County-Wide Immunization Program Now Going On In Bulloch County

By DR. W. D. LUNDQUIST, County Health Commissioner

Most parents have been finding out in the past several weeks that their children need immunizations. Most school children also in giving such services at the clinic and in the schools. Please remember that most of the deaths due to whooping cough and diphtheria occur in the first one to two years of life, and therefore, children should be immunized in infancy rather than taking a chance of waiting until they are six or enter the first grade.

The Bulloch County Board of Education and Health passed a compulsory immunization regulation for school children in May of 1950. It makes no difference to your local health department agency whether the children obtain the protective vaccine from their family physician or from the health department. Your board of health and medical society are only interested in seeing that all children are protected just as early as possible, and that booster doses of vaccines are given at regular intervals in order to maintain a safe immunization level.

Your health department is a service organization and such services are available to all. They are not limited to just a few. If at any time we can help you with problems, please feel free to call upon us for such help. Remember that we are in the business of the prevention of preventive medicine and environmental sanitation practices. We do not step into the field of the practice of curative medicine.

Farm Bureau Every Family in Denmark Community To Have 'Phone If All Goes Well

Every family in the Denmark community that wants a telephone will have one if the rural telephone program goes through, that is if plans made at the Farm Bureau meeting Tuesday night are carried out.

W. W. Jones, the Denmark president, urged all those that had not requested a phone to do so and to procure the cooperation of all their neighbors. He pointed out that applications would be taken until the proposed lines are blue printed, which may be a week or so yet.

Mrs. H. H. Zetterow, Mrs. R. P. Miller and C. C. DeLoach were asked to procure a better stove of some kind for the lunch room by the April meeting. Herman Jones opened the Denmark meeting with invocation and a motion picture of a musical nature followed the oyster supper.

There were 14 families in the community that grouped their cattle for a TB and Bangs test.

Are you one of the guilty persons who are not careful of the persons who aren't careful of the fields, hunting or camping. Persons who aren't careful with fire in the woods, thus allowing forest fires to begin, rate the public enemy tag, because they wreck damage to their entire community.

Here is the February record of wild forest fires in Bulloch County. There were 35 forest fires in the county last month. These fires burned a total of 406 acres of forest land.

The largest of these fires came on February 27 when about 60 acres of pine reproduction belonging to Cap Mallard and the Country Club were lost. That fire and each of the others could have been prevented. The fact that they occurred, however, is proof that someone was loose in our woodlands and armed with a weapon which makes the forest an easy prey-fire.

Most of our Bulloch county citizens seem to be increasingly aware of the importance of keeping fire from their forests. Many landowners have shown their willingness to prevent fires by notifying the Forestry Unit headquarters when they plan to do a control burning. The present task of those who want to keep fire out of their

"Can't beat Dodge for dependability!"

NEW engineering advancements make traditional Dodge dependability GREATER VALUE THAN EVER

TRUE Dodge reputation for dependability and long car life is a matter of record... a record of 37 years... a record no other car can match.

And with the many new advancements engineered into the great '51 Dodge, this famous dependability has become an even bigger value, an even bigger dollar buy.

For example, new Oriflow Shock Absorbers smooth out the bumpiest roads to give you a level, more comfortable ride... smoother the jolts... reduce wear on vital chassis parts.

Cushions moving parts. Dodge Gyro-Matic, lowest priced automatic transmission, along with Fluid Drive makes handling easier and smoother for you. But equally important, Dodge Fluid Drive cushions the power thrusts from engine to rear wheels. Starts and stops are soft and smooth. Your car and your tires last longer.

Yes, everything about this great new Dodge—the way it looks, rides and handles—tells you that here's a car built to deliver years and miles of dependable, low-cost service.

5 minutes tells why. Give us just five minutes. Let us show you how you could pay up to \$1,000 more and still not get all the extra room, handling ease and rugged dependability of this great new 1951 Dodge.

Just a few dollars more than the lowest-priced cars!

OPEN LETTER

to PARENTS

OF MEN WHO SOON MAY ENTER SERVICE

If your son has passed his eighteenth birthday—or may soon become eighteen, he may expect to enter service in the Armed Forces of the United States... at sometime not too far in the future.

While he still has the privilege of choosing the service and type of activity he would prefer, may we suggest a visit to the nearest Marine Corps recruiting office.

This invitation is extended to you as parents. Come with your son or 'phone for an appointment. Or if you prefer, a Marine Corps recruiting officer will call on you in your own home.

Here Are Just a Few of the Benefits
The Marine Corps Offers

- Only in the Marine Corps can your son limit his enlistment to the "duration."
- Your son may enjoy the prestige of being a "Marine"—with the finest of proud tradition—with morale and standing sustained since 1775.

- Your son will have the finest training in the world. Marine Corps training facilities are unmatched for all-round, coordinated training for service in peace or war.
- Your son will be able to continue his education. He may continue high school and college courses through a special study program—or he may learn the trade of his choosing.
- Your son can enjoy a good paying job and security for life.
- Your son will have religious guidance and wholesome companionship.
- Your son will receive promotions and live an interesting life.
- Your son will receive the best of medical care.

We cannot guarantee absolute safety for your son. No one can do that today. But we can and will guarantee training, equipment and care which will increase his chances of retiring from service, safe and sound.

Visit the recruiting office nearest you, today. Bring your son. There's no obligation and no pressure will be brought to bear. You'll have plenty of time for a leisurely discussion—ask all the questions you want. But don't delay. Phone or see us today.

ALL'S FAIR

It is in a fog, a sort of mental fog, that I have written this column. I can't write, I can't think, I can't do anything but write. I borrow a few jokes now for slow folk. They're entitled Internal Revenue and all I hear is Harpo, the Marx brother, you know. Well, we'll quote from Carl Board so here we go:

"March fifteenth is almost here" said Groucho "and it's time to discuss our taxes." "Fine state," answered Chico. "My aunt and uncle live there." "No, no," corrected Groucho. "Not Texas." "Taxes. You know dollars—taxes." "That's a shore he lives," insisted Chico. "Dallas, Texas."

Have you heard this one? A desperate merchant enclosed a picture of his wife and 11 children with an overdue bill, nothing thereon. "This is why I must have my money," back came a letter from the delinquent with a picture of a raving blonde, explaining, "this is why I can't pay it." The others I omit because the typewriter ribbon blushed.

Mrs. Joe Watson had a birthday Saturday and she had a wonderful time. The celebration really began on Thursday.

Martha and George Johnston were married on Ella Watson's birthday, so often they celebrate these important dates together.

This year Martha and George planned to go out of town Saturday so Martha invited Mr. and Mrs. Watson to come to dinner Thursday. They had a lovely time.

On Friday Durward and Betty Watson came down from Athens with their children, Durward Jr., and Laura Lenter to spend the week end and help celebrate Ella's birthday. So with double parties, it was a very nice birthday for our good neighbor.

We want to salute newcomers, Mr. and Mrs. Jim Brady and child.

Pat and Mike. They live at 348 College Street. Mr. Brady is a representative of the International Harvester Company. I can't imagine why I think of St. Patrick's Day, shamrocks and shillalahs. We congratulate Donald Hackett on his article appearing in the Industrial and Vocational magazine. The article bears the title, "Industrial Art at Georgia Teachers College."

The lovely magnolia prints at Mrs. Bryant's Kitchen were painted by Betty Foy Sanders. A couple from Providence, R. I., were impressed with the lovely prints and inquired about the artist. This week Betty Sanders received an order for three magnolia paintings from Rhode Island. Betty was a guest of the Civic Garden Club Wednesday as they met at the home of Mrs. Waldo Floyd, with Mrs. J. P. Foy and Mrs. Loren Durden as co-hostesses. The gardeners enjoyed a private showing of their favorite flowers, both camellias and magnolias.

We caught a glimpse of Billy and Agnes Blitch as they ducked into the house out of the rain. Billy is a full-fledged pharmacist now, having served his internship and received his license. Young Dr. Kennedy and Agnes are living in Columbus where Billy has been employed ever since he got his diploma at the University of Georgia.

Miss Jackie Zetterower daughter of Mr. and Mrs. Willie Zetterower, reigned at the University campus as Queen of the March of Dimes. She was chosen from twenty-three girls competing for the honor.

We have learned that Margaret Helen and Phillip Booth named their daughter Margot. Dot Knight and her visitors, Misses Elizabeth Lisle and Maud Thornton, of Lexington, Ky., were among those from Statesboro who attended the tour of homes and places of interest in Savannah.

Little Frances Smith was eager to get Aunt (Emma Lee Trice) home from the hospital so she could be nurse, just like those at the hospital.

As ever,
JANE.

NOTICE — NOTICE

To All Delinquent Taxpayers

Of Bulloch County:

At a recent meeting of the Board of Commissioners of Roads and Revenues and School authorities, it was agreed to enforce collection of all delinquent taxes — state, school, and county—at once.

You are a delinquent taxpayer if you have not paid all your State and County taxes through the year 1950. Under our law, taxes are due and payable before all other debts. Preparations are being made for the collection of these taxes, if necessary, by way of levy and sale, or garnishment of salaries. If you are in doubt about your taxes being unpaid through the year 1950, by all means see Mrs. W. W. DeLoach, Tax Commissioner, located in the Bulloch County Courthouse.

These taxes must be cleared up immediately, if you are to avoid additional costs, which will be added when turned over to the levying officers.

This the 26th day of February, 1951.

It's In the Heart of Man

HE SAYS it like it should be said. If we should try to rewrite it we would fowl it up and put it in grown-up language and try to put crusading feeling in it.

It's a subject close to the hearts of many of our youth, and when they speak they should be heard. The letter came in last week's mail. It was written with a pen. The writer signed it and then scratched out his signature and made this explanation: "I don't think I should put my name on this." We can see his point. So, contrary to our policy of refusing to publish unsigned letters, we are using this one.

"Statesboro, Georgia, March 9, 1951."

"Dear Sir: I am just a schoolboy 14 years old, so maybe I don't have any right to write this letter, but I think I do."

"I like to hunt and fish as much as some of these grown men that call themselves sportsmen, maybe more so."

But, if things keep on as they are, what will be left for me to hunt or fish?

"A day or two after quail season closed I was in the barber shop when I heard some well-known and respected men from Statesboro talking about how smart they were by killing more than a legal limit of birds after the season closed."

"I don't respect them any more. These men would go into a store and steal something from the man that runs it, but they will go on in the field and take more than a legal limit of birds after the season closed."

"I don't respect them any more. These men would go into a store and steal something from the man that runs it, but they will go on in the field and take more than a legal limit of birds after the season closed."

The surest, simplest way for you to see exactly how and why you can save money on food bills is to compare TOTAL costs, TOTAL savings. A saving of a penny or two on one individual item has little effect on your bill for a month or even a week. But Colonial's policy of keeping prices low on ALL items ALL of the time means that you get MORE accumulated savings on each weekly bill, thus greater savings week in and week out.
