**Looking for POWER?**

**Better Buick!**

That bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show. Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, happy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that *an engine burns less gas when it doesn't have to labor. At any normal driving speed, therefore, extra power is extra thrifty.*

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Only Buick has Dynaflow Drive—and with it goes HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER model). A NEW PATENTED STYLING, with MULTI-GEAR front, tape-through feature. A TRAFFIC-HANDY SIZE, less over-all length for easier parking and maneuvering. Short turning radius. A SOFT BUICK RIDE, from coil-spring, safety-side, rim, low-pressure tires. Side-steering torque-tube drive. From ROADMASTER, optional extra seat on SUPER and SPECIAL models.

The climax of the carnival will come when Miss Ann Evans will be crowned "Queen of the Carnival" later in the evening.

Students of Teachers College Laboratory High School will hold their Halloween Carnival Tuesday night, October 31, at 7:30.

The program will be held in the school auditorium and will reach its climax with the crowning of a king and queen and the selection of the "rueful man" in Lab High School.

"Madame Piff" will be a feature of the carnival. It is said that she "eats and talks under water." Other Halloween novelties will be included in the festivities. A "cave" will be operated to feed the hungry.

## SHS Blue Devils Defeat Sylvania Gamecocks

The Statesboro High School Blue Devils marked up their fifth straight victory in the 1950 football season when they defeated the Sylvania Gamecocks here last Friday night by a score of 19 to 0.

The game got off to a fast start when a Sylvania back took the Blue Devil kickoff and almost got in the clear but was brought down by Si Waters on the Blue Devil's own 40.

In two plays Sylvania made a first down to the 30. They were forced to kick on the third down, Si Waters taking the ball on his five and returning to his 20. The Blue Devils were forced to kick and Herschel Evans took Claxton's punt on the 30 and returned it 10 yards. In three plays Sylvania was forced to kick and Si Waters took the ball on the 20 and returned it to the 37. Jerry Marsh made nine, Brooks Waters made a first down, Bobby Stubbs made nine and Marsh added five for a first down. Brooks Waters made 15 for the third first down. Bobby Stubbs then made two, putting the ball on the 20. Two more plays, and the quarter ended with the ball on the 24-yard line and fourth down.

The Blue Devils led the ball on downs and Sylvania took over on the 29.

On the third play Blue Devil Ferrell Parrish intercepted Fred Jenkins' pass and raced along the right side of the field to the one-yard line, Bobby Stubbs scoring on the next play. The try or extra point was no good.

The Blue Devils' second score came just before the end of the half when Si Waters took the ball from the two-yard marker and crossed the goal. Claxton's kick was good and the score at half-time was 14 to 0.

The third Statesboro score came late in the fourth quarter when Brooks Waters scored on a 15-yard run. Claxton's kick was no good and the score was 19 to 0.

The game ended with Sylvania trying desperately to score, losing three first downs. Bobby Stubbs

## Congressman Preston Reports to Grand Jury on State of Nation

By BOB DONALDSON

Congressman Prince H. Preston from the judge's bench talked to his homefolks here at the opening of the October term of Bulloch Superior Court Monday and told them that for the next ten years we must realize that we will have to maintain a strong military establishment and bear a tremendous tax burden.

Judge J. L. Renfro told a crowded courtroom at the opening of court that he had invited the representative of the First Congressional District to talk to the Grand Jury and the citizens of the county. In presenting Congressman Preston, Judge Renfro praised the representative very highly.

Preston stated that he wanted to talk to his own people on "the state of the nation." He told the Grand Jury that it was their duty to look into the affairs of the county and these affairs are closely tied to the affairs of the nation.

Dangers Are Listed

The congressman cited the changes that have come about in the past fifty years, the great progress made by the American people, until now our nation is known as the number one nation in the world. He declared that we know of the blessings but we must concern ourselves with the dangers that confront us. Mr. Preston listed these dangers as (1) military threat, (2) subversive threat, (3) legalistic threat.

The First District representative said that from a military standpoint, we are not secure. He declared that we had come to consider ourselves a super people, but we have been kidding ourselves. He explained how it came about that we were unprepared in Korea and his explanation was that the State Department thought Russia would strike elsewhere. Mr. Preston stated that we are facing a grave hour in our national existence and that we must maintain sufficient military strength to keep all others afraid of us.

In his announcement of the observance of the day, he said: "On an April evening over 400 years ago, a simple monk stood facing the emperor of the Holy Roman Empire. His words, heard by only a handful of people, have echoed through the centuries. 'My conscience is captive to the Word of God. I cannot and I will not recant anything, for to do against conscience is neither right nor safe. Here I stand. I cannot do otherwise. God help me.'"

"Because he took his stand," Rev. Lovell said, "Martin Luther shattered the structure of medieval Catholicism and initiated Protestantism. This is one of the greatest days in the Protestant church and pastors will again recount some of the events that led to this great Reformation."

**METHODIST CHURCH**

## Farm Bureau

### Nevils Farm Bureau Names Robert Cox As President For Another Year

Robert Cox will again head the Nevils Farm Bureau. The Nevils group held its election at the regular meeting last week. Mr. Cox has served one year as president of the Nevils chapter. The chapter is not the largest in the county yet, but it was one of the first to build a 20-plus membership, having had 214 members this year. Hines Smith was named vice president of the chapter. Walton Nesmith and B. F. Futch were asked to continue as secretary and treasurer, respectively.

Pat Brannen, local businessman, attended the meeting Wednesday night and asked those present to put forth some extra effort to build a stronger Farm Bureau. He enumerated many of the tractor dealer's problems which a good Farm Bureau can help solve, and pledged his cooperation in helping to get every family in the county in the Farm Bureau this year.

Robert F. Young mentioned a few school problems with which the Farm Bureau needs concern itself, such as so many leaving the farm for war jobs and no effort being made to replace these families. School enrollments are going to be included in plans for a conference.

Mr. Mikell urged that every

ty-wide rural telephone program, according to interest shown by the some 100 present at the meeting Thursday night. It was announced that definite steps toward getting the program lined up would begin about November 2.

Mr. Mikell, county president, met with the Register chapter. He cited some recent gains made by the Farm Bureau as still further evidence that memberships should be easy to renew this year. A recent accomplishment of efforts of organized farmers was the blocking of the Administration's move to dump commodities held by the C. C. on the market, which meant the difference between 31 and 41 cents a pound for cotton this fall. New problems come on continuously. The recent embargo on export of cotton cost the cotton farmer three to four cents a pound in less than a week—and, unless a change can be forced by the Farm Bureau, this drop in price will be even more serious.

**REGISTRATION MEETING**  
Emory Hunnicutt grew 69.5 bushels of corn in the veterans' on-the-farm training class at Register to win first place in the group and was awarded a savings bond at the Register Farm Bureau meeting Thursday night.

Lumber is now being dressed to build a house over the outdoor furnace in the Register recreation center. H. V. Franklin, local president, announced. The stove has already been procured. Register community also wishes to be included in plans for a conference.

## Bob Mikell Will Represent F.B.

The Bulloch County Farm Bureau will be represented on the resolutions committee at the state convention in Macon November 7 and 8. He expressed the belief that an informed membership was all that is needed to maintain a strong farm organization.

Going to Macon will give members a firsthand opportunity to learn what the organization is doing and what it plans to do next year.

The resolutions committee brings together all recommendations made in the various group meetings at the convention and presents the findings of these committees in the form of resolutions. When accepted by the convention, these resolutions become the program of work for the state Farm Bureau officers for the ensuing year.

## 'Mike' Weighs 122; 'Ike' Weighs Only 72

Mike and Ike are a couple of pigs being fed at the East Georgia Trading Post as a demonstration for Bulloch county 4-H Club boys and girls. Gerald Groover, manager of the local Purina store, is giving Mike to the clubsters on November 4.

Both pigs were put on feed 42 days ago, weighing then 60 pounds each. Mike gets the same feed Ike gets except a protein supplement is added to his diet. During the 42 days Mike has gained 62 pounds and Ike only 13 pounds, yet Ike is getting all the corn, minerals, and water he wants.

The difference in the size of these two hogs attracts considerable attention to those visiting the local store. Mr. Groover has them in a neat "store bought" pen in the store, where everyone can see them and compare the weights and feed necessary to make Mike the best hog.

## Japalynka Farm Enters Macon Sale

Bulloch county will be represented in the annual Aberdeen Angus cattle sale to be held in Macon October 31.

The Japalynka Farm, owned and operated by Mrs. J. E. Rushing and A. P. Murphy, is entering two of its best cows in this annual fall sale. Colonial Beauty 4 and Blackbird Lass of Japalynka are the entries.

Japalynka Farm has been in the process of building a herd of Angus cattle second to none in the state, as well as a pasture program that would support these blue-blooded cattle the year round.

The foundation cattle on this farm followed back through the top blood lines in the Angus breed. Mr. Murphy says that through the past few years he has been trying to build his herd but is now getting in position to sell some of these top cattle to other breeders.

During the past six months, Mr. Murphy has been reworking some

## It's A Woman's World

**SIDNEY DODD AND FAMILY AND MRS. E. A. SMITH BACK FROM WESTERN TRIP**  
Mr. and Mrs. Sidney Dodd and sons, Sidney II, and Sidney III, and Mrs. E. A. Smith left Statesboro the first week in October. Mr. Dodd, past commander of Dexter Allen Post No. 86, American Legion, was delegate to the convention which was held in Los Angeles.

The party left in Mrs. Smith's new car and visited nearly every place of interest on the way out. While in Los Angeles, they visited in Hollywood where they witnessed the Cavalcade of California, which depicted the history of that state. Following that story of the Old West, came the Cavalcade of Stars. The stars traveled in convertibles and continuously waved at the spectators. Bringing up the rear, Roy Rogers rode on Trigger, and waved his Western hat. Then it was that Sidney and Roddy had their day.

In a conversation with Mrs. Smith shortly after her arrival home Sunday afternoon, she said, "Don't ever say we live in a small world." When you're passing through deserts where roads seem never-ending, or you're in Carlsbad Cavern where a light shines from what seems like the middle of the earth, and as you gaze down into the Colorado River as it flows like a narrow ribbon, there comes a feeling of depth and awe.

Then, as you gaze at the wonder which is Boulder Dam, you marvel at the might of man who stands like a mere speck in its immense shadow. Then a human interest story marked their trip to Monterey, Mexico. They were visiting the home of the late Joe Allen Smith, brother of the late E. A. Smith. Joe Allen Smith spent 16 years as superintendent of a silver smelting plant in Monterey. He died enroute to Texas, where he and his wife were going to be present at the wedding of their only daughter. With no means of transportation, they were traveling by boat. On the way Mr. Smith became a victim of yellow fever and was buried in Cuba. In 1930, Mrs. E. A. Smith and the late Miss Minnie Smith, they went to visit the grave of Joe Allen Smith in Cuba. The daughter, whose marriage brought them out of Monterey, died a year later when her daughter was born. Her name was Georgia and on this trip, Mrs. Smith insisted that they go to Eagle Pass, where Georgia's daughter, little Georgia, now Mrs. Vueste, lives. She had never seen a single one of her relatives. She is the same age as Mary Ruth Dodd and, like Mary Ruth, has two boys, and she and Mary Ruth have corresponded through the years. Sounds like a story for the story books.

Sidney Sr. drove every mile of the trip, which could have, had they taken direct routes, carried

them both ways across the country and one-fourth of the way back again. Some days they traveled 600 miles and once they rode 700 miles.

There's no doubt about it, Statesboro people have sand in their shoes — they like to travel — even in a Cadillac.

**JUNIOR WOMAN'S CLUB MAKE, PRESENT U.N. FLAG**  
On Tuesday, United Nations Day, the United Nations Flag was shown at the Statesboro High School at a chapel program directed by Mrs. Sam Franklin. This flag is the handwork of members of the Junior Woman's Club. It will be displayed, along with the flags of all nations, in the Hol-low-on parade on Tuesday afternoon at 4:30. The parade will assemble at the Methodist Church. Miss Irma Spears suggested that each of the home demonstration clubs make a United Nations flag for each community and decide where the flag will be flown. The Junior Woman's Club will present their flag to the Recreation Center.

**LITTLE SHARON STUBBS CELEBRATES BIRTHDAY**  
Mrs. E. B. Stubbs honored her little daughter, Sharon, on her fourth birthday with a delightful party Friday afternoon at the Recreation Center. The color motif was pink and green. From a large dishpan, dressed in pink paper, the bubbly pink and green bubbles and marbles. They were served ice cream with the birthday cake, punch, and baskets of candy. Four children were present.

**PARTIES HONOR RECENT BRIDE**  
Mrs. Euel Anderson, a recent bride, was the inspiration of two delightful parties given last week. On Thursday evening Mrs. M. O. Lawrence and Mrs. Howard Neal entertained with a miscellaneous shower at the Lawrence home on Park avenue honoring Mrs. Anderson.

Roses and daisies were used attractively throughout the home. Refreshments, which adhered to a green and white color motif, were ice cream in canna lily molds, individual cakes iced in white and embossed with calla lilies, and green and white mints. Dainty gum drops noseegays decorated the party plates.

In novel pencil games Miss Harriett Roughton received a tea towel; Miss Hattie Powell was awarded earbobs and hand-crocheted pot holders went to Miss Grace Gray. The guest of honor was called to the center of the room and was requested to read a jumbled romance. Then she was led on a treasure hunt by notes which led her to various places — at length, to the chair she had occupied. A white sack how with a ribbon extending from the chair was the final clue. Charlotte pulled the ribbon and into the room rolled a wagon, loaded with lovely gifts for her.

See where a couple of young fellows in New York City making a nice business by keeping sidewalks clean in front of big hotels and department stores.

They go to work with a motor-driven broom and a detergent cleanser right after business hours. Make a cement sidewalk like new in five minutes flat!

Now our town doesn't really need such fancy sidewalk cleaning — still, somebody might do the same thing on a smaller scale. He'd make some pocket money, and the whole town would benefit.

From where I sit, anyone going into this business should see Andy, over at the Garden Tavern. Andy not only keeps his sidewalk clean, but he's in on the Self-Regulation Program sponsored by the Brewing Industry. Under this voluntary program retailers selling beer co-operate by keeping their places of business clean, bright and orderly. Andy's motto is "Look clean, feel clean, be clean!"

## Invite Them To Bulloch County

WE HAVE had much to say about people moving out of Bulloch County. We have always contended that people moving out of this county were following a will-o-the-wisp. Not content with the best that nature has provided, they always are seeking the never-to-be-found greener pastures.

Now comes a letter to us through Mrs. Turner E. Smith, of Atlanta, publisher of books, who is a native Bulloch countian whom we have mentioned before . . . member, Leila Bunce, she was.

The letter is from a lady who is now living in California. Her husband is a Missourian, born in Kansas City. She is a Mississippian by birth. They have lived in California for 25 years.

Bu't let us give you her letter in full: "Turner E. Smith and Co., Atlanta, Ga.

"Dear Sirs: "My husband and I have just finished your book 'FRONT PORCH FARMER' (written by Channing Cope, and published by 'Miss Leila' printing company), which expressed our own idea of what we wish to do.

"Mr. Hildreth is a Missourian, born in Kansas City. I am a Mississippian by birth. We have lived in California for twenty-five years. We are in our middle fifties, with no past experience in farming. We have an established income of \$200 a

month. We do not wish to pay in excess of \$15,000 for a farm.

"We would value beyond price your advice and help in choosing a farm and wish to pay for such help.

California land is exorbitant in price and highly specialized. We wish to go where there is natural rainfall and equable climate. Letters to real estate firms have been non-productive of results. There is either no information or misrepresentation.

"If you, in your busy life, can help us, Mr. Hildreth would make the trip back there if we hear from you favorably.

"Sincerely, "MINNIE S. HILDRETH, "45 Ronada Avenue, "Piedmont 11, Calif."

Now, if such an inquiry were directed to us by some industry we would be knocking ourselves out furnishing information, making offers free of taxes, buildings, water, etc. . . .

We're friendly people. Let's write this lady and invite her and her husband to come and make their home in Bulloch county. We believe they would find exactly what they are looking for here. We know they'll find the finest folk in the world here.

You'll be doing a fine thing for our community if you do this simple thing—write a letter.

## Buy Her Cookies

Sing a song of sixpence,  
Hopes and spirits high!  
Four and twenty cookies,  
The box for you to buy!

And, so, it's hi-ho, and off they go, and soon they'll be knocking at your door.

It will be members of Girl Scouts of Statesboro making their annual door-to-door sale of Girl Scout Cookies.

Monday, October 30, is "kick-off" day. A pretty Girl Scout will smile when you answer the doorbell. You'll get a warm glow under the spell of her smile, and the 50 cents you give her for her box of cookies will be small in terms of her gratitude.

Girl Scouting is great for the young girls of this community. Under the direction of our recreation department and the leadership of Miss Sue Hunnicutt these young girls are getting something that they don't get at school, at home, or out of books.

So, buy her cookies when she knocks at your door next week.

## Auto Dealers Week

THIS WEEK is "National Auto Dealer Week."

We have come to depend upon our automobile dealers and servicemen as much as we depend upon our grocery and meat markets . . . maybe more so. For we could go without something to eat for a day or so, but can you think of anyone who would go without the use of his or her automobile for a day or so?

Since Henry Ford put the Model T on the streets of our nation the automobile has become as necessary an adjunct to our living as electricity.

The auto dealers in Statesboro, Brooklet, and Bulloch county are outstanding businessmen, and are a strong factor in the prosperity of the region.

Yet these dealers are cursed, discussed, and condemned—that is, if you don't get the car you want, when you want it, for the price you want to pay for it.

So we believe there's a good reason to set aside a week to honor our local auto dealers. The Herald is happy to take off our hat to each and every one of them.

## 'Machine' vs. 'Machine'

THERE IS ONE group of people in Georgia who is listening to Governor Talmadge, according to a news release which comes to our office under the name of Georgia News Service and Clipping Bureau.

The news release says:

"The Georgia Peace Officers Association has unanimously approved the amendment to Georgia's Constitution which puts the County Unit System into the State Constitution and extends its controls to general elections.

"The politically powerful association passed the county unit resolution after hearing Governor Herman Talmadge explain the effects of the amendment on Georgia's future welfare.

## It's Getting So Ghosts Are Afraid of Us People

## Editor's Uneasy Chair

WHEN THE Lions Club elected to promote the National Guards Air Show, following their mobilization, it left Statesboro without the prospect of a horse show this year.

But people like Lannie Simmons and Si Waters found that no deterrent to their enthusiasm for horse shows. No horse show in Statesboro? "O. K., we'll get in on the Atlanta horse show," they allow. Nothing small-time about these two.

So, come horse show time in Atlanta, there were Lannie and "Midnight Rosalie" and Si and Patay McDonald, just as good as the best, and they showed Atlanta a thing or two.

When all the ribbons were accounted for, Lannie had two and Si had two. Lannie's "Midnight Rosalie" took a ribbon in the professional walking horse class with Jim Warren of Savannah, "up."

(In this class the horse had to be ridden by a professional horseman.) Then the same horse, with Lannie "up" took another ribbon

in the amateur walking class. Si's "Patsy McDonald" took ribbons in both the five-gaited mare class and the five-gaited championship stake.

THERE'S GOING to be a wreck one of these days—a real wreck—not just a fender-bender, but a knock-down-and-drag-away wreck—if Statesboro auto drivers don't learn to pull quickly and carefully over to the curb and stop stock still when the fire siren announces a fire in town.

During Fire Prevention Week the fire siren went off and two near-wrecks avoided happening near the traffic light because the drivers insisted on going about with the "everything normal" attitude and the fire engine and volunteer firemen screaming to get to the fire.

Watch it . . . when the fire siren goes off, pull over to the curb and wait until you're sure it's all clear.

STATESBORO ROATRANS saw a fine presentation of the

steps in the development of the atom bomb at their regular meeting Monday. But the thought comes to us: How many of us realize what we have in the atom bomb?

JUDGE RENFROE issued a gentle warning to members of the grand jury on Monday morning of this week. The county commissioners have just finished prettying up the grand jury room with a new floor and new paint on the walls. And arrangements were made for part of the county school department to use the grand jury room for their activities. Of course during court the school ladies get out, and the grand does its deliberating there. So, in his charge to the jurors, Judge Renfroie asked them to please be careful of the new floors and not squash out cigarette butts on the new floor, and to be careful not to splatter the newly-painted walls when they spit their tobacco juice.

Judge Renfroie must realize the sacrifice he was asking these men

## Bulloch Flies U. N. Flags

By VIRGINIA RUSSELL

ON TUESDAY, October 24, the United Nations flag was unfurled for the first time this month. There were at least 26 U. N. flags flown in Bulloch county. Likewise, there were many new U. N. flags displayed all over America because the American women took time out and made them.

The Home Demonstration Clubs of America sponsored this project. Miss Irma Spears, who, along with Miss Johnson, deserve Bulloch's praise, said that the response to this plan in our county was one hundred percent. The fifteen demonstration clubs in the county made a flag each, as did the Woman's Club, the Junior Woman's Club, the Professional and Business Girls' Club. The different churches were reached through the Woman's Club.

to make while considering the state of our county. To break all of the comfortable customs of smoking with no concern for the floors, to give up the joys of chewing with no thought of the walls is going to be hard.

And some poor criminal will feel the brunt of their discomfort. May be it's for the best . . . and, after all, the ladies come first. And, if they say the floors must be kept clean, clean they'll be; and if they say the floors must be kept clean, then there'll be no more tobacco juice on the walls, then there'll be no more tobacco juice on the walls.

## BEAUTIFUL TEA HONORS MRS. ELLIS ON BIRTHDAY

On Wednesday afternoon Mrs. J. B. Averitt was hostess at an elaborate tea honoring Mrs. W. H. Ellis on her birthday.

The beautiful home was attractively decorated for the occasion. Mrs. Thad Morris greeted the guests as they arrived and Mrs. Bruce Oliff directed them to the living room, where Mrs. Averitt and Mrs. Ellis received them.

Mrs. Averitt wore a lovely dress with brown scroll pattern on the background. Her flowers were white carnations. Mrs. Ellis was the gracious lady in black crepe with jet trim. She wore a corsage of pale pink carnations.

Those assisting in the dining room were Mrs. Gordon Mays, who was at the door, Mrs. Frank Williams, Mrs. Perry Kennedy, Mrs. Louis Ellis, Mrs. Henry Ellis, Mrs. Fred Smith, and Mrs. Edna Neville.

The table was overlaid with a handsome lace cloth and had for its centerpiece white chrysanthemums, white dahlias and gladioli, exquisitely arranged in an oval bowl. Victorian silver candelabra flanked the central decorations.

Mrs. J. G. Watson poured coffee and Mrs. R. J. Kennedy Sr. served the cream which resembled bunches of purple grapes. Embossed bon bons, chicken salad sandwiches, nuts, and mints were served.

Sixty guests called between 5 and 6 o'clock.

## Bulloch Flies—

Continued from Editorial Page.

Miss Spears said that at first they were not too enthusiastic over adding to their work, already extra heavy because of the Fair. However, at the meeting for all home demonstration agents, they received a great inspiration mainly because of a talk made by a girl from Poland, who told what the United Nations had meant to her country and what it was doing for the world. The enthusiasm gathered at this meeting was passed on to the women all over our great nation.

Just as our forefather and mothers were pioneers in the founding of our democracy, we too, are pioneers in the founding of democracy for the world.

While our own American flag, beloved by us all, represents our 48 States, united to protect free-

dom and democracy—"government of the people, by the people, for the people"—our new U. N. flag represents 59 separate nations united for the very same purpose, except that the protection reaches out and envelops the world. May this U. N. flag, symbolic of a union to protect freedom and democracy for all people, fly forever.

May we, in our new role as world citizens, accept our responsibilities and discharge our duties. May we be able to do as well for the world as our forefathers did for our country.
