**Good Reasons to Keep G&F R.R. Are Presented**

A strong and good case was presented to the Interstate Commerce Commission's examiner here Monday to prevent the discontinuance of the Georgia and Florida railroad here, George M. Johnston, attorney for the Chamber of Commerce and city of Statesboro, reported to the Board of Commerce Tuesday.

Mr. Johnston would not make a prediction as to what the ruling would be on the junking of the Georgia and Florida railroad from here to Stevens' crossing, but did say it would be some six months before any ruling would be handed down. Then the local group would have a chance to appeal it if they so desired.

Loy A. Waters, chairman of the finance committee, reported that some \$2,700 had been turned in for memberships and donations to-date. Those making donations for memberships not previously reported were Fred T. Lanier, Alfred Brothers, Stuckey's Inc., United 5c to 5c Stores, Concrete Products Co., College Pharmacy, Lannie F. Simmons, Bus Station Taxi, Central of Georgia Gas Co., DeLoach Insurance Agency, Dr. Hugh F. Arundel, Benton Rapid Express, Hinton Booth, W. H. Alfred Jr., Johnston and Donaldson, J. G. Watson, and Waters Furniture Co.

Dr. Z. S. Henderson, president of Georgia Teachers College, presented the college's basketball players and Coach J. B. Seacore to the Chamber of Commerce. Dr. Henderson stated that this is one of the best teams the college had

ever had and that the team had won 25 of 27 games and had one more game to play, Saturday night. The team had been invited to play at Tampa next week for a chance to represent Georgia and Florida at the national tournament in Kansas City about mid-March.

**COACH SEACORE** stated that the team had won 25 of 27 games and had one more game to play, Saturday night. The team had been invited to play at Tampa next week for a chance to represent Georgia and Florida at the national tournament in Kansas City about mid-March.

**Mr. Lockwood** announced that only standard bicycles will be eligible to enter the race. Transportation will be furnished all contestants from the recreation center to Penbrooke.

'I Have Found the Book

Of the Law In The

House Of The Lord'

In the lives of many who profess to serve God, "the book of the law of the Lord" has been lost; what a blessing it would be in this generation of "distress of nations with perplexity" if we could turn sincerely to the open book of God's law and fashion our lives accordingly.—V. F. AGAN.

**FIRST METHODIST CHURCH**  
Laymen's Day will be observed at the Methodist Church Sunday, February 26, with the laymen in charge of the service. Mr. Tigner Thrasher, executive director of the Wesleyan Foundation, Macon, will be the guest speaker. He will talk on "A Layman's Faith" at the morning service, 11:30.

The Children's Church in the intermediate department, under the direction of Rev. George Herndon, will meet 11:30 Sunday morning. This church service is for children 6 through 11 years of age.

At the evening hour the pastor, Rev. John S. Lough, will preach on the Seventh Commandment—"Thou Shalt Not Commit Adultery."

**HOME MISSION SEASON OF PRAYER AT ELMER CHURCH**  
The week of February 27 to March 3 has been designated as a week of prayer for the home missions at the Elmer Baptist Church. Mrs. Jewell Zetzer will be the program chairman for the week. The ladies of both Elmer and Macedonia churches will be on the program. A mission study class was held yesterday at the Elmer Church with Mrs. Earl Serson teaching. The following societies were present: Elmer, Grover, Clito, Macedonia, Friendship, and Elmer.

**PRIMITIVE BAPTIST CHURCH**  
Hours of worship: Bible Study 10:15 a.m.; Youth Fellowship 6:30 p.m.; regular services 11:30 a.m. and 7:30 p.m.

We are glad to make a special announcement regarding the evening services: Elder A. L. Brannen Jr., ordained to the full work of the gospel ministry at the Metter Primitive Baptist Church January 18, will be present and will preach in the service. Not only the members, but friends and acquaintances should hear this young minister. The pastor will preach in the morning service. A cordial welcome to all.

## Man Must Find Salvation in God

WE REALIZE our limitations as a newspaper editor. We realize our horizon is restricted to the people we serve. All our efforts and energies are directed at local problems, offering suggestions for possible solutions. We try to remain humble in all our projections, conscious of the fallibility of persons in our position.

And so it is with a sense of humility that we write this week on a subject of world-wide impact.

Much is appearing in our newspapers, magazines, and is being heard over our radios, and being seen on television concerning the new hydrogen bomb.

People are becoming more and more aware of its potential destructive power, allied with the now old atom bomb.

We see our nation becoming more and more involved in an arms race with our one-time ally, Russia.

And the question, naturally, follows: WHERE TO NOW?

The armament race between our country and Russia, originally as a preventive measure, now assumes hysterical character. We, and Russia, are rushing to the perfection of a means of mass destruction. The H-bomb has all the qualities of being that means, and its accelerated development has been solemnly proclaimed by our President.

Dr. Albert Einstein, the world's greatest scientist, in a statement on atomic energy and world peace, says:

"If successful (the development of the H-bomb) radioactive poisoning of the atmosphere, and hence annihilation of any life on earth, has been brought within the range of technical possibilities. The ghost-like character of this development lies in its apparently compulsory trend. Every step appears as the unavoidable consequence of the preceding one. In the end, there beckons more and more clearly general annihilation."

"Is there any way out of this impasse created by man himself? All of us, particularly those who are responsible for

the attitude of the U.S. and the U.S.S.R., should realize that we have vanquished an external enemy, but have been incapable of getting rid of the mentality created by the war.

"It is impossible to achieve peace as long as every single action is taken with the possible future conflict in view. The leading point of view of all political action should therefore be: What can we do to bring about a peaceful coexistence and even loyal cooperation of the nations."

Dr. Einstein pleads for a "solemn renunciation of violence" accompanied by the establishment of a "restricted world government."

The people—we here in Bulloch county—the world, place our trust in and the responsibility in the hands, minds, and hearts of our world leaders.

We can, then, only hope that they will place trust in, and look for guidance to, the All-powerful God, who in His wisdom allowed man to discover the apparent means to bring about man's own destruction.

Our national representatives are divided—Make the H-bomb . . . ban the H-bomb.

Our churches are divided—Make the H-bomb . . . ban the bomb.

Veterans of World Wars I and II—the GI's—live in dread that what happened to them might happen to them again, or to their children. Remembering the horrors of the last two world wars, they turn from the thoughts of the possibilities of a new war. They are seeking solace in more active participation in spiritual activities. This is evidenced in student religious organizations in the colleges over the nation.

The seeking after world peace in the mind of the individual and world-wide security of nations must find its roots in man's heart and soul, with its manifestation in a monumental resurgence to God.

There, and there alone, will man find his salvation . . . from himself.

Yes, we know there are other things, and first things come first.

Well, it's now noted. Let's include these two intersections for traffic control, so that when first things come first, and have been disposed of, these things might become first things.

### Congratulations

WE CONGRATULATE the members of St. Matthews Catholic Church upon the completion and dedication of their new church building.

In appearance it is one of the city's beautiful buildings. Located on U.S. 80, it will proclaim to the traveling public that here is a city of beautiful churches.

On Savannah avenue, U.S. 80 alternate, stands the lovely First Presbyterian Church. On U.S. 301, within the next few years, will stand the magnificently planned First Baptist Church. And the beautifully sedate First Methodist Church, also on U.S. 301, all give proof to the proclamation.

With the establishment of a Lutheran congregation, it is entirely possible that they, too, someday may grace the city with a new church building.

And so we are glad for the Catholics. Statesboro can be proud of the new church building and "point with pride."

### Makes 'Bright Spots'

THE GEORGIA POWER CO. again selected a Statesboro business firm to feature in its monthly publication, "Bright Spots."

In the January issue of the magazine the Woodcock Motor Company's new showrooms are featured. It shows a photograph of Will Woodcock standing beside a Cadillac on the floor of his showroom, with Jack Wynn at the wheel.

A previous issue had featured the remodeled store of H. Hinkovitz and Sons.

### Verse for This Week

O THOU primal fount of life and peace,  
Who shed'st Thy breathing quiet all around,  
In me command that pain and conflict cease,  
And turn to music every jarring sound.

—J. STEARLING.

### Still too Early to Get Up

## Editor's Uneasy Chair

THIS WEEK we received word from a home-town boy who made good in the city.

It was in the nature of a release from the Georgia Department of Public Health.

Dr. J. E. McCroan Jr., son of Mr. and Mrs. J. E. McCroan, of Statesboro, is research epidemiologist for the State Health Department. He and Dr. Alexander D. Langmuir, chief of epidemiologic services for the Communicable Diseases Center, were investigating virus disease found in our neighborhood county.

Within a short time they found 24 or more cases of a mysterious, undiagnosed fever that had appeared in Swainboro and surrounding Emanuel county.

The disease was characterized by a sudden onset of fever, severe headache, generalized aches, and vomiting.

Dr. McCroan (J. E. to us) and Dr. Alexander found that the victims of the mysterious fever were young adults who had been swimming in the Ochopee River.

Although the significance of swimming in the river is not known, the fever became known as "Ochopee Fever."

Intensive study went on in the laboratory when Dr. J. E. and Dr. Alexander went back to Atlanta.

And now, some of the cases of our neighbors "Ochopee Fever" have been identified.

The virus and rickettsial laboratory of the Communicable Disease Center, U.S. Public Health Service, at Montgomery, Ala., has isolated a relatively rare and new virus from seven of 16 specimens examined here. It is identified as "Coxsackie Virus," so named because the first case isolated originally came from the town of Coxsackie, N. Y.

And, so, here we have one thing which is common to the North and the South. It may be Coxsackie.

THE ALMANAC SAYS THE WEATHER THIS WEEK—

TODAY, Feb. 23—fair.

FRIDAY, Feb. 24—fair.

SATURDAY, Feb. 25—fair.

SUNDAY, Feb. 26—clear.

MONDAY, Feb. 27—cloudy.

TUESDAY, Feb. 28—rainy.

WEDNESDAY, Mar. 1—rainy.

BUT DON'T BLAME US IF THE ALMANAC IS WRONG!

The librarians say "Thanks."

LITTLE PRATT LASTINGER, ten-year-old boy who was severely burned and is receiving treatment at the Bulloch County Hospital, is a brave little fellow—but sometimes he must get awfully discouraged.

Clara Colley (Mrs. Ward) came up with the right idea when she found him in a dejected frame of mind, and told him, "Pratt, did you know that you are one of the richest boys in our town. All the big bankers and merchants have given blood to the blood bank, and when you are getting your transfusions remember you're kin to them all. You've got all that rich blood in your veins." The little fellow managed a smile.

As ever, JANE.

### Dottie Hargrove's

## .DOTS.

### 60-Second Speech

(For some unaccountable reason Dottie's column failed to reach us in time to set up for this week's issue. We're sure that she will allow us to turn to our favorite weekly newspaper, the Cobb County Times, for material to stand in her stead. Here is something called "Sixty-Second Speech." We commend it to all our dinner-speakers and would-be orators.—THE EDITOR.)

WHAT CAN YOU say in a minute?

Now that's a provocative question. After all, just how much can you say in 60 seconds?

Well, the average man talks about 150 words a minute. A machine-gun type commentator like the late Floyd Gibbons might get . . .

But it's the content of those up to 400 words in that short word, not the speed, that counts, space.

The Thomson Free Press recalls that several years ago a Kiwanis club president there asked each of his members to make a one-minute speech. They carried out the assignment and the speeches were soon forgotten.

Forgotten, that is, all but one!

Here is what that one Kiwanian said to make one minute so impressive his fellow members that one of them stuck the speech in his scrapbook.

"Gentlemen, when your president approached me with the idea of making a talk before you, I countered with the question, 'What would I talk about?' His answer was, 'Oh, about a minute'."

"Taking him at his word, I shall talk about a minute, which, as you know is a very small space of time, being composed of 60 seconds, 60 minutes in an hour, 1440 in a day, 18,080 in a week, and so on.

"But did you ever stop to realize how much good or how much harm can be done in such a small space of time as a minute?"

"How you can kiss your wife or husband in the morning, saying how you love and appreciate her or him—and thereby starting the day off for your mate in a way that will make it the very best sort of a day?"

"Or how on the other hand you could get up grumpy and grouchy, rehash to the point of a quarrel some difference of opinion you had the night before, and ruin the day for both of you? All in the small space of a minute?"

"Do you know that the word of encouragement to your small son, spoken in less than a minute, might be the word that would lead him to be a capable leader, maybe an educator, or a scientist, or a business man? And that in that same minute, you could bowl him out for some trivial matter and thereby cause him to be covered in spirit, and to fail to build a satisfactory personality and life?"

"In less than a minute, a man can take that third or fourth drink, giving him temporary pleasure—but, and another minute and even less, that extra drink can cause him to wreck his auto, maybe damaging other property as well as causing loss of life?"

"In less than 60 seconds, one can pass the door that is shut on an invalid, saying to himself that he doesn't have time to stop, but in that same minute COULD stop and speak a word of cheer or leave a handful of flowers, making the day much brighter and happier for one less fortunate."

"You may be able to apply this thought of the value of a minute in many ways, but the main thought is we have more minutes at our disposal than almost anything else—why not try to spend them wisely, and for others."

## Warnock 4-H Boys and Girls Hold Joint Meeting; Discuss Club Plans

The Warnock Girls' 4-H Club and the Boys' 4-H Club held a joint meeting at the Warnock School on Friday evening, February 10, to discuss plans for the club during March.

Among the plans made were for the stunt night to be held on April 1; the church program to be held at the Baptist Church on March 12; the national 4-H Club week to be held March 4-12; and the council meeting on March 4.

Byron Dyer, county agent, gave a demonstration in making the "hangman's noose" and a halter to be used on calves. He distributed booklets on livestock and poultry.

Miss Irma Spears and Miss Johnson were unable to be present at the meeting.

Vivian Deal is president of the girls 4-H. Shelvie Jean Allen is secretary.

Henry Moses, owner of Henry's Department Store in Statesboro, has given the dormitories and library gift subscriptions to Esquire magazine for men. Students are urged to make Henry's their headquarters for styles as described in Esquire's popular fashion section.

Mr. Moses remarked that he had seen many young men who have been great successes as fraternity leaders, campus leaders, and leaders in their vocation because of their knowledge of the correct manner of dress.

Students, use this magazine with the realization to dress well is definitely a major step towards success.

## Gov. Talmadge Proclaims Feb. 19-25 As 'Keep Georgia Green Week'

Governor Herman E. Talmadge has proclaimed the week of February 19-25 as "Keep Georgia Green" Week.

This marks the second anniversary of the "Keep Georgia Green Program" which emphasizes the protection and development of the state's greatest natural resource. Since its inception the "Keep Georgia Green" program has become a mighty movement which serves to impress upon all the people of Georgia the fact that their forests provide the raw materials for a 300-million dollar business every year and furnish a livelihood for more than 120,000 Georgians.

The "Keep Georgia Green" program is sponsored by the Georgia Forestry Association, Inc., as one of the association's projects directed toward better protection, management and development of Georgia's woodlands.

The observance of "Keep Georgia Green Week" this year finds more Georgia forest land under organized fire protection than ever before. Expansion of the protection activities of the Georgia Forestry Commission during the last six months has increased the total of protected woodland in the state to 13½ million. This represents an increase in protected

lands of more than 5 million acres during the past six months.

The program re-emphasizes the necessity of complete cooperation and support of all the people in forest fire protection and proper forest management. Especially is this public cooperation and support of great importance this year as many areas in Georgia are currently experiencing the worst forest fire season in several years.

Extended dry periods and continuing high winds in many areas have resulted in critical fire danger conditions. County Forestry Protection Units of the Georgia Forestry Commission, as well as fire protection forces of private industries, have for weeks been working under great pressure in some parts of the state in the fight to suppress wild woods fires and hold down the fire loss.

## Mrs. Wilson Guest At Seated Tea

On Friday afternoon, February 10, Mrs. D. W. Wilson, of Duluth, Ga., mother of Mrs. Fielding Russell, was the inspiration of a lovely seated tea given by Mrs. W. H. Ellis at her home on North College street. Exquisite red camellias wreathed around molded ice cream introduced the Valentine theme in both decorations and refreshments. Coffee, cake, and nuts were served with the ice cream. The honoree was presented shortly. Tea guests were Mrs. Wilson, Mrs. Fielding Russell, Mrs. D. Thomas, Mrs. Albert Deal, Mrs. R. J. Kennedy Sr., Mrs. J. C. Adams, Mrs. R. J. Brown, Mrs. John Everett, Mrs. Henry Ellis, Mrs. Jim Branan and Mrs. Louis Ellis. On Monday last week Mrs. W. H. Ellis had as dinner guests Mrs. R. J. Kennedy Sr., Mrs. J. L. Mathews and Mrs. Cecil Brannen.

## Mrs. Deal Hostess At Afternoon Party

Mrs. A. M. Deal entertained a number of her friends Friday at a delightful afternoon party. Guests were served chicken salad, lettuce cake topped with whipped cream, and coffee. In a contest, Mrs. R. J. Kennedy Sr. won a crystal marbled dish.

## Hosts at Bridge

Mr. and Mrs. J. I. Clements were hosts Wednesday evening at bridge. Guests were served a supper plate with coffee, J. B. Seacore and Jack Averitt tied for high score. Mr. Averitt received a gold key clip and Mr. Seacore was given a bean bag ash tray. For low, Dr. Thomas Little was given a nutcracker set.

## Morning Coffee

Mrs. Thad Morris entertained Thursday morning at a delightful informal coffee party at her home on College boulevard. A variety of spring flowers were used in the decorations. Assorted sandwiches, party biscuits, coffee, tea, fruit cake and chocolate fudge were served.

## Entertain at Bridge

On Wednesday afternoon, Mrs. Roger Holland and Mrs. J. O. Johnston were hostesses at a bridge party at the home of Mrs. Thad Morris. Snapdragons, camellias and azaleas from their lovely gardens adorned the rooms. Chiffon pie and cheese cookies were served with coffee and nuts.

## MISS HELEN OPPENHEIM, OF N. Y., BECOMES BRIDE OF HENRY MOSES

In a simple, but impressive double-ring ceremony, Miss Helen Oppenheim, daughter of Mrs. Paula Oppenheim, of Hightstown, N. Y., became the bride of Henry Moses, son of Mr. and Mrs. Julius Moses.

Rabbi Goldwasser performed the ceremony February 12 at 1 o'clock in private parlors of the Plaza Hotel in the presence of close relatives and friends.

Jack Moses, of Americus, served as his brother's best man. Miss Martha Moses was the bride's only attendant. The lovely brunette bride was given in marriage by her uncle, Bert Guttman, of Long Beach, N. Y. She chose for her wedding an ankle-length dress fashioned from steel-blue taffeta made along princess fashion. Her tiny hat was of white flowers with white veiling. Her bridal bouquet was three white orchids. Her only ornament was one that her late

father had given her mother, a necklace of antique design, studied at intervals with gems.

Miss Moses wore a cocktail frock of navy tulle made with stand-up collar and the skirt smartly draped at one side. Her hat was of navy straw, and her corsage was like orchids.

The bride's mother was handsomely gowned in black crepe with lace top over pale pink worn with a matching fur felt hat.

The groom's mother was smartly attired in gray crepe with black straw hat and black accessories. Both wore orchid corsages.

Immediately following the ceremony, dinner was served in the dining room of the suite. Covers were laid for 25.

Mr. and Mrs. Julius Moses, Miss Martha Moses, of Statesboro, and Mr. and Mrs. Jack Moses attended the wedding.

## WASHINGTON'S BIRTHDAY FURNISHES MOTIF FOR DUTCH DANCE CLUB

The Forest Heights Country Club carried out a patriotic theme in decorations for the Dutch Club Dance Thursday evening, in deference to Washington's birthday.

On the mantel were vases of spirea, white iris, and kalanchoe. Lovely red flowers and delft blue ribbon bows were attached to the vases. The table, overlaid with white, was draped with red and blue. The centerpiece was a lovely bowl of white gladioli, blue delphinium, and kalanchoe. White plastic hutchery with red handles and blue bows completed this most attractive arrangement. This was flanked on one side by a silver candelabra holding red tapers and on the other by a silver service.

The guests were served chicken salad sandwiches, potato chips, and individual molds of cherry ice cream.

Mrs. J. B. Johnson, president of the club, poured coffee.

Hosts for the dance were Mr. and Mrs. E. L. Akins, Mr. and Mrs. Bill Brannen, Mr. and Mrs.

Alfred Dorman, Dr. and Mrs. Waldo Floyd, Mr. and Mrs. Frank Hook, Mr. and Mrs. Glenn Jennings, Mr. and Mrs. J. B. Johnson, Mr. and Mrs. Fleming Pruitt, Mr. and Mrs. Jake Smith, and Mr. and Mrs. Devane Watson.

Emma Kelly's orchestra furnished the music. Thirty-five couples were present.

## MRS. FUTCH HONORED AT TUESDAY BRIDGE LUNCHEON

Mrs. F. N. Grimes was hostess to the Tuesday Bridge Club, having as her honor guest, her sister, Mrs. L. E. Futch, of Ocala, Fla., who is visiting Mrs. Grimes. Cut flowers were used in decorating the lovely new home.

Mrs. Hinton Booth, with top score, received hose; a flower pot went to Mrs. Cecil Brannen for low. Cut prize, earrings, went to Mrs. Alfred Dorman. Mrs. Futch was presented hose, and Mrs. John Kennedy, of Savannah, received a linen handkerchief.

Other guests were Mesdames Horace Smith, C. P. Olliff Sr., Jim and Mrs. E. L. Akins, Mr. and Mrs. Bill Brannen, Mr. and Mrs.

### HEART DISEASE IS NUMBER ONE KILLER

Heart disease continues to be the major cause of death among policyholders of The Mutual Life Insurance Company of New York, according to Emory Watkins, the company's field representative in Bulloch County.

The study of the company's 1949 experience showed that diseases of the heart and circulatory systems accounted for 56.8 percent of fatalities in all age groups, cancer 15.8 percent and accidents 4.5 percent.

Among people under 40 years of age, accidents led all other causes, accounting for almost one-third of all fatalities in that group.

## THE BAND STAND

STATESBORO HIGH SCHOOL

By Anne Evans

The First District Music Festival isn't far off, as anyone who has visited the band room lately realizes. The rooms of the building are full of band members practicing their solos and ensembles.

Outside you would probably find the majorettes practicing their routines for the twirling contests. Those entering solos in the elementary school division are: Clarinet—Guy Freeman; flute, Felicia McLendon; tuba, Guy McLendon, who last year made a first division rating in the elementary school festival at Waycross, playing the French horn; oboe, Linda Bean; trumpet, Tommy Singleberry; drum, Mary Jo Hodges.

Those entering solos in the high school division are: drum, Don Flanders—last year Don made a first division and a second division rating in the state. This year he is aiming for a first in the state as well as in the district; drum, Clarke DeLoach; French horn, Kitty Deal.

Four of the majorettes are entering the twirling contests. This year are Fayrene Sturgis, Berta Sue West, Mary Jo Johnston, and the writer of this column.

The ensembles entered are Jimmy Bland, Geraldine Lane, Jackie Mikel, Danny Ling, John Lightfoot, Betty Johnston, Bobby Kingery and Allan Sack.

The ensembles in the elementary divisions will include: Jane Morris, Bob Brannen, Nicky Brown, Peggy Harville, Wilweth Fowler, Shirley Johnston, Smith Banks, Smeets Blich, and Jane Brannen.

## Boy Scout Troop 40 Goes on Second Trip of Series in Camping Training

The second in a series of training sessions was held for members of Scout Troop 40 last week end at the local airport.

This session was directed by Julius Drake, Scoutmaster of Troop 16, of Savannah. Mr. Drake is also director of the Coastal Empire Boy Scout Camp.

Troop 40 was very fortunate in having Mr. Drake's services, as he is one of the outstanding campers of the Boy Scouts of America.

Last week's trip was held for the officers of Troop 40 and the purpose was to prepare them for the spring camping trip to be held by the troop. Most of these boys are experienced campers and on this trip were taught the latest methods of good camping.

The first training session was conducted by Scoutmaster John Groover and was attended by 32 members of the troop and Max Lockwood, recreational director. On this trip Scouts learned to build fires and cook supper.

Attending the session conducted by Mr. Drake were Dedrick Bunce, Billy Bland, Cliff Cannon, Steve Sewell, Junior Smith, Gene Newton, Fleming Pruitt, Guy Freeman, Smith Banks, Roney Brown, Glenn Jennings, and Assistant Scoutmaster T. J. Williams of Troop 40.

Following the business session, Miss Stevens, the presidents introduced the guest speaker, Dr. Warren Houck, biologist of Georgia Teachers' College, who spoke on "Conservation and Wildlife." Dr. Houck also showed technicolor lantern slides on wildlife in the United States, which he had made during a recent tour of wildlife refuges.

At the close of the meeting delicious refreshments were served by the hostesses.

## Brooklet News

### Work Progressing Rapidly On New Lunchroom and Community Center

By Mrs. John A. Robertson

Work is progressing rapidly on the new lunchroom and community center of the Brooklet school district.

If weather conditions are favorable and all needed material is available, the building will be completed and ready for use during the month of April. The building is being constructed of brick and will serve as a combination school lunchroom and community center. It will fill a long felt need for the people of the Brooklet school district. The building is located on a lot of pines, recently acquired as school property.

C. B. Fontaine, maintenance man for all school property in Bulloch county, is assisting with the work and states that when the building is completed it will rank grade "A" lunchroom.

A great part of the money for the building was donated by public spirited citizens of the district and also by the various civic organizations. J. H. Wyatt, chairman of the local board of trustees; J. H. Griffith, superintendent of Brooklet school; and F. C. Rozier, president of the Brooklet Farm Bureau, are assisting in various ways toward the work. L. S. Lee Sr. is in general charge of the workmen.

Mrs. J. N. Rushing Sr., who has been very ill in the Bulloch County Hospital, is now at the home of Mr. and Mrs. Lester Bland, where she is improving.

Mr. and Mrs. Otis Rushing and sons, James and Jerry, of Register, spent Sunday at the home of Mr. and Mrs. J. N. Williams.

Mrs. Joe Ingram and Mrs. Raymond Potts spent Thursday in Savannah.

## Farm Bureau

### Farm Bureau Interested in Growing More and Better Corn in Bulloch

Bulloch county will produce more corn this year, if the interest in the study of corn production at the Farm Bureau meetings can be taken as a guide. The groups that met last week, Ogechee, Nevis, and Register, all discussed the need for using better varieties and adequate fertilization as well as cultivation practices needed to grow more corn per acre.

A motion picture on all the factors involving high corn yields was a part of all the programs.

The need for tobacco growers taking advantage of the government-subsidized insurance program was also stressed at all the meetings. W. A. Hodges and J. R. Kelly discussed the tobacco insurance program at Ogechee, J. E. Phillips outlined the plan in detail for the Nevis group and L. R. Anderson gave the story to the Register group.

Ogechee served a baked-ham supper. Nevis went in for an oyster supper and Register men a fried chicken supper. The Register ladies had a covered dish supper.

Mrs. Willet Robinson, district director of the Georgia Farm Bureau Associated Women, outlined the many jobs that the ladies can do at working with the Farm Bureau at Register.

Some 400 Bulloch county livestock-minded farmers met with Chas. E. Bell and R. O. Williams, livestock specialists from Athens and Tifton, and Dr. L. R. Smith, Atlanta veterinarian, Wednesday for a six hour discussion on feeding, breeding and livestock production. Dr. Smith posted some 10 stick hogs for the group and pointed out the various diseases they had. Some with cholera, some with pleuropneumonia, some with enteritis, and others were just plain wormy.

The March meeting of the Farm Bureau will be held next Wednesday night, March 1, at the school lunchroom. At the same time, the Associated Women will meet in the home-making department of the Brooklet school. Mrs. Earl Lester is chairman of the social committee for the March meeting.

Mrs. R. M. Larney, who was a patient in the Bulloch County Hospital several weeks, is now with relatives in Savannah.

Miss Turner and Miss Singleton, students at G.S.C.V., Milledgeville, who have been doing apprentice teaching for several weeks in home-making, under supervision of Mrs. J. H. Hinton, have returned to Milledgeville.

G. RUSSIE WATERS

Funeral services for G. Russie Waters, age 67, prominent farmer of this community, were conducted Sunday afternoon at the Upper Black Creek Primitive Baptist Church at 3:30 by Elder V. F. Agan, of the Statesboro Primitive Baptist Church, assisted by Elder Henry Waters, of Statesboro.

Mr. Waters had been ill for several months and died in the Bulloch County Hospital early Saturday morning.

Active pallbearers were Jim Bird, Thomas DeLoach, Hubert Waters, George Hagin, Jack DeLoach and R. L. Riggs. Honorary pallbearers were Dr. Bird Daniel, C. B. McAllister, F. I. Williams, Walter Jones, J. Walter Donaldson, Dew Groover, Jim Clark, T. W. Rowse, Allen R. Lanier, J. L. Minick, F. W. Hughes, J. H. Wyatt and W. C. Cromley.

He is survived by his wife, Mrs. Hester DeLoach Waters; by four sons, Otis Waters of Register, Morgan Waters and Lester Waters, both of Brooklet, and Edsel Waters of Douglas; six daughters.

The cast includes Mr. and Mrs. Donald McDougald, Mrs. Robert Chisholm, Jimmy Gant, Edgar Godfrey, Miss Helen Rouse, Mrs. Jack Wynn, Bobby Griffin, Mrs. Phil Hamilton, and "B" Carroll.

There will be a special matinee in the afternoon at 3:30 in addition to the evening performance at 8:15.

Mrs. Lewis Cowart, Mrs. Harmon Lucas and Mrs. H. Overstreet, all of Savannah, Mrs. Wallace Hill of Pembroke, Mrs. Shelton Mikel of Brooklet, and Mrs. Robert Smith of Beaufort, S. C.; two sisters, Mrs. Sam Bird of Savannah and Mrs. R. H. Kennedy of Redville; three brothers, Sylvester Waters, Fray Waters and S. T. Waters, all of Brooklet; and a number of grandchildren.

Interment was in Black Creek Church cemetery, with Smith-Tillman Mortuary in charge.

The West Side Parent Teachers Association held its February meeting on Tuesday, February 14, at the West Side School, 30 were present. Mrs. Paul Nesmith is president.

The playground committee reported that new equipment had been purchased and now every grade in school has equipment including jump ropes, swings, a grant stride for the younger children, volley balls, basketballs, baseballs and bats.

It was decided to have the school piano tuned.

Elder V. F. Agan gave the devotional and Mrs. Agan presented a quiz program on Founder's Day. Mrs. Esten Cromartie's second grade won the attendance prize.

CARD OF THANKS

We are deeply grateful to all our friends for such kindness and thoughtfulness during our recent bereavement.

MRS. JACK STOREY Lynn and Bill.

An improved house and a supply of labor-saving household equipment do not wear out quickly. Once obtained, they improve the family's living for almost a lifetime.

20th Century Johnny Appleseed

We like to think of the 4-H Club and F.F.A. member who plants pine seedlings as the 20th century counterpart of Johnny Appleseed who, in his travels through the Middle West in the early part of the last century, planted apple seed along the highways and by-ways.

The seed that Johnny Appleseed planted produced trees which bore fruit that contributed to the health and well-being of peoples of many communities, just as the pine seedling which the farm youth plants today on soils too poor to grow field crops will contribute to the welfare of all Georgians.

Growing trees for tomorrow is a most important part of our forest conservation program. Since the opening of our Savannah plant we have planted on our lands and donated to 4-H Club and F.F.A. members for planting on lands owned by their parents or for use on forestry projects, more than 15 million pine seedlings.

Already many of these seedlings, planted only 14 years ago, are producing income for their owners and raw materials for the forest products industries of the state—a 300-million dollar annual business providing employment for more than 120,000 Georgians.

The extent to which Georgia farmers are able to maintain or increase their income in the years ahead will depend largely upon the extent to which they are able to expand the economic production of livestock and livestock products and poultry and poultry products.

## The Bulloch Herald, Thursday, February 23, 1950

The decline in farm wage rates and the wage rates lower than in 1949 was the first since the increases in the war and postwar years. With the leveling off of industrial employment, the supply of workers is expected to be greater
