead Thou me on;
The night is dark, and I am far from home,
Lead Thou me on;
Keep Thou my feet; I do not ask to see
The distant scene; one step enough for me.

IT DIDN'T HAPPEN HERE!

Editor's Note: This column is designed to create dissatisfaction with the present status of Statesboro. It will consist of stories of what other communities like ours are doing, with the hope that Statesboro might realize we must be continually alert to maintain the classification of "A Progressive City."

KIDS GET INTO POLITICS TO GET SWIMMING POOL

Out in Ocmulgee, Oklahoma, the kids got their hot vet in politics but won't be able to take the real plunge until sometime next summer.

The Ocmulgee kids wanted a new municipal swimming pool, so they organized their own campaign for the bond election, solicited funds to pay for newspaper and radio advertising, held a big parade and operated an auto service to take voters to the polls.

They were successful in their effort to get a new \$125,000 pool by a vote of 737 to 609.

BUT IT DIDN'T HAPPEN HERE!

Last week when the word went out that our brother, Jim, had been hurt in an accident people ceased being just people and became our friends. Friends, deeply moved by the tragic event that resulted in the death of young Hal Averitt, and the serious injury of his wife and to his father and to Jim.

When we got word of the accident at 12:30 Wednesday morning we began a series of long distance telephone calls and the local long distance operator turned out to be one of our friends. She put through our calls quickly and with a minimum of falderal.

Before we left Statesboro early Wednesday morning to go to Dublin, those who had heard about the accident assured us that we could depend upon them for anything they could do.

When we arrived in Dublin the doctors saw us immediately. The nurses checked ourselves out to see that we got what we wanted or needed for Jim.

We had been there only a short time when Ralph Mallard, who we had not seen in ages, turned up and offered us a place to stay in his home, and placed himself and what is his at our disposal. Mr. Champion, editor of the newspaper, came to us and offered us what he had. R. L. Fordham, of the State Patrol, who was in school at the Teachers College here, assured us that if our mother needed anything the State Patrol could do for her to call him. All people who came forward—friends.

The Averitts experienced the same friendliness on the part of the people of Dublin.

To us Dublin will always be a friendly city and one to whose citizens we say "stay just as you are."

And the people at home—here the friends of ours, of Jim, of mother, of the Skipper, moved forward with the question: "What can we do?" When told "nothing, thank you," they leave you with the sincere assurance, "if so, please call on us."

It is this friendship that shines through the clouds that hover over and around a family made to suffer, that gives its members something to which to hold—this friendship and the constant presence of our Lord, to whom we all turn in our hours of sorrow.

CURCULIO CONTROL

If an excess of lead arsenate has not been used in the peach orchard during the season, an application of dust containing 10 percent arsenate of lead and 90 percent hydrated lime will greatly decrease the curculio.

EFFECTIVE PEACH SPRAY

An application of 50 percent chlordane at the rate of two lbs. of the wettable powder per 100 gallons of water makes an effective post-harvest spray for curculio-infested Elberta peaches.

FOR SOLICITOR GENERAL

I hereby announce my candidacy for the Office of Solicitor General of the Ogeechee Judicial Circuit of Georgia, comprising the counties of Elftingham, Screven, Bulloch, and Jenkins.

I made the race for this office in 1940 and carried two of the four counties in the Circuit and made a good showing in the other two counties.

Elftingham County has not had either a Judge or a Solicitor of the Superior Court since the creation of the Ogeechee Circuit. For this reason, I feel that my candidacy should be given consideration.

Through my years of experience as a practicing attorney, I feel I am qualified and capable of attending to the duties of this office, and I earnestly solicit your support and will appreciate your vote.

Sincerely,
WALTON USHER.

FOR REPRESENTATIVE

To the People of Bulloch County: I am a candidate for Representative in the General Assembly of Georgia, subject to the rules of the Democratic Party, in the State Primary, to be held September 8, 1948, for the place now filled by L. M. Mallard; and I shall appreciate your support in my race. Every consideration will be given to the agricultural, business and school interests of our people should I be elected.

Thanking you, I am
Respectfully yours,
A. J. (ALGIE) TRAPNELL

FOR JUDGE SUPERIOR COURT

To the People of Bulloch County: I am a candidate for Judge of the Superior Courts of the Ogeechee Judicial Circuit, subject to the rules of the State Democratic Primary to be held September 8, next.

I am winding up my second term as Solicitor General and I am asking for your vote for this office for one more term only, as I shall not be a candidate for this office again after the next state primary. This is a very important office to the public. It is the work of the Solicitor General to prepare the indictments in exactly the correct and legal form, to submit the evidence for the state to the grand jury, to make out the state's case before the trial jury with such evidence and in such a way as to sustain a conviction when a conviction is had; and, in the case of an appeal after the verdict, it is the duty of the Solicitor General to represent the State in arguing those cases before the Court of Appeals and the Supreme Court of Georgia.

I have had considerable experience in the trial of cases. I have tried almost every kind of case known to our criminal law, as well as all sorts of civil cases. During my administration, I have tried to represent the interest of the State before the Grand Jury and in the Trial Courts with as little loss of time and with as little cost to the counties as possible, and at the same time giving due consideration to all the parties involved.

I shall appreciate your support and your influence and vote, and if I am elected to this office for another term, I shall endeavor to give you the same sort of fair, impartial and efficient service that I have tried to give for the past seven years.

Yours sincerely,
FRED T. LANIER.

Just Let Me Hold
Your Hand

I used to enjoy fortune tellers the eerie tents and dreary trailers they inhabit have a peculiar fascination. Astrologers, tea-leaf readers and fortune tellers all play on an inherent curiosity to find out just what the future holds.

When I visited relatives in Ohio several years ago, my Aunt Grace made an appointment with a Madame Somebody there who was psychic. She specified that instead of a name, I would be admitted into the sanctum at 4:30 as "C."

"Knowing that my Southern accent would be a dead give away, I said nothing but 'C' when I met the Madame.

She held my hands across the table and 'told' that I was from off—that I had a brother who worked with blueprints (he was attending Tech at the time), that I would return home by a different route than that by which I had come, that jewelry (a frat pin which I could not find) was under a window. She also felt a terrible hurting in her jaws which "could be serious" for me.

She was so right. Mother and I had seen New York before going to the Buckeye State. I did go home by a different route, the pin had fallen out of my suitcase and was on the floor under a window, and that December I had an impacted wisdom tooth pulled. (It had never bothered me before I met her.)

There were a lot of things she didn't tell me, but did she get so much right? How did she know that both my parents were living and that I was one of a family of eight or ten children?

Fortune tellers can usually satisfy their customers by using common sense. Common sense belongs to people who yearn to hear that they will, someday in the veiled and mysterious future, own a lovely home and dictate directions to able and willing servants.

And the owner of the well-manicured nails needs only to be assured that her beauty parlor appointments will never cancel.

With that kind of money, though, she could even afford meat. Hmm, think I'll dig out my cards and put on my turban—or is there a city ordinance that would have me playing gin rummy through the bars with Pearl Deal?

A Fan Looks At Ogeechee League

Editor, The Bulloch Herald: First, let me say I'm for the Ogeechee Baseball League 100 percent. I want to see it continue. But unless the fans throughout the league start thinking with their brains instead of their bladders to win a game, this league is certainly going to fold up.

Competition is a great thing in sport. Support of your home town team is admirable—up to a certain point. But when loyalty blinds one and makes ordinarily thinking citizens totally incapable of thinking, it has gone too far.

Too many people sit in the stands and think they know all the angles have never read a baseball rule book in their lives. Yet they are the ones who cause

The Bulloch Herald, Thursday, August 19, 1948

the most trouble. Then, too, managers who are supposed to be good sportsmen and fair play, too often say things to their players which are unfair to the officials who are usually trying to cover up their own faults.

I think one of the best things ever to happen to the Ogeechee League was when the directors hired our umpire from a regular accredited umpire school. Don't let us go back to the old system under which we operated last year.

This season there have been two completely unrecalled for incidents in the league—both happening in the same town. An umpire was beaten up by fans simply because he called a play as he saw it. A reasonable fan

realizes that he can't see a play as accurately as the umpire. Then a few weeks later in this same town the manager of the same team runs out and hits the umpire for calling a play exactly as he saw it.

If I were president of the league this manager would never be allowed to even see a ball game in this league.

I would be willing to stake my life to the fact that not one umpire in the Ogeechee League has made one decision which in his mind was not exactly as he saw it. These boys read the rule books and devote a large amount of energy and time to becoming a fair and efficient umpire. Then for a bunch of fans who probably don't know first base from Adam comes along and give him a bad

Jaycees Promote 'Our Votes Are Sacred' Idea

Posters to remind voters of the privileges and obligations of casting the ballot will be placed at the polls throughout Bulloch county by the Jaycees.

Ernest Allen, president of the Statesboro Junior Chamber of Commerce, announced today.

The background of the poster is the Statue of Liberty, over which are printed these words: "Our Votes Are Sacred. Keep Them Sacred. Our Votes Are the Cornerstones of Democracy. Cooperate to Assure the Secret Ballot Accurately Counted."

These posters are one phase of the Jaycee program to raise the election standards in Georgia. Election improvement is the foremost item on the Jaycee agenda this year. Members of the Junior Chamber will serve as watchers and managers at polls on election day. All fees paid these volunteers will be used in worthy Jaycee projects.

This program is being promoted by the Junior Chamber of Commerce. Jaycees are cooperating with the CEKFOR group, composed of Civitan, Exchange, Kiwanis, Lions, Optimist and Rotary, to make the secret ballot accurately count a reality in the State of Georgia.

The Jaycee program is the outgrowth of a resolution passed by the Georgia Junior Chamber of Commerce at a recent board of directors meeting in Macon, where the following resolution was adopted:

A RESOLUTION Whereas, the Georgia Junior Chamber of Commerce is vitally interested in who is elected, but how Georgia elections are held, and

Whereas, the Georgia Junior Chamber of Commerce endorses without reservation honest and fairly held elections, and

Whereas, the Georgia Junior Chamber of Commerce recognizes that the price of democracy is eternal vigilance;

Now, Be It Resolved that the Georgia Junior Chamber of Commerce, in executive session assembled on this 18th day of July, 1948, pledges itself to strive unceasingly to insure that the process of elections in Georgia remain a truly democratic one, by adopting the following program of action:

1. Participation in the handling of elections.

2. Posting of signs outside the polling places to remind the voter that he is engaging in a privilege rare in the modern world today—the privilege of electing his own government officials.

3. Fostering community action to maintain and preserve the secrecy of the ballot.

4. Promotion of a broader understanding, through education, of the democratic processes upon which the government of this country is based.

5. Establishment of a committee, to be called "The Elective Improvement Committee," whose function it shall be to carry out the objectives of this resolution as a statewide project.

Signed: J. W. HENRY, President, GJCC.

Attest: F. W. BROWN, Executive Manager.
